THE DAILY REVIEW

PROBABILITIES
Saturday— Warmer, local thunderstorms at night.

VOL. LVI., No. 156. PETERBOROUGH, ONT., CANADA, FRIDAY, JUNE 26, 1908 TEN CENTS PER WEEK

BOAT STRUCK ON THE ROCKS

Terrible Shipwreck on the Coast of Spain—Many Meet a Watery Grave.

Corunna, Spain, June 26.—There are 85 missing as the result of the sinking of the steamship Larache. The rescued number 65. The captain sank with the ship.

Most of the passengers on the Larache were residents of the Argentine Republic. The Larache was little more than an old tub, and she proved a veritable death trap when she struck on the rocks near Muros. She sank in a few minutes, leaving the passengers and crew struggling and screaming in the water. The small boats on the Larache were either smashed or capsized. There was a fleet of fishing boats in the neighborhood, and these rushed to the rescue, but the heavy fog prevailing seriously interferred with their work.

The fishermen succeeded in rescuing 61 persons. In addition to the captain, the ship's doctor and the first officer were drowned. The disaster occurred at 5 o'clock in the morning, and most of those who were saved are without clothing. It has been ascertained that the number of passengers and crew of the Larache totaled 150.

Sixty-five persons are known to have been saved, but the fate of the other 85 is not known, and is feared that most of them perished.

Alleged Murderer Freed.

New York, June 26.—Frank Monaco, a laborer, who was arrested in Indiana, charged with the murder of Julius T. Kosenheimer, a merchant, who was killed while waiting in the garden at Pelham on June 18, was yesterday discharged from custody. Monaco was arrested on the strength of a statement made by his wife, after Monaco had caused her arrest in Indiana, where she had gone with another man. The grand jury refused to indict Monaco.

BIRTHDAY HONORS ARE ANNOUNCED

Sir Charles Fitzpatrick is Made a Privy Councillor---Other Canadians Honored.

London, June 26.—In the Birthday honors announced yesterday Sir Charles Fitzpatrick is made a privy councillor.

Sir Charles Fitzpatrick is still comparatively a young man, born in 1853, and a native of Quebec City, and possessing a long record of legal and political achievement. As an Irish-Canadian, speaking both French and English fluently, he is especially representative of the Province of Quebec, the Legislature of which he entered as member for Quebec County in 1890. He speedily attracted notice as a rising Liberal, and in 1896 he was elected to the House of Commons. In February, 1902, he succeeded Hon. David Mills as Minister of Justice, and subsequently became chief justice. Sir Charles has had a wide legal experience, and was prominently known before 1885 when he defended Louis Riel.

He was married in May, 1879, to Corinne, daughter of the late Hon. R. E. Caron, ex-Lieutenant-Governor of Quebec.

Chief Justice Falconbridge of Toronto and Justice Taschereau of Montreal are made knights bachelor and W. F. King of Ottawa, Dominion astronomer, becomes a C.M.G.

Canada Not a Dump.

London, June 26.—(C.A.P.)—At the Intercolonial Missionary Conference discussing a pessimistic paper on the state of religion in New Zealand, Villiers of Ontario said that in his town of 20,000 people only 145, according to the religious census, did not belong to a religious denomination.

Rev. F. J. Day, superintendent of the Immigration Department, strongly resented the Dominion being made a repository for all the rascality of the Mother Country, and hinted at the possibility of Canada adopting stronger restrictive measures.

CIVIL SERVICE REFORM IS AGAIN TO FORE AT OTTAWA

Mr. Borden Condemns Patronage in Outside Service—New Commissioners Must be Independent if Their Work is to be Effectual, He says—Salaries of Deputy Ministers—Mr. Fisher Explains Features of Bill—The Marine Enquiry.

Ottawa, June 26.—Beginning next week, the House will sit on Saturdays till the end of the session. It is now expected the prorogation will take place about July 20. There will be no sitting on Dominion Day.

Mr. Fisher's civic service reform bill was discussed the greater part of yesterday. The Minister himself spoke nearly three hours, giving the history of reform in England and the United States, and then dealing with the principal features of his bill, which he had also explained on its introduction.

R. L. Borden spoke less than ten minutes in reply, expressing approval of any measure that would deal with the defects of the civil service. He had gone on record in favor of a system of competitive examinations, but there was nothing in the act to show what the nature of these examinations was to be.

Speaking of the independent commission to be appointed, Mr. Borden did not think that it was to be independent of Government control, inasmuch as it was proposed that the commissioners were to hold office during the pleasure of the Government. They were on the same footing as the deputy heads of Departments, who were expected to carry out the policy laid down by the Government. It would not be said that the Auditor-General occupied an independent position if he were subject to dismissal by the Government of the day.

As to outside service, every argument of Mr. Fisher for the purpose of showing that the party patronage was an evil was an argument against this bill, in so far as it did not include the outside service. The worst evil was the exercise of patronage, in the outside service. It was true that the Government had taken the power to include the outside service, but there had been nothing to show that it was the intention of the Government to exercise that power.

The provision for re-classification, Mr. Borden continued, would only result in stereotyping the system. A thorough reorganization was required. It was necessary to clean out the deadwood in Departments, and this could not be done till a system of superannuation was adopted.

Mr. Borden regretted that the recommendations of the commission respecting the inspection of Departments were not to be carried out, and he suggested that an amendment be introduced to that effect.

One thing more Mr. Borden proposed was the question of the participation of civil servants in election matters. A few years ago this Parliament had adopted unanimously a resolution presented by Mr. Lake on this subject, and Government should have made an effort to deal with it in this bill.

Mr. Fisher said the Government would have no objection to making the commission more independent if it were possible to do so. It was thought that the independence of a deputy minister was sufficient to safeguard the interests of the public. The commissioners would have the status of a deputy, and he had always found the deputies thoroughly independent.

Mr. Foster would take away the suspicion that the Minister was working with the commission.

The House went into committee on a resolution based on the bill. This was amended by making the salaries of all deputy ministers equal, viz., $5,000, and Mr. Fisher explained that a provision for special services could be made in the estimates each year.

Mr. Stewart did not approve of the proposal regarding extra remuneration for deputy ministers. If any differences were to be made it should be fixed in the statutes. It did not tend to the independence of the deputy minister to have his salary depend on the will of his chief.

Mr. Fielding suggested that there was a personal side. A newcomer might not be given as much as a deputy minister of long standing.

Without comment the resolution authorizing the salary increases in the civil service bill was introduced in the House yesterday morning by the Finance Minister and passed.

Mr. Telford of North Grey objected to a reference by Richard Blain to alleged improper conduct by the registrar in the North Grey bye-election. Then John G. Turiff, former land commissioner, and now member for East Assiniboia, characteried as "absolutely untrue," statements contained in a Foster speech and sent out to the country as campaign bait. These statements had to do with Turiff's conduct in the selling of timber.

R. L. Borden wanted to know what the Government was going to do to expedite the Marine enquiry.

Sir Wilfrid Laurier replied that he understood the judge would do nothing during the long vacation. As to the appointment of a deputy for the exchequer work, that would be done in the near future.

The Paterson bill for a 25 per cent. duty on repairs made to coasting vessels outside of Canada was put through committee

The House adjourned at 11.55, the 28th clause of the bill being reached. There are 48 clauses altogether, but Mr. Fisher said the Opposition had given him excellent assistance and he did not propose to go on. To-day the lands bill will again be taken up.

At the suggestion of Mr. Borden the Minister of Agriculture agreed to an amendment to put the commissioners on the same footing as the judges and the Auditor-General, holding office on good conduct and removeable only by a joint address of the Senate and House of Commons.

THIS CHILD WAS TWICE KIDNAPPED

Strange Experience of a Brockville Child---Husband and Wife Parted.

Kingston, June 26.—Twice kidnapped within the course of a week is the experience of Josie, the 3-year-old daughter of Mrs. Chloe Keller of Cleveland, formerly of Kingston. The husband and wife parted some time ago, and have been fighting for possession of the child. The girl was living with her mother in Cleveland, and last week was kidnapped by her father, and taken to Napanee. Mrs. Kellar went to Napanee and succeeded in getting the child in her custody. She hired a rig and drove to Kingston, arriving at an early hour and putting up at the hotel.

She said that she had to meet a friend at the G.T.R. station and left with the child, but did not return. A few hours afterwards the police were notified that she had gone to Kingston, and were asked to place her under arrest. The message came too late, however, as she had flown. Enquiry at the G.T.R. ticket office elicited the information that she had purchased a ticket for Buffalo.

"Junebug's" Flight.

Elmira, N.Y., June 26.—A special to The Star-Gazette from Hammondsport, N.Y., says:

The aeroplane Junebug yesterday morning made a most successful flight, going 2,175 feet in 41 seconds. This is twice the distance heretofore made by the machine. It was kept about 45 feet above the ground. A heavy wind blew during the trial, the airship going with the wind.

Urged a Direct Line.

Ottawa, June 26.—The Minister of Railways received yesterday an influential deputation of members and ex-members of Parliament and of the Provincial Legislature, who urged the granting of a Government subsidy of $3,200 a mile towards the construction of a direct line, 86 miles in length, between Ottawa and Brockville. The Minister made no definite promise.

THE MURDER ALL A MYTH

Revengeful Circus Man Blamed for Sensational Story---Cole Bros. Say Man Was Not Employee.

North Bay, Ont., June 26.—The sensational stories resulting from the inquest at Haileybury on the body of the man killed by the Cole Bros.' circus train, indicating murder, do not seem to be borne out by the facts. The circus management, interviewed yesterday, state that all their men are accounted for, and that the dead man was not an employe. They also state that nothing was heard of any one being run over until their circus reached Haileybury, and to say that the man was clubbed and thrown off is rubbish.

The men were all paid off on Saturday night as usual, and Cole Bros. say their circus is noted for its strict discipline and orderliness. Every employe carries a numbered identification check, and if the dead man had worked for the show this would have been found on him. No attempt has been made by the authorities to arrest any of the show people and their circus passed through last night en route for Pembroke, where they pitch their tents Friday. Two employes who were discharged at Haileybury are blamed for faking up yarns reflecting on the circus management in an effort to work up sympathy.

Louisiana Downs Prohibition.

Baton Rouge, La., June 26.—By a vote of 20 to 14 the Senate yesterday defeated the state referendum prohibition bill. This will probably end the fight for prohibition in Louisiana at this session.

A similar measure was recently defeated in the House.

Record Hailstones Fall.

Wingham, June 26.—Hailstones almost as large as baseballs fell in this district Tuesday. The terrific storm swept over the country, and is said to have done great damage to crops and fruit trees.

THE TROUBLE AT TEHERAN COSSACK IS NOW GOVERNOR

Shah Orders One House a Day to be Bombarded—Takes Revenge on His Enemies—State of Terror in Teheran—Will Hold New Elections.

Teheran, June 26.—Looting and disorder are not yet at an end in Teheran, and while the city was more quiet yesterday, further street encounters are expected before nightfall.

The Shah has appointed the Russian colonel of Cossacks to the position of Governor of Teheran.

The Shah has issued orders that one house belonging to persons opposed to him be bombarded each day.

The members of the European colony are indignant over the atrocities occurring before their eyes, although they themselves remain unharmed.

The Shah has given orders that the Chancellor of Parliament again be bombarded in demolishing the remains of the Parliamentary building proper. Many of the deputies took refuge at the British Legation.

It is now declared that 3,000 instead of 2,000 of the best known agitators have been hanged at the Shah's orders.

The bazaars are being kept open under compulsion, the authorities having issued strict orders to this end.

The Shah has ordered that new Parliamentary elections be held.

High born Persians are in constant fear that their houses may be destroyed and pillaged at any moment.

Tabriz, Persia, June 26.—The fighting between revolutionists and the adherents of the reactionary party, which commenced in this city Wednesday morning, lasted until daybreak yesterday. The revolutionists were defeated and driven from their principal positions. The losses on both sides reached 100 men in killed and wounded. Peace negotiations are now being carried on. The governor-general has left the city for Tiflis.

No Guarantee to Depositors.

Montreal, June 26.—The Bank of Montreal and other banks have not guaranteed the deposits of the St. Hyacinthe Bank, as published here yesterday. The Bank of Montreal simply opened a branch there to get what business there was.

The outlook yesterday is not so bright. When the assets are looked into it becomes apparent that the paid-up and subscribed capital is wiped out, and, even with the double liability, depositors may not receive quite all their deposits. The curator is P. H. Philire, the cashier and late manager.

Farmhouse Burned.

Tillsonburg, June 26.—A farmhouse in the Township of Middleton, a few miles east of Tillsonburg, was burned Wednesday afternoon with nearly all the contents. The house was owned and occupied by two men named Dempster and their wives, who came to this section a few months ago from northern Ontario. One of the women attempted to get out a trunk containing valuable papers, but when she reached the second floor she was overcome by smoke and fell, injuring her back. The house was worth $2,500 and was insured for $1,100.

Glad to See Spanish Boat.

Havana, June 26.—The schoolship Nautilus, the first Spanish naval vessel to enter a Cuban port since the relinquishment of Spanish sovereignty over the island, came into the harbor of Havana Wednesday and was hailed with enthusiastic expression of delight by the entire Spanish colony of the city, many thousands of Cubans joining in the demonstration.

Seized Dutch Mails.

London, June 26.—The Daily Telegraph's correspondent at The Hague learns that Holland has made a claim against Venezuela for redress for the seizure of Dutch ships and mails.

Baptists Favor Union.

Ottawa, June 26.—The Baptists of Ottawa yesterday passed a resolution favoring church union. The opinion of the meeting was strongly worded and passed by a good majority.

Insurgent Made King.

Tangier, June 26.—It is reported here that Mulai Hafid, the insurgent brother of Sultan Abd-el-Aziz, has been proclaimed Sultan of Morocco at Magador.

Madman Attacks Mayor.

Brantford, June 26.—Mayor Patterson of Paris was sitting in a Grand Trunk Railway coach between Lynden and Brantford when he was viciously attacked by Ernest Reinshagen of Scranton, bound for Brantford on a visit to his brother. Patterson was badly injured about the face and head by blows. He finally floored his antagonist, who, it is believed, is demented. Reinshagen in court yesterday, was remanded for examination as to his sanity.

Moulder Badly Burned.

Brockville, June 26.—Carrying a ladle of molten iron, a moulder named John Pask of the James Smart foundry, tripped and fell on the iron, which scattered in all directions on the floor. Pask's two hands and the right arm to the elbow were badly burned, to the bone in some places. The left hand was most seriously injured of the two, while a portion of his body also came into contact with the iron.

Both Were Drowned.

New York, June 26.—Overcome by the heat as he was sitting on the edge of the New York Central Railroad barge Edgewater in the East river last night, the captain of the barge Otto Aubert toppled over into the water. His screams brought his wife, Hannah, to the deck. She plunged into the river in a brave attempt to rescue him, but both were drowned. The bodies were not recovered.

Five Killed; Many Hurt.

Chicago, June 26.—Five are known to be dead and more than a score of persons were injured, several of them seriously, as the result of an explosion by fire in a five-storey building, the upper floors of which were used as a boarding house at 1,781 Huron street yesterday.

The explosion occurred in the plant of the Pabst Chemical Co., on the ground floor.

Two Tragedies in Kenora.

Kenora, June 26.—W. C. Cadawaller, a young man 19 years of age, was instantly killed at Barclay station on Wednesady night. He jumped from a work train, striking his head on an oil barrel, and was thrown under the wheels.

Little Lily Erickson, 4 years of age, was found drowned in a well near the Rat Portage Lumber Yards yesterday.

THESE PUPILS HAVE GONE UP A RUNG ON LIFE'S LADDER

Results of the June Examinations in Peterboro Public Schools.

COMPLETE RESULTS OUT TODAY

These Columns Will be Scanned Eagerly by the Children of the City—Many Have Passed the Examinations.

The results of the examinations in the Peterborough Public schools are published in to-day's Review. To the pupils who have been waiting anxiously for the returns, they will prove of much interest. The promotions in Lily Spicer, Fred Hooper, Sadie Mornames being in order of merit:

SOUTH CENTRAL.

Junior IV. to Senior IV.

Clare Arnott, Percy Hill, Viola Palmer, Florence Reid, George Stevenson Lily Spier, Fred Hooper, Sadie Morrison, Helen Henry, Edwin Hatton, Phyllis Curry, Madelene Morrison, Bella Shearer, Albert Dryland, Arthur Horfield, Wilfrid Stratton, Herbert Allen, Bruce McConnell, Stanley Creswell, Grace Edmondson, Ludlaw Anderson, Grant Latimer, Ethel Holt, Gladys Crowe, Phyllis Dawson and Everett Laing, Herbert Boyle, Walter Vass, Jennie Watt and Georgia Millar, Hazel Huffman, Ines Duncan, Nellie Mather.

Senior III. to Junior IV.

Elden Wegg, Joy Deeprose, Jessie Miller, Lloyd Stuart, Florence Adlam, Allie Clementi, Kathleen Moore, Dorothy Hanstone, Ella Derrick, Clari Pethick, Leonard Curtis, May Henry, Margery Hatton, Vernon Runnels, Hazel Richardson, Helen Lytle, Madeline Pearce, Norman Patterson, Myrtle Jackson, Roy Brown, Etta Hall, Frank Barrie, Edith Avery, Cecil Armstrong, Frank Jobbitt, Mucius Clementi, Clare Stuart, Cyril Devey, Edith Richardson, Vera Collinson.

Junior III. to Senior III.

Margaret Stevenson, Jean Robertson, Elsie Wise, Geraldine Hooper, Leta Scott, Roy Smyth, Stella Rae, Searle Haskill, Willie Wheeler, Roy Harmer, Allan McIlmoyle, Fred Rush, Reginald Stratton, Robena Cumming, Gertrude Rush, (Helen Methorel, Trusie Pearson, Carlyle Quinn, Orville Moore, Willie Crocker, Leslie Jewell, Sherman Preston, Grace Hillier, Herbert Webb, Roland Blanchard, Mamie Snider.

Senior II. to Junior III.

Herb Edwards, Mary Atkinson, Gladys Collinson, Willie Richardson, Alice Carter, Mary Barrie, Violet Wheeler, Mabel Christie, Mabel Evans James Pearson, Rollie Jervis, John Common, (Saddie Webb, Robert Buckland), Lillian Francis, Stanley Chambers, Harold Devey, John McGregor, (Whipple McIlmoyle, Bolton Walton) Romeyn Stevenson, (Gladys Duncan, Earl Edgar), Violet Jackson, Ella Reutson, Frank Huffman, Francis Buckland, Ethel Harper, Edgar Smith, Roy Law, Willie Lundy.

Junior II. to Senior II.

Ethel Morrison, Greta Giles, (Ruby Carr, Grace Yeats, equal); Grant Major, Hattie Pethick, Oscar Freeburn, Harold Bell, Keir Sturgeon, Vernon Lyle, Archie English, Alice Avery, Agnes Joyce, Wilfrid Miller, Albert Huffman, (Willie Read and Norman Green, equal); Myra Evans, Belford Dobbin, Doris Burnett, Weldon Fanning, Irene Scott, Allan Lord, John Simmons, (Lionel Barraclough and Lulu Jinks, equal); (Bessie Mather and May Shearer, equal); Norah Hatton, Joe White, Douglas Canniff, Harry Florence.

Sr. Part II. to Jr. II

Florence Rodman, Greta Lebarr, Gladys Russell, Bertram McWilliams, Edna Allin, Reginald Reid, Vincent Miller, Ross Titterson, Vera Stock, Frank Jackson, Wilfrid Wood, Vernon Friedly, Rosie Florence, Rosie Mongour, Susan Ruttan, Melville Armitage, Walter Wynn Gladys Dobbin, Bessie Rannett, Frank Montgomery.

Jr Part II to Sr Part II

Willie Leaman, Leon Webb, May Bell, Pearl McCarrell, Russell Evans, Willie Common, Willie Jarvais, Stewart Richardson, Frank Lundy, Clayton Emerson, Kenneth Stewart, Helen Brodie, Gordon Webb, George Midgley, Fred Walker.

Sr. Part I to Jr Part II

May Read, Mabel Penrose, Eddie Pethick, Lenore Lyle, Herman Whitcroft, May Smith, Tommy Webster, Cyril Flowers, Harold Nelson, Helen Laing, Frank Brittain, Pearl Armstrong, Leonard Adlam, Reggie Chambers, Willie Jackson, Archie Hoory, and Louis Low, equal, Doris Midgley, Lloyd Richardson, Fred Gandy, Percy Adlam, May Schweier, Ruth Evans, Leonard Jobe, Rosie Carter, Doris Wood, Wilfrid Fuller.

Jr. Part I to Sr Part I

Cheaney Coates, Russell Ruttan, Marguerite Fanning, Ethel Scates, Allan Stevenson, Arnold Parrington, Raymond Pogue, Gordon Pearson, Harry Robertson, May Nicholls, Sidney Shaw, Gladys Sheppard

Sr Pt. I to Jr Pt II

Lloyd Gillespie, Fred Brooks, Annie Christie, Elsie Northcotte, Ferris Wegg, Herbert Young, Ernest Bushnell.

Sr Pt. I to Sr Pt II

Eddie Firth, Maxwell Kennedy.

Jr Pt I to Sr Pt I

Annie Cook, Frank Fuller, Herbert Martin, Myrtle Miller, Arletta Freeburn, Jack Bell, Cora Morrison, Clifton Nixon, Clarence Dicks, Ralph Turner, Clair Scott, Clarice Dicks, Hazel Derrick, Jean Shearer, Georgie Clementi, Robin Runnett, Roy Adlam, George Brittain, Anna Russell, Grace Allin.

PARK STREET.

Jr. III to Sen III

Gordon Hicks, Wilfrid Derry, Margaret Neill, Edna Maley, Harold Parker, Garfield Torrance, Howard Crowe Hazel Barten, Harold Long, Marion Goodfellow, Helen Stapleton, Hilda Card, Harvey Mallory, Sadie Wilson, Kenneth Brown.

Sr. II to Jr. III.

Cecil Richardson, Olive Conway, Wilbert Frise, Madelon Parker, Elmer Johnston, Mary McConnell, Mabel Hamilton, Willie Hardwick, Gladys Williams, Mildred McNern, Sam Mills, Willie McGee, Elva Raper.

Jr. to Sr. II.

Florrie Card, Louisa Robson, Donald Robertson, Hazel Crowe, Irwin Marks, Daisy Stocker, Howard Prophet, Eva Tremain, Alfred Austin, Gordon Dunnett, Meta Richardson, George Green.

Sr. Part II to Jr. II.

Hugh Austin, Fred Gray, Herbert M'Clellan, Gordon Henry, Walter Mebarry, Lena Butcher, Ethel Morrison, Lorne Conway, Mazie Cunningham, Robert Neill, Harry Cobb, Arthur Rumaw, Edna Page.

Jr. Part II. to Sr. Part II.

Jack Green, George Conover, Gordon Hill, Ella Jenkinson, Reginald Brown, Norman Brown, Sean Anderson, Morgan Cottingham, Bessie Hardwick, Agnes Esson, Stewart Henry, Charles Schwerdt, Cecil Derry, May Williams, Karl Walmsley, Florence Robertson.

Sr. Part I to Jr. Part II.

Amos Conway, Charles Gardner, Willie Parsons, Edythe Kerr, Harry Gregory, Richard Webb, Howard Frise, Marjorie Cunningham, Joe Batten and Betty Mowat (equal); Beatrice Gray, Albert Deeprose, Alex Stuart, Clifton Prophet, Leta Gray Richard McNern, Edna Bingham.

Jr. Part I. to Sr. Part I.

Robena Hardwick, Marjorie Stenton, James Pogue, Garnet Cuthcroe, Jack Thornbeck, Allen McIntosh, Frank McConnell, Harry Grey, Fred Green, Annie Spencely, Cora Windover, Weaver Armstrong, Annie Jenkinson, May Dunnett, Lillian Derry.

KING EDWARD.

Senior Third to Fourth.

Verda Watt, Hazel Gillespie, William Taylor, Norman Killingbeck, Florence Emerson, Harry Evans, Jessie Holt, Verna Lee, James Reid, Harold Hatcher, Mina Throop, Grace Naylor, Mervin Lee, Keturah Hall, Norman Drake.

Junior Third to Senior Third.

Junior Third to Intermediate Third.

Helena Wood, Clayton Martin, Cora Peters, Ethel Storm, Verna Barber, Stanley Scott, Albert Lightheart, Netta McIntyre, Edna Thomson, Gertrude Killingbeck, Gordon Anderson, James Davis, Christina Sherwood,

Continued on page 2.

NEW BRICK BUILDING TO BE ERECTED ON CHARLOTTE ST.

On Property Just East of Bethume St. Formerly Occupied by Mandall Bros.—Old Sheds Being Torn Down Today—Property About to be Sold.

Negotiations, it is understood, are under way for the erection of a large brick building on the property immediately east of Bethune street on the north side of Charlotte street. The property is at present owned by Mr. M. Crron, Ashburnham, but it is said that a transaction is about to be closed whereby it will pass into new hands, and a building suitable for a wholesale business will be put up.

The old sheds that were formerly occupied by Mandall Bros., junk dealers, are being torn down today. It will be remembered that they were partially burned last winter and since then have been an eyesore on the street. The sheds at the rear are to be moved across to the east side of the track, thus making ample room for a large building.

The site is an ideal one for a wholesale business, it being situated so close to the railway that it would be most suitable for shipping.

LIVERYMAN SAYS JUNE HAS BEEN QUIET FOR WEDDINGS

June the month of brides and roses, has been a poor one for the former, this year, as far as the number is concerned. A well known liveryman informed a Review reporter this morning that he could not remember such a quiet June as they had experienced this year. The same seems to be the story of all the hack men in Peterborough, there being a great falling off in the number of weddings taking place this month as compared with the corresponding one of 1907.

"This should be our busiest month' said the liveryman "and instead of that it has been our quietest."

Winnipeg Fights Vice.

Winnipeg, June 26.—The most important step that will be taken in the near future towards the stamping out of the social evil will be the summoning to court of all property owners who have rented their premises to disorderly women.

The climax of the campaign against the evil was reached yesterday when many representatives of the demimonde appeared in the Police Court and pleaded guilty. They were all given a short time to leave the city.

Chatham Barn Burns.

Chatham, June 26.—The large frame barn adjacent to the Aberdeen Hotel owned by Calixe Bechard was burned with all its contents. The loss will amount to $2,000.

Seven tons of hay, a driving buggy, harness and a number of valuable fowl were destroyed by the blaze. Bechard's speedy driver was so badly burned that it is thought that it will die.

Arrested on Wedding Day.

Ottawa, June 26.—Alexis Groulx of Hull was arrested on a charge of forgery. He was on the point of marrying a girl who was living at the St. Louis Hotel.

The man offered to pay the board bill by a note which was forged. The woman and her trousseau were put out of the hotel and the man was discovered to be already married.

Farmers Are Big Guns.

London, June 26.—(C. A. P.)—The list of Scottish farmers who are going to the Dominion of Canada in August for a seven weeks' tour in response to an invitation of the Canadian Government is an influential one. It includes Sir J. Sinclair, cousin of the Scottish secretary.

Boys Unearth Skeleton.

Chatham, June 26.—The skull and a number of the bones of a human being were found by boys in the sand on the bank of the Thames at a point near the waterworks. The skeleton is thought to be that of a man named Vogler, drowned a few years ago.

Have They Resigned

London, June 26.—There was a rumor Wednesday night that the resignations of Lord Tweedmouth, President of the Council, and Lord Loreburn, Lord High Chancellor, were imminent, and that Mr. Haldane, Secretary for War, and Winston Churchill, President of the Board of Trade, would be appointed Lord Chancellor and Secretary of War respectively.

To Bottle the North Sea.

London, June 26.—The Daily Express announces that the Admiralty has decided next year to organise new divisions of the fleet, to be stationed off North Scotland, with a view to guarding the northern entrance, thus bottling up the North Sea.

Three Years For Killing.

Montreal, June 26.—In King's Bench yesterday eight sentences totaled 40 years.

One Calderone got three years for killing an Italian, while another, Charlebois, got seven years for wounding a Chinaman.

Played With Matches.

Windsor, June 26.—Grace Gemmel, the six-year-old daughter of Thomas Gemmel of Walkerville, succumbed yesterday to frightful burns, which she received while playing with matches.

Clown's Terrible Suicide.

Columbus, Ohio, June 26.—Charles Rench, aged 48, for years a well-known circus clown, committed suicide Wednesday by burning. He piled papers on the floor of his room and applied a match.

Big Warehouse Burned.

Philadelphia, June 26.—The large abattoir and adjoining beef warehouse owned by D. B. Martin & Co., were destroyed by fire yesterday. The loss is placed at $150,000.

A cyclone swept Arran township in Bruce county, cutting a swath [illegible] feet wide.

A PLEASING STRIDE

"One of the 14"

Some women walk heavily and clumsily, while others have the pace of an "ambling nymph."

An unpleasing carriage may be due to many causes, but chiefly to awkward shoes.

This is why Dolly Vardens give "A Pleasing Stride."

Their narrow construction and newly devised steel arch support hold the foot at every point with gentle firmness. You can't walk pleasingly in loose harness.

Their Free Flat Tread guarantees that every step will come down "sure and firm set."

Their Dead Level Ball and Heel Balance throws the body into vertical athletic erectness.

Their Harmless High Heels and narrowness give a fascination to the stepping foot when viewed from the back.

Their Arbocrede Arch gives the steps smartness when viewed from the side or at right angles.

Their New Steel Arch Support and Dead Level Ball and Heel Balance strengthen the ankles by properly exercising the ankle muscles. Strong ankles are essential to pleasing carriage.

Being fatigue reducing the wearer won't tire; walks more and becomes more expert.

Purchasers or investigators equally welcome. $4.00 to $5.00 in Canada and the States. Every pair Goodyear welted.

THE DOLLY VARDEN SHOE

BOSTON The Shoe of Fourteen New Features MONTREAL

A. W. CRESSMAN, 385-387 George St., Peterborough, Ont

The Daily Review

FRIDAY, JUNE 26, 1908.

THE PRESENT SLUMP.

It is said that times are worse to-day in Canada than at any period since 1878, and unless the whole attitude of the government towards industry and finance is speedily changed we are in for a soaking. Unwarranted optimism has already been carried to too great lengths. Instead of providing for the continued prosperity of a young and rapidly expanding country like Canada, we have been allowed to get tied up just as if we were an old, worn-out German duchy. The whole time of the Liberal regime has been devoted to the patronage list. Many are fattening at the public trough. But meanwhile the industries of the country are languishing through the extraordinary mal-administration of our finances. It is said that our banks, etc., have not enough capital to meet the needs of Canada. Therefore we must languish like any little business house that has got beyond its depth. Surely the most uncompromising government must admit the alarming condition of business affairs in Canada, both public and private. The continued unveiling of scandals must not be allowed to take the nation's eye off a still more serious thing, the insufficiency of our means of carrying on business. Like beasts of burden, our taxpayers work on as if it were the law of destiny. As a matter of fact a capable and far-seeing government, just as in the case of Mr. Whitney's administration, could put matters to rights in a short time. Morally, financially and politically the fall-down at Ottawa is monumental, and unless a change speedily takes place next winter will be indeed a hard one.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

COMPARISON OF PRICES UNDER FREE TRADE AND PROTECTION

The "Preference" Analysed—A Relapse into Partial Free Trade—The Gradual Undermining of Our Industries—Revision of Tariff Needed—The Future of Canada in Danger.

The free traders' argument that protection should be abandoned because it increases the cost of the product to the consumers is not a true statement of the case. We often hear the story of the good old times when a dollar would buy so much more than it does in these days of protection tariffs. That is another myth. Let us take a look at what tariff revision has done for Canada in the manufacture of woolen goods alone. Since 1898, when the preferential tariff came into effect 85 per cent of the woolen goods—men's wear and dress—comes from abroad, resulting in the failure or liquidation of 110 woolen mills in Canada; and today there are only 5 mills in Canada of any importance. These few mills are barely able to exist and another turn of the free trade screw would end the woolen business in Canada. The Peterborough Review puts the story of the woolen trade in a brief item.

"The preference tariff revision in favor of Great Britain must be done away with. Business is at a standstill. Commercial travellers find no demand for goods. It will be well if we can wait till the general elections arrive. The recrudescence of time-worn theories must cease."

Under the National Policy Canada has emerged from the woods, to use a popular phrase, and has become a great manufacturing country, considering territory and population. It not only manufactures for the home market, but each year is reaching out for the trade of other countries. Without the protection tariff there would be hardly a wheel whirling, for the larger capital and immense machinery and plant of other countries would put this country in the shade. Compare Hamilton to-day with its nearly three hundred factories and the army of 12,000 employed at good wages, with the Hamilton of 50 years ago, with its less than 70 workshops and factories, and all about as near one-horse affairs as it was possible to make them. Who would want to go back to those glorious days of free trade when the best class of mechanics thought themselves fortunate if they earned $10 or $12 a week, while the majority of workmen averaged less than $6 a week. The intelligent workingmen of Hamilton are not hankering for a period of free trade; and indeed some of them would be satisfied with a little less preferential tariff. Canada has the raw material in abundance and it has the skilled workmen to turn it into the necessaries of life — then why should all these advantages be thrown away to build up other countries at the expense of Canada? Millions of pounds of wool are raised each year in Canada; but it has to be sold in a foreign market as raw material because the tariff gives the woollen trade away and closes down the Canadian woollen mills.

A comparison of the prices in the good old free trade days with what people have to pay now for the same class of goods might be interesting reading, especially for the farmer who has got the idea that protection does not help him. Below we give a table of prices for 1860 and 1908, which has been prepared by a trade paper in the United States, which will apply equally as well to Canada, for any man can verify the prices of to-day. Compare the wages the workingman received for his labor in 1860, when free trade was the policy of Canada and the United States, with the wages that are being paid to-day in Hamilton, and then look down the list of articles and see how much can be bought to-day for a dollar. Take the matter of fruit cans alone and see the difference. In 1860 they were sold at $3 a dozen. To-day the Norton Manufacturing Company of this city manufactures the best class of fruit cans at 18 cents a dozen. In 1860 granulated sugar was worth 19 cents a pound; now you can get 20 pounds for a dollar. The common people did not use much granulated sugar in 1860; they were glad to get brown sugar at 16 cents a pound. The farmers will be specially interested in noting the difference in the price they had to pay in 1860, and compare it with what they pay for a better article to-day. The following table will furnish thoughtful and intelligent men something to think about and facts on which to discuss the difference between free trade and protection tariffs;

Joseph Wilson, for 23 years caretaker of Lindsay's market, is dead.

THE FIRE BRIGADE.

"Old Resident" seems to be of opinion that the Review's comments upon the present state of the Fire Brigade question are not fair or of a grateful character. "Old Resident" is mistaken. We very plainly said in the course of our remarks a few days previous to the editorial referred to, that the Fire Brigade question had got into a tangle. This was true. Then the fire underwriters' report, which followed the Cereal Co. fire, was very severe and critical. After this the Council acted, and acted promptly. It was to this state of affairs that we particularly referred. Now, then, as to a comparison between a brigade half volunteer and one fully paid. We have time and again seen serious delays in notifying and picking up outside or volunteer firemen. It was not their fault, but of a system which, while it worked well, and, we must add, luckily under Chief Rutherford, was nevertheless not equal in efficiency to what a fully paid brigade would have been under the same chief or any one else. As to ingratitude we regard it as a vice, and a mean one. It is sharper than a serpent's tooth. We hereby testify to the energy, ability and self-sacrifice of Chief Rutherford and his firemen. We suppose, however, that the Underwriters' Association knew what it was talking about when it recommended an advance. To the old brigade, as to a still older one of tender memories, we bid a grateful adieu, and upon the new one we shall, as our correspondent suggests, keep a critical eye. Tempora mutantur et nos mutamur cum illis.

EDITORIAL NOTES.

A child of Hungarian parents has been christened Olio Margarine. So quickly does our foreign population catch up with the times.

The Taft family is getting into the limelight and their virtues are being exposed to the public eye. That is by Republican party papers. The Democratic press thinks differently.

A new order, in which the men are all dukes or more, and the ladies duchesses or queens is playing hob with the democratic leanings of our people. It is worse than the 6-5 clause.

MI-O-NA MEANS STOMACH COMFORT

Its of Special Value to Many Here in Peterborough

A notable discovery and one that appeals especially to many people in Peterborough, is the combination of stomach helps in the Mi-o-na treatment. This preparation works wonders in case of indigestion or weak stomach.

It acts directly upon the walls of the stomach and bowels, strengthening and stimulating them so that they readily take care of the food that is eaten without distress or suffering.

So positive are the good effects following the use of Mi-o-na that the remedy is sold by W. Madill, druggist, corner George and Hunter streets, Peterborough, under an absolute guarantee to refund the money if it fails to cure. A 50 cent box of Mi-o-na will do the good the stomach needs, which is simply to make it do its own good work.

DAILY REVIEW AT STONY LAKE

Will Be Delivered to Subscribers Same Day as it is Published.

Send in Changes of Address—Take the Review with You on Your Holiday.

Arrangements have been completed whereby the Daily Review will be delivered to summer resorters at Stony Lake on the same day as it is published. The papers will reach Lakefield in time to catch the evening boat for the lakes and will be in the hands of subscribers on the evening of the day they are published.

Subscribers of the Review who are going to the lakes or to any summer resort can have the Review follow them by notifying this office of the change in their address. Drop a card or telephone 189, giving the old and the new address and the change will be promptly made.

Persons who are not already subscribers to the Review can have the paper sent to them for thirty cents per month.

Take the Review with you on your holidays. It will keep you in touch with what is going on in the city in particular, and the outside world in general. Do not isolate yourself completely. Keep yourself posted on what is happening in the city. Get the Daily Review.

Col. Hendrick, U.S. Consul at Belleville will be banqueted by the citizens before leaving for Moncton.

Sir Frederick Borden is at the Goderich camp.

Wood's Phosphodine, The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

REVIEW WANT ADVTS.

The Review want advertisements are read by thousands, for people want what they want when they want it.

If you need help,—Servants, hands, or workmen, try the Review want ad columns. If you have anything to sell, from a pickaxe to an Auto, use the Review want ad columns.

If you have lost anything try a want ad in the Review and almost certainly you will recover the lost article. If you want an owner for anything found a Review want ad will bring the owner to light.

RATES FOR REVIEW WANT ADVTS.

One insertion — 25 cts.
Three insertions — 50 cts.
Six insertions — 80 cts.
Ten insertions — $100

Never mind counting the words. Say what you have to say, describe what you want to describe fully, so that the advertisement will be of service. We don't count words, we want you to get the benefit of the advertisement.

The Doctor Writes of Counterfeiters.

Hyannis, Mass., Aug. 17, 1905.

CHAS. H. FLETCHER, New York City.

Dear Mr. Fletcher:—I wish to congratulate you on your numerous victories over counterfeiters and imitators of Castoria, and trust the time is not far distant when these inferior and dangerous mixtures will be entirely suppressed.

You are right when you say in your advertisements that it is "Experience against Experiment."

I feel it to be an outrage, and an imposition upon the parents of little children that my name should be associated with imitations of Castoria, dangerous to the health and life of these little ones who too often fight their battles for life in vain.

Let me again commend you for the high standard you have maintained in the preparation of my prescription, and I confidently believe it is due to this scrupulous integrity you are indebted for the wonderful sale of Castoria to-day, and the steady growth it has had since I gave you the details of its manufacture in my laboratory thirty-three years ago.

Samuel Pitcher M.D.

Letters from Prominent Druggists addressed to Chas. H. Fletcher.

Mansur Drug Co., of St. Paul, Minn., says: "We are not in the habit of recommending proprietary medicines, but we never hesitate to say a good word for Castoria. It is a medical success."

Hegeman & Co., of New York City, N. Y. say: "We can say for your Castoria that it is one of the best selling preparations in our stores. That is conclusive evidence that it is satisfactory to the users."

Myers-Dillon Drug Co., of Omaha, Nebr., says: "Your Castoria is one of the best sellers we have. We cheerfully recommend it to our trade voluntarily at all times, and will testify to its merits at any and all times."

Weber Drug Co., of Indianapolis, Ind., says: "Fletcher's Castoria is an article for which there is no substitute. It is undoubtedly one of the most popular articles on the market to-day and our customers for it are numbered by the hundreds."

Parrish & Bailey Pharmacy, of Los Angeles, Cal., says: "During an experience of over 30 years in the retail drug business we have never found a proprietary remedy that has had such a large sale or given such universal satisfaction as your Castoria."

Thos. Metcalf Co., of Boston, Mass., says: "We have handled Fletcher's Castoria for years and consider it one of the best preparations made. Our sales are continually increasing and everyone of our customers have nothing but praise for Fletcher's Castoria."

W. H. Chapman, of Montreal, Que., says: "I have sold Fletcher's Castoria for many years and have yet to hear of one word other than praise of its virtues. I look upon your preparation as one of the few so called patent medicines having merit and unhesitatingly recommend it as a safe household remedy."

Wholesale Druggists, Toledo, O

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c. per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

American Nets Seized.

Windsor, Ont., June 26.—The tug, Edna Ivy, chartered by the Fish and Game Department of the Ontario Government, has made her first seizure in Lake St. Claire. About 140 yards of gill nets, belonging to Americans, were taken.

Boy Kills Little Sister.

Wingham, June 26.—A sad accident occurred at St. Augustine in the Township of West Wawanosh when the 10-year-old son of Mr. and Mrs. Fred Moss shot and killed his little sister, aged 4 years. The two had been playing out near the barn and got hold of an old gun.

The first intimation the parents received was when the boy appeared at the house with the lifeless body of his little sister in his arms. He told them that she had fallen on a manure fork and the parents of course accepted his word. A doctor was summoned, who found grains of shot in the body, which proves that the boy's story was untrue. It is not known whether the affair was accidental or intentional.

The mother of the child is so prostrated with grief that she has not been made aware of the facts.

Survives 12,000 Volts.

Welland, June 26.—After having 12,000 volts pass through his body John H Valley, formerly of Fonthill, lives to tell the story. His entire back and left arm are skinned and his long moustache has been completely burned off. There are large burns on his feet where the current passed in, and his clothes are ripped to shreds. The doctors, however, hold out every hope for his recovery.

Valley has been acting as craneman on the big hoist at the Ontario Steel and Iron Works. A fuse blew out Wednesday in the transforming room, and while helping the engineer Valley stepped on the wire. In an instant he was a sheet of flame and was thrown violently to the ground. Only the dampness of his clothes saved him from instant death.

BRICKLAYERS TO HOLD EXCURSION

Meeting of Union Was Held Last Evening—Arrangements Made.

A meeting of the bricklayers and stonemasons of the city was held last evening when further arrangements were made for the annual excursion of the union. It will be held on July 4th to Idyl Wyld. The palatial steamer "Otonabee" has been chartered for the occasion and everything is being done to make the day an enjoyable one for all who attend.

THE INSPECTOR WAS AFTER THEM

A party of nine Americans arrived in town this morning and commenced their journey by canoe up to the upper waters, presumably for the purpose of angling. According to the fishing notice, non-residents of the Province of Ontario who angle without a special permit, which they did not have, are liable to have their fish and rods confiscated. Inspector Bradshaw, as usual, had his weather eye open for such an irregularity, and although the party assured him they were merely out for a good time, the Inspector wired to Fenelon Falls to be on the lookout for any suspicious occurrence on the part of the young men in question.—Lindsay Post.

See MacPherson's North Window for Bargains. Roast Pans 15c, Long Handled Dustpans 20c. We sell the New Perfection Blue Flame Oil Stove.

HOPES 57TH WILL SEND COMPANY

Col. Gordon Says That Militia Dept. Have Acted in Wisest Manner.

Col. Gordon after his inspection of the regiment last night stated that he hoped the 57th would send a good company to Quebec to take part in the demonstration there and remarked that any of those that she had seen drilling last night would be worthy of representing the city.

"The Militia department have acted wisely," he said to the Review,' owing to the difficulty of transportation it was found that only a limited number could go and under the circumstances the problem was solved in the best manner possible."

HOME AFTER A 3-YEARS' ABSENCE

Mr. Gordon Stark, formerly in the employ of Messrs. Lang & Maher, of this city, has returned after a three years' absence in Colorado, and is the guest of his parents in Otonabee township. He went from here to Montrose, Cal., and for some time has been attending college at Colorado Springs, where he has been taking a course in engineering.

He will remain there till about the first of September, when he will return to resume his studies.

INVENTION OF A LINDSAY MAN

Mr Eli Williamson, photographer, has invented an apparatus to hold a baby while being photographed. It is the most complete and the only thing ever invented that holds a baby upstraight that cannot sit alone. It will also hold a baby standing and prevent it from sitting down before its picture is taken. This has been a life-long want among photographers to have some device to do away with propping the little ones up in cushions or having some person hold them from behind the chair. This does away with all such bother. The photographer simply places the baby in the rigging and it cannot fall or get out of position It will pay for itself in a short time by saving plates as one sitting will be enough. The invention is neat and nice, all nickle plated and Mr Williamson is getting out a patent for it and should be able to place one in every photograph gallery in Ontario. It will not be expensive, hence every photographer should secure one as soon as they are put on the market.—Lindsay Warder.

OBITUARY

INTERRED AT LINDSAY.

The funeral of Mrs. John Flavelle took place this afternoon from the residence of her son, Mr. J. D. Flavelle, Bond street, to Riverside cemetery. The funeral was attended by a large number of relatives and friends of the deceased lady, many of them coming from outside towns and cities.

The funeral ceremony at the house, which was a very impressive one, was conducted by the Rev. Dr. Bishop and Rev. Mr. Henderson, of Port Hope. Rev. Mr. Shorey assisted.

The funeral cortege was a very lengthy one. The pall-bearers were Messrs. C. Flavelle, A. Flavelle, J. D. Flavelle, W. Flavelle, Milner and J. W. Flavelle, of Toronto.

There were very few flowers, that being the wish of the friends of the deceased.

As the funeral passed along Kent street, the business men closed their doors and lowered their blinds in respect to the deceased lady.—Lindsay Free Press.

JULY AND AUGUST EARLY CLOSING

The following dry goods, clothing, gents' furnishings and millinery establishments will close their places of business each Thursday during July and August at one o'clock, commencing with Thursday, July 9th, and continuing to and including Thursday, August 27th:

THE SHUBERTS WONT GET CONTROL OF A. J. SMALL'S INTERESTS IN CANADA

The stories that have been circulating about the Shuberts getting control of any part of the Canadian theatrical circuit is without foundation. Mr A. J Small's representative was in the city yesterday and informed the Review that Mr Small had already booked attractions for next season that will be the strongest ever presented in Canada and that no negotiations had been or would be carried through for the Shuberts getting control of any of the theatres in the Small circuit.

Mr. Small's interests are very extensive and he has two theatres in Toronto, one in Hamilton, one in St Thomas, one in Kingston and will build a magnificent $75,000 Opera House in Brantford next to the Kirby House, to replace the one that was burned down in the Telephone City.

Mr Small's representative said that next season a splendid list of plays would be given Mr Turner, the manager of the Grand Opera House in this city. There will not be so much difficulty in bringing first class productions from the States as there has been during the past year.

THE SANDFORD FLEMING PARK A PROPOSITION IS SUBMITTED

The following item from the Halifax Echo of June 23rd will be of local interest:

A number of prominent citizens, including Lieut.-Gov. Fraser, Premier Murray, Mayor Crosby, Sir Malachy Bowes Daly, G. S. Campbell, Hector McInnes, City Solicitor Bell, met Sir Sandford to give the city a park at the Dingle property, N. W. Arm. Sir Sandford was accompanied by his solicitor, Mr. Hall, city solicitor of Peterborough, Ont.

Mr. Hall read two letters in which Sir Sandford's desire to present the park was set out at length and the importance of the Responsible Government establishment (1758) anniversary referred to also the suggestion that a tower to commemorate the celebration, as well as the birth of Joe Howe near the Arm and other happenings of provincial importance be built by the city on the property the tower to be about 25 feet square and about 100 feet in height. A sketch of such a tower was submitted It was estimated the tower would cost about $20,000. Sir Sandford proposed to give at present for the park about 80 acres of his three hundred acre property, being the southern portion of it, and he will give a right of way through the remainder when the tram line is extended to the Arm bridge.

The Mayor acted as chairman of the meeting and Mr. Bell as secretary Messrs. Hall and Bell were appointed a committee to draw up a resolution on the matter to be submitted to the City Council.

IMPORTANT TO LADIES

It is not often an opportunity occurs at your door to see the latest Parisian and New York styles in Hair Goods, yet such is the case, as Prof. Dorenwend of Toronto, is visiting this town and invites your inspection of these goods at his private apartments ments reserved at the hotel.

These Hair Goods styles, when properly adjusted protect and ornament the head, soften and beautify the expression of the face, and consequently tone up an aged appearance. Be sure sure and see them at the Oriental

ST. JOHN'S CHOIR PLEASANT OUTING

Held Yesterday on Steamer "Water Lily" to Burleigh Falls.

St. John's choristers, with their friends, numbering about eighty, spent a joyous day under ideal weather conditions on the steamer Water Lily yesterday, chartered for their use by the churchwardens, Messrs. Jos. Mills and C. H. J. Mitchell. Starting at 8.30 a.m. the party proceeded to Burleigh and Stony Lake via the Lift Lock and Lakefield. They dined at the Park Hotel, Burleigh. After races and other amusements, the steamer sailed among the islands, tea being served on board by Coleman Bros., whose catering was very satisfactory.

Mr. H. Long brought along a donation of ice cream and apples for the whole crowd, and presents for the races were kindly given by Messrs. W. E. Conway, Macfarlane Wilson, H. W. Morphet, R. J. Devey, J. R. Bell, A. H. Stratton, F. Linton, H. Pocock(?), A. A. Hollingshead.

Mr. H. W. Morphet and Mr. R. J. Devey made all the arrangements for the outing, which proved a most happy event, all present having a most enjoyable time.

DIVISION COURT WAS HELD TODAY

Seventeen Cases Before Judge Weller This Morning.

Division Court was held this morning before his Honor Judge Weller, when seventeen cases were dealt with. They were the usual class of cases, such as the collecting of accounts. There was nothing out of the ordinary routine in the proceedings this morning.

Rev. Father McColl is expected home from his trip to the Old Country about the first of August. Letters received from him state that he has had a most enjoyable and profitable time and that his health has been greatly improved.

CHILD RAN AWAY FROM A WOMAN

Who was Adopting Her from the Shelter.

Society are having troubles of their own these days. They are at a loss to know what to do with the Longdo children, who have been the source of such great annoyance. Mr. and Mrs. Henry have to carefully watch them. Just recently one of them was given to a woman, who was going to take her out to her farm. The woman got her as far as the Munro House, but while she had her back turned, the child escaped.

CITY NEWS NOTES

E. McGuire on Sunday.

TO RETURN WEST AFTER VACATION

Mr. V. Ferguson Leaves for Lemberg Tomorrow--Messrs. Hall and Butcher Going to Western Canada.

Mr. O. Ferguson, manager of the Union Bank, Lemberg, Sask., returns to take up his duties in that town after a two weeks' visit with his mother, Mrs. Bruce Ferguson. He will be accompanied by Messrs. Llewellyn Hall and Chas. Butcher. The former will go as far as Vancouver, B.C., where he will visit his sister, Mrs. Burns, and do some big game hunting in the coast province. Mr. Hall will probably be away some months. Mr. Butcher will go as far as a small town near Edmonton and is taking the trip west for his health.

Mr. Ferguson, in speaking of the west, said the prospects were most encouraging and an abundance of wheat and money was anticipated at harvest time. The money stringency which has been practically universal, has been pretty severely felt in the west, but would be relieved if the harvest is as good as it at present give indications of being.

STRAWBERRY FESTIVAL At Gilmour Memorial Church on Thursday evening next. Band in attendance. Good programme. Admission, including refreshments, 25c. dt

BAND CONCERT AT PARK TONIGHT

Good Program will be Given by 57th Band at Victoria Park.

By kind permission of Lt.-Colonel Stevenson and officers commanding, the band of the 57th regiment will render its regular weekly concert in Victoria Park to-night.

The programme will be an entertaining one, one of the numbers, "Voyage in a Troopship," having many interesting descriptive parts.

The selection portrays the life on board a man-o'-war from Portsmouth to India, including many incidents in the life of a Jack tar. During the playing of the piece a storm scene is dramatically depicted.

The programme is given below:

March, Gilmore's Triumphals.
Overture, Nabucadonosor.
Cornet solo, Columbia Polka, Bandman Hughes.
Transcription, In the Deep Cellar.
Cakewalk, King of Rags.
Reminiscences of Ireland.
Sextette from Lucia de Lammermoor.
Hymn, Selected.
Grand Nautical Fantasy, Voyage in a Troopship.
God Save the King.

COURT CHEMONG HELD A MEETING

Delegates Elected to Attend High Court for Eastern Ontario.

The regular monthly meeting of Court Chemong, No. 630, Independent Order of Foresters was held last night in the SOE hall, when a large number of members were present. The following were elected delegates to attend the High Court of Eastern Ontario, which meets this year at Kingston, in August. Bros. Dr N C McKinnon, J W Sawyers, George Metcalfe and D Laurie. The alternate delegates chosen were Bros. A H Webb, Bro G W Powell and Miss Eva Bollen.

The High Court meeting and journey will occupy about three days as the sessions last for two days. The IOF has had a successful year in Eastern Ontario, and the delegates are looking forward to an enjoyable time in the Limestone City.

By joining the merry crowd of Durham Old Boys Wednesday, July 8th, you get one day at Niagara Falls and one day in Toronto, or two days in either place. See large advt. in this issue.

TENANTS IN MANY PARTS OF CITY WANT LOWER RENT

Tenants in many parts of the city are making vigorous demands for lower rents. They claim that they are paying too much and threaten to move if their requests are not acceded to. In some cases the agitation for lower rents has almost taken on an organized aspect. The seven tenants of a block of houses on London street are all demanding lower rent and threaten to all move if the landlord does not come to their terms. It is said that they are paying $11.50 per month at the present time and are demanding a reduction of $1.50 per month. Similar cases are reported in several other parts of the city. The landlords are having their troubles.

GERMAN CARD CO. TO HAVE NEW PLANT, SHERBROOKE ST.

The German Card Company have taken out a building permit for a large factory on Sherbrooke street. It will be three storeys high and the estimated cost is $2,500. The new structure will be 85 feet long and 32 feet wide, the walls being of solid brick. Mr. McIntyre and J. W. Nelson have the contract and it is expected that the factory will be ready for occupation in October. It will be located on the north side of Sherbrooke street, west of George.

The German Card Company's plant is at present located on Dublin st. The new premises will be much larger.

MANY GOING TO OLD COUNTRY

A special train passed through the city on the C.P.R. last night with a large number of passengers for the steamer Empress of Britain which sails from Montreal to-day. Hundreds of Canadians are crossing the pond at the present time and it was necessary to run a special train to accommodate the large number of passengers. Several boarded the train at Peterborough.

While Cardinal Agostino Richelmy Archbishop of Turin, was saying mass in the Cathedral at noon Wednesday in honor of the Feast of St. John, the city's patron saint, a petard exploded within the building, making a terrific noise.

A Madrid despatch says the Spanish coasting steamer Larache, on her way from Cadiz up the west coast of Spain to Muros, with passengers from Argentina, has been wrecked.

Lawn Services

Users of Lawn Services from the Waterworks are reminded that the regulations forbid the use of Lawn Services at any time except between the hours of 5 and 9 o'clock a.m. and 4 and 9 o'clock p.m., and notice is now given that these regulations will be strictly enforced.

SPORTING NEWS

CANADIAN SPRINTERS ARE GETTING BUSY IN ENGLAND

London, June 25.—The morning work of the Canadian team at the Stadium consisted of starting practice. The Marathoners did five miles, and Macdonald, the high jumper, went at the bar.

Because the sprints do not take place until the second week of the Olympic games, Manager Crocker is sending Bobby Kerr, Frank Lukeman, George Barber, and MacDonald to Birmingham games on July 11.

Next Saturday the Marathon runners do ten miles over a portion of the Marathon course.

President Stark, of the Canadian Amateur Athletic Union, Leslie Boyd, of the Canadian Federation, and Manager Crocker, have been appointed an Olympic advisory committee, and all questions in connection with the team will be settled by them.

The Canadian Olympic contingent called on Lord Strathcona to-day.

The Canadian cyclists were out behind motor cycle pace.

NEW WORLD'S RECORD MADE

That rattler Thomas K, by Baron Cosey, driven by John L. Blake, set a new trotting record for Chainosix speeding in Philadelphia, June 12th for the season, when he finished the second heat in class A in 1.01 repeating in the third heat 1.02 1-2. Baron Posey the sire of Thomas K is a half brother to Queens Baron, owned by Dr. Johnston, Chambers street, Peterborough. The races at which Thomas K. made the mark were under the auspices of the Road Drivers' Association. In addition to Thomas K's fast mile, Single K. trotted the half mile in 1.08. Billy Abshire by Haxbal put in two heats in 1.02 1-2, and Harold Wilkes paced a heat in 1.03 1-2. The time of 1.01 made by Thomas K is a world's record for the event.

WARKWORTH WON FROM LOCAL ELEVEN BY NINE WICKETS

Peterborough was defeated by Warkworth yesterday by nine wickets in a game played at Nicholls' Oval. Warkworth were particularly strong in the bowling department. The high scores were made by Marsland 22, Hill, 19, and Marshall 17.

Peterborough did well in the first innings, getting 64 runs to Warkworth's 45, but in the second, they managed to tally 13, with Hill carrying his bat for the highest score of 6. In the second innings Warkworth, with 33 required, went to bat and Jackson was bowled by Marshall for one run, and Inglis, not out, made 8 and 22 respectively, the latter hitting very heavily, slugging the ball for two sixes.

The score:—

Peterborough 1st Innings:—

BOTH TEAMS CONFIDENT OF VICTORY IN TO-MORROW'S GAME

To-morrow's game at Riverside Park is called for three o'clock, and Jack Rosevear, of Port Hope, will be the umpire. Both the Petes and the Athletics will have strong line-ups, and its a toss as to who will win. Clements and Edmunds and Quinlan and Rattray will be the batteries, and both teams are confident of victory. Ladies will be admitted free to the game and a big contingent of the fair sex is expected. The "probs" bespeak fine weather for the game, and the diamond is in great shape. There is great rivalry between the two teams and there is a diversity of opinion as to who is the best pitcher, Quinlan or Clements. To-morrow's game will settle the question. Both twirlers have a big following and a record crowd will see the game.

TENNIS

PICNIC TO-NIGHT

The Nicholls Oval Tennis Club is having a picnic down the river to-night. Boats will leave the Otonabee boathouse shortly after six o'clock. Complete arrangements have been made and a most enjoyable time is expected.

WILL GRANT $200 TO ART BURN

Provincial Government of Alberta Will Help Defray Expenses if He Runs.

Calgary, June 26.—The Provincial Government is willing to make a grant of $200 towards the expenses of Art Burn, to the Olympic games in England, on the condition that he is one of the starters in the Marathon race. This assurance was given by Premier Rutherford and Hon. C. W. Cross in a recent interview with D. L. Darrock, of this city.

SPORTING COMMENT

The provincial government of Alberta is willing to give Art Burn a grant of $200 towards defraying the expenses of his trip to England. This is getting the money out West almost as easily as he fastened on to it around here.

A mile run for the Peterborough newspaper men will likely be one of the features of the printers' picnic at Idyl Wyld on Civic Holiday. Any competitor who crowds a fellow-contestant into the lake will be disqualified.

The Review and Examiner baseball teams will have their annual encounter at the printers' picnic at Idyl Wyld on Civic Holiday. B. T. Huston will hurl the pellet for the Grits while the Review will work out its heapside twirler, D. B. McRae.

GAME HAS BEEN PROTESTED

T.A.S. Claims That West Ends Played Man Who Was Not Eligible.

The T.A.S. baseball team have protested the game played on Wednesday night against the West Ends, and which was won by the latter by the score of 6—4. The losers claim that the West Ends played a man who was ineligible. The matter will be dealt with at a special meeting of the league executive on Monday night.

WILL WALK TO SET RECORD

Stevens and Guerin will Foot it from Here to Lindsay Tomorrow--Start at Oriental.

At 2.30 tomorrow afternoon Charlie Stevens and Joe Guerin will start from the Oriental Hotel to establish a walking record from Peterborough to Lindsay a distance of thirty miles. After Lindsay is reached Stevens will be the guest of the Benson House and Guerin of the Pym House until the commencing of the walk in Lindsay on July 1st.

SCHEDULE NOT DRAWN UP YET

For No. 1 District T.V. Lacrosse League--Lindsay Has Not Chosen Representative.

The schedule for No. 1 District of the Trent Valley Lacrosse League has not yet been drawn up, as Lindsay has not yet chosen a representative to look after her interests in the matter.

The lacrosse club of the Scugog town are to communicate with the secretary of the league, Mr. R. M. Glover to-day, or to-morrow, and a meeting will be held at a date convenient to the four clubs in this district, T.A.S., Y.M.C.A., Millbrook and Lindsay.

THIS AGED PED. IS A GOOD ONE

Eighty-four Years of Age Man Walks 4 1-2 Miles in an Hour

Mr. William Henry Wood on his eighty-fourth birthday made his annual walk to Millbrook, four and one half miles in one hour and a quarter. This is certainly good for a man of that age. Mr. Wood then in the presence of ye editor and others threaded a needle without glasses. A contented frame of mind and a good will towards all is Mr. Wood's practice which combined with temperate habits, have gone to keep him in health and strength. And that he may yet be spared to go in and out amongst us is the wish of all.—Millbrook Reporter.

BASEBALL

Two junior teams, the Thistles and the Whitecaps, met at the Central school grounds last night, and a fast game of ball was the result. The Thistles won by 12 runs to 10 after an exciting contest. Joe Croker was umpire and the teams lined up as follows:—

Thistles—Sharpe, p; Moran, c; Matthews, 1b; Nelson, 2b; V. Pearson ss.; L. Pearson 3b; M. Pearson, C. Sharpe and Lang, fielders.

Whitecaps—E. Morrow, p; Morrow, c.; H. Morrow, 1b; Heaslip, 2b; Clute, ss.; Blanchard, 3b; H. Blanchard, Dunsford and Trew, fielders.

GAME AT OVAL TO-NIGHT

The Side Liners will play Leo Derocher's team at Nicholls Oval to-night. The following players are asked to be at the Oval at 6.45 o'clock;—H. Quinlan, V. Sullivan, M. O'Brien, H. Conroy, H. Barrie, L. Doherty, Frank Hickey, V. Corkery and A. Letellier.

A NEW PITCHER.

The Orientals will try a new pitcher out to-morrow night in their game with the Binkers. The "find" is a man named Dusty, from Peterborough, who has been in town for some time. He is a brother of the speedy skater.—Lindsay Warder.

Y.M.C.A. BASEBALL

The following team will represent the Y.M.C.A. in their game to-night with the Wellingtons; Patterson, McDonald, Graham, Squires, Harmer, Thornton, Picard, Robertson, Dormer, Shares, Porter, Waram and Sanderson. The team for the game with Lakeviews to-morrow afternoon will be, Patterson, McDonald, Graham, Dormer, P. Adamson, Sanderson, Porter, Waram, Wilkie.

KARNOTS DROP OUT.

The Karnots have dropped out of the City Baseball League. As a result there will be only one game to-morrow, Y.M.C.A. vs Lakeviews. It will start at 3.45 o'clock.

BASEBALL YESTERDAY.

The Eastern League.

Jersey City .... 0 0 1 0 1 0 5 0 x—7
Toronto .... 0 0 1 0 0 0 0 1 0—2

HORSE RACES AT PORT HOPE

Will Take Place July 1st and 2nd ---$1,100 in Prize Money.

Port Hope's annual races take place July 1st and 2nd, when $1,100 in purses will be distributed. The programme.—

First day—2.50 trot or pace, purse $200; 2.22 trot or pace, purse, $200; half-mile run, open best two in three, purse $100.

Second day—2.30 trot or pace, purse $175; free-for-all, trot or pace, purse $200; one mile dash, running (open), purse divided, 60, 25 and 15—$125.

Named race—Trot or pace, half-mile heats, $100, for following horses; Lavery Maid, Brighton; Sleepy Nell, Brighton; Guy M., Port Hope; Frank Spragge, Brighton; Prince Medium, Brighton; Teddy Keswick, Millbrook, Annette, Lulu Chimes and Lady Black Peterborough; King Sable, Baby Miller, Black Prince and Billy C., Port Hope; Sam Watson and Mellie K., Colborne; Harry Lee, Toronto.

TOM SLATER IS AT PORT HOPE

And Hoagland Has Sent Word That He Would be There on Monday.

Word comes from Port Hope that the walking match there on July 1st, 2nd, 3rd and 4th, will be a big success. Tom Slater has already arrived there and is assisting in the preparations for the contest. Hoagland has sent word that he will be there on Monday. Four or five Port Hope men have already entered and it is expected that there will be at least a dozen starters. Jim Harrison, of Peterborough, will be one of the peds and should be there when the prize money is divided. Several other Peterborough men will compete.

WALKER GAVE UP AT NEWCASTLE

Grant of Toronto Failed in Attempt to walk from Toronto to Port Hope and Return in 35 Hours.

Word was received from Port Hope today that Grant the Toronto walker who attempted to walk from Toronto to Port Hope and return in 35 hours, had collapsed at Newcastle early this morning. Grant arrived in Port Hope last night at 11.45 o'clock and after a short rest started on the return trip. Newcastle is just fourteen miles from Port Hope, so he had not proceeded far when he broke down.

SCALP DISEASE CURED BY ZAM-BUK.

Mrs. Albert Goedike, of 485 Amherst street, Montreal, says.—"My three-year-old girl Anna suffered intensely since birth from scalp disease, and we could not get rid of this irritating disease. On March 10th, 1905, someone recommended my husband (who is elevator man at the Carsley Co.), to try Zam-Buk Balm and Zam-Buk Medicinal Soap. From commencing to use these remedies we saw an improvement and after nine days' treatment the child was cured completely."

No home should be without Zam-Buk. It is Nature's skin remedy and without equal as a healing balm. All druggists and stores. 50 cents a box.

Salt Lake Bike Records.

Salt Lake City, Utah, June 26.—Jackie Clarke, the Australian bicycle rider, lowered the world's three-mile record at the track at Saltair Wednesday night, riding the distance in 5.49 3-4. A new world's two-mile tandem record was also made, Clarke and Maher, the European rider, going the distance in 3.57 3-4 in a match with Samuelson and Wilcox.

Torontonian Runs Amuck.

Rochester, June 26.—Walter McFarland, an excursionist from Toronto, was poisoned by American liquor here yesterday. He became frantic in the New Osborn House and attacked a policeman. At headquarters he crawled on his hands and knees and barked like a dog. When searched, five policemen were required to hold him.

He recovered in four hours and was given over to friends.

An Explanation.

The passionate rhythms of "The Merry Widow" waltz floated through the office, and the boss looked up from his desk impatiently.

"Frederic," he said, "I wish you wouldn't whistle at your work."

"I ain't workin', sir," the office boy replied calmly. "I'm only just whistlin'."—New York Press.

A Japanese Joke.

Guest—Do you know that fellow of Sayama is telling all kinds of lies to defame your character? Host—If he is telling lies I don't care, but if he'd begin to tell the truth I'll throttle him. Guest—Oh, you will, eh?—Japan Current.

Her Raven Hair.

"Some novelists don't know what they're talking about. Here's one who speaks of a girl's 'raven hair.'"

"What's wrong with it?"

"All wrong. Ravens don't wear hair. They wear feathers!"—Liverpool Mercury.

No Gift.

"Would you call that orator's eloquence a gift?"

"Not at all. He always charges at least 50 cents admission."—Washington

SHOULD PLAY FOR MONEY

Worcester, Mass., June 25.—"A man has a right to use any gift that God has given him; more than that, it is wrong for him not to use any gift he has," said Dr. G. Stanley Hall, of Clark University, in his sermon discussing the summer school baseball team and the idea of the students playing for money.

"I'm not only saying that it is right for a man to play summer ball for money" he said, "but I'm going further than that; if a student needs the money to pay his way through college; if he needs it for necessaries, or for anything else, then, if he has a gift for ball playing, he is failing in his duty to himself and to the world if he does not take advantage of it and use it to the best of his ability."

THE "FATHER OF BASEBALL."

Recollections of Henry Chadwick, the Famous Fan.

Henry Chadwick, known all over this continent as the "father of baseball," who died recently at his home in Brooklyn, was one of the most widely known writers on sporting topics in America.

Mr. Chadwick first became associated with the national game when he played shortstop on an amateur team in what is now a part of Hoboken, N.J., in the fifties. His book, "Chadwick's Game of Baseball," had wide circulation and was considered an authority on the game. He was the unrelenting foe of those who violated the rules of the game. He compiled and edited "The League Guide," a baseball publication, and was the author of several books on cricket and baseball.

In an interview many years ago Mr. Chadwick explained how he first thought of making baseball a national of the game and to fostering it in England.

"It was while passing through Elysian fields in Hoboken upon my return from a cricket match," he said, "that I chanced to see a game of baseball between the Gotham and Eagle clubs. I became convinced then that this was a game which would be a powerful lever to make the people of America take a keener interest in outdoor sports and healthful exercise. From the period that I first became an ardent admirer of baseball I have devoted my efforts to the improvement of the game and to fostering it in every way."

Mr. Chadwick was an authority on cricket as well as baseball. Only a few years ago that old man, who never used tobacco in any form, was a member of the Staten Island (New York) cricket team when it achieved a notable victory over the New Jersey veteran cricketers. Chadwick came to bat with his team behind, but so keen was the aged fan's eye and so active was his aged system that he made eight runs during his inning and won the game. This astonishing performance is without a parallel in sports. He was then eighty-one years old.

Father Chadwick saw the possibilities of baseball and predicted its wide scope and popularity as the national game in the enthusiasm of his youthful days, and his interest never flagged an instant during his nearly fifty years' prominent connection with it.

No one did more for the welfare and salvation of baseball than Henry Chadwick. In the days of its adversity, when the crookedness crept into the ranks of the players, Henry Chadwick was foremost in denouncing the enormity of the offence and the dangers to the very life of the game. He was a strong and earnest advocate of a permanent blacklist and never wavered in his denunciation of anything that tended to lower the standard of the game.

He delighted to be called and known as the "father of baseball," and he well deserved the title which he so loved.

The great national game of baseball which he founded and fostered so steadily, firmly and conscientiously as it now stands is a monument to his memory. It is doubtless the only monument he would have wished. That is as imperishable as any statue of granite or marble.

Donat Blake aged 18 of Montreal, was shot and killed by a friend testing a revolver.

MEXICO CITY POLICE.

Street Lanterns That Keep Them Vigilant at Night.

"When I visited Mexico," said an artist, "I found innumerable things of interest, but that which gained my notice particularly was the police system. In the City of Mexico the police at night are stationed at short intervals apart in the street. Each policeman has a lantern, which is placed on a stand in the center of the street. It is his duty to remain in easy striking distance of this lantern at all times, so that he will be on hand in case of an emergency.

"Any person who is able to reach the lamp and lift it from its hook before the policeman interferes is entitled to a reward of $500. Any policeman who loses his lantern is subject to instant and dishonorable dismissal. This is to insure constant vigilance on their part and to require their presence at a certain point at all times. At first I regarded the thing as a joke, and I tried to get possession of the police lantern. But then I found that I was greatly mistaken. Not once, although I exercised extreme caution, was I quick enough for the policeman on watch.

"The City of Mexico is one of the best policed communities in the world. Policemen are always on hand when one requires them, and it is virtually impossible for desperadoes to operate in the open."—New York Telegram.

A SUICIDE'S HAND.

The Queer Superstition That Used to Prevail in England.

In former times it was a common notion that if a sick person could only touch the hand of a suicide he or she would be cured. This superstition was especially common in the west of England. In Cornwall touching a suicide's hand was said to have once cured a young man who had been afflicted with many tumors from his birth. A similar superstition regarding the touch of executed criminals has been widely prevalent and has often been recorded.

Robert Hunt in his "Romances of the West of England" says that he once saw a young woman led on to the scaffold at Newgate in order to have a wen touched by the hand of a man who had just been executed.

At Northampton of old the hangman is said to have had a regular fee for according a similar "privilege" to sufferers from like disorders. Even the coffin of a suicide may have curative value. There is a Devonshire belief to the effect that if any one suffering from disease can manage to throw a white handkerchief on such a coffin at the time of its interment the disease will vanish as the handkerchief decays. Much superstitious value has also been attached to the knots of the rope used either by a suicide or in the execution of a criminal.

Work of the Farmer.

The countless millions of our population are fed and clothed by the American farmer. The grain waving in golden beauty upon the great plains of the west, the cotton drifting like summer snow upon the fields of the south, freight the fleets of nations and loose their sails, thread the continents with track of steel, fill the earth with the roar of trains and heap for trade and commerce and useful art those stores that make a nation great. Where are the sinews of our strength if they are not found in our great, diversified agricultural products? What victorious hosts ever waved as joyous banners as those that float above the tasseled maize from the snows of Maine to the spicy groves of California? What spirit of beauty hovers above southern fields when fleecy bolls uncover to crown "King Cotton!"—Hon. Ezekiel S. Candler, Jr., of Mississippi in House of Representatives.

A Mole Catcher.

A farm manager at Fedderty, Dingwall, Scotland, watching a mole catcher at work, saw sea gulls hovering over and occasionally alighting upon a turnip field in which the observer and others were at work. A particularly large and handsome bird attracted his attention by the graceful way it floated slowly over the drills, intently scanning the surface of the ground. Suddenly, steadying itself a moment, it dropped, dug its bill into the heaving ground and rose with a mole for its prey. Resting a few minutes, it gracefully began again a further search for prey. In a few minutes a second mole was unearthed.

The White Evening Waistcoat.

Anything that breaks through the gloomy, funereal, waiterеal aspect of male evening dress is to be commended. But practically, as a general rule, the white evening waistcoat cannot be effectively worn much after the age of twenty-one. Black, it is well known, diminishes the proportions, but white undoubtedly increases them. I see men whom I have hitherto considered to be slim appear in white evening waistcoats and look absolutely corpulent.—London Graphic.

A Good Reason.

Pearl—They thought at first they would be married in Holland. Ruby—And what changed their minds? Pearl—Why, they heard that old shoes in Holland weighed from two to six pounds each.—Exchange.

Reassuring.

Old Bullion—It galls me to think that my money goes into your spendthrift hands when I die. Young Bullion—Never mind, governor. It won't stay there long.—London Tit-Bits.

Nobility does not lie in the hall full of family portraits dimmed by the hand of time.—Seneca.

The story that the king intended to give up horse racing is denied point blank from Buckingham palace.

Selections

THE TELEPHONE.

Its Marvelous Progress In Less Than a Generation.

Of the 8,500,000 telephones in use throughout the world at present the United States and Canada have more than 6,000,000, with other countries practically nowhere. To include Canada is indeed only complimentary, since the United States alone has about 5,750,000 instruments out of the 6,000,000 in use. More than 30,000 towns, cities and villages in this country now have telephone connections.

Many are the strange ways in which this instrument, only one generation old, is utilized in various parts of the world. In San Francisco there is a Chinese exchange, while in many of the manufacturing towns of New England operators are often compelled because of the mixed population which depends upon the telephone to speak two or three languages in addition to English. Away over in the capital of Persia another novel use of the telephone is found. There the shah, whom it is practically impossible to see, has allowed his subjects the right to petition by telephone. A booth has been set up in the central square of the city, and there citizens can get their sovereign's ear and demand their rights in a way as curious as it is new. Each day a long line of petitioners assembles at the booth at daybreak and remains until sundown, when it is closed.

Indeed, the telephone is proving a powerful democratic influence in bringing together rulers and their subjects. King Edward, the czar and the German emperor are reached by this means much more often than was formerly possible. They are indeed fast becoming more accessible than many of New York's money kings whose telephone numbers appear in no directory, the operators being forbidden to reveal them under any circumstances. Were this not the case, it is said, the millionaires would be flooded with numberless calls of every description. By revealing their numbers to only a few business and personal associates this bother is eliminated. Another novel use of the instrument in New York is the taking of testimony under oath by means of it.

The annual number of telephone messages in the United States is almost incredible, totaling probably 7,500,000,000. Were one man to attempt to speak all these conversations it would have been necessary for him to have started about 3,000 years before Christ, since the task, allowing three minutes for each call, would occupy 5,000 years. Expressed differently, this number of calls would give every man, woman and child and even the babies in arms in this country about 100 a year—a remarkable indication of the point of development which the telephone has reached in its brief life of thirty years as an organized business.

Vegetarian Legislators.

Vegetarian meals are a great success in the house of commons. A special vegetarian table d'hote has been provided in the members' dining room for some time. Perhaps not more than a dozen members adhere strictly to the use of "no flesh, no fish," but many are adopting a dietary containing a reduced consumption of meat. Sir James Alfred Jacoby, chairman of the kitchen committee, began about the end of last session to cater for vegetarian dishes which would appeal to members who were not vegetarians. He puts on the table "the vegetarian dinner at 1 shilling, guests sixpence extra," of which the following is a sample menu: "Creme bonne femme, omelette Lyonnaise or curried eggs and rice, macaroni au gratin or saute potatoes, milk pudding or rhubarb tart, bread, cheese, pat of butter."—London Tatler.

The Russian Way.

Grand Duke Michael Alexandrovitch, the czar's only brother, a bachelor and nearly thirty years of age, is having his first affair of the heart, but as the lady, whose name has not been made public, is of lowly birth the czar has not only refused his assent, but has ordered that she be banished from the country, but with the intimation that the decree will be rescinded as soon as the girl shall have married a man of her own class. General Kaulbars delivered this cruel message with such energy, promptness and dispatch that Grand Duke Michael's sweetheart and her parents departed from their estate within six hours.—Argonaut.

Frankish Tombs.

Some interesting particulars are now available about the discovery a month ago of an extensive Frank cemetery at Haine-St. Paul, in Belgium. At the present time forty-five separate tombs have been opened, and in twenty-five of them have been found ornaments as well as a good deal of the black pottery typical of the Merovingian period. Three of the tombs seem to have been reserved for women, to judge from the ornaments found in them, which include bracelets, brooches and rings. The cemetery must have been in use for a long time, as several different ways of placing the bodies are noted.—London Athenaeum.

Potential Criminals.

"We are all potential criminals," was the startling statement made by Dr Albert Wilson to a deeply interested audience at the Sociological society. "If we had had the heredity of some of these poor people (prisoners) or if we had had the environment we should have done the same as they."—London News.

The majority of Mr. Carscallen, Conservative in Lennox is 17.

Earl Grey unveiled the statue at Quebec in honor of Bishop Laval.

What They Did to Him.

"Why did Napoleon hate the English?" once asked an instructor in history in a public school of Cincinnati, to which question no immediate reply was offered by any pupil.

"I'm sure somebody knows," said the teacher hopefully, scanning the faces before her.

"I think I kin tell, mum," finally ventured a dirty faced lad in the rear of the room. "He hated the English because they made him live an' die all by himself on the rock of St. Helena."—Harper's Weekly.

So Gallant.

"You know," said the fair patient, "when I met you at the shore last summer it never occurred to me that you were a doctor of medicine."

"No?" replied the young physician. "And when did you find it out?"

"Not until papa called you in to attend me."

"Ah! But then I became a doctor of divinity."—Catholic Standard and Times.

Strawberry Shortcake.

Dew of dawn on hills of dream—
Beaten egg and lots of cream!
Breath of bloom from vales of sweet—
Taste the flavor while you eat!
Layers of snow and bars of gold
In between them, crushed or rolled,
Berries from the vines that run
To the reddening of the sun!
Gods, upon Olympus' height,
Cross your hands and take a bite.
—Baltimore Sun.

Called.

Reggy—Bah Jove, I told my tailor I'd like to marry some rich girl and become interested in settlement work!

Percy—What did he say?

Reggy—He said I'd better get to work and make a settlement on that suit I bought two years ago.—Denver News-Times.

Compensation.

Mrs. Baker—My husband costs me a good deal of money.

Mrs. Barker—Yes, and he isn't very good to you either.

Mrs. Baker—I know it, but I got a dandy lot of wedding presents with him!—New York Times.

Seasonable Reflections.

Is it not sad
To think, my lad,
Does it not give you pain
To ponder, that
Last year's straw hat
Won't do to wear again?
—Kansas City Times.

An Advantage For Sure.

"So Jack's married a divorcee. Well, that's better than marrying a widow."

"How do you make that out?"

"Well, a divorcee is not likely to throw up to one the virtues of her former husband."—Boston Transcript.

Suspicious.

"Have the Oldhams always had money?"

"I don't know, but there have been times when they allowed their grocery bills to run a long while."—Chicago Record-Herald.

"Love Is All."

Of riches we are wantin' more an' more,
But love it is can beat 'em any minute—
A mornin' glory vine above the door
An' a woman sweet who loves you standin' in it!
—Atlanta Constitution.

A Stroke of Novelty.

"What makes you regard that man as such a brilliantly original orator?"

"He made an after dinner speech without saying that he had not expected to be called on."—New York Evening Journal.

Awkward Job.

"Yes; he used to consider her very graceful and dainty."

"And doesn't he now?"

"No. I believe he saw her eating asparagus the other day."—Philadelphia Press.

The Infernal Machine.

A harmless looking thing it is,
Of intricate machinery,
But when in action how, gee whiz,
It musses up the scenery!
—Chicago Tribune.

Passing of the Patent.

Higgins — What are you blacking those shoes for? Aren't they patent leather?

Wiggins—They were, but the patent has expired.—Chicago News.

Quite So.

"New thought will beautify the plainest girl."

"That may be, but very few girls are to give up lotions for notions."—St. Paul Pioneer Press.

The Return Trip.

The temperature now turns about.
We note with anxious frown
The mercury says "Going up!"
Instead of "Going down."
—Washington Star.

Not Much Doing.

"How do you find business now?" asked the burglar.

"Pretty poor picking," answered the pickpocket.—Indianapolis News.

Weak Advice.

With what you have pray be content,
Some one has said to me,
But when my modest pile is spent
Content I cannot be.
—Cleveland Plain Dealer.

A Good Reason.

"And is Gladys at all conceited?"

"No, indeed. She comes of a large family."—New York Times.

Sad, but True.

Our elders give us fond advice,
With simple, sweet persistence.
When really we would much prefer
Material assistance.
—Yale Record.

Beware!

When you have something to say to a mule don't say it behind his back.—Lippincott's Magazine.

President Roy of the defunct Banque St. Jean, has been released on bail.

New York Dairy Market.

NEW YORK, June 25.—Butter—Firm; receipts, 13,587; creamery, specials, 23½c; extras, 23c; third to first, 19c to 22½c.

Cheese — Firm; unchanged; receipts, 6390.

Eggs—Steady; unchanged; receipts, 17,677.

CATTLE MARKETS.

Cables Unchanged—American Prices Are About Steady.

Toronto Live Stock.

TORONTO, June 25.—The total receipts of live stock at the city market as reported by the railways for Wednesday and Thursday were 105 car loads, composed of 1434 cattle, 2000 hogs, 1668 sheep and lambs, 438 calves and one horse.

Exporters.

Not many exporters were offered, and the highest quotation given was $6.40 for steers. Export bulls sold at $4.75 to $5.25 per cwt.

Butchers.

A very few prime picked butchers' sold at $5.80 to $6, and two Polled Angus cattle were bought by Alexander Levack at $6.15 per cwt.; loads of good to choice cattle sold at $5.60 to $5.80; medium, $5.15 to $5.50; common to medium, $4.80 to $5; good cows, $4.50 to $5; medium cows, $4.25 to $4.35; common cows, $3 to $3.60.

Feeders and Stockers.

Messrs. H. & W. Murby report stockers and feeders as being more plentiful, with a light demand for them. Prices have declined. The Messrs. Murby report having bought 230 during the week at following quotations: Feeders, 900 to 1000 lbs. each, $3.25 to $4; stockers, $3 to $3.25. Prices are likely to go lower, and farmers having plenty of grass would do well to hold their cattle.

Milkers and Springers.

Receipts were equal to the demand, and the market was easy at prices ranging from $30 to $57 each, with one extra quality cow at $65.

Veal Calves.

The market for veal calves of good quality was firm. Prices ranged from $3.50 to $5.75, and a few extra quality sold at $6 per cwt.

Sheep and Lambs.

Receipts were liberal, nearly 1700. Prices were easier all around; ewes, $4 to $4.25; rams, $3 to $3.50; lambs, 7c to 8c per lb., or $3 to $5 each.

Hogs.

Receipts of 2000 hogs were reported by the railways. Prices were firm at $6.20 for fed and watered and $6.05 for lights. Drovers report $6.25 as being a common price at country points, and as high as $6.40 was paid at one point.

East Buffalo Cattle Market.

EAST BUFFALO, June 25.—Cattle—Receipts, 100 head; steady; prime steers, $7.15 to $7.65.

Veals—Receipts, 125 head; slow and 25c lower; $5 to $7.

Hogs—Receipts, 2800 head; slow; pigs, 5c higher; others, steady to 5c lower; yorkers, $6.40 to $6.50; pigs, $4.75 to $6.

Sheep and lambs—Receipts, 1800 head; slow; wethers, 10c lower, $5 to $5.15.

New York Live Stock.

NEW YORK, June 25. — Beeves—Receipts, 1286; no sales reported; feeling unchanged; exports to-day, 2790 quarters of beef.

Calves—Receipts, 1151; very little trading; feeling weak. Veals sold at $5 to $7 per cwt.; culls, $4; buttermilks, $3.75 to $4.

Sheep and lambs—Receipts, 5000; sheep, slow to a fraction lower; lambs, 10c to 25c lower; ordinary to choice sheep, $3.50 to $4.75; culls, $2.50; common to choice lambs, $5.50 to $7.50.

Hogs—Receipts, 2768; market steady.

Chicago Live Stock.

CHICAGO, June 25.—Cattle—Receipts, 6000; market strong; steers, $5 to $8.40; cows, $3 to $5.75; heifers, $4 to $7; calves, $2.50 to $6.50; bulls, $3.50 to $4.50; stockers and feeders, $2.50 to $5.25.

Hogs—Receipts, 20,000; market steady to strong; choice heavy shipping, $6.15 to $6.40; butchers', $6.15 to $6.25; light mixed, $5.95 to $6.15; choice light, $6.05 to $6.20; packing, $5.50 to $6.10; pigs, $4.25 to $5.60; bulk of sales, $6.05 to $6.30.

Sheep and lambs—Receipts, 14,000; market dull and 10c to 25c lower; sheep, $4 to $4.75; lambs, $5 to $7.15; yearlings, $4.50 to $5.25.

Cheese Markets.

BROCKVILLE.—Two thousand nine hundred and eleven cases colored and 105 white were offered; about half sold at 11⅝c per pound.

STIRLING.—One thousand two hundred offered, and sold at 11 11-16c per pound.

PICTON.—Two thousand two hundred and twenty colored offered; bulk sold at 12c, rest at 11 15-16c.

VANKLEEK HILL — One thousand eight hundred and sixty-eight offered, and sold mostly at 12c.

Cook's Cotton Root Compound.
The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co., Toronto, Ont. (formerly Windsor.)

PROMPT PAYMENT
Peterborough, Ont., June 12th, 1908
W. H. HILL, Esq., City Representative Liverpool and London, and Globe Fire Insurance Co'y.
DEAR SIR,—
We beg to acknowledge the receipt of cheque for $2,500 in settlement of fire loss, policy No. 8,845,878 Liverpool and London and Globe Insurance Company.
We note in connection with this settlement a most unusual feature. They are legally entitled to 2 per cent. of stated sum for payment prior to due date. No business man would for one moment question their right to this amount. But they do not take it. Instead they have purposely waived their privileges and presented us with this additional amount.
We are gratified to note this remarkable action. To adjust and settle a loss within twelve days is noteworthy, but to add to this magnanimity in refusing to take advantage of their discount privileges, places this company in a most favorable position.
We congratulate you upon representing a company of such superior standing.
Yours very truly,
Canada Flakes Co., LIMITED.
Signed, H. B. COLLIER, Manager.
W. H. HILL 59 Hunter Street Mgr. Central Ont

ROBT. FAIR & CO. LIMITED

383 George St. Peterborough

PLEASANT AND PROFITABLE DAY SPENT AT THE FARMERS' PICNIC

Counties of Hastings, Northumberland, Durham and Peterborough Unite in Grand Picnic to Idyl-Wyld—Excursions from Peterborough, Bewdley, Hastings and Harwood—Three Steamers in Commission—a Large Attendance.

The farmers were favored with a beautiful day yesterday for their annual outing. Excursions were run from the four counties comprised in this district, Hastings, Northumberland, Durham and Peterborough. The boats from Trent Bridge and Keene brought a very large number of people. The "Otonabee" carried a fair crowd from Peterborough. The accommodation at Idyl Wyld was all that could be desired. Ald. Phelan, manager of the S. Y. Navigation Co., was in charge of all the transport arrangements for the day and they were carried out without a hitch. On landing the picnickers betook themselves to the numerous tables or to pretty spots amongst the trees where tablecloths were spread and the midday meal enjoyed. During the afternoon the excursionists strolled about the island or danced in the pavilion. Dancing began at the locks and was kept up without ceasing until the Otonabee reached its destination on the return trip. At three o'clock, Mr. Dawson Kennedy the chairman of the Farmers' Association under whose auspices the annual picnic is held, called the older people together to listen to addresses on the subjects advertised from Mr Lockie Wilson, Mr Nixon and Mr. Burnham. One of the permanent tables was used as a platform whilst the audience disposed themselves amongst the trees.

Mr. Kennedy, to whom the success of the picnic is largely due explained to the assembled crowd the nature of the outing and the desirability of the farmers' enjoying themselves at least once a year. Speakers on agriculture had been secured and he was sure the afternoon would be as profitable as pleasant. He then called upon Mr Nixon, editor of the Canadian Dairyman, honor graduate of the Ontario Agricultural College at Guelph and expert judge at Exhibitions and Horse Shows.

Mr. Nixon said that as a farmer he knew what the farmer was up against. The Canadian Dairyman hoped to become the agricultural organ of the farmers of this district. It would take up their cause. At the present time the pressing need of the farmer is co-operation. There is money in farming, good money, but the middleman, not the farmer, is getting it. Farmers must co-operate or the Dane, the German, and the Australian will again outstrip them. What we have lately adopted in nature study had been in vogue in England for thirty years. Ontario has been behind. The neglect which the farmers have shown of their opportunities for attending institutes, lectures, demonstrations, etc., was deplorable. The future of agriculture depended upon the education of the farmer of the future.

Mr Lockie Wilson, Provincial Inspector of Fairs and Exhibitions delivered a most excellent address upon "the condition of the Canadian farmer." He was pleased to see such a large number present and especially ladies. There was he was glad to say at the present time a general forward movement in agriculture. It was badly needed if we in Canada were to keep abreast of our foreign competitors. Ontario was inclined to lag. Even her seed grain was not considered good enough for the West. Only 20,000 bushels were purchased for that purpose. In opening, he said he wished to say a word of praise for the pioneers, those noble men and women to whose memories monuments should be raised rather than to those who had shone in war. Some of those present could remember the old style of farming when the staple product was potash. That day had gone. There had been a revolution in farming. Grain was no longer scattered here and there amongst the stumps. It matured in great waving fields of beautiful wheat, oats, barley, etc. But the grain age which succeeds the potash age was going too. It had impoverished the soil. Under it we could not compete with Argentina, our own West and other countries. We must depend more upon stock, butter, cheese poultry, etc. which make the soil richer, not poorer. Also in former times farmers would not co-operate and no industry can be worked on the strictly individual plan. They had now combined and were securing attention to their needs. Experts were sent abroad to investigate and learn. The Ontario farmer had profitted immensely by it. This had become the age of scientific farming. Something was wrong when the farmers' sons would no go into farming. Germany had revolutionized agriculture. She was making the soil, grains, plants, weeds, insect pests, etc subjects of scientific investigation. The Ontario farmer must catch up with this idea. The farmer's son must catch up with it. The governments were doing all in their power but the farmer was still apathetic. That would not do. He must wake up or go back to the days of poverty. In co-operation lies the hope of the farmer. He was too self-satisfied. The old days when pieces of butter from everywhere could be packed into one tub, were gone, forever. The foreign consumer could get better butter elsewhere. The farmers must attend institutes and lectures. They could not learn otherwise. The present day farmer must be as well and scientifically educated as any other member of the industrial world. He found that secretaries of local societies in many cases did not even take the trouble to reply to correspondence from the Department over which he presided. The farmers moreover, should insist on the advantages of modern civilization. Why should cities and towns have the pull. Free rural mail delivery was not a luxury, it was a positive essential. In the States if there was an attempt to deprive the farmers of their rural mail delivery there would be a rebellion. In the more thickly-settled parts it was as practicable as beneficial. Telephones too, should be general. Mr. Wilson closed a splendid lecture amid loud cheers.

Mr. Burnham was then called upon and gave an address upon "What We Owe to the Pioneers." He remarked that the objection the farmers' son and daughter had to farming was no doubt largely due to the isolation and monotony of a farmer's life. As Mr. Wilson had said, the world was waiting for the farmer himself to catch up with modern conditions. It was within his reach to enjoy all the advantages of civilization a daily mail, scientific knowledge, a circulating library, lectures and entertainments and the same degree of social intercourse which was enjoyed in towns and cities. The farmer had moreover the inestimible advantage of living in the rural luxury of his own estate, something to which rich men in cities look forward as the final haven of their rest and enjoyment. In the speaker's opinion the *monuments of the pioneers* lay all about us. The glorious country which we now enjoyed; the privilege of living in was the work of the U. E. Loyalists, of 1786 and 1812, and of the artificiers, artizans, miners, and weavers of Scotland, Ireland and the north of England, who, after the Napoleonic wars, finding times bad and burdensome, had come to Canada and of officers of the British service on half pay. The earliest pioneers of this district landed at Newcastle, (afterwards Presqu'isle) near Brighton, which gave its name to the whole district, and later on at Amherst (afterwards Cobourg), which the government had equipped with a court house and government offices, on seeing that immigrants were landing there in numbers. The country then was not only thickly wooded. It was also a mass of muskeg. Our lakes raised by by dams since, were then large swamps, which bred mosquitoes, flies and the fateful ague. In the face of such difficulties the pioneers had triumphed and who would refuse the men and women of those days the tribute of our heartfelt sympathy and admiration. It was growing customary, or had been, to despise the simple virtues of the early settler and to regard homely affection and domestic sentiment as highfalutin' or silly. We might be assured, however, that the virtues and strength of character of the pioneer were worthy of imitation as well as admiration. This was the age of money. A man was worth so much in dollars. But even here the reaction was fast setting in. In the United States people were learning to value money at its true worth. The almighty dollar was no longer almighty. The early pioneer period and the present one reminded him of Goldsmith's words:

"Ill fares the land, to hastening ills a prey,
Where wealth accumulates and men decay;
Princes and peers may flourish or may fade,
A breath can make them as a breath has made;
But a bold peasantry—a country's pride,
When once destroyed, can never be supplied."

Mr. Kennedy then introduced Mr. J. A. Sexsmith who said he was pleased to attend and to see that city people were at last appreciating the farmer. There was no industry equal to farming, in his opinion. The picnic was a splendid institution.

Mr. T. M. Hunter pleasantly remarked that up to that moment they had been listening to the theoretical farmer, but that now they were listening to the real thing. (laughter and applause.) He told a story to show how necessary co-operation was in any walk of life. The picnic was a great success and a day of pleasure.

Mr. Roberts, of South Monaghan, said that he had this day heard a lot and would try to profit by it. He did not believe, however, in borrowing trouble, and told the story of an old wife who wept because, though childless, she might have been a mother, and a brick might have fallen on the child and killed it. (Laughter.)

Mr. Geo. A. Gillespie was next called upon by the chairman and was well received. He was still a farmer at heart. The farmer was the most independent of men, The time had come for new methods. We must equal in energy and progressiveness the early pioneers. He agreed with Mr. Burnham that farmers and citizens should associate and intermingle more. The farmer should strive to make home beautiful both within and without.

Mr. E. M. Elliott, county clerk, was introduced as a former president of the Farmers' Institute. He was inclined to defend the farmer of the present day who deserved credit. There had been immense development of the farming industry. The fertility of the soil was being restored.

Mr. R. N. Scott, reeve of Smith township, added his words of praise and congratulation.

Mr. Joshua Smithson was greeted with applause. He considered the picnic a great success. Last year speakers were scarce. This year there were plenty of them, but not to spare. The farmer was now being appreciated by others and it was up to him to appreciate himself and his noble calling. He moved a vote of thanks to the speakers and all those taking part. This was seconded by Mr. Roberts and carried amid applause. The proceedings closed with cheers for the King, the chairman, the speakers and the ladies.

By five o'clock the heavily-laden boats had moved off amid mutual good wishes and waving of handkerchiefs and the farmers' picnic of 1908 had become a pleasant memory.

NOTES.

Mr. Christopher Quinn, now of Lakefield, formerly of Smith township, came up the Otonabee river with his mother in 1832 and had not been down it since then till yesterday. He noticed several changes in the course of the 76 years." Mr. Quinn has reached the advanced age of 81 years and preserves his health and faculties to a remarkable degree.

The "wives and daughters" among the visitors to Idyl Wyld yesterday, looked particularly charming. Whether they came from the city or the country it would be difficult to say. Whatever farmers may be as the speakers alleged, in the way of "lagging behind" the age, such a sentiment does not in the least apply to their wives and daughters. The kindness and hospitality of the ladies was unbounded. In appearance carriage and dress, our Canadian ladies on the farm, in the shop or elsewhere are unexcelled.

Thirty or forty excursionists were left behind at Idyl Wyld by the Trent Bridge boat with scow attached, a slight breeze having sprung up, and the boat and scow being overcrowded.

Wedlock's yacht brought over a number. A number of small boats brought in many people from the neighbouring shores.

SHOULD BE A FINE SEASON

This is the Opinion of an Old Angler—'Lunge Biting Well in Local Waters.

An old angler told the Review this morning that in his opinion the fishing this season would be better than it had been for some years past.

"Some good catches have been made so far" he said "and I do not see why the good fishing should not continue all through the season."

He said that while the majority of the fishermen were having excellent luck no record breaking catches have ye been made. The 'lunge are biting splendidly though and are in large quantities in the local waters.

OBITUARY

JAMES McDONOUGH

The death occurred early this morning of James McDonough at the residence of his daughter, Mrs. O'Malley, 245 Park street. The deceased had been ailing for some time. He was born in County Galway, Ireland, and was 64 years of age. He came to this country twenty-five years ago taking up his residence in Peterborough. His wife predeceased him 18 years ago.

Three daughters are left to mourn his loss. They are Mrs. O'Malley and Mrs. Martin Neary of this city and Mrs. Bernier, of Spokane, Wash.

The funeral will take place on Sunday afternoon at 3 o'clock from the family residence to St Peter's Cathedral and hence to the Roman Catholic cemetery.

ROBERT BOWLES

The death occurred this morning of Robert Bowles at his late residence, Lot 1, Con. 10, North Monaghan, Deceased had been ailing for some time. He was 57 years of age and was born in Cavan. He was married to Sarah Ann Madill who predeceased him five years ago. He was widely known and highly respected. He was a member of the Springfield Presbyterian church and in politics was a staunch Conservative.

Two sons and three daughters are left to mourn his loss. The sons are Messrs. Albert and Walter. The daughters are Mrs. Wesley Dainard of Cavan, and Misses Euphemia and Pearl residing at home.

The funeral will take place on Monday at 2 o'clock from the family residence to hte Little Lake cemetery.

YOUNG APPLE TREE BORE FIVE APPLES

Was Just Put Out This Spring—Unusual Thing in Orchard of Mr. Wm. Overend.

For a three year old apple tree to bear five apples is said to be something unusual but nevertheless such has been the case in the orchard of Mr. Wm. Overend, South Monaghan.

When putting out young apple trees it is not customary to plant them under four years old. However this spring Mr. Overend put out 100 three-years-old trees. One Northern Spy tree had five apples on it, three of which were blown off by the heavy storm the other day. The remaining two are of a good size.

Durham Old Boys are making big preparations for their annual excursions July 8th to Toronto and Niagara Falls. See large advt.

HAS ONLY MISSED ONE "ORANGE WALK" IN HALF A CENTURY

Unique Record of Mr. Robert Roseborough of Lakefield Who Was in the City Today—Hopes to be Here on July 13th.

On July 12th of this year Mr Robert Roseborough, of Lakefield, will have been a member of the Orange Order for fifty-one years. He was in the city today and says he will be here for the big celebration on July 13th Mr. Roseborough joined the order when a boy and is an enthusiastic follower of the orange and blue He joined the Lakefield lodge in 1857 but at the present time he belongs to Diamond Lodge, No. 80, Peterborough. Several years ago he moved from Lakefield to Peterborough and transferred from Lakefield to Diamond lodge, but he has since gone back to Lakefield to reside.

Mr. Roseborough has only missed one "Orange walk." in fifty years, and hopes to see a good many more. The one celebration he missed was on account of his wife's death.

Mr Roseborough states that the Orangemen of Lakefield are coming to Peterborough in full force for the Orange celebration on the 13th of July and he hopes to be among them. He is an excellent drummer and is also familiar with the art of drum-making. In fact, he is an expert in this line. He is still hale and hearty and hopes to be able to celebrate the diamond anniversary of his joining the order.

57TH REGIMENTAL RANGERS PASSED GOOD INSPECTION

Annual Inspection Last Night by Col. Gordon, O.C.E.O.,—Parade State Was 325—Inspecting Officer Pleased With Creditable Showing of Peterboro's Corps.

Col. Gordon, O.C.E.O., was pleased with the appearance and manoeuvres of the 57th Regiment, (Peterborough Rangers, last night on the occasion of their annual inspection. He stated after the inspection that the regiment passed a good inspection and was well up in the regimental movements. He said it was one of the best city regiments in this district, although at a great disadvantage at not have a good drill hall.

"When the new armouries are ready," he said, "the proficiency of the 57th will be much better.

Col. Gordon was accompanied by Col. D. D. Young, D.A.A.G., and Capt. Conger, District Paymaster, both of Kingston.

The parade state of the regiment last night was about 325 with No. 7 Company especially strong. The stretcher bearers, signal corps and both bands wer out in full strength. The men presented a neat appearance on parade and both bands played excellently.

At 7.20 the regiment fell in and, headed by the bands left the drill shed at 7.25 so they would be enabled to reach Riverside Park the place of inspection, by 6.30. The regiment remained at the Park until about 8 45, during which time the inspection took place.

Col. Gordon first inspected the regiment in line. They then marched past in column and quarter column, after which Col. Stevenson exercised the men in some battalion movements. At the conclusion of these they marched back to the drill shed for muster parade. The regiment was dismissed about 9.30.

Lieut.-Col. Stevenson and the officers in command are to be congratulated upon the general efficiency of the 57th, and no small share of the praise is due Sergt.-Major Brittain, the competent drill instructor.

A reputation for reliability, for quality, cleanliness, delicious flavor and healthfulness accounts for the phenomenal sale of "Salada" Tea.

ST. ANDREW'S PICNIC
The annual picnic of St. Andrew's S. S. will be held to Stony Lake on Monday June 29th. Train leaves station for Lakefield at 8.30 a.m. Returning at 6.40 p.m. Round trip tickets, adults 55c, children 30c, The two primary classes free. di

VOL. LVI., No. 151. PETERBOROUGH, ONT., CANADA, SATURDAY, JUNE 27, 1908 TEN CENTS PER WEEK

THE LAND BILL DISCUSSION IS CONTINUED IN THE HOUSE

Let Provinces Boss School Lands Says Mr. Borden—Liberal Member Supports Him—Suggestion Favorably Received by the House.

Ottawa, June 27.—Sir Wilfrid Laurier has changed his mind again and the Aylesworth election bill will not be taken up on Monday, as announced on Wednesday. The date is now given as Thursday next, but in Conservative quarters there is an impression that some excuse will be given to postpone further consideration of the measure from time to time till it is too late to do anything with it this session.

During the discussion on the Oliver land bill last night Mr. Borden and other members argued that the school lands of the west should be handed over to the provinces to be administered by them. This was supported by Jackson, Liberal member for Selkirk, who said he had held that view for 20 years as a member of the Manitoba Legislature.

The western members held the floor practically all day when the Oliver lands bill was taken up in committee. There are over a hundred clauses in this bill, and by 6 o'clock the 28th section had been reached. The main discussion was on the pre-emption clauses. These provide that homesteaders may take up an additional 160 acres of land within the prescribed area, which is described as the semi-arid belt of Saskatchewan and Southern Alberta.

Clause 27 provides that within the specified area settlers may homestead on ordinary conditions, and may also pre-empt an adjoining quarter section which will be sold to him at $3 per acre, on condition of his doing certain settlement and cultivation duties.

Clause 28 provides that a man who has already secured a homestead may locate a second homestead within this pre-emption area which will be sold him at $3 an acre on same conditions.

A discussion on the limiting of the area of Manitoba ensued. Members on both sides wanted portions of Eastern Manitoba included, and Dr. Roche argued for the inclusion of portions of Keewatin, which will be included within the boundaries of Greater Manitoba, while still other westerners spoke for other portions of Alberta.

Mr. Oliver signified his willingness to include the area between Lake Manitoba and Lakes Winnipeg and Winnipegosis and the Saskatchewan in the pre-emption area.

Mr. Foster said the money would be spent in the ordinary way, and the Government would have to borrow for the Hudson Bay Railway. Mr. Oliver thought it was all the same, so long as the money was coming in.

GOLD AND SILVER MARKS ACT PASSED IN SENATE

Ottawa, June 27.—The Senate passed the Gold and Silver Marks' Act yesterday with amendment allowing in addition to the authorized marks on gold and silver articles "any other mark not calculated to mislead or deceive and not incorporated in any quality mark."

Several other bills were also passed, and the Senate adjourned till next Thursday.

Sir Mackenzie Bowell called the attention of Sir Richard Cartwright in the Senate yesterday to the fact that in answer to a question in the British House the Colonial Secretary said there had been some communications from a foreign country as to the effect of the Franco-Canadian treaty upon trade and one of these communications contained representations as to the prejudicial effect of the Franco-Canadian convention on trade. This had been forwarded to the Canadian Government.

Sir Richard Cartwright said Canada had not yet received any assurance as to the passage of the treaty by the French Senate, and it would be premature to discuss a treaty which might not come into effect.

"I believe there have been some communications received by the Imperial authorities from Germany, and these matters are under consideration at this moment, but I am not in a position to state what action, if any, the Canadian Government may see fit to take about it. The German trade with Canada is afflicted, not merely with a general tariff, but with the special surtax. The Germans have it in their power to get rid of that surtax if they place Canada in position, as to their tariff, which she occupied before they quarreled with us for giving Great Britain a preference."

Sir Mackenzie asked why the French Senate had not passed the treaty. Sir Richard said he feared the French Senate had been afflicted somewhat with the heresy of protection. This might have something to do with it. Sir Mackenzie said the present Government did not appear to have escaped the heresy spoken of. He asked if the Government would lay the correspondence on the table. Sir Richard said that there would probably be negotiations with Germany and it would hardly do to make public correspondence during "pour parlers."

Wires Claim Another Victim.

Port Arthur, June 27.—Ed Carlson, a lineman, was electrocuted yesterday afternoon. He was working at wires when he struck a live wire. More than 2,200 volts passed through his body and he died instantly. Persons passing were horrified to see his body hanging in wires and being burned up, and the smell of burning flesh could be distinguished by people on the ground.

It was an awful sight. A portion of one foot was completely burned off, the flesh of one leg above the knee was burned to the bone, head and face were burned to a crisp.

His moustache, eyebrows and hair was burned off and parts of the flesh of his face burned.

King Spoke For Jews.

London, June 27.—The Jewish Chronicle understands that during the recent meeting between King Edward and Emperor Nicholas at Reval it was intimated that Premier Stolypin was preparing an important measure for the amelioration of the condition of the Jews in Russia.

This measure, it is stated, will be directed towards modifying the laws governing the Jewish Poles.

Train Smash In India.

Bombay, India, June 27.—In a collision between an express and freight train on the Bombay & Baroda Railway, near Baroda, yesterday, a number of persons were killed.

It will be impossible to estimate the loss of life until the wreckage has been cleared away.

Four passenger coaches and four mail cars of the express train, and four cars of the freight, were burned.

Aged Lady Injured.

Chatham, June 27.—Mrs. Thomas Somerville, aged 80 years, and a resident of Chatham nearly all her life, was probably fatally injured at her home Thursday night. She was standing looking out through a screen door, when the door gave way and she fell down the steps of her residence. Her hip was badly fractured and she was injured internally.

Hurled From Train.

Chatham, June 27.—Hurled from the top of a freight train going forty miles an hour, Brakeman L. P. Davis of St. Thomas was seriously, and perhaps fatally injured at Stephenson, a little place on the Pere Marquette Railway, a short distance from here yesterday morning.

Dies of His Injuries.

Winnipeg, June 27.—After suffering intense pain from a broken arm and collarbone and severe internal injuries, John Peissner died at the General Hospital yesterday. He was knocked down and run over by a heavily laden wagon, Thursday.

Unity In Canada.

London, June 27.—(C. A. P.)—The Chronicle publishes an interview with Earl Grey regarding the tercentenary at Quebec. The interview dropped a hint with regard to the possible French-Canadian sentiment. Earl Grey replied by recognizing the unstinted homage and honors due to the French pioneers.

"We are taking the most effective means," he said, "of extinguishing eternally the last spark of racial resentment."

Five Killed In Wreck.

Chadron, Neb., June 27.—Five persons were killed yesterday in a wreck on the Chicago & Northwestern Railroad. A double-header passenger train, eastbound, struck a washout caused by a cloudburst forty miles from Chadron.

The dead: Willis Graham, engineer; O. C. Meyers, foreman; Fred Emener, brakeman; two men who were stealing a ride.

Government Pensions.

London, June 27.—The list of pensions granted by the Government in the past year for services to science and literature includes $1,250 yearly to Prof. Edwin Ray Lankester, director of the Natural History Museum, and $250 yearly to Paul Fountain, an American traveler and writer, the latter "in consideration of his contributions to literature and his strained circumstances."

Boy Swallows Hook and Dies.

St. John, N. B., June 27.—The little son of Hugh B. Pike, St. Stephen, swallowed a small metal hook used by his mother in fastening her dress. He died in great agony, the hook having caught in glands at the base of the throat.

Boiler Blows Up.

Little Valley, N.Y., June 27.—The boiler of a steam viner operated by the Fuller Canneries Co. of Cleveland, exploded yesterday, probably fatally injuring four men and seriously injuring two others.

Traction Engine Exploded.

Buffalo, N.Y., June 27.—A special from Forestville, N.Y., says: Five men were injured, three fatally, by the explosion of a boiler of a traction engine at Cottage Chautauqua County yesterday.

Chambermaid Arrested.

Kingston, June 27.—Mrs. Ellen Perrin, aged 26, was committed for trial for stealing $95 from Herbert Thompson of Arden. Thompson spent the night at the Iroquois Hotel, where Mrs. Perrin is chambermaid. He left his wad in a purse under his pillow and it was stolen. Mrs. Perrin when arrested gave up $106, but denied stealing this amount.

CHAUFFEUR'S FLYING LEAP

Motor Car He was Driving Leaps Sixty Feet at Niagara-on-the-Lake---Plunged Over Bank.

Niagara-on-the-Lake, June 27.—Just as the party of ladies were about to get into it the motor car of Parks Commissioner W. L. Doran of Niagara Falls, Ont., shot ahead through a stout railing over the escarpment in front of the Queen's Royal Hotel yesterday afternoon and plunged into Niagara river with the chauffeur in it.

By miracle, Driver Thomas Small came out of the water unhurt and the only damage done the machine was a break in the front axle. The bank is 60 feet deep.

The party were going to see the military review and Mr. Doran ordered his man to move ahead about six feet. Something went wrong.

A message was sent to the camp and a company of army engineers were ordered from the review to haul out the wreck. A second message to the effect that the local life-saving crew had hauled the car ashore stopped them. Last evening the army engineers went down and hauled it to the top of the bank. It can be easily repaired and will be running Monday.

STEVEDORES CREATE A ROW

New Scale at Owen Sound Causes More Trouble.

Owen Sound, June 27.—For the third time in the present season the Northern Navigation Co. had trouble yesterday while trying to load their vessels at the reduced rate of wages for stevedores.

When the Ionic came to load cement a gang was brought from Collingwood to handle freight in case of a strike. Their appearance was the signal for a demonstration from a crowd of 500 men gathered on the wharf. After some hesitation twelve Collingwood men went to work.

Local Manager Smith claims that there are plenty of men who will work at the reduced scale of 22 1-2 cents for truckers and 25c. for hold men, instead of 25 cents all round, but they fear violence. The Owen Sound people have little sympathy with the strikers because they are not permanent residents of the town.

Hearst Recount Ends.

New York, June 27.—W. R. Hearst made a net gain of six votes in the recent recount of the ballots cast in Richmond County, according to a return made to the court in the mayoralty contest yesterday. Mayor McClellan's plurality with the recount practically complete is 2,965. The count of the election inspectors gave him 3,334.

SUCCESSFUL PUPILS IN THE COMMERCIAL DEPARTMENT

Scholars Who Receive Diplomas in Stenography and Book-keeping—Have Finished Two Years' Course—Those Who Have Completed First Year.

It is the aim of the Collegiate to give in the Commercial Department in addition to the Commercial subjects a thorough grounding in the English branches and arithmetic. For this reason the students of this department are required to take a higher percentage to pass than the pupils in the other forms. The complete course can be done in two years. The students take typewriting when they reach the senior form. After a student has completed the full course and passed successfully the full examination of the different parts he or she is awarded a Commercial Diploma.

COMMERCIAL 2.

The results of this year's examinations are as follows:—

Part I.—This part comprises Reading, Spelling, Grammar, Composition, Literature, History, Geography and Arithmetic. To pass 35 per cent. in each subject and 55 per cent. of the total is required. Honors 75 per cent. Names are in order of merit.

Honors—Irene Spicer.

Pass—Mabel Russell, Ethel Pethick, Minn Waldie, Estelle Collison, Grace Evans, Maud Lindsay, Emily Horsfield.

Part 2 comprises Book-keeping, Theory, Book-Keeping Practice, single and double entry, Business Forms and Law, Penmanship, Business Correspondence. To pass in this part 60 per cent. total is required.

Honors—I. Spicer.

Pass—E. Collison, E. Pethick, M. Waldie, G. Evans, M. Curtis, M. Russell, M. McIntosh, L. Haskill and E. Horsfield, (equal); L. Stillman, H. Baptie.

Part 3—Stenography—To pass in this subject the student must pass in two five-minute tests. At least 80 words per minute must be attained, with less than 2 per cent. mistakes (the Pitmanic test.)

Those who attained 100 words per minute are I. Spicer and E. Pethick. 80 words per minute, H. Baptie, E. Horsfield, G. Evans, M. Russell.

Part 4—Typewriting.—The students, after taking a course in general work, mimeographing, must pass with an average speed of 60 words per minute in copy and dictation tests.

I. Spicer averaged 43 words per minute.

N. Pethick and M. Curtis, 35; G. Evans 34; E. Horsfield and M. Russell, 33; H. Baptie and L. Stillman, 31; M. McIntosh and L. Haskill, 30.

Commercial Diplomas are granted to I. Spicer, E. Pethick, G. Evans, E. Horsfield, M. Russell.

Irene Spicer is the best student that has ever passed through the Commercial Department since it was organized.

Promoted from Commercial I to Commercial II—To pass 35 per cent. in each subject and 55 of the total. Elsie Kirk, N. Brand, May Rose, Audrey Bennett, B. Heenan, Myra White, Cecilia Shevlin, Birdie McDonald, Pearl Haskill, Muriel Caldwell, Ruby Haskill, Derry, W. Tully, O. Girvin, Lillian Harris, H. Blanchard, P. Morgan, W. Sucee, H. Stewart.

RICH STRIKE HAS BEEN MADE ON CASEY MOUNTAIN PROPERTY

Mr. R. G. Williamson, president of the Casey Mountain Mining Company, in which several Peterborough people are interested, has arrived home from Cobalt, where he spent the past two weeks. Mr. Williamson informed the Review to-day that Cobalt is booming at the present time. The speculative period is now practically over and everything is on a good basis. The ore is being shipped out steadily and the mines are producing well up to expectations.

Mr. Williamson reports a rich strike on Casey Mountain property. It is a ledge of silver ore over two feet wide lying practically on the surface. It is now being stripped and it appears to be one of the richest strikes made at Cobalt for months. The ledge extends in the direction of a property which has proved immensely rich and it is likely a branch of the same formation.

Development work is going on rapidly on the Casey Mountain property and the shipping of ore will be commenced shortly. The directors of the company are greatly pleased with the way the property is turning out.

SHOULD FIRE BRIGADE BE CONTROLLED BY COMMISSION?

Put the fire brigade under the control of a commission is the slogan of a portion of Peterborough citizens. They claim the brigade will always be hampered so long as it is under the control of the Council.

Speaking to the Review to-day a prominent citizen said that a commission would be the proper body to have control of the fire brigade. The best results were not obtained by having it in the hands of the City Council. A commission would prove much more satisfactory and in the opinion of the Review's informant, should be adopted in Peterborough.

ORDERS FOR THE 57TH REGT.

Efficiency will be Maintained Till after the Annual Trip.

Headquarters,
Peterborough, July 24th, 1908.

Orders by the D. C., 57th Reg. P.R.

No. 1—The regular Tuesday night regimental parades are discontinued until further orders, but O. C. Companies will arrange such parades of their respective companies as will maintain their organization and efficiency until after the annual trip.

No. 2—The ranges in the drill hall will be kept open so as to give those members of this regiment who have not as yet done so, an opportunity to qualify for efficiency pay.

No. 3—Company pay sheets, efficiency pay sheets, service rolls, and target returns must be completed and handed in to the regimental paymaster on or before July 11th next.

By order.
G. W. BENNETT, Major,
Acting Adjutant.

New Diamond Field.

Berlin, June 27.—A despatch received here from Windhoek, Damaraland, German Southwest Africa, says that a diamond field, the extent of which is nearly ten square miles, had been discovered at Luderitz Bay.

Muzzles For Dogs.

Paris, Ont., June 27.—Owing to a "mad-dog" scare, Mayor Patterson has issued a proclamation calling for all dogs to be muzzled or chained for two months.

HORSE SLAYER IS ARRAIGNED

Man Accused of Brutal Crime is on Trial atGalt---The Evidence.

Galt, June 27.—James Bunyan appeared before Magistrate Blake yesterday to answer to the charge of killing two horses, the property of Thomas Riddell and J. J. Thompson of Beverly, in the Central Hotel stables on Saturday, June 20. Mr. Reid, K. C., Berlin, conducted the prosecution, the prisoner being defended by Mr. J. S. Dazell, Galt.

When arrested by Chief of Police Corman, Bunyan admitted having tampered with the animals, but pleaded he had no intention of inflicting any injury. Witnesses swore to having seen the prisoner near the horses shortly before the brutal crime was discovered and afterwards when the veterinary was endeavoring to relieve the animal's agony.

The weapon, a sharp pointed broom handle, was produced in court. No evidence for the defence was taken and owing to the absence of Dr. McDonald, V.S., witness for the prosecution, the case was adjourned till Friday morning next.

COSSACKS HOLD TEHERAN CITY

Shah Guarantees Protection—Proclamation Issued for Elections.

Paris, June 27.—A special despatch received from Teheran states that in the two days' fighting in that city 454 soldiers and 300 Nationalists were killed and wounded.

In an interview the Shah's private secretary stated that the Shah regretted the trouble and blamed the populace who threw bombs and fired upon the soldiers. He will take special measures to stop the plundering.

A proclamation has been issued arranging for the elections to be held within three months, and urging the people to choose capable deputies. Meanwhile the Shah guarantees the safety of the property of all peaceful residents, even that of those persons now under arrest. The anjumans—the political clubs—are forbidden to meet.

The Cossacks continue to hold the city, but the other troops are encamped outside.

Butcher Fights Bull.

Chatham, June 27.—W. J. Easton, a local butcher, had a thrilling experience with an enraged bull on the farm of Mr. Rush, Chatham Township. While driving up the lane, the bull, which never before showed any signs of viciousness, charged him, goring his horse and demolishing his buggy. Easton was thrown to the ground, but he quickly got to his feet, and grasping a fence rail in both hands belabored the bull about the head till he drove it away.

Revolution In Mexico?

Laredo, Texas, June 27.—Two hundred armed mounted men yesterday attacked and captured the town of Viesca, State of Coahuila, Mexico. Three persons were killed and several wounded in the fighting.

Telegraph wires were cut and the railroad lines torn up and a bridge burned.

Three train loads of troops left the City of Mexico last night for the scene.

One-Armed Man Swims Rapids.

Niagara Falls, N.Y., June 27.—With nothing to protect him but a cork life preserver, George Powell, a one-armed Buffalo man, yesterday afternoon swam through the Devil's Hole Rapids, and on to Lewiston. He covered the two and one-half miles in thirty-five minutes.

This is a feat which has been performed only twice before.

"Bobs" Coming to Quebec.

Quebec, June 27.—Lord Roberts, the hero of the Boer War, is coming to Quebec for the tercentenary festivities. A cable to this effect has been received.

Col. Sherwood, chief of the Dominion Police, with a staff, will occupy quarters on the citadel during the tercentenary celebration.

Smallpox In Kent.

Chatham, June 27.—A slight outbreak of smallpox has occurred in Harwich Township a few miles from the town of Blenheim. A number of families have been affected for some time, and the fact has at last been drawn to the attention of the authorities.

$750,000 Fire For Duluth.

Duluth, Minn., June 27.—Property loss of $750,000 may be entailed by fire which is raging among the Consolidated Elevator Co.'s group of four elevators along the waterfront.

Cornwall Canal Disaster.

Ottawa, June 27.—The break in the canal at Cornwall, according to the Minister's statement yesterday morning, is very serious. Not only was the bank washed away, but the basin of the canal is washed out in the shape of a large horseshoe, near the southern bank. Just near this horseshoe was a pier of the Ottawa and New York bridge. It was necessary to build a big dam around this horseshoe. In order to hasten the reopening of navigation, it will be necessary also to remove this pier, or excavate around the north side. This latter course has been adopted. He was afraid to promise when the canal would be open, but two hundred men were now at work, in three shifts of eight hours.

MANY MET WATERY GRAVE LONG LIST OF CASUALTIES

Three Children Lose Their Lives by Collapse of Old Scow—Old Resident Drowned in Lincoln Paper Mill—Farmer Found Dead in Pond.

Eganville, June 27.—One of the most melancholy tragedies in the history of Bonnechere occurred about a mile above the head of Golden Lake, when three daughters of John Jeffrey lost their lives by drowning while crossing the stream. The girls were Effie, aged 17; Jessie, aged 9, and Mary, aged 7. They had spent the afternoon visiting Mrs. Jeffrey's mother, Mrs. William Thomas, and were returning home in the evening. Mrs. John Thomas had taken the mother and little son across and was making the second trip when the fatality occurred. She used an old scow about five feet wide, which they kept for the purpose, and when about mid-stream one of the sides gave way, letting in the water, and the craft went down at one side, precipitating all four into the river. Mrs. Thomas managed to cling to the scow.

Sad Drowning Fatality.

St. Catharines, June 27.—A drowning accident occurred at Upper Lincoln Paper Mill, Merritton, at noon, when Darby Dockery, one of the village's oldest men, supposed to have had a weak spell while at work and to have fallen on his face in about two inches of water, which was on the floor. He was discovered by some employes of the mill who sent for Dr. Vanderburg, but life was extinct.

Coroner Jory was called, but held that an inquest was unnecessary, as the man evidently died of heart failure. Mr. Dockery was an employe of the mill for many years.

Two Boys Drown.

Montreal, June 27.—In 15 feet of water and not 20 feet from the shore, two youths were last evening drowned opposite Maisonneuve. The victims were Albert Trudeau of 928 St. Catherine street and Paul Drolet of 58 Lateurneux avenue, both 17 years of age. With a third boy they had been playing in an old boat, which suddenly upset. Trudeau lost his life trying to save Drolet, who could not swim.

Bridge Worker Drowns.

Fort William, June 27.—William McRae, who was working on the Grand Trunk Pacific bridge at West Fort William, fell off the bridge yesterday and was drowned. He was unmarried.

Farmer Found Drowned.

Pierson, Man., June 27.—Thomas Bright, a bachelor farmer, who has lived here for twenty-five years, was found drowned in a pond near his home Thursday night.

TELEGRAPHIC BRIEFS FROM MANY POINTS OF THE WORLD

A large bush fire is raging west of Fernie, B.C.

J. J. Wink was drowned in the Kootenay river.

Capt. H. T. Whelpley was killed at St. George, N.Y., by falling into the hold of his vessel.

Florence Nesbitt, 2 years of age, St. John, N.B., swallowed some carbolic acid and died.

The steamer Orion reported at Vancouver having caught 19 humpback whales, each valued at $1,000.

Capt. Stephen Nevill, aged 56, is missing from St. John, N.B., and is supposed to have fallen overboard and drowned.

Thirty sections of land in the Tramping Lake District, Saskatchewan, have passed into the hands of United States settlers.

Three men were arrested near Toledo, O., suspected of attempting to wreck a passenger train near Monroe, Mich., by placing a railway tie on the track.

DRAGOON SHOT AT NIAGARA

Camp Closes With Brilliant Review Yesterday---Big Results Obtained.

Niagara Camp, June 27.—A trooper of the 2nd Dragoons shot a hole almost through his right leg just above the knee with a blank cartridge yesterday morning, and lies in No. 11 field ambulance hospital. Some fear that tetanus may result has been expressed. The whole charge of powder and wads was driven into his limb in dangerous proximity to the femoral artery, and a hole was made about an inch in diameter. The surgeon's probe located the wads just under the skin on the outside of the leg. It penetrated from the inside. He had been handling his rifle with the chamber open and thrust the bolt home rather sharply exploding the shell.

C. Co. of the 12th York Rangers lead the whole camp in the active service challenge cup competition for high scores at the butts. This competition extends over the four military districts of Ontario. Last year this company won the trophy.

The next in order of merit at this camp are A., B., and H. companies of the 35th Regiment.

The 23rd Parry Sound Regiment, two companies of the 31st Grey and sections of the Field Ambulance Corps, the Army Service Corps and the Royal Canadian Dragoons have already left camp for home.

Things that looked impossible two weeks ago have been accomplished in Niagara during the ten days' drill, which was brought to a brilliant conclusion with a review of all corps by Gen. Cotton yesterday afternoon.

The success of this feature was most pronounced, and the officers commanding the different sections were heartily and sincerely, complimented by the general at the conclusion of the exercise.

Brakeman Saved Train.

Paris, Ill., June 27.—Mangled beneath the wheels of the Knickerbocker Special, Lawence Friend, aged 23 years, a brakeman, gave his life in preventing the fast Big Four passenger train from crashing into a row of freight cars head-on and the loss of scores of lives that might have followed the collision.

Friend was working on a freight train which was blocking the line when the passenger train came along at 40 miles an hour. The brakeman ran to a switch and turned it just in time to throw the passenger train on a side track, but not quickly enough to avoid being struck down.

Edna Ivy Makes Seizure.

Windsor, Ont., June 27.—The Edna Ivy, the new boat chartered for the Fish and Game Department of the Ontario Government, is here after a trip on the lakes, during which it made its first seizure Wednesday, confiscating 140 yards of gill nets from American fishermen on Lake St. Clair.

Eleven Mexicans Arrested.

El Paso, Texas, June 27.—Eleven Mexicans were arrested here, charged with fomenting a revolution against a friendly power on American soil.

A search of the building revealed two cases containing rifles and revolvers, and also 1,000 rounds of ammunition.

BIRTHDAY HONORS BY HIS MAJESTY

Four New Peers Have Been Created---Several Privy Council Officers.

London, June 27.—The list of honors accorded on the occasion of the official celebration of King Edward's birthday shows that four new peers have been created, and there are new privy council officers, 11 baronets and 36 knights.

The peers include Sir Anthony Patrick MacDonell, under secretary to the Lord Lieutenant of Ireland, whose resignation from this post coincides with his elevation, and George Whiteley, member of Parliament for the west riding of York, who has just resigned the post of Liberal whip. Thomas Wallace Russell, Liberal division of Tyrone, shares with Sir Charles Fitzpatrick of Ottawa the appointments to the Privy Council.

Among the baronets are Sir Thos. Brunton, the physician, and Robert William Perks, Liberal member of Parliament for the south division of Lincolnshire, who was so closely associated with the late Charles T. Yerkes in his projects for the improvement of the traction system of London.

The list of knights includes J. J. Duven, an art connoisseur, known principally for his gift to the nation of the "Turner gallery," which is now being built at a cost of $200,000, to hold the works that Turner bequeathed to the nation; James A. H. Murray of dictionary fame; R. A. Hadfield, president of the Iron and Steel Institute, as well as those announced Thursday, W. J. Falconbridge, Chief Justice of Ontario, and Henri Thomas Taschereau, Chief Justice of Quebec.

Lost Original Lease.

Ottawa, June 27.—The Government should have an original copy of the F. H. Markey fishing lease, but it has disappeared.

Hon. L. P. Brodeur stated in the House yesterday that it was handed, in 1904, to an Opposition member, who had read it in the House and given it to Hansard. Then it had disappeared.

What was thought to be a true copy was brought down in 1906, but it was now known by comparison with Mr. Markey's copy that that was inaccurate. So a true copy was produced by Mr. Brodeur, taken from Mr. Markey's original.

After looking into precedents it was decided to refund the fee of $200 on the private bill to establish the Architectural Institute.

Caught After Two Years.

Belleville, June 27.—Two years ago a warrant was issued for the arrest of Frank Lapalm of this city, charged with stealing $10 from David Gerow. Before he could be arrested he skipped to Rochester. He returned and the police nabbed him. He was remanded for a week.

House to Take Holiday.

Ottawa, June 27.—The House will observe Dominion Day, but will make up for that observance by working on the 4th of July. That is the effect of a motion which Sir Wilfrid Laurier has given notice.

The C.P.R. will not apply for a new license for its hotel at Moose Jaw. [illegible]

The Daily Review

SATURDAY, JUNE 27, 1908.

AN UNLUCKY GOVERNMENT.

The break in the Cornwall Canal is only second in importance as a disaster to the fall of the Quebec bridge. An enormous hole in the bank let down a huge volume of water, which carried away a large railway bridge and did immense damage to to the canal alongside. The loss will be be $2,000,000. This is no time for laughing. It is the most serious in the history of Canada. We shall have to pay at least $179,000,000 in cash for the G.T.P., which will be handled and controlled by a private company for its own interest. Mr. Fielding acknowledges a deficit of $30,000,000 for next year. The Quebec bridge and Cornwall canal disaster seem like child'splay in comparison, but they are serious enough. Add to all this the infamous corruption at Ottawa, and we have such a picture of waste and disorder as would daunt the heart of the boldest people in the whole world. As if to make the present and the future still more gloomy, trade is dull and many are out of work. A change and a speedy one is imperatively demanded.

THE BURDEN OF BAD TIMES.

The condition of affairs in Canada is such as to set men to thinking and thinking seriously. We may well take for our text the words of Sir Wilfrid Laurier spoken upon another occasion. They are as follows:—"We view with alarm the large increase of the annual expenditure of the Dominion and the consequent undue taxation of the people." And then to further emphasize the condition which he described he made use of these now memorable words, "The Government takes $36,000,000 or more in the form of taxation every year—they take it from you, from me, from all the people of the country—every pound of nails, every axe, every yard of cloth you buy from your merchant is a medium through which you pay to the Dominion Government—if they (the people) understood, the present Government would be chased out of power as the robbers were chased out of the Temple." Then to clinch the matter and put it beyond all doubt he remarked two years after, "We are the party of low taxation."

Now, then, what are the facts? Customs charges in 1906, the last year of Conservative rule, were $3 94 per head. In 1906 they were $7.70 per head and in 1907 $9.20 per head. If it were not calamitous this would be laughable. But it is true. Naturally the reader will ask as anybody would ask, "How on earth did they manage it?" The answer is plain. It is made up of all sorts of items. Sir Wilfrid has given away our resources to sharks and favorites. The people as a whole have on the other hand been bled. No consideration whatever has been shown for them. Five millions here to pay the dividend of the Dominion Steel Co., seven millions there to pay for a Quebec bridge, fifty millions for a great railway, hundreds of thousands here, there and everywhere for fog-signals, patronage steals, supply swindles, etc. That is where it has all gone. What more need be said?

ENGLAND WAKING UP.

The new Patents Act comes into force in England on July 28th. By it all foreigners taking out patents in England are required to manufacture there. Already German firms have invested $125,000,000 in new plants in England. Other countries are following suit. Englishmen are proverbially fond of doing things in their own way. The cattle embargo and the Patents Act are protection, pure and simple, but to prevent the rank and file from getting on to it they deny it by that name meanwhile passing special acts of favouritism and discrimination galore. The most casual observer must agree that tariff reform is badly needed in Great Britain if for no other reason than to place all classes on an equal footing.

EDITORIAL NOTES.

Mooney—Faith, Oi cud die listenin' to Tom Callahan play th' pipes."

Donohue—"Fer meself, Oi'd prefer a peaceful ind."

Ancient lady about to lecture a tramp for his good—"My man, were you ever married."

Tramp, hurrying away—"Wow, I forgot this was leapyear."

A brother Scot who did not sympathize with his peccadilloes in life when asked to suggest an appropriate epitaph for Scotlan's national poet, said "His ain name's enough — Robert Burns."

One of the late amendments made by the Ontario Government to the Liquor Act makes it imperative that people on the list of those to whom whiskey shall not be sold must tell where they got that beverage or remain in gaol until they divulge.

Dressmaker, standing off and admiring a new dress—What a beautiful fit.

Customer—Yes, and what a beautiful fit my husband will have when he sees the bill.

He, resolutely—Now, Maria, we must talk seriously to your father about our engagements and make him toe the mark.

She, nervously—Yes, dear; but I'm afraid you'll be the mark.

---

editorial notes

"We are told to cast our bread upon the waters," said a young wife.

"But don't you do it," replied her husband. "A vessel might run against it and get wrecked." —Simplicissimus.

Scene—Farmers dinner, tables well filled. Chairman — "Mr. Thompson, please tae say the grace."

Mr. Thompson, with bent head, commences to whisper to himself. Farmer next him—"Speak out, Thamson."

Mr. Thompson—"Shut up; I'm no speakin' tae you."

A politician, — A certain Glasgow councillor, not unknown to local fame, on being promoted to bailiedom, gave a grand supper, at which his health was drunk, with all the honors. In connection with his new dignity. "In the course of his reply, he said; "I canna but say I'm proud o' the honor o' being made a bailie, and even, I think, I'm kind o' entitled to the honor for I've gane through a the various stages o' degradation to reach it."—Exchange.

Answers by English school children—Social questions are sometimes treated after this fashion; "In one of the slums of Liverpool, in the back yard, was a girl filled up with cabbage stalks and tea leaves." "in the houses of the poor the drains are in a fearful state and quite unfit for human habitation" "In nearly all poor houses the landlady lives in the centre of the room, keeping a tenant in each corner." "The best way to improve poorhouses would be to put a thick plank on the floor and a cast iron beam on the ceiling

HAVELOCK TO CELEBRATE

Big Demonstration will be Held There on Dominion Day—a Good Programme.

Special to the Review.

Havelock, June 27.—The monster celebration which will be held in Havelock next Wednesday, July 1st, promises to be one of the largest that has ever taken place, far surpassing celebrations of previous years. The committee have spared no pains and will give all visitors a demonstration that will satisfy them. The following are a few of the many attractions that will draw the large crowds from every point of the compass to that growing and prosperous railroad town called Havelock on July 1st;—

A Midland League football match between Norwood and Havelock, two teams about equal in strength.

A named horse race with a purse of $40.00, in which the following horses will enter;—

Dr. Wilson's "Jessie D." of Hastings.

John Godfrey's "Grey Colt." of Percy.

Lou Stinson's "Little Muck," of P. Carr's Hastings.

P. Carr's "Bay Colt" of Seymour.

John Armstrong's "Chestnut," of Havelock.

Art. Elmhurst's "Bay Colt" of Villiers.

Charles Blake's "Brown," of Norwood.

Mr. Jack Mark of town, will be the starter, and S. J. Fisher, of Campbellford, and Richard Welsh, of Hastings, are judges.

A baseball match between Campbellford and Havelock.

A Chariot Race—The ancient sport of the Romans.

Havelock will challenge all comers to a "tug-of-war" match.

An arm chair valued at $10.00, will be drawn up for the concert in the evening.

A grand concert will be held in the town hall in the evening.

Single fare rates on railway and first class hotel accommodation.

A SHINING MARK.

What Parisian Sage did for Chas. S. Baker, it will do for you. Read the following;

"I was so bald and such a shining mark for my friends, that I, as a last resort, tried your Parisian Sage — after trying several bottles of the highly advertised and high priced so-called hair restorers —and I am glad to say I now have a growth of new hair. I am now 44 years old and I have a heavy growth of new hair, after carrying my shining mark for over seven years. I gladly recommend Parisian Sage to all afflicted with baldness," Chas S. Baker, 491 Main St. East, Rochester, N.Y.

Parisian Sage, the only natural hair restorer, is guaranteed by W. Madill, to cure dandruff, stop falling hair, and cure itching of the scalp, or money back. It is the ladies' favorite hair dressing, because it adds charm and luxuriance to the hair. 50 cents a bottle. Ask W. Madill about it.

Frank G. Hassard is now secretary of Peterborough Y.M.C.A.

The school ship Nautilus received a rousing welcome at Havana yesterday. She is the first boat of the Spanish navy to enter a Cuban port since Spain lost the island.

The rebellion in Persia is not confined to Teheran as at first hoped. There was fighting in Tabriz, between revolutionists and reactionaries all day yesterday.

W. J. Boyd, Regina, Sask., buckle; L. H. Cortright, St. John, N.B., non-refillable bottle; N. J. Cote, Montreal, Que., combination furniture; F. P. Freeman, Dominion Yukon, driving head; F. Hendrickson, Three Forks, B.C., Gun sight, W. L. Hiog, Montreal, Oven shelf.

HAD GOOD LUCK IN CHEMONG LAKE

Mr. H. McDonald Caught Some Fine Bass Out There.

While out fishing on Chemong Lake on Thursday afternoon Mr. H. McDonald had the good luck to land a couple of fine bass. Mr. McDonald was exceedingly fortunate, having been at the park only since Thursday noon. He had been trawling but a short time when he caught the first, while some have been trying for days and have got nothing.

IN THE HOMES OF FAIR CANADA

Dr. William's Pink Pills Are Bringing Health to Weak, Despondent People.

There is not a nook or corner in Canada, in the cities, towns, villages and farms where Dr. Williams' Pink Pills have not been used, and from one end of the country to the other they have brought back to breadwinners, their wives and families, the splendid treasure of new health and new strength. You have only to ask your neighbors and they can tell you of some nerve-shattered man, suffering women, ailing youth, or unhappy anaemic girl who owe present health and strength to Dr. Williams' Pink Pills. Their wonderful success is due to the fact that Dr. Williams' Pink Pills go right to the root of the disease in the blood, and by making the vital fluid rich and red, strengthen every organ and every nerve, thus driving out disease and pain.

Mr. Joseph Lacombe, Quebec City, says:—"To-day I weigh about forty pounds more than I did a year ago, and am in every way in much sounder health. For upwards of two years I had been studying hard to pass my examinations and my health had completely given away under the strain. I lost flesh rapidly, my appetite was gone and my nerves were greatly weakened. I was obliged to abandon my studies and was in a state of complete exhaustion. I consulted a physician, but as I was daily growing weaker, I decided to try Dr. Williams' Pink Pills, which I had often heard verry highly spoken of. The beneficial effects were indeed remarkable for I had not used more than a couple of boxes when I could feel an improvement and hope returned. I continued using the pills for some weeks longer, with the result that my strength increased daily and I was soon able to take over my studies and work with as much energy as I had ever done. To-day I am in perfect health and I attribute my recovery solely to Dr. Williams' Pink Pills."

You can get these pills from any medicine dealer or by mail at 50c a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

DAILY REVIEW AT STONY LAKE

Will Be Delivered to Subscribers Same Day as it is Published.

Send in Changes of Address—Take the Review with You on Your Holiday.

Arrangements have been completed whereby the Daily Review will be delivered to summer resorters at Stony Lake on the same day as it is published. The papers will reach Lakefield in time to catch the evening boat for the lakes, and will be in the hands of subscribers on the evening of the day they are published.

Subscribers of the Review who are going to the lakes or to any summer resort can have the Review follow them by notifying this office of the change in their address. Drop a card or telephone 189, giving the old and the new address, and the change will be promptly made.

Persons who are not already subscribers to the Review can have the paper sent to them for thirty cents per month.

Take the Review with you on your holidays. It will keep you in touch with what is going on in the city in particular, and the outside world in general. Do not isolate yourself completely. Keep yourself posted on what is happening in the city. Get the Daily Review.

L. J. Pellet has resigned from Belleville Collegiate Institute to go to Peterborough.

REVIEW WANT ADVTS.

The Review want advertisements are read by thousands, for people want what they want when they want it.

If you need help,—Servants, hands, or workmen, try the Review want ad columns.

If you have anything to sell, from a pick-axe to an Auto, use the Review want ad columns.

If you have lost anything try a want ad in the Review and almost certainly you will recover the lost article. If you want an owner for anything found a Review want ad will bring the owner to light.

RATES FOR REVIEW WANT ADVTS.

One insertion —	25 cts.
Three insertions	50 cts.
Six insertions —	80 cts.
Ten insertions —	$1 00

Never mind counting the words. Say what you have to say, describe what you want to describe fully, so that the advertisement will be of service. We don't count words, we want you to get the benefit of the advertisement.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

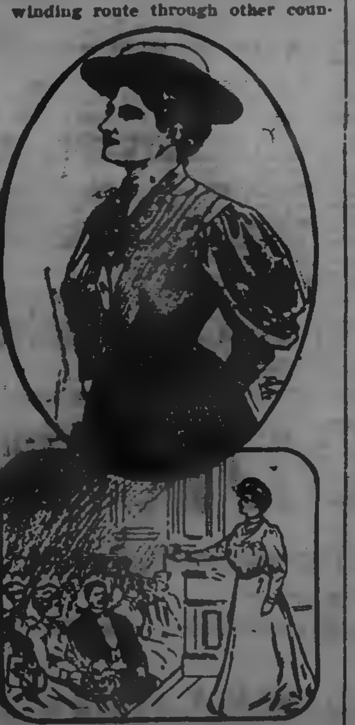
Woman's World

MRS. HARRIET C. ADAMS.

An Intrepid Woman Explorer With South America as Her Field.

There are few men explorers who are able to relate more varied and interesting tales of travel than Mrs. Harriet Chalmers Adams, a native of California, who returned to the United States recently after a three years' journey through the uncivilized portions of Latin America. And not many could tell of the experiences in so unaffected and entertaining a manner as Mrs. Adams, who is now giving in various cities illustrated lectures on South America, Panama and the West Indies. Her favorite subject is Peru, and in describing the scenery and customs of this marvelous country she uses a series of pictures, some being natural colored photographs showing the ruins from the time of the Incas and present day conditions.

A trip to Mexico aroused Mrs. Adams' enthusiasm for the south, and when her husband's business required him to make the three years' expedition she insisted on accompanying him. They went by way of Central America and Panama, down through Ecuador and Peru and across the Andes to the headwaters of the Amazon. Then by a winding route through other countries of the southern continent they came back to Panama and up again to the United States. Besides the dangers from precipices and rivers and bands of savages, they had sometimes to endure cold and hunger. They say that they owe their lives to having met a herd of llamas one night and snuggled beside them for warmth when they had failed to reach a shelter on the intensely cold plains of the "roof of the world."



MRS. HARRIET C. ADAMS.

Mrs. Adams is a rather small woman, with a sturdy frame gained from outdoor life and a pair of large dark eyes. She inherited her fondness for travel and adventure from her father, who was a "forty-niner," one of the pioneers who early penetrated to California. She is now a resident of the east, but retains her love for her western home.

In her longest jaunts, even where there is no eye but a savage's to see her, she has enough feminine pride to dress becomingly. She says herself that her outing suit is "lovely." It consists of knickerbockers and boots, a corduroy skirt, a medium sized sombrero and a khaki coat with pockets. That the effect is picturesque and that the outfit is one which will stand any amount of hard usage may be judged from the accompanying picture of Mrs. Adams.

Before Wash Day.

The preparation of plaited garments for the laundry is a matter of more importance than many women realize. Almost every woman, however, knows what it is to send a chic looking skirt, blouse or jabot to the laundry and have it come back lacking all style or shape. This is a case where an ounce of prevention is worth a pound of cure. It is much easier to baste down the plaits in a wash garment before it is sent to the laundry than it is to try to lead style to a misshapen thing after it has been pulled out of shape in washing. The little jabots should be basted while the folds of the plaits are still distinct.

The same rule applies to washable cravats, which must be basted down the middle to keep the outer covering and the lining in proper position.

When washing a skirt the plaits should be fastened into place and a second basting run around the whole hem so that the edge will be even when ironed. These stitches are left in until the skirt is entirely finished and ready to wear; otherwise the precaution will be ineffectual.

It is a very clever idea when a chain stitch machine is handy to use it instead of hand sewing, for the work is simpler, and the chain stitch is much easier to pull out than the hand work stitches. Of course, for any material where the machine stitches would show, such as stiff linens, the basting must be done by hand.

The Art of Living Together.

There is a fine art which is much neglected among us, and that is the art of living together—not so much the art of the wife living with her husband or a husband with his wife, but the art of being a smooth running wheel in the great machinery of the world—the art of not squeaking or slipping a cog or stripping the gearing or otherwise disturbing the harmony of the huge engine of human life.

Nor is it odd that this art is neglected when you come to think of it, for most people are ignorant of the existence of such a craft and if informed of it declare it of no importance. But this is not so, for the man who studies into its necessities discovers that it covers the whole ground of domestic science. The man who is clever enough to understand that unless he makes a good citizen be cannot expect good government will also be shrewd enough to see that unless he makes a good son he cannot expect harmony in his father's house.

And if these two important facts are comprehended he will not need to be told that to make a good husband will insure the happiness of one woman and to be a good father will round out his share of the responsibility in the balance of the universe. He has earned his right to live, move and have his being together with his fellow beings, for he has successfully learned the difficult art of living together.—From "Why Men Remain Bachelors."

Glories, Glooms and Others.

Are you a glory?
Or are you a gloom?
Or possibly are you a ball of fire?

Most young women, it would seem to the visitor at Yale university these days, fall under one of these three classifications. "Glory," "gloom" and "ball of fire" are the very latest words in the Yale man's up to date vocabulary. Just who invented them no one knows. But their meaning is clearly defined and well understood, and their use around New Haven is well nigh universal.

If you are a very attractive young person, you're a glory.

If you are not attractive at all, if you are rather tactless and ill tempered and self conscious and disagreeable, then, most unfortunately, you are a gloom.

If you are utterly and irresistibly fascinating and pretty and clever and sweet, you are a ball of fire.

"A glory," the Yale chaps explain—"a glory's a peach, you know. A gloom—oh, a girl's a gloom when she's a sort of lemon, don't you know. And a ball of fire—oh, say, a girl who's a ball of fire—why, she's a regular pippin."

A Frozen Dainty Without a Freezer.

A delicious form of ice cream which requires no freezer to make it is called mousse. It is easy to make, and it has the advantage over the plain cream and ice in that it does not need to go into the freezer at all, says the Delineator. To make this boil a cupful of sugar and a cupful of water till they will thread. Beat stiff the whites of three eggs and slowly pour the sirup over, beating steadily. When it is all in, beat till the whole is cold, then flavor, fold in a pint of whipped cream and put it all in a covered pail and bury it in a pail of ice and salt for four hours. This, like the other ices, can be flavored with coffee or fruits, or it may be served as it is, with fresh fruits around the mold, or crushed macaroons can be put in, or nuts and coloring matter can be added. A pale green mousse flavored with a little pistache is very delicate and attractive, especially if served in glasses on a hot day.

For Insomnia.

The woman who is never tired and cannot sleep ought to try the German rest cure. It is a very simple method, for she is made to work—that is all. If a patient has insomnia, she is set to sweeping off the garden walks, raking up the cut grass, at all kinds of light outdoor tasks calculated to make her physically tired. And she does it all cheerfully, because it is part of an expensive "cure." She could do it all just as well at home, of course, but she never would. So she takes her course of labor because it is the thing to do, she is told, and soon, to her great delight, she finds herself ready for her healthy sleep at night and generally quite willing to take a nap in the daytime also.

Planting a Violet.

The most beautiful single violet is the Princess of Wales. It is large, a lovely shade of blue and powerfully and sweetly scented. The stem is about twelve inches long. It is very robust, and if only one kind of violet is planted in the garden choose the Princess of Wales. It is almost as large as a pansy. The La France violet is also a very good one, and some consider it equal to the Princess of Wales.

Rugs That Creep.

To keep an art square or ingrain rug smoothly on the floor place under it an old carpet a trifle smaller than the rug. Tack the corners of the under one to the floor if desired. The upper one will cling to it and keep its place much better than if laid on the bare floor.

A Thought.

Never permit yourself to comment unfavorably upon a friend. If you have a complaint, carry it in person to the individual concerned. Loyalty is the life breath of real friendship, and if there were more loyalty there would be fewer broken friendships.

A Salad Help.

In making salads do not chop your meats and celery in a chopping bowl. Cut into the desired sized pieces with scissors. This is quicker, neater and cleaner than the old way.

To Stop Hiccoughs.

For troublesome hiccoughs try a teaspoonful of granulated sugar and three drops of vinegar or lemon juice.

Frank Adams, the four-year-old son of Harold S. Adams, of St. John, was killed by falling into an old quarry.

THROW AWAY LINIMENTS

Here's the Prescription to Cure Rheumatism.

Liniments only reach the skin and the muscles directly under the skin. Now, liniments can't cure Rheumatism. They simply deaden the nerves for a time. When the effect wears away, the pain returns worse than ever.

If the bowels do not move regularly—if the kidneys are strained or weak—if the skin is dry or harsh—the blood is sure to be filled with impurities or urea. This urea is changed into uric acid which is the poison that causes rheumatism.

Now, the only possible way to cure Rheumatism is to prevent uric acid from being formed. Logically, the only way to do this is to keep kidneys, bowels and skin in good working order, and prevent the stomach from being too acid. And the only way to do this is to take "Fruit-a-tives."

These marvelous tablets of fruit juices and tonics act directly on the three great eliminating organs—bowels, kidneys and skin—and put them in perfect condition. That is the only secret of their great success in curing rheumatism, sciatica and lumbago.

50c a box—6 for $2.50. "Fruit-a-tives," Limited, Ottawa.

REFRIGERATOR LORE.

Keep the Icebox Packed or Well Filled All the Time.

The return of warm weather brings to the mind of all good housekeepers the imperative necessity of keeping the refrigerator clean. A fact that is not often recognized, says an exchange, by careful housekeepers is that the refrigerator should never be in a damp and airless place. Dampness will warp the wood and by so doing make the tight closing of the doors impossible. This will admit the warm exterior air, melt the ice and defeat the purpose for which the refrigerator was built. Proper ventilation is an absolute necessity.

Another point to remember is that the doors should be opened as rarely as possible and shut tight as soon as possible. Try to take out or put in all you have to at the same time, then bolt the door even if you are "coming back in a minute."

By making this experiment you will soon see how much colder your refrigerator keeps.

Do not economize by putting in an insufficient quantity of ice. This is a mistake. If you keep the icebox packed or at least well filled, you will have the benefit of the maximum cooling capacity of your refrigerator; otherwise the temperature within will never be very low and things will not keep as well.

A small refrigerator well stocked with ice is more useful than a larger one only half full.

Except in certain cases where it cannot be helped, make it a rule never to put food directly on the ice.

If the vent of the icebox communicates with the drain, it should be seen to that a good plumber makes the connection in a sanitary way; otherwise the sewer gas from the drain may prove dangerous.

When a pan is used for the water from the refrigerator it should be so large that it cannot overflow before the time comes for emptying it.

Empty the whole box, ice and all, from time to time and give the refrigerator interior a good scrubbing. Some people object to this plan, as it takes a little while afterward for the box to get cold again. But it makes for absolute cleanliness in the refrigerator.

CHILDREN'S CLOTHES.

Attractive Styles For the Wee Summer Girlie.

In one sense of the word all dresses for children are one piece dresses, but some are cut literally in one piece, while others are cut with waist and skirt in separate sections, which in making are sewed together and when finished present a one piece garment. Usually the little frocks which are cut literally in one piece are on the play clothes order, and these are very simple to make. They are indeed a boon to the busy mother, for, with a bit of ingenuity, a little frock may be cut, sewed and finished in almost less time than it takes to describe it. Such dresses are suitable for children up to the age of seven and may be made of the pretty checked ginghams and plain tinted chambrays. The former may be trimmed with bands of solid color or white, while the chambrays are especially pretty if decorated with the new woven braids which come in such great variety this season. You notice that soft materials are suggested for these little frocks because they are made with fullness, and the heavy linens, galateas and denims are unsuitable for these patterns.

For the Sunday best no style is prettier than the "French dress" for the little girl up to nine years of age. The characteristic of this style is that it is long of waist and short of skirt. The little full skirt is attached to the waist, which may be shirred or laid in plaits, and the join is usually concealed by a sash. Sashes are especially pretty with this style of dress.

For such little frocks French nainsook, India linon, batiste and lawn are all attractive and appropriate. Tucks constitute a pretty trimming, while fine embroidery in a dainty pattern and valenciennes lace are also suitable.

Horseradish For Home Use.

Horseradish may be grown very easily for home use as follows: It requires a soil similar to rhubarb. Procure the rootlets from seed or from the branch roots of any good horseradish cut into lengths of three to six inches and plant upright firmly in the soil with the top of the cutting even with the top of the ground. Cuttings the size of a lead pencil are preferred. These may be planted in a row or rows six inches apart in row and far enough apart to hoe or cultivate easily.—Farmers' Garden.

YOUNG LADIES WERE UPSET OUT OF CANOE

Had an Experience at Chemong Which They will Not Soon Forget.

Two Peterborough young ladies who spent the past week at Chemong Park had an experience the other day which they will not soon forget. They were out sailing on the lake, and when opposite Mr. Hopwood's Island they were caught by a squall and upset out of their canoe.

The young ladies hung to the upturned craft and screamed for assistance. It was not long before their cries were heard and two young men went out to them and brought them to shore. They were none the worse for their experience except that they got a thorough drenching.

MUSIC AT GEORGE STREET SERVICES

The following is the musical service for George street church to-morrow evening:

Jubilee Lodge, No. 7, Prentice Boys held their regular meeting in the Orange hall last night. There was a large number present. Four candidates were duly initiated. Considerable business was transacted. The prospects look bright for a good showing on July 12th.

Following is the list of officers:

W.M. — Wm. Carter.
D.M. — A. H. Webb.
Sec-Treas. — S. Adlam.
Chap. — F. Drake.
D of C. — F. Turner.
Tyler. — J. Rose.

BOUNTIFUL HARVEST WILL HELP SOLVE LABOR PROBLEM

In Western Canada—Many Are Now Out of Employment—Rev. J. G. Potter Home from Attending General Assembly and a Trip Through the West.

The Rev. J. G. Potter, pastor of St. Andrew's church, arrived home last night from the West and will preach at both services to-morrow. Mr. Potter attended the General Assembly in Winnipeg during the past two weeks in June and spent a week visiting friends at Regina, Battleford, Brandon, St. Paul, Chicago and Detroit. Mr. Potter visited for a few days his brother-in-law, Mr. L. A. Thornton, B.S.C., who for some time was a member of the local Trent Valley Canal staff and is now superintending the construction of a Government bridge over the Saskatchewan river at Battleford. The bride is one of eight large concrete piers and when completed will join North and South Battleford.

Everywhere in the West there is every prospect of a bountiful harvest, and general hope is entertained that this year's crop will ease the depression that has existed for the past year in the West. The large centres of the west are trying to face the problem of the unemployed. The influx of hundreds from Europe has caused a condition of things that is not at all encouraging, so far as labor is concerned. A good harvest will ease the situation considerably, although it is generally admitted that many of these men could obtain work on the farms if they only would. Mr. Potter was greatly pleased with the unlimited enterprise and push in municipal and ecclesiastical interests. Special emphasis has been placed in every centre of any size on the value of exhibition grounds for the promotion of agricultural interests. The erection of large and beautiful school buildings is everywhere an evidence that the West is destined to be strongly intellectual as well as progressive in material things. The erection of large and spacious church buildings where but a very few years ago mission stations were started, gives one the assurance that the men and women who have left the East for the Western life were quite positive that man should not live by bread alone.

The General Assembly was attended by a very large number of Commissioners from Atlantic to Pacific, and the clergy and laity were equally represented. The elders representing Peterborough Presbytery were in full attendance. Messrs. J. C. Shook, John Fitzgerald, Richard Lees and Jas. F. Clark (Port Hope), while Rev. Messrs. Abraham and Potter were the ministerial delegates. The meetings were full of great interest throughout, and the reports of Home and Foreign Missions in particular gave cause for great enthusiasm in the forward missionary movement. The assembly had been asked to give advice to the Trustees of Queen's University regarding a modification of the relation of that University to the Church, so as to make it possible for the professors to enjoy the Carnegie Pension Fund, but the Assembly was unwilling to make any change whatever in the relations now existing, and suggested the wisdom of the trustees considering some plan by which the aged professors might be cared for as cases occurred.

The General Assembly will meet next Year in Hamilton, Ont. The Rev. Dr. Duval pastor of Knox church, in which the Assembly met, proved an ideal presiding officer, and seldom has the Moderator's chair been occupied with so competent and courteous a gentleman.

PATROLMAN HICKEY OF 18TH PRECINCT, CHICAGO, TELLS OF POLICE WORK IN THAT CITY

He and Brother Mr. Jas. Hickey of Nelson, B.C., Are on Visit to Parents—Was Shown Photographs of Four Pickpockets in Custody Here—What the Crooks Say of Canada.

Patrolman Matthew J. Hickey, No. 3068, of the Chicago Police Force, arrived in the city this morning, accompanied by his brother, Mr. James Hickey, assistant foreman of the Arlington Mines at Nelson, B.C. The latter joined the former in Chicago prior to coming here. They will be the guests of their parents, Mr. and Mrs. Maurice Hickey, who reside about half a mile from Lakefield, the former for two weeeks the latter for a week or so.

Officer Hickey has been on the Chicago force for four years, and is connected with the 18th Precinct Station. His present visit to the city, is his first one in sixyears, but he has not had time enough to look around to observe whether the city has changed much during his absence.

He is an interesting talker and, from the naturee of his work, has had some exciting experiences in the Windy City. He is not inclined to talk of his accomplishments, however, and is quite reserved in that regard.

He states he likes police work and says Chicago offers lots of scope to keep the ferreters of crime busily employed. That there is necessity of great police vigilance is shown by the large force that protects the city. There are 45 police stations there and about 5,000 employed in the police department.

The hold-up game is played extensively by the crooks there as is generally known, for the meat packing town is quite famous for the bold robberies of this character that have taken place there. Mr. Hickey says the police there have great difficulty in capturing hold-up men as they generally make out of the city as soon as possible, and as Chicago is one of the world's greatest railroad centres, with passenger trains coming and going with almost every tick of the clock, their escapes are facilitated by the quick train service.

In the American cities the police take every means to keep track of criminals and the photographs are taken of all convicted persons who are fined over $15.

This morning at the police station the visiting policeman was shown by Chief Rouzel the photographs of Adams Hamilton, Graney and Williams, the four pickpockets in custody here. He did not say that he recognized any of them although Adams' face appeared familiar to him.

"The crooks say that Canada is an easy place to do a job, but a hard place to get out of, on account of the railway service being more limited than it is on the other side," remarked Officer Hickey, "and on account of this there is greater danger of them being apprehended in trying to evade the officers of the law.

"There is certainly great danger of pickpockets being apprehended here," was ventured in reply.

The Chicago police officer was an interested spectator at the hearing of the pickpockets before Police Magistrate Dumble this afternoon.

NAMES OF PUPILS WERE OMITTED

Those who were Successful in Jr. Pt. I at Queen Alexandra School.

The following report of successful pupils in the Queen Alexandra school was omitted from last evening's edition:

From Jr. Pt. I to Sr. Pt. I.

Bertha De Hart, Helen Carter, Harold Henry, George Ross, Percy Moore, Roderick Cameron, Willie Bullied, Fred Moore, Norman Foote, Percy Harrison, Harry Rothwell, Greeta Wedgewood, Nettie Mitchell, Sidney Stanton.

WILL CONSIDER ANNUAL TRIP

Important Meeting of Officers of the Regiment Tonight.

There will be a meeting of the officers of the 57th Regiment to-night at eight o'clock for the purpose of considering several matters in connection with the regiment, including the Quebec trip and the annual trip of the corps.

PERSONAL.

Jack Rosevear, of Port Hope, is in the city to-day.

HAD A PICNIC DOWN THE RIVER

Nicholls Oval Tennis Club Had a Most Enjoyable Outing.

The Nicholls Oval Tennis Club held a most enjoyable picnic down the river last evening. There were about thirty in attendance and everything passed off most successfully. The picnickers made the trip in a gasoline launch and skiffs and canoes and had tea at a pretty spot on the river bank below Crawford's grove. The gentlemen members entertained the ladies and everyone was delighted with the evening's programme.

ITEMS OF INTEREST.

J. J. Wink, of Cranbrook, was drowned in the Kootenay.

Harry Crane was the first Galt gardner to have ripe tomatoes.

Miss Schmidt has resigned as librarian of Berlin public library.

An unknown Norwegian sailor was killed on the C.P.R. at Montreal.

Hamilton now proposes to erect a consumption hospital on Copeland avenue.

Dr. S. P. Rose, of the Broadway Methodist Church, Winnipeg, and at one time of St. James' church, Montreal, has accepted a call to the Sherbourne Street church Toronto.

WILL TELL OF WORK IN CHINA

Miss M. King of Gang Chow will Give an Address at Knox Church.

At Knox church to-morrow morning there will be a patriotic service at which Mr. Keith will speak on the "Three Crowns." The children will render special music. The church will be suitably decorated.

In the evening Miss Margaret King, of Yang Chow, Central China, will speak on that interesting country. Miss King has had ten years' experience there and is now about to return, having spent her furlough in Canada and the United States. She is coming from Hamilton this evening to give the special address in Knox church.

See MacPherson's North Window for Bargains. Roast Pans 15c, Long Handled Dustpans 25c. We sell the New Perfection Blue Flame Oil Stove.

MURRAY STREET S. S. PICNIC

The annual picnic of the Murray Street Sunday school yesterday was a great success, the attendance being large and the day a most enjoyable one. Those taking in the outing went from the G.T.R. station to Lakefield and on the steamer Stony Lake, which was chartered for the day, went from there to Sandy Point, where the athletic events were held. Dinner was partaken of at Boschink and supper at Burleigh.

ON CHARGE OF NON SUPPORT

Young Father in Court Today—Agreed to Pay Two Dollars Per week.

James Scott was charged with the non-support of his two children at the police court this morning. Mr. G. N. Gordon appeared for the defendant, and Mr. E. L. Goodwill was present on behalf of the Children's Aid Society. Scott pleaded not guilty.

Mrs. Hobbs, mother-in-law of the accused, said that Scott had two small children. Their mother is dead, and the father had only given the witness $1.45 to keep them.

His Worship ordered that Scott pay Mrs. Scott $2 a week, to which she agreed.

HAS REMOVED THE FILTH

George Downer was charged with accumulating filth in his yard on George street. The case was enlarged from Thursday, but to-day the yard had been cleaned, and the Magistrate dismissed the accused.

RODE BICYCLES ON SIDEWALK.

Three young men were each fined two dollars to-day for riding their bicycles on the sidewalk.

Mrs. King, the Montreal factory inspector, says her work consists largely in saying unpleasant things in a pleasant manner.

Tenders Wanted

Tenders will be received by the undersigned until **JULY 10, 1908**, for the repairing of the present building and the erection of an addition to the Public School. Material used to be either cement blocks or red brick.

Plans and specifications may be seen at the secretary's office.

Any or the lowest tender not necessarily accepted.

P.S. Board,
Havelock, Ont.

S. S. JOYCE,
Secty.

The ninth biennial convention of the General Federation of Women's Clubs is in session in Symphony Hall, Boston.

Mr. Sherman, Republican candidate for vice-president at present ill in Cleveland, is reported slightly improved.

Two Hull saloons which had their licenses cut off six months ago have opened again, but by whose authority no one seems to know.

His Excellency Earl Grey and a party visited the ruins of the Three Rivers fire yesterday.

The Anti-Cigarette Bill, introduced by the Hon. Mr. Aylesworth, passed its third reading in the Dominion House of Commons yesterday.

Liquor Store Removed

F. J. R. MITCHELL
WINE AND SPIRIT MERCHANT

Has Removed His Wine Vaults and Liquor Store from Hunter Street to the newly remodelled premises, next to Dutton, on George Street, opposite the Examiner Office.

CARD—In soliciting a further share of patronage, I desire to thank my patrons for their long-continued favors, and to assure them that I am now better equipped than ever to fill their orders.

WEDDING BELLS

BENGOUGH—NATTRESS.

The marriage of Ald. John Wilson Bengough, of Toronto, the cartoonist, to Mrs. Annie Robertson Matteson, of Chicago, an old school friend of Mr. Bengough's, when a boy in Whitby, was celebrated at high noon Thursday, June 18th, in the home of the bride's sister, Mrs. Ross, Jackson Boulevard, Chicago.

Mr. and Mrs. Bengough will sail for the Old Country on the Empress of Ireland, leaving Quebec on June 26th, and, on their return, take up residence in North Rosedale.

MUSIC AT ST. JOHN'S.

The following music will be rendered at St. John's church to-morrow, the second Sunday after Trinity:

Matin—11 a.m.
Hymns 516, 517, 510, 445.
Venite, 5, Te Deum, 16, 14, Benedictus, 180.
Offertory hymn—Now Thank We all Our God.
Evensong—7.00. Choral Evensong
Hymns, 435, 417, 431, 432.
Responses to Tallis.
Psalms sung to Chants 150, 70, 53.
Magnificat and Nunc Dimittis Chants, 114, 137.
Anthem, "Conquering King," J. H. Maunder.

BETHANY TABERNACLE.

Farewell services will be conducted both morning and evening to-morrow at Bethany Tabernacle, by Pastor Steuernagel. Mrs. Steuernagel will sing at both services. Communion service will be held at 11.30. There will also be a dedication of children during the morning service.

Give Fair Play to

A really reliable remedy for headache—Zutoo.

If you have got it into your head that Zutoo Tablets will hurt you, you are mistaken.

It isn't fair to us for you to judge Zutoo by other headache cures.

The fair thing for both of us is—to judge Zutoo on its merits—to test it.

If you find it does not cure your headache, sick, nervous or otherwise, in twenty minutes, break up a cold in a night and leave you feeling good every time—no bad after effects, then discard it.

But do not condemn it unfairly without a trial, and keep on suffering. You really do not have to, and one trial of Zutoo will prove it.

We'll send trial tablets for nothing, or you can buy them at dealers in 10c. and 25c. packages.

B. N. Robinson & Co., Coaticook, Que.

Miss Hazel Craig, Ashburnham, was the guest of Miss Irene Munroe, at "Pine Lodge," Chemong Park, during the past week.

Miss Violet Telford and Sadie Kirk of Toronto, are visiting their aunt, Mrs. Telford, Concession St., East City.

Mrs. Hugh Ross, Master Wallace Ross, Montreal, and her daughter, Mrs. Howard L. Andrews, of Thetford, Quebec, are visiting the former lady's sister, Mrs. Wm. Denoon, for the summer months.

The Civil Service Bill was given its second reading yesterday.

BAND WAS HEARD TO ADVANTAGE

Played a Good Programme at Victoria Park Last Evening.

The programme given by the 57th band at Victoria Park last night gave that capable organization plenty of scope to show their ability. They played the lighter numbers smartly and gave well studied renditions of the more difficult pieces.

The selections announced were all played with the exception of the "Sextette from Lucia di Lammermoor," the "Nabucodonosor Ouverture" and "Voyage in a Troopship." These may be given at next week's concert.

Of the various numbers played, one of the best received was the beautiful hymn, "Pleasant are thy Courts Above." The shading and organ effect in this selection were excellent. It was interpreted with great expression and deserved the enthusiastic encore it received.

MR. MATTHEWS WILL SPEAK

On "Jerusalem and Environs" at Murray St. Sunday School Tomorrow.

At an open meeting of the Murray street Sunday school at three o'clock to-morrow afternoon Mr. T. F. Matthews will speak on "Jerusalem and its Environs." Mr. Matthews has just returned from a trip to the Holy Land and should deal with the subject in an interesting way.

The address will make a fitting conclusion to the series of lessons at Murray street during the past quarter on the "Life, Death and Resurrection of Christ."

SUCCESSFUL IN EXAMINATIONS

Mr. Herbert Latimer a Junior Matriculant at Albert College—Will Take Charge of Wesley Circuit.

Mr. Herbert Latimer, of this city, who has been attending Albert College, Belleville, for the past year and a half, has been successful in passing his junior matriculation examinations. Mr. Latimer, who is at present in the city, will take up a course in divinity at Victoria College in two years' time. He will shortly take charge of the Wesley Circuit, which includes Chemong, Indian Village, Lakehurst and Wesley Church.

Other pupils from the vicinity of Peterborough, who have been successful in their recent examinations are Miss Tena Bedford, Lakefield, who took excellent standing in the art and music courses, and Miss Edith Dawson, of Fraserville, who passed the Senior Leaving examinations.

Not only is tea grown at a high elevation finer flavored and more healthful than ordinary tea, but it is much more economical. That is why one pound of "Salada" will make more cups of tea than one and one-quarter pounds of any other kind.

MITCHELL'S NEW WINE VAULTS AND LIQUOR STORE

Removed to George St. after a Business Record of 28 Years on Hunter Street.

Mr. F. R. J. Mitchell, Peterborough's oldest established wine and liquor merchant, of Hunter street, announces in this issue his removal to new premises at No. 418 George street, next to Dutton's. What makes this business change of more than usual interest is the fact that Mr. Mitchell has continuously occupied the store premises which he has just moved out of since the year 1880, a period of over twenty-eight years. This is a record which no other merchant in the city can boast of. Mr Mitchell's business was established by his father, the late Geo. D. Mitchell away back in the eighteen-fifties — nearly sixty years ago. The site then occupied was an unpretentious looking wooden structure on the corner of George and Hunter streets, where Madill's handsome drug store now stands and there are doubtless still a few of our citizens living who remember what was then known as "Mitchell's Saloon."

Mr. Mitchell's newly remodelled premises on George street have been especially fitted up for a firstclass liquor store and wine vaults. The front store is conveniently shelved for bottled goods, the middle tap room is for draft goods; in the rear is the warehouse, and the cellar is fitted up for case goods, etc. The walls and ceilings have been appropriately decorated and painted and suitable office and other conveniences supplied.

BIRTH.

MEETING WAS MOST SUCCESSFUL

Excellent Entertainment Given by Canadian Order of Chosen Friends Last Night.

An open meeting, given by the Chosen Friends was greeted with a good audience last night in the S.O.E. Hall. The curtains were drawn on the stage about 8.30 o'clock when music, mirth and song prevailed, the following literary programme being rendered;—Salutatory address by W. Hanna, proving the word "Welcome" was superior to the word "Critic;" piano solo, by Miss Ada Kemp being well rendered; new gramaphone recitals by Mr. Conway; dialogue, "Cold in the Head," with two scenes, six characters being represented by Miss E. Marshall, Miss E. Smith, Miss M. Anderson, Ashburnham; Miss M. Argue, Mr W. Pickering and Mr. J. Brownlee, which showed some of the captivating secrets of matrimony; Miss Byers, of Byersville, piano solo, which delighted the audience; Mr. Gordon Wright, a song, accompanied by Miss M. Edwards, which brought forth an encore. Mr. W. Leader and Miss Alice Elliott gave a violin and piano duet. This was also encored. The programme was closed with "God Save the King."—Com.

DAILY MAIL FOR SPRINGVILLE P.O.

Will be Delivered by way of Kendry Station Instead of by Fraserville.

Mr. R. R. Hall, M.P., has been advised by the Deputy-Postmaster-General that the Department has authorised that Springville P.O. be served with mails daily except Sunday via Kendry station on the Canadian Pacific Railway to supersede the present service via Fraserville station on the Grand Trunk Railway. This change will be put into operation at once and will, no doubt, prove more satisfactory to the patrons of the Springville P.O.

Get your screen doors and windows on before the flies come. The kind we sell are extra strong and well made.

SLIGHT FIRE AT QUAKER OATS MILL

There was a slight fire at the Quaker Oats Company's mill last night about 12.30 o'clock. The alarm was sent in from box 24 and the brigade responded quickly. There was a blaze in the driveway at the elevator but it was put out without any damage being done. A cigar butt carelessly dropped is supposed to have been the cause of the fire.

A LOCAL BOY'S GOOD SHOWING

Harold Meldrum Has Completed His First Year at St. Andrew's College.

Harold Meldrum, son of Mr. W. H. Meldrum, has completed his first year at St. Andrew's College, Toronto, passing his examinations with a high percentage in each subject. His general standing was excellent and the principal's report referred to his work at the college in very complimentary terms. Shortly after entering the college, Master Meldrum was promoted to the graduation class and will graduate next year.

SPORTING NEWS

EDMONTON WILL PLAY FIRST GAMES FOR STANLEY CUP

J. A. McKinnon representing the Edmonton Hockey Club, conferred with Ald. Wm. Foran, one of the Stanley Cup trustees, re challenging for the hockey emblem. Edmonton won the championship of the Interprovincial Hockey League of Alberta and Saskatchewan.

The challenge was accepted and the trustees will order Wanderers to defend the cup against Whiteroft's seven.

A match between the Wanderers and Edmonton will be one of the greatest events in the history of the Stanley Cup. The Wanderers will have to go to stand the pace with the fast Wanderer seven, but the former are capable of playing the game with pretty nearly any of them.

Y.M.C.A. DOUBLED SCORE ON THE WELLINGTON NINE

Last night at Nicholls Oval the Wellingtons and "Y's" met to finish out their game, 5 innings of which was played Monday evening. It was decidedly one sided, the "Y's" proving themselves much the faster team from start to finish. Owing to this the game was featureless and the fairly large crowd of fans present were disappointed in not seeing faster work. The pitching and batting honors were about equally divided. Best, of the "Y's" got a fine drive to centre field which gave him three bags, while Graham of the same side and Dickie of the Wellingtons got two-baggers each. Hawkins and Patterson pitched about the same class of ball, but strike-outs for each were very rare. Each side played 8 men and it was on account of the absence of the Wellington centre fielder that Best's three-bagger was not eaten up. The in-fielding was fairly good, although both teams will have to improve wonderfully to finish at the top of the league. The Wellingtons have not won a game as yet, still they are staying with it, and if they keep on improving as they have been lately they may make things interesting for a few of them towards the end of the season. "Bill" Shaw, of the Strathconas acted as umpire in a very satisfactory manner.

The teams lined up as follows;

Y. M. C. A.—
Patterson, pitcher.
McDonald, catcher.
Graham, first base
Dormer, second base.
Pickard, third base
Waram, short stop.
Best, left field.

WELLINGTONS—
Hawkins, pitcher
Billington, catcher.
Henderson, first base
Clitheroe, second base

CELEBRATION AT HASTINGS

A mammoth Dominion Day celebration, under the auspices of the Fire Brigade and citizens, will be held in Hastings, July 1st. An extensive programme of athletic events and other attractions has been prepared, and visitors will have a day brim full of pleasure. A callithumpian parade, baseball and football tournament, aquatic sports, etc., will be provided. The 57th Regiment Band will render a complete concert during the afternoon. A large dancing pavilion has been erected and music will be provided by a suitable orchestra for all who care to indulge in the light fantastic.

The Strathconas of Peterborough will take part in the baseball tournament. Single fare on all trains and good hotel and shed accommodation.

CAN ENGLAND WIN MARATHON ?

A British sporting authority writing in the Standard of Empire, thinks England ought to win the Marathon race. He says;

We are hurrying through the Olympic trials and I think we are pretty well assured that the games to begin next month at the stadium of the Franco-British Exhibition will be a tremendous success. We have got any number of outstanding long distance runners and I think the Old Country will supply the winner in the Marathon race. Morton, our champion sprinter, is said to be well conditioned, and we are hoping that he will hold his own against the Americans who make such a specialty of short distance running. Then we are pretty well equipped with swimmers.

THE ANNUAL MEETING OF YACHT CLUB

Of Chemong Park Association was Held Last Evening---Officers Elected.

The Chemong Yacht Club held their annual meeting last evening at the office of the Secretary, Mr. W. S. Davidson. Commodore T. F. Matthews was in the chair. He referred to the success of the club during the past year and congratulated the members on again winning the Kawartha Lakes challenge cup. Mr. W. S. Davidson secretary-treasurer of, reported the finances in first-class condition.

The officers were elected as follows;

Hon. Commodore — T. F. Matthews.
Commodore — A. A. Hollingshead.
Vice-Commodore—H. Hopwood.
Secretary-Treasurer — W. S. Davidson.
Executive — D. Hughes, Charles, W. H. Hill, Dr. Young and W. R. Hartshorne.

Arrangements were made to meet the secretaries of Stony Lake and Sturgeon Point Associations to arrange dates for the three regattas so as they won't come too close to each other.

DOES NOT LIKE THEIR METHODS

Tommy Burns' Criticism of the English Style of Boxing.

Tommy Burns, the Canadian champion of the world, has greatly amused the English sporting public by some of his sayings. Writing in C. B. Fry's magazine in the June number he has some criticisms to make of English methods of boxing. He says;

Quite a number of times since I have succeeded in gaining for myself the coveted honors the championship of the world carries with it, I have heard sportsmen say that if they in my place they would not change "jobs" with any other living soul in the world. However, although, naturally, I am an enthusiastic lover of boxing, than which I consider there is no finer pastime in the world, yet, at the same time I will frankly confess that even to-day, if I could discover some other profession equally remunerative from a financial point of view, I would go in for it right away. But up to date I haven't struck any business which I think would pay me as well—and that's why I remain a boxer.

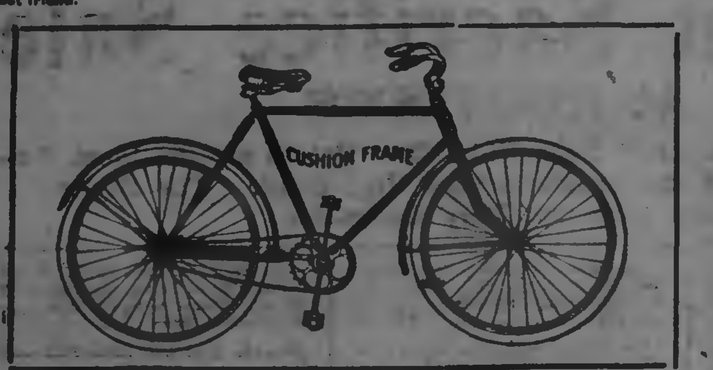
Since I have been in England I have made a careful study of English methods of boxing, and I can say, without any hesitation that I think instructors over here make a great mistake in practically insisting on their pupils developing a fixed stereotyped style. That style, may be sure, be sound enough in its own way, but it lacks versatility; by which I mean that a boxer taught in this particular way may feel quite at home when opposed to other opponents also "schooled" in the selfsame style, but when he happens to encounter an antagonist whose methods are different—no doubt many people might call them unorthodox, but what matter!—he finds himself quite at sea, and his confusion is surely rendered all the greater when his opponent shows an utter disregard for such old-fashioned "rules" as leading off with the left, and so on.

No; I am convinced that it is a fatal mistake to teach boxers on any fixed rules. In the States, for example, in all schools and gymnasiums, the instructor rather encourages his pupils to teach one another—that is to say, he is continually arranging bouts in which he lets the two opponents fight it out in a sort of go-as-you-please style, contenting himself by merely pointing out errors which his pupils may make from time to time—in this way each boxer develops the particular style which he finds suits him best; but at the same time he is not allowed to "get into" bad habits, as, in practice, he is stopped as soon as he makes an error, and shown exactly how and why he should not do such and such a thing and the best methods to correct himself of these faults.

Industrial accidents occurring to 324 individual work people in Canada during the last month are reported to the Department of Labour. Of these, 122 were fatal, and 202 resulted in serious injuries.

The Horse Wont Eat

The boarding of a horse is an expensive item, what with hay, oats and other food, not to mention the stabling and general up-keep, the money soon runs away and you have nothing to show for the expenditure—except the horse, of course, the horse is healthy, but no more so than when you bought him. We all have to die some day—so do horses. Did it ever strike you that the ownership of horses that required neither food nor stable, a horse that would never die, would be a profitable acquisition? Consider the Bicycle—man's best friend.



The "PERFECT" Bicycle is just what its name implies P-E-R-F-E-C-T.

STEVENS ON WALK FOR A RECORD

Started to do Distance from Here to Lindsay at 2:30 This Afternoon.

At 2.30 this afternoon Charlie Stevens started from in front of the Oriental to attempt to make a walking record from here to Lindsay. A good sized crowd saw him start. Guerin, the other walker, did not start with him.

Stevens set a great clip when he broke away, stepping at apparently over a five mile an hour gait.

"How long do you think it will take you to make it," he was asked by the Review.

"If I am not stopped by the heat," he replied, "I expect to make it in five hours and a half. The hilliest and worst part of the road is from here to Omemee, a distance of sixteen miles, which I expect to cover in about three hours. For the rest of the course which altogether is about thirty miles, it will be easier going."

BASEBALL

A TIE GAME.

The Whitecaps tied the Ashburnham nine in a five innings game at the Central school grounds last evening. The score was 7—7. Brisbois, the 17 year old pitcher, twirled a good game for the Ashburnhams, while Ross Laing did good work in the box for the Whitecaps. The teams were;—

Whitecaps—S Trew, cf; R Laing, p; A. Morrow, 1b; B Blanchard, ss; M Morrow, c; H Boyer, rf; F Moran, 2ndb; H Godfrey, lf; W Heaslip, 3rdb.

Ashburnham—Quinn, c; Brisbois, p; Conroy, 2ndb; Long, rf; H Morrow, 3rdb; Primeau, 1stb; Neil, cf; Stewart, lf; O'Brien, ss.

BASEBALL YESTERDAY.

Eastern League Record.

FOOTBALL

HAVELOCK SECONDS

Special to the Review.

Havelock, June 27. — A very large and enthusiastic meeting for the purpose of organizing a football team was held in the Armstrong Hotel on Monday evening, with H. T. Andrews in the chair.

The following officers were elected;

Hon.-Pres. Dr. Holdcroft.
President—Jas. E. Fowler.
Vice-Pres.—Roy Canyney.
Secretary—Wm. Bryans.
Treasurer—B. Warner.
Manager—A. Armstrong.
Captain—B. Brooks.
Executive Committee — W. Irving, C. Herrington, M. Foley, H. Buchanan and B. Capp.

The membership fee was set at 25c and all those wishing to help the junior organization should enter the club.

A first-class football has been procured and practice will be held in the park every other evening.

The first game will be played on Havelock's grounds with a Campbellford eleven on Monday evening.

LAWN BOWLING

The following games were played last evening—

ON SCHEDULE.

Geo. Giroux, sk 11 T. E. Pratt, sk 8.

Also a very fine scratch game between the following players—

Dr. Galleran,	Dr. Cardwell,
J. McIntyre,	Dr. Wightman,
S. Sharpe,	A. R. Kidd,
W. O'Brien, sk. 10.	D. Belleghem, sk. 6

Schedule for to-night (Saturday)—
R. Cottrell vs W. McIlroy.
J. E. A. Fitzgerald vs W. Thompson.
Dr. Greer vs. W. M. Lang.

The following games are scheduled for next week, Monday, June 29th.
J E McIntyre vs D Belleghem
R M Waddell vs Dr Marshall.
W E Talbott vs E A Runnells.

Tuesday, June 30th.
W Dayman vs D H. Kernaghan.
W E O'Brien vs Dr. Holloway.
Geo. Giroux vs W H Isaac.

Wednesday, July 1st.
R Cottrell vs T E Pratt.
J E A Fitzgerald vs W McIlroy.
Dr. Greer vs W Thompson.
Chas. Seymour vs Wm. Lang.

Thursday, July 2nd.
R M Wadell vs D Belleghem
W E Talbott vs D H. Kerneghen
W Dayman vs Dr Marshall.

Friday, July 3rd.
W O'Brien vs E A Runnells.
G Giroux vs Dr Holloway.
R Cottrell vs W H Isaac
J E McIntyre vs T E Pratt.

Saturday, July 4th.
Dr. Greer vs W McIlroy.
Chas. Seymour vs W Thompson.
J E A Fitzgerald vs Wm. Lang.

CORRECT MAID'S DRESS.

Her Appearance Bespeaks the Status of the Mistress.

By the manner in which a maid of all work dresses when on duty are the natural breeding and refinement of the employer judged. Not even the most punctilious housekeeper can oblige her servant to dress during leisure hours as befits her station, and it is a matter with which the mistress should not concern herself, but in the house the situation is different, and it should be understood when the maid is engaged precisely what is expected of her in the matter of clothes during working hours.

For morning light colored print gowns should be chosen. Pinks, blues of a rather light shade and greens show the soil even less than dark colors, and if the material is flowered, figured or striped it is more serviceable as well as prettier than a plain ground. One housekeeper whose maid is the pink of perfection has the servants' morning dresses made with plain skirts and separate blouses to match.

While doing kitchen work, washing or sweeping colored gingham aprons that hang from the bust to the bottom of the skirt are a protection. Such dressing as this is not expensive and is entirely proper until after the luncheon dishes have been washed and put away. After that the work should be so arranged that a maid can go to her room and put on a black dress, for a frock of this description is imperative for afternoons. This costume may be made in the style of the morning dresses, but sateen will be found the most satisfactory material. It washes well and when ironed looks more like woolen stuff than cotton.

The dress sleeves must be long, and when economy is not important it is effective to have deep, plain linen cuffs. These, however, are to be regarded as a luxury.

Aprons should have bibs and long strings going over the shoulders where they cross and pin at the belt in the back. Big bows for the belt strings are prettier than short ends. For wear with this garment a tiny cap is best.

HEALTH AND BEAUTY.

A paste that will strengthen the nails is made of forty grains of white wax, sixteen and a half grains each of powdered alum and powdered resin, sixteen grains of table salt and a quarter of an ounce of pistache oil. The wax and resin are put into a basin and set into hot water and stirred as the wax melts. The oil, salt and alum should follow in succession, and lastly add a grain of carmine. Beat all smooth and apply thickly over the nails at night.

On every dressing table there should be a small jar of bicarbonate of soda or some tincture of camphor. Each is most excellent for whitening and preserving the teeth. If the soda is used, half a teaspoonful to half a glass of water is sufficient, and the liquid is used as a wash, rinsing the mouth always after eating and without fail before going to bed. About five drops of camphor tincture are sufficient to half a glass of water. Soda and camphor should not be used at the same time.

Nothing is more softening or nourishing to the skin than sweet almond oil. Its odor, which is not pleasant, though inoffensive, may be concealed by adding a few drops of oil of lavender. It may be massaged into the pores at any time, and when the hands are being treated the beneficial effect is more rapid if they are thickly dusted with powdered French chalk and incased in gloves. This done for several nights will make a marked difference in the appearance of the hands. While not as easy to use as cold cream, it is a perfect substitute.

It is very bad taste to place beautiful jewelry upon neglected fingers.

PILES CURED at HOME by New Absorption Method

If you suffer from bleeding, itching, blind or protruding Piles, send me your address, and I will tell you how to cure yourself at home by the absorption treatment; and will also send some of this home treatment free for trial, with references from your own locality if requested. Immediate relief and permanent cure assured. Send no money but tell others of this offer. Write to-day to Mrs. M. Summers, Box P 62, Windsor, Ont.

HOW YOU GET CONSUMPTION.

Most "lungers" allowed their power of resistance to fall very low. Favorable conditions were provided for the development of the baccilli. Consumption was the result.

But in a healthy body Consumption can't take root. The most potent health-maker is Ferrozone. Take it regularly and you needn't fear tuberculosis.

FERROZONE

Supplies exactly what the man verging on Consumption needs. It forms rich, nutritious blood, strengthens the nerves, puts vim and endurance into every organ of the body.

For the tired, weak—anyone in poor health—Ferrozone is worth its weight in gold. Avoid substitutes!

Price 50c per box or six for $2.50, at all dealers, or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A.

THE FEARFUL EXPERIENCE OF AN ENGLISH SPORTSMAN

It is not often that a person who has been in the claws of a tiger can tell later how the experience seemed to him. Jno. Bradley, an English sportsman, had the good luck to escape with his life from such a predicament and in his "Narrative of Travel and Sport" tells what the sensation was like. He was hunting tigers in the eastern part of Burma when he met with the adventure. Two other Englishmen were with him at the time.

We marched along carelessly without observing order or caution and were not prepared to take advantage of Akbar's warning when he exclaimed, "Beware sahib!" and a full-grown tiger went past us at a gallop.

A straggling volley was fired after it and, although evidently not hit, the beast stopped and, rearing up on its hind legs, clawed the bark of a tree, just as a cat scratches the leg of a chair or table.

Mr. Grant and I fired simultaneously, but without effect, and before a thought of the creature's intention had time to flash through my mind, I was down under his claws.

Seizing me by the left thigh, the tiger shook me as a dog shakes a rat, and then growling horribly, he dragged me at a tremendous rate through the thick undergrowth of the forest. I heard the frightened shouts of my companions and the report of several shots and then a dizziness came over me, although I did not lose consciousness.

As I was jolted through the forest I several times caught hold of the trees, but the tiger, growling fiercely, shook me free in an instant. All this time, although quite calm and collected, I felt a strong desire to preserve my existence and never for a moment experienced that apathy with regard to danger that some persons have described under similar circumstances.

How long I was in the jaws of the brute I cannot tell. It seemed to me an age before the creature stopped. My companions afterward declared that I had been dragged at least half a mile from the spot where I was seized. They followed as fast as they could run, and although I was unaware of it at the time, never lost sight of the beast. To this circumstance I undoubtedly owe my life for had there been any delay in rendering me assistance it must have been fatal to me.

The moment the tiger halted it released my thigh and seemed to be attracted by the approach of my companions although as yet I did not see them myself. Taking advantage of this release I tried to escape to the shelter of some tall bushes near at hand.

In an instant with a terrible roar, the creature pounced upon me, seizing me this time by the shoulder and at the same time lacerating my chest with its claws.

A shot was fired and I heard the bullet whistle overhead. Fear of hitting me had caused them to aim too high. A second and third shot were equally unsuccessful and the tiger, again releasing me began to lick up the blood which oozed through my jacket. I began to feel very faint and could not suppress a groan. Several times the tiger dabbed his paws, apparently in play, about my face but did not use its claws, fortunately for me.

Presently the beast seemed to be seized with a sudden rage and began to spit like an angry cat at someone approaching, whose footsteps I could hear, but whom I could not see, owing to my position, for I was lying flat on my back. There was the sharp bang of a rifle close to my head and a heavy weight fell across me, and then I comprehended that my friend was pulling me from under the dead body of the tiger.

SHOULD BE A FINE SEASON

This is the Opinion of an Old Angler—'Lunge Biting Well in Local Waters.

An old angler told the Review this morning that is his opinion the fishing this season would be better than it had been for some years past.

"Some good catches have been made so far" he said "and I do not see why the good fishing should not continue all through the season."

He said that while the majority of the fishermen were having excellent luck no record breaking catches have yet been made. The 'lunge are biting splendidly though and are in large quantities in the local waters.

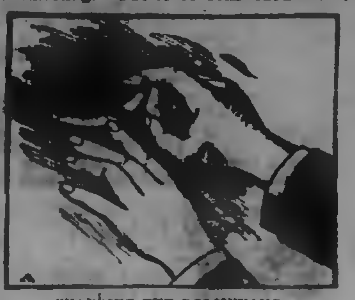
A LITTLE BOOMERANG.

How to Shoot a Small Model of the Australian Missile.

The boomerang used by the native Australians in war and in the chase is a curved wooden missile. The skill with which the boomerang is made and thrown is great. The thin, slightly bent piece of wood, rarely more than two feet in length, may be made to fly in a complex curve and strike the ground behind the thrower.

Let us make a small model of this boomerang. Cut it of stiff cardboard, taking care that one side is a trifle heavier than the other. Then insert the little boomerang under the nail of the index finger of the left hand, as is shown in the illustration, and snap it sharply with the thumb and middle finger of the right hand. The missile will fly upward with quick revolutions similar to a rolling wheel, stop finally and return to the starting point.



SNAPPING THE BOOMERANG.

It takes much practice to learn to fly this little boomerang correctly, and the first trials will certainly be unsuccessful.

ABOUT SODA WATER.

Facts Concerning a Popular Drink. Why It Foams.

We all like soda water, but perhaps not all of us know that there is no soda in it notwithstanding its name. It is called so because it used to be made with soda, but now, as served from the fountains, it is nothing but plain water charged with carbonic acid gas, as many persons call it. That term, however, is tautological, for carbonic acid is a gas, and there is no reason why that word should be added to the name. The gas is produced, for soda water purposes, usually by pouring a weak solution of sulphuric acid over marble dust.

The soda fountains are charged by pumping carbonic acid into water held in a strong, air tight vessel, from which the fountains are subsequently filled. These filled fountains are sent around to various places and are put into use by means of a screw connection with the marble case that stands on the seller's counter.

But soda water, as it is called, though much liked by many persons just as it is drawn from the fountain, would not be so popular were it not for the delicious sirups, creams, etc., with which it is mixed when served. A little sirup, perhaps with cream, is put into a glass and the stream of water charged with carbonic acid turned on. Immediately you see a rich foam in the glass, which lasts in proportion to the heaviness of the sirup.

The foam is caused by the violent agitation made by the gas as it enters the glass. It separates the particles of water and fills them out into little bubbles, just as the air filled bubbles that make foam are formed by the agitation of the water of the breakers at the seashore.—Chicago News.

The Gobbler Gobbled.

Near Des Moines, Ia., a farmer's horse that was galloping around a field slipped on the ice and went down, breaking his leg. There were no men folks about, and an old turkey gobbler who had seen the accident went to the kitchen door of the house and set up such a gobble that the woman came to the door. Then the fowl turned and walked away, but stopped every few feet to gobble some more, and at last the woman followed him far enough to see the horse lying on its side.

Conundrums.

What sweetmeat do you get by slamming a door on your fingers? Jam.

When is a widow like a gardener? When she tries to get rid of her weeds.

How many make a million? Very few.

What does Sweet William carry when he goes out walking? A sugar cane.

The Truants.

Four funny finny fishes
Disobeyed their mother's wishes
When she went to get for them some needed food.
"Stay just here, my sons and daughters;
Go not into other waters.
You must promise me, my children, to be good."

Wee, wayward, wicked Willie,
Who was very weak and silly,
That very morning ran away from school.
For he wanted to go fishing,
And he couldn't keep from wishing
To be down beside the shady fishing pool.

But four fishes in the river
Made him shake and made him shiver,
For they gazed at him with great, reproachful eyes.
His desire to fish they banished,
While his rod and tackle vanished
As he shrieked aloud with terror and surprise.

This so dismayed the others,
Who had disobeyed their mothers'
Strict commandment, that they turned their tails and fled.
And they vowed as they were fleeing
To escape this awful being
That hereafter they would do as mother said.

Newport, R.I., June 27.—Two women delegates to the Federation of Woman's Clubs convention in Boston, were dangerously hurt and ten others more or less seriously injured here yesterday when a tally-ho coach in which they were riding capsized yesterday on a steep hill on Bath road.

KEEP LITTLE ONES WELL

If you want to keep your children healthy, rosy and full of life during the hot weather months give them an occasional dose of Baby's Own Tablets. This medicine prevents dread ly summer complaints by cleansing the stomach and bowels. The mother who keeps this medicine on hand may feel as safe as if she had a doctor in the house. The tablets are equally as good for the new born baby as the well grown child. Mrs. W. H. Switzer Ekfrid, Ont., says: "I have used Baby's Own Tablets for my children and have always found them just what was needed to keep them well." Sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams Medicine Co., Brockville, Ont.

Miss Peter Brady is dead at Bedford Mills, aged 94 years.

PRINCE RUPERT ADVANCES.

Sir Wilfrid Laurier Likely to Visit There Next Autumn.

Prince Rupert will soon be a real city. A voters' list is being prepared there, the postmaster of the place and the provincial police receiving applications for registry; and it is said that both political parties are organizing.

Sir Wilfrid Laurier is to visit the coast next autumn, and, according to the Prince Rupert correspondent of The Vancouver Province, he will be urged to visit to new town. The suggestion is made that there are circumstances associated with the birth of Prince Rupert which would make the Premier's visit appropriate and that the occasion would be susceptible to celebration irrespective of politics. It is pointed out that Sir Wilfrid is getting along in years, and that a repetition of his journey to the coast is not so assured as to promise another opportunity of having him here. It is also urged that no other opportunity as fitting as that which would be offered this fall will be found for his appearance. It is probable, therefore, that a non-political mission will be proposed for Sir Wilfrid, during his coming trip to the coast. It is also suggested that the Premier of British Columbia be invited to assist the celebration.

The correspondent of The Province goes on to remark: There is no sharp sociological cleavage in Prince Rupert which may be determined by the matter of dress. White collars and patent leather shoes are not affected in the costumery of the people. The men of the dunnage bag and blankets constitute the most conspicuous element in the population, and the costumes of the engineers, while being sufficiently well-selected to distinguish them as a class, are picturesquely attuned to the strenuous life of a pioneer encampment. But the monotony of all this is occasionally broken by the passage of a woman and a perambulator, for Prince Rupert is now represented in all "the ages of man." The dock is at present the only piece of level territory available to the people.

The arrival and departure of the boat flotilla of the engineering corps may be recorded as events in the daily routine. The surveys conducted from this point are most conveniently got at from the water, and so boats are employed to carry the surveyors to and from the ground. Morning and evening the passage of men equipped with transits, rods, axes and other instruments may be observed, and the life of the place receives from them its predominating color.

Different Equipment.

Student—We have much in common—in fact, we row in the same boat.

Professor—Yes, but with what different sculls.

For Choice Turnips.

Turnips should be grown in drills, like beets, for the early crop. The young plants will stand light frosts. Choose a rainy day for planting if practicable. Cover the seed very lightly. Thin the young plants to five to seven inches in the row. Sow every two weeks if a constant supply is desired, as turnips rapidly become hard and woody in warm summer weather.

Good Varieties.

In horticultural tests of varieties at the New Jersey station the best yielders thus far are the Palmetto asparagus, Eldorado and Erie blackberries, Red Dutch and Victoria currants and Downing and Houghton gooseberries.

Cook's Cotton Root Compound.

The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co., Toronto, Ont. (formerly Windsor)

NERVOUS DEBILITY
Thousands of young and middle aged men are annually swept to a premature grave through EARLY INDISCRETIONS, EXCESSES AND BLOOD DISEASES. If you have any of the following symptoms consult us before it is too late. Are you nervous and weak, despondent and gloomy, specks before the eyes, with dark circles under them, weak back, kidneys irritable, palpitation of the heart, bashful, dreams and losses, sediment in urine, pimples on the face, eyes sunken, hollow cheeks careworn expression, poor memory, lifeless, distrustful, lack energy and strength, tired mornings, restless nights, changeable moods, weak manhood, premature decay, bone pains, hair loose, sore throat etc.

BLOOD POISONS Blood Poisons are the most prevalent and most serious diseases. They sap the very life blood of the victim, and unless entirely eradicated from the system may affect the future generation. Beware of Mercury. It only suppresses the symptoms—OUR NEW METHOD cures them.

OUR NEW METHOD TREATMENT alone can cure you, and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches, and ulcers disappear, the nerves become strong as steel, so that nervousness, bashfulness and despondency vanish, the eye becomes bright, the face full and clear, energy returns to the body, and the moral, physical, and vital systems are invigorated; all drains cease—no more vital waste from the system. Don't let quacks and fakirs rob you of your hard earned dollars. We will cure you or no pay.

READER No matter who has treated you, write for an honest opinion Free of Charge. BOOKS FREE—"The Golden Monitor" (Illustrated)

PROMPT PAYMENT

Peterborough, Ont., June 12th, 1908

W. H. HILL, Esq., City Representative Liverpool and London, and Globe Fire Insurance Co'y.

DEAR SIR,—

We beg to acknowledge the receipt of cheque for $2,300 in settlement of fire loss, policy No. 5,645,879 Liverpool and London and Globe Insurance Company.

We note in connection with this settlement a most unusual feature. They are legally entitled to 2 per cent. of stated sum for payment prior to due date. No business man would for one moment question their right to this amount. But they do not take it. Instead they have purposely waived their privileges and presented us with this additional amount.

We are gratified to note this remarkable action. To adjust and settle a loss within twelve days is noteworthy, but to add to this magnanimity in refusing to take advantage of their discount privileges, places this company in a most favorable position.

We congratulate you upon representing a company of such superior standing.

Yours very truly,
Canada Flakes Co.,
LIMITED.
Signed, H. B. COLLIER, Manager.

WESTERN CROP WILL LIKELY ESCAPE ANY SEVERE FROSTS

In a letter to a friend here a former Peterborough man who is now in business in Alberta, has the following interesting information about crop conditions there;—

"As with the rest of this continent, we, too, are feeling the financial stringency, which has caused business to be much slacker than the present outlook would warrant; Of course, my trade being with farmers entirely, is much better than with those depending on the wage-earners. Still about this time of the year the farmers generally look for credit, either with the merchants or their bankers, and the latter being entirely out of the running, it reflects back on us. I am, however, limiting credit to 30 days, and only to those whom I know will respond to the invitation sent out, and this naturally has put a damper on things. I am still doing as big a business as last year. The outlook is certainly splendid, and the West is confident of a good harvest. The country is very pretty, and its rather encouraging to see the grain looking so healthy and standing as it does, over a foot high. I think the harvest will be on in about a two months' time, which will bring it early enough to escape frost, and the only other drawback now will be hail, for which there is a recompense for a portion of the loss, and which only strikes a very small percentage of grain anyway."

A PRESENTATION TO TWO TEACHERS

On the closing day of the term, Mr. McCreary, retiring principal of the West Ward school, was presented by the teachers and pupils with a pair of gold cuff links, engraved with monogram.

Miss Hall, who is also severing her connection with the school, was given a lace pin set in amethysts and pearls.

The most pleasant relationship has always existed in the school and best wishes are extended to both teachers.

AN OUTING.

To the Editor of the Review.

Sir, — The river Otonabee is looking as lovely as a "best girl" these days and costs less to her admirer. Before long the ripening season will color all the landscape yellow. At present the country is fresh, green and lovely. Go, take your wife and children and a big basket of good things and have a real old-fashioned family party. Picnics are the whole tip just now and many engagements are reported. To the young men I would say, "let the ring be a mighty good one. You are less likely to get it back."

Yours,
FRESH AIR.

TEA

QUARRY ON CLEAR LAKE SCENE OF MUCH ACTIVITY

Mr. R. Sheehy's Steam Tug "Dawn" Kept Busy Towing Stone for New Church—First Quarry to Supply the Local Demand for Building Stone.

Mr. Richard Sheehy's quarry on Clear Lake is the scene of great activity these days, eight men being busily engaged in taking out stone for the building of the new Roman Catholic church. The quarry consists of about three acres. It is situated just south of Mr. S. Bryson's farm on the Dummer shore.

Incidentally it might be remarked that Peterborough never before was locally supplied with stone for building purposes until Mr. Sheehy commenced operating his quarry. The kind is limestone. It is a sort of light blue in color and is splendid for buildings.

Previous to the opening of this quarry, stone had to be brought from Longford quarry near Orillia, and great disadvantages were experienced. Besides the quality of the Longford rock is much inferior to that procured at Clear Lake. The Longford burns white after it has been in the building for a while.

Four hundred cords are being brought down in scowloads and Mr Sheehy's steam tug the "Dawn," is kept busy going and returning from the quarry. Work on the new church is progressing rapidly and the first stone window frames have been put up.

DROWNING FATALITY WAS NARROWLY AVERTED

Little Jack Nothwell, Corner McDonnel and Alymer Sts., Had a Close Call While Swimming Yesterday in River at Foot of Dublin St.

Little Jack Nothwell, the nine-year-old son of Mr. Nothwell, who resides at the corner of McDonnel and Aylmer streets, had a narrow escape from being drowned yesterday afternoon, and by the closest possible margin averting another drowning fatality.

The little fellow, with a number of other boys went over to the river at a point called the "Jacks," which is just at the foot of Dublin street. They all went in bathing but Jack Nothwell was unable to swim. Like the rest of his chums, he jumped in to the river. The water was several feet deep, much beyond the young lad's depth.

Realizing the great danger his chum was in, Newton Thompson went to his assistance and rescued the little fellow. When they got him to shore they youngster was semi-unconscious but his friends with great presence of mind resuscitated him.

Newton Thompson is to be highly commended for his timely action in saving the youth.

The Services In The Churches On Sunday

St. Peter's Cathedral

At St. Peter's Cathedral there will be three masses celebrated — at 8 a.m., low mass; children's mass at 9.15 a.m., high mass at 10.30; Vespers at 7 p.m. with sermon.

Salvation Army Barracks

Simcoe street.—Staff Captain Goodwin in charge. Capt. Maisey, assistant. Sunday meetings: 7 a.m., prayer meeting; 3 p.m., free and easy; 7 p.m., salvation meeting. All are welcome.

LABOR MARKET QUIET HERE REPORT OF CORRESPONDENT

Not Much Employment for Unskilled Labor and Some of the Trades Characterized by Dullness—Report of Ald. Johnston in the Labor Gazette.

The following report of labor conditions in Peterborough appears in the June issue of the Labor Gazette:

Labor conditions were very dull for the season. While there was some outside work being done on large public buildings unfinished last year and a few residences, there were a number who were unable to secure work of any kind. The municipality commenced civic improvement work and gave employment to a number of men. The conditions of affairs in a number of factories, especially in the iron trade, is not encouraging. Moulders and pattern makers, with a few exceptions, were idle, something that has not happened here for years. Seventy-two building permits have been issued this year to date, amounting to the value of $55,140. The number of building permits taken out to the 31st of May last year were 137, of value $533,460. The painters are the busiest of the tradesmen just now. Some masons and carpenters were actively employed for a short time. Activity in outside work will depend very much upon the extent of building undertaken, which is not very promising at present. A few stonecutters are employed at the armouries and the new Catholic church. Tourist traffic is becoming busy and considerable freight is being hauled by boats. The large liftlock here is now open and a number of vessels have passed through. The several canoe companies were active, shipping a number of boats to outside points. Hicks & Co. have received a contract to supply 5,000 barrels of cement and all the sewer pipe the city may require. Brick-yards were active and brick will be ready in two or three weeks. The price of milk has been reduced from 7 to 6 cents a quart for the summer months. During the summer season 18,000 rat skins were purchased from trappers by Messrs. Leon & Sons; their value was estimated at $7,200. Wholesale and retail trade was very good. Wages were on the decline in some work. Lathers' wages decreased 20 per cent., laborers 10 per cent. The labor market on the whole was generally dull, but with no signs of industrial trouble. The bricklayers and masons adopted the 8-hour system on May 1st, at the same rate of wages per hour as last year, viz., 40 cents per hour. This was in accordance with the law of the Industrial Union. The difference it makes is that all men working journey-work will receive 40 cents per day less.

CONDITIONS OF LOCAL INDUSTRIES.

Agriculture.—Seeding was very active throughout the district, but was hampered by excessive rains. Low lands were so covered by water that it was impossible to work them.

Fishing and mining.—Dullness was the rule.

Railroad construction and employment.—Activity prevails, getting the roadbed in good order for the summer traffic. Painters were employed by the Canadian Pacific Railway Company stations and building throughout the district.

Other industries.—The Peterborough merchants have decided to adopt the half-day holiday per week during the summer months.

CONDITION OF PARTICULAR TRADES.

Inactivity was the rule in the building trades, with the exception of painters who were busy and stone cutters who were active. Active conditions prevail in the metal, engineering, woodworking and furnishing trades, excepting moulders and boilermakers in the former, and woodworkers, pattern makers and coopers in the latter, who found employment dull. In the printing, clothing, food and tobacco preparation trades, activity generally prevailed, with boot and shoe workers, and ice-handlers busy. While the printing trades were fairly active, the tendency was towards slackness. The leather trades were slightly more active in several branches, and the miscellaneous trades and transportation were fairly active, with the exception of furriers and theatre employees, who found conditions somewhat dull. Dullness was general with unskilled labor.

Cheese factories have begun operations and are very busy. The Peterborough Cheese Board recently sold 979 boxes of cheese at 10 13-16 cents per lb. Farm help is needed throughout the district. Hay has been reduced in price from $18, $20 to $12, $14 per ton, and eggs were selling at 19 cents per dozen; butter 28 cts. per lb.; potatoes 85 cents per bag. The several lumber companies were busy getting logs and timber floated to their mills.

Lakefield.—The cement works were active, and a train load of clay is being hauled to the works from the clay-beds each day. The large planing factory, which was destroyed recently by fire, has been rebuilt and is ready for operation.

Havelock.—The municipal council is spending $1,000 on improvements to sidewalks.

Port Hope.—The light and power station was destroyed by fire. The loss is estimated at $15,000. The work of rebuilding is being rushed.

Cobourg.—The Crossen Car Company has secured a contract to supply 10 tourist and 3 palace cars. This will keep the company busy for some time.

Lindsay.—The Bell Telephone Co. is installing a new system.

Girls' Guild, All Saints church Strawberry Social at Jackson Park, Wednesday afternoon and evening, July 1st—Strawberries, Ice Cream, Lemonade, Buttermilk and Fruit.

THE SUN WILL BE ECLIPSED

Interesting Event Tomorrow—When it will Take Place.

There will be an eclipse of the sun to-morrow, not Monday, as stated in the Review. Rev. Dr. Marsh, of Springville, has given the Review the following information concerning the eclipse;

An annular eclipse of the sun tomorrow, Sunday June 28. Except in the extreme north-west portion the eclipse will be visible in Canada, but only as a partial eclipse. The path of the central eclipse will cross Mexico, Florida and end in Western Africa.

The eclipse will take place for Peterborough as given below.

Begins Sunday, June 28 at 17 min. to 10 o'clock.

Greatest phase, 28 min. past 11 o'clock.

Ends 48 minutes past 12 o'clock.

STEAMERS START MONDAY.

The Otonabee Navigation Co. will begin their regular trips for the season to Rice Lake and Stony Lake points, leaving Monday morning. Time Tables can be procured at the Company's offices. Times Building.

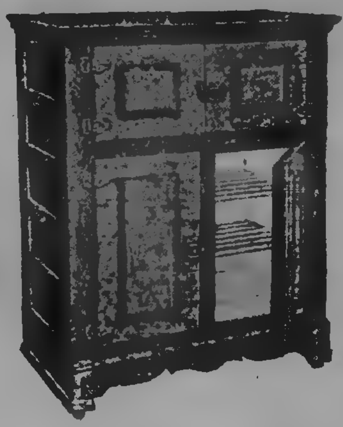
SANDERSON-HAROLD
OPALITE REFRIGERATORS



Opalite is a pure white glass, 7-16 thick, is fitted in the Provision Chambers in sheets one covers the bottom, another the back, etc. and not in little square pieces like some Porcelain lines.

This material resembles china in appearance and is the most sanitary lining known.

An Opalite does not need to be scrubbed out every few days, as the surface is easily cleaned with a damp cloth. This will save ice and temper.

The Clean, Glassy, Milk-White Walls, the handsomely finished Oak Cases, and attractive Nechelea Brass Trimmings, appeal to particular men and women instantaneously.

VOL. LVI., No. 152. | PETERBOROUGH, ONT., CANADA, MONDAY, JUNE 29, 1908 | TEN CENTS PER WEEK

BAD TORNADO VISITS WEST GREAT DAMAGE WAS DONE

Part of Saskatchewan Swept by Terrific Wind—Great Damage Done Around Fillmore and Warman—Loss Several Thousands.

Winnipeg, June 29.—Very violent storms are reported from many points in the middle west, accompanied by considerable damage to property and crops. Around Fillmore and Warman the wind swept the country with tornado force. Many buildings in the towns and surrounding country were either demolished, or badly wrecked, and numerous narrow escapes from death or injury are reported. At Warman the Anglican church was picked up and moved six feet off its foundation, and the Saskatchewan Trading Co.'s warehouse was wrecked, part of the building being blown three hundred yards. Ninga, Dunrea and Waskada, Man., are other places reporting terrific spouts.

How Fillmore escaped as luckily as it did from Friday night's storm is a mystery, for, judging by reports which come in from the country, the storm was the worst that ever passed through this section. The storm seemed to lift here when it struck the town, and the force of the wind passed over. The worst damage in town was the breaking in of the front of D. Curtus' feed store and demolishing the front of Cook's drug store. The wind lifted a chicken shed about 40 rods away and smashed it into the plate-glass window of the drug store.

At C. E. Veak's, three and a half miles north, the family barely escaped with their lives. They were in bed at the time, but, becoming alarmed, sought refuge in the cellar, and had no more than reached their before the whole upstairs was carried away.

The house of Mr. Barrett, five miles north, was completely demolished. Had the family gone to bed when they intended there is no doubt but that they would all have been killed, but they stayed up to enjoy some music, and when the storm struck they barely had time to get into a cellar just across the road before the house collapsed.

Another farmer had a close call. D. Frederickson had just arrived home when the storm struck, and, unhitching his horses and turning them loose in the barn, got out of the building in time to see it land with a crash against the waggon from which he had unhitched the horses. The exact damage cannot be as yet determined, but it will amount to many thousands of dollars.

STEAMER "EMPRESS" RAN ONTO LOG AND TWISTED SHAFT

The Fast Stony Lake Steamer Met with Two Accidents—Upset While Being Repaired in Burleigh Lock Yesterday.

The steamer Empress came to grief at Stony Lake on Saturday afternoon. While making her regular trip her wheel struck a log in Clear Lake, twisting the shaft. This misfortune, occurring as it did, greatly inconvenienced the steamer in making her trips.

The damage done was of such a nature as to necessitate men working at her all day Sunday. It was taken to Burleigh Saturday evening and placed in the lock. The water was lowered in order to make it easier to repair.

FINAL PREPARATIONS MADE FOR T.A.S. PICNIC JULY 1ST

On Saturday afternoon a number of members of the T.A.S. went to T.A.S. Point on O'Dette's yacht to make preparations there in connection with the picnic on July 1st. Two yacht loads were taken down, the first at one o'clock and the second at 2.30. A large booth and dancing stand were erected on the grounds and the sporting field was staked off. The grounds, including the ball diamond, will be in excellent shape. Much pains has been taken by the members of the Society to have everything in readiness for the big annual event of the Society, and provided the weather man is good, it is sure to prove an unprecedented success.

The committee will go down tomorrow for the last time, when the finishing touches will be put on the diamond and other work done.

On the day of the picnic the steamboat service will be quick and regular. The boats will leave the Wolfe street wharf every half hour or three-quarters of an hour, the trips commencing at 8.30 in the morning and continuing until nine at night.

LOCAL REGIMENT MAY GO INTO CAMP AT KINGSTON

There is a probability that the 57th Regiment may spend several days in camp at Barriefield during the first week in September. The camp at Barriefield opens on August 31st and the intention is to have the local regiment leave Peterborough Saturday evening, September 5th, go into camp on Sunday, run an excursion from Kingston through the Thousand Islands on Monday (Labor Day) and on the return spend two or three days under canvas before returning home. This outing would take the place of the annual trip and would be both profitable and enjoyable. A few days in camp would do the corps a lot of good, and the experience would be a novel one for many of the men.

The scheme to go into camp has been approved by Col. Gordon and arrangements are now being made. The trip through the Thousand Islands would be a splendid outing. A definite announcement regarding the proposition will be made in a few days. It was considered at a meeting of the officers on Saturday night

IMPROVEMENT AT POST OFFICE

New Mailing Device on the Hunter Street Side.

An improvement is being made to the mail boxes in the door at the southwest corner of the post office. A new mailing device is being put in which will reduce the amount of labor in the interior of the office. The new arrangement will have compartments for mail going different directions and in this way the assorting of the outgoing mails will be greatly simplified.

FUNERAL UNDER T.A.S. AUSPICES

Burial of the Late James McDonough Took Place Yesterday Afternoon.

The funeral of the late James McDonough was held yesterday afternoon at 3 o'clock from the family residence, 245 Park street, under the auspices of the St. Peter's T.A.S. Society, of which deceased was a member.

The T.A.S. attended in a body and all the pallbearers were members of the society. The burial service was conducted by Rev. Father Kelly. The pallbearers were Messrs. Jno. Callahan, Jno. Murray, Jno. Kelly, Patt Lavery, Michael Neary and Patrick Gorham.

THANKSGIVING HYMN WAS SUNG

At St. John's Church Yesterday for Success of Pan-Anglican Congress.

At the morning service at St. John's yesterday, the choir and congregation sang the great Thanksgiving hymn "Now Thank We All Our God," as a special act of Thanksgiving for the success of the Pan-Anglican Congress, which has just concluded. The evensong (which was the festival Evensong of the Festival of St. Peter Apostle and Martyr) was fully choral, responses, Psalms and hymns all being well sung by the large, well-trained choir.

Miss Ruth Dawson sang "Abide With Me," during the offertory, exceedingly well.

Killed on Track.

Quebec, June 29.—A man named Malouin, a resident of Chaudiere Curve, met his death Saturday morning at that place by being run over by an intercolonial train. From what could be gathered at present the man was walking along the track and did not heed an approaching train. His body was cut in two.

Francis Joseph Is Not Dead.

Vienna, June 29.—An official denial was made here last night of the report of the death of Emperor Francis Joseph. The Emperor arrived at Ischl, in Upper Austria, Saturday evening in good health. He expects to spend the summer there.

The Anti-Cigarette Bill, introduced by the Hon. Mr. Aylesworth, passed its third reading in the Dominion House of Commons yesterday.

THREE LABOR MEN SNUBBED

Were Not Invited to the King's Garden Party.

London, June 29.—Feeling is running high among the Liberal Labor members of the House of Commons over the exclusion of Keir Hardie, Victor Grayson and Arthur Ponsonby from the invitation list to the recent Windsor garden party. Mr. Ponsonby was the private secretary of the late Premier Sir Henry Campbell-Bannerman. He and the two others voted with the minority in a protest against the King's visit to Reval, where he met the Czar, and this is assumed to be the only reason why he did not receive an invitation, though the 56 other members in the Parliamentary minority on that vote received invitations.

Keir Hardie was invited last year but did not go, and it was well-known that he would not have gone this year if he had received an invitation. Nevertheless the Laborites resent the *discrimination*, and it was discussed at a party meeting, which addressed a letter to Lord Knollys, the King's secretary, asking for an explanation. The Liberal talk of signing an address to Mr. Ponsonby, who is in receipts of letters from his constituents expressing regret and indignation at his treatment.

It should be noted that the Irish members did not receive invitations, but Mr. Redmond and his colleagues long ago announced that they would not attend any court functions, and, consequently, they have never been invited.

Black Hand In Fernie.

Fernie, B.C., June 29.—An arrest of eleven Italians was made yesterday morning, who are supposed to be trying to organize a Black Hand society here. It appears the secret was given away by one who had been approached to join the society. More arrests are likely to follow.

HE ESCAPED FROM THE JAIL

Prisoner Walks Out in His Striped Suit—Curious Record.

Brampton, June 29.—Low Lawrence has escaped from the Peel County jail, and he only had a few days to remain until his six months' term would have expired. He was locked up for burglarizing the railway station at East Caledon last fall. It is believed the man ran away to evade another prosecution in West Toronto for theft of a $180 seal coat.

Lawrence has an interesting record. He is the same man who escaped from Kingston penitentiary a few years ago by scaling the high wall and swimming the bay in cold November weather. On that occasion he led the detectives a merry chase across the continent, getting as far as the Vancouver coast and back to Ontario.

After breaking into the East Caledon depot last fall, he was arrested by Detective John Miller, then of the Hamilton Police Department and a G.T.R. detective.

At that time Detective Miller recovered the seal coat at Bronte, which was stolen from West Toronto.

Lawrence simply walked away from the Brampton jail with his striped clothes on him. He had been set to sprinkling the lawn. The jailer was wont to allow him considerable latitude on account of his good behavior. He had appeared to be sincere in his declarations that he was going to turn over a new leaf and exercise his abilities, of which he is well stocked, toward making an honest livelihood. While in the jail he busied himself carving ornaments out of bone, wood, fruit stones, etc., and displayed an abundance of skill. It was he who taught John David Tearse, murderer, the art of making watch chains and necklaces from horse-hair.

The escaped man is about 40 years of age, stout, and wears a black moustache. He has spent 20 years of his life in prison.

PEASANTS WERE SHOT DOWN THREE KILLED IN RIOTS

Soldiers Fire Into Crowd With Revolvers in Calabrian Village—People Were Protesting Against Negligence of Government.

London, June 29.—The following Rome despatch was stopped by the censor:

The Calabrian village of Olivadi, which was almost completely destroyed by an earthquake in 1905, is still almost completely houseless in spite of the Parliament's special law ordering the rebuilding of the place. On June 22 there was a demonstration of protest against the negligence of the authorities in this matter. A crowd of about seven hundred persons, mostly women and children, assembled before the municipal offices, shouting, "Death to the Government!"

A squad of the light carabinieri was summoned and the men fired their revolvers into the air. The demonstration immediately began to throw stones, and two of the soldiers fell, badly injured. The other six were on the point of being overpowered and fired a volley into the crowd. The crowd fled, leaving fifteen of their number on the ground. Three were dead, a man, a woman, and a boy. The remaining twelve are all seriously injured, most of them being women.

The village is now occupied by troops.

The strike at Parma has assumed alarming proportions. Fifty thousand peasants refuse all terms unless the farmers offer better wages. The farmers have armed themselves for the purpose of protecting the "blacklegs" who are working in the fields. The strikers have occupied their old position in the city beyond the River Parma, barricaded the streets and destroyed the lamps so that the town is in darkness.

They have also organized a regular war against the troops. Skirmishes occur daily, the strikers using stones and the troops their rifles. In the meantime, owing to the general strike, food is becoming scarce, and the situation daily grows more alarming. Details as to the fatalities are unavailable, the censor stopping all telegrams.

CROWD WATCH THE DISASTER

Two People Drowned Near Montreal--Hundreds Looked on.

Montreal, June 29.—Two people were drowned at Bout d'Ile, near here, yesterday afternoon, after clinging desperately to an overturned boat within sight of hundreds of Sunday school picnickers, on the shore.

The victims were Frank Reno, colored, cigar maker, of St. Dominique square, and his sister, Carmen Reno. Six people, in all, *four men* and two women, had gone out for a row in the boat, which ran against a sunken log and upset.

Two of the men righted the boat and helped the women into it, but the young girl, Carmen Reno, in her excitement, again upset it and sank just as a boat sent out to rescue the party was rowed up. The brother had in the meantime drifted down the river and disappeared below the surface.

Deputy Commissioner Dead.

Creelman, Sask., June 29.—Sudden death came Friday night to A. P. Ketcham, deputy commissioner of agriculture, due to sunstroke, which brought on apoplexy.

A plowing match was held on the farm of W. Black, southeast of here, at which Mr. Ketcham acted as judge, with the thermometer registering 83 in the shade. He went round the field from 9.30 in the morning till 5 o'clock in the afternoon, wearing a hard felt hat, when he awarded the prizes. He collapsed early in the evening, and though kept alive by Dr. Mahon by artificial respiration, died at 10.40.

Car Hangs Over Street.

New York, June 29.—A score of passengers were injured, one of them possibly fatally, in a rear-end collision on the Third avenue elevated road. The rear car of the forward train was jammed to the edge of the "L" structure. As it hung there, apparently likely at any moment to topple to the street, the panic-stricken passengers struggled with each other to get clear of the wreck, many leaping from the car windows and sustaining injuries.

Firemen raised ladders and carried the injured, with several women who had fainted, to the street.

Ex-Convict Arrested.

Victoria, B.C., June 29.—Frank Nicolas, a Greek fisherman, was arrested at Oak Bay by provincial police last night, charged with assaulting Olive Murray, a 11-year-old child. The child was one of a Sunday school picnic at the Beach, and with her brother came near the Greek, who was mending his nets. The Greek sent the brother to a near-by store to purchase candy, and then, it is claimed, beguiled the child away in his boat.

Nicolas is an ex-convict, having served five years' imprisonment for the murder of Tony Constantine, a fellow countryman, five years ago.

English Editor Arrested.

London, June 29.—A great sensation has been caused throughout England by the arrest Saturday of Robert Sievier, editor of The Winning Post, and one of the best known sportsmen in this country, on the charge of attempting to blackmail Jack Joel, a nephew of the late Barney Barnato, the "Diamond King."

Sievier was arrested at the Sandown track and brought to Bow street in a motor car, where he was remanded to prison for a hearing on Monday.

He is charged with having threatened to publish a defamatory article about Joel unless the latter paid to him $25,000.

Wants One Man Power.

Washington, June 29.—President Roosevelt believes the time has come when the interests of the District of Columbia demands a better form of government, and he wishes to have a one-man head of affairs for the national capital in place of the organization headed by three commissioners, which has prevailed since 1874.

It is stated that he will make this recommendation to Congress next winter, asking to have the power of appointment, as in the case of the commissioners, as well as the power of removal placed in the hands of the President.

Recount In London.

London, June 29.—The recount of the ballots cast in the recent Beck-McEvoy election will commence at 10 a.m. before Judge Elliott.

"Reports came to me from several polling sub-divisions that something was wrong," said Mr. McEvoy, "and I, in the interests of clean elections, determined to find out the truth."

LOVEMAKING ON THE BENCHES

Fredericton People Make Complaints to the City Marshall.

Fredericton, N.B., June 29.—Citizens have complained to City Marshal Roberts of the conduct of young men and women who frequent the benches along Fenety avenue in the evenings and on Sundays. It is said that there is altogether too much lovemaking going on in public, and the city marshal will undertake to put a stop to it.

E. W. Davis, the New York millionaire, who lately shot himself on the Cascapedia, had a large tract of land leased at Clarendon Station, Queen's County, and usually spent the autumn months there hunting woodcock.

At the Douglas boom last week 2,160 joints of logs were rafted by a crew of 180 men. Rafting at the Mitchell boom commenced Wednesday, and in three days 120 men rafted 986 joints.

Probing Theft of Mica.

Kingston, June 29.—Mr. Harding, a Brockville lawyer, is in the city in connection with the recent theft of a large quantity of mica from a factory there. He secured a search warrant, and, with County Constable Smith, left for Sydenham. Some time ago a man named Truesdale was arrested here on the charge of stealing mica from the company. At the trial he was allowed to go on suspended sentence. It is understood that there is yet missing mica valued at a few thousand dollars, and there may be some new developments in the case shortly.

Superintendent Hewitt says typhoid fever in Kingston is not due to the water supply. The water is pure, the numerous tests proving this.

Steamer Caspian Damaged.

Kingston, June 29.—The steamer Caspian was badly damaged in a collision with the steel yacht Magi Dorio of Brockville on Saturday night. As a result forty feet of the upper gangway was broken off, two state rooms and the purser's office destroyed. The total damage amounts to $1,000.

The Caspian was clearing for Rochester, and the Magi Dorio left at about the same time. The stem of the yacht bumped the steamer's side.

Purser Muir of the Caspian had a narrow escape from death when the boats struck.

Jap Immigration Checked.

Vancouver, B.C., June 29.—The Tokio Emigration Co. of Yokohama recently received an order from the Canadian Nippon Supply Co. of Vancouver for 2,000 Japanese laborers to be sent to Canada. The Tokio Co. applied to the Japanese Department of foreign affairs for the necessary permits, but the Department replied that under the Lemieux agreement no more laborers were to be permitted to sail for Canada without the express consent of the Canadian Government, and the permission was therefore refused.

Italian Charged With Arson.

Watford, June 29.—An Italian tramp who passes among his friends by the name of "Italy" was arrested yesterday on a charge of arson in connection with the fire which destroyed the rear of the Taylor House yesterday morning.

The fire alarm was given by a passing freight train and the fire brigade assisted by bucketmen soon stamped out the flames, but not before they had destroyed a small blacksmith shop and some minor outbuildings.

Accuses Reform Mayor.

Victoria, B.C., June 29.—A sensation was caused Saturday by the statement of Lawyer Aikman in the Police Court that Stella Carroll, charged with operating a house of ill-fame, had been given permission by ex-Mayor Morley, when he was in office to locate on Herald street.

Morley was the moral reform mayor of Victoria. He was defeated in January. The Carroll woman was fined $200 and costs, but her counsel declares she will appeal the case.

Died of Heat Prostration.

St. Catharines, June 29.—Thomas Herbert, a farmer employed in the grapery of M. Cole, Louth Township, was found by the proprietor in an exhausted condition, and was taken to the house and medical aid summoned.

Dr. Ratcliffe arrived just in time to see Herbert die, and pronounced death due to prostration from heat.

Boy's Sentence Is Suspended.

Belleville, June 29.—John Hamilton, the boy who was charged with attempting to set fire to the separate school in this city, was found guilty, and the magistrate remanded him in the custody of his parents, they to produce him inside of a year if called on for sentence.

Balloonists Have Close Call.

Philadelphia, June 29.—Two women and two men who ascended in a balloon from this city had a narrow escape from death when the envelope containing the gas split, causing the balloon to rapidly descend to earth and land on the muddy banks of the Schuylkill river. The passengers were: Mrs. Carrie Burcham Kilgore, who is a practicing lawyer of this city; Mrs. M. Eleanor Lockington, secretary of the society; Dr Thomas E. Eldridge, Dr. George H. Zimmerman and Prof. Samuel King, the aeronaut whose ascents are numbered by the hundred.

Beck Likes Horse Show.

London, June 29.—(C. A. P.)—Hon. Adam Beck was much impressed by the riding of the foreign and British army officers at the International Horse Show. He declares, however, that Canada could creditably compete both in the matter of animals and horsemanship. Negotiations will probably be opened with the Canadian Government in order to secure a contingent of officers and horses for the exhibition in 1909.

DISASTER WAS NARROWLY AVERTED ON THE C.P.R.

The Westbound Winnipeg Train Leaves Rails at Tottenham—Passengers Had Miraculous Escape—Cars Tumbled Over Deep Embankment.

Tottenham, June 29.—A most miraculous escape from what would appear at first to have been a terrible disaster occurred Saturday night about 11.30 o'clock, 1 1-2 miles north of Tottenham.

The westbound Winnipeg train, leaving Toronto at 9.30, left the rails, and six coaches, including tourists and sleepers, were precipitated down an embankment of over 20 feet, turning completely upside down, one car going to the east side of the track and the other five to the west.

The engine, baggage car and the last of the train remained on the track.

Almost all the passengers, numbering about 200, had retired, which made the work of extricating more difficult.

It was half an hour before all had been taken from the wreck. Luckily, there was no fire in the coaches, else there would assuredly have been lives lost.

There are a number with broken limbs, and bad scalp wounds numbering probably 15, of a serious nature, with a total of at least 40 injured. The railway officials place the number very much less than this, but it is not above the number.

Fifty of the passengers who were in the train were a part of an excursion party who had been to the Guelph Model Farm, and were returning via Toronto. With a very few exceptions they were all in one car, and this coach had the greater number of victims.

A miraculous escape was that of a six-weeks'-old baby which was being taken home by its mother, Mrs. Morris, wife of the city editor of The Brandon Sun. The little one was thrown from its berth and could not be found by its mother for some 20 minutes. The whereabouts was at last discovered by the infant's crying, and it was taken out none the worse of the mix-up.

The passengers were conveyed by busses here, where they were cared for by local doctors and volunteer nurses. Sunday morning an auxiliary from Toronto, which brought up three hospital cars as well as two nurses and as many physicians, had all the badly hurt removed to this train, where every comfort and attention was given. At 1 o'clock in the afternoon those passengers who desired to proceed were taken by special train from here to the scene of the wreck, where a train had arrived from Bala, and where they were transferred, with their baggage.

A train was also made up for Toronto and a *number* returned on this to the city. Amongst those of the passengers who escaped unhurt was R. R. Gamey, M.P.P., of Manitoulin.

The officials of the C.P.R. were most courteous to those of the wrecked train, and everything in their power was done for the comfort of the passengers.

What caused the accident is a mystery here. The rolling stock was in first-class shape, and the part of the road adjacent to Tottenham was always considered the best part of the roadbed between Toronto and Bala. This roadbed has been in use since 1906. The ties and rails were completely torn up for a distance of about 600 feet, but will be all in running order to-day.

A rumor that the track had spread and another that the roadbed had be not correct, and the train, while running fast, was not going the speed of other heavy trains that have been running over this part of the road. Trains have been passed through here at 60 miles an hour.

Old trainmen state that in their long experience they have never seen as bad a wreck with as little injuries to passengers.

The coaches, which are still untouched in the ditch, are badly broken up, and two at least are past repair.

CHARLOTTE STREET CHURCH HAS PROSPERED UNDER REV. H. M. MANNING'S PASTORATE

The statistics of the Charlotte St. Methodist church for the past two years prove that the church has prospered greatly under the pastorate of Rev. H. M. Manning. During the time mentioned 173 families have been added to the congregation and 46 have removed, showing a gain of 127 families. During the time mentioned above 173 new members have been added to the roll and 83 have removed, making a gain of ninety. The present membership is 500. The Women's Foreign Missionary Society has a membership of 246, an increase of 29 over last year.

In the two years $727.67 has been raised for the general missionary fund showing an advance of $268 in that fund. The educational fund the last year has amounted to $160, being nearly double the yearly amount previously raised. The increase in the above funds has not interfered with the current income, the pew rent for the year totalling $1105, the largest sum ever realized in the history of the church from that source. The funds for the pastoral supply, including the pastor's salary and other expenses, which are contributed by envelope and loose collections, show a surplus of $90 over that of last year.

Pope may Go to Nauheim.

Nauheim, June 29.—The report is current here to the effect that his Holiness the Pope has been advised to go to Nauheim in July and that already one of the leading physicians has been approached in view of the coming visit, and has said there are formidable difficulties in the way of finding a secluded residence.

Pleasure Craft Burned.

Smith's Falls, June 29.—In a fire among the boathouses here Saturday night seven buildings and a large number of canoes and row boats were destroyed. Apprehension for the safety of forty launches stored nearby was for a time intense. There was little or no insurance.

Unknown Kills Himself.

Detroit, June 29.—Two women while berry picking on the Indian reservation stumbled across the dead form of a man, who is supposed to be Alex. McAust, but whose place of residence is unknown. A bottle at his side, half-filled with laudanum, told the story. The body was removed to the morgue to await identification.

He was a man about 65 years old and six feet tall.

McGill Professor Honored.

London, June 29.—(C. A. P.)—Prof. A. E. Taylor of McGill University has been appointed to the chair of moral philosophy at St. Andrew's University. He succeeds Bernard Bosanquet, LL.D. The salary attached to the chair is $3,000.

Driller Is Injured.

Belleville, June 29.—William Sine, a driller at the Lehigh Cement Works, was struck on the arm by a piece of flying steel and nearly bled to death before medical attendance could be obtained. He is doing well at the hospital.

Japs Out of a Job.

Vancouver, B.C., June 29.—Japanese residents have appealed to the consul-general at Ottawa against the provincial regulation prohibiting them from acting as boat-pullers on the Fraser river during the fishing season.

Throws Up Sponge at 104.

Lexington, Ky., June 29.—Henry Miller, aged 104 years, grew tired of life at Harrodsburg in Mercer County and committed suicide yesterday by taking paris green.

Auto In Canal.

St. Catharines, June 29.—Frank Benson, chauffeur, in the employ of William Chaplin & Co., with two ladies, had an exciting auto ride. While descending lock two hill the steering gear became unmanageable, and when the auto reached the bottom instead of making the bend in the road it plunged through a fence and over an incline towards the old canal. The predicament of the ladies in the car was noticed in the Welland Vale office across the canal, and a number of men hurried to the rescue.

Killed In Auto Wreck.

Troy, N.Y., June 29.—W. Sidney Nicholson, plant superintendent of the Hudson River Telephone Co., and a prominent resident of Albany, was killed in an automobile accident on the Willow Glen road, about eight miles north of this city, and his wife, her mother and a young Albany woman, Miss Brown by name, were injured.

Cutting Judgment Reserved.

Vancouver, June 29.—Judgment has been reserved in the case of the Outing, the American steamer seized by the Kestrell on the ground that she was within the three mile limit fishing north of Vancouver Island.

Farmer Found Dead.

Merrickville, June 29.—A farmer, named John Sufferon of the Township of Montague, while on his way home Saturday evening, fell or was thrown from his buggy. His lifeless body was found on the roadside.

Fifteen Killed.

Bombay, June 29.—Fifteen persons were killed and 270 injured in the collision between an express and a freight train on the Bombay & Baroda Railway, near Baroda.

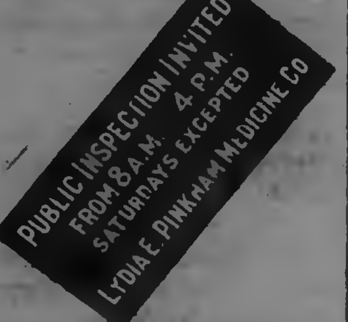
Flagler Gets Extra Time.

Belleville, June 29.—Ernest Flagler, who escape from jail in this city and was re-captured in Toronto, was given an additional three months by Judge Deroche Saturday.

Rabbi Dying of Rabies.

Cleveland, June 29.—Waiting calmly for the fate that his physicians say threatens him, Rabbi L. [illegible] is at his home, the victim of a rabid dog.

THE COME AND SEE SIGN



This sign is permanently attached to the front of the main building of the Lydia E. Pinkham Medicine Company, Lynn, Mass.

What Does This Sign Mean?

It means that public inspection of the Laboratory and methods of doing business is honestly desired. It means that there is nothing about the business which is not "open and aboveboard."

It means that a permanent invitation is extended to anyone to come and verify any and all statements made in the advertisements of Lydia E. Pinkham's Vegetable Compound.

Is it a purely vegetable compound made from roots and herbs — without drugs?

Come and See.

Do the women of America continually use as much of it as we are told?

Come and See.

Was there ever such a person as Lydia E. Pinkham, and is there any Mrs. Pinkham now to whom sick woman are asked to write?

Come and See.

Is the vast private correspondence with sick women conducted by women only, and are the letters kept strictly confidential?

Come and See.

Have they really got letters from over one million, one hundred thousand women correspondents?

Come and See.

Have they proof that Lydia E. Pinkham's Vegetable Compound has cured thousands of these women?

Come and See.

This advertisement is only for doubters. The great army of women who know from their own personal experience that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for female ills will still go on using and being benefited by it; but the poor doubting, suffering woman must, for her own sake, be taught confidence, for she also might just as well regain her health.

The Daily Review

MONDAY, JUNE 29, 1908.

GOOD FISHING

From time immemorial it has been said that one at a time is good fishing. On July 6th "The Boys of the old (Fire) Brigade" go to Idyl Wyld in company with all those who care to join them and pay their way. The public is reminded of this admirable opportunity of catching something all the way from a cold to an old tomato-can. This reminds us of the unhappy remark of a loving swain at a seaside resort, who was rowing his fair one about. She looked over the boat's side and exclaimed, "Oh, Charlie, 'I see myself in the water."

"Are you sure, my dear? There are a great many old lobster cans about here." It is said that five hundred 'lunge are waiting for the Fire Brigade Excursionists. No doubt that is true. The question at once arises, "Are you going to get one of them?"

Anyhow the river is lovely just now. Idyl Wyld is at its best. A fat man's race of 25 miles is said to be on the cards and all told there will be no end of enjoyment, and you will have the satisfaction, in addition, of answering to the call of those who so often answered that of the citizens.

CANADA'S FOREIGN TRADE.

Imports into Canada for the month of May are reported at $23,424,000, a decrease, compared with May, 1907, of $11,382,000. For the first two months of the fiscal year, April and May, the imports were $43,636,293, a decrease of $19,516,234. The exports of Canadian produce for May were $13,906,472, a decrease of $2,99858,5 and the exports of foreign produce $550,921, a decrease of $1,082,689. Exports of Canadian produce for the months of April and May were $24,991,300, a decrease of $2,455,606, and the exports of foreign produce $1,025,671, a decrease of $3,247,372, of which $2,958,028 was made up of coin and bullion.

The May exports of domestic produce for 1907 and 1906 were as follows:

	1907	1908
The mine	$3,532,094	$2,709,509
The fisheries	613,171	530,984
The forest	2,632,976	2,157,743
Animals and their produce	2,235,634	2,293,340
Agriculture	4,931,318	3,960,020
Manufactures	2,253,634	2,213,150
Miscellaneous	6,250	6,723
	$16,905,037	$13,906,472

—Can. Trade Review.

The condition of Canadian trade is of the worst. If we had no gigantic enterprises staring us in the face, it would still be bad enough to cause general alarm, but as it is, Canada is in a desperate state. Good crops will not save us. It is doubtful if a miraculous increase of capital falling as the gentle dew from heaven could save us. We have got into this condition through the most outrageous folly of modern times. Let us look back and we see instantly how it might have been avoided. The Laurier Government "plunged." It staked its all, or rather our all, on a great expenditure, as if expenditure were the true principle of economy and progress. The customs have decreased, of course, with the falling trade. It is likely that Fielding's admitted deficit of $30,000,000 for next year will be forty or fifty millions. In any event we are going over an embankment and who can see what will be the outcome? In the meantime trade is tied up and commerce suspended. The blow falls heaviest where least provided against. The workman with his wife and little family of growing children is in a state of gloom. Why should Canada, the young Napoleon of the 20th century, thus be compelled to appear in mourning? Without the G.T.P. we should have had at least two railways of a value equal to it, at no cost to ourselves. Yet we are compelled to face an expenditure on it of $179,000,000. It is such acts as these that have alarmed the world.

A WEAK GOVERNMENT

The following editorial from the Ottawa Free Press is of interest. The Laurier Government has allowed the G.T.R. to acquire a portion of the Parliament Hill property. From the House of Commons the members will be able to look into the back of the new G.T.P. hotel. A more extraordinary thing than the allowing of this demand of the G.T.R. for this piece of property, however, is the failure of the Government to control the actions of the G.T.R. and P. in any respect as this article demonstrates:

"It is abundantly evident that the fiat has gone forth from the Grand Trunk Railway Company that the Government fair wage clause will not under any circumstances be included in the agreement for the erection of the station and hotel. Furthermore, Mr. C. M. Hays has but repeated what Mr. Wainwright told the special civic committee last week, that, rather than submit to inserting the clause, the negotiations would be called off. It would be a matter of general regret if at this late hour the city should lose two such valuable buildings, but surely an arrangement is possible.

The Free Press believes that every labourer is worthy of his hire, and would have liked to see the fair wage clause inserted. However, what is the use of kicking against the pricks, so far as the argument is concerned. The G.T.R. officials distinctly lay down that they are masters of their own house, and who shall say them nay? They argue that the new buildings are nothing in the nature of Government undertakings, that there is no Government subsidy, and that consequently there is no compulsion on their part to insert the fair wage clause.

The whole situation comes down to this, and the representatives of labor and the public generally, to say nothing of the City Council, will have to consider it. Can Ottawa afford, under all the circumstances, to dispense with the building of the station and hotel? Can the labor men afford to do without the work? Can the business people afford to do without the increased trade that must necessarily flow from the erection, equipment, and subsequent operation of such large premises?

It does not appear that the labor men have much to fear in the event of the fair wage clause being left out. They have so far proved themselves thoroughly capable of looking after their interests, not only in Ottawa, but elsewhere in Canada, and the work on the new station and hotel should be no exception to the rule.

No doubt outside contractors may be feared, but should any difficulty arise the operations of the Lemieux Act, which has worked such great things in the country, can always be invoked and justice meted upon. Probably after all, and as we have said, at this late stage too much is being made of the G.T.R. declining to insert the fair wage clause.

The entire responsibility is now on the City Council to do the right thing, and, without doing any injustice to labor, to pursue the best policy in the interests of Ottawa as a whole.

It seems that it would be better to let the agreement pass as already drafted, give the G.T.R. a chance to proceed with the work, and live in hope that the right thing will be done by all concerned.—The Ottawa Free Press (Liberal.)

EDITORIAL NOTES.

"It is quite impossible to look so far ahead as five or six years with any feeling of assurance."—Trade Review.

The Labour Gazette for June 1908, Manufacturing and building trades are reported as "quiet." There has been a material decrease in wages in some callings.

Sifton seems to be again the hope of the Laurier Administration. It is said by the Liberal party men at Ottawa that it is Sifton or defeat at the next election. These Liberals may rely upon it that it is Sifton and defeat at the next election.

Magistrate to Irishman in the dock —"Well, and what brought you here?" "Two policemen your Honor." "Drunk I suppose?" "Oh, begorra, they were, your Honor—both of 'em." "Forty shillings or a month!" "Thank yer Honor kindly; I'll take the money."

The Globe has a very able article in Friday's issue on "Keep Away From the Wires." Another article on "Keep Away From Mad Dogs," might also be convincing and "Don't Step on Rusty Tacks." We may inform the Globe that it is because we do these things unintentionally and without malice prepense that they occur at all. "Keep the Wires Away From us," is what your journal should have said.

Regina, June 28.—The C.P.R. yesterday officially declared its opposition to the liquor traffic when it withdrew its application for the company's hotel in Moose Jaw. The company will not have bars in its hotels at the stations hereafter, preferring to keep the temptation as far as possible from its employees.

The solution of the temperance question is becoming more and more an economic one. Men who drink are at a discount in matters of employment. The great corporations apparently find it so.

DAILY REVIEW AT STONY LAKE

Will Be Delivered to Subscribers Same Day as it is Published.

Send in Changes of Address —Take the Review with You on Your Holiday.

Arrangements have been completed whereby the Daily Review will be delivered to summer resorters at Stony Lake on the same day as it is published. The papers will reach Lakefield in time to catch the evening boat for the lakes and will be in the hands of subscribers on the evening of the day they are published.

Subscribers of the Review who are going to the lakes or to any summer resort can have the Review follow them by notifying this office of the change in their address. Drop a card or telephone 189, giving the old and the new address and the change will be promptly made.

Persons who are not already subscribers to the Review can have the paper sent to them for thirty cents per month.

Take the Review with you on your holidays. It will keep you in touch with what is going on in the city in particular, and the outside world in general. Do not isolate yourself completely. Keep yourself posted on what is happening in the city. Get the Daily Review.

ELECTRIC LIGHTS AT GEORGE ST.

Church Illuminated by this Means for First Time Last Night—Decorating Last Week.

Last evening for the first time George street church was illuminated with electric light, replacing the gas lights that have so long been employed. The effect was most satisfactory. The installation was made by Alexander & Miller, of this city.

Next week the interior of the church will be in the hands of the decorators, F. C. Brown & Co., of Toronto.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin.
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c. per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

George Swaddling was sentenced at Belleville to a year for having given a boy ten cents to steal a traveller's grip.

Arthur Mear, of Hamilton, while driving on the mountain brow, was injured by a wheel coming off his wagon.

Big shipments of harvesting machinery and binder twine are arriving at Fort William and Port Arthur on their way west.

LOOSE WOOD WITH DRIVE OF LOGS

Is Being Collected for Firewood by Persons Along the Shore.

There has been a large quantity of loose wood come down the river with the recent drive and it has been collected at various points along the shore.

Several within the city limits have gathered the wood, which is mostly of cedar with some pine and white ash. Most of it was collected, however, some distance up.

JULY ISSUE OF MUCH INTEREST

Canadian Magazine Has Many Articles of Special Merit.

Although apparently making no pretension to being a Quebec Tercentenary number, this July issue of The Canadian Magazine contains much that bears in a direct and indirect way on the great pageant that is to take place at the Ancient Capital. There is an excellent article by John A. Ewan, entitled "The Quebec Tercentenary," with illustrations, and it is followed by another valuable and timely article entitled "Pitt the Empire Builder," by A. H. U. Colquhoun, Deputy Minister of Education for Ontario. The latter article gives credit to Pitt for the policy that led to the taking of Quebec by Wolfe. There is an excellent poem in blank verse entitled "Wolfe and Montcalm," by John Boyd; another entitled "The Plains of Abraham," by A. L. Fraser, and a third poem breathing the atmosphere of Ancient Canada under the title of "The Daughter of the Sieur la Suerre" Owing to the concentration of troops at Quebec, an article entitled "The Canadian Militia," by C. Frederick Hamilton is of especial interest. One of the stories, entitled "In Rupert's Land," by Roland Heron, is also reminiscent of French occupation. In other respects the number is unusually interesting, with articles by Goldwin Smith, Lady Edgar, Emily P. Weaver, Thomas E. Champion, and poems by Isabel Ecclestone Mackay, Jean Graham, J. Edgar Middleton, Archie P. McKishnie and others. There are also four good short stories. The cover shows an artists' conception of Champlain dreaming of the future Quebec. Altogether the July number of The Canadian Magazine is one of the best issued of this publication.

Belleville citizens banquetted Col. M. J. Hendrick, U.S. consul, who has been removed to Moncton.

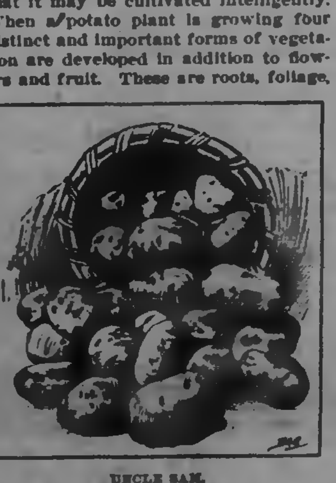
POPULAR POTATOES.

Conditions That Develop a Big Crop of Fine Tubers.

By W. T. MACOUN.

Before beginning to grow potatoes it is important to know something about the potato plant and its habits in order that it may be cultivated intelligently. When a potato plant is growing four distinct and important forms of vegetation are developed in addition to flowers and fruit. These are roots, foliage, stems above ground and underground stems or rhisomes, on which the tubers are borne.



UNCLE SAM.

[A prodigiously heavy cropper and sometimes called the handsomest potato grown; tubers white, dry and floury, of fine quality and uniform size.]

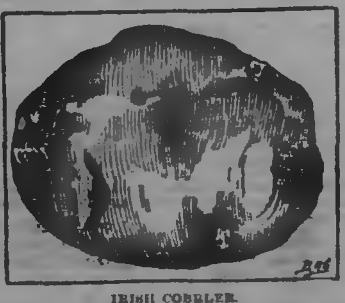
As the underground or tuber bearing stems bear no roots, they must depend for their development on the root system of the plant and the leaves and the plant food which these bring to them. It will be seen, therefore, that it is important to have a good root system and a good leaf development in order to have a good crop of tubers.

The potato appears to thrive best in a moist, somewhat cloudy and temperate climate, but provided there is sufficient moisture in the soil and the growing season is long enough it is not at all fastidious in this respect. It is a little more particular in the matter of soil, but large crops are grown in a great variety of soils. The ideal soil for potatoes appears to be a rich, deep, friable, warm sandy loam with good natural drainage and well supplied with decayed or decaying vegetable matter.

The potato requires a large amount of moisture to develop a large crop of potatoes, and for this reason the soil should be retentive of moisture. Potatoes will not, however, succeed well in cold soil where the water is stagnant near the surface, and thorough drainage is very essential to a good crop.

Potatoes succeed admirably on new land provided it is well drained and not too stiff, as the soil is filled with decayed vegetable matter and humus, which help to make it loose. Such soil retains moisture well and furnishes nitrogen in a very available form. They succeed well after sod also, as the decaying sod gives somewhat the same condition as new land.

Clay and clay loams are not so suitable to the potato crop as the warmer sandy loams and gravelly soils, as they are usually colder, and, as a rule being stiffer, the tubers are not as even in shape or as smooth. The quality of the potatoes grown in sandy or gravelly soils is better than that of those grown in clay or clay loams.



IRISH COBBLER.

[A very popular potato similar to or identical with Eureka Extra Early. It bears larger sized tubers, is a splendid cropper and comes in about a fortnight ahead of the Early Rose and several days ahead of the Early Ohio. This variety is displacing many of the heretofore standard early varieties.]

During a four years' test Irish Cobbler was the most productive among six early and extra early varieties.

Varieties which are comparatively free of blight are American Wonder, Enormous, Sir Walter Raleigh and Uncle Sam, all late kinds. The Vermont Cold Coin, a very promising variety, also appears to be especially blight resistant.

Vermont Gold Coin is particularly worthy of notice. It is very productive and in appearance somewhat like Carman No. 1.

A Seed Supply.

It is remarkable how rapidly a supply of grain may be built up from a single four or five pound sample. Take, for example, a four pound sample of oats. This with ordinary care will usually produce on the average about four bushels. This sown the next season on two acres of land will, at a very moderate estimate, give 100 and sometimes upward of 200 bushels. Taking the lower figure as the basis for this calculation, the crop at the end of the second year would be sufficient to sow fifty acres, which at the same moderate computation would furnish 2,500 bushels as available for seed or sale at the end of the third year.—Dr. William Saunders.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

"The Merry Widow" Hat.

I'm not looking for the man
Who wrote "The Merry Widow" waltz.
I suppose he had his virtues,
And I overlook his faults.
But the thing I want to know
Is where another person's at—
I'm looking for the one that made
"The Merry Widow" hat.

In church or any other place
There's only room for three
Where five could once be seated
As comfy as could be.
She with the "lid" is envied.
Less fortunate ones cry "Cat!"
I'm mighty glad I'm not the one
Who made that awful hat.

It must be nice and shady
On wilting summer days
To stand beneath a "Merry Wid"
With a girl who has the craze,
But the man who wants to taste such joys
Must be short—remember that—
Else he never can adjust himself
'Neath a "Merry Widow" hat.

—Gertrude Alice Beacham in Boston Globe.

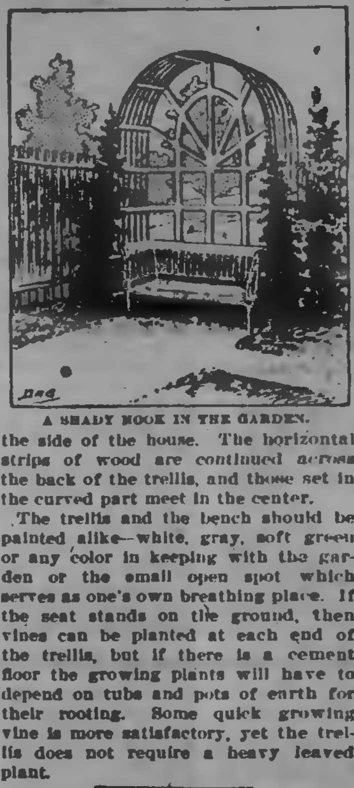
A GARDEN SEAT.

How to Make Bench That Accommodates Three Persons.

In a small garden where there is little shade and possibly no large trees at all a garden seat is difficult to manage in a way that provides some sort of view and shields the seat from the sun. A happy idea to follow under such conditions is to place the bench against the wall or fence and then build a canopy over it to serve as a trellis for vines.

A bench long enough to accommodate three persons is a good size around which to construct the trellis. At either end of the seat and just far enough away to allow the seat to be moved in or out starts a series of nine uprights a few inches apart, and when they have reached a height of six feet have them curve over the center in a shallow arch. This will bring the depth of the arched trellis out a little more than the depth of the seat. Every eighteen inches or so have the entire trellis braced with crosswise strips of wood. Four are shown in the illustration, and those that are continued around the arch are to keep the same distance apart.

A good background for the seat and trellis is cement or stone. A fence will answer, or it may be placed against the side of the house. The horizontal strips of wood are continued across the back of the trellis, and those set in the curved part meet in the center.



A SHADY NOOK IN THE GARDEN.

The trellis and the bench should be painted alike—white, gray, soft green or any color in keeping with the garden or the small open spot which serves as one's own breathing place. If the seat stands on the ground, then vines can be planted at each end of the trellis, but if there is a cement floor the growing plants will have to depend on tubs and pots of earth for their rooting. Some quick growing vine is more satisfactory, yet the trellis does not require a heavy leaved plant.

THE TARDY GUEST.

And Some Delightful Dining Cranks of Old.

It is embarrassing for the hostess when some important guest at a dinner party does not arrive at the expected time. But the hostesses of our great-grandmothers' day had much worse difficulties to contend with in that way than we have nowadays, when trains, cabs, motors and motor omnibuses make punctuality comparatively easy. Yet there were hosts even then who refused to accept any excuse for lateness.

"Bosvillian" punctuality is a forgotten term in these times, but a hundred years ago to dine a la Bosville had a significant meaning, for it implied that dinner would be served at the exact time mentioned on the invitation.

Colonel Bosville was a martinet where dining was concerned. His dinner was always ordered to be placed on the table at exactly two minutes to 5, says the St. James' Gazette. No guest was admitted after the appointed time, his porter locking the street door and placing the key at the head of the dinner table on the first stroke of the mystic hour.

It was said of a man of the day who was of some importance in the official world that in answering an invitation to dinner he invariably added this postscript: "N. B.—I conclude you mean what you say and that the dinner will be on the table at 5 o'clock, when I shall arirve at your door. If the dinner be on the table, I shall come in and partake of it; if it is not, I shall take the liberty of returning home."

SUGGESTIONS FOR THE HOUSE

Never beat or stir cereals or rice with a spoon. It makes them pasty. Use a plated or a silver fork.

Cake icing will not crack when cut if a little thick cream is added to it. Allow one teaspoonful to each white of egg.

Castor oil rubbed on to warts has been known to cure those that obstinately refused to yield to other remedies.

Milk will immediately and effectually extinguish the flames from gasoline or any form of petroleum, since it forms an emulsion with the oil.

In washing dishcloths, instead of using soap or borax, put a quantity of soda in the water and boil the dishcloths. The grease and soda make a soap that does its own work.

A good combination for serving in grape fruit glasses or shells is pineapple and grape fruit. Shred both fruits and mix with sherry and a little sugar. Decorate with two or three maraschino cherries and serve very cold.

Mix blacking with milk. It will thus produce a fine polish and help to keep the leather in good condition. Cut a cake of blacking into small pieces, put them in a saucer and pour over them enough milk to make a paste of the consistency of thick cream. Place in a wide mouthed bottle for use.

Frank Adams, the four-year-old son of Harold S. Adams, of St. John, was killed by falling into an old quarry.

Farm Irrigation.

The station has demonstrated that irrigation by use of a centrifugal pump and traction engine is too costly an operation to be practical for the western farmer; also that the area to be irrigated in that manner must necessarily be too small to include general farm crops, the work demanding undivided attention just at the busy harvest season and when labor is most expensive. However, for small fields of alfalfa, potatoes, fruit and garden, irrigation by the aid of pump or well, with windmill or gasoline engine power, can be conducted with very good results. And it is reasonable to suppose that the pumping of water on to the land in late winter, when the soil is dry and opened by numerous cracks and when labor is plentiful and correspondingly cheap, will accomplish no little benefit to subsequent summer crops that could thrive on the stored up moisture. The summer irrigating, demanded when both time and labor are most valuable, might be dispensed with. In the primary tests of this plan all crops responded favorably, alfalfa particularly so.—Kansas Experiment Station.

DAMAGE DONE AY LAKEFIELD

Electric Storm Played Havoc in that Vicinity.

The severe thunder storm that passed over Lakefield on Monday night did a certain amount of damage in the vicinity. The residence of Mr. Thomas Gordon had a very narrow escape. During the height of the storm the lightning struck one of the chimneys, almost completely demolishing it, and passed down through the stove pipes into the stove. From the stove it continued on its eccentric career, cutting a hole through the floor, into the ground. Mrs. Gordon, who was sitting in the room at the time, suffered a severe shock to her nerves, but otherwise escaped injury.—Lakefield News.

By joining the merry crowd of Durham Old Boys Wednesday, July 8th, you get one day at Niagara Falls and one day in Toronto, or two days in either place. See large advt. in this issue.

See MacPherson's North Window for Bargains. Roast Pans 15c, Long Handled Dustpans 25c. We sell the New Perfection Blue Flame Oil Stove.

IMPORTANT TO LADIES

It is not often an opportunity occurs at your door to see the latest Parisian and New York styles in Hair Goods, yet such is the case, as Prof. Dorenwend of Toronto, is visiting this town and invites your inspection of these goods at his private apartments reserved at the hotel.

These Hair Goods styles, when properly adjusted protect and ornament the head, soften and beautify the expression of the face, and consequently tone up an aged appearance. Be sure and see them at the Oriental

: One Pair of Eyes for a Lifetime :

This is the reason we look upon the proper examination of the eye as a serious thing. The constant increase in eye defects is partly due to improperly fitted glasses. The first indication of discomfort of blurred vision in constant headaches, should cause you to ascertain the source of the trouble, whether it is through the eye itself or from some physical ailments. If you come to us you can come with the full assurance that you will be told whether glasses are required or not.

We are not in the business to **"Sell Glasses"** The retention of your patronage and your commendations are far more valuable to us.

FAREWELL SERMONS AT CHARLOTTE ST. CHURCH

Two Forcible Addresses Delivered by Rev. H. M. Manning Yesterday—Large Congregations Present—the New Pastor, Rev. G. W. Henderson, will Preach Next Sunday.

Farewell sermon.

"And now, brethren, I recommend you to God, and to the word of His grace, which is able to build you up an inheritance among all them which are sacrificed."

The above words are found in the 32nd verse of the 20th chapter of the acts of the Apostles and were the words on which Rev. H. M. Manning bore his farewell message to the congregation of Charlotte street Methodist church last evening. Large congregations were present both in the morning and evening yesterday, it being the last Sabbath on which Rev. Mr. Manning preached, as pastor of the church. Next Sunday Rev. G. W. Henderson, of Port Hope, the new pastor, will preach for the first time. He will arrive here on Thursday.

Rev. Mr. Manning is to be the first minister in charge of the new Methodist church, to be built shortly at the corner of Romaine and Aylmer streets, and to be known as St. James church. Services will be held these next Sunday and until the building is finished will be held in a tent. There will be morning and evening services and Sunday school in the afternoon.

The reverend speaker in commencing his sermon stated that there was a spiritual career before every child of God. In that career there were many tests and it was a matter of supreme moment how one could stand them. St. Paul in speaking the words of the text to his brethren knew that there were many obstacles in their way and that they would have to fight against much temptation. So the preacher, in delivering his farewell address, pursued the same course as the Apostle. To whose who had Sunday after Sunday listened to the word of God as taught by him, he commended them to God and His word of Grace.

"With all the faith and fervor of my soul, I commend you to God," said He said that God was not far off and if one would wait until he heard the Divine voice he would realize how near God was to him. In the perplexities and difficulties of life there was no safety like being under the care of God.

The Christian's first responsibility was to God.

The life of the soul should come before the life of the body. Men's obligation was first to God and then to his fellow being. The true nourishment of the soul was in the Word of God. The Word of God would build up a strong character.

In conclusion the pastor urged his hearers to stand fast upon the Word of God and to give themselves to Christ.

FLOWER SUNDAY AT GEORGE ST.

Yesterday was Flower Sunday at George street Methodist church. The school met in the basement of the church at 10.30 and at 11 o'clock marched 500 strong into the auditorium, beginning with the little ones of the Primary Department, and ending with about one hundred men of the Men's Social Adult Bible Class. flowers and they were handed to a committee as they passed the platform and were placed above and within a large circle of some 12 feet in diameter and also banked about on the floor. The church was crowded in every corner. The sermon to the school was preached by the pastor, Rev. E. A. Pearson on "Life Lessons from the Dandelions."

In the evening the church was again filled, and afterwards the flowers were distributed among the sick.

MADE PLEA FOR GREATER ACTIVITY IN FOREIGN FIELD

Miss King Gave Edifying Address at Knox Church Last Night—Chinese Need the Gospel of Christ.

The great need of increased activity in the foreign mission field and particularly in China has probably never been more strongly advocated in this city than by the simple facts as cited by Miss Marguerite King at Knox church last night. There was a large congregation present and the interesting account of Chinese life and the difficulties of the missionary work proved all too brief. Miss King spent eleven years in China and the fact she emphasizes most is that more helpers are required to do the work. The country is open to the missionaries; there is in fact an open door to them but the work is so vast; there are so many heathen and the countless cities, towns and country places that to prove successful there should be more missionaries sent into the country and the assistance from home should be more generous.

CONDITION OF YANG CHOW.

The first reason Miss King advanced for giving the gospel of Christ to the Chinese is because of their great need of it. In their city of Yang Chow she said there are 500,000 people. There is no doctor in this large city; no one even to extract a tooth. The insane, the deaf and the dumb, the blind among the poor are uncared for and may be seen wandering around the narrow streets, a most pitiful sight. Outside the walls of this city there are villages and market towns to the number of fifty in that province and when Miss King first went there, not one witness for Christ was found. It is impossible to get into the homes of the rich, but a slight knowledge of medicine on one occasion secured for Miss King the longed for open sesame. One night, after being there about 10 months, a woman in one of the officials' houses had attempted suicide by cutting her throat. Now, it is contrary to the national custom of the Chinese to mutilate their bodies, and even a person condemned to be beheaded, will, if he has the means, employ some way to sew his head on after death, and the head is literally sewed on to the body. Accordingly there was great excitement in the city when this woman had gashed her throat. Miss King was the only one who knew anything of medicine, and she was called to the official's house. She did not explain in her address how she performed the operation, but suffice to say, the woman lived. This was God's answer, Miss King said to her prayers, for she received many invitations into the homes of the rich, and thus could communicate to them the message of God.

IN THE CITY CHURCHES

ST. LUKE'S

The annual Bible class excursion will take place on Wednesday, July 1st.

Friday evening at eight o'clock the Junior Chapter of the Brotherhood of St. Andrew will meet.

MARK STREET CHURCH.

Prayer meeting will be held on Wednesday evening at 8 o'clock.

Cottage prayer meeting will be held at the residence of Mr. S. Hatherly, James St., on Friday evening.

ST. JOHNS'

Monday—Boy's choir practice. 6.30 Girl's picnic.

Thursday—8 p.m. choir practice.

Saturday—8 a.m. Boys' training class.

Sunday—Holy Communion 8.30 a.m. and 11 a.m. Sunday school at 3 p.m. Scholars receive their tickets for annual excursion to Clear Lake on Wednesday, July 8th, from their respective teachers next Sunday at school.

ST. MARK'S, OTONABEE

A most successful mission was brought to a close on Monday last, at St. Mark's church, conducted by Rev. J. B. Anderson, of Brooklin. The attendance increased every day, so that the last meetings were attended by so many that the seating capacity of the church was taxed to its utmost. Mr. Anderson is an attractive and convincing speaker, and his great enthusiasm and intense earnestness are strong factors in a spiritual revival.

The ladies of St. Mark's church are preparing for a strawberry festival, to be held on the lawn of the residence of Mr. John Dixon, Drummond Station, Wednesday, July 8th.

WEDDING BELLS

McNAMARA—GIBSON.

The marriage took place at Campbellford to-day, of Miss Minnie Gibson, daughter of Mr. John Gibson of that place, to Mr. M. McNamara, of Peterborough. The ceremony was performed at the Roman Catholic church. The happy couple will have the best wishes of many friends.

Miss Schmidt has resigned as librarian of Berlin public library.

An unknown Norwegian sailor was killed on the C.P.R. at Montreal.

Hamilton now proposes to erect a consumption hospital on Copeland avenue.

Dr. S. P. Rose, of the Broadway Methodist Church, Winnipeg, and at one time of St. James' church, Montreal, has accepted a call to the Sherbourne Street church Toronto.

OBITUARY

MRS. WM. HOPKINS.

The death of Mrs. Wm. Hopkins occurred last night at her late residence, in South Monaghan, after an illness of three months' duration. The deceased was 66 years of age and was born in South Monaghan, near the home where she passed away. Her maiden name was Isabel Alexander, she being the daughter of Mrs. P. Alexander, King street.

She is survived by her husband, two sons and two daughters. The sons are Messrs. Wm., of Toronto, and Joseph, of Fraserville. The daughters are, Misses Ada and Jane, residing at home.

Three brothers and five sisters are also left to mourn her loss. The brothers are Messrs. P. Alexander, and John, of this city, and Richard, of Los Angeles, Cal. The sisters are Mrs. Jos. Hopkins, South Monaghan; Mrs. Young, of Smith; Mrs. Argue, of Quebec; Mrs. Winch, Le Rado, Texas; and Mrs. Evans, King street, city.

The funeral arrangements have not yet been made.

TWO EXCURSIONS ARE IN THE CITY

One Here from Lindsay and the Other from Fenelon Falls.

Two large excursions are visiting Peterborough to-day, one is from Lindsay and the other from Fenelon's Falls. St. Paul's Presbyterian church of Lindsay, and the Methodist church of Fenelon Falls are holding them. There are about 450 visitors in the city. Some are spending the day with friends, while most are at Jackson Park.

BIRTH

ALLISON—On Saturday, June 27th, 21908, to Mr. and Mrs. W. J. Allison, 597 Bethune street, a son.

The Daily Review
MONDAY, JUNE 29, 1908.

AT BETHANY TABERNACLE

Pastor Steuernagel Said Farewell to His Congregation Yesterday.

Large congregations were present at Bethany Tabernacle yesterday to listen to pastor Steuernagel's farewell addresses. The morning text was taken from Heb. 6. 1, "Let us press on unto perfection." In the evening the text was taken from Phil. 3. 13, 14, "Forgetting the things that are behind. Let us press towards the mark for the prize of the high calling of God in Jesus Christ." Earnest and encouraging words were spoken to the church to press on, have a d.fine aim, seek a high ideal, and thus gain the prize at the end of the race. In concluding the pastor very feelingly thanked the city for her many kindnesses and the members of the church for their sympathy and loyalty, and the press for the many courtesies shown during the past five years.

This morning pastor and Mrs. Steuernagle were very agreeably surprised by the reception from the church of a handsome sum of money with a note, expressing their high appreciation for a faithful ministry. It is understood that pastor Steuernagel is receiving calls to other charges, but will probably not settle in a new field of labor for a month or two. Mrs. Steuernagel has been asked to supply the pulpit at the Tabernacle after next Sunday in the evening for the month of Juyl.

NOTICE TO THE N. C. O'S
An important meeting will be held in the mess rooms over Alex. Elliott's liquor store on Simcoe St. on Tuesday, June 30th at 8 p.m.

CITY NEWS NOTES

POISONED THE HENS.
County Police Magistrate Edmison is in Norwood to-day trying a case of hen poisoning in that place.

PETERBOROUGH BAND PRACTICE.
There will be a practice of the band Tuesday evening at eight o'clock. All members are requested to be present. By request of R. Common, conductor.

WAS A POLICEMAN
Chief Howard, of the local fire brigade, served eighteen months on the London, Ont., police force. He went back to fire fighting, however, and prefers that to police work.

NEW OFFICERS
The Salvation Army is again fully officered and in trim to continue the campaign and fire the usual volleys against the arch enemy of mankind. Capt. and Mrs. Adimson arrived last night on the flyer and immediately got into the work. They were heartily welcomed by the Lindsay corps.—Lindsay Post.

Durham Old Boys are making big preparations for their annual excursions July 8th to Toronto and Niagara Falls. See large advt.

PERSONAL

Send or Telephone Your Personals to The Review.

Mr. Weir J. Hill, Madoc, is in the city.

Mr. G. Gumpricht was in Lindsay on Saturday.

Mr. J. G. Bugdin spent Sunday in Lindsay.

Mr. Jas. McDonald, Smiths Falls, is at the Oriental.

Mr. Claude Sherwood, of Lindsay, was in the city over Sunday.

Mr. D. W. Dumble spent Sunday at "Ballyraggit," Stony Lake.

Miss Jean Gillespie, of Stayner, is visiting her sister, Mrs. W. J. Dunlop, Rubidge street.

Miss Irene Munro returned to Cheming this morning after spending a few days in the city.

Mrs. R. Pearson, of Peterborough is visiting her sister, Mrs. Herb Middleton. — Lindsay Post.

Mr. and Mrs. E. Brown, of Rochester, N.Y., are the guests of Mrs. R. J. Weir, Burnham St., Ashburnham

Master Harold Young, son of Rev. Dr. Young, of Montreal, was the guest of Mr. and Mrs. B. Shortly for Sunday.

Mr. and Mrs. A. H. Elliott, Avenue Road, Toronto, are in the city for a few days, visiting the Misses Griffith, 183 Antrim St., city.

Mrs. Skinner, of New York, and Mrs. Hodgins, of Hamilton, who have been the guests of their sister, Mrs. Doane, Water street, left for Hamilton this morning.

The many friends of Mr. William Cairns who was seriously injured in Peterborough some weeks ago will be pleased to learn that he has so far recovered as to be able to return to his home in Lindsay. — Lindsay Post.

Mr. George Matthews and daughter Miss Isabel, left this morning for England via Montreal and Dominion Line S. S. Canada. They expect to be away about seven weeks.—Lindsay Post.

Lakefield News. – Miss Sadie Staunton who has been at Mrs. F. J. Tate's for the past six months has returned to her home in Peterborough. Miss Bella Graham of Peterborough spent a few days in the village this week visiting friends.

Mrs. E. Sharpe, secretary of the Children's Aid Society, Lindsay, was in the city to'day. She brought with her a little boy, of eleven years, Geo. E. Phillips, who was given over to the local society. He is a bright little fellow, strong and in good health. His mother is an invalid and his father, it is said, is very useless. He has been a ward of the society since last October. He will remain a ward of the shelter here until a home is found for him.

DOMINION DAY AT STONY LAKE.

The steamer Water Lily will leave Wolfe Street wharf on Wednesday, July 1st at 7.30 a.m. for Stony Lake, returning at 7.30 p.m. Return tickets 75c, An ideal outing at small cost.

UNION MEETING

A union meeting of the three temperance organizations of the city will be held to-night in the Y. M.C.A. to discuss plans for a series of gospel temperance meetings in the fall. All members of the above societies are invited to attend.

Holland is reported to have made a claim against Venezuela for the recent seizure of two Dutch sloops plying between Venezuela and the Dutch Island of Aruba.

MANY WATCHED ECLIPSE OF SUN

Rev. Dr. Marsh Secured Several Excellent Photographs -Sun's Spots Are Bright.

The partial eclipse of the sun yesterdays morning was watched with considerable interest in Peterborough. The sky was clear and afforded excellent observation. The eclipse came off and went off as scheduled and at Springville Rev. Dr. Marsh and his son James, secured several splendid photographs of the phenomenon. They will show the corrugated edge of the moon on the sun's surface and one of them will show the moon entering one of the large sun spots. This one is especially interesting as it demonstrates that the spots, which appear dark, are as bright as an arc lamp.

Hundreds of people saw the eclipse through the large telescope at Springville.

THIS BOY HAD VERY GOOD LUCK

Caught Two Lunge in the Canal This Morning.

Fishing is reported good in the canal above the liftlock. This morning at an early hour Gordon Kellar, a fifteen year old boy, captured two lunge. One of them was an eleven pounder and the other was slightly smaller. There was a big crowd of fishermen out this morning and several good catches were made.

WEDDING BELLS

FALLIS—MORRISON.

On Thursday afternoon, June 25th, a very pleasant event took place at 5.30 at the residence of Mr. David H. Morrison, of Benefort, the occasion being the marriage of his only daughter, Miss Frances Verna Morrison, to Mr. John Howard Fallis.

About forty guests were present to witness the ceremony, which was performed by Rev. D. A. McKenzie, B.A., pastor of Presbyterian church, Centreville.

The bride looked charming in a beautiful dress of white crepe de chene. She was given away by her father.

Miss Annie Morrison, cousin of the bride, performed the duties of bridesmaid, and Mr. Austin Fallis, acted as groomsman. Miss Amy Wood played the wedding march.

The marriage took place in the spacious lawn under an arch of evergreens. After congratulations the guests partook of an excellent supper served in the dining room, which was artistically decorated with evergreen, carnations and asparagus ferns

The many beautiful and costly presents received by the happy couple were a testimony to the high esteem in which they are held by their friends.

They will reside in South Monaghan.

Special excursion via G.T.R. steamers and famous Gorge Route to Niagara Falls Wednesday, July 8th. Tickets to Toronto or through to the Falls. See large advertisement.

CONGREGATION TO WORSHIP IN A TENT

New Methodist Church Commences Next Sunday—Services will be Held Under Canvas.

Rev. G. W. Henderson, of Port Hope, who is to be the new pastor of Charlotte street Methodist church will arrive in the city on Thursday and will preach for the first time on Sunday next.

Rev. H. M. Manning, the retiring pastor, will conduct services in a tent at Romaine and Aylmer streets, until the new church to be known as St. James, is constructed. Three services will be held down there next Sabbath, one in the morning, one in the afternoon and another in the evening.

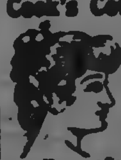
Keep Cool – Keep things cool This is easily accomplished by using one of Best's best refrigerators. All prices. Better buy Best's now. Next to Post Office.

A LARGE BIBLE CLASS.

The Men's Social Adult Bible Class of George street church now numbers 300. Yesterday about 100 attended morning service. There are probably in the province few, if any, classes equal to this.

"Oscar Wilde," serving four years at Washington for false pretences, placed $1000 with the Bank of Nova Scotia at Fredericton, and it is now being used to repay his dupes.

Cook's Cotton Root Compound.



The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. OPPORTUNITY.

Superintendent's Address Before Boys' Farm Encampment.

By H. G. RUSSELL, Kansas.

America is but another name for opportunity. France has eight persons to our one per square mile; Europe has nearly four to our one. The United States has 12 per cent better land than Europe. Haven't you better opportunities than the boys of France and Europe? Our danger is that of becoming extravagant, of failing to learn the lessons of systematic saving and certain economy so necessary for the European boy to learn and practice.

Opportunity Always Knocking.

It is said that opportunity knocks once at the door of every man and that the one who was out knocks ever afterward. The first part of the statement is not true unless you make the "once" read "all the time." Opportunity is with you all the time. Great corporations are constantly looking for men of brains and character, men who can do something that is needed in the world's work. Learn to do something that is useful and do it well and your fortune is made if you will keep at it.

Today Is Doer's Day.

This is an age of doing. Be able to "deliver the goods" and you will be wanted. The test is doing. Learn how to think and you will soon know what to think. A man is of little value until he can take care of himself. Learn to take care of yourself and help others to the same high standard.

An honorable calling is any calling that makes a man stronger for the world's work, anything that needs to be done for the advancement of our civilization. Do not all try to get into professions. Do not let your parents kill themselves trying to make and save for you. Make and save for yourselves.

Near the Top.

Every one can work at wages that will enable him to live and save something, but the greater demand is near the top. The builder of a railroad showed me three vacant chairs in his office and told me he would pay $2,500 per year to persons who could fill them and do the work. They had been vacant for three months. He also said that he had advertised for common laborers and got a train load.

I watched with great interest the building of a church in a little city. The workmen who excavated the earth received $1.50 per day. The stonemasons who followed received $4 per day, the brickmasons $6, the man who did the frescoing $15 per day and the architect $25 per day. The man who put on the finishing touches of beauty and the man who carried that building in his head before a stroke was made toward its erection received the highest prices for their services.

Work Along a Line You Fit.

The man who will find a cure for hog cholera will do the world more good than the man who can repeat Homer in the original. The man who can destroy the chinch bug is worth more than the man who can exhume a Troy or uncover a Pompeii. Direct your talents along lines that you fit and add something to the sum total of human knowledge. Give more than you receive. It won't hurt you, but will help instead.

Royal Etiquette To-Day and Yesterday

Sir Henry Campbell-Bannerman's last illness in one respect established a record. Of his predecessors in office in England (in modern times, that is) not one has been the object of such overt demonstrations of sympathy in high places. The sympathy may have been no less in other cases; the etiquette was more. Sir Henry received the personal visit of the Sovereign, of the Heir-Apparent, and of Queen Alexandra and the Empress Marie. Marks of sympathy such as this were not accorded to Melbourne, to Palmerston, to Beaconsfield, to Gladstone, nor to Salisbury. Palmerston wrote to the late Queen Victoria from Brocket—where, by and by, he was to die himself—that "Viscount Melbourne was released from further suffering," and three days later the Queen mentioned to her uncle Leopold that "our poor old friend" was dead. And in those days, less democratic than these, royal expressions of sympathy that took concrete form were generally posthumous, and expressed in funeral wreaths.

"Discomposed" by a Big Tiger.

Several Indian papers print the following written by a native subordinate in his diary while in a very trying position:

"Up a tree where I adhere with much pain and discomposure while big tiger roaring in a very awful manner on the fire line. This is very inconsiderate tiger, and causes me great griefs, as I have before reported to your honor.

"This is two times he spoiled my work, coming and shouting like thunder, and putting me up a tree and making me behave like an insect. It is a very awkward fate to me and the tiger is most inconsiderate."

The Finishing Touch.

If your mahogany furniture looks dull and smeared, this is an excellent polish to use after your cleaning is finished: Take five parts of pale resin, two and a half parts of palm oil, four parts of benzine, one-quarter part of verbena extract and three-quarters of a part of peppermint extract. Keep this tightly corked, away from fire and light, and shake before it is used. You can use it on different woods.

Not only is tea grown at a high elevation, finer flavored and more healthful than ordinary tea, but it is much more economical. That is why one pound of "Salada" will make more cups of tea than one and one-quarter pounds of any other kind.

PROMPT PAYMENT

Peterborough, Ont., June 12th, 1908

W. H. HILL, Esq., City Representative Liverpool and London, and Globe Fire Insurance Co'y.

DEAR SIR,—

We beg to acknowledge the receipt of cheque for $2,500 in settlement of fire loss, policy No. 8,645,879 Liverpool and London and Globe Insurance Company.

We note in connection with this settlement a most unusual feature. They are legally entitled to 1 per cent. of stated sum for payment prior to due date. No business man would for one moment question their right to this amount. But they do not take it. Instead they have purposely waived their privileges and presented us with this additional amount.

We are gratified to note this remarkable action. To adjust and settle a loss within twelve days is noteworthy, but to add to this magnanimity in refusing to take advantage of their discount privileges, places this company in a most favorable position.

We congratulate you upon representing a company of such superior standing.

Yours very truly,

Canada Flakes Co., LIMITED.

Signed, H. E. COLLIER, Manager.

W. H. HILL 59 Hunter Street Mgr. Central Ont

SPORTING NEWS

ATHLETICS PUT STOP TO PETES' LIST OF VICTORIES

Defeated League Leaders in Exciting Game at Riverside Park on Saturday Afternoon—Score was 5-3—Quinlan's Pitching was the Feature.

It took the Petes' fellow-citizens commonly known as thee Athletes to put a stop in their unbroken onward march towards the possession of the pennant of the Midland League. The Johnstonites sustained their first defeat of the season at Riverside Park on Saturday afternoon at the hands of manager Lynch's nine, the score being 5 to 3. The winners deserved their victory and are to be congratulated on their splendid showing. They were all there with the hits when safeties meant runs whereas on the other hand, Quinlan's delivery was a puzzle to the Petes and three hits was the best they could do. Of these Cerney Burns had two. Clements had the third one. The Petes again showed their superiority on the bases, but it was simply a case of the Athletics being able to hit Clements, while Quinlan was unbeatable. The Petes' twirler was touched for ten safeties, of which one was a two-bagger. Five of them came in the last innings and resulted in three men crossing the plate. Clemens walked two men, hit one with the ball and fanned 8. Quinlan allowed no charities, fanned eight batters and had perfect control. His underhand ball was working to perfection and the Petes could not straighten it out. High flies about evenly divided between the infield and outfield were all that came from the mighty swings of the league leaders' sluggers.

There was considerable of a shake up in the Peterboroughs. Maddock was unable to pla on account of the ankle sprained the previous Saturday, and Cheetham was unable to be on hand. O'Brien came in to third base, Hawkins, who pitched here early in the season, played short stop, and Josh Craig made his debut into the Midland League by playing centre field. He made good, playing an errorless game, accepting two hard chances, figuring in a double play and throwing Heaslip out at the plate by a splendid heave from far afield. Murphy was the other conspicuous man on the team. He pulled in everything in the left garden and covered a big slice of ground.

The Athletics had the same team as the previous Saturday, with the exception that Graham was back at first and Heaslip went to right field. Everybody was hitting the ball, Rattray heading the list with three singles four times up.

The game was the best of the season from a spectator's point of view. There were no delays and only in one innings did more than four men face the pitchers. The Peter scored their first run in the third and got two more in the fifth. The Athletes also got one counter in the third, one in the eighth and three in the ninth.

About four hundred people saw the game and they got their money's worth and some more.

Jack Beaumead of Port Hope was umpire and he was the handy kid. His decisions were satisfactory all round and there was no kicking worth speaking of.

Below will be found the summary:

ATHLETICS

	AB	R	H	PO	A	E
Connors, cf	5	1	1	1	0	1

Two-base hit, Heaslip; sacrifice hit, Graham; bases on balls, off Clements, 2; hit by pitcher Andrews, struck out by Clements 8, by Quinlan 8. double play, Craig to Lawson; stolen bases, Burns 5, Lawson, Connors, Rattray and Quinlan.

By innings

Athletics ... ...001000013—5
Peterboroughs ... ...001020000—3

The Athletics scored their first run in the third innings when Quinlan was walked and stole second. Connors went out, Hawkins to Lawson, and Graham struck out. Shea singled between first and second base and McDermott and Burns both went after the ball but neither touched it. Quinlan scored. Andrews flew out to O'Brien.

In the eighth innings Quinlan was first up and struck out, Connors singled and stole second, and Graham sacrificed him to third. He scored on Shea's single.

The last innings was a repetition of the same period on the previous Saturday. Andrews was first up and flew out to Hawkins. Rattray and Mackrell singled and scored on a long drive by Heaslip to the fence corner in left field. Heaslip got to second. Callaghan hit to centre field and Heaslip tried to score but was thrown out at the plate by Craig. Quinlan singled and Callaghan scored. Connors struck out, retiring the side.

The Petes got one in the third. With two men gone, Burns singled and stole second and third and scored on a bad throw by Rattray.

In the fifth Lawson got to first on Connors' error and stole second. Hawkins got first of Shea's wide throw to Graham but was caught at second. Craig got a life on Pilling's muff and Lawson scored. Craig scored on Clements' single. Clements got caught at second, Burns getting fielder's chance, and Murphy struck out.

The Petes were shut out in the last four innings.

FINAL WORKOUT OF T.A.S. NINE

Before Game with Wellingtons on July 1st will be Held Tonight at 6:30.

A full practice of the T.A.S. ball team is called for to-night at the field at 6.30 o'clock. All those having T.A.S. certificates are asked to turn out.

It is important that every player be on hand, as to-night's practice will be the last before the game with the Wellingtons at the T.A.S. picnic on July 1st. The team to represent the total abstainers in the game will be chosen after to-night's workout.

WARSAW DEFEATS LAKEFIELD TEAM

Interesting News from the Hub of Dummer Township.

Special to the Review.

Warsaw, June 27.—The Lakefield football team visited Warsaw and was defeated.

Court Warsaw, No. 220, C.O.F., had an outing to Bobcaygeon this week.

Mr. John Dean had a barn raising this week. Everything went well. Mr. Arthur Edwards and Thomas A. A. Crome may any day call on this neighborhood to help raise valuable barns on their premises.

The crops have improved since the late rains.

A. Watts is shipping a load of cattle for Montreal since next week.

The late Wm. McIntosh, who was found dead in a buggy near Fenelon Falls, was a native of Dummer and was on a visit to his mother, at Warsaw a short time ago.

FREE PRESS ONCE MORE IN ERROR

The Sporting Man Gets a Little Mixed Concerning a Local Pedestrian.

The clipping below from the Lindsay Free Press will cause the people of Peterborough to enjoy a good laugh. The man who wrote it is wrong again, as usual. The Joe Guerin, who was to have walked to Lindsay with Charles Stevens on Saturday, is not Joe Guerin who was formerly with Marks Bros., and at the Oriental but another citizen, who is in no way related him, still another striking example to that saying of Shakespeare's "What's in a Name?"

The clipping is:—

According to the Peterborough papers the Lindsay walking match, which is being advertised around, is not going to have a look-in for walkers of any reputation—all the good ones are piking for Port Hope. Hoagland and Sater, and Jim Harrison, who were among the shining lights at the Peterborough walk some months ago, are going to "hoof" it at the Lakeside City, where prospects of a splendid financial showing exist owing to the Old Boy's Re-Union which is about to be held. This gives Lindsay a very poor show, and if the Examiner is correct—and it should know—the great Napoleon of walking contests, George Stevens, should give up the idea of trying to palm off an amateur exhibition on the citizens of Lindsay and using some Peterborough boys as professed walkers. Joe Guerin, late of Marks Bros., and now bartender at the Oriental Hotel, Peterborough, accompanied by Charlie Stevens, son of the promoter of the walk, will leave the Porridge City this afternoon at 2.30 o'clock and will attempt to cover the ground from there to Lindsay in seven hours.

Lindsay may or may not take to walking contests, but the people should at least be furnished with a decent exhibition upon which to base their opinion. The Free Press will not stand for anything in the way of a hippodrome performance in sport.

HE USED TO MAKE IT IN 6 HOURS

Mr. Fred Edmunds Tells of Walking from Lindsay to Peterboro 25 Years Ago.

Mr. Fred Edmunds, the proprietor of Wonderland, Lindsay, who is in the city to-day, says he used to do the walk from Lindsay to Peterborough in six hours. This was about 25 years ago and at that time Mr. Edmunds' house was where the C. G. E. Works are now located. Mr. Edmunds was employed in a mill at Lindsay and walked home every Sunday morning, accompanied by his dog, and leaving for Peterborough early in the morning. He returned in the afternoon. Mr. Edmunds thinks that Stevens' time for the walk from here to Lindsay on Saturday was very fast.

LAWN BOWLING

The following games were played Saturday evening:

Mr. Thompson	Mr. Adams
H. Maynard	W. S. Robinson
R. Cottrell	D. Belleghem
W.L. Talbot, sk 19	R.M. Waddell Sk 11
T. E. Pratt	G. Giroux
Mr. Adams	A. R. Kidd.
D. Belleghem	Mr. McKone
F.H. Dixon, Sk 20	Dr. Greer Sk. 14

The following is the draw for to-night's play:

J. E. McIntyre vs. D. Belleghem.
R. M. Wadell vs. Dr. Marshall.
W. E. Talbot vs. E. A. Runnells.

SPORTING COMMENT

To-day the doctors and lawyers of Hamilton are playing a ball game. How would it be for the local legal and medical men to arrange a similar event.

COBOURG HERE FOR HOLIDAY; PETES PLAY AT PORT HOPE

The centre of attraction in Peterborough on Dominion Day will be the baseball match between the Athletics and Cobourg. Fresh from their victory over the Petes on Saturday, the locals intent drubbing the nine from the horse show town. Quinlan and Rattray will be the Athletics' battery and it is learned that Cobourg is strengthening for the game. The match will start at 3 o'clock and the record crowd of the season should be at Riverside Park.

The Peterboroughs leave for Port Hope to-morrow evening and a league game will be played there on the afternoon of the holiday. They will play an exhibition game in the morning with the Port Hope nine. Maddock will be back in the game and Thorne will play third base. The Petes will play in Cobourg on Saturday.

Y.M.C.A. LACROSSE TEAM HAS WITHDRAWN FROM LEAGUE

The Y.M.C.A. lacrosse team has decided to drop out of the Trent Valley Lacrosse League and will notify the League to this effect at a meeting to be held tonight at the T. A.S. rooms for the purpose of drawing up the schedule for No. 1 Division.

The older members of the team have not been turning out as well as they might have and as the physical director of the Y.M.C.A. leaves for Sandy Point, Clear Lake, for the boys' camp there in a short time, there will be no one to look after the team and it has not reached a sufficient state of organization to be left in the hands of the players alone.

The withdrawal of the Y. M. C. A. twelve leaves three teams left in No. 1 division of the League; T. A. S., Millbrook and Lindsay.

SOME BASEBALL PROVERBS

A hit in the pinch is worth two of the other kind.

The man who always runs 'em out will make good in any game he tackles.

A home run is a fine thing but the diminutive bunt in a tight place is not to be despised.

The sacrifice has won more games than the home run, and the 10-cent head lost fewer than the 10-cent arm.

The man who never makes an error or a mistake never makes a play that is really worth while.

Speed without control hasn't a show to win against control without speed. But speed with control has the field sewed up.

Luck is always a winning factor—until it runs into pluck. Then the stuff is off.

The motto of each coach line is this: "Open your eyes and keep on your toes."

To outguess the other follow makes your game easy and success a pipe.

You've got to hit the dirt to get there in a pinch.

The man who stretches a single into an extra base is of more value than the man who hits for three bases and stops at second.

All you've got to do is to stop and figure there never was a knocker yet who could do as well as you are doing although you are booting 'em all over the yard. And so figure from this what his opinion is worth.

The game is never lost until it's over; and it's never over until the last man is out.

CHARLIE STEVEN'S GREAT TIME IN PETERBORO-LINDSAY WALK

Charlie Stevens made phenomenally good time in the walk from here to Lindsay on Saturday afternoon. He left the Oriental Hotel at 2.30 o'clock and reached Lindsay at 7.33. As the distance covered is about 28 miles, he did it at a rate of practically 6 miles an hour. The course is pretty rough and hilly, and the local boy, considering his big undertaking, certainly showed magnificent form. He kept a uniform pace all the way through from the beginning, travelling at a fast clip. He made two or three stops on the road to get a drink or take the sand out of his shoes.

He was accompanied as far as Omemee by Messrs. G. Freeland and W. Pratt, and reached that point at five minutes after five.

A number of Lindsay sports were on hand to see the finish and were surprised at him reaching there in such quick time. It was not expected he would reach there until about nine o'clock. The walk was made to set a record from Peterborough to Lindsay.

WALKING

Jim Harrison was in communication by 'phone on Friday night, with Wm. Howard, of Port Hope, who with Jimmy Reynolds, is manager of the Port Hope walk to be held there July 1st, 2nd, 3rd and 4th. He promised Howard he would be on hand for the event.

BASEBALL

A meeting of the City League will be held Thursday night at the Y. M.C.A., when several matters of importance will be discussed.

The Strathcona's will practice tonight at Nicholls Oval. The following men are asked to be out at 6.30;—Ray, Kennedy, McMillan, Wilson, Heaslip, Craig, Weatherstone, Parnell, Allison, Shaw, Belleghem, Graham, Coughlin.

The Straths will play a league game with the Wellingtons tomorrow night (Tuesday).

The team to represent the Straths in Hastings on Dominion Day will be picked tonight and all members are urged to be present.

BASEBALL SATURDAY.

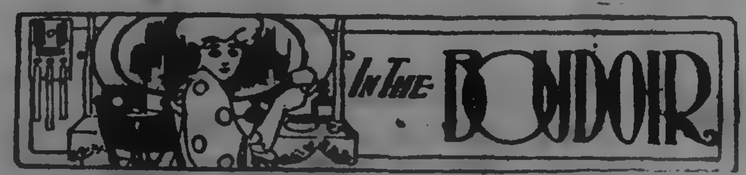
Interesting Subjects for the Housekeeper



Care of the Hair.

In order to have thick, luxuriant, silky hair great attention must be given to the condition of the scalp, since it is the scalp which contains the blood vessels that nourish the hair. The scalp should be thick and pliable and move freely over the bones of the skull. If the scalp is drawn tightly over the skull it tends to constrict the blood vessels and so lessens the supply of blood to the scalp and causes atrophy of the roots of the hair from pressure.

The hair has a great tendency to accumulate dirt. It catches the dust flying in the air and also retains the secretions of fat and the products of perspiration. The two chief causes of premature thinness of the hair are a deficient circulation of blood in the scalp and dandruff. Dandruff probably causes the loss of hair in 70 per cent of all cases.

The general causes of dandruff are debility, constipation, and anything which undermines the general health. The local causes are lack of cleanliness of the scalp and using combs and hairbrushes which have been used on the scalps of persons who were suffering from this disease.

Among other causes may be mentioned a progressive tightness of the scalp upon the skull, the scalp having lost the cushion of fat that is under it in early life; insufficient or improper care of the scalp daily, combined with improper drying of the hair afterwards, and sweating of the head. Constant mental strain, either on account of intellectual work or worry; wearing stiff, unyielding hats; gout and all diseases which lower the general nutrition also affect the scalp.

Brushing increases the growth of the hair by stimulating the circulation in the scalp and by removing the dandruff. To be effective the hair should be well brushed at least once a day, when there must be a deep brushing of the entire scalp. The bristles of the brush must be stiff enough to warm but not scratch the scalp.

Brushing and massage remove many loose hairs which are ready to fall, but they soon will be replaced by new and vigorous ones. Combing simply disentangles the hair. The teeth of the comb must be far apart and have rounded ends.

In no case should a fine tooth comb be used. It tears out the hair and often causes an irritation of the scalp which leads to disease. The brush and comb must be washed once a week in water containing a little ammonia. They must be well rinsed out in pure water and dried with the bristles down. If the brush and comb are not cleaned sufficiently often the scales of the dandruff would be sufficient to reinfect the scalp.

* *

Moderate Exercise.

When taking any physical culture exercise, one never should carry it to the point of exhaustion. It is well when exercising to exercise until one feels slightly fatigued, but here it should stop.

All exercise should be taken with moderation, or its effects will be injurious instead of beneficial. The amount of exercise which should be taken for one day varies.

The exercise which calls into action the greatest number of muscles and which has the most general benefit is walking.

* *

Care of the Eyebrows.

Unlike many other points in the cultivating of beauty, the eyebrows require but little care to keep them the proper shape and thickness.

If the eyebrows are too thick, especially across the nose, the only safe way to remove the superfluous hairs is with the electric needle. If the eyebrows are too thin, they should be treated with a tonic.

With an eyebrow brush or a comb, comb the eyebrows straight up toward the forehead and then straight down toward the eye. When this has been done take the side of the brush or the comb and gently shape the hairs in a fine curve.

This will require not more than five minutes and will, if persisted in, soon train the eyebrows into a delicate arch.

Beware of Tinted Cosmetics.

One always runs more or less of a risk in using cosmetics bought at the stores, but of all, there is more danger in pink tinted cosmetics than in any other kind. There are certain cosmetics which, when used on the cheeks or lips, will not be harmful if the skin is unbroken, but if there is the slightest eruption on it, will act as a poison.

Rouges can be bought or made, which, like other cosmetics contain absolutely nothing harmful, but there are others which are harmful. Carmine, after long continued use, turns the skin dry and yellow.

There is a harmless rouge which can be made from strawberries, and which, if treated right, will keep for a long time. Beets may be used in making good rouges.

* *

Shield the Eyes.

While the eyes are the most delicate and precious of our possessions, they are subjected to many abuses. It is not enough, apparently, that women wear veils, which are painfully harmful, read on bouncing and jerking street cars, and use injurious lotions to make the eyes brilliant, but they refuse to wear glasses to rest the eyes when the vision is almost a quarter gone.

A habit which is injurious to the eyes is to sleep with the face exposed to the direct influence of the light. The window shades in the bedroom, especially if they are near the bed, should be pulled down to the bottom of the window, otherwise the first sunbeams of the morning will come stealing in to make the room light.

If the window is directly beside or in front of the bed a dark colored shade should be used on it to exclude every ray of light.

* *

Diet for Thin Girl.

There are so many, many thin girls who long to be plump and round and who could be if they would follow a good diet. A simple diet which will help the good cause is, for breakfast: cereal, with plenty of rich cream, fruits which contain no acids, eggs and potatoes cooked any way except fried.

Milk should be substituted for tea or coffee. In the forenoon a glass of warm milk with a wee pinch of salt in it will be of great benefit. She may also drink a glass of milk prepared in this way in the afternoon and at night before going to bed.

Starchy vegetables, such as sweet and white potatoes, peas, corn, beans, and rice, thick cream soups, macaroni and spaghetti are all fattening and should be eaten by the thin girl. She should not eat acid fruits, but bananas, peaches, grapes, melons, baked apples, and figs and dates are to be included in her diet. Pickles, olives, vinegar, and the like she must let alone.

* *

Diet and Complexion.

Clearness of complexion and a becoming color are striven for by all women, and there are different ways in which this may be accomplished. Diet will clear the complexion wonderfully, but there are few women who know how to diet successfully.

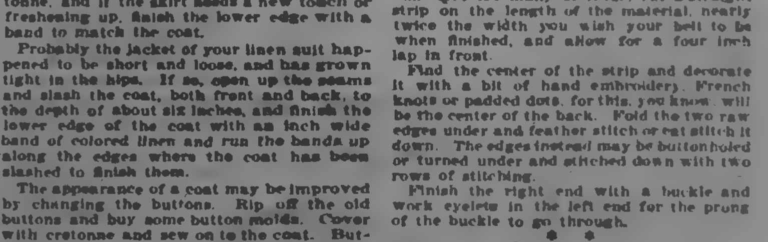
Some women do not diet regularly, and they will leave out of their diet the things they need and put in the injurious ones, and then there are some women who diet so strenuously that they have not sufficient nourishment to keep the stomach and other organs in a healthy condition. These women, instead of clearing the complexion, will give themselves a pale, bluish tint.

No matter what the coloring may be, whether it is pale, olive, or rosy, the complexion must be clear to look well.

* *

Keep Hair in Curl.

A fluid to keep the hair in curl is made of a tablespoonful of bruised quince seed added to a pint of hot water. The water is poured over the seeds and the mixture is allowed to stand for several hours. This mucilage can be thinned with a few drops of violet essence. The hair is moistened with the liquid before it is put on the curlers.



Make Over Linen Suit.

Have you a last summer's suit of linen, white, tan, or colored, which needs remodeling? The styles of this year differ from those of last year by but a few points, which it is easy to change.

The latest idea from Paris, and one which bids fair to take firm hold of the American fancy, is using colored cretonne for trimming. Just a touch of it is sufficient to change an old style suit to one which is up to date and nobby.

If your suit is a last summer's one, all you will need, probably, is a new set of cuffs, with one of the new adjustable shawl collars which can be put on and taken off at will. Or, if the coat has a turndown collar and mannish revers, cut them off and finish the front and neck edges with bands of the cretonne, and if the skirt needs a new touch or freshening up, finish the lower edge with a band to match the coat.

Probably the jacket of your linen suit happened to be short and loose, and has grown tight in the hips. If so, open up the seams and slash the coat, both front and back, to the depth of about six inches, and finish the lower edge of the coat with an inch wide band of colored linen and run the bands up along the edges where the coat has been slashed to finish them.

The appearance of a coat may be improved by changing the buttons. Rip off the old buttons and buy some button molds. Cover with cretonne and sew on to the coat. Buttons are sewed to dresses, coats, and skirts not only where they are needed but also where they are not needed, and where they simply serve as a trimming.

* *

Rug Corners.

Sew a piece of rubber or, if this is not available, a piece of chair webbing to the corners of the rug and the corners will not curl up. The rubber should be sewed on the underside.

* *

Protect Sheet Corners.

To prevent sheets from tearing at the corners when hanging on the line on a windy day stitch four or five rows of machine stitching diagonally across each corner of the hem. This will strengthen them wonderfully.

Summer Belts.

The finish of a belt may do much to add or detract from the general appearance, and it is never neglected by the well dressed woman who realizes its importance.

Whether the belt should match the skirt or the waist depends upon the figure of the wearer. If the person is short waisted, the belt should match the waist, and if long waisted, should match the skirt. With a white summer waist, however, the belt may match the waist unless the woman is extremely long waisted. A fresh, crisp white belt freshens and adds to one's appearance wonderfully.

The belt never should be pulled so tightly that it is crushed, so that it looks like a string or tape about the waist.

To make a pretty linen belt, and one never can have too many of these, cut a straight strip on the length of the material, nearly twice the width you wish your belt to be when finished, and allow for a four inch lap in front.

Find the center of the strip and decorate it with a bit of hand embroidery. French knots or padded dots, for this, you know, will be the center of the back. Fold the two raw edges under and feather stitch or cat stitch it down. The edges instead may be buttonholed or turned under and stitched down with two rows of stitching.

Finish the right end with a buckle and work eyelets in the left end for the prong of the buckle to go through.

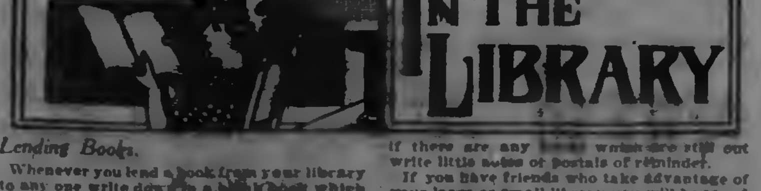
* *

Neckwear.

The newest Parisian fancy is "Frenchy" in appearance, but it is easy to make. It is made of silk, satin, velvet, or of beads, and is narrow, being not more than a half an inch in width. It is made in a brilliant color and ties around the base of the collar, tying in front in a bow or knot. The ends are fringed.

If it is made of silk or satin, a bias strip is used. The strip is an inch and a half wide and is long enough to go around the neck, tie, and with enough left for fringing.

Half an inch is turned in on each side, so as to make the tie just one-half an inch wide, and it is lightly stitched in place. The ends are raveled until there is a fringe about an inch deep, and then the tie is carefully pressed. If so desired, tassels can be sewed to the ends of the tie instead of fringing it.



Lending Books.

Whenever you lend a book from your library to any one write down in a blank book which you keep for the purpose the person's name, the date, and the title of the book. Then when the book is returned draw a line through the names to indicate that it has been returned.

Every month or so look over your book and if there are any books which are still out write little notes or postals of reminder.

If you have friends who take advantage of your large or small library you will be saved much inconvenience and the loss of many books. Then, too, you know where each book is.

It is an unwise plan not to write your name plainly in ink on the flyleaf of every book you possess.

HINTS for ENTERTAINMENTS

"Girl Hunt."

A hostess recently asked a crowd of young girls and men who were all intimately acquainted to come to a "girl hunt."

When the guests arrived they were told that the entire house was open to them, and that the girls would be allowed fifteen minutes in which to hide themselves. There were no rules whatever in regard to the hiding except that no two girls could hide together.

The gentlemen each drew a paper slip which bore the name of one girl. Half an hour was allowed for the hunt. If in hunting for the girl whom he was to find a man discovered the hiding place of another he was to leave her in her hiding place and not mention it to any of the other men.

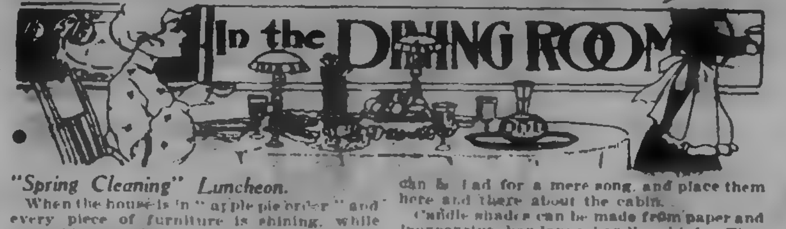
After he had found the girl for whom he was seeking he could take her back to where he had seen the other, and then both girls were obliged to go with him while he searched further.

The hostess, who had been here and there and everywhere, blew at the end of half an hour a tiny whistle. This was the signal for all to assemble in the drawing room.

To the man who had found the most girls she gave a little scarfpin, which was in the shape of a riding whip, and to the girl whom no one had found she gave a prettily bound diary, or "secret" book.

In the center of the supper table, in the midst of flowers, ferns, and mosses, was placed a pretty deer, which had been bought in the toy department of one of the stores.

The candles were placed in sticks of glass and the shades were of the deep green of the forest. Tiny little whips were given for souvenirs, and the place cards were fastened to tiny silver whistles.



"Spring Cleaning" Luncheon.

When the house is in "apple pie order" and every piece of furniture is shining, while everything is spick and span after the spring housecleaning, the average housewife feels that she can settle down to enjoy her summer, so to "start the ball a-rolling" she gives a "spring cleaning" luncheon.

The linen is spotless and snowy and the silver is bright and shining. In the center of the table there is a tiny pail which has been filled with white flowers. The candlesticks are glass and the shades are white, decorated with pictures of pails, scrubbing brushes, and brooms. A little ruffle of lace is sewed to the shades.

The name cards are decorated with busy housewives in various stages of cleaning.

The bonbons are served from little tubs not more than an inch and a half high.

After luncheon is over each guest is asked to give a hint for saving time and labor in housework, and tiny little booklets are given to each guest so that the suggestions may be remembered. The various hints are voted upon, and to the one giving the best and most practical hint a prize consisting of a book of recipes for delicious summer dainties and desserts is given.

* *

Artistic Supper.

A hostess who had invited a number of guests to spend the evening playing cards was at a loss as to how to serve the dainty supper which she had planned. All she knew was that she wanted something artistic.

In the center of the table she placed a plaster cast of Venus de Milo and surrounded it with pink roses and ferns. The candlesticks were tall and of classic build, while the shades were a delicate pink which cast an esthetic glow. The lower edges of the candle shades were decorated with the Roman key border, which had been painted on with gold paint.

Place cards were hand painted and the guests' names were written on them.

* *

Plantation Supper.

There are few people who are not attracted by southern customs and ideas and the hostess who gives a supper where a southern atmosphere reigns supreme is sure of success.

With but a little time and expense and the nimble fingers any one can give a charming southern air to the dining room. Use a gay colored but small sized bandanna handkerchief for a centerpiece and on it place a tiny log cabin. To make a cabin all that is required is some sticks of candy, which are interlaced for the side walls. Horehound candy is excellent for this purpose on account of its color and shape.

The roof can be made of cardboard which has been colored a dark brown color. Place moss around the cabin to represent grass and buy a number of tiny "nigger dolls," which can be had for a mere song, and place them here and there about the cabin.

Candle shades can be made from paper and inexpensive bandanna handkerchiefs. Tiny banjos may be given as souvenirs.

* *

"William Tell" Luncheon.

Luncheons, for which the decorations represent any foreign country always are vastly interesting, and as Swiss luncheons are unusual they are bound to be successful. As anything Swiss reminds many people of "William Tell," an interesting luncheon could be given after this plan:

For the center of the table, dress a little doll in the costume of the Swiss peasant boy. Set the doll firmly in a bed of flowers and fasten a rosy apple on its head. At each cover place a minute bow and arrow, on which the guest's name is written.

For refreshments, hollowed out apples filled with Swiss cheese and salad and pierced with a little wooden arrow would be pretty. Water ice piled in ragged mounds to represent the snow covered Alps would make another course. Tiny walking sticks may be given as souvenirs.

* *

Graduation Luncheon.

It is nearing the time when "sweet graduates" and "essays" are being heard of and it reminds us that our friends soon will be returning home from college and boarding schools, fresh with honors and ready to enter into summer festivities with much vim. Our thoughts at such times turn to luncheons and afternoon teas which we wish to give in their honor.

For a graduation luncheon there is no centerpiece prettier than a pretty doll dressed in gown and cap to represent an up to date college girl. Tall and statuesque candlesticks may be used, crowned with candle shades of a soft rose.

Name cards may be decorated with sketches of college girls done in black and white.

* *

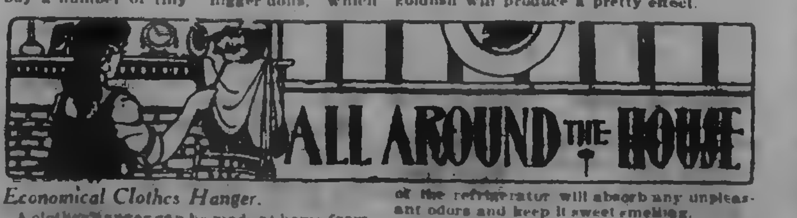
Gold Fish Decorations.

If you are at a loss as to how to decorate your table for the little luncheon or supper which you are giving, don't worry about the expense of elaborate centerpieces, but just use your pretty little gold fish in their shining glass bowl for a centerpiece.

Buy some pretty cut flowers and some ferns and make up as many pretty little bouquets as there are guests. Tie a dainty pale pink ribbon to each bouquet and then pack the bouquets closely about the bowl in which the gold fish are swimming. Place the ribbons flat along the table to each cover and tie to this end of them the name cards.

Make dainty little pink candle shades from crêpe paper and use glass candlesticks.

A few shells placed in the bowl with the goldfish will produce a pretty effect.



Economical Clothes Hanger.

A clothes hanger can be made at home from a barrel hoop. Cut a piece the desired length from a barrel hoop and in the center of it insert a screw eye. Cover the hoop with a thin layer of cotton batting and then with a dainty piece of lawn, muslin, or dimity, make a loop of ribbon through the screw eye and hang the hanger to a hook by this. Two hangers can be made from one hoop.

* *

Notes for the Cook.

In making sponge cake if you desire it to be yellow use cold water; hot water makes it much whiter.

A spoonful of strong vinegar added to the kettle of hot fat will prevent doughnuts from soaking fat, it is said.

Never slam the oven door or jar any rising material while it is baking.

Always keep your celery roots and dry them. They are nice for seasoning soups and sauces.

When tomatoes and milk are to be put together, as in a cream soup, have them of the same temperature, then beat vigorously as the tomato is added a little at a time.

Let green peas simmer gently in just enough water to cook them; hard boiling spoils them. If they are a little too old to be in perfection add a saltspoonful of baking soda to each quart of peas.

If you wish ice cream to be ornamental you may use beet juice for coloring. It will give you any shade of pink desired. Spinach is used for green or a little butter color will give a deep cream. All these are perfectly harmless.

A pinch of soda on a hot stove drives away disagreeable odors.

A piece of charcoal placed upon the shelves of the refrigerator will absorb any unpleasant odors and keep it sweet smelling.

If the hands are rubbed on a stick of celery after peeling onions it is said, the smell will be removed.

The colder eggs are the quicker they will froth. White of eggs may be beaten to a stiff froth by an open window when it would be impossible in a steamy kitchen.

* *

Uses of Wood Alcohol.

A few drops of wood alcohol on a brush applied to cut glass will make it shine brilliantly. For windows and looking glasses it has no equal as a polisher and shiner.

A few drops of the alcohol dropped on a cloth applied to wicker baskets will clean them wonderfully.

It is effective when used on tarnished silver or nickelware.

Rust may be removed from bathroom fixtures by scouring with wood alcohol.

Great care should be used in handling wood alcohol near a fire, as it is inflammable.

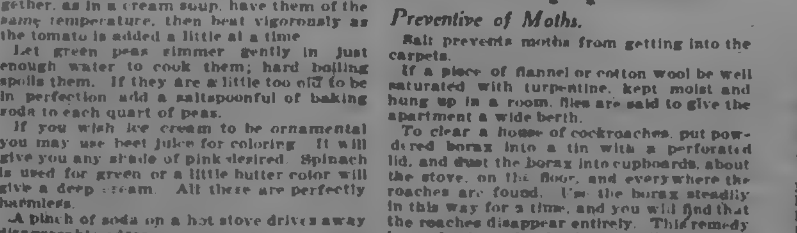
* *

Preventive of Moths.

Salt prevents moths from getting into the carpets.

If a piece of flannel or cotton wool be well saturated with turpentine, kept moist and hung up in a room, flies are said to give the apartment a wide berth.

To clear a house of cockroaches, put powdered borax into a tin with a perforated lid, and dust the borax into cupboards, about the stove, on the floor, and everywhere the roaches are found. Use the borax steadily in this way for a time, and you will find that the roaches disappear entirely. This remedy is perfectly safe, for borax will not injure dogs, cats, or other animals.



Washing Embroideries.

Make a good lather of pure soap and warm water and add a quarter of a teaspoonful of borax to each quart of water. Place the articles to be washed in an ordinary quart fruit jar and then pour the suds over them until the jar is nearly full.

Seal the jar tightly and shake it lightly for a few minutes. Set it in the sunlight and leave in this place for twenty-four hours, turning the jar around as long as the sunlight lasts so that the sun may penetrate to every part. After twenty-four hours pour off the lather and press the articles gently. Rinse carefully several times in clear water.

If they are not as white as they should be return them to the jar and fill it with clear water, screwing the cover on tightly as before and set in the sun again. Change the water daily until the material is white. Old embroideries which are as yellow as can be may be made white and beautiful by this process.

Tested Recipes

Codfish Recipes.

SALPICON CODFISH.—This is a fine summer luncheon dish. Prepare rounds of crisp buttered toast with pounded edges, cover each with a thick slice of ripe tomato, dusting the latter with a piquant seasoning of salt and pepper, cover with a thick layer of flaked boiled codfish, and pour over all a good Hollandaise sauce. Place in a pan containing a little hot butter, cover closely, and set where there is a simmering heat until heated through.

CODFISH AND CLAM MELANGE.—Chop fine two dozen medium sized clams, which have been simmered for ten minutes in a pint of water. When the clams are cool, put them in a salad bowl or deep dish, which has been rubbed with a slice of onion. Add an equal quantity of chopped warm potatoes and cold boiled codfish. Cover with a mayonnaise or boiled salad dressing, thinned with an equal measure of cream, and serve, preferably with celery and rye bread sandwiches.

CODFISH CHOWDER.—Fry together two ounces of salt pork cut in dice, and one onion chopped; parboil one pint of potato balls five minutes and drain. Shred finely and freshen codfish to the amount of a pint. Cover the potato balls with a pint of milk, add the fish and onions, and simmer until nearly soft, then add the fish, a pint of thin cream, and finish cooking. Season with salt and pepper, pour into a heated tureen, sprinkle the top with crisp buttered crumbs, and serve immediately.

FISH KLOPPS.—Mix together two cupfuls of freshened and finely shredded codfish, one cupful of soft bread crumbs, and the unbeaten whites of four eggs. Mix well together, adding a slight seasoning of white pepper. Moisten the hands in cold water and form the mixture into balls. Have ready a panful of milk at just the boiling point, carefully put the balls into the liquid and poach for six or seven minutes without allowing the water to boil. (The klopps are likely to fall apart if the water boils.) Serve on crisp rounds of browned mashed potato, passing hot cream to pour over them. To prepare the rounds, turn a quart of well seasoned mashed potato on to a floured pastry board, dredge with flour, and roll out half an inch thick, cut with a biscuit cutter and sauté in hot butter.

CODFISH LOAF.—Soak one cupful of soft bread crumbs in one cupful of rich milk. Finely shred fish to the amount of two cupfuls, freshen in cold water until of a palatable saltiness, and add to the soaked bread with a few grains of cayenne. Mix thoroughly and fold in the whites of five eggs or three whole eggs beaten without separating. Turn into a buttered mold and bake standing in hot water until the center seems firm. Serve with hollandaise sauce.

* *

Mushrooms a la Creme.

Mushrooms now should be plentiful and in many places may be had for the gathering. Use half a pound of mushrooms, two ounces of butter, the yolks of two eggs, a gill of cream, a bunch of sweet herbs, salt, pepper, grated nutmeg, and slices of buttered toast.

Peel and stalk the mushrooms. If they are large ones cut them in three or four pieces. Melt the butter, add to it the herbs and mushrooms. Toss them about over a quick fire until the mushrooms are tender; then lift out the herbs, pour off all but a little butter. Beat up the yolks with the cream, pour it into the pan, and stir the mixture over the fire until it is hot.

Season it carefully with salt, pepper, and nutmeg. Arrange it on the slices of toast, and serve it hot.

* *

Bread and Rolls.

SOUTHERN CORN MUFFINS.—One pint fresh buttermilk, three-quarters pint cornmeal, two eggs, one level teaspoonful soda, one level teaspoonful salt, butter size of a walnut. Beat the eggs together, add the buttermilk, then cornmeal, soda and salt sifted together; lastly the butter melted. If the buttermilk is sour add another level teaspoonful of soda. Heat the greased muffin tins thoroughly, then bake for twenty minutes.

SWEET FRENCH ROLLS.—Cream one-fourth of a cupful of butter and one-fourth cupful of sugar together and gradually beat into a pint of light sponge. Add two eggs, whites and yolks beaten separately, and flour enough to make the same thickness as before. Cover and stand in a warm place until it begins to rise; then add flour to make a soft dough and knead well. Set aside again until doubled in size, then shape like Parker house rolls. When light make three parallel creases across the top of each. Brush with the beaten white of egg in cold water and a little vanilla. Sprinkle granulated sugar thickly over the top. Bake fifteen minutes. When done lay a napkin over the rolls in the pan for five minutes, which makes a tender crust.

COCOANUT DROPS.—One cupful of grated cocoanut. Beat the whites of two eggs stiff, add one-half cup of sugar, one even table-spoonful of flour, and the cocoanut. Drop by spoonfuls on slightly buttered tin sheets; brown in a slow oven.

RICE BISCUITS.—One-half pound ground rice, five ounces white sugar, four ounces butter, two eggs. Well beat the butter, stir in gradually the ground rice and sugar; well whisk the eggs and add to the other ingredients. Roll out on the pasteboard and cut into shapes with a paste cutter. Place upon greased tin and bake a quarter of an hour in a slow oven.

COFFEE ROLLS.—Scald and cool one cupful milk, add two yeast cakes, one-fourth cupful egg yolks, one-half cupful whole eggs, two-thirds cupful butter, one-half cupful sugar, one-half teaspoonful lemon extract, four and two-thirds cupfuls flour. Beat thoroughly; let rise six hours, and then keep on ice over night. Toss on a board, roll and shape, let rise until light, and bake in a moderate oven. Brush over with sugar and water after baking.

CHEESE STICKS.—Mix well one-half cup of butter into one cup of flour; add one teaspoonful each of salt and sugar; mix with enough water to make a soft dough and roll out thin. Have ready one-half cup of grated cheese; sprinkle a little on the dough with a little cayenne pepper and roll out again; do this until the cheese is all used up; then cut it into strips; lay in greased pans, and bake in a quick oven.

* *

Invalid Cooking.

CHICKEN AND MUTTON BROTH.—Add one pound of loin of mutton to three pints of water; boil gently until tender, adding a little salt; strain into a basin and when cool skim off the fat. Warm when serving without diluting.

CHICKEN BROTH.—A small chicken or half of a large fowl, thoroughly cleaned and with all the skin and fat removed, is to be chopped, bones and all, into small pieces; put them with salt into a saucepan and add a quart of boiling water, cover closely, and simmer over a slow fire for two hours. After removing, allow to stand, still covered, for an hour, then strain through a sieve.

RAW BEEF JUICE.—Take one pound of sirloin of beef, warm it in a boiler before a quick fire, cut into cubes of about one-quarter of an inch, place in a lemon squeezer or a meat press, and forcibly extract the juice; remove the fat that rises to the surface after cooking. Never actually cook the meat.

BARLEY WATER.—Put two tablespoonfuls of washed pearl barley in a saucepan with a pint of water; boil slowly down to two-thirds of a pint; strain.

BARLEY JELLY.—Use half a pint more of water than in the above, boil down to a pint, strain and set aside to cool and set into a jelly. Serve with cream.

BEEF TEA.—Have a pound slice cut from the middle round of "heavy" beef; do not chop this, but cut it into cubes, removing every piece of fat; pack closely in a quart glass jar, leaving an inch of space at the top, and fit on the top and rubber. Set the jar in a deep kettle of cold water and cover the kettle tightly.

After it comes to a boil let the water boil three or four hours. Set aside until the water is cold, and then place the jar just as it is on ice until needed.

Take two tablespoonfuls of this extracted juice and dilute with twice as much hot water, add salt to taste, and serve at once.

* *

Stewed Kidney and Tomato.

One and a half pounds of kidney, one pound of tomato, two teaspoonfuls of chopped parsley, one teaspoon of salt, half a teaspoonful of pepper, two small onions, one ounce of flour, two teaspoonfuls of drippings. When fresh tomatoes are not procurable canned ones may be used.

Remove the core and cut the kidney in slices about a quarter of an inch thick. Mix together the flour, salt, pepper, and half the parsley. Melt the dripping in a saucepan, slice the onions, and fry them a golden brown in the dripping.

Dip the pieces of kidney in the seasoned flour, then put them in the pan with the dripping, put the lid on the pan, and let the contents cook gently for ten minutes, turning the kidney occasionally. Cook the tomatoes until soft, either in the oven or on the fire; then rub them through a sieve, add to the purée the rest of the parsley and the vinegar. Drain off as much of the fat as possible from the kidney, and add the tomato purée, bring to a boil, then let it simmer gently for fifteen minutes.

Arrange a border of mashed potatoes in a hot dish and put the kidney and sauce in the center.

* *

Swiss Roast.

Take a thick round steak—from two to two and a half inches in thickness—and pound into it as much flour as it will take, using the edge of a heavy plate for that purpose. When the flour has been pounded into both sides put the meat into a skillet with some lard, and brown it on both sides.

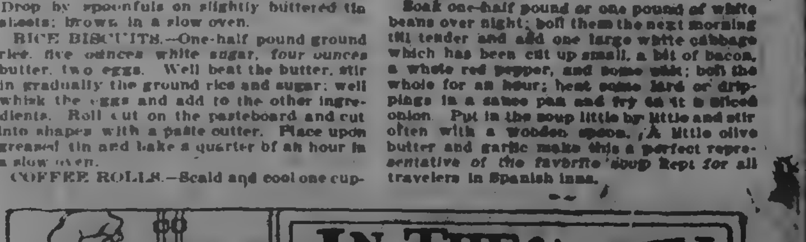
Then cover it with water, adding onions enough to flavor and a whole ripe tomato, or an equal quantity of canned tomatoes when the fresh tomatoes are not in season. Cover tightly and cook for two hours, adding more water as necessary during this time. Just before the meat is done salt and pepper to taste.

Delicious as this dish is when served hot, it is also nice when cold.

* *

Spanish Soup.

Soak one-half pound or one pound of white beans over night; boil them the next morning till tender and add one large white cabbage which has been cut up small, a bit of bacon, a whole red pepper, and some salt; boil the whole for an hour; heat some lard or drippings in a sauce pan and fry in it a sliced onion. Put in the soup little by little and stir often with a wooden spoon. A little olive butter and garlic make this a perfect representative of the favorite soup kept for all travelers in Spanish inns.



Kitchen Chairs.

The housewife who values her strength and youth will do all she can to lighten her work. It is a wise woman who will keep both a high and a low chair in her kitchen. The high chair should be used at the kitchen table, with a footstool under the feet, when preparing vegetables, when washing dishes, and when ironing such things as handkerchiefs, which need no weight put on them.

The low chair will prove restful and useful to sit on while waiting for cakes, cookies, or pies to brown in the oven.

The few moments' rest gained from time to time during the day while sitting down to do work which can be done as well sitting as standing will mean much less weariness when the day's work is done.

* *

To Clean Spoons.

Silver spoons always become discolored and brassy looking when they come in contact with cooked eggs. An easy way to clean them is to rub well with common salt, having first washed them in warm water and soap.

* *

Keep Oven from Rusting.

If the oven door of your gas range is left open for a few minutes when the oven is cooling off you will avoid the condensation of moisture that always follows, and thereby save the rusting out of the oven.

To Clean Lettuce.

When cleaning lettuce one often finds that each leaf is covered with a lot of tiny green bugs which it seems impossible to remove. It is a great time saver to wash the lettuce in cool water first to remove it of dirt, and then take water as hot as you can bear the hands in and place each leaf of lettuce in the water and shake it around in the water several times. You will find that the bugs will loosen their hold on the lettuce and will remain in the water. If the water becomes cool add some more hot water, as the hot water is a great deal more effective than cold. After the bugs are all off the lettuce replace it in cold water for a short time to renew the crispness.

* *

Various Uses for Lemons.

Lemon juice will cure a sore throat if the throat is gargled with it.

A cloth soaked in lemon juice and bound about a cut or wound will stop the bleeding.

Lemon juice rubbed on the hands while washing them will remove stains made by vegetables or fruit.

Lemon juice and salt spread on a garment will remove iron rust.

Lemon juice added to fruit [illegible] not jell readily, such as [illegible] and other fruits, will cause [illegible]

Fine and very warm; Tuesday, fair and a little cooler.

The "Golden Lion" Store

Holiday Novelties

SPECIALLY PRICED FOR

DOMINION DAY!

For your holiday you may require any or all of the following articles, which can be had at Fairs for less money than same values elsewhere.

ELBOW LENGTH GLOVES

In Taffeta, Silk and Lisle Thread, White, Black, Cream, Champagne, Grey, Tan and Navy. Special values at all prices.

35c to $1.05 Per Pair

VALUE IN SHIRT WAISTS

Style and value combine to make our Shirt Waists the most attractive in town. Dainty Lawn and Swiss Mull Blouses, range from 75c. to $4.50.

Stylish American Tailored Effects, in Mercerized Vestings, all White and Black on White. Fine Scotch Zephyrs in pretty stripes, $1.50, $1.75 and $2.

Tourist Wash Neck Frillings

In Boxes of 3 and 6 yards,

Per Box 15c. and 25c

Fancy Hose—Ladies' and Children's

White, Pink, Sky Grey, Champagne, Tan and Black. Lace, Openwork and Embroidered,

Per Pair 25c, 35c, 40c and 50c

Fine Cotton Underwear—Ladies' and Children's

These values cannot be excelled. White Balbriggan, Lisle Thread and Egyptian Cotton, Vests and Drawers.

Vests are Each 8c to 50c
Drawers are Pair 25c to 50c

Duck and Pique Dress Skirts

Separate Wash Skirts, in serviceable materials, White and Colors. The popular Skirt for outing and travelling. Newest New York Styles. Best of material, very specially priced at

$2.00 to $4.00

Crash and Lawn Dress Skirts

Linen Crash and Fine White Lawn Wash Skirts, stylishly made of superior materials and best of workmanship.

Prices Range $1 to $4

Wash Suits and Shirt Waist Dresses

White and Colors, in Duck, Chambray, Lawn, Muslins, Percales, Zephyrs, etc., Tailored and Lingerie Styles.

Prices Range $2.25 to $12 50

FANCY NECKWEAR, COLLARS AND BOWS

The newest conceits direct from the large fashion centres received almost daily. New Embroidered Collars, Fancy Semi-Stiff Collars and Ash Collars, Hunting Stocks, etc. Lace, Net and Silk Bows, in White, Tan, Navy and Black, all specially priced for the Holiday.

MILLINERY - DRESSMAKING

MANY WEEK-END VISITORS WERE LEFT AT LAKES TODAY

A large number of citizens spent Sunday at the Lakes, the evening train and boat Saturday night carrying a great many passengers. Several cottagers and other visitors to the lakes intending to return to the city this morning, were badly disappointed. From a good many cottages the white flag was flying, the signal to call, but the "Stoney Lake" had too many calls. A strong gale blowing on the lake made it exceedingly difficult for the steamer to get in to the wharves, and in consequence of this many were left behind.

Most of the cottages have been opened and by the end of this week it is expected they will be occupied. This season at the lakes promises to be livelier and busier than ever before.

LOCAL MAN'S BROTHER WAS ALMOST FATALLY INJURED

Mr. Jas. Vallery, who is employed with the Perkins, Ince Co., Charlotte street, received word to-day that his brother, Mr. J. A. Vallery, of Welland, had been almost fatally injured by coming in contact with a live wire of 12,000 volts at the Ontario Iron and Steel works. The unfortunate fellow was terribly shocked and badly burned. Dr. Davis attended him. It is expected that he will recover.

Mr. Vallery left this afternoon for Welland to be with his brother.

DRINK JOHNS' TEA

A Clock as a Wedding Gift .·.

Is one that will long be a remembrance of the generosity of the giver: day in and day out, year in and year out, ticking away the flight of time, at every tick reminding the receiver of your welcome remembrance. **See our Special Parlor Mantel Clocks at $6.** This clock runs for eight days, strikes the hours on a cathedral gong and announces the half hours in a cup bell.

Our stock of clocks embraces every style—we have a clock to fit any corner in any room from the Bedroom Alarm at $1.00 to the stately Hall Grandfather at $40.00.

COMMITTED FOR TRIAL ON TWO CHARGES OF PICKING POCKETS ON CIRCUS DAY

Preliminary Hearing Concluded at Police Court on Saturday Afternoon—P. C. Newhall Cross Examined Two Hours by Counsel for the Defence—Accused will be Tried Before Judge Weller.

The four alleged pickpockets, Jas. Adams, Henry Williams, Harry Hamilton and Edward Graney, were committed for trial at the police court Saturday afternoon, when the preliminary hearing on the two charges of picking pockets was concluded. Crown Attorney R. E. Wood conducted the prosecution and Mr. G. N. Gordon defended the prisoners. The accused have decided to be tried by Judge Weller and will likely appear before him next Wednesday or Thursday.

P. C. Newhall went into the witness box and Mr. Gordon put him through a severe cross-examination lasting for over two hours, but it at the conclusion remained unshattered.

The cross-examination, in part, was as follows:—

"What was the first hour you saw them?"

"I saw Williams shortly before eleven."

"Where did you see the others?"

"At the G.T.R. when the train came in from Toronto. The other three got off it."

"How long did you wait there?"

"Long enough to see them take Mr. McTaggart's purse."

Speaking of the time it took P.C. Newhall to go from the circus grounds to his home, change his clothes and return, he said it took [illegible] minutes.

"Tell me the route you took. I want to go over it and try and beat your time."

In answer to the question, "Did you never see any person at a circus trying to get under the tent?" P. C. Newhall answered that he had seen several trying to get in, but they were always driven back by men with clubs. However, the accused four could get in any time they wished. They were not told to stand back."

"What did Graney say when you found the $100 on him?"

"He said, 'I did not get it here.'"

"When you searched Hamilton did he make any statement?"

"Not the first time, but at midnight he said, 'What are you bringing me out at this time of night for? I've got nothing.'"

"What did you get on Adams?"

"I searched him first. I got on him altogether $383.86. The first time I searched him he said, "I never saw these men until a few minutes before my arrest." The second time I brought him out he said, "I guess you have found my plant.""

P. C. Newhall said that on the day they were arrested, Jas. Groves walked down to the police station corridor and Hamilton said, "Hello, there, Johnnie. I saw you down at the circus with your girl. What did you lose?" Then on Thursday Graney said to Mr. Groves again, "We'll get back at you."

This concluded the evidence in the first case, the defence not submitting any.

ON THE SECOND CHARGE.

The second charge was that of stealing two dollars from James Groves. They pleaded not guilty.

James Groves, of Bethany, was called. He said that he was in town on circus day, but he insisted in saying that it was on the 25th June, 1908, to the amusement of the crowd."

"Was it the day before yesterday?" asked Mr. Wood.

"No it was the week before last," he replied.

"Then it wasn't the 25th," said Mr. Wood.

The witness said that he had two dollars in his right hand pocket. It was taken out at 3.30 o'clock. He went to get a drink of lemonade and had no money to buy for it.

The witness identified all four persons. He saw them under the seats in the big tent. He said that he saw them pick several pockets.

"Did you buy any street car tickets?" asked Mr. Gordon.

"No; I walked down to the grounds," he said.

He had five dollars and seventy-five cents when he came to town. He spent 50 cents at Cavanagh's hotel, 75 cents for a shirt, and 25 cents for a necktie. When he got to the circus he had two dollars and some change. The two dollar bill was on the Bank of Montreal. He saw them rob two other men, pulling bills out of their pockets.

"Why didn't you go and tell them they were being robbed?" asked Mr. Gordon? You would have got a reward."

"I didn't have time," the witness said.

Witness identified two of the prisoners in the police station on the evening of the circus. He said that when he saw them in daylight he could identify the four of them. He said that his friend, Harold Walker, had also seen the quartette operating.

"Were you ever at a circus before?" Mr. Gordon asked.

"No, that was the first one," he answered.

"Then it was worth the money," said Mr. Gordon.

Witness said that he had to borrow 45 cents to go to Omemee. From there he walked eight miles to Bethany.

Chief Roszel testified to the placing of the men in the cells. Graney was in the south cell. Hamilton and Williams were in the second cell and Adams was in the north one. Groves identified Graney and Adams. Hamilton said to Groves, "Hello, Johnnie. I saw you with your girl down there."

P. C. Mebarry was called. He said that he met P.C. Newhall at the corner of Locke and Lansdowne streets at 12.30 o'clock. He didn't see any of the prisoners on the car. He saw Graney walking through the crowd at the grounds. He didn't see any of them picking pockets.

Mr. Gordon asked for the discharge of Williams as there was no evidence against him.

They were committed for trial on both charges.

57TH REGIMENT WILL SEND ONE COMPANY TO QUEBEC

The 57th Regiment will send one company to Quebec to take part in the Tercentenary celebration in July. It will consist of 43 of all ranks, as outlined in the following orders which have been issued:

Headquarters
Peterborough, June 29, 1908.

Orders by the O.C., 57th Regiment P. R.

Extract from "Militia Order," No. 134, of June 12th, 1908.

Prov. Lt. J. H. Eastwood, 57th Regiment is detailed to attend a special course of instruction at Kingston camp which commences Aug. 31st prox.

Quebec Tercentenary Celebration.—Extract from "Command order K.O.C. No. 43, of June 15th, 1908. One company of 43, all ranks is detailed from the 57th Regiment to attend the above, and the troops may be required to remain there for a period varying from five to eight days. Transport rations and quarters, tents and blankets, will be provided.

In accordance with the above common order the composite company from the 57th Regiment will attend the Quebec Tercentenary celebration and is detailed as follows:

Captain	1
Subaltern	2
Sergts., to be selected hereafter	4
Signal Corps	4
Stretcher Bearer Sec.	1
Bugle Band	2
Each Company 4	32

The officer to command the company will be the captain, available according to regimental seniority list. The subaltern, two will be selected in like manner.

No. 4—O. C. Coys will parade their respective coy's three times during the months of July and August for the purpose of performing company drill.

No. 5.—The composite company will parade in the drill hall on Friday, July 3rd, at eight o'clock sharp.

G. W. BENNETT, Major,
Acting Adjutant.

CLOSING EXERCISES AT BELLEVILLE DEAF AND DUMB INSTITUTE

Dr. Coughlin has favored The Review with a copy of the Belleville Daily Intelligencer, which contains the following reference to the work accomplished in the Deaf and Dumb Institute in that city:

"At the close of the examination on Tuesday afternoon the pupils and staff assembled in the chapel where Mr. Clarke made a brief address. He said that he had found his duties at the institution to be very pleasant for they had all been so kind to him in every way. He had gone into the work of the Institution as thoroughly as he could and he found that it compared very favorably with that of the public schools. He had inspected some ninety of these schools in the last six months, and the work he had seen was, as a rule, not nearly so thorough and careful as that done here. He was, in fact greatly surprised at the degree of efficiency attained and how they attained such good results, in view of the special difficulties met with, he did not know—he simply knew that in some way it had been done. The curriculum here was practically the same as that of the public schools with some necessary modifications, and the work seemed to be much more thoroughly done. He hoped that in a few years he might have the schools of South Hastings doing work on a par with that of the Institution. In calisthenics he had never seen better work done. In fact, he did not see how it could be surpassed. He also appreciated very much the flag raising ceremony and he wished to congratulate all concerned with its success. He was greatly pleased with what he had seen of the work of the domestic science and sewing classes; also with the manual training and shop work. The instruction received there would be invaluable to the pupils in after life. He hoped the pupils would take full advantage of their opportunities here and so prepare themselves for the greatest possible success in life.

Dr. Coughlin, on his own behalf and on that of the staff, thanked Mr. Clarke for his kind remarks which they all greatly appreciated, as they also did the great interest he had taken in the work of the institution in all its departments. He wished also to add his own testimony to the earnest, faithful work done during the session and wished to thank the teachers for their loyal co-operation, and their sincere efforts to promote in every way the welfare of the pupils."

ASK QUESTIONS.

Girl Superior to the Interrogation Point Courts Disaster.

The girl who is superior to the interrogation point courts disaster. If she is ashamed to ask questions, she will get in trouble.

If she tries to appear that she is not ignorant, she is very apt to walk into a trap.

So if people talk about books or plays or characters in history with which you are not familiar don't appear knowing. It is nothing to be ashamed of that you are not familiar with everything.

You may be able to talk to them of people and things of which they do not know. It is not only foolish to appear to know everything, but it is also unwise. There are people who are not above setting a trap for the unwary and then laughing at the victim.

More girls are afraid to ask questions from shyness rather than any design to appear cleverer than they are. They are afraid of being laughed at. But the wise thing is to put as many questions as you want when people are talking about things of which you know nothing.

If you have ever talked to a really clever and well informed man or woman, you will be surprised to see how many questions he or she asks you. This type of person gets well informed from finding out what every one else knows.

In this way the mind is stocked with information. It is the most cultured person who always frankly says she has not read this book or does not remember that poem or forgets the name of some great author. You see, she is not afraid of letting any one think she is ignorant, for she knows she is not, and they know it.

If you will appear, therefore, to be well informed, ask questions. After a few years of this you will be informed. People are always glad to tell you what they think you don't know, and even the most learned are flattered by being asked the details of some subject to which they have referred.

Carry this out in everyday life. Don't confine it to literature, history and art. Don't be afraid of seeming ignorant. If you are, you will remain ignorant.

WORLD'S OSTRICH SUPPLY.

Removing the Feathers Is Not a Painful Operation.

The world's total supply of ostriches is now said to be about 380,000 birds. All but 20,000 of these are in Africa, the native country of the biggest birds.

The stock is not decreasing, for it is one of the good fortunes of the ostrich that to take his feathers does not cause his death. The feathers would drop off themselves if not removed, and there is nothing painful about the latter operation, though the vanity of the bird at being robbed of its chief ornament makes him resent the process.

The ostrich is too valuable a bird to be ill-used, for on the average they are worth $800 per pair, and each one will produce some $80 worth of feathers every year. Hence it will be seen that the owner has the strongest motives of self-interest to take care of the birds. The feathers are never plucked till they are ripe.

But the beauty of a feather and its cost depend more on its width, on the length and thickness of its flue or strands than on the length of its quill.

To some extent every feather is made, even the handsomest being fortified with two additional feathers underneath, making three layers in all; and five or six layers are sometimes needed to give the tip the very thick, luxuriant effect so much admired.

A single ostrich feather is very scant and slim, indeed, and no woman would look twice at one. Preparing the feather is everything.

From first to last an ostrich feather passes through nearly 100 different hands before being delivered to the retailers.

African merchants estimate that the industry brings into Africa every year some $15,000,000, hence it is hardly to be wondered at that they oppose shipping of the birds to the farms of the United States. In fact when the first experiment was made by an Englishman in California, he had to pay as high as $1,200 a pair for his birds.

Along the Salt River Valley in Arizona, the development of the ostrich industry is steady and prosperous. The average compare favorably with those shipped from Africa. The stock is probably not as fancy as some of the special brought out by the more experienced breeders of South Africa, but the size of the American bird is increasing and the health is all that could be desired.

Ostriches need a hot, dry climate, and alfalfa is the best food, though the big fellow is not particular, and will eat most anything. Indeed the humorists say that he enjoys nothing better than a hearty diet of stones.

THE BASUKUMAS.

Africans Who Have Most Original and Hideous Ways of Hair Dressing.

"The Basukumas, natives who make their homes around Lake Victoria, are ugly blacks and they look savage enough," writes Frank G. Carpenter. "Most of them are of strong African type. They are tall and well formed, but their skins are black or very dark brown, and they have thick lips and flat noses. Their hair is woolly or kinky, and they have original ways of dressing it.

"Some of the women shave sections of the scalp, and a man will often have a place as big around as the bottom of a tin cup scraped off at the crown. Sometimes this bare spot is covered with scars, made by cutting and gashing it to cure the headache. Others of the men are perfectly bald, made so by the razor. They grease their heads, and they shine like patent leather dress shoes.

Many of the women divide the hair into small braids and evidently shave clean the partings between them. Others twist the wool out into curls which stand forth like little worms all over the head. They are like angleworms, only black. Imagine a thick-lipped brunette Medusa who wears fish bait instead of snakes and you have the typical Basukuma beauty.

"Some of the more giddy of the belles tie shells and beads at the ends of these curls, so that they almost jingle as they run. I have looked in vain for eyelashes and eyebrows. The Basukumas pull them out with tweezers. The men also pull out their beards by the roots in the same way."

Saying Things.

Better not.

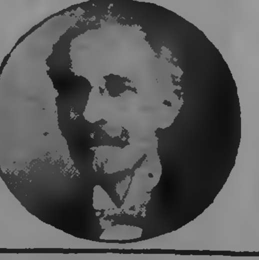
There's less to regret.

There are fewer complications.

Those of strong feelings are also likely to say too much.

The satisfaction of saying things is but a poor thing.

Besides, one always has the pleasure of thinking what the little boy did who got the spanking anyway.



PETERBORO' CITIZENS BELIEVE

That their Eyes are worthy of the best Lenses, supplied by Optical Specialists of the most extensive study and widest experience. J. W. BROWETT, Ref. D., M.O., Dr. of Optics, of Philadelphia, has had over twenty years experience in examination of eyes for Glasses, and the fitting of Artifical Eyes. Is graduate of two Optical Colleges in Canada and five Optical Colleges in the United States. Wherever this Specialist has taught opticians during the past fifteen years, hundreds of persons have taken the opportunity to know if they needed Glasses, or if those they had were suitable.

THE CIVIL SERVICE BILL MORE DISCUSSION IN HOUSE

Opposition Argues in Favor of Both Houses Maintaining Control of Their Own Servants—Sir Wilfrid's Reply—A Short Debate.

Ottawa, June 30.—The Opposition members argued unsuccessfully for both Houses of Parliament retaining control of their own servants in the discussion on Fisher's Civil Service Bill.

Sir Wilfrid Laurier held fast to this feature. He said the new principle was being introduced in regard to the civil service. Up to the present time every person who had power to make an appointment had acted on his own judgment, but it had been decided that a commission should be appointed to select the men.

What difference, he asked, could there be between officials of Departments and officials of the House. There was just as much reason why competitive examinations should be held in one case as in the other. The Prime Minister claimed that the debates committee would have the same power of maintaining discipline as at present, though they would not have the same power of selection.

"If they will not have the same power to dismiss, how will they have power to maintain discipline " asked Mr. Fowler.

Sir Wilfrid replied that the House would retain the power to dismiss. The Civil Service Commission would simply make selections.

Regarding the commission Mr. Foster suggested that not more than one member should be an adherent of one political party. He argued that this would recommend the commission to the confidence of the people as a whole. This provision was made in regard to the United States Civil Service Commission and those of some of the states. The working out of the bi-partisan commission had shown beneficial results.

Mr. Fisher did not think the model of the United States was a very safe one. The civil service of that country was permeated with partisanship. He agreed that members of the Canadian system ought not to be appointed because of partisanship.

Mr. Monk regretted that the outside service, the most important part, had not been included. In Quebec the outside service was filled with incompetents, men who had been appointed solely for political purposes. If remedy were not applied in this part of the service at once evil would become intensified.

Mr. Gervais read a letter signed by the Hansard reporters, objecting to being included under the Civil Service Act.

Mr. Gervais said the bill would mean the death of the debates committee, and would be unfair, injurious and detrimental to the best interests of Parliament.

"But," he said, "if we are to be condemned to death I die like a man."

"With your face to the foe," suggested Mr. Borden.

Mr. Fisher would not insist on curtailing the power of both Houses. The Government would be guided by the judgment of the members. He had understood that the proposal was satisfactory to the House, but it was not intended to trench upon the privilege of members.

The Oliver land bill was got through yesterday. But at the suggestion of R. L. Borden it stands for a third reading, when some amendments will be discussed.

Mr. Jackson (Selkirk) gave notice of amendment to bring all of that portion of Manitoba east of Lake Winnipeg and north of township 10, under the pre-emption clauses.

Mr. Borden suggested that the clause prohibiting employes of the Department of the Interior from purchasing Dominion lands, be amended to prevent its evasion by the organization of a company. This was agreed to. Mr. Oliver put through the amendment extending the pre-emption area westward to the line of the Calgary and Edmonton Railway.

He also proposed to protect the owners of timber limits from the inroads of trespassers or illegal cutting in general. Dr. Schaffner claimed that settlers living in the vicinity of the timber limits had experienced difficulty in getting their wood supply owing to the arbitrary action of timber limit owners.

When the civil service bill was taken up in committee, Mr. Speaker Sutherland made a statement regarding the attitude of the House of Commons and Senate employes in respect to that bill, and proposed in amendment that so much of the act as relates to appointments, classification and salaries shall apply to the permanent employes of both Houses and library.

LIPTON READY TO CHALLENGE

May Make His Fourth Challenge for the America Cup This Year.

London, June 30.—The Field, a weekly publication, announces that Sir Thomas Lipton is prepared to challenge again for the America's Cup, under the following conditions:

First, the new yacht shall be cutter-rigged and built under the present universal rule of the New York Yacht Club.

Second, the New York Yacht Club shall designate the size of the yacht it considers most suitable for the race.

Sir Thomas, when interviewed, said The Field's statement was correct. He added:

"I hope my American friends will see their way clear to meet my wishes, in the interests of sport."

It is understood that the intention of Sir Thomas is to build two yachts of a class designated by that club, after designs by Fife and select the better to compete for the cup.

To Import Beet Sugar.

Berlin, June 30.—Operations are about to be resumed at the Berlin sugar factory. A new concern, known as the Berlin Sugar Refining Co., was organized yesterday, subsidiary to the Ontario Sugar Co., and out of its profits the liabilities of the old concern will be met.

In accordance with the preference granted by the Government, the company has a right to import 20,000,000 pounds of raw beet sugar, that quantity being twice the amount of raw sugar made in the Berlin factory in the last two years.

That will be done, and, besides this, contracts will be made with farmers again next year for growing beets.

The directors of the new company are: W. H. Breithaupt, Berlin; James Fowler, managing director; C. K. Hagedorn, R. Smyth, Casper Braun, Berlin; W. B. Rouse, Bay City, Mich., and E. W. B. Snider, St. Jacob's.

Lake Gives Up Its Dead.

Penetanguishene, June 30.—The body of a man supposed to be Jos. Geroux, who was drowned by falling through the ice last March, was found on the west side of Maxwell Island on Sunday by a boy.

Hespeler Bridge Collapses.

Hespeler, June 30.—The bridge between the two mills of the Canada Woollen Mills gave way yesterday afternoon and now lies a heap of ruins in the river.

Explosion Kills Four.

San Francisco, June 30.—Four persons are dead and three others are severely injured as a result of an explosion followed by a fire yesterday in the grocery store of John Sweeney.

LIKE ROMEO OF THE OLDEN DAYS

Lover Hung to Rope Ladder and and was Shot as a Burglar.

New York, June 30.—A special to The World from Hunteville, Mo., says: J. Bagby, 20 years old, was shot and instantly killed near here Sunday night when, like Romeo of old, be clung to a rope ladder and talked to his sweetheart, Nellie Carter, 17 years old, the daughter of a well-to-do farmer. E. J. Carter, Jr., the girl's brother, is held pending the coroner's inquest.

Young Carter admits the shooting, but declares he thought Bagby was a burglar, and did not know he had killed his sister's suitor until he struck a light and looked at the dead youth's face.

Almost Perfect Eclipse.

Washington, June 30.—The eclipse of the sun served to attract astronomers and spectators to the United States Naval Observatory here Sunday, where that event was observed with keen interest. The day was very favorable for the purpose, and through the courtesy of Capt. W. J. Barnett, U.S.N., superintendent of the observatory, a large number of persons gathered to observe the phenomena.

The image of the sun was almost perfect when the first contract occurred, but it was not so good at the time of the second contact owing to clouds. There were five scientists taking observations with the different observatory instruments.

Orillia Bylaw Quashed.

Toronto, June 30.—Local option got another setback yesterday when the judges of the Divisional Court quashed Orillia's bylaw passed last January by a majority of five votes over the required three-fifths, reversing a decision of Chief Justice Meredith, who refused to quash it at the instance of Mr. Hickey, a hotelkeeper of that town. One of the reasons for the downfall of the bylaw was the fact that it prohibited the sale of liquor in shops and taverns, and 1907 a bylaw had been passed closing the shops.

Jury Trial For Thaw.

White Plain, N.Y., June 30.—Harry Thaw's chances for a jury trial as to his sanity, appears to be very bright. At the conclusion of argument before Justice Mills yesterday, the justice said:

"I believe it should be only a matter of time when this man ought to have a jury trial. I am not prepared to say whether it should be now or later."

The judge then ordered that Thaw should be detained in the Poughkeepsie jail and adjourned the case to July 18, when new arguments and affidavits will be submitted.

THE HOLIDAY IN PETERBOROUGH

What is Happening in the City on Dominion Day---No Reason Why Local People Should Not Enjoy Themselves---Many Events on the Calendar For the National Holiday.

To-morrow is Dominionn Day, Canada's National holiday. It will be the 42nd birthday of the Dominion of Canada and throughout the whole of the land will be celebrated right royally. On July 1st, 1867, the British North America Act came into force and the various provinces of Canada were united into one strong federation, which has since been known as the Dominion of Canada. Of the "fathers of confederation," few remain. With one or two exceptions, those who had worked and struggled for the union of the provinces have passed to their long home. But through called away, the results of their labor loom up largely. Forty years ago Canada was known only as a minor British Colony, while to-day she is known the world round and she is fast taking her place among the nations of the earth. East and west, north and south, has spread the fame of Canada's rich soil of her thriving manufacturing industries, of the thrift and energy of her people, of the valor of her sons and the skill and endurance of her athletes.

Canadians have reason to feel proud of their country — the best in the world. Let them rejoice and be glad on her forth-second birthday and celebrate the day in true Canadian fashion.

In hundreds of cities, towns and villages from there Atlantic to the Pacific, celebrations will be held to do honor to the national holiday.

While there will be no formal celebration in Peterborough, local people will have many opportunities to spend the day pleasurably and, that everyone will enter into the spirit of the day if the weather is fine, goes without saying.

PORT HOPE CELEBRATION

The big celebration at Port Hope will be a great attraction for many Peterborough people. There promises to be a big crowd go down to the Lakeside Town. The chief event there will be the baseball matches in the morning and afternoon between the local Petes and the Port Hope nine.

There will also be the walking match in which Hoagland, of Auburn, N.Y, Slater of Syracuse, and Harrison, of this city, will compete. It will start at 9 o'clock in the morning and continue till 11.30 a.m. Then again they will walk from 8 o'clock in the evening until 11.30.

T.A.S. PICNIC.

Foremost amongst the events of interest is the annual picnic of St. Peter's T. A. S., which will be held at T.A.S. Point, about five miles down the river.

Steamers will run every half hour from the Street Railway wharf to the grounds. Elaborate arrangements have been made for the celebration at the park. Among the attractions will be a baseball match between the Wellingtons and the T. A. S. to decide the winner of the Hall trophy. There will also be a number of athletic events, gasoline launch and canoe races. Good music will also be provided for dancing.

S.A.B.C. EXCURSION

Another way to spend the holiday will be to go with the Social Adult Bible Class of George Street church to Idyl Wyld, on the Steamer Otonabee. An enjoyable time is promised.

TO STONY LAKE.

Another attractive outing is the excursion of St. Luke's Bible Class to Stony Lake. The excursionists will leave the G.T.R. station at 8.30 a.m. and at Lakefield the steamer Empress will be boarded for the sail around the lakes.

The Auburn Sunday school are holding their annual excursion to Stony Lake per steamer Stony Lake.

BASEBALL

Lovers of baseball who are going to remain in the city will have an opportunity of witnessing a fast game on the afternoon of the holiday. The Athletics will play Cobourg at Riverside Park at 3 o'clock. In the morning the West Ends will play the Y.M.C.A. team at Nicholls' Oval.

OTHER EVENTS.

At one o'clock the Peterborough Quakers and All Saints of Toronto, meet in a football match at Riverside Park.

In the morning the Y.M.C.A. boys championship event for the East wood trophy will be run off.

EARL GREY

LADY GREY

Representatives of Royalty in Canada.

FORMER SPEAKER IS CALLED AWAY

Hon. Thomas Ballantyne Dead at Stratford—Was Prominent Dairyman.

Stratford, June 30.—After an illness of about a month Hon. Thomas Ballantyne, former Speaker of the Ontario Legislature, died yesterday morning, aged 79. Death occurred at the home of Thomas Ballantyne, Jr.

Hon. Thomas Ballantyne will live in the annals of Canada as the founder of the great cheese industry of the country. He was the pioneer in dairying and his cheese factory was the first in the west. People came from all over the province to visit it, and would stay for weeks to study cheese-making. It is over forty years since that beginning of Ontario's dairy wealth.

Mr. Ballantyne was born in the town of Peebles, Scotland, Aug. 13, 1829, his father, James Ballantyne, being a weaver. About 1850 he came to Canada, with his father and mother, following two elder brothers, who took up land in Perth County. The Ballantynes went farming in Downie Township and Thomas taught school at the gore of Downie. This is where Hon. Nelson Monteith lives and the elder Monteith and the elder Ballantyne were friends. In 1856 Thomas married Mary, daughter of Robert Ballantyne of Downie. A family of seven boys and one girl was the result, the eldest, Prof. James Ballantyne, well-known as the brilliant scholar of Knox College; R. M., managing director Lovell & Christmas, Montreal; W. W., a farmer; Thomas, associated with his father in business; A. W., the barrister of Toronto; Alexander, hardware merchant, Brantford, and Walter, in London. One daughter, Mrs. J. C. Reed, lives at Vancouver. Mrs. Ballantyne died five years ago, and the "Mary B——— Nurses' Home" at Stratford is Mr. Ballantyne's tribute to her memory.

Italian Lad Drowns.

Welland, June 30.—An Italian lad 16 years of age, named Erico Bisci, was drowned in the canal seven miles south of here on Saturday afternoon. An oar-lock slipped and he fell in. No one was near to assist. The boy was employed by Battle & Co. on the Government contract as a water carrier.

CANADA FOR EVER!

In the year 1867 there was born to the British Empire a fine, healthy and vigorous member of the Imperial family afterwards christened the Dominion of Canada. The pains and pangs of childhood have been strenuous and severe. Morally and materially the young Dominion is wrestling with a host of difficulties. But it will triumph over them in the end. Canadians are men of brawn and muscle. They are also men of heart and conscience. They have sprung from good stock. They will not betray their future Canada forever!

Sent Back to Canada.

Windsor, June 30.—Mary Ellen Warnock, wife of Patrick Warnock of Antlers, Sask., who followed Samuel Scott to this country and admitted that she had "harbored" him when Scott was tried before a federal jury, charged with maintaining an alien woman in Detroit, will be deported to Canada on Friday by the immigration authorities. She was arrested several months ago and has spent the time since in the county jail.

A letter has been received by the immigration officers from Patrick Warnock, who simply says, "Please send my wife home to me." Scott was acquitted and is now working in Detroit. Mrs. Warnock declares she is overjoyed at the opportunity of returning home.

Fire In Jersey City.

New York, June 30.—Two firemen were injured and $100,000 worth of property destroyed by a fire in the drygoods district of Jersey City yesterday. The fire started in Gilmore & O'Keefe's drygoods store and spread to several small adjoining structures, all of which were badly damaged.

Mormon Elders Chased.

New York, June 30.—Egged by the crowd to which they were preaching, and then drenched with water from a fire hose, 22 Mormon elders who arrived here Sunday, were forced to take to their heels and promise to make no further effort to conduct services here.

ALIEN WOMEN ARE SMUGGLED

Said to be Taken into States by Underground from Canada.

Chicago, June 30.—In United States District Attorney Edward Sims' crusade against the traffic in alien women, an "underground" railroad similar to that used before the civil war in smuggling negroes from the south into northern states has been unearthed by immigration inspectors and secret service men.

The system of bringing alien women into the United States by way of Canada in spite of the vigilance of the immigration officials is said to have been divulged by one of the girls examined by one of the board of enquiry.

According to her story girls are brought from France, Russia and other foreign countries to St. John's, Nfld., and to Anticosti Island, near the mouth of the St. Lawrence river. From these places they are taken to Montreal in private yachts and up the Richeleau river to Rouse's Point, New York.

Both Attorney Sims and Dr. D. D. Davies, inspector in charge of the immigration bureau, acknowledged that they had learned of this underground railroad and that steps had been taken to break it up.

Condemned to Death.

Cettinje, June 30.—The trial of 36 prisoners charged with revolutionary activity in connection with the discovery of a score of bombs here last year, and at which sensational testimony was induced, involving Crown Prince George of Servia, in a conspiracy against Montenegro, has resulted in six of the accused being condemned to death, three to life imprisonment and 27, including five former cabinet ministers, to terms of imprisonment ranging from six to twenty years.

Negro Murderer Hanged.

Washington, June 30.—A. Brown, a negro, 28 years old, who was convicted seveal months ago of killing his younger brother, Harvey, in a quarrel over a girl, was hanged in the jail yard here yesterday. President Roosevelt had refused to stay the execution.

REIGN OF TERROR PREVAILS BOMB THROWER AT WORK

Outrages in Madrid and Barcelona at Public Fetes Have Fatal Results—Barcelona Citizens Offer Big Reward for Discovery of Criminals.

Madrid, June 30.—In addition to a bomb exploded Sunday at Barcelona, a second outrage was perpetrated on Monday evening when another bomb exploded on the Rambia. Upward of a hundred thousand persons were assembled watching the march past of a historical cavalcade when the bomb exploded, causing great alarm and serious wounding a number of people.

Among the wounded three are in an alarming condition. One young man was literally riddled with fragments. He died yesterday.

A man named Grau, a native of Valencie, was supposed by the crowd to have placed the bomb in the confluence, and he was nearly lynched by the people. The police had to draw their revolvers to protect him.

The outrage does not seem to have caused undue harm, though the recurrence of such acts will no doubt have a disturbing effect, especially as notwithstanding the efforts of both the Government police and a special detective service, under Inspector Arrow, no traces of the authors of the outrages have been discovered.

A group of prominent citizens in Barcelona met yesterday to give effect to a proposal for a reward of 100,000 pesetas, offering for the discovery of the criminals.

COBALT IS FIRE SWEPT BUSH FIRES ARE RAGING

Miners Barely Escape With Their Lives—Fourteen Families Homeless in Haileybury—Prayers for Rain Offered in the Churches.

Cobalt, June 30.—Bush fires in this section on Saturday and Sunday have caused a great deal of damage at several of the mine properties.

The Temiskaming lost their powder house and the fire reached their main building. The Columbus Cobalt mine lost everything. The Coleman Development Co. lost all their buildings, and the men barely escaped with their lives.

At the Shamrock mine the diamond drill and a boiler was all that was saved. The Lumsden, Duchess, Patterson, Progress, Cochrane and Fisher Epplett lost all their buildings and machinery.

The Davis Cobalt Silver Mines lost all mine buildings and machinery, and the fire was still raging in the vicinity of Cress Lake. At the Beaver, the fire burned up to the office, but the men worked heroically and managed to save their buildings. At the Badger mine the hoist house and one shaft house were burned. Robert Bryce of the Silver Queen mine sent a large gang out to the Badger property to help in the work. The Rochester, next to the Badger, was saved.

A report from Haileybury states that 14 families were made homeless there by the fire. On Saturday New Liskeard was appealed to for help and sent a dozen men with a quantity of hose, who worked until yesterday morning. Prayers for rain were offered in all the churches on Sunday.

Among the sufferers are: Waugh Bros.' sawmill, loss $7,000; W. McLaughlin, house and partial contents; J. W. Thompson, shack; J. Watson, house and all contents; Campbell, log cabin; C. Smith, lost everything; J. Moore, lost everything; E. Baker, stable and outhouse, saved dwelling; J. Cole, lost everything; W. Mickley, shack and contents; S. Reneau, shack; Fournier, shack and quantity of lumber; L. Black, house; McCaffery and Portsmouth, lost buildings and contents.

Tornado at Clinton.

St. Paul's, Minn., June 30.—Specials from Graceville, Minn., give additional details of the tornado that struck Clinton, a town of 400 inhabitants, in the western part of Minnesota, late Saturday afternoon, killing seven persons. The despatches say that over sixty were injured, but that only eleven were seriously hurt. Two hundred people are homeless, and scores are destitute.

Charged With Killing Toronto Man.

New York, June 30.—Joseph Liffia, aged 21, was arraigned before Coroner Dooley yesterday, charged with killing Albert C. Nowell of Toronto, Ont., with a blackjack, June 12.

He was committed to the Tombs without bail. Jule Jones, a colored lad, who claims to have seen Liffia strike the blow, is being held as a witness. The police say the prisoner admits the assault.

Steamer Floated Again.

Watertown, N. Y., June 30.—The steamer Arundell, which ran on a shoal near Thousand Island Park, St. Lawrence River, June 19, was floated to-day and towed to Kingston, Ont., for repairs. The vessel was only slightly damaged, and is expected to resume her route between Charlotte and the Thousand Islands this week.

Millstone Bursts.

Buchanan, Sask., June 30.—Two Doukhobors were killed and another seriously injured at their communist village of Christiana, two miles south of here, yesterday afternoon by the bursting of an old-fashioned millstone weighing over a ton, which these primitive folk still use.

All three are heads of families.

Santa Fe Train Wrecked.

Williams, Ariz., June 30.—Just after rounding a curve east of Gallup yesterday, train No. 3 (the overland limited) on the Santa Fe dashed on to a burning bridge. The engineer and fireman and four other trainmen were instantly killed. Fifteen passengers were injured.

Four Perish In Flood.

Wellington, Kas., June 30.—Four persons are known to have been drowned and a number are missing as a result of the over-flowing of Hargis Creek, east of this place, which was caused by a cloudburst north of here about 10 o'clock Sunday night.

Taunted, He Kills Companion.

Terre Haute, Ind., June 30.—Being taunted because he joined the church, Roy Liggett Sunday night shot and killed his companion, Frank Kock. The young men were on their way from church. Liggett surrendered to the police.

Ottawa's First Jap Baby.

Ottawa, June 30—The first Japanese child born in Ottawa arrived on Sunday, when a daughter was born to the new Japanese consul-general, Mr. Shimizu.

Cashier Kills Himself.

North Bay, Ont., June 30.—Victor T. Denison, cashier of the Imperial Bank here, shot himself through the head with a revolver yesterday and died about an hour afterwards. A shot was heard from Denison's room above the bank and upon investigation the unfortunate man was found in a dying condition. The cause of the suicide is unkhown. Denison had been in poor health for some time. His accounts are reported to be in good shape.

Brockville to Buy Park.

Brockville, June 30.—After several days' lively public discussion, the ratepayers of Brockville yesterday passed a bylaw authorizing the Town Council to raise $8,000 for the purchase of a public park of about nine acres, on the river front, adjoining the town. The west, centre and south wards went solidly for the bylaw, while the east and north gave adverse majorities.

The vote stood 460 for, 374 against the park.

Brave Engineer Saves Life.

Welland, June 30.—The heroic action of E. P. Johnston, C.E., was the means of saving the life of Godfrey Studson, a Toronto lad of 10 years, yesterday. Studson was walking on the stringers on the west wall at the harbor and stumbled into the water. Mr. Johnston went to the bottom twice and the second time brought the boy up with him.

Trial of a Prince.

Berlin, June 30.—The trial of Prince Zu Eulenburg, who is charged with perjury and with inciting another person to commit perjury in connection with the "Round Table" revelations of last summer, began here yesterday.

On motion of the prosecuting attorney the public and newspaper correspondents will be excluded.

Hundreds See Horrible Accident.

New York, June 30.—Within view of several hundred men, women and children near the entrance to Prospect Park, Brother Casimir of the Order of St. Francis and principal of St. Ann's School, Brooklyn, was beheaded. He fell as he bent from the seat of a Brighton Beach car to get his hat, brushed off by a woman.

Ten Days Will Finish It.

Ottawa, June 30.—Hon. Mr. Graham received a telegram yesterday from Supt. Weller, in charge of the work of repairing the break in the Cornwall Canal, stating that the canal will be ready for the resumption of traffic in ten days. About 500 men are employed on the work.

Platt a Witness.

New York, June 30.—United States Senator Thomas C. Platt was a witness before the grand jury yesterday in the case of Mae C. Wood, who is charged with perjury in her suit for divorce from the Senator.

NO MORE RHEUMATISM

"FRUIT-A-TIVES" CURED HIM

Christopher D. Graham is a well known citizen of Ottawa—formerly in the City Hall and largely instrumental in forming the Ottawa Hunt Club. Mr. Graham's voluntary testimonial as to the great benefit he received from taking "Fruit-a-tives" will carry conviction.

Ottawa, Ont. Nov. 26th, 1907.

Dear Sirs:—

I have been a sufferer from Rheumatism for a long time — pains in my shoulder and joints practically all the time. I tried various treatments without benefit and then I was recommended by a friend to try "Fruit-a-tives." I took several boxes of the tablets and now, for a long time, I have been entirely free from all rheumatism and rheumatic pains.

I wish to state, also, that I suffered from haemorrhoids, or piles, for years, I used all kinds of ointments and treatment and nothing did me any good, but after taking "Fruit-a-tives" for my rheumatism I am entirely cured of these dreadful piles. (Sgd) C. D. GRAHAM.

149

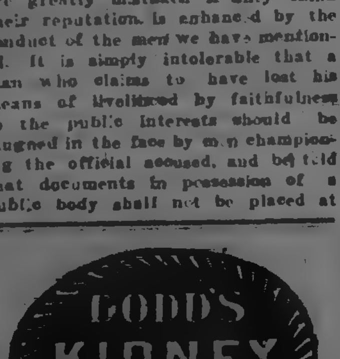
"Fruit-a-tives" — or "Fruit Liver Tablets" are sold by dealers at 50c a box —6 for $2.50—or will be sent on receipt of price. Fruit-a-tives Limited, Ottawa.

The Daily Review

TUESDAY, JUNE 30, 1908.

MEN WHO DO THE DIRTY WORK.

One of the regrettable features of party government is that the party in power usually avails itself of, the services of certain smart Alecks among its members who seek preferment by displaying an utter disregard for fair play. Whenever charges are made against the administration these individuals are put up to weaken their effect. They are placed on every committee of investigation, and they are expected to repel attacks made on the floor of the House. Their methods are those of a criminal lawyer defending a guilty client. They oppose the introduction of tell-tale documents, and the putting of awkward questions to witnesses. Their principal reply to the accusations are of the tu quoque character — "You're another." Such men are Johnston of Cape Breton and Maclean of Lunenberg During the last two years they have become the most prominent members of the Commons. Their boldness is simply amazing. Take the Hodgins case as an example. The effect of Major Hodgins' charges was that the country was paying contractors on the transcontinental railway millions more than their just claims, and that he had been dismissed from his post as divisional engineer for his opposition thereto. The matter came before a Parliamentary committee and there these Government henchmen boasted that Major Hodgins was unable to prove his charges. Some documents in possession of the Governments' National Railway Commission, had been ordered to be produced, but when they were not forthcoming these members persuaded the committee that they should not be subpoenaed. "Major Hodgins should not have made these charges unless he had the material to prove them," was the position they took, and they adhered to it in spite of statements that the documents were absolutely necessary to the full proof of the charges. We do not wish to convict the Transcontinental Railway Commissioners; we think that Major Hodgins exaggerated the seriousness of the situation, but the commissioners are greatly mistaken if they think their reputation is enhanced by the conduct of the men we have mentioned. It is simply intolerable that a man who claims to have lost his means of livelihood by faithfulness to the public interests should be laughed in the face by men championing the official accused, and be told that documents in possession of a public body shall not be placed at his disposal. The characters of everybody concerned can only be vindicated by the fullest inquiry, and anyone trying to burk such should be sent to the right-about mighty quick. It is sickening to see men of the Maclean-Johnston type sunning themselves in the favor of our national leaders, some of whom, at least, would not themselves stoop to such tactics.—The Sentinel.



SIR WILFRID'S MISSTATEMENTS.

"I promise you that if you put our party into power we will reduce the annual expenditure $4,000,000 or $3,000,000 per annum."—(Sir Wilfrid Laurier, 1896) That statement was plain enough but it is also plainly untrue. Let us compare the facts with this false and alluring promise of the Premier—to be. In the year preceding Sir Wilfrid's advent to power the expenditure on current account was $36,949,142. In 1896-7 the upward tendency showed itself unmistakeably. In 1907-8 the expenditure had reached the enormous total on current account of $77,500,000 and on capital account from $4,753,241 in 1895-6, to $33,000,000 in 1907-8. In order to show that this enormous increase cannot be excused on the ground alleged, namely, increase of population, the total (permanent and current) expenditure per head in 1895-6, the last year of Conservative rule, was $8.44. In 1907-8 it was $18.00 per head. The expenditure for the year 1907-8 for the average family in Canada was $88.40.

* * * * * * *

This excessive expenditure was chiefly in the following departments the increase being in Immigration 601 per cent., in Quarantine (to look after the immigrants) 555 per cent. in Marine 304 per cent. in Militia 275 per cent., in Public Works 475 per cent., in Miscellaneous 449 per cent. In Public Works the increase was $8-000,000 in Agriculture 1,000,000. In trade and commerce the increase was likewise small and disproportionate, namely, from $9,463 to $63,625.

* * * * * * *

Then let us speak of this year 1908-9. The increase already provided for over the preceding year is $13,547,572. Mr. Fielding admitted a deficit of $30,000,000 for next year. Why did he not make some attempt to avoid it? The increase in population demanded some increase in expenditure, but both were improperly brought about. However, we cannot help that now. Who pays for all this and who makes by it? The farmer and the wage-earner pay for it, and the financier, patronage list men and big contractors make by it. The toll taken from us by the moneyed man in this and other countries is beyond realising. But how does all this square with what Sir Wilfrid said? Can you acquit him either of extravagance or falsehood? Logically and manifestly not.

A CONTRAST.

In a long inquiry into the McGreevey scandal in 1891, Mr. Tarte, who had preferred the charges and prosecuted them before the Committee, made this statement in the House of Commons. (Hansard, page 5830.)

A MINISTER WHO STOOD BY HIS DUTY.

"I must say this much to the credit of the Minister of Justice. (Sir John Thompson.) From the moment that the Minister of Justice perceived that I had a case, he sent to me the two counsel for his administration, Messrs. Henry and Osler. They came to me and my lawyer and they said; "It is better not to say publicly that we will work together as much as we can but we have been authorized to come to you.' I asked them. 'by whom are you authorized?' They told me they had been authorized by Sir John Thompson. I asked them 'are you going to take your orders from the Minister of Justice or from Sir Hector Langevin?' Osler and Henry said 'we are taking our orders from the Minister of Justice and we are prepared to work with you and find out the truth as much as we can.' I say that they have helped me and my lawyer, Mr. Geoffrion, will tell you the same thing. They have helped me as much as their delicate position and the delicate position of the Minister of Justice allowed them to do. I think, sir, it is well that we should know, and that the world should know, that when a grave and momentous question like this is thrown upon Parliament, the representative of justice is prepared to stand by his duty, however, delicate and difficult may be the position in which he is placed."

We look in vain for any such action by the Laurier Government."

FACE THE MUSIC

As compared with the high records or railroad prosperity made in the early part of 1907, the earnings of today represent a shrinkage of from 15 to 25 per cent. in gross receipts and 20 to 50 per cent. net.

A year ago more traffic was being crowded upon the railroads than they could carry, while to-day, their chief problem is to keep idle cars and engines housed at minimum cost.

As to whether the lowest level of railroad earnings following the panic of October, 19, 1907, has yet been reached, there is a conflict of opinion.

At least two of the trunk lines report that June business has been an improvement over the traffic of May while, on the other hand, one important trunk line has several thousand more idle cars on its tracks to-day than it had at any time last month, while another reports no appreciable change in the situation.

The appropriate music for this Avernian descent is, we should think, a quick march. The very energy of such a tune would make the participants believe, or pretend to believe, that they were taking part in a conquest.

An Irishman was asked what optimism is. He replied that it was making yourself believe a lie. If anyone is so optimistic as to believe that Canadians are in condition of national or individual prosperity, let him undeceive himself at once.

LIFE AND LIVE WIRES.

The carelessness with which electricity is handled in this country is becoming a matter of extreme danger. A Toronto boy was electrocuted this week through touching a live wire hanging between two trees. A similar instance, and one which might have been attended with loss of life, came to notice a few weeks ago. A repair waggon stood in the street, while a mechanic fixed the electric trolley wire above. A pedestrian, standing near one of the trolley standards on the sidewalk, was startled when a street railway employee rushed up stating that the pole was alive, and warning him of his peril. The employee was kept constantly running between two standards warning the public. Presently it was necessary for him to hold the reins of the horse attached to the repair waggon. This left the two live poles completely unprotected and pedestrians absolutely unwarned. Such primitive methods and utter disregard of the value of life is astonishing.—Monetary Times.

There is a general dread in Peterborough when a storm comes that live wires will dangle about to the imminent danger of people and their property. When such accidents do occur, although it will be hard to call them accidents after the many warnings, there will be a heavy bill of damages to pay. There will be no excuse, but carelessness or lack of foresight, and they will not avail. Judge and jury are both willing to strain a point where reasonable, but it will not be arguable that it is reasonable (see Doe v. Port Hope) that live wires should continue be a menace to life and property. Even if the city had to pay a share of the expense of putting the wires underground it is better that it should do so than that the citizens should live in terror, to say nothing of the ever-recurring loss in horses and of the possibilities of human sacrifice.

EDITORIAL NOTES.

Is it Canada's century? Oh! yes. We will spend $100,000,000 this year all right.

Some navvies in a railway carriage were once in loud conversation, swearing boisterously the while. One of them was especially fluent. "My friend," said another passenger in shocked tones, "where did you learn to use such language?"

"Learn!" cried the navvy. "You can't learn it, guv-nor. It's a gift, that's wot it is."—Dundee Advertiser.

The committee of five appointed to decide the future action of the ex-directors of the Ontario Bank have not yet enlightened the shareholders of the institution. It is now many weeks since they commenced their deliberations. This delay, we hope, means that the former directors, and the committee are nearing the happy middle course. — Monetary Times.

A writer in the New York Tribune thus speaks of the political outlook in this country;—

This revival of Conservatism in Quebec, its overwhelming victory in Ontario its recent success in carrying New Brunswick after twenty years of Liberal rule, its proved ability in the last year to hold Manitoba and British Columbia by good majorities, have put new life and heart into the Dominion Conservative party and have made possible a change which two years ago would have been deemed impossible. In the Parliamentary struggle now going on at Ottawa the result in Ontario and Quebec were anxiously awaited, and the efforts of the Laurier Government to amend the Franchise Act and, incidentally, to take control of the preparation of the electoral lists for Dominion purposes out of the hands of the Provincial (Conservative) Government of Manitoba and British Columbia will probably be checkmated.

CATARRH NOW CURABLE

But Never by Medicine Swallowed, Snuffs, Sprays or Douches

Catarrh is not a blood disease and that is why it cannot be cured by any medicine taken into the stomach. Catarrh is a germ trouble contracted from the germ-laden air you breathe inward. These germs fasten themselves in the tissue and air cells of the breathing organs, multiply by millions, cause sneezing, coughing, raising of mucous, discharge from the nose, difficulty in breathing, hoarseness, dryness, and stoppage of the nose, tickling in the throat and other symptoms that can only be reached by the dry air principal of Hyomei.

It medicates the air you breathe with the curative properties of the Australian Eucalyptus Forests where catarrh is unknown.

The reason you get relief in a minute or two from Hyomei is because it destroys every catarrhal germ in the air you breathe, and its dryp penetrating aroma will reach the innermost recesses of the air passages, killing millions of germs a minute. Their destruction means freedom for oppressed respiratory organs. W. M dill, druggist, corner of Hunter and George streets, Peterborough, sells Hyomei under a guarantee of satisfaction or money back. Price $1.00.

DAILY REVIEW AT STONY LAKE

Will Be Delivered to Subscribers Same Day as it is Published.

Send in Changes of Address—Take the Review with You on Your Holiday.

Arrangements have been completed whereby the Daily Review will be delivered to summer resorters at Stony Lake on the same day as it is published. The papers will reach Lakefield in time to catch the evening boat for the lakes, and will be in the hands of subscribers on the evening of the day they are published.

Subscribers of the Review who are going to the lakes or to any summer resort can have the Review follow them by notifying this office of the change in their address. Drop a card or telephone 189, giving the old and the new address, and the change will be promptly made.

Persons who are not already subscribers to the Review can have the paper sent to them for thirty cents per month.

Take the Review with you on your holidays. It will keep you in touch with what is going on in the city in particular, and the outside world in general. Do not isolate yourself completely. Keep yourself posted on what is happening in the city. Get the Daily Review.

Police Methods in India.

A jewel was lost by a rich Komati. It was found in the possession of a Mohammedan. Two policemen of the station seized it from him and pledged it and obtained a loan from a local merchant. Then another policeman was asked to search the house of the merchant, and before the search was effected the merchant gave it to him with a present as a bribe not to haul him up before the court. Between the three policemen a sum of about 60 rupees was looted from one or the other of the dishonest and avaricious merchants. Then arose a split among the policemen and their comrades about the division of the spoils, and they are now blinking as to what course to adopt, and whom to charge and what offence to charge with. The people are losing all confidence in these men.—From the Mysore Standard.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin.
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c. per bottle, Sold by all Druggists.

NERVOUS?

Perhaps Sleepless, too!

You'll be a total wreck pretty soon, life will no longer be a pleasure. Just think of the days and nights of misery you must spend if not cured!

Won't you use Ferrozone? It's a nerve strengthener that really does cure. It acts through the blood. First, Ferrozone brings appetite—you eat plenty. This fills the blood with nourishment for the inner nerve cells.

FERROZONE

Instils strength into every part of the system. You get well—keep well—nervousness forever departs—because you have used Ferrozone. Avoid substitutes.

Price 50c per box, or six boxes for $2.50, at all dealers or by mail from N. C. Polson & Co., Kingston, Ont., and Hartford, Conn., U.S.A. 136

SOME RAILWAY GHOSTS

MEN ON THE LINE HAVE MANY QUEER SUPERSTITIONS.

Lucky and Unlucky Trains—Uncanny Calamities on Scotch Express—Engine Said to Be Haunted — Bad Omens For Engineers—Sinister Influence of Human Skull—Kindly Disposed Spooks Who Help.

The recent extraordinary accident on the Great Central Railway, England, in which a whole train was derailed, and several of the coaches smashed to fragments, without a single passenger suffering any serious injury, probably will strengthen the widespread superstition among railwaymen as to there being both lucky and unlucky trains and locomotives.

An uncanny sequence of calamities once befell the old established Scotch express which starts from Euston at 8 p. m. Between August, 1873, and July, [illegible], this train — popularly known as the "tourist" was involved in four serious accidents, accompanied by loss of life, as well as in several minor mishaps.

Certain engines have sinister reputations, far more so than trains. Not so long ago the Northwestern Railway had a goods locomotive with the reputation of being bewitched. During its early history it earned a bad name by being continually concerned in slight mishaps, and by getting its driver and stoker into trouble for mysterious breakdowns. Then, in 1895, this engine met with an accident, in which the driver was killed. A year later it had another smash, fortunately unaccompanied by loss of life. When retrieved from this second "event"—which, like its predecessor, was inexplicable—this haunted engine was relegated to the scrapheap; otherwise it would have been impossible to find men to take charge of it again.

Another common belief is that some engines have an insatiable thirst for blood. Four years ago the Southwestern had a shunting engine nicknamed the "Destroyer." It ran over four sailors trespassing on the line, and on another occasion killed a foreman —all within the space of a few weeks. A Great Western engine was notorious for slaying station masters. It killed two successive holders of the office in shunting operations. The third station master, knowing its evil reputation, gave it a wide berth, but at last he grew ashamed of his prejudice, and mounted the footplate for a ride through the yard, fell off and was killed.

There are a few well known superstitions pertaining to the railway. It is unlucky to start a new engine out of the shop on a Friday. It is unlucky to step on to an engine with the right foot, and to go forward to oil from the right-hand side. An engine must be turned on a turntable "with the sun"—i.e., in the same direction as the hands of a clock go around. It is a very bad omen for a driver, should he be so unfortunate as to run over a dog.

Navvies have always possessed the reputation of being superstitious folk. When the Northwestern Co. were constructing a line from Whaley Bridge to Buxton, the foundations of a particular bridge constantly gave way, to the perplexity of the engineers. The mischief was attributed to the sinister influence exerted by a human skull, known as "Dickie," which was preserved in a farmhouse near by.

This grim relic, said the villagers, objected to railways. The navvies soon heard of the local tradition, and they declined to repair the bridge until some means could be discovered of appeasing "Dickie." Finally a Lancashire poet expostulated with "Dickie" in rhyme, and the skull saw the error of its ways. At any rate, the navvies performed the task over again and this time their [illegible] firm.

However, it must not be supposed that all railway superstitions are concerned with death or disaster. There are kindly disposed railway spooks, as well as bad. For example, a curious story is told of an accident which occurred outside Waterloo Station some years ago. A passenger train collided with a light engine, and a very serious smash was averted in the nick of time by the timely though mysterious application of the automatic vacuum brake. It is a fact that no one could discover how this brake was applied. So railway men fall back upon the hypothesis that there was a ghost on board the train.

The Khedive's Private Railway.

The Khedive of Egypt has a private railway from his palace at Ras-el-Tin in Alexandria to his country place at Montazar, and when he goes from one place to the other he drives the engine himself. The line is ten miles long, and he seems to get keen pleasure out of the excitement of running an engine at full speed. During his last visit to France he rode on the cab with the driver of the express from Calais to Amiens and handled the levers himself.

Other royal personages have sought diversion from cares of state at various times in engine driving. The King of Spain is very expert and [illegible] locomotive engineer. [illegible] on the footplate of the royal train with the driver and take lessons in managing the engine.

Prince Ferdinand of Bulgaria is another royal engine driver. Recently he drove the express from Abbeville to Paris under the superintendence of the engineer.

The Marquis of Downshire vies with royalty in following this pursuit. He has a private railway at Hillsborough and an engine which he drives himself at a speed of forty miles an hour.

Ancient "Dogtongs."

Preserved in the cathedral of Bangor, Wales, is a pair of old "dogtongs," which were used for ejecting quarrelsome dogs from church during service. A similar pair is preserved at Llaynynys, Wales, and bears numerous teeth-marks.

Turned Up Trousers.

The question as to whether turned up trousers had gone out of style was referred to the editor of the Sartorial Art Journal, who said that men who have to walk in wet weather will turn up their trousers as they always have done, and the fools who turn up their trousers here in fair weather because "it's raining in London" will continue to do so until their mental condition changes. "But," he said, "the turned up trousers for dress never were in style. The garment when it is part of an outing suit can be abbreviated by the turning up process, and the flimpness of the material from which these costumes are made justifies the cut which makes the turn up necessary, because the extra fold makes the garment hang better, but for dress, day or evening, never. There are men who think it proper to smoke a pipe in a drawing room. They also wear their trousers turned up."

John Randolph's Old Office.

Few people know that the law office in which that famous Virginian John Randolph of Roanoke once practiced is still in existence and is still being used for a similar purpose. In the courtyard in the little village of Keabridge, Lunenburg county, Va., stands today an old weather beaten brick office building with a shingle roof. It is one story high and has only a single large room, but it is now famous in Virginia as the building in which John Randolph did much of his law work and prepared his speeches. In the earlier days of Virginia's history it was the custom to build a number of these little offices on the courtyard greens, and it was unusual then for a lawyer to have an office anywhere but there.

Royal Mechanics.

Crown Prince William of Germany, following the requirement of the house of Hohenzollern that each prince must be skilled in some trade, is becoming an adept in wood turning. He surprised his suit by ordering a lathe set up in one of the bedrooms and recently spending the whole morning in turning out chair legs. He worked in his shirt sleeves, and when the electricity failed he called an adjutant to help him. The adjutant also was in his shirt sleeves, and the two men alternated in driving the machine. Emperor William is a cabinetmaker, his father was a bookbinder, and his grandfather was a turner.—Argonaut.

A Boat in a Knapsack.

A Servian named Merchep has devised what he terms "a boat in a knapsack" for army purposes. The boat is composed of linen, rendered impermeable by a coating of rubber. It is provided with oars which fold into each other to the size of an ordinary walking stick and a cork seat which also serves to keep it taut when open. The model can accommodate one person only, but larger ones may be made on the same plan for the conveyance of troops and baggage when crossing rivers. Merchep's invention has been tried on the Seine by naval experts, who speak of it in high terms.

The Catchup Toper.

A new brand of toper has been discovered in Philadelphia. He drinks catchup. The Record testifies to the fact and quotes a waiter on the subject. He says: "I've known men to come in here and eat a ten cent grab and drink nearly half a pint of catchup between bites. It's a bad habit, and it makes a big hole in the profits. It's much worse than liquor when that habit gets a hold on you. We've got all the fiends spotted. They have sallow complexions and are always in bad humor and eat very slowly. As for a tip, that's out of the question."

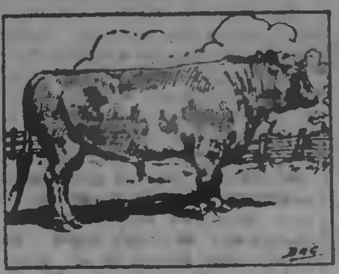
Wood's Phosphodine, The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

BABY BEEF.

Profit In It if Quickly Matured and Properly Finished.

To raise baby beef profitably it is absolutely necessary to have calves of the beef type. They must possess the ability to put on flesh in the right spots—that is, they should be well developed where the most expensive cuts are to be found. Then, too, they must have the power to mature early. The majority of animals cannot be got into that condition at the desired age. Early maturity must be a characteristic of the animals bred from, and particularly should the sire selected possess that special quality.

The growing time in an animal's life is the time at which to feed it, as it has been proved time and again that a hundredweight can be added then at less than half the cost of the same gain on the same animal at maturity, writes J. Hugh McKinney in Farm and Fireside. For the first two weeks each calf should have a quart of whole milk three times a day, care being taken to feed it at blood temperature. During the next three weeks half a quart of skimmilk should be added to the whole milk at each meal. When the calf is five weeks old it should be so developed that feeding twice a day will be sufficient, also dispensing with the whole milk and giving about three quarts of skimmilk twice a day.



HEAD OF AN OHIO BABY BEEF HERD.

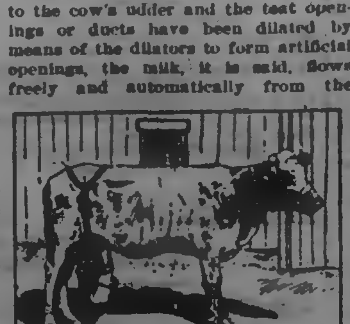
To supplement the loss of butter fat in milk a small amount of flaxseed meal is used. It may be prepared in the proportion of a cupful of meal to one and one-half quarts of water put into a common stove kettle and kept at a temperature just below boiling for three or four hours, which reduces the meal to a kind of jelly. This is mixed with the skimmilk at the rate of about a tablespoonful to a pound of milk and may be gradually increased up to a cupful when the calf is three months old. By this time the stomach will be strong enough to assimilate and digest other food, and he should be taught to eat a little bran, oats, clover or any other dainty that he can be persuaded to consume.

The second summer is perhaps the most critical period in the life of an animal intended for early beef. While experience has shown that there is very little difference in feeding inside or outside, so far as gain in live weight is concerned, the latter method will prove the less expensive. When fed inside it is absolutely necessary that the ration consist of a certain proportion of green feed. To a certain extent ensilage will answer this purpose, but does not seem to have the same flesh producing effect as the green grass. Of all the grass mixtures with which the writer is familiar, oats and vetches with a little clover or alfalfa hay are the most suitable. All things considered, however, it is preferable to turn them out about the first of June, being careful to keep them on good pasture, supplementing it with a small quantity of meal.

In September they should be gradually accustomed to stable conditions by taking them off the grass part of the time, especially with the occurrence of frosty nights, and given a feed of silage and clover hay in addition to the grass and meal. In October they should be put on a regular ration. Steers that have been fed properly up to eighteen or twenty months of age should be getting about one-half pound of meal per hundred pounds of weight and gradually increased, so that when they are sold they will be getting nearly a pound of meal to a hundred pounds live weight of the animal.

Dilator Milking Machine.

An Ohio inventor has secured a patent for a new dilator milking machine. When the machine has been adjusted to the cow's udder and the teat openings or ducts have been dilated by means of the dilators to form artificial openings, the milk, it is said, flows freely and automatically from the openings thus formed in a much more natural manner than by the use of the suction milking machine.



MILKING MACHINE IN PLACE.

In a recent test fourteen quarts of milk, it is said, were drawn from a cow by this machine, the same being applied, operated and removed in six and one-half minutes. Each machine is complete in itself, requiring no air tubes or power plant, as in the case of the pneumatic milkers.

According to the description, but little or no attention is required once the adjustment is made until the cow is milked dry.

Feeding Cows.

Cows of a decided dairy type will return the greatest profit when fed to their full capacity.—Nebraska Experiment Station.

A flow of natural gas has been struck at Morinville, 25 miles north of Edmonton.

THE MARKETS.

Liverpool Wheat Futures Close Lower, Chicago Higher—Live Stock —Latest Quotations.

Monday Evening, June 29.

Liverpool wheat futures closed to-day unchanged to ¼d lower than Saturday, and corn futures ¼d to ⅜d higher.

At Chicago July wheat closed ⅝c higher than Saturday; July corn 1c higher and July oats ¼c higher.

CATTLE MARKETS.

Cables Steady—Chicago Higher For Cattle and Hogs.

LONDON, June 29.—London cables for cattle are steady at 12c to 14½c per lb., dressed weight, refrigerator beef is quoted at 10½c to 10¾c per pound.

Toronto Junction Live Stock.

TORONTO JUNCTION, June 29.—Receipts of live stock at the Union Stock Yards were 80 carloads, composed of 1638 cattle, 18 hogs, 187 sheep and lambs, 35 calves and a large number of horses.

Exporters.

Export steers sold at $6 to $6.60; export bulls, $4.75 to $5.35 per cwt.

Butchers.

Prime picked lots of stable-fed sold at $6.00 to $6.75; loads of good, $5.25 to $5.40; medium, $4.75 to $5; common, $4 to $4.50; cows, $2.50 to $4; with a few at $4.15 and $4.25.

Feeders and Stockers.

Stockers weighing 500 to 700 lbs., $3 to $3.25; feeders, 800 to 1000 lbs., $3.25 to $4 per cwt., with a light demand.

Milkers and Springers.

About a dozen milkers and springers sold at $30 to $60 each.

Veal Calves.

A limited number of veal calves sold at $3.50 to $5.50 per cwt.

Sheep and Lambs.

Sheep and lambs sold at lower quotations. Ewes $4 to $4.25 per cwt.; rams, $3 to $3.50 per cwt.; lambs, $3 to $5 each, or $6 to $7 per cwt.

Hogs.

Gunns quoted selects at $6.40, fed and watered, and $6.15 f.o.b., cars, at country points.

Montreal Live Stock.

MONTREAL, June 29.—At the Montreal Stock Yards West End Market the receipts of live stock for the week ending June 27 were 3767 cattle, 794 sheep and lambs, 2000 hogs and 785 calves, while the supply for local consumption this morning consisted of 1000 cattle, 150 sheep and lambs, 1250 hogs and 200 calves. Owing to the fact that the supply of cattle was fully 300 head larger than a week ago, an easier feeling developed in the market, and prices were ¼c per lb. lower. At this reduction there was a good demand from local and outside buyers, considering the warm weather, and an active trade was done. Really choice export steers were scarce, for which the demand was limited on account of the fact that cable advices from Liverpool on Saturday were weaker, and noted a decline in prices of ½c per lb. as compared with a week ago, owing to trade being extremely slow, and in spite of very light supplies. Choice export steers in this market sold at 6½c to 6¾c; good at 6c to 6¼c; good butchers' stock at 5¾c to 6c; fair at 5¼c to 5½c; common at 4½c to 5c; lean cows at 3½c to 4½c, and inferior at 3c to 3¼c per lb.

The market for sheep continues weak, and prices have suffered another decline of ¼c to ½c per lb. since this day week, owing to the more liberal offerings, and the fact that the quality of the stock coming forward is not up to the mark. There is a fair demand for export, and sales of selected stock were made at 4c to 4¼c, and the culls at 3½c per lb. There is no further change to note in prices for yearling lambs, for which the demand for local consumption is good, and sales were made at 4½c to 5c per lb. The demand for spring lambs is in excess of the supply, and prices in consequence are fully maintained at from $3.50 to $5 each. The offerings of calves were small, for which the demand is good, and prices rule firm with sales of good to choice stock at $8 to $10, and common at $2 to $5 each.

In sympathy with the continued strong European advices on Canadian bacon and the further advance in prices during the past week of 2s to 5s per cwt., a stronger feeling has developed in the local market for hogs, and prices this morning were 20c to 25c per 100 lbs. higher than this day week, which makes a net rise of 35c to 50c within the past two weeks. At the advance, the demand from local dealers and packers was good; an active trade was done at $6.85 to $7 per 100 lbs. for selected lots, weighed off cars.

East Buffalo Cattle Market.

EAST BUFFALO, June 29.—Cattle—Receipts, 4000 head; slow and 10c to 25c lower; prime steers, $7.25 to $7.65; shipping, $6 to $6.75; butchers', $5 to $6.50; heifers, $4 to $6; cows, $3 to $5.25; bulls, $3.25 to $5; stockers and feeders, $3.50 to $4.75; stock heifers, $3.25 to $3.60; fresh cows and springers, $3 to $4 lower, $18 to $50.

Veals—Receipts, 1200 head; slow and steady, $5 to $6.75.

Hogs—Receipts, 11,000 head; active; pigs, steady; others, 10c to 15c higher; heavy and mixed, $6.65 to $6.70; yorkers, $6.25 to $6.70; pigs, $5 to $6; roughs, $5 to $5.60; stags, $3.50 to $4; dairies, $6 to $6.50.

Sheep and Lambs—Receipts, 6000 head; slow, lambs and yearlings steady; others, 25c to 50c lower; lambs, $5.60 to $7.20; yearlings, $5.75 to $6; wethers, $4.60 to $4.75; ewes, $3.75 to $4; sheep, mixed, $2 to $4.25.

Robert Willis of Kemptville, is wanted on charges of selling liquor without a license.

A Relic of the Penal Days.

There are two places in Ireland where it has been customary for many centuries to ring the curfew—the village of Tynan in County Armagh and Derry. The Derry curfew is a relic of the days when no Roman Catholic was allowed to live inside the walls of Derry, although the citizens were glad enough to have them in the daytime as laborers and customers. At sundown, however, the curfew bell was rung and every Roman Catholic who was then in town had to leave with all haste, even if it meant sleeping in the open on the bleak hills which surround the city.

Rabbits vs. Mutton In Australia.

Up to the beginning of December, says a writer in Australia, 918,000 crates of rabbits, totaling about 23,000 tons, had been received in London during 1907, and the market for mutton was never so bad as it is now. It is the fostering of the rabbit industry which decimates the pastoral industry. Between these two there can be no compromise. It is sheep or rabbits.

The man who will keep a promise never has to make one.

APPEAL HEARD YESTERDAY

Judgment in Recent Liquor Case Appealed—Judgment was Reserved.

Yesterday before his Honor Judge Weller, the judgment of his Worship Magistrate Dumble, in a case against Mr. Nixon for selling liquor to miners came up. Mr. Haverson, K.C., of Toronto, appeared on behalf of Mr. Nixon. The ground for appeal was based on the argument that the law was not a good one.

His Honor reserved judgment.

EXHIBIT OF HAND-PAINTED CHINA

Two Days' Exhibit from the Pickard Studios of Chicago.

Mr. Alex. Gibson, jeweller, has made arrangements with the Pickard Studios of Chicago, to send a representative to Peterborough, with the entire studio line, which embraces thousands of dollars worth of the most beautiful specimens of the art of painting china by hand, to give an exhibit in his store.

All the artists in the Pickard Studios have had many years of training in the finest art schools of Europe and America, and you see the results of this thorough training in their work. Pickard China possesses a harmonious, satisfying richness that has never been successfully imitated.

This exhibit embraces many hundreds of pieces, ranging in price from $1.50 to $75.00 each.

There is nothing in this exhibit for sale. But if you wish to place an order now for Fall or Christmas shipment, you can have any piece you wish painted to order.

Mr. Gibson will pay the duty and the freight on all orders placed while this exhibit is on, and deliver the goods to you at the American price. A small deposit required when the order is given.

This exhibit is for two days only, Friday and Saturday, July 3rd and 4th. Store will be open Friday night for Exhibit only.

See MacPherson's North Window for Bargains. Roast Pans 15c, Long Handled Dust-pans 25c. We sell the New Perfection Blue Flame Oil Stove.

The steamer Aki Maru, which arrived at Victoria, B.C., yesterday, reports that owing to the boycott against Japan in China, she has no Chinese passengers and scant freight from China.

: One Pair of Eyes for a Lifetime :

This is the reason we look upon the proper examination of the eye as a serious thing. The constant increase in eye defects is partly due to improperly fitted glasses. The first indication of discomfort of blurred vision in constant headaches, should cause you to ascertain the source of the trouble, whether it is through the eye itself or from some physical ailments. If you come to us you can come with the full assurance that you will be told whether glasses are required or not.

We are not in the business to **"Sell Glasses"** The retention of your patronage and your commendations are far more valuable to us.

CLOSING EXERCISES OF CONSERVATORY OF MUSIC

With the closing exercises of the Peterborough Conservatory of Music last night another year of progress and success passed into history. The closing exercises were held in the Conservatory Music Hall and were of a most successful nature. Large audiences were present both afternoon and evening and the programmes given on the two occasions were greatly enjoyed. Those taking part showed marked ability and acquitted themselves in a manner creditable to themselves and their teachers. The exercises brought out to a marked degree the fact that the Conservatory of music is doing a great work in advancing musical culture in Peterborough and great credit is due Mr. Gliddon and his capable staff. One of the features of the programme last night was the playing of the orchestra with Mr. Gliddon as conductor. The orchestra was splendidly balanced and the numbers they gave were among the most enjoyable of the evening. The pianoforte selections were given with much brilliancy, while the violin and vocal numbers were of equal merit. Miss Julia Choate, the clever young violinste, took a prominent part in the programme and was given an enthusiastic reception.

The programmes were as follows:

AFTERNOON.

1—Noel Johnston, song, "The River and the Sea," Miss Annie Short.

2 Vocal solo, Miss Ida Sanderson

3—Liszt, "Liebestraum," Miss Bessie Elcombe

4—Kindergarten demonstration (a) staff, building (b) ledger notes, (c) sight reading.

5—Summerville, song "The Gates of Yesterday," Miss Irena Mowry.

6—Lach, serenade, Miss Jeanette Titterson.

7—Handel, air and variations, "Harmonious Blacksmith," Miss Katheryn Burnett.

8—Piano duette, Misses Shearer.

9—Belmont Smith, "Fair Starry Eyes," Miss Mona O'Shea.

10—Sullivan, "Dearest Heart," Mr. M. Johnston.

EVENING.

1—Marcus, "White Squadron," Orchestra.

2—Verdi, "Chorus from Lombardi," Orchestra.

3—Beethoven, sonate, "Pathetique," Miss Mabel McCaw.

4—DeBeriot, violin, "Concerto No 7," Miss Marguerite Burnett.

5—Nevin, "The Tournament," Miss Annie Sisson.

6—(a) Schumann, nocturne, (b) Liszt "Rhapsodie," No. 11, Miss Grace Taft.

7—Aylward, "Love's Coronation," Miss Ida Sanderson, with violin obligato by Miss Julia Choate.

8—Macheroni "For All Eternity," Miss Carrie Reesor, with violin obligato by Miss Julia Choate.

9—Chaminade, dance, "Ancienne," op. 75, Miss Jean Hill.

10—Mozart, overture, "Zauberflaute," arranged for two pianos, first piano, Miss Annie Sisson and Mrs. J. E. Hodgson; second piano, Miss Laura Edwards and Miss Beatrice Starke.

11—Hubay, violin, "Hjde Kati," Miss Julia Choate.

12—(a) MacDowell, "To a Wild Rose," (b) Liszt, "The Nightingale," (c) Chopin "Etude in G Flat," op. 10, Miss Campbell.

13—Verdi, "Anvil Chorus," Il Trovatore, Orchestra.

For an encore the orchestra gave a march, "Under the Double Eagle."

God Save the King.

The members of the faculty, whose pupils took part in the exercises were Miss Newman, Miss Adamson, Miss Reesor, Mr. Gliddon, Mr. Henry Lautz, Mr. McCaw and Mrs. Thackeray.

PIANO RECITAL BY PUPILS

A very pleasing and highly successful piano recital was the one given last evening by some twenty-five of the pupils of Miss Addie Dorris at her home on Cedar street. About fifty of the parents and friends of the pupils were in attendance and thoroughly enjoyed each number as all the performers acquitted themselves nobly, reflecting credit not alone on themselves but also on their teacher. It would be hard to give special mention to any of the performers as each and every one, beginners or those more advanced, acquitted themselves in a manner greatly appreciated by and and in a way that certainly left nothing more to be expected of them. Variation was given to the programme by a sweetly sung solo, "Won't you Come over to my house," by a little tot of five five years, Miss Florence Gardner. A recitation by Miss Carrie White in her own capable manner and a violin solo by Miss Evelyn Dorris, a pupil at the Conservatory. The following is the programme;

PART I.

Instrumental solo, "Daisy" ...Graham
Miss May Williams
Solo, "Daffodil," ... ... Graham
Master C. Gardner.
Solo, "Little Prince" .... Krogman
Master Gladstone Wise
Duet, "Polka" ....Streabogg
Misses Clara and Bernice Garside
Solo, "Pretty Butterfly" ... ... Fink
Miss Mamie Murty
Vocal Solo .... Selected
Miss Florence Gardner
Duet, "Wedding Reception, Polka"...... ....Sweet
Miss Cora and Mr. P. Mowry
Solo, "Shepherd's Dream" ...... Heins
Miss Mabel Penrose
Solo, "Elfin Dance" .... Heins
Miss Malvina Delaire
Recitation, ...Selected
Miss Carrie White

PART II.

Duet, "At Full Tilt," ... ...Van Raalte
Misses Birdie Herridge and G. Moore.
Solo, "Tanz unter der Dorflinde" ....Heins
Miss Irene Herridge
Solo, "La Marseillaise" .... Beyer
Miss Eva Gordon
Solo, "Happiness" ....Lange
Miss Gladys Moore
Duet, "Joyous Return ... ... Ringuet
Misses Maud and Myrtle Penrose
Violin Solo .... Selected
Miss Evelyn Doris
Solo, "Fifth Nocturne" ....Leybach
Miss Bessie Latimer
Duet, "Le Carillon," .... Ringuet
Misses Mabel and Kathleen McGrath
Solo, "J'y Pense" ...... Meyer-Helmund
Miss Grace Naylor
Solo, "Myrtles" .... Wachs
Miss Carrie White
Solo, "Starry Night" ....S. Smith
Miss May Hickey
Solo, "Chromatique Valse" ...Godard
Miss Mary Doris
Duet "Tanz der Maikafer" ... Holst
Miss A. Doris and Mr. Percy Hooper
God Save the King.

TEN THOUSAND PEOPLE WILL VISIT CITY ON JULY 13TH

It is estimated that there will be fully ten thousand visitors in Peterborough on the 13th of July. Orangemen and their friends are coming from far and near and an Orange celebration such as has never been held here before will take place. Great interest is being manifested and nothing is being left undone to make the day one of enjoyment and of success.

The supplying of the immense crowds with meals and other accommodation is a matter that will require some preparation. The hotels, temperance houses and private boarding places are looking forward to a very busy day. Several citizens are arranging to supply meals on that day. In this way better service will be given and all can be accommodated.

CHURCH TROUBLE IN NORTH BAY IS GROWING SERIOUS

Refusal to Allow Singing of French Mass May Disrupt Congregation Ministered by Bishop Scollard.

North Bay, June 29.—The French-Canadian parishioners of St. Mary's Catholic church are incensed at the action of the church authorities in refusing them permission to sing mass yesterday in celebration of the Fete of St. Jean Baptiste. On Wednesday the fete was duly observed; on Sunday the French choir asked permission to repeat the mass. The refusal angered them.

There is a large French-Canadian section in the congregation, and a strong feeling exists between them and the English-speaking members, principally over the language question in the school and church.

Regarding the incident of yesterday, the English-speaking members say it does not amount to anything and has been magnified through the glass of long-standing prejudices. They state that Rev. Father O'Brien was requested to allow the French mass to be sung. In absence of Bishop Scollard he referred the petitioners to the English choirmaster, who refused the request, as it would interfere with the arrangements already made, and in his opinion, was unnecessary.

Bishop Scollard and Father O'Brien were out of town this morning. The ultimate result will probably be a new French congregation for North Bay, although Rev. Father Dufresne is permanently attached to the local church, and the French service is held every Sunday.

St. Mary's congregation is ministered to by Bishop Scollard, Father O'Brien and Father Dufresne. Leading French members of the congregation expressed themselves in strongest terms, stating that all that was wanted of French-Canadian members was their money and even one mass per year was begrudged them.

A prominent French-Canadian merchant stated that permission had been obtained during the week from the bishop and the French priest to hold French mass, and the church was crowded to hear the service. The French people in the church immediately left and held an indignation meeting outside, which was adjourned until to-night, when steps will be taken to try and organize a separate congregation.

St. Mary's church has a membership of nearly two thousand, of whom five hundred are French-Canadians.

WILL HE NO COME BACK AGAIN

His Better Half Thinks He Will and is Prepared to Give Him an Enthusiastic Reception.

In the south-western portion of the city dwells an indignant wife, and the reason for the indignation is obvious—her husband, who without any verbal or written warning or explanation, has left her. She is naturally very irate over the occurrence and seems to feel more anger than sorrow at her spouse's sudden departure. She feels certain, however, that he will return, and is letting her neighbors know that a severe chastisement is in store for the runaway hubby when he does return. The neighbors are awaiting his homecoming with anticipation of some diverting and original amusement being furnished them, although the deserting husband will probably look at the lively proceedings in a different light if his wife's threats are carried out.

OBITUARY

MRS. WM. HOPKINS.

The death occurred early this morning of Mrs. Wm. Hopkins, at her late residence, 795 George street. The deceased had been ill for several months with cancer. She was 57 years of age and had resided in this city for a number of years. Her maiden name was Margaret Martin.

Besides her husband, one daughter, residing in Toronto, is left to mourn her loss. Mr. Donald Martin and Mrs. Mary J. Martin, of this city, and Mrs. Delaney, residing in the West, are brother and sisters of the deceased.

The funeral will take place on Thursday morning at nine o'clock from the family residence, 795 Water street, to St. Peter's Cathedral, and thence to the Roman Catholic cemetery.

DAILY MAIL AT CROWE'S LANDING

Telephone Service will Also be Working in a few Days—Resorters Pleased.

Crowe's Landing is becoming a place of considerable importance at Stony Lake. The summer resorters there too now have all the conveniences of home. A daily mail service has been inaugurated and in a few days the Landing will have telephone connection with the outside world. A force of men are now at work putting in the line, and it will be ready for operation in a day or two. A completely stocked grocery is in charge of Mr. McKelvie, of Norwood, and it is doing a thriving business.

LAW OFFICES WILL BE CLOSED

On Thursday Afternoons and at 4 O'clock on Other Days.

During the months of July and August the lawyers of the city will close their offices at four o'clock each afternoon, except Thursday, when they will close at one o'clock. This custom has been followed by the Law Association for some summers past and during the warm weather is much appreciated. People residing in the country are asked particularly to take note of this announcement.

This Week's Programme at Jackson Park.

IS STANDING TRIAL TODAY

Case of Frank Lefevre is Being Heard by Judge Weller.

Frank Lefevre, who was committed for trial a week ago by Magistrate Dumble, on a charge of indecently assaulting a little girl, is appearing for trial before his Honor Judge Weller this afternoon at the Court House. Crown Attorney R. E. Wood is prosecuting and Mr. G. N. Gordon is defending the prisoner. He pleaded not guilty.

Tenders Wanted

Tenders will be received by the undersigned until **JULY 10, 1908**, for the repairing of the present building and the erection of an addition to the Public School. Material used to be either cement blocks or red brick.

Plans and specifications may be seen at the secretary's office.

Any or the lowest tender not necessarily accepted.

ROAD CAVED IN ON A WORKMAN

While at work excavating on Hunter street this morning, part of the roadway caved in, burying one of the workmen, Mr. Alex. Walker, Ashburnham. A large crowd soon gathered around, but it was only a few minutes until the man had been recovered, and after resting he was able to continue his work.

WHAT WILL THE WEATHER BE

"Probs" Say There will be Some Local Showers Tomorrow.

"What will the weather be?" This is the question many are asking to-day in view of the holiday tomorrow. The probs state that the day will be warm with a few local showers. This is not just as pleasing as it might be but the weather prognosticators are sometimes wrong and it is hoped that tomorrow will prove one of such occasions. Fine weather is all that is wanted to make the holiday a most enjoyable one.

NOTICE TO THE N. C. O'S
An important meeting will be held in the mess rooms over Alex. Elliott's liquor store on Simcoe St. on Tuesday, June 30th at 8 p.m.

CELEBRATION AT HASTINGS

57th Band will Provide the Music Straths will Play Home Team.

"The Day we Celebrate" signs will be hung out at Hastings to-morrow. A big Dominion Day celebration is being held there and a fine programme of sports has been arranged. The 57th regimental band will provide music and one of the features of the day will be a baseball match between the Strathconas of Peterborough and the Hastings team. The Strathconas are going down in the morning and expect an enjoyable outing.

Instant Relief from
Headache

"Hurry Zutoo Tablets. Everybody wants them. They give almost instant relief from headache. All who use them tell me the same story."

The above message was received from a well known merchant of Grantley, Ont.

Flattering to Zutoo Tablets, is it not?

And yet, if you have tried these tablets, you know that the words of that message are true.

If you have not tried them, you have yet to experience how quickly they will cure any kind of headache, and how bright and well they will always leave you feeling.

We will send samples for nothing.

Arrangements have been made for those attending the Demonstration and Old Boys' Re-union at Port Hope on Dominion Day (to-morrow) to return by special train leaving Port Hope at 11.15 o'clock.

WEDDING BELLS

LEFEVRE—KNAPP.

The marriage took place at St. Peter's Cathedral this morning of Miss Mabel Knapp and Mr. Francis Lefevre, both of Peterborough. Miss Florence Knapp was bridesmaid and Mr. Harry Lefevre supported the groom. The ceremony was performed at seven o'clock by Rev. Father Kelly. The young people are very popular and will have the best wishes of many friends.

O'NEILL—GOSELIN.

Miss Mary Louise Goselin, of Peterborough, and Mr. James O'Neil, of Hastings, were married at St. Peter's Cathedral this morning at eight o'clock. The ceremony was performed by Rev. Father Galvin. Miss Annie Goselin was bridesmaid, and Mr. James O'Neill was groomsman. The happy couple will reside in Peterborough.

Trade disputes in May made an increase of 121625 working days last over May of last year.

CONSULATE HAS CLOSED

Not Sufficient Business to Keep it Open at Port Hope—Local Agency Now Under Toronto Branch.

The U. S. consulate at Port Hope closed to-day and Mr. Pierce, the consul there, has been transferred to Orillia, the official there having been moved elsewhere. The reason for its closing is on account of insufficient business.

The local agency will now be under jurisdiction of the Consulate at Toronto, having up to the present time been under that of the one in Port Hope.

DOMINION DAY AT STONY LAKE

The steamer Water Lily will leave Wolfe Street wharf on Wednesday, July 1st at 7.30 a.m. for Stony Lake, returning at 7.30 p.m. Return tickets 75c. An ideal outing at small cost.

Who Is This Man?

Sarnia, June 30.—The police of Port Huron and Sarnia are anxious to learn the identity of a man who committed suicide Saturday night by jumping into the St. Clair river from the deck of the ferry boat Conger, on the last trip from Sarnia.

The unknown man was about 40 years of age, wore a dark brown suit and wore a cap. The man left the chair where he was seated and leaped over the rail. The Conger was stopped and a boat lowered, but no trace of the man could be found. No missing persons have been reported from either city so far.

Murder at Montreal.

Montreal, June 30.—The president of the Black Hand Society is dead. Shot by a countryman, Vincenzo Marino, is believed by the Italian interpreter and by the police to have been the local head of the society for some time, and they have tried to trap him, but without success. Sunday night there was a fight in a yard off Mountain street, and Marino came rushing to the street streaming with blood. The ambulance was called, but he died at 2 a.m. No arrest has been made.

The Ontario Sugar Company at Berlin has been organized as the Berlin Sugar Refinery Company, Limited.

"Oscar Wilde," serving four years at Washington for false pretences, placed $1600 with the Bank of Nova Scotia at Fredericton, and it is now being used to repay his dupes.

Two EXCURSIONS
WEDNESDAY, JULY 8th
TORONTO and NIAGARA FALLS

The Durham Old Boys announce another of their popular annual excursions to Toronto and Niagara Falls, going via G. T. R. to Toronto and from there to Niagara Falls by the magnificent Steamers of the Niagara Falls Line and famous gorge route.

You can spend two days at the Falls or spend second day at Toronto, as all tickets are good returning from Toronto on any regular train July 8th or 9th, also by special train on arrival of steamer at Toronto about 8:30 p.m. July 8th.

	Trains Leave	Fare to Toronto & return	Fare to N. Falls & return
Peterborough	5.05 a.m.	$2.05	$2.20
Millbrook	5.35 a.m.	2.05	2.30
Garden Hill	5.55 a.m.	2.00	2.20
Port Hope	6.15 a.m.	1.75	2.15
Port Hope Jct.	6.25 a.m.	1.75	2.15

Children over 5 and under 12, half price

Special train leaves foot of Yonge St., Toronto 8.30 p.m. July 8.

The committee are sparing no pains to make this the best excursion of the season. Durham Old Boys and their families join the excursion on board at Toronto. A fine band has been engaged for the excursion under the leadership of Mr. Frank McDowell.

A FIRE DRILL

The Farce That Might Have Been a Tragedy in London.

Several days ago the London Times published a letter addressed to the editor and simply signed "M. W." giving the details of a fire drill in one of the public schools of that city. The letter is so interesting that it is reproduced here in full as an example of what ought not to be possible under any circumstances:

"Two managers of a London county council school numbering 1,100 children felt it their duty to test the fire alarm bell last Tuesday morning. They found the bell handle hung in a cloak-room, which was locked up. It was further inclosed in a small cupboard, which was locked up (the caretaker had the key, but in his house, not on his person). Finally the bell was rung twice, after which it jammed and refused to sound.

"The boys and girls were in the playground and in splendid order within two minutes, although the school is built in three floors and staircases had to be negotiated. The infants made their exit in 2 minutes 38 seconds and showed a disposition to tumble over each other, which made it clear that the risk to them would not be the fire, but the danger of being fallen upon.

"It should be added that the bell was not heard at all in one infants' class room (and small wonder, considering the character of its summons) and that thirty children and one teacher continued their lesson comfortably and must be regarded now as cinders. These facts, the last especially, may be interesting to other school managers with energies to spare."

A pet bear cub strolled into St. Mary's R.C. church, Winnipeg, during mass on Sunday.

BETTER THAN SPANKING

Spanking does not cure children of bed wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W., 62, Windsor, Ont., will send free to any mother, her home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

PROMPT PAYMENT

Peterborough, Ont., June 12th, 1908

W. H. HILL, Esq., City Representative Liverpool and London, and Globe Fire Insurance Co'y.

DEAR SIR,—

We beg to acknowledge the receipt of cheque for $2,500 in settlement of fire loss, policy No. 8,645,879 Liverpool and London and Globe Insurance Company.

We note in connection with this settlement a most unusual feature. They are legally entitled to 1 per cent. of stated sum for payment prior to due date. No business man would for one moment question their right to this amount. But they do not take it. Instead they have purposely waived their privileges and presented us with this additional amount.

We are gratified to note this remarkable action. To adjust and settle a loss within twelve days is noteworthy, but to add to this magnanimity in refusing to take advantage of their discount priveleges, places this company in a most favorable position.

We congratulate you upon representing a company of such superior standing.

Yours very truly,

Canada Flakes Co.,
LIMITED.

Signed, H. B. COLLIER, Manager.

Mgr. Central Ont

SPORTING NEWS

Y.M.C.A. BOYS' CHAMPIONSHIP COMPETITION TOMORROW

The boys' championship competition in connection with the Y.M.C.A., will take place to-morrow morning, commencing at nine o'clock. Six events will be competed for the Eastwood Cup and a number of special events will also be run off among which will be a five mile marathon for boys 18 years and under. Several good athletes are entered in these events and some keen competition is looked for. Medals will be offered for 1st and 2nds in each event. The officials are:

Referee, E. A. Frowde.
Three scorers, D. B. McRae, S. Madill, E. Sanderson.
Two time-keepers—Clark, Little.
Starter, Sergt.-Major Brittain.
Judges at finish, J. J. Howden, J. Connell, V. Eastwood.

SCHEDULE FOR NO. 1 DISTRICT OF T.V. LACROSSE LEAGUE

July 1—Millbrook at Lindsay.
9 Lindsay at Peterborough.
16 Peterborough at Millbrook.
21 Millbrook at Peterborough.
August 3 Peterborough at Lindsay.
9 Lindsay at Millbrook.

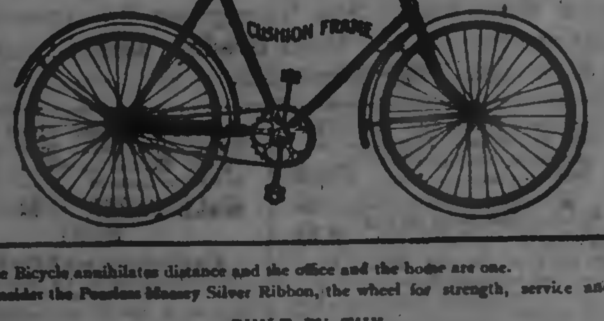
The above schedule was drawn up for No. 1 District of the Trent Valley Lacrosse League at the meeting held for that purpose at the T.A.S. rooms last night. The three clubs in the district, T.A.S, Lindsay and Millbrook were represented by Messrs. R. J. Begley and W. Gartland were present in the interests of the first two clubs mentioned, and Millbrook was represented by R. M. Glover. The Y.M.C.A. team had no representative present as the twelve has withdrawn for reasons stated in last night's Review. Formal notice of their withdrawal was read by the secretary of the league, Mr. R. M. Glover.

A referee from Peterborough will be sent to Lindsay to officiate in the Lindsay-Peterborough game on 1st July.

Rapid Transit!

TO BE OR NOT TO BE, THAT IS THE QUESTION

In these busy times Rapid Transit spells success. To the doctor, the lawyer, the butcher, the grocer, the messenger boy and thousands of others, Rapid Transit is merely another way of saying "dollars." There is but one answer to this biting question—the wheel.



The Bicycle annihilates distance and the office and the home are one.

Consider the Peerless Massey Silver Ribbon, the wheel for strength, service and satisfaction.

HOAGLAND PAYS A FLYING VISIT TO PETERBOROUGH

Champion Walker was in City This Morning from Port Hope—Has Been Umpiring All Season in Empire League—Review Has Interesting Chat with Him.

The numerous friends in this city of W. A. Hoagland, the genial champion walker, were pleasantly surprised when they saw him in the city this morning. He arrived in Port Hope yesterday from Auburn, N. Y., his home town, accompanied by his young daughter, Miss Bernice. She was here at the time of the walk this spring and as she likes this town very much will stay here until Saturday, the last day of the walk at Port Hope, when she will go to the lakeside town to see the finish.

W. Dermont, Hoagland's trainer, accompanied him to Port Hope but did not come to Peterborough.

Hoagland is the same as ever, gentlemanly and unassuming, and it's a good thing just to see him around town. The Review reporter caught him at his hotel, the Oriental, and he immediately entered into a friendly chat about things in general. He thinks Peterborough is about the prettiest place of its size he has ever visited and he liked it so well last spring that he couldn't resist the temptation to run up and see it in its summer garb.

"No, there's very little doing in walking now," the pedestrian champion remarked in answer to a query, "the weather is too warm for it. The walk that is to be held in Port Hope will be the first summer walk I ever will have taken part in. From all indications, however, it should be a success, and the successful starters should get good financial returns."

Hoagland has not had a racing shoe on since he left Peterborough and has been umpiring ball all season in a league that was known as the Empire League until a week ago, when the name Ontario was substituted for Empire. The league is composed of the following cities, all in New York state; Lyons, Geneva, Oneida, Fulton and Auburn, with Lyons leading.

For two years Hoagland ran the Auburn team, selling out his interest last winter. Outside of walking, baseball is the game for him and he takes a great interest in it. He has been a baseball umpire for twenty years and has officiated in that capacity in the National League, New York state, Tri-State, Western, Northwestern and New York, Pennsylvania and Ohio.

Hoagland stated that no big walks for next fall had been definitely arranged yet. There would probably be one he said at Trenton, N.J., at the armouries there, and it would likely be a six night, three hour a night race. A walk to take place at Kansas City has been talked of for some time, but nothing has been done towards having it pulled off.

Hoagland thinks another walk here in the fall would be a great success. The walkers on the other side have all taken notice of the one that was held here in the spring and a great field would be sure to start. He also thinks that a walk could be pulled off in Toronto that would be a gold mine for both the starters and promoters.

TENNIS

London, June 29.—R. B. Powell, the Canadian player, was beaten by A. W. Gore in the semi-finals of the lawn tennis singles.

FOOTBALL

One of the features of the holiday will be the football match between the Peterborough Quakers and All Saints' of Toronto. It will be played at Riverside Park, commencing at one o'clock and a fast game is assured. The Saints' are bringing down a strong team and expect to defeat the locals. The admission will be ten cents and a big crowd should turn out to cheer the Quakers on to victory. The local team will line up as follows;—

Goal—McFadden.
Backs—Evans and Doris.
Halves—Parnell, Hutchins and Donaldson.
Forwards—Archibald, Crough, Huston, Milburn and Best.

All Saints' play a picked eleven at Peterborough on the holiday. The Saints' will try out some new material.—Toronto Star.

Lessons For Mothers.

"There are mothers in all classes of the community who should be ashamed to look a tabby cat in the face."

This sweeping statement was made by Dr. C. W. Saleeby, speaking recently on the subject of "The Human Mother" at the conference on infantile mortality, resumed at Caxton Hall, Westminster.

The human mother, he said, had the maternal instinct only in its essence, but of all details she was bereft. Instead she had intelligence—an immeasurably greater thing—but, whilst intelligence could learn everything, it had everything to learn.

The mother cat not merely had a far less helpless infant to succour, Dr. Saleeby went on, but she had a far superior instinctive equipment. She knew the best food for her kitten, and did not give it "the same as we had ourselves."

He advocated a school for mothers as a far more potent influence towards the decrease of infantile mortality than such devices as the creche and the pure milk depot.

Mrs. Edwin Grey of York said she would like men to raise their ideal of what they wanted of a wife. A man should ask his fiancee to attend a four months' course at a domestic economy school.

Commenting on a man's want of care in choosing a wife, Mrs. Carl Meyer remarked that it compared unfavorably with the care he exercised in selecting a chauffeur or a stud groom.

Just to Punish Him.

Not very long ago there lived near Halifax, Eng., an old man who always rode on a donkey to his daily work, and tethered him while he labored on the roads or wherever else he might be. It had been pretty plainly hinted to him by one of the local landowners that he was suspected of putting it in the fields to graze at other people's expense.

"Eh, squoire, Aw cudna do sich a thing, fer my donkey wean't ait" (eat) "owt bud nettles an' thistles."

One day the gentleman was riding along the road, when he saw the old fellow at work and the donkey up to its knees in one of his clover fields, feeding luxuriously.

"Halloa, John!" said he, "I understood you to say your donkey would eat nothing but nettles and thistles?"

"Aye," said John, "but he's bin misbehavin' hissen, sir. He nearly kicked me i' the chest just now, soa Aw put him theer to punish him!"

RACE UP A MOUNTAIN

The Wonderful Feat of a Gaunt Kanaka Runner.

BEAT HALF A DOZEN HORSES

It Was a Terrific Test of Endurance, and the Sturdy Hawaiian Native Won Easily, Though Two of the Competing Horses Dropped Dead.

"Did any of you ever hear of a thirty-five mile steeplechase for man and beast?" inquired a California man in a party of turf followers when stories of queer bets and long shots were going around. "Well, there was an affair of that kind down in the Hawaiian bunch in the fall of 1883, when that genial gambler, Kalakaua, was king of the islands. There were no telephones joining the islands then, and state messages and mandates were carried by the interisland steamers and delivered by Kanaka runners. These runners could gallop all day, like American Indians in retreat or on the trail, and they didn't know what getting winded or tired meant.

"Kalakaua thought a good deal of these runners of his. He maintained that they could go faster and farther than horses over the Hawaiian country. In this he was disputed by a number of the white attaches of his court. Kalakaua wagered $5,000 in gobs of $1,000 with five of them that he would pick out a runner from among the Kanakas who'd get from Hilo to the top of the burning lake of Kilauea, a distance of thirty-five miles, quicker than any horse and any rider could do the trip. They snapped the king up at even money. It looked as if they had the good end of it. The king and a big party from Honolulu sailed in one of the interisland steamers to Hilo, on the main island of Hawaii, to see the finish.

"The king picked up a huge, lithe, sinewy Kanaka, a man about thirty years old, who had been employed as a runner on the island of Maui for a number of years, to try the trick for him. Eight Kanakas made the start a-horseback, on native ponies, bred away back from western cayuses—strong, sure footed, nippy tempered little demons, thoroughly used to the bad roads and the climbing. The king and his party had gone up to the Volcano House, at the top of Kilauea, in coaches the day before to be on hand to greet the winner.

"Now, I understand that that road from Hilo up to the burning lake of Kilauea has been improved since the time I'm speaking of, but it surely was a bad trail then. It was only wide enough for one wagon, and it was a forty-five degree affair in the climb all the way up. The palms that lined the road used to get blown across the trail by the score in big windstorms, and the coach drivers counted it a part of their business to jump from their seats every time they came to these obstructions and shoulder them out of the way. This work had all been attended to carefully, however, in advance of the race by order of Kalakaua, and it looked like a pipe for the cayuses, all of which had made the run up many a time.

"Kalakaua didn't ask for any handicap allowance for his man. The runner toed the scratch with the horses, and they got off together at the crack of the gun. The horses distanced the runner from the jump, and he let them distance him. He was dressed in a G string, and he just took up a steady lope and let the cayuses get out of his sight. For ten miles the cayuses were so far above him on the trail that he couldn't even see them, but this Kanaka knew how to wait.

"The horses began to come back to the runner long before the Halfway House was reached, and the Kanaka was just galloping along at the beginning of the third hour, with the same big stride he had started in with, his arms up and shooting out in front of him like soldiers on the double time drill. There wasn't a pant in him when he fetched up at the Halfway House. He stooped down there to a spring beside the road and took a couple of mouthfuls of water. The cayuses were up ahead a bit, blowing their heads off, for they had been going at a clip that they had never been pushed to before.

"The Kanaka headed the bunch a mile beyond the Halfway House, and it was a big romp for him the rest of the distance. He took a position for the remaining seventeen miles of the journey about a city block ahead of the writhing and panting horses, and he just stuck to his lope like a man wound up. He never let 'em get nearer than a block to him for the remaining three hours of the trip, looking back at them, with a grin, once in a while. When only three miles yet remained before the Volcano House was to be reached, the Kanaka took another drink out of a spring and began to draw away. The Kanaka riders whipped and spurred their horses, but it was no good. The Kanaka runner disappeared out of their sight on the tortuous trail, and when six of the cayuses pulled up at the hotel veranda about three-quarters of an hour later the runner was sitting on the steps, fanning himself and drinking saki. Two of the horses had dropped dead in their final effort.

"The Kanaka made the thirty-five mile trip over sticks and stones on a miry road in 6 hours and 40 minutes, and he looked fit to run for his life when he got through."

To say "every one is talking about him" is a eulogy, but to say "every one is talking about her" is an elegy.—Anonymous.

HUNTING GULLS' EGGS.

Englishwoman Thinks It Fun to Be Lowered Over High Cliffs.

A visitor at a seaside resort in England recently espied on the face of a cliff 400 feet high the figure of a woman. She was seated in a kind of chair arrangement suspended by ropes from above, and she carried a pointed pole to steer herself clear of the jagged rocks, while a canvas bag was slung across her back. The air was full of gulls, evidently much disturbed by her presence, and every now and then one of them would swoop down upon her and strike at her savagely with wing or beak.

The young woman turned out to be a Miss Leslie, who lived in the neighborhood and thought it amusing to have herself lowered over the edge of precipitous cliffs in order that she might collect gulls' eggs for breakfast.

"She'll break her neck one of these fine days," the fishermen said, but Miss Leslie declared that there was no occasion for alarm.

"There is very little danger," she said, "provided you keep your head, look out for dislodged falling stones and see that the ropes are strong and that they are not cut by sharp edges of rock. It is delightful to feel oneself swinging over some lofty precipice, to peep into the cunning places in which the eggs are laid and to hear the gulls screaming around one."

When Miss Leslie has no one to help her in the egg hunts she fastens the ropes to a stake or bush and lowers herself over the cliff. She sometimes takes young birds from the nests and has found that they make interesting pets.

Switzerland Leads.

Switzerland takes the lead in the public ownership of telegraph and telephone services, having 10,548 miles of combined wires extending to all the railway stations and nearly every town and village in the country. It also has more telephones in use in proportion to the inhabitants than any other country in Europe. Great Britain has one telephone to 116 persons; Germany one to 112; France one to 301; Russia one to 2,028, and Switzerland one to 48. The Government is now going into the business of manufacturing the instruments. The yearly charge for a telephone in office or residence is $12.45, and the rates for long-distance calls are far below similar calls in Canada. An average of three long-distance calls a day, and the yearly charge of $12.45 would not bring the total for both services for a year above $24. Low charges and profits run together as the net earnings last year were $864,000 on gross receipts amounting to $3,000,000. It is instructive to note that the United States had at the close of 1907, 3,939,000 telephones in use, or one for every twenty-two inhabitants. No less than 768,340 telephones were added during 1907, and the number nearly doubled during 1906 and 1907 over that at the end of 1905.

Frank Adams, the four-year-old son of Harold S. Adams, of St. John, was killed by falling into an old quarry.

THE HERO IN BLUE.

'Tis not of arms with Virgil we sing,
Nor just of the man with the hoe;
'Tis not for the Carnegie hero we bring
Our verses with praise all aglow.

But 'tis for the hero who wears the blue—
The blue overalls, well worn;
Who wears a Coxey badge or two
And checked shirt, soiled and torn.

His hands are neither soft nor small,
His face not creamy white,
But the hero who wears the overall
You just can bet's all right.

He wears no starry diamond ring
Nor sports a stovepipe hat.
He ne'er puts on the dandy fling,
But he's the man for a' that.

Leave us our noble Coxey badge blue
And flaunt your robes of state.
We'd rather grub from dinner pails, too,
Than dine from White House plate.

C. M. B.

THE GAPES.

It is stated that 3,000,000 chicks died in 1907.

The most of the bright eyed fluffy ruffles go by the gape route.

England loses 500,000 annually by this disease, and thousands of her pheasants and quail are choked by the "branch (gape) worm."

Wet weather and sandy soil are gape worm breeders. They were first discovered in the United States in 1790, and, though various theories have been ascribed for their existence, about the only thing so far proven is that the gapes are here.

It is a double worm, the male and female being a Siamese twin. Each head has a sucker that attaches itself to the inner surface of the windpipe, sucking the blood, irritating the lining, so that, with loss of blood, constant irritation and accumulated bloody mucus, the victim soon dies of weakness and suffocation.

Sixty have been found in one pheasant, thirty-seven in a poult and thirty five in a chick. Three or four are enough to cause death, though birds three or four weeks old are little affected and adults not at all.

FIGHTING FOR LIFE.

The earthworm is stepmother to the gapeworm, just as the common hen is believed to breed within her the black head germs. In some way the gapeworm egg gets into the earthworm and develops there.

The chick swallows the earthworm and gets the gapeworm for a side dish.

Then the fight for life begins. The chick throws up its head, coughs, gaspe and after a hard struggle throws up some of the worms. It promptly eats them. The eggs in these worms are hatched in the digestive tract; the new worms fall to the ground; another chick picks them up and also gets the gapes. It's on the endless worm style.

TREATMENT.

The following remedies are good. Take your pick:

One garlic bulb chopped in feed for ten chicks, pheasants or poults. Camphor or assafoetida in one grain pills three times a day.

Ten drops turpentine to pint of drinking water. Place chicks in covered box and blow in tobacco smoke or dust slacked lime through muslin top. The chick will cough up the stupefied worms, but be careful not to smother chicks.

Loop a horsehair or trim a small wing feather except the end, dip in turpentine and twirl in windpipe. Worms will be withdrawn with hair or feather. Grease under neck with lard and turpentine, equal parts. Buy an extractor and use according to directions. Our plan of keeping chicks out of the wet and on boards for three weeks saves us from this plague. The gapes especially attack chicks and turkeys from one to four weeks old and pheasants at change of plumage just when sex can be distinguished.

DON'TS.

Don't think weasels can't get through inch wire. If there's a loophole, they won't need a lawyer to help find it.

Don't let the poultry roost in the barn. The sparrows will distribute enough lice to make the horses lively.

Don't get excited over orders and sell all your best birds. That's frenzied finance.

Don't build your poultry house without thoughtful planning. No cold air castles for Leghorns.

Don't get gay and go off for fun and let your incubators run themselves. Picnics are pleasant, but fires aren't ice cream and cake.

The Irishman.

There is a great deal of talk in Ireland about rents and purchase and dairying and grazing and about land and beasts and other inanimate and animate things, but very little talk about man, the most neglected creature that walks the earth in Ireland today.—Irish Homestead.

Old Scottish Sanctuary.

The old sanctuary of the Abbey and Palace of Holyrood House, to quote the full description, was an interesting institution. The debtor was free from arrest during the week. On entering the sanctuary he enrolled himself in a formal manner and obtained a room—that is, if he could pay for it. There was a public-house within the boundaries, and it was not uncommon to see the debtor in the inn playing dominoes and his creditors standing looking in at the window with wistful eyes. The debtor was safe, and he knew it, and the face of the creditor told the same tale. Sunday being a dies non, the debtor could leave his sanctuary and visit his family, but he had to be careful to get back to Holyrood on Sunday night. Sometimes a debtor had the temerity to leave on a week day, but he did so at his peril.—From The London Globe.

CRAWLED THREE MILES.

Wonderful Pluck of Injured Man on Mountainside In Wales.

After the terrible experience of spending two nights on the side of a mountain in the Snowdonian range, with a broken leg, a young German doctor, named Hahn, lies in a weak condition at Penygwryd Hotel.

Dr. Hahn, who hails from Berlin, left the Penygwryd Hotel, Llanberis, on a recent Sunday, saying he intended to climb one of the heights in the vicinity, but he did not inform anybody as to the place he meant to reach, nor did he engage a guide.

He did not return that night, and his absence did not attract a great deal of notice; but as he did not put in an appearance on the following day a search party was formed, and on Tuesday morning the missing man was found in a state of extreme exhaustion.

Dr. Hahn told a wonderful story of pluck and resource. "I scaled the mountain for a considerable distance," he said, "when I lost my way in a dense fog, and to make matters worse an unlucky fall on the rugged path fractured my leg. I then became unconscious—for how long I do not know—and I remained on the mountainside numb with cold and blinded by the mist.

"Some sheep drew around me curiously, and for two nights and a day they were my sole companions.

"I thought I would make an attempt somehow to descend. I had a stout stick with me, and I broke it up into three pieces. I used two of them as splints for my fractured leg, and then I began my descent. But I was like a dead weight, and was compelled to stop and rest close to a huge chasm where one of the searchers saw me waving my handkerchief.

"I had only a few bars of chocolate to sustain me during my pilgrimage."

Altogether Herr Hahn must have crawled over three miles.

Selections

HUDSON RIVER BRIDGE.

The New Structure Will Be the Eighth Wonder of the World.

The magnitude of the projected Hudson river bridge does not at first strike the unthinking person, but when it does strike it comes with a breathless, aerial significance. It will be the eighth wonder of the world, and the eyes of foreign engineers are turned to New York with expectancy.

The plans of the new structure are practically those of the original North river project. It was a long step from a 1,700 foot span, then and still the longest in the world, to over 3,000 feet, the distance to be covered between the piers on either side of the broad Hudson. To make a bridge almost double the length of the Brooklyn bridge meant building the towers nearly twice as high, and in order to allow for additional roadways and tracks the bridges of double length must be also twice as wide. Thus the proposition involved was really very much more than building a bridge with a double length span, for three dimensions had to be considered, making the entire structure nearly eight times as large as the Brooklyn bridge.

At first other engineers were loath to believe that modern materials made possible so great a bridge, but the entire profession is now agreed that the bridge is possible and practicable, and the estimates of construction cost vary between $35,000,000 and $50,000,000, depending upon the number of tracks and the carrying capacity designated. These figures do not include the cost of approaches or of right of way.

It is an astonishing fact that is contemplated, this of suspending between steel towers distant more than half a mile eight great railway tracks and four driveways," says Charles H. Cochrane in the New Broadway Magazine. As a triumph of engineering the work will have no equal. There will be four stupendous towers at the piers, each suggesting in appearance the celebrated Eiffel tower. These four towers will be about 800 feet from foundation stones to top. They will carry the eight mammoth steel cables that will curve gracefully across the noble Hudson and support the two deck steel truss bridge 140 feet wide capable of transporting 100,000 persons in one hour without undue crowding.

New Stunts of Beggars.

To be an up to date beggar requires a lot of ingenuity, and one would think that the same amount of thought along different lines would produce something more worth while. The latest scheme in New York is to stop the passerby and ask for money enough to have a prescription filled and show the paper.

"I just got out of the hospital, and the doctor told me I must take this regular," the beggar will say, and usually he wins, for no one cares to feel that he may have sent the poor devil away without the medicine required to keep him alive. There is another chap running about the city. He carries a loaf of bread on which he munches hungrily. All he asks is a nickel to get a cup of coffee to finish off his meager fare.—New York Globe.

Moving a Town In a Boat.

The transitory nature of life in Alaska is shown by an incident in Dr. F. A. Cook's account of his ascent of Mount McKinley, "To the Top of the Continent." He was in search of a town on Yentna river when "at about 10 o'clock we saw a big dory drifting down the stream. A corpulent miner, with all kinds of things, was in the boat. To our question, 'How far to Youngstown?' he answered: 'It used to be twenty miles above, but it just moved. I have the town in the dory and am taking it down the stream.'"

Leather Candy.

Leather is often heavily dressed with sugar to increase its weight. In order to show that their leather is not faked with sugar the government of the Australian commonwealth stamps leather exports with an official declaration that they contain "not more than 5 per cent of crystal sugar." Certain bales so stamped were recently held back by the custom house here as goods partly composed of sugar—i. e., confectionery—and were not released till the sugar tax had been paid upon them.—London Spectator.

Photographic Introduction.

Owing to many swindles perpetrated recently through forged and stolen letters of introduction, a card of photographic identification invented by a Pittsburg man has become popular in that city. Now when the Pittsburger's friend asks him for a letter of introduction he takes the friend to the nearest photographer and is photographed with him in an attitude of presentation. Then he writes his note on the picture. And when it is presented the recipient has no doubt as to the identity of his caller.

Autos In City Parks.

Boston has taken a whack at the automobilists, following New York's example in excluding from its parks motor cars equipped with tire chains or metal covered tires. The Metropolitan park commission of Boston has decided that the anti-skid devices on the heavy cars tear up the parkways faster than an army of men can repair them and has decreed that from now on any chauffeur operating a machine with spiked, chained or studded wheels shall be mulcted to the tune of $20.

George Swaddling was sentenced at Belleville to a year for having given a boy ten cents to steal a traveller's grip.

A CLOCK OF STARS.

Scot's Remarkable Invention to Help In Studying Astronomy.

One of the most remarkable exhibits at the Edinburgh Exhibition is that of astronomical clocks made by a Selkirk stonemason, Mr. James Scott, who constructed the wonderful mechanism to help him in his studies in astronomy. Scott is a self-taught astronomer and a mathematical genius, for though his clocks are marvels of accuracy, he knows nothing of the mathematics of the schools. The first, and also the biggest, of his three astronomical clocks occupied him for five winters ere it was completed. It was made wholly by himself, and it goes with splendid regularity, and works to a fraction of a second in a year. One of the sections, which shows the rising and setting of the moon, goes slow to the extent of only a second in five years. One wheel which regulates the movement showing the sun's eclipse takes 19 years to complete its revolution.

This clock stands eight feet high and is five feet broad at the lower part. The under part shows the revolutions of Mercury, Venus, the earth and moon round the sun, and the moon's revolutions round the earth, with the exact position of all these bodies at any moment, and also all the stars of the Zodiac visible to the naked eye. There is likewise an indicator which marks out the date from day to day. Above is the clock which regulates all the movements. In a tower above the clock are shown the rising and setting of the moon in all its phases, also its daily altitude above the earth's horizon. The tower is crowned with a globe which shows the earth's daily revolution, and explains the cause of the unequal length of day and night and the changes of the seasons. It also shows Greenwich mean time all over the globe. On the right side of the clock is shown when and where eclipses are possible, and on the left side another "dial" shows the sidereal time.

Another clock made by Mr. Scott records the movements of Jupiter and his satellities as seen through a telescope, and a third, a solar clock, shows the difference between solar and Greenwich mean time for every day of the year, and also the sun's apparent deviations in right ascension. The construction of all three clocks is a tribute to the mason-astronomer-inventor's genius, coupled with a rare patience and persistence in research and experiment. Mr. Scott was born in Midlem, near Selkirk, 59 years ago, and only after he was 37 did he discover his bent for astronomy. The extraordinary meteoric display that occurred in 1866 set him thinking about the mysteries of the heavens, and he pursued his studies practically unaided. His astronomical clocks are no less remarkable for their mechanical ingenuity than for their scientific value.

Swindlers In London.

Many American and continental detectives have arrived in London to watch the gangs of cosmopolitan thieves and swindlers who will exercise their skill and daring upon the great crowds of visitors from all over the world who are coming to the Franco-British Exhibition. These gangs are for the most part composed of the aristocrats of the criminal world, men and women dressed in the height of fashion, able to speak English, French, and German fluently, of charming manners, and well supplied with money. They will stop at the best hotels, and endeavor to prey upon their fellow guests or become acquainted with wealthy strangers in the grounds of the exhibition, and will reap a rich harvest by theft or some elaborate variation of the confidence trick. "Many of the members of these gangs are well known to us," said a French detective who will remain at Shepherd's Bush until the end of the exhibition to a newspaper representative. "They have been known to us for years, and we have been certain that they have been guilty of extensive robberies, but we have not been able to convict the majority of them. The reason is that, with their great cleverness, they choose people of position as their victims, and the deluded ones are generally unwilling to expose their credulity and too often fatuity for the amusement of the public."

The authorities of Scotland Yard have made all their arrangements, and a large number of officers will be on duty at the exhibition. Each detective will play a part, one being a guileless old country gentleman, another an assistant at a stall, and so on. When a noted crook is seen ingratiating himself with a stranger a detective in the vicinity will be keeping his eyes and ears open. An interesting innovation is the engagement of a large number of lady thief-catchers, whose special duty it will be to keep a sharp watch on members of their own sex. It is well known that many of the most expert pocket-pickers are women, and they are also adepts at recognizing the male detective, in spite of any disguise which may be assumed; but it is hoped that the female Sherlock Holmes will merge her identity more successfully.

The Lass For Him.

A Scotchman, wishing to know his fate at once, telegraphed a proposal of marriage to the lady of his choice. After spending the entire day at the telegraph office he was finally rewarded late in the evening by an affirmative answer.

"If I were you," suggested the operator when he delivered the message, "I'd think twice before I'd marry a girl that kept me waiting all day for my answer."

"Na, na," retorted the Scot. "The lass who waits for the night rates is the lass for me."

Man-of-War's Decks.

Some readers will have noticed how beautifully clean the decks of a man-of-war always seem. Early in the morning men turn out and scrub them hard, and the decks are then dried with what is called a "swab." This "swab" is made from disused rope, stranded out. The method of using it is to flog the deck vigorously, which, indeed, is no easy task.

Arthur Hunt, of Hamilton, while driving on the Mountain road, was [illegible]

AS LANDLORD AND HOST.

King Edward Is Thoughtful and Tries to Make Everybody Happy.

King Edward is a model landlord, says a writer, and when at Sandringham spends some time every day with his agent and takes an active personal interest in the estate and in the well being of the people. Most affectionate relations exist between the royal landlord and his tenants and employes. There is a cottage hospital on the estate for sick indoor and outdoor servants, and it contains pleasant nurses' quarters as well as sick wards. Each village on the estate has its club for workingmen, and in these institutions the King takes the closest interest. It is the King's custom on Sundays to walk to church, while the Queen and other ladies drive. His Majesty joins in the hymns, his deep, powerful voice being very plainly heard, and, as everyone knows, a sermon delivered before the King must not last more than 10 minutes.

The King is an ideal host, and both the Queen and himself bestow much thought on the individual tastes of their guests, and all their fads and fancies are remembered and as far as possible administered to. It is the King's habit to accompany the men guests to their room, where he will stir the fire and himself look about to see that they have all that they want.

When entertainments such as theatricals take place the King and Queen and the house party enter the ballroom in procession and sit on either side the gangway. Plain evening dress is de rigueur at Sandringham, where the frock dress is never worn. The King wears the ribbon of the Garter on festive occasions, however. At the conclusion of the entertainment the royal procession is again formed, and the way is led to the supper room, where no formality is observed. The King goes about among the guests, seeing that they are having supper and enjoying themselves. A few specially favored ones he takes up to the Queen, who chats for a minute or two with each. His Majesty is the life and soul of the party on these occasions, and nothing can exceed his amiability and good spirits.

All the cups, pieces of plate and such trophies won at races and regattas by the King are at Sandringham, and the King takes great pride in exhibiting them. Sandringham is quite a modern house, and was built by the King when Prince of Wales 37 years ago. Above the entrance is carved: "This house was built by Albert Edward, Prince of Wales, and Alexandra, his wife, in the year of our Lord 1870." It is in the modern Elizabethan style, with no particular pretensions architecturally. The grounds are well laid out, and there is a model dairy, where the Queen and Princess Victoria often take tea.

Maurice Saberman's livery at Lindsay was burned, and with it a vest in which he had $75.

Big shipments of harvesting machinery and binder twine are arriving at Fort William and Port Arthur on their way west.

MAN REPORTED DEAD VERY MUCH ALIVE

Circus Employee Who Was Said to Have Been Killed Turns Up in Peterborough.

Thos. Deakin, who was employed with Cole Bros. circus, and who was reported to have been killed near Haileybury, is at present in this city and is much alive. Deakin was with the circus here. It next visited Napanee and it was at that town that Deakin left the show. He was employed as a canvas man.

It will be remembered that last Tuesday the body of a man was found lying along the track near Haileybury. The man was unknown his body and head were so badly mangled that he could not be identified. As Deakin was not then with the circus it was thought that it was he who was killed.

He is a young fellow, short and dark. He is leaving the city to-night.

"WORK FOR THE UNEMPLOYED" THE EXAMINER'S SUGGESTION

"Weeding" in Vacant Lots Suggested as Suitable for the "Unemployed"— British Immigrants Lured to Canada on False Pretences—a Heartless Proceeding.

By way of finding employment for the unemployed, the Examiner suggests that they be put to weeding in the streets and vacant lots of the city. But this does not solve the problem. Bringing immigrants to Canada to put them to weeding in the municipal garden at charity wages is a fair sample of the wild-eyed idea of government Liberals and Liberal journals have. Very appropriately the article in question is succeeded by one on "Green Cheese" for anything of a more congenial character it would indeed be hard to find. It may be that the Examiner thinks that the "unemployed" don't know weeds from green cheese or it may be that there is no other form of work for men and women lured to Canada by the Liberal Government at Ottawa, in order that it might make a boast and a brag of "what we are doing for Canada." But the coolie immigration to our western shores showed that it was not work for the unemployed, but the unemployed for work that Sir Wilfrid was aiming at. And this is the end of all this pitiless boasting. "Weeds for the unemployed." Well! There are plenty of both. What a glorious prospect! There will be more soup also for next winter. The weeds might be made into soup.

RESULTS OF THE PROMOTION EXAMS. IN LOCAL COLLEGIATE

Names of Pupils Who Have Been Successful Arranged in Order of Merit—Many Will Be Pleased, Some Disappointed.

Below will be found the results of the promotion examinations in the Peterborough Collegiate Institute. names are arranged in order of merit:

FORM II. TO III.

W. Adamson, H. Smith, M. Anderson, F. Stone, H. Wallis, K. Leary, B. Read, T. Campbell, C. Moore, J. M. Garvin, H. Matthews, H. Kirn, F. Hinchliffe, W. Giles, M. Edwards, E. McNamara, C. Dean, W. Fortye, J. S. McIntyre, A. Richardson, G. Mowat, E. Pue, M. Ellis, J. Eyres, F. Mitchell, H. Torrance, M. Lyle, K. Corkery, J. Kerr, M. Young, F. Hurley, M. Adams, H. Moore, A. Edmison, E. Brown, M. Curtis, H. Hall, Gibson, M., given aegrotat standing.

Johnson, C. Doughty, M. Wood, A. Waddell, G. Potter, R. Gaskins, C. Bartlett, M. Eastwood, L. Williams, F. Pierce, A. Perks, B. Arthur.

TWO DRUNKS AROUSE SLEEPERS BY FIGHTING AT MIDNIGHT

"Now don't get fresh or I'll guzzle you and choke you black."

These and other remarks of a similar nature awakened the citizens of George street opposite Central Park about the midnight hour last night. Two men were engaged in a broil near the drinking fountain and were reeling off a choice line of talk. They were both pretty far from being eligible for a seat on the water wagon and apparently had some grievances they wanted to settle. Words led to blows and the two prowlers of the night had a lively scuffle. A gentleman who was passing, tried to separate the combatants but received a few lively jolts for his pains and he made his escape through the park. The two drunks had made him the object of a concentrated attack. Then they renewed their own little fracas only to be interrupted by a lady and gentleman who came along. They also attempted to bring about an armistice but the two scrappers set upon them and gave them a ducking at the fountain. After that they had no desire to do any more missionary work.

Bye and bye the drunks ceased fighting and proceeded north along the street.

MISS ELLIOTT OF THIS CITY WAS ON BOARD TRAIN THAT WAS WRECKED NEAR BEETON

Miss Tena Elliott, daughter of Mr. John Elliott, 93 Aylmer street, was one of those who were in the C.P.R. wreck near Beeton on Saturday night when the cars ran off the track and went over an embankment to the ground twenty feet below.

She escaped without injury, however, and this morning her mother received a telegram stating that she had arrived in Winnipeg. She is on her way to Brandon, Manitoba, to visit her brother, Mr. W. G. Elliott. Mrs. Elliott informed a Review reporter to-day that her daughter had written to her after the wreck had occurred and told of the cars going over the embankment. At the time 11.20 at night, she was asleep in her berth. The cars toppled over with a crash and everything in them slid towards the end that was tilted downward. Miss Elliott doesn't speak of anybody in the coach she occupied being seriously hurt.

When he heard of the accident Mr. Charles Elliott, her brother, who is a C.P.R. brakeman, immediately left Toronto Junction, where he was at the time, and departed for the scene of the accident. He saw his sister off on the train that was made up immediately after the wreck and which pulled out at three o'clock Sunday morning.

Miss Elliott said the railway officials did everything in their power towards alleviating the sufferings of those who were injured and a relief train was sent out and their wants looked after by physicians. When the cars went over the embankment Miss Elliott lost her watch, which was afterwards found and handed to her by the conductor.

Dr. S. P. Rose, of the Broadway Methodist Church, Winnipeg, and at one time of St. James' church, Montreal, has accepted a call to the Sherbourne Street church, Toronto.

"GRAND STAND 5c! LADIES FREE"

This notice, or hold-up (as it has been termed by some) at last Saturday's game has occasioned the Peterborough baseball team to some severe and undeserved remarks.

This charge of 5 cents to gentlemen for the covered grand stand was not made by the ball team, but by the owners of the grounds, who believed it to be a fair and reasonable charge for the accommodation it affords, when other stands with similar accommodations are receiving 10 to 15 cents extra.

The Riverside Park so far as business proposition is concerned has been a losing venture to those interested ever since it was taken hold of by them, and they surely cannot be criticised very severely if they deem it necessary to place a small charge on the grand stand to assist in endeavoring to have the receipts come a little closer to balancing the expenses than in the past. The park owners are not raising any squeal after investing a large amount of money in the park, now find a yearly deficit of several hundreds of dollars without adding anything for interest on the amount invested, and feel that an explanation only is necessary to place both the ball teams and themselves in the proper light before the athletic public. In any event the park owners assume any and all responsibility in connection with the matter of the charge that has been made.

Truman Dunn and B. N. Simpson were fined $23 each at Campbellford for having fish out of season.

CHARITY BOARD PASSED ACCOUNTS

Regular Meeting was Held Last Night.

At a meeting of the Charity Board last night, at which the chairman, Mayor Rush, presided, the following accounts were passed:

A. Allinson	$4.00
R. C. Braund	8.00
J. T. Braund	6.00
Jas. R. Bell	5.00
C. B. Curran	8.00
M. J. Dunford	6.00
J. T. Donoghue	8.00
Geo. Goneen	12.00
A. Graham	6.00
M. H. Halpin	9.00
R. Hicks & Co.	3.75
R. H. Hunter	5.00
E. F. Mason & Co.	7.00
T. B. Maniece	8.00
B. McGill	2.00
A. McDonald estate	104.00
A. McDonald estate	12.50
Peterborough Lumber Co.	118.00
Peterborough Lumber Co.	30.00
N. Routly	9.50
W. W. Routly	8.00
D. Sullivan	6.00
W. A. Anderson	$33.00

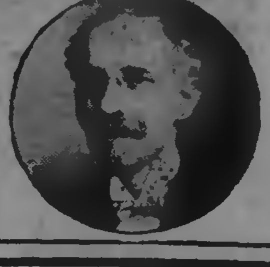
Several other matters were dealt with.

Miss Schmidt has resigned as librarian of Berlin public library.

An unknown Norwegian sailor was killed on the C.P.R. at Montreal.

Hamilton now proposes to erect a consumption hospital on Copeland avenue.

DRINK JOHNS' TEA



PETERBORO' CITIZENS BELIEVE

That their Eyes are worthy of the best Lenses, supplied by Optical Specialists of the most extensive study and widest experience. J. W. BROWETT, Ref. D., M.O., Dr. of Optics, of Philadelphia, has had over twenty years experience in examination of eyes for Glasses, and the fitting of Artifical Eyes. Is graduate of two Optical Colleges in Canada and five Optical Colleges in the United States. Wherever this Specialist has taught opticians during the past fifteen years, hundreds of persons have taken the opportunity to know if they needed Glasses, or if those they had were suitable.

WILL APPEAR FOR TRIAL ON JULY 23RD

The Four Alleged Pickpockets Will Come Before Judge Weller on That Day.

The alleged pickpockets, Harry Hamilton, Edward Graney, George Williams and Joseph Adams, who were committed for trial at the Police Court on Saturday afternoon, came before his Honor Judge Weller, yesterday afternoon. Mr. G. N. Gordon appeared for them and Mr. R. E. Wood was present for the Crown. A date was fixed for the trial of these men and after some discussion, Thursday, July 23rd was finally decided upon. The accused quartette will have to remain in gaol until that time.

Among the worlds' best things to drink is "Salada" Tea. Its purity, flavor and deliciousness stand unrivalled.

ANSWERS TO CORRESPONDENTS.

Millie;—I am not long out from England. I was only here a week when a clerk in a linen draper's shop, I think it is, asked to go with me. I didn't say anything, but he comes and takes me out walking betimes. But I see him with other girls. Please tell me if he has a right to do so. He has often told me that I was the only girl he ever loved and I am an orphan and I hope he is not deceiving me. Will you please give me your advice, sir, as I was advised to write to The Review? I love him and would not do anything to hurt him but I do not know if he really cares for me. What should I do? Please answer.

Answer; — We are at a loss to give you advice in this affair. We do not like his "going with" other girls, and as for the "only girl he ever loved" part of it, we do not care to express our candid opinion. Do not allow him to compromise you and if you think he is just "out for a good time," let him go, for a good match might shy off under the circumstances, and leave you high and dry. Our advice to young girls, especially orphans and strangers would be that no man young or old should be allowed to maul them about and play rag with them as we often see them do. Girls must shoulder some of their own responsibilities, and this is one of them. We should be glad to hear from others more able to give advice than we are for the bnefit of just such a class of girls as Millie.

Belleville citizens banqueted Col. M. J. Hendrick, U.S. consul, who has been removed to Moncton.

Cook's Cotton Root Compound.

VOL. LVII. No. 1. PETERBOROUGH, ONT., CANADA, THURSDAY, JULY 2, 1908 TEN CENTS PER WEEK

DOMINION DAY CELEBRATED ROYALLY IN OLD LONDON

Brilliant Function at Which Distinguished Men Pay Tribute to Country's Prosperity—Happy Speech by Lord Strathcona.

London, July 2.—(C. A. P.)—The Dominion Day dinner held at the Franco-British Exhibition was a brilliant function. The guests included the Duke of Argyll, Lord Dudley, Lord Alverstone, Lord Balfour of Burleigh, Lord Blyth, Lord Lichfield, Lord Fitzmaurice, Lord Aldenham and the Lord Advocate of Scotland.

The Palace of Music, where the banquet was held, was crowded with an enthusiastic and loyal gathering of Canadians and friends of Canada. Lord Strathcona's happy speech included a reference to the tercentenary, he remarking that Canada was permanent.

The Franco-British Exhibition was of a peculiarly happy character. It was an object lesson to South Africa, he observed, and he hinted at a possible closer relationship between the West Indies and Canada.

He pointed out that the influx of United States spoke very well for the Dominion, and paid tributes to the late Lord Derby, to Earl Grey, and to the Duke of Argyll, which were loudly cheered.

In conclusion he expressed the belief that Canada's development in the next decade would be far beyond all present hopes.

The Duke of Argyll, in responding, anticipated Lord Strathcona's acceptance of the presidency of the exhibition, vice Lord Derby, and paid Lord Strathcona a high compliment as representing the Dominion on the Canadian section of the exhibition. With happy allusion he pointed out Canada's spaciousness and its cereal-producing capacity, which would astonish those present before their hair grew grey.

In response to the toast of "The Guests," proposed by Hon. T. C. Casgrain, K.C., Lord Dudley made a genial speech. Lord Alverstone remarked that England could learn a lesson in loyalty from Canada, while the Lord Advocate of Scotland, in a humorous oration, spoke a word for the Scotsmen as pioneers of the Empire.

Sir W. R. Perk and Lord Fitzmaurice referred to Canada's appearance as a comity of nations as an historic event. A noteworthy feature was the warmth of the reception of the toast to Strathcona's health.

The dinner was one of the most successful Dominion Day functions yet held, as was the reception subsequently given by Lady Strathcona at the Imperial Sports Club.

MOST SUCCESSFUL PICNIC EVER HELD BY THE T.A.S.

Over 3,000 People Took in the Event at T.A.S. Park Yesterday—Ideal Weather—Exciting and Closely Contested Races.

The most successful picnic ever held, was the opinion of most people who attended the annual event of St. Peter's T.A.S. held at T.A.S. Point on the Otonabee river. Fully over 3000 persons were in attendance and all seemed to have had an enjoyable day.

The day was delightfully warm, but the heat was forgotten in the beautiful cool park. It contains a ten acre field of level ground suitable for sports. There is also a pretty grove, making the whole an ideal place for a picnic.

The pleasure grounds were reached by boat, some going down in their own canoes and skiffs but most of the people went down on the steamers. The "Rainbow" with barge made several trips and for part of the day the "Bessie Butler," with barge, also took large crowds to the picnic. A number of persons also drove down.

It must have been a source of gratitude to the committee who worked so hard to see that their plans had been crowned with such grand weather, thus tending to the success of the event. The showers promised on Tuesday did not strike Peterborough, and nothing happened to mar the pleasure of the day.

The T.A.S., holding their annual picnic as they did yesterday, affords the members and their families and friends to spend the day together in enjoyment.

At the grounds the picnickers spent the day in many different ways. Some engaged in a canoe ride on the calm waters of the Otonabee, some took part in the sporting events, while others enjoyed a dance in the pavilion, temporarily erected for the occasion. Music was provided by the old-time fiddle and organ.

An outfit for playing box ball was on the grounds and was largely patronized. A large refreshment booth, where soft drinks, ice cream, and all other delicacies could be had, was at all times during the day kept busy.

Many of the picknickers took their baskets with them and had dinner and tea in true picnic fashion, but for those who did not excellent meals were provided by the ladies of the Sodality of St. Peter's church.

T.A.S. WON.

A baseball match in the morning between the Wellingtons and the T.A.S. resulted in a win for the latter by the score of 8—6. The T.A.S. nine this win the Hall trophy. add tas pinice

WINONA WON RACE.

The different sporting events were pulled off very successfully. They were keenly contested, there being a large number of entries in each one.

The yacht race was probably the most interesting. Mr. A. A. Hollingshead's speedy boat White Cap no doubt would have won had it not met with an accident. Mr. Claude Rogers's boat, Winona, was first the time being 18 minutes. Flat II., Mr. Ackerman's boat was second, the time being 20 min., 6 secs.

RUNNING RACES.

100 yards, open—Geo. Gauthier, 2, J. Jones.

100 yards, T.A.S. only—G. Gauthier, 2, L. LeBar.

220 yards, open—Bert Stock, 2, Geo. Gauthier.

Married men over 45 years, T.A.S.—Geo. Ahearn, 2, Maurice Meade.

Married men T.A.S.—Geo. Gauthier, 2, L. LeBar.

Fat men's race—M. Meade, 2, Geo. Ahearn.

Farmer's race,—J. Conroy, 2, P. Johnston.

Smoking race—J. Denne, 2, W. Heffernan.

Committee race—L. LeBar, 2, G. Goshier.

Consolation race—O'Rourke, 2, J. Tierney.

Girls' race, 16 years and under—Annie Kelley, 2, Mary May.

Girls race, 12 years and under—E. Hamlin, 2, A. Kennealey.

Girls' race, 10 years and under—M. Allen, 2, I. Mahoney.

Girls' race, 6 years and under—G. Gorman, 2, N. McMahon.

Ladies' race—M. Grady, 2, M. Wolfe

Married women's race—Mrs. Jones, 2, Mrs. Cahoon.

Boys' race, 16 years and under—V. O'Connell, 2, V. Hamblin.

Boys, 10 years and under—R. Sullivan, 2, L. Montgomery.

Boys, 8 years and under — M. Murty, 2, Geo. Bain.

JUMPING EVENTS.

Standing broad jump — E. J. McDonnell, 2, W. Heffernan.

Running broad jump—Alex Gordon, 2, E. J. McDonnell.

Three standing jumps, A. Gordon, 2, E. J. McDonnell.

Hop, step and jump—A. Gordon, E. J. McDonnell.

Standing high jump — W. Purdue, 2, E. J. McDonnell.

Running high jump — J. Crough, 2, E. J. McDonnell.

Putting shot—S. Caniff, 2, Jas Murphy.

AQUATIC RACES.

Single canoe race, — Bert Stock, 2, C. Dummett.

Double canoe, mixed—Bert Stock & O. Haskill, 2, Percy Stock and L. Haskill.

Double canoe, gentlemen.— Bert & Percy Stock, 2, Jas. Martin & Dave Hatton.

MISCELLANEOUS

Quoit match — Alex O'Brien, 2, J. Deanard.

Clog dance — D. Quinlan, 2, J. Jordan.

Irish Jig — J. Quinlan and J. Jordan, 2, J. McCleggot and D. Quinlan.

TELEGRAPHIC DESPATCHES TELL OF DISASTERS TODAY

A Hundred Reported Killed in Mine Explosion in Russia Railway Wreck in Missouri.

Special to The Review.

Sedalia, Mo. — Two Missouri Pacific passenger trains met in head-on collision near Knobnoster this morning. Six or seven persons are reported as killed and a large number injured.

Yusovka, Russia, July 2nd. — Last evening a violent explosion of gas occurred in the Rikovskt mine, in which 555 miners were at work. A hundred are reported to have been killed.

Pittsburg, July 2nd. — Four persons were seriously injured and two dwelling houses were partially wrecked early to-day when a charge of dynamite was exploded at the home of George Devotia, a wealthy Italian, living at Lakeport. Several threatening letters signed by an alleged black hand organization have been received by Devotoia recently.

St. Petersburg, July 2nd. — After a day and night of the most severe fighting around Tabriz, a despatch received to-day says the revolutionists are still holding the town, but their position is extremely critical.

SECOND BOY IS MISSING

Beamsville Alarmed by Repeated Disappearances with no Known Cause.

Beamsville, July 2.—Mystery surrounds the sudden disappearance of Fritz Matge, who was employed by Rev. W. J. Andrews on a fruit farm just west of here, and who has not been seen or heard of since Wednesday evening last.

In view of the fact that no word has yet been received as to the whereabouts of Harry Lewis, the Bank of Hamilton teller, who disappeared prior to Good Friday, under similar circumstances, the community is considerably agitated.

People are now associating the two incidents with a rumor that has floated in from Grimsby, to the effect that Jim and Ed. Hand, local fishermen, discovered a deserted bicycle on the end of the Grimsby pier early in the morning of May 26, which has been held by the authorities ever since in the hope of a claimant putting in an appearance.

Though not naturally superstitious, the residents of the two villages are beginning to fear that some shadow of evil has fallen upon the community. This theory has been strengthened by a report that some Jordan fishermen very lately came across a floating body in Lake Ontario, which they endeavored to recover, but owing to the violent surges of the waves the body was wrested from their grasp, leaving nothing but a cap in their possession. The cap is said to correspond with that which Harry Lewis was supposed to have worn when last seen.

There is no apparent motive for young Lewis' running away, as his accounts with the bank were square. Nor can anyone conjecture as to why young Matge should fail to return to his home.

Both lads were about 18 years of age.

THEY LIVED LIKE CRUSOES

Bird Brings Message to British Boat and Saves Castaways.

Victoria, B.C., July 2.—While sending a farewell message fastened in a quill to an albatross's neck, one of a series of daily messages recording briefly the story of the wreck on Antipodes Island of the French bark President Felix Faure, twenty-two starving French sailors were rescued by the British warship Pegasus and brought to Sydney shortly before the sailing of the Marama, which arrived yesterday.

The castaways, who lived a Crusoe life, fashioning their utensils in the same resourceful way as the maroon of Juan Fernandez, scrambled ashore on Antipodes Island, south of New Zealand, and near where the survivors of the British bark Dundolar were rescued before, after their vessel drove ashore during March last, and at last had given up the hope of rescue when the British warship was sighted.

The men were ravenous when rescued, having been on short rations for some time. They had needles made of blades of pocket knives, dinner knives made from an iron hoop torn from a cask which had been washed from the wreck, fish-hooks from bent nails, spoons from shells, hair combs from bush thorns, etc.

Pastor Liable For $2,500.

London, Ont., July 2.—Rev. James Livingstone, retiring pastor of Wellington Street Methodist Church, by way of winding up his pastorate in London, appeared at the city clerk's office with 52 marriage licenses which he had neglected to turn in. He appeared unconscious of the fact that the law imposes a penalty of $50 for every case of a marriage not reported within the month. Two of the 52 were within the law, but the aggregate penalties on the others amount to $2,500 for which even Rev. Mr. Livingstone is liable. It is not known whether any action will be taken.

THE BOMBS COME NEXT THREATS OF A SUFFRAGIST

Has Been Arrested for Breaking Windows in the Home of Premier Asquith—Woman Was Sentenced to Three Months Imprisonment.

London, July 2.—The extraordinary demonstration Tuesday night before the House of Parliament made by the women suffragists in their effort to secure votes for themselves had a rather startling sequel yesterday when one of the women, Mary Leigh, arrested for breaking windows in the house of Premier Asquith, declared in the Bow street police court that "The next time we come out you can expect bombs."

This radical statement has had the effect of drawing a greater degree of attention to the suffragist movement in England, and as a result the police will henceforth have to handle the women demonstrators with less of good humored tolerance and more severity.

This threat by Mary Leigh, which was a repetition of what she said at the time she was taken into custody, is really the sensation of the last demonstration, for the much heralded attack on the House of Commons on Tuesday night was a comparative failure.

Mary Leigh and her companion were sentenced to serve three months at hard labor without the option of a fine.

Twenty-seven out of the twenty-nine who were arrested were charged with obstructing the police.

Those against whom previous convictions had been entered were ordered to pay a fine or spend three months in prison. First offenders were required to give security not to repeat the offence, in default of which they were sentenced to one month imprisonment. A majority of the women elected to go to jail and serve time.

The suffragist demonstration for today has been postponed, as the annual outing of the London police is fixed for that date.

YANKEE TUG HAS ESCAPED

Canadian Officials Let Alleged Poaching Craft Slip Through Fingers.

Alpena, Mich., July 2.—The fishing tug R. T. Roy of this city, which was seized last Thursday by Canadian Fisheries Officer E. S. Duncan of Filton, Ont., while alleged to be fishing in Canadian waters, arrived here yesterday after a thrilling escape from the Canadian officials.

The tug, after the seizure, was first taken to South Bay, Manitoulin Island, and the crew there placed under arrest. Monday, Officer Duncan started for Sault Ste. Marie, Ont., with the tug Endress towing the Roy. Late that night the Roy went aground on Fox Island reef. The Canadians could not release her with the Endress, and left for Filton to secure a larger tug.

Capt. George Whitten and the American crew of the Roy immediately went to work shifting the ballast, succeeded in working the tug off the reef and started for American waters, arriving here yesterday, after a stop at Detour for coal and supplies.

Capt. Whitten denies that he was fishing in Canadian waters. Officer Duncan left all of his papers and effects on the Roy and they are now in charge of the customs officers here.

Bridge Collapsed.

Strathroy, July 2.—By the collapse of a bridge in Lobo Township Tuesday, three men were injured, one seriously, and damage to the extent of $700 was done to a threshing engine belonging to Barnes Bros. of Fernhill. The engine was being taken to Fernhill in charge of Garfield Smith, Wm. Barnes and Albert Brooks. As the engine entered upon the bridge there was a sudden crackling noise and the front of the engine plunged downward. The bridge is about 15 feet above the stream, and, in falling, the engine turned a compete somersault. The three men were carried down with it.

Smith and Barnes received bad bruises about the shoulders, head and arms, but it was found that Brooks had suffered most severely, as in addition to bruises and a bad shaking-up his spine was injured in the fall.

Paper Pays Damages.

Edmonton, July 2.—Justice Stuart gave judgment for $75 and costs to plaintiffs in a $5,000 action for libel brought by ex-Chief of Police Patterson of Strathcona against The Edmonton Bulletin. The Bulletin reported an interview with Constable Harris in which the latter alleged that Patterson was drunk on duty and took money from people wishing to avoid prosecution.

Await Canadian Prospectuses.

London, July 2.—(C.A.P.)—Among the early prospectuses anticipated in London are those of Calgary's £1,200,000 debentures, the Western Canada Flour Mills and the Central Railway bonds. The last named have long been expected.

Revolutionists Repulsed.

El Paso, Tex., July 2.—Revolutionists Tuesday attacked the Mexican post at Palomas, Chihuahua, 100 miles west of El Paso, and were repulsed after a battle with the garrison.

Bank Clerk Drowned.

Ottawa, July 2.—Wm. A. Green of Dartmouth, N.S., aged 21, teller in the Union Bank here, was drowned in Lake Deschene yesterday.

Green was one of a party of six who had sailed across the lake, and were returning to Aylmer. In the boat were the owner, Mr. Laidlaw, Mrs. Laidlaw, their two sons and Miss Brewder, all of Ottawa. The wind was blowing freshly from the southwest, and a choppy sea was on. The boat was running fine and Green, who was at the tiller, was standing on the poop when the mainsail jibed. The main boom knocked him overboard, and his feet being entangled in the sheets, he was doubless half suffocated before disengaging himself.

Ballantyne Buried.

Stratford, July 2.—The remains of the late Hon. Thomas Ballantyne were laid to rest at Avondale cemetery yesterday afternoon. The cortege, which left the home of Thomas Ballantyne, Jr., was one of the largest ever seen in Stratford, many people from out of the city being present to pay the last tribute of respect to an honored gentleman.

The funeral service was conducted by the three Presbyterian ministers of the city, Revs. Martin, Thompson and Hamilton. The pall-bearers were the seven sons of the deceased.

DROPPED WITH A PARACHUTE

Thousands Watch Robert Leech Take a Drop into Niagara for $150.

Niagara Falls, N.Y., July 2.—Robert Leech of Chippewa, Ont., jumped off the north railing of the upper steel arch bridge at 1 o'clock yesterday afternoon into the Niagara river, 200 feet below. The descent took 8 seconds, and Leech was picked up in the stream by waiting rowboats without injury.

The daring feat was performed in the presence of 3,000 people, who lined the banks of the river in the vicinity of the bridge, about 1,000 feet below the American Falls. Leech had constructed a parachute for the jump, and the apparatus worked perfectly. A high wind was blowing from the east when Leech walked on the bridge from the Canadian side, accompanied by Harry Williams, proprietor of the Lafayette Hotel.

Some of the old boatmen along the river said that about twenty years ago a man jumped off the bridge without either a parachute or a life-preserver and was able to swim out. That was before the outlet of the Power Co. discharged its mighty flow at this point. Leech said afterward that the parachute worked just as he expected it would, and that the jump was easy.

The jump netted Leech $150.

Forty Men Killed In Battle.

St. Petersburg, July 2.—The fighting which took place at Tabriz, Persia, Tuesday, according to reports that have just come to hand via Baku, approached the dimensions of a real battle. Forty men are reported killed and many more wounded. The exact casualties, however, are not given.

Horsemen under Rachin Khan took part in the fighting. They entered the town to support the Shah. A detachment of 350 revolutionary volunteers, which started for Teheran to dethrone the Shah, returned to Tabriz after going forty miles. The United States consul at Tabriz, W. F. Doty, has demanded protection for the Persian personal of the consulate from the Russian consul-general.

The inhabitants of Tabriz are panic-stricken. Only few men venture abroad on the streets.

Dyking the Canal.

Cornwall, July 2.—The huge dyke around the break in the Cornwall Canal is growing every hour. It is 480 feet long, 20 feet thick and about 20 feet from its bed in the canal bottom to the top. It is built of huge timbers, securely bolted together and filled in with stone. The face of it will be finished with matched lumber. This dyke will be finished ere the end of the week, and the moment it is the water will be turned in and the waiting dredges set to work to finish the excavation of the channel, on which several scores of teams with scrapers are now at work.

On the whole it looks as if the canal could be opened on July 10, unless bad weather intervenes.

Tried to Wreck Lehigh.

Buffalo, July 2.—Two heavy charges of dynamite, exploded by a time fuse, under the Lehigh viaduct at Selkirk and Perry streets early yesterday, blew two heavy iron girders out of place, twisted the rails above and shattered the ties for many feet.

The viaduct was but recently completed by McClintock and Marshall, a firm which maintains the openshop principle, and who have had several bridges wrecked by dynamite during the past year.

Two Hundred Men Poisoned.

Saigon, Cochin China, July 2.—Two hundred soldiers belonging to the French colonial infantry were seized with a sudden nausea in the barracks here yesterday.

The unexpected illness cannot be accounted for, and it is believed the men are the victims of an attempt at wholesale poisoning.

Orchard Will Live.

Boise, Idaho, July 2.—The state board of pardons yesterday commuted the sentence of Harry Orchard, who was under sentence to hang next Friday, for the murder of former Governor Frank Steunenburg to imprisonment for life.

Fines Amounted to $44,000.

New York, July 2.—Twenty-two members of the Manila and Fibre Paper Manufacturers' Association, who were fined $2,000 each recently for operating a combine in restraint of trade, paid their fines to the United States Circuit Court yesterday. The other two companies are expected to pay theirs in a few days.

Deaf Mute Injured.

Hamilton, July 2.—James O'Neill, 106 North Ferguson avenue, a deaf mute, was struck by a radial car yesterday afternoon and was seriously injured. He was standing on the platform at Elsinore when the car struck and he was shoved along the track for a considerable distance. Fortunately the fender prevented him from rolling under the car and he escaped with a torn arm, a scalp wound and many cuts and bruises.

Decrease In British Revenue.

London, July 2.—The treasury returns of the revenue of the United Kingdom for the first quarter of the financial year ending yesterday show a decrease of $11,666,940 compared with the corresponding period of 1907.

Peary Starts on Monday.

New York, July 2.—Commander Robert E. Peary's steamer Roosevelt, in which the Arctic explorer will make his next trip in search of the north pole, will leave New York on Monday.

MYSTERIOUS MURDER OF A PHILADELPHIA PHYSICIAN

Startling Revelations Promised by the Police—Doctor Said to be Slain as a Result of Unsuccessful Operation—Murderer Destroyed all Records.

Philadelphia, July 2.—Hunted down by a man who wished to avenge himself for the death of his wife, upon whom the doctor had operated, Dr. William H. Wilson of this city was murdered on Friday evening last. His death was encompassed by means of a bottle of poisoned ale, purporting to be a sample sent by a brewing company.

The police are on the trail of the murderer, and refuse to divulge any names, but startling revelations are promised as a result of the case.

The bottle of ale came by express to Dr. Wilson, and on the same day there arrived a typewritten letter from a brewery inviting him to try the beverage. He drank it and was immediately seized with convulsions and fell to the floor in the agonies of poisoning. He immediately recognized that he was the victim of a plot, it is said, for in the agonies of his convulsions he asked his wife to put the remainder of the ale by to be tested. This was the last he said. He died on the way to the hospital.

The murderer, it is believed, is the husband of a woman who died on the operating table under Dr. Wilson's hand some time ago. The man has gone cunningly and carefully to work to cover up every trace of his identity, and those of the woman and family involved.

Dr. Wilson had practiced in Philadelphia for years, and was a specialist on women's cases. It now develops that he was practicing without a license, and his clientele lay among some of the wealthiest families in Philadelphia and New York. He operated in the winter at his home at 810 North Seventh street, and in the summer at his bungalow on the Delaware river. Splendid equipages with crests, were continually driving up to his office, and exquisitely-dressed women went in and out.

Despite the fact that in his practice he had never registered either a birth or a death he always kept a careful private record of his cases.

Here the murderer showed his cunning, and as soon as possible he entered the bungalow and destroyed the private record. Papers, appliances and furniture were scattered everywhere. None of the fine bric-a-brac was taken, and everything points to the rummaging having been the work of the murderer or his accomplices searching for the doctor's private papers on some case or other.

Frank Paul, the coroner's detective, left for New York Tuesday on what is considered an important clue, and the murderer, it is thought, is either there or has sailed for Europe.

Dr. Wilson has always been a mystery to his neighbors. There was no doctor's shingle on his house. On his doorbell was the inscription "Branch medical," and which always excited comment. At the bungalow a fast launch and an automobile always stood ready for emergency calls. His prescriptions were often turned back by druggists because of their dangerous character.

Suspicion points to a wealthy business man and member of a well-known Philadelphia family, whose wife died some time ago. The plot was to include not only Wilson but also his wife and child.

Fighting In Persia.

London, July 2.—The situation at Tabriz, Persia, continues to be very serious. Private despatches received here yesterday say that the people have erected barricades in the streets and the fighting is going on night and day. Tabriz and the entire province of Azerbaijan are strongholds of the revolutionists, and the arrival there Tuesday of troops to strengthen the forces of the Shah has increased the danger of the situation. The entry of the troops to the city is opposed by the revolutionary forces. All the bazaars have been closed, and there has been some looting of the residences of delegates to the assembly and business houses.

Increasing cause for alarm is found in the fact that Tabriz is surrounded by Rachin Khan and his horsemen. They are supporters of the Shah and utterly without discipline. Should these riders be turned loose on the city the lives of even the foreigners there would be in danger.

Stoned the Police.

Stockholm, July 2.—At the meeting of dock laborers who are on strike, held in the Union House Tuesday evening to demonstrate against the importation by the Wilson line of 400 English blacklegs, the crowd in the streets stopped tramways and stoned police who endeavored to maintain order, finally setting fire to a warehouse and causing damage to the extent of two million kronen.

The dock strikes are general in all Swedish ports and foreign blacklegs are being imported.

Owing to the trouble in the building trades, Stockholm employers in the central unions have resolved upon a general lockout which will affect thousands in these and allied trades. Riots are feared in consequence.

$35,000 Jewelry Robbery.

Chicago, July 2.—S. C. Powell, a buyer employed by Stearn Bros. & Co., wholesale jewelers in the Columbus Memorial building, reported to the police that he either lost or was robbed of a sack containing $35,000 worth of unset diamonds.

Powell said he had purchased the diamonds a short time previously, and had entered the Columbus Memorial building with the intention of turning them over to his employers. He said he entered the elevator, but instead of getting off at the floor on which the firm is located, he rode to the fourth floor and entered a barbershop. When he went to the offices of his employers, about 15 minutes later, he discovered the diamonds had disappeared.

Parisians Fight Duel.

Paris, July 2.—A duel with swords was fought in this city yesterday between M. Jouvenal, a brother of the present editor of Matin, and a lawyer named Baudelot. M. Baudelot was wounded in the right arm. A libel case involving The Matin was being heard, when M. Baudelot slapped M. Jouvenal in the face. The latter retaliated by smashing his cane over M. Baudelot's head, and a challenge followed.

Money For Turkish Troops.

Frankfort on the Main, July 2.—A despatch from Constantinople to The Frankfurter Zeitung, announces that the Ottoman Bank has made an advance of £25,500 to the Imperial Government for the payment of the troops in the Monaster district. The troops, which have been disbanded, revolted because their pay was in arrears.

'Phone Plant For $1,000.

Edmonton, July 2.—The City Council has decided to sell the Strathcona telephone plant, owned and operated by Edmonton, to the Provincial Government for $1,000. The Government is installing the Strowger automatic telephone system in Strathcona and will have it in operation by September.

Hearst Satisfied.

New York, July 2.—The following cablegram was received yesterday from William Randolph Hearst, in regard to the result of the New York mayoralty recount:

"London, July 1.—The result is more than satisfactory to me, and I hope it will sufficiently satisfy the citizens for whom this long and arduous struggle has been carried on. I have said from the beginning that the fight was not to make me mayor, but to secure an honest count of the vote cast by the citizens. In the face of enormous and unnecessary difficulties, that count has been secured, and hereafter it will not be possible for election thieves to commit frauds in secrecy and security, behind the barrier of the law. Whatever election crime is committed, be it great or small, must be publicly accounted for. That has been accomplished and it means much for the safety of the republic.—(Signed) William Randolph Hearst."

Big Factory Burned.

Hamburg, July 2.—An enormous fire Tuesday night destroyed the factory and offices of Schats & Hubenner, in the Jenischstrasse, manufacturers of roofing felt and other tar products. Within two hours the massive brick building was burned from basement to roof and turned into a mass of ruins.

The united efforts of the Hamburg fire brigades, with all the engines and men available, succeeded in saving the adjoining buildings, among which were large coal and kindling-wood depots. The damage, which is estimated approximately at a million marks, is mostly covered by insurance.

This is the third large fire in Hammerbrooks district inside of a fortnight. The cause is not ascertainable yet.

Separate Schools For Japs.

Seattle, Wn., July 2.—Seattle Japanese have decided to withdraw their children from the public schools, because, as was alleged at a meeting of the Japanese Association of the State of Washington, held Tuesday night, the education given is not satisfactory to them. Japanese schools and Japanese instructors will be substituted for American schools and American instructors, and the Japanese interested say diplomatically that this is due to a desire to avoid a possible repetition of the San Francisco trouble. This action was taken, it is said, at the suggestion of Japanese Consul Tanaka.

Honored at Oxford.

Oxford, Eng., July 2.—Oxford University yesterday conferred a number of degrees upon prominent ecclesiastics. The Archbishop of Toronto was given the degree of honorary doctor of divinity. Two Americans, Frederic Rogers Graves (Protestant Episcopal Bishop of Shanghai) and John McKim (Protestant Episcopal Bishop of Tokio) were also given this degree.

Assessment Up.

Barrie, July 2.—The equalization report adopted by the County Council raised the equalized assessment of the County of Simcoe over $1,500,000.

Three Years For Bartlett.

San Francisco, July 2.—Walter J. Bartlett, formerly vice-president and general counsel of the Western Pacific Railway, and vice-president and general counsel of the California Safe Deposit & Trust Co., which failed in this city last November for about $9,000,000, was yesterday sentenced to the San Quentin penitentiary for ten years.

Monarchs May Meet.

St. Petersburg, July 2.—A meeting between Emperor Nicholas of Russia and the Emperor of Germany on the Baltic, an intimation of which appears in The Reich, is considered here as quite possible.

This woman says that Lydia E. Pinkham's Vegetable Compound saved her life.

Mme. Emma Chatel, Valleyfield, Belleriver, Quebec, writes to Mrs. Pinkham:

"I want to tell you that without Lydia E. Pinkham's Vegetable Compound, I would not be alive. For months I suffered with painful and irregular periods and inflammation of the feminine organs. Doctors could do nothing for me, and said I must submit to an operation as I had a tumor. One of my cousins advised me to take Lydia E. Pinkham's Vegetable Compound as it had cured her.

"I did so and now I have no pain and am entirely cured. Your remedy is deserving of great praise."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

The Daily Review

TUESDAY, JUNE 30, 1908.

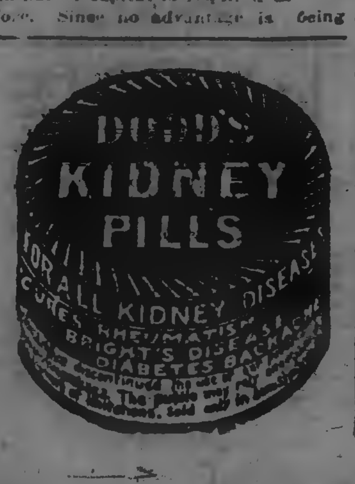
WORK AND WEEDS.

"Vancouver, June 28th. — The Tokio Emigration Co., of Yokohama recently received an order from the Canadian Nippon Supply Co., of Vancouver for two thousand Japanese laborers to be sent to Canada. The Tokio Company applied to the Japanese department of foreign affairs for the necessary permits, but the department replied that under the Lemieux agreement no more laborers were to be permitted to sail for Canada without the express consent of the Canadian Government, and the permission was therefore refused."

Yet the Liberal Press, blind to the interests of all but the speculators, anathematized the Opposition at Ottawa for protesting with might and main against the heartless introduction of Orientals into the labour-market of the west, and ultimately of the east. A more selfish and degrading policy no administration has devised. Why has Sir Wilfrid developed what in the light of our present financial condition is mere midsummer madness? "Because the contractor and financier demand it. The Canadian tax-payer may" we'll dread it and if, as has been abundantly proved, Canada has too little capital to work on, the growing demand for capital will make Canada a perfect harvest of good things for the capitalist. But while for the rich it affords an ample harvest, the poor are invited to go weeding in the streets by the Peterborough Examiner. Such is the irony of Liberal Government,

A CLEAN ELECTION.

More than three weeks have now elapsed since the date of the last Provincial elections. Beyond a few insinuations made use of to cover up defeat and its causes in the West Riding of Peterborough, we have heard nothing of a tangible character. We believe the campaign in the east riding also to have been clean as elsewhere. We are not cognizant of any wrongdoing and we invite the closest scrutiny of Conservative methods and performances. The new provincial Election Act allows of penalties being collected in the Police and Division Courts. These courts have jurisdiction in all essentials for finding out wrongdoing. Exposure is now easy if at all possible. No syndicate with unlimited capital is required as before. Since no advantage is being taken of the new Act we must conclude that our prophecy of a clean election on the part of the Conservative party has made good. If any man knows let him speak. The way of exposure or redress is cheap. We want no more political filth. The day for that has gone by. To those who got what was coming to them we say "Speak up or shut up." But there may be other reasons. We invited investigation some three weeks ago and we repeat our invitation. We ran a clean election and are old-fashioned enough to be proud of it.



DECLINE OF TRADE.

In the natural course of events following upon the firm establishment of the National Policy, Canada's trade with the outside world gradually increased. But it should have increased to a far greater extent than it did. Argentina's total trade in 1906 was $553,000,000, while Canada's was $23,000,000 less. During the ten years ending with that year Mexico's trade increased by 235 per cent. while Canada's increased by only 143 per cent. We are comparing Canada with an obscure nation. Yet even with them we find she loses by contrast. Then again, while Canada under Conservative leadership, sold more than she bought, in 1906 she bought more than she sold. With Argentina and Mexico, as with Australia and South Africa, Canada compares very badly in this respect. Where imports exceed exports there is a decrease of resources, a sure prospect of poverty, and an ultimate arrival of national disaster. It is just as in the case of private individuals. In 1903 the favorable balance of trade had ceased and the backward movement, which has ended in hard times began. Hard times in Canada are due to lack of cash, which has gone out of the country in adverse balances year after year. In 1904 the adverse balance of trade was $33,000,000, and goes on until in 1907 it was $104,000,000. We cannot prosper and be happy until we get these enormous sums back. The temporary relief of huge sums for public works is only making matters infinitely worse. When we come to pay them off the country 'will be "drier" than ever. It is all due to the old madness known as the Adam Smith idea of free trade. The general managers of the leading banks have sounded the alarm. In 5 years we have paid out $350,000,000 more than we took in. This spells ruin. It is the curse of free trade without the trade. In our next article we will show how all this could have been avoided.

EDITORIAL NOTES.

There came near being another fatality as the result of a live wire on Saturday night when Cecil Freeman a boy 12 years of age, who lives at 48 Liberty street, was shocked by a wire while climbing a tree near his home. The little fellow was thrown to the ground, one of his hands was badly burned and his shoulders was dislocated. He is in the city hospital, and the doctors say he is doing nicely.

The accident occurred between 7 and 8 o'clock. Young Freeman was climbing a big tree near Young st. to get a bird's nest and had got out on one of the branches when he slipped. There was an electric wire running through the branches, and he grabbed it for support. The part of the wire which he grabbed was exposed, the insulation being worn off, and the boy received a bad shock. It was some time before he could let go, and when he did he lost his balance and fell head first on to the ground. He was rendered unconscious and was taken to the hospital in the ambulance. It was at first feared that his injuries might prove fatal, but it was reported at the hospital to-day that the lad had regained consciousness, and was resting easily.—Hamilton Herald.

There should be an inspector of insulation. A thin layer of perishable material is all that stands between the people and death.

NEW WAY TO BE WELL

Healthfulness of Oranges.

The one lesson which most people never seem to learn is, how to guard their health.

We have been eating oranges since time immemorial, yet how many of us know that orange juice contains a medicinal principle which has a marked action on the stomach, bowels, kidneys and skin. Some physicians go so far as to say that they can cure the average case of Indigestion, Constipation, Billiousness and Dry Skin with orange juice and proper diet.

This can be easily proved to the satisfaction of any sufferer. Take the juice of one or two oranges every morning before breakfast, take one or two "Fruit-a-tives" every night at bed-time, exercise a reasonable care in diet, and the proof will be found in health.

The cure will be greatly assisted and hastened by taking "Fruit-a-tives" in conjunction with the orange juice. "Fruit-a-tives" are fruit juices in which the medicinal principle of oranges, apples, figs and prunes are many times increased by the special way in which they are combined. Then tonics are added and the whole made into tablets. "Fruit-a-tives" may be obtained at all dealers, or will be sent postpaid on receipt of price—50c a box—6 for $2.50. "Fruit-a-tives," Limited, Ottawa.

"ROD AND GUN" FOR JULY MONTH

Life Story of Champlain is one of the Leading Articles.

The eyes, not only of Canada, but of the world will be fixed during this present month upon Quebec and the Tercentenary of its establishment. The life story of Samuel de Champlain, the founder, is told in the opening article of the July number of "Rod and Gun and Motor Sports in Canada," published by W. J. Taylor, at Woodstock, Ont., and the narrative of the great explorer's life will be found entrancing reading. Of equal interest to sportsmen, if of less importance to the country, is the first story of "The Trail of the Kawasingemas," by Harry Anton Auer, author of "The North Country." Mr. Auer describes in beautiful language, the trip he took into the north country with his father and mother and tells of the joys experienced in camping and fishing far away from civilization. The story is finely illustrated from photographs taken by Mr. Auer. "In the New West" lets in some light upon the new country to be opened by the Grand Trunk Pacific and shows that new wonders await the development of some of our northern and western regions. "A Schoolboy's Search for an Ideal Vacation," is a most interesting paper—the search including a trip to the old country, life in the backwoods of Quebec, a jaunt to a fashionable watering place and the finding of the ideal in the Algonquin National Park. A paper by Dr. E. Sisley, on "The Fresh Water Trout of Canada," will interest all Canadians and may prove the source of as much controversy as Our Vanishing Deer, the Doctor giving both eastern and western fishermen something to think about. There are many other papers of interest to sportsmen and the whole number is one worthy of the high position the magazine has attained as the foremost publication of its kind in the Dominion.

THE MARKETS.

DAILY REVIEW AT STONY LAKE

Will Be Delivered to Subscribers Same Day as it is Published.

Send in Changes of Address—Take the Review with You on Your Holiday.

Arrangements have been completed whereby the Daily Review will be delivered to summer resorters at Stony Lake on the same day as it is published. The papers will reach Lakefield in time to catch the evening boat for the lakes, and will be in the hands of subscribers on the evening of the day they are published.

Subscribers of the Review who are going to the lakes or to any summer resort can have the Review follow them by notifying this office of the change in their address. Drop a card or telephone 189, giving the old and the new address and the change will be promptly made.

Persons who are not already subscribers to the Review can have the paper sent to them for thirty cents per month.

Take the Review with you on your holidays. It will keep you in touch with what is going on in the city in particular, and the outside world in general. Do not isolate yourself completely. Keep yourself posted on what is happening in the city. Get the Daily Review.

Stale Bread.

An economical use for stale bread is to cut it into thin slices, which are buttered and placed in a pie dish. Sprinkle a few well washed currants between the layers. Six eggs beaten into one quart of milk, with sugar and flavoring, nutmeg or cinnamon, are then poured over the slices. Bake for about an hour and ten minutes and send to table in the dish in which it was baked.

The Seventh Heaven.

In the Mohammedan religion there are seven heavens, each a little finer than the other, the last culminating in the "supreme glory," being full of the "divine light which it is beyond the power of speech to describe."

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.

BE BRIGHT—WELL—STRONG

BUILD UP WITH FERROZONE

Ferrozone Adds Vigor and Strength to the System, Purifies and Enriches the Blood, Vitalizes the Nerves and Assures Permanent Good Health.

Let your fight for health begin now, before you feel any warning of physical collapse.

Your whole system needs a thorough cleansing. Likewise, the blood should be purified, made rich and nutritious.

The one cure for that tired, drooping feeling is Ferrozone, the acknowledged king of all tonic medicines.

To restore your appetite you need Ferrozone, certainly you do.

You need it to restore your nerves and to enrich your depleted blood.

The strongest reason why you need Ferrozone is because it will build up your run-down system and make you well.

It's because we know Ferrozone is absolutely certain to cure that we urge everyone in poor health to use it. If depressed, tired, nervous, sleepless, Ferrozone will make you cheery, bright and happy, because it will make you well.

FERROZONE
A Good Appetizer.

MR. AUBREY B. TEMPLEMAN, of Mechias, writes: "I have found the greatest satisfaction in using Ferrozone, and consider it is the best tonic made. I was all run down a few months ago, and in a very miserable state of health. I took a few boxes of Ferrozone, and was surprised at the result. Ferrozone drove away that dull, heavy feeling, and put my system in splendid order. I am never nervous or sleepless, and have a hearty appetite. This is all due to Ferrozone, which I recommend in the strongest way possible."

FERROZONE
Gives Real Vigor.

MRS. NORMAN MACADAM, of Bridgeport, writes: "I am in good health to-day as the result of Ferrozone. Before using Ferrozone I was tired and miserable, lacked energy and ambition. But Ferrozone altered all that. It has built up my system, and given me more real vigor than I ever had before. Ferrozone is a good tonic."

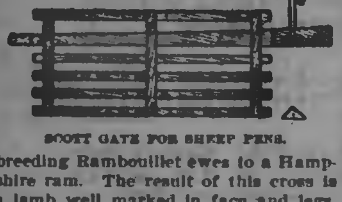
Ferrozone Makes the Weak Strong—the Sick Well

Ferrozone is sold only in 50c boxes, containing 50 Ferrozone Tablets. Six boxes for $2.50. At all dealers or by mail from N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

EARLY LAMB PRODUCTION.

One of the most interesting and profitable branches of the sheep business is the growing of winter lambs for the early spring market. This requires special care, constant vigilance and properly arranged barn and yards. But most of the work comes at a time of year when outside farming operations do not claim attention. This is no small item in its favor. Writing of his experience in this line in New England Homestead, F. G. Scott of New Hampshire says:

As to breed of ram, the Downs are preferable. The ewes may be Downs or one of the heavier wool breeds, such as Rambouillet or Dorset. I am breeding Rambouillet ewes to a Hampshire ram. The result of this cross is a lamb well marked in face and legs, broad chest and heavy quarters and a splendid fleece at maturity. Mine are western ewes, and, owing to the conditions under which they have been raised, they flock closely together in pasture and are not at all inclined to be breachy. They are heavy milkers and make good mothers.



SCOTT GATE FOR SHEEP PENS.

The hours of feeding are 7 a. m. and 4:30 p. m. In the morning the flock is admitted to the waiting yard. Next the grain is strewn in the troughs in the feed yard. For this purpose a two bushel bag is most convenient. Meanwhile the flock has collected at the gate ready for admittance. The gate is then swung up and away from the sheep, and the whole flock immediately rushes through under the gate to the feed troughs.

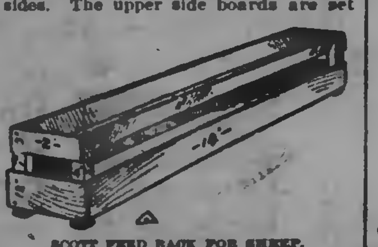
The gate is then lowered and the racks inside the barn filled with hay. By the time the sheep have finished their grain the gate is swung up again, and they quickly pass back into the barn, eager for the hay ration. One man can easily hay and grain 100 sheep in ten minutes. But best of all is the fact that by use of this gate each member of the flock gets absolutely a square deal and a square meal.

Suppose the gate to be sixteen feet long. When it is opened the sheep enter the feed yard sixteen abreast, those in front being compelled by the rush of those behind to pass on to the farther troughs. Thus the entire flock begins eating at practically the same instant. The gate's simplicity and worth at once commend it to practical sheep men.

In constructing the gate the main center piece A, in which the lever E is placed, is preferably a dry pine pole of 4 by 4 inch and should be two feet longer than length of gate desired. It rests and turns at either end upon a short piece of board nailed crosswise on two posts set in the ground, with proper space between for the pole. The lever has a small hole near the end in which an iron rod is placed with hook on end to engage a spike or bolt driven into one of the posts near the ground, so that the gate can when desired be fastened open.

The troughs in feed yard are V shaped, made of a six inch and a seven inch board nailed together and stand on legs of 2 by 4. Spikes are driven through bottom of legs into the ground to prevent shifting of troughs.

Hayracks are twenty-four inches wide, thirty inches high and fourteen feet long, with no bottom. Legs are of 2 by 4, lower board twelve inches wide, upper board nine inches wide on ends of rack and ten inches wide on sides. The upper side boards are set at an angle. This prevents waste of hay and also stiffens rack in center. Space between upper and lower boards is seven inches. Material for one of these racks consists of two side boards 10 inches by 14 feet, two end boards 9 inches by 2 feet, two ends boards 12 by 28 inches, two side boards 12 inches by 14 feet, four pieces 2 by 4 cut thirty inches on long side and twenty-one inches on short side, as shown in figure; two pieces 2 by 4 cut twenty-eight inches on long side and nineteen inches on short side. The latter are placed in middle of rack, one on each side.



SCOTT FEED RACK FOR SHEEP.

At two months old the lambs should weigh forty to forty-five pounds. Some markets like them at this weight; others prefer them heavier. They are either shipped alive, two in a crate, or neatly dressed and sewed up in muslin and burlap. If properly marketed such lambs should return a good profit to the grower.

English Sheep Fattening.

Some English farmers fatten their sheep on grass alone, but the large majority feed some concentrate in addition, cottonseed or linseed cake being generally used. Some good feeders use a small amount of bran in connection with it, while others feed equal parts of cottonseed and linseed cake. The amount varies from three-fourths to one and a fourth pounds per head per day.

Wood's Phosphodine, The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

Easily Remedied.

Said a maid who was quite homely:
"Oh, I really do not care!
If I board a passing street car,
Soon I would be passing fare."
—St. Louis Republic.

A Consistent Incident.

"Shall I tell in this account of the yachting trip how we hugged the shore?"

"Oh, yes; the story ought to embrace that incident."—Bohemian Magazine.

Hasty Conclusions.

I thought that she was lovely,
A thing of tender grace.
I watched her tripping lightly—
And then I saw her face!

His manner was so courtly;
His eyes with kindness shone.
Of course that was before I
Had asked him for a loan.

I loved a maiden fondly—
A maid with lots of pelf—
I asked her if she'd marry.
She said, "Go drown yourself."
—Cleveland Plain Dealer.

Like the Man.

A boy is always willing to take another boy's part when it is oranges or sponge cake or ice cream.—Somerville Journal.

As Usual.

Stella—Did she fish for compliments?

Bella—Yes, but the big ones got away.—Harper's Weekly.

A Toast.

Here's to the girls in peekaboos,
And here's to the girls in tan!
Here's to the girls in Oxford shoes!
For every girl a man!
For every man a lassie true.
This thought all others stills,
For every lass, brown eyed or blue,
A man to pay her bills.
—Detroit Free Press.

Very Sarcastic.

"Lady," said Meandering Mike, "I don't blame dat dog of yours for tryin' to bite me."

"Why not?"

"Because it shows his intelligence. De last time I came dis way I handed him a piece of pie you gave me."—Washington Star.

Coming!

Again the violets and jonquils grow,
And Maytime zephyrs once more softly sigh.
Again from feathered throats glad carols flow.
Oh, welcome, harbingers of cherry pie!
—New York Sun.

Without Soul!

"Do you enjoy hearing the robins singing joyously in the tree tops?"

"No," answered Mr. Sirius Barker, "I don't. If a human being kept practicing the same tune forever, like a robin, they'd run him out of the community."—Washington Star.

Its Origin.

Fair Eve clipped off a four foot palm,
Then trimmed and rolled it flat.
"What's that?" asked Adam at her side.
"I'm making myself," fair Eve replied,
"A 'Merry Widow' hat."
—Smart Set.

Far From Funny.

The Bachelor—The whole country seems to consider the "Merry Widow" hat a joke.

The Benedict (gloomily)—I don't. I just settled a bill for $21 for the "Merry Widow" my wife wears.—Detroit Tribune.

The Orator's Unspoken Thought.

Of mighty thoughts he shows a host,
Yet these are Lilliputians
Compared to thoughts that move him most
On campaign contributions.
—Washington Star.

A Bad Precedent.

"Yes; I can let you in on the ground floor if you want a little of this stock."

"No; you can't. The last time I came in on the ground floor the whole scheme promptly tumbled into the subcellar."—Cleveland Plain Dealer.

MARKET LETTUCE.

Standard Packages For Local and General Shipping.

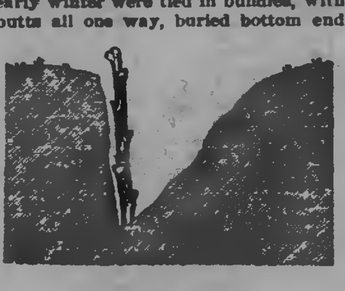
In answer to inquiries as to the best method of packing and shipping lettuce for the New York and Boston markets and growing lettuce for late fall trade Country Gentleman says:

There are various packages used for shipping lettuce to market, both to the New York and Boston markets. The standard package in the Boston local market is the bushel box, which holds about a dozen and a half heads of large lettuce. For general shipping trade, however, both in New York and Boston, the barrel is more commonly used. This holds more or less, according to the size of the lettuce heads, but commonly three dozen are considered a barrel. Formerly there was used also what was called the long box, which also held three dozen heads. About the only way to manage this matter is to communicate with your commission man or other dealer and ask his advice. Then the best plan is simply to adopt the package which he finds most satisfactory to his customers.

It would be impossible to say now whether you could grow the lettuce successfully for the late fall trade or not. This could be determined only by experience. There is a fair chance of success. The question which is the best variety would also have to be determined somewhat by experience, but probably May King or Black Seeded Tennisball would come nearest to supplying the demand. At any rate, this would be the case in the Boston market and probably also in New York. In case you are shipping to western markets you would find more satisfaction in growing Grand Rapids, but this is not accepted in the eastern markets.

Hardwood Cuttings.

Hardwood cuttings made last fall or early winter were tied in bundles, with butts all one way, buried bottom end up in a trench and covered to a depth of two to six inches with sand or mellow soil. This protected the top buds from freezing and gave the butts the benefit of the warmth of the sun in the spring to stimulate root growth.



SETTING A CUTTING.

This spring the bundles should be taken up and the cuttings set about three inches apart, with only the topmost bud or buds above the surface of the ground (see cut). The soil is then replaced and thoroughly packed. In planting, the cuttings should be exposed to light and air as little as possible.

Up Against It.

Feeding hogs economically with high priced food is what every feeder of swine is up against this season. It will not accomplish the desired result to cut down their rations or feed just enough to maintain existence. They must be fed enough to make a daily gain or there will be no profit in your winter's work. For the past ninety days we have fed with success the following rations twice each day, mixing the evening feed every morning and the morning feed each evening, thus letting it soak twelve to fourteen hours. We prefer to mix with hot water, but if not convenient we use cold water. Into a thirty-two gallon cask we put six pounds old process oilmeal, ten pounds of wheat middlings, twenty pounds of cornmeal, three pounds of salt. Mix thoroughly and fill cask full of water. This feeds forty head, average weight 100 pounds, at a cost of 1¼ cents per head per feed, or 2½ cents per head per day. Driving them over the scales each week shows a daily gain of eight to twenty ounces per pig per day. At noon we feed about 200 pounds of refuse cabbage. Would feed alfalfa at noon if we had it. Persons having milk to mix with the above ration can make a more satisfactory gain. Give swine dry beds, making them comfortable in cold weather.—S. in National Stockman.

Cotton In Arizona.

Cotton has been known in Arizona many years. Attempts to grow it commercially, however, have thus far met with economic failure, due to absence of concerted effort, inexperienced and high priced labor and the belief that with the same soil and water better returns can usually be obtained from other crops. Experiments carried on in recent years have given more definite and favorable information concerning the crop in this region. A leaflet of the state experiment station on "Cotton Growing In Arizona" presents some of this and will be useful to prospective planters. It is said that the more recent experiments point strongly toward Egyptian cotton as best adapted to Arizona conditions. The climate of the Salt and Colorado river valleys is similar to that of Egypt. Both regions are irrigated and are distinguished by the long growing season, so essential to the proper maturing of Egyptian varieties of cotton.

Onion Land.

Land that has grown any crop requiring high culture and heavy manuring and is free from weed seeds will generally grow good onions. Sometimes onions are raised on newly cleared woodland or prairie sod with great success simply by sowing the seed broadcast and harrowing it in. But this is seldom attempted.—Green.

Eleven Italians were arrested at Fernie as promoters of a black hand Society.

A Feline Firebrand.

A cat in Ireland, startled from sleep by the sudden barking of a dog, jumped on the table, overturned the lamp, was drenched with blazing oil, leaped through a window in agonized flight, ran amuck, a living torch, in the farmyard and set fire to half a dozen stacks before it could be killed. The resulting conflagration was disastrous.

The Firefly.

It is believed that the firefly secretes a peculiar substance which when oxidized by the air is consumed, giving out only luminous rays. The time may come when this substance can be made artificially.

"Mona Lisa."

"Mona Lisa" was painted by Leonardo da Vinci and is now hung in the Louvre, Paris. It is a portrait of the third wife (married 1495) of Francesco del Giocondo, whence called "La Gioconda." It was painted in 1504, the artist having had it four years in hand. Francis I. paid 4,000 gold crowns for it a few years later.

The Suez Canal.

The actual cost of the Suez canal was $120,750,000.

A Tough Sentence.

The late Bishop T. U. Dudley of Kentucky declared that he was indebted to a mountaineer of that state for the most ungrammatical sentence he ever heard. This is it, "Them there Miss Blake are three of as pretty a gal I ever see."

The Sassafras Tree.

Although fossil remains of the sassafras tree are to be found in other parts of the world, it now exists as a native only in America. It has the distinction of being the only tree to bear three kinds of leaves on the same branch. It is valued chiefly for the flavor which its roots, bark and wood give to other medicines.

"SHOW ME" PROOF

That is What Hyomei Will do in All Forms of Catarrah and Troubles of the Breathing Organs

It's not a question of Hyomei having cured someone else, but will it reach your own particular case. If its Cold in the Head, Catarrh, Bronchitis, Pneumonia, Croup or any affection of the breathing organs, W. Madill, druggist, corner of Hunter and George street, Peterborough, says yes, and will refund the money if it fails. No other preparation for the same purpose can successfully do this, because the Hyomei system of treatment is different from anything else.

You simply breathe and inhale its medication in dry air from which destroys the germ life that causes oppressed breathing, Nasal Catarrh, Throat Irritation and Lung Troubles. It brings to these suffering organs the balsam laden air they would get in the Pine and Eucalyptus forests. The air that stamps out Bronchial troubles.

The prince of entertainers Marshal P. Wilder, says:—Hyomei is easy to use, and swift to cure. It insures you pure air and kills the germ of disease. It helps the voice.

"THE BOYS OF THE OLD BRIGADE" PLAYED AS FIREMEN MARCHED

Volunteer Brigade Ceased to Exist at Midnight on Tuesday—Firemen Had a Celebration—Streets Were Crowded.

The volunteer fire brigade of Peterborough ceased to exist at midnight on Tuesday. The change from the old to the new was made the occasion of a small celebration by the old firemen and a big crowd filled the streets at the midnight hour to see the fun. The 57th band, which, by the way, was organized by the fire brigade, turned out and led the parade that started at the fire hall at midnight. Before the procession was formed the new chief, Mr. Howard, made a short speech, in which he said he had nothing but good wishes for the old firemen.

With the band leading and the firemen following along with several hundred citizens, the procession went up Aylmer street to Brock, Brock to George, to Simcoe and then then to the city hall. The band played "The Boys of the Old Brigade' as they marched along the street and sky rockets lit up the route of the parade. At the corner of George and Simcoe street the band struck up "Auld Lang Syne,' and in front of the band hall three cheers were given for the firemen and for former Chief Rutherford. Mr. Rutherford made a short speech, in which he thanked the citizens of Peterborough for the many kindnesses shown him during his 68 years as Chief. He also thanked the firemen for their loyal support.

The firemen and band then adjourned to the band hall where a short social time was spent.

OTONABEE RIVER SWARMED WITH BOATS YESTERDAY

Otonabee Boathouse Had Every Canoe and Skiff Hired Out Yesterday—a Busy Day on the River—Many New Launches Built This Season.

The Otonabee river fairly swarmed yesterday with people, who took advantage of the beautiful holiday to enjoy a few hours on the water. When the launches returned in the evening there were twenty-five lined up in front of Mr. Rye's boat house. The lower waters are becoming more and more popular each season and many new launches have been added to the flotilla of the river. There are a number of very handsome little craft and where a couple of years ago there were only three or four yachts on the river, there are now between thirty and forty.

"Silfroy,' owned by Mr. G. A. G. Goulet, is a speedy little craft. It was built by Mr. Rye and launched a couple of weeks ago.

Mr. A. A. Hollingshead has a new speed boat, the "White Cap.' Had it not been for his collision with a sunken log he would have won the launch race at the T.A.S. picnic yesterday. He was considerably ahead of the winner when the log caught the propeller of his boat and put it out of business.

Mr. Charlie Ackerman's trim little launch, "Flat 41,' was second in the race yesterday. It is one of the new boats on the river.

A great number of people went down the river in canoes and skiffs also. Mr. Rye experienced a very busy day yesterday. Every one of his skiffs and canoes was rented and many more could have been let out, had their been any for hire. Some were disappointed, but the demand for boats is so great that it is necessary to send the order in ahead of the time they want to go.

INTERESTING FACTS ABOUT PETERBORO'S FIRE BRIGADE

The Men Who Compose it—Something Concerning the System in Use—Everything on a Definite Working Basis.

PERSONNEL OF PETERBOROUGH FIRE BRIGADE

Chief W. A. Howard.

Firemen;

No. 1—Wm. Taylor.
2—S. Wainright, engineer.
3—J. A. Brumwell.
4—F. J. Burke.
5—F. Reynolds.
6—G. A. Hawes.
7—J. Weir.
8—W. J. Nelson.
9—W. J. Mulhall.
10—Richard Parnell.

The above are the names of those who compose the new fire brigade of Peterborough. The men selected as firemen by Chief Howard have been chosen with a view to getting reliable men who know the streets of Peterborough and, with two exceptions, the firemen have been born and raised in Peterborough. The brigade is now complete, the last man, R. Parnell, having come to work at 7 o'clock this morning.

In selecting his men, Chief Howard had an almost confusing number to pick from, receiving over 300 applications. As soon as the men were chosen they were sent out to learn the locations of the different fire alarm boxes in the city. Every man has also been thoroughly instructed in the fire alarm telegraph system employed in the city.

Commencing the day after to-morrow each man will have his hours of watch duty at the fire hall, day and night and will be held responsigle for the correct interpretation of telephone and other alarms of fire. At this work every man takes his regular turn.

Each man is off duty every 10th day from 2 p.m. to 7 a.m. the following day and is allowed every fourth Sunday for church. In connection with the relief day, the firemen will not be allowed it if it falls on a public holiday. Each member of the brigade will be allowed a two-weeks' annual holiday on full pay.

The schedule of meal hours has been arranged so that the men are allowed three-quarters of an hour for breakfast and an hour for dinner and supper.

Every man in the brigade must be a fireman and even the drivers must be fire fighters and all the firemen must learn to drive. It is necessary to have the men so qualified in case of emergency.

A good plan in the way of preparing the horses for calls will go into effect immediately. Every night at 8 o'clock, Sundays excepted, the horses will be turned out and will take their positions under the collars of the harness, so that they will do so more readily when an alarm is sent in.

THE FIREMEN'S QUARTERS

Everything is being done to provide comfortable accommodation for the members of the brigade. The recreation room in the upstairs of the building is being made into a dormitory and the small rooms that have been used as bedrooms will be used as dressing rooms.

Chief Howard has everything in connection with conducting of the brigade on a splendid working basis, and a definite schedule in all departments has been arranged.

SERGEANT MAJOR BRITTAIN HAS RESIGNED HIS POSITION HERE

It is understood that Sergeant-Major Brittain has resigned his position with the 57th regiment and will leave in the near future for Toronto. He has accepted the position of drill instructor of the Queen's Own Rifles, which carries with it a salary of $1,200 per year.

Sergeant Major Brittain has done excellent work with the 57th regiment and his departure will be much regretted. However, his friends will be glad to hear of his success.

It is not yet known who his successor will be. The appointment will not likely be made for some time.

CANOE WITH THREE YOUNG PEOPLE IN IT CAPSIZED

Last night at about 8.30 o'clock, a canoe in which the two daughters of Mr A. Haskill, Reid street, and Herbert Kirley, of Vancouver, B.C., a nephew of Mr. Haskill, were occupants, capsized in the Otonabee just below the locks. The three were thrown into the water, but hung on to the upturned boat, their rescue being effected by Mr. Haskill, who, with his wife, was ahead of them in another canoe.

The party were returning home from having spent the day down the river.

TREE YOUR SHOES

Are you ever bothered with your shoes falling in or getting out of shape when not in use? A shoe is harmed greatly when left standing just as you take it off—the leather is warm and pliable and falls in when left a day or so. Yes even over night, by morning it has cooled off and has become stiff, not so pliable it does not so readily take the shape of the foot, thus causing it to crack—perhaps not the first time, but it will before long and shortens materially the usefulness of it. No matter how little or how much you pay for your shoes, a pair of **Iredale Shoe Trees** will prolong their life almost a half and give comfort to the feet.

The shoe trees are made of hard wood, shaped just the same as the shoes, in all sizes and widths. They are hinged in the centre and are easily placed in the shoe and pressed down tight an operation that means only one minute of your time but means a great saving of your footwear bill. We have a large shipment of—

IREDALE SHOE TREES

The best trees on the market, sold at 75c everywhere and you will say that they are worth it—But we will introduce this line for one day only, **Saturday, July 4th**, Men's and Women's in all sizes and widths for per pair.................................... **.48**
.................................See Shoe Window Friday.................................

CITY NEWS NOTES

CHOIR PRACTICE.

St. John's choir will meet for practice at eight o'clock in the church.

AWAITING AN OWNER.

A memorandum book is awaiting an owner at the police station.

SALVATION ARMY

A full turnout of the soldiers is requested at the S.A. barracks to-night. The meeting is a most important one.

CHARLOTTE STREET CHOIR

The Charlotte street choir will practice to-morrow night instead of this evening. A large attendance is requested.

NOT CHOSEN YET

The deputy chief of the new fire brigade has not yet been chosen. Chief Howard does not yet know enough of the ability of the men to make the selection of his deputy.

AN ANOYMOUS LETTER

The Review has received a letter in connection with fire brigade matters, but as no name is signed to it, publication cannot be given. If the writer will send in his name as a guarantee of good faith the letter will be published.

STRAWBERRY FESTIVAL.

A strawberry festival will be held at the Gilmour Memorial Church this evening. A good band will be in attendance and an interesting programme is arranged. Admission, including refreshments, only 25 cents.

Come with the 57th Regiment Band and Firemen (the old brigade) to IdylWyld, Monday, July 6, Two steamers, full Military Band and good music for dancing.

See MacPherson's North Window for Bargains. Roast Pans 15c, Long Handled Dustpans 25c. We sell the New-Perfection Blue Flame Oil Stove.

The Hansard staff want to remain under control of the House.

BARGAIN DAY PAINTING

During the slack season is the time to get your carriage, cutter or waggon painted. In order to keep the hands busy we'll give reduced prices till Sept. 1st. **J. J. Shadgett**
173 Murray St. Phone Bell 443

Tenders Wanted

Tenders will be received by the undersigned until **JULY 10, 1908**, for the repairing of the present building and the erection of an addition to the Public School. Material used to be either cement blocks or red brick.

Plans and specifications may be seen at the secretary's office.

Any or the lowest tender not necessarily accepted.

The Daily Review

THURSDAY, JULY 2, 1908.

CHARGED WITH BEING INSANE

Mrs. Wallbridge Remanded by Mr. Edmison for Medical Examination--Case Tried at Norwood.

On Monday in Norwood County Magistrate Edmison remanded Mrs. Elizabeth Wallbridge, charged with being dangerously insane, until Monday next for medical examination by two doctors. The evidence of five or six witnesses was heard.

The unfortunate woman is being examined to-day by Dr. Greir, the Government physician who is called in in such cases, and will probably be examined to-morrow by Dr. Eastwood, the other physician who was appointed by Judge Edmison to conduct the examination.

Keep Cool - Keep things cool This is easily accomplised by using one of Best's best refrigerators. All prices. Better buy Best's now. Next to Post Office.

ST. ANDREW'S CHURCH

The Sacrament of the Lord's Supper will be celebrated in St. Andrew's church next Sunday, July 5th at the evening service at 7 p.m.

The preparatory service will be held on Friday, July 3rd, at 8 p.m.

Session meeting at 7.30 p.m.

During the months of July and August the Bible classes and Sunday school will be held at 10 a.m.

Robt. Stewart, of Elizabethtown, fell from a loft on to the upright handle of a sledge, breaking several ribs.

CURRIER. — On Tuesday, June 30, to Mr. and Mrs. Cyril Currier, a son.

WAITE.—At Orillia, on Thursday, June 25th, to Mr. and Mrs. A. H. Waite, a son.

The bridge at Hespeler, between the two mills of the Canada Woolen Company, fell into the river yesterday.

PAN-ANGLICAN CONFERENCE

The Pan-Anglican Conference shows in a most striking manner the world-wide extent and far-reaching influence of the English Church. When the Archbishop of Canterbury rises at the opening session of June 15, he will see around him Bishops from practically every part of the world and including two negro prelates and representatives of almost all races. There are throughout the world 249 dioceses of which number 37 are in England and Wales and 220 bishops will, it is expected, be present at the congress. The congress consists of representatives from each diocese and it is believed that 1,000 delegates will actually be present. For most of these hospitality has been found during the ten days of the congress, while a few will provide for themselves. At a thanksgiving service at St. Paul's on June 24, the gifts collected for that occasion in every diocese will be presented. One after another the Bishops will advance to the altar bringing their diocesan gift. It is hoped this gigantic world-wide collection will reach a million sterling. Some of it will be "ear-marked," and appropriated for special work, but all will be for the work of the Church. A "living thankoffering" will also be made, "i.e., of men and women who consecrate themselves to the same work, probably to go to the mission fields abroad. — The British Weekly.

WEDDING BELLS

HARRON—WOOD

A very pretty wedding was celebrated at their new home on Ross St., Ashburnham last evening at 8 o'clock when Andrew Harron and Miss Lina Wood were united in the bonds of matrimony. The invitations were limited to the immediate relatives of the contracting parties. The ceremony was performed by Rev. A. E. Steuernagel, pastor of Bethany Tabernacle. The bride was assisted by her sister Miss Florence Wood, while the groom was ably supported by Mr. Mickos. The happy couple will at once take up house-keeping in their new home on Ross St.

PICKARD CHINA

Entire Studio Line to be Exhibited for the First Time in Peterboro.

Do you know that America now excels Europe in the art of painting china by hand? If you will drop into the store of Alex Gibson, jeweller, on Friday or Saturday of this week, you can verify this statement with your own eyes.

The major portion of this store will be completely filled up with an exhibit from the Pickard Studios of Chicago.

The beautiful shapes, pleasing decorations, brilliant colouring and diversified style of handling, together with the rich gold work, all combine to give Pickard's hand-painted china that exclusive merit so much appreciated by people of taste and refinement. Nothing tells the story so well as the china itself. It must be seen to be appreciated.

If you wish a piece painted to order for that fall wedding or Christmas present, Mr. Gibson will pay the duty and freight. A small deposit required when you place your order. The entire studio line of this beautiful ware will be on exhibit for two days only, Friday and Saturday, July 3rd and 4th.

BY STEAMER TO IDYL WYLD

Bricklayer's and Mason's Union No. 17 will run their 1st annual Excursion to Idyl Wyld on Saturday afternoon, July 4th, via str. Otonabee Boat leaves Wolfe St. wharf at 1.30 sharp, Street Railway wharf at 2.00 sharp. Adults 50c, Children 25c.

EXCURSIONS TO STONY LAKE

Annual Outings of St. Luke's Bible Class and Auburn Sunday School Held Yesterday.

The fifth annual excursion of St. Luke's Bible class was held yesterday to Stony Lake. It was largely attended, the steamer "Empress" carrying the educationists. The day was a delightful one and the lakes never looked prettier. The trip was made to Burleigh Falls where dinner was served, after which the steamer sailed around the lake calling at Juniper Island, where the passengers got off and spent a half hour. Altogether the outing was a very enjoyable one and highly successful.

AUBURN EXCURSION.

The annual excursion of the Auburn Sunday school was held yesterday to Stony Lake. The steamer "Stoney Lake" carried the excursionists. The trip was made to Burleigh Falls, where dinner was served and a couple of hours spent at this beautiful spot. The outing was a great success and thoroughly enjoyable.

LETTERS TO THE EDITOR

The Review Does Not Hold Itself Responsible for Opinions Expressed by Correspondents

THE ENGLISH CLIMATE.

To the Editor of the Review.

Sir,—Some one who knows what he is writing about, says in a Toronto newspaper that the English climate will take it out of Longboat and our distance men. That is true. The races, etc., should all be done in a neutral country to be fair.

SPORT.

THE EXAMINER'S OFFER

To the Editor of the Review.

Sir,—I read that Examiner editorial where the unemployed are found work in weeding the streets and vacant lots of this town, and I can tell you that the "immigrants" consider themselves insulted. Whose fault is it that so many are out of work? Then to turn round and have the Examiner invite the men, as you say, (who were "lured" true here, and that is all it is, to go weeding (while it lasts) some of them skilled mechanics, mind you, is an insult.

WEEDS FOR THE UNEMPLOYED.

THEY HOLIDAYED AT IDYL-WYLD

Baseball Match was Feature of Bible Class Excursion--Many in Attendance.

The first annual excursion of the Social Adult Bible Class was held yesterday at Idyl Wyld on the steamer Otonabee. It was the second largest excursion ever handled by the Otonabee Navigation Company, over 400 being aboard the boat. The steamboat officials were exceedingly courteous and the day was one of great pleasure. The committee in charge is to be congratulated on the splendid arrangmenets made. Although there was such a large crowd the best of order prevailed. Practically all the picnickers took lunches along with them and the members of the Bible Class saw that everybody was well looked after.

The feature of the afternoon was the baseball match between the Social Adult Bible Class and the Friendly Bible Class. The latter won 11—9, although the old-timers put up a snappy article of ball. Rev. Mr. Pearson was on the rubber for the S.A.B.C. and showed considerable of his old-time ability as a pitcher. He got them over in good shape and had a creditable list of strikeouts. Will Pratt did the firing for the winners and pitched good ball. The teams lined up as follows:

S.A.B.C.—Rev. E. A. Pearson, p; R. Howland, c; S. A. Oke, 1b; W. B. Warne, 2b; L. Turner, 3b; G. Carruthers, rf; F. Skitch, lf; R. McGill, c.f.

F.B.C.—W. Pratt, p; D. Morrow, c; F. Robertson, 1b; Mr. McWilliams, 2b; G. Freeland, 3b; Mr. Wilson, ss.; D Pearson, rf; W. Armstrong, lf; R. Little, cf.

The other events on the programme resulted as follows:

100 yards race, free for all, 1st R. Little.

Putting 16 lb shot, free for all, 1st Rev. E. A. Pearson.

Three legged race free for all, 1st Sales and McArle.

Nail driving contest, ladies only, 1st Mrs. Grubb.

Standing hop, step and jump, free for all, 1st Briggs, 2nd McArle.

20 minute walking contest, 1st, Freeland; 2nd, Grubb.

Orillia defeated a by-law to pay $3,000 towards the new hospital.

BOATING ON THE OTONABEE

The picnic yesterday at Macnamara's farm demonstrated two things. One was the easy accessibility of the place by both land and water and the other was the entire suitability of the river as a place of aquatic enjoyment. Mr. McClellan, with the Government yacht came to the rescue of the "transportation" facilities," which in some uncontrollable way, had got out of gear. The street railway line should be extended farther down and then all difficulties in the way of an afternoon's or an evening's enjoyment would largely vanish. Boating on thee Otonabee is

A WINDSOR LADY'S APPEAL

To All Women: I will send free with full instructions, my home treatment which positively cures Leucorrhoea, Ulceration, Displacements, Falling of the Womb, Painful or Irregular Periods, Uterine and Ovarian Tumors or Growths, also Hot Flushes, Nervousness, Melancholy, Pains in the Head, Back or Bowels, Kidney and Bladder troubles, where caused by weakness peculiar to our sex. You can continue treatment at home at a cost of only about 12 cents a week. My book, "Woman's Own Medical Adviser," also sent free on request. Write to-day. Address Mrs. M. Summers, Box H62, Windsor, Ont.

The steamer Aki Maru, which arrived at Victoria, B.C., yesterday, reports that owing to the boycott against Japan in China, she has no Chinese passengers and scant freight from China.

HARRISON IS ONLY ONE LAP BEHIND HOAGLAND AT END OF FIRST DAY OF WALK

Harrison's chances of getting second place in the four days walk, being held at Port Hope, seem good. Yesterday he walked in great form and at the conclusion of last night's going was only a lap behind Hoagland, who finished in the lead and eight laps ahead of Slater, who crossed the line in third place. Speaking from a standpoint of walking ability, the Harrison who walked in Port Hope yesterday is not the Harrison who was in the walk here last fall. His style has become much improved since then and he also has acquired much more speed. Yesterday and last night he stayed right in the footsteps of Hoagland and finished even with him in the morning walk of 21-4 hours, the men starting late.

The standing of the field at the end of the morning walk was:

	Miles.	Laps.
Hoagland	13	2
Harrison	13	2
Slater	12	11
Guerin	12	9
Hudson	11	10

There are 13 laps to the mile in the track at the Port Hope rink the place where this walk is being held.

At eight o'clock at night the walkers got away again and in the order of Hoagland, Slater, Harrison and Guerin. At 8.20 Harrison pushed by Slater and the two lapped Guerin. Hoagland and Harrison pulled away away from Slater and the former let loose at a cyclonic clip gaining half a lap on Harrison in the spurt. Five minutes later Harrison lapped Slater and then gained his second lap of the night on Guerin. The walkers were giving the spectators their money's worth and the latter appreciated the sport. Hoagland tore along a furious lick seemingly very anxious to lap Harrison, he caught up to him and later in the evening put on the lap representing his lead when the last bell rang at eleven.

At five minutes to nine Sigremin, a local, came on the track to take the place of Hudson, who quit after the morning's walk. He was attired in short trousers and a yellow jersey the color of his shirt making him quite conspicuous on the track. He dropped in behind Slater, Harrison and Hoagland, who were walking together and romped away like a quarter miler, making a dash at the crack of the pistol. He had been on the track only a few minutes before the lad lapped Hoagland and the others The crowd yelled and he waved his hand and kept right on. After pedding it for a little over an hour, however, the boy wizard of the track faded and the only thing noticeable about him was the yellow shirt. He sought the timbers and sat on the scorers' table wondering why the others could keep it up so well and he was forced to give up his showing up of the field.

During the night Harrison made four laps on Slater and the score for the 51-4 hour walk, when the men quit at 11 o'clock stood:

Name.	Miles.	Laps.
Hoagland	29	2
Harrison	29	1
Slater	28	6
Guerin	28	4
Hudson, (withdrawn)	19	9
*Wood	16	

*Woodcock dropped out in the morning, another man replacing him at night.

BY BUNCHING THEIR HITS ATHLETICS BEAT COBOURG

Mr. Mullhall's Ball Tossers Defeated at Riverside Park on Holiday, 4-2—Quinlan Kept Hits Well Scattered—Game Was Exciting All the Time.

Although they had twelve hits to the Athletics seven, Cobourg could only score two runs at Riverside Park yesterday afternoon, while the timely stick work of the locals brought in four counters. It was a Midland League contest and a hard fought one all the way through. The homesters pounded Turner's benders just when hits were needed, and on the other hand Quinlan put down the screws in the tight places and froze out the Mulhall aggregation, when they had men at every turn in the diamond. Quinlan was hit rather freely, but the safeties were so widely scattered that they did not do much damage. Dick Turpin drove the pellet into the creek at left field and completed the circuit before the players could out-manoeuvre the old waggon at the end of the third base line and dig up the ball.

A big crowd saw the game and pronounced it the best of the season. There was plenty of hitting and brilliant work in the field. The Athletics played an errorless game and the visitors only had two misplays. Turpin dropped the ball at first and Weinberg let it get away from him once at the third sack. Davie Kerr, of Lindsay, formerly of Cobourg, was the umpire and he had a job like unto that of the father of a dozen kids wanting to go to the circus. He affirmed that his intentions were good, but that was not sufficient to prevent his judgment from being bad. He first became the centre of attraction by giving the Athletics two or three raw deals and then felt the wrath of the Cobourg players by hurting their chances with a couple of bad decisions. Somehow or other, Davie does not appear to be a success as an umpire.

Cobourg had strengthened for the game. "Curly" Ross and Benson, of Toronto, were in the field and helped some Benson had three hits out of four times up, one of them a two-bagger.

The Athletics scored their first run in the fourth innings, when Shea crippled to right field and Rattray scored him with a two-bagger. Two more counters came in in the sixth. Connors flew out to Turpin, Graham singled and Shea followed suit. The ball was thrown to third to catch Graham, but it got away from Weinberg and Chris scored. Shea scored on Rattray's single.

In the eighth innings Connors made first on Turpin's error, and stole second. Graham went out. Floyd to Turpin and Connors scored on Shea's single.

Cobourg got a run in the sixth and eighth. In the sixth Floyd singled, Turpin flew out to Rattray, Benson and King singled, the latter's hit scoring Floyd. The other counter was Turpin's home run.

SUMMARY.

Following is the summary:—

Athletics—	A.B.	R.	H.	O.	A.	E.
Connors	4	1	0	2	0	0
Graham, 1b	4	1	1	11	0	0
Shea, ss	4	2	3	1	3	0
Rattray, c	4	0	2	8	1	0
Meckrell, 3b	3	0	0	1	1	0
Pilling rf	3	0	0	1	1	0
Callaghan, l f	2	0	0	1	0	9
Flaherty, 2d	3	0	1	2	2	0
Quinlan, p	3	0	0	0	3	0
	30	4	7	27	11	0

Cobourg—	A.B.	R.	H.	O.	A.	E.
Weinberg, 3b	4	0	1	0	2	1
Balger, lf	5	0	3	0	0	0
Ross, rf	5	0	0	2	0	0

Turpin, 1b	3	1	2	12	1	1
Benson, cf	4	0	3	0	0	0
King, 2b	4	0	2	2	3	0
Turner, p	4	0	0	0	4	0
	37	2	12	24	14	2

Home run, Turpin. 3-base hit, Shea. 2-base hit Benson, Rattray, Falherty; hit by pitcher, Weinberg and Turpin; bases on balls, off Turner 2; first base on errors, Athletics 1; struck out, by Quinlan 6, by Turner 6; left on bases, Athletics 3, Cobourg 10; stolen bases, Connors, Callaghan, Balger, Turpin, King 2; double play, Pilling to Graham, Shea to Graham.

By innings
Athletics ...00010201—4
Cobourg ...000001010—2

NOTES.

Turner, the Cobourg twirler, is a Southpaw.

Rattray hurt his leg by colliding with the fence trying to get a foul fly. He was able to continue after a short rest.

The Athletics were there with the glue on their hands and hung on to the ball like a prize package.

Quinlan had fine control in the tight corners and on the whole he pitched fine ball. The visitors had ten men left on bases.

Some riverdrivers appeared on the field and were greeted with cries of "Get the hook." They were armed with pike poles.

The Athletics have had three wins and three losses and apparently have struck a winning gait.

"Yeb" Flaherty signalized his return to the game by clever work around the third sack. Chris Graham had a busy day at first.

PORT HOPE TEAM NOSED OUT THE PETES BY ONE RUN

Exciting Game on the Holiday—League Leaders Put Up a Game Fight—Surplis Pitched Fine Ball—Big Crowd Saw Game.

By Review Representative.

Port Hope, July 1st.—Port Hope defeated the Peterboroughs in a Midland League game here to-day, 9 runs to 8. The league leaders made a game fight all the way through and were only nosed out by the narrowest margin. Surplis pitched good ball for Port Hope and had good support. Hawkins, who was on the mound for the Petes, was hit pretty freely, and a big error column did not help any. Clements went on the rubber for the last three innings and managed to stop the run-getting.

The game was played before an immense crowd and the home team's victory was exceedingly popular. W. A. Hoagland, the champion walker, was umpire, and gave satisfaction. The Petes led at the fourth innings 7—3, but were unable to keep the margin. The finish was of a most exciting nature. The visitors only needed one run to tie the score but Surplis put on the screws and backed by good fielding, won his game.

The summary was:—

PETERBOROUGH.

HARRY MUNRO FIRST WINNER OF THE EASTWOOD TROPHY

With two firsts, two seconds and two thirds, Harry Munro won the Eastwood trophy in the boys championship events at Nicholls' Oval yesterday morning. Campbell and F. Halpany tied for second place with six points each. Munro totalled 12 points. J. Hughes was third with 5 points. A number of special events were pulled off and furnished good sport for the large crowd of spectators. Munro wins the handsome trophy donated by Mr. Vincent Eastwood of the Royal Bank.

The following were the results of the cup events;

100 Yard Dash — P. Campbell 2nd Harold Munro, 3rd Chas. Walsh.

220 Yard Dash — P. Campbell, 2nd, H. Munro, 3rd, Chas. Walsh.

One-mile Walk — F. Halpany, 2nd, J. Hughes, 3rd, E. Sanderson.

One-mile Run — 1st, Chas. Walsh, 2nd Wm. Davidson, 3rd, F. Halpany.

Putting Shot — H. Munro, 2nd, J. Hughes, 3rd, E. Sanderson. Distance, 27 feet 11 ins.

Running hop, step and jump, —H. Munro, 2nd, F. Halpany, 3rd, J. Hughes.

There were eighteen competitors and the following secured places;

H. Munro, 2 firsts, 2 seconds, 2 thirds.

P. Campbell, 2 firsts.

F. Halpany, 1 first, 3 seconds, 1 third.

Chas. Walsh, 1 first.

J. Hughes, 2 seconds, 1 third.

E. Sanderson, 2 thirds.

W. Davidson, 2 seconds.

SPECIAL EVENTS

The special events resulted as follows;

Five-mile Marathon.

Course — 8 times around the oval, out north gate and down river road to railway track, returning same course, finishing three times around 1st, Peter Wallace, time 33 min 15 s.
2nd James McMartin.
3rd, Geo. Fowler. Fowler was forced to quit twice in last lap but started again and finished third.

Pole vault, boys 17 and under, 1st, Harold Munro, 2nd, Lorne Fitzgerald, 3rd, Roy Hutchinson.

100 yard dash, 15 years and under, 1st, Harold Hill, 2nd Bruce Lees, 3rd Ray Rose.

220 yard dash, 15 years and under, 1st Harold Hill, 2nd, Bruce Lees, 3rd Ray Rose.

Boot race, 100 yards and return, 1st Frank Halpany, 2 Bruce Lees.

Referee, E. A. Frowde.

Starter, W. Milburn.

Scorers, C. Elcombe, H. S. Dinsdale, J. H. English.

Time keeper, P. G. Might.

Judges of Course, Wm. J. Todd, J. Curry, B. Buell.

LAWN BOWLING

The lawn bowlers had a great holiday and a number of close and exciting games was the result of a very fast green. Probably one of the greatest games of the day was a game of Scotch doubles between—

PROMPT PAYMENT

Peterborough, Ont., June 12th, 1908

W. H. HILL, Esq., City Representative
Liverpool and London, and Globe
Fire Insurance Co'y.

DEAR SIR,—

We beg to acknowledge the receipt of cheque for $2,500 in settlement of fire loss, policy No. 8,645,878 Liverpool and London and Globe Insurance Company.

We note in connection with this settlement a most unusual feature. They are legally entitled to 1 per cent. of stated sum for payment prior to due date. No business man would for one moment question their right to this amount. But they do not take it. Instead they have purposely waived their privileges and presented us with this additional amount.

We are gratified to note this remarkable action. To adjust and settle a loss within twelve days is noteworthy, but to add to this magnanimity in refusing to take advantage of their discount privileges, places this company in a most favorable position.

We congratulate you upon representing a company of such superior standing.

Yours very truly,
Canada Flakes Co.,
LIMITED.

Signed, H. B. COLLIER, Manager.

A ROMANCE OF STEEL

The Rise of a Great Industry and Enormous Fortunes.

KELLY AND THE AIR BLAST.

The Flash of Genius Which Provided the World With a New Metal—Robert Mushet's Device—Captain Bill Jones and Andrew Carnegie.

As late as the middle of the last century cheap steel was unknown. It was then sold at 25 cents a pound. The railroads were using iron rails which wore out in less than two years, and the total output of iron and steel in a year was less than is now made in four days.

Then came to William Kelly, a Pittsburg Irish-American, that flash of genius which provided the world with a new metal, something as strong as steel and as cheap as iron.

Kelly was an iron maker and needed charcoal. In time all the wood near his furnaces was burned, and the nearest available source of supply was seven miles distant. To cart his charcoal seven miles meant bankruptcy unless he could invent a way to save fuel. One day he was sitting in front of the "finery fire" when he suddenly sprang to his feet, with a shout, and rushed to the furnace. At one edge he saw a white hot spot in the yellow mass of molten metal. The iron at this spot was incandescent. It was almost gaseous. Yet there was no charcoal—nothing but the steady blast of air. Like a flash the idea leaped into his excited brain—there was no need of charcoal; air alone for fuel.

But people said he was crazy when Kelly asserted that pig iron could be changed into malleable iron by the air blast, for every iron maker believed in those days that cold air would chill hot iron. "Some crank will be trying to burn ice next," said one manufacturer, and Kelly, through lack of means, could not turn his idea into the success he deserved.

Then, seven years later, came Bessemer, who made the new process a commercial success by the invention of his celebrated "converter" and received $10,000,000, worldwide fame and a knighthood as his reward. Kelly received $500,000 and comparative oblivion, although his idea was the nucleus of the Bessemer process by which iron is purified from carbon by the direct introduction of oxygen, for when Bessemer applied for and obtained a United States patent for his "pneumatic process" Kelly claimed priority for his invention, and his claim was allowed by the patent office.

Another pioneer of the steel trade, Robert F. Mushet, a Scotsman, who hit upon a device for removing a difficulty that baffled Kelly and Bessemer, fared even worse than Kelly, for he lost his patent by failing to pay the necessary fees and in his later years was dependent upon a pension of $1,500 which he received annually from Bessemer.

The difficulty which Munset removed was this:

"The air blast clears the molten metal of carbon and of all impurities, including sulphur and phosphorus. But a certain quantity of carbon is necessary to harden the metal into the required quality of steel. Instead of endeavoring to stop the process at exactly the right moment, Mushet asked, 'Why not first burn out all the carbon and then pour back the exact quantity that you need?' This was a simple device, but no one had thought of it before."

The man who took the invention of Kelly and Bessemer into his hands, developed it into one of the wonders of the world and made the Carnegie millions was Captain William R. Jones—Bill Jones, as he was known—who seemed to live with the sole desire of toppling over the idea that England owned the steel trade. He could have been a millionaire many times over, but he cared little for money. When he was offered a partnership he replied:

"No, Mr. Carnegie, I don't know anything about business, and I don't want to be bothered with it. I've got trouble enough here in these works. I'll tell you what you can do"—these were his exact words—"you can give me a thundering big salary."

"After this, captain," replied Carnegie, "you shall have the salary of the president of the United States—$25,000."

The famous scrap heap policy was originated by Jones. He did not believe in waiting until his machinery was worn out. The moment that an improvement was invented old machinery was dragged to the scrap heap and the latest devices put in its place. He made the shareholders gasp on several occasions by asking permission to smash up $500,000 worth of machinery that was as good as new, but outgrown. Jones died, as he had lived, in the midst of an industrial battle at the head of his men. He was killed in an accident in the company's works. "Carnegie, looking upon poor Jones as he lay in the hospital, sobbed like a child."—"The Romance of Steel," by Herbert N. Casson.

HOW WIFEY ECONOMIZED.

She Was Getting Tired of Cooking When He Called Off New Scheme.

"Jim, dear, may I have a new coat? I saw the dearest one downtown today."

"I have something to tell you, sweetheart," I said in a sepulchral tone. "I have lost a large sum of money in Wall street. We are very poor now. I hardly know how to make both ends meet."

"Oh, you poor boy!" she cried. "How I wish I could help you!"

"You can," I replied, "by economizing."

"Oh, dear," she sighed, "that is such a horrid way! If I could only earn some money some way it would be so much nicer. I know what I'll do!" she exclaimed suddenly. "I know just the loveliest way to help you, and it will be such fun too."

"How?" I asked.

"I will discharge Mary and Agnes and do all the housework myself."

"But I do not want you to do that," I objected. "You can help enough by not buying so many hats and dresses and things."

"Now, Jim," she protested in a hurt tone, "it is real mean of you to talk like that—just as if I were extravagant. Why, that old rag of a dress I have now I have worn for perfect ages, and that hat—I have had only two since Christmas."

"Three," I corrected.

"Oh, yes, counting that little rainy day hat, but that did not cost anything at all."

"Renwick & Co. seemed to think so," I replied dryly. "At least they sent me a fair sized bill for it. If they made a mistake"—

"Don't be horrid, Jim," she interrupted severely. "Anyway, I am going to do what I said. We can have awfully nice things to eat too. I know lots of perfectly delicious things to have—things that an ordinary cook would never think of."

For a week the head of the house acted as chef of our establishment, and when the bills came in I realized that a month of her catering would bankrupt me in earnest. I decided upon a ruse.

"I guess the financial crisis has passed," I said, with a fine bluff at cheerfulness, when I came home the next day. "With your help I have pulled through, and we are on our feet again. So you will not have to do the housework any more."

The head of the house was delighted.

"Oh, isn't that splendid!" she cried.

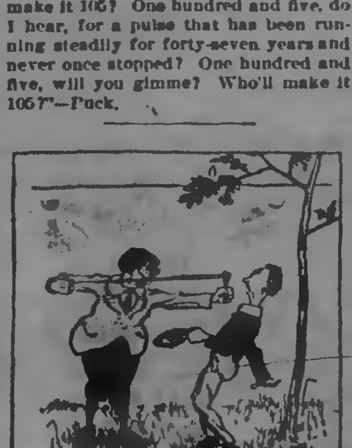
I agreed that it was.

"I really am getting a little tired of cooking," she confessed. "Besides, now I can get that new coat."—Bohemian.

The Ruling Passion.

"The colonel is a very sick man," sympathetically said the attending physician, addressing the auctioneer's anxious wife. "His pulse is now going at 104."

"Going at 104!" feebly cried the invalid. "At 104! Going at 104! Who'll make it 105? One hundred and five, do I hear, for a pulse that has been running steadily for forty-seven years and never once stopped? One hundred and five, will you gimme? Who'll make it 105?"—Puck.



The Boy With the Catapult—Now, then, give me those bird's eggs!

His Explanation.

"You don't seem happy, and yet you have nothing to growl at?"

"That's just the trouble. You need a little misery by way of variety."—Atlanta Constitution.

ANIMALS PROMOTE CHARITY.

King Edward Devotes Turf Winnings For Benefit of Poor.

The King of Sweden recently told a story of King Edward's charitable propensities. Just before the race for the Derby which the King's horse Diamond Jubilee carried off, His Royal Highness, as he then was, was watching the horses proceeding to starting post. Suddenly turning to the King of Sweden, who was with him, he said: "I am most specially anxious to win to-day."

"Why so?" inquired the King.

"Because," was the answer, "I always give the princess whatever amount my success happens to bring me. With the stake money of the last Derby I won the princess provided 1,700 poor boys with a complete outfit - clothes, under-linen, boots and all necessaries—and stamped on each article was, 'From your friend the Prince.'"

Others besides the King have devoted great sums won on the turf to charity. The Duchess of Portland some time ago presented to her husband a very handsome blotting book of Russia leather, heavily mounted in silver. On the mountings are engraved the names of all the races won by that extraordinary racer Donovan. In 1889 Donovan won the Derby and the St. Leger, besides the Newmarket Stakes and many other important races. The total sum won by Donovan during his racing career amounted £70,000, and the whole of this large fortune the duke gave to his wife for the purpose of building almshouses for the widows of the duke's tenants, and a cottage hospital for the neighborhood.

Baron Hirsch was another great turfite most of whose winnings went to charity. As is well known the baron left almost the whole of his millions toward establishing colonies for Jews. But during his lifetime he spent more than £50,000 of turf winnings on charity.

All the winnings of La Fleche, amounting in all to £34,585, were devoted to various charities.

Dogs have done much for charity. The record in this direction is held by Tim, the famous Airedale terrier which belonged to Mr. Bush, the Great Western inspector at Paddington. For more than ten years before his death Tim trotted from train to train, inviting donations to the Railway Servants' Widows' and Orphans' Fund. The total of his collections exceeded £800. The dog always knew when royalties were about to travel. He would sit down on the edge of the carpet laid on the platform and refuse to move until he had had something added to his hoard. On five separate occasions Queen Victoria placed a sovereign in his box, and many times the King has done the same. W. W. Astor gave Tim his record present—a check for £200 — on the occasion of the coming of age of his son. Tim died in August last, but has been set up under a glass case, still to continue his charitable work.

Other animals, too, have indirectly contributed to the cause of charity. At Amersham, in Buckinghamshire, the superintendent of the Baptist Sunday school adopted a novel expedient for raising money for the Congo Mission. He distributed among his scholars a number of young rabbits. These they had to fatten at home, and when fit for market the creatures were sold, the proceeds going to the mission.

At Frieth, near Marlow, a pig raised no less than £7 for charitable purposes. It was raffled for and then given back by the winner and sold again. In a Lancashire town a local butcher presented a handsome young pig to a bazaar, on condition that a church member, got up in frockcoat and silk hat, should drive it through the village. The procession caused great amusement, and a collection realized more than £3.

Two Cranks.

Wright Field—I hear our national game is becoming all the go in England.

Bunkerson Hazards—In England? My dear man, don't you know that golf was popular in England long before it became our national game?—Philadelphia Press.

A Great Financier.

Hyker—That fellow Jiggsmith is certainly an able financier.

Pyker—Why do you think so?

Hyker—Not long ago he married a penniless orphan, and a week later he got her a position that yields him an income of $100 a month.—Chicago News.

Inherited.

Weigle—Judging from the vigorous crowing of your young rooster, he can whip everything else in the coop.

Ashley—He can't, though. He's too much like his mother—full of hot air. You know, she's an incubator.—Judge.

A NOISY CONVENTION.

One In Which Comanches and Panthers Were Outshrieked.

The noisiest, the jolliest, the most exciting and perhaps least logical campaign was that of 1840. William Henry Harrison, hero of an Indian victory at Tippecanoe, a plain old man who had lived, his opponents sneeringly said, in a log cabin decorated with coonskins and had drunk hard cider was selected by Thurlow Weed as a better candidate than Henry Clay. The issues between Van Buren, the Democratic candidate, and Harrison were not clearly drawn, but the adventitious circumstances of Harrison's early life were skillfully utilized for theatrical effects. Processions miles long with log cabins, cider barrels and coonskin caps on poles stretched from state to state. Glee clubs were a feature of the campaign, and the Indian fighter was fairly sung into office.

In the convention of 1860 began the modern custom of cheering and counter cheering. The Seward contingent gave a parade the day of the convention. While they were marching Lincoln supporters filled the Wigwam. With the naming of the candidates began the cheering. Murat Halstead said that when Seward was nominated and seconded "the shouting was absolutely frantic, shrill and wild. Comanches or panthers never struck a higher note or gave screams with more infernal intensity. Looking from the stage over the vast amphitheater, nothing was to be seen below but thousands of hats—a black, mighty swarm of hats flying with the velocity of hornets over a mass of human heads most of the mouths of which were open."

But when Lincoln's nomination was seconded the west was heard from. "I thought the Seward yell could not be surpassed," said Halstead, "but the Lincoln boys were clearly ahead and feeling their victory as there was a lull in the storm, took deep breaths all around and gave a scream that was positively awful and accompanied it with stamping that made every plank and pillar in the building quiver."

On the third ballot Lincoln was nominated. The shouting was so deafening that the cannon which was discharged on the roof of the building could not be heard inside. — Chicago Record-Herald.

PERILOUS SLEEPWALKING.

The Tragedy on Which Bellini Wrote His Celebrated Opera.

Somnambulists can maintain their footing in the most perilous places so long as they remain in a state of somnambulism, but if suddenly awakened they instantly lose their self possession and balance.

On one occasion a young woman living in Dresden was seen at midnight walking on the edge of the roof of her house. Her family were immediately told of her plight, but were afraid to go near her. The neighbors gathered about the house and placed mattresses and blankets along the street in hopes that they might save her in case she fell.

She danced for over an hour on the slanting roof, apparently retaining her balance without difficulty, and every now and then she would advance to the edge and bow to the silent crowd standing many feet below her.

At last she climbed down on to the wide gutter which ran in front of the window through which she had come, with the evident intention of re-entering the house. The crowd watching her so intently drew a sigh of relief. But, unfortunately, her terrified relatives, thinking to assist her, had placed two lighted candles in the room near the window, and as she approached the light fell directly in her eyes.

Instantly the shock awakened her, and she swayed back and forth in her perilous position; then, with a frightful scream, she fell headlong to the ground. She was fatally hurt and died in a few hours. It was on this tragedy that Bellini wrote his celebrated opera "La Sonnambula."

The Tragic Loco Weed.

The abominable Mexican plant known as the loco weed has the peculiar property of making irrational both men and beasts who partake of it. Horses and cattle out on the prairies after grazing upon it go crazy, and a "locoed" pony will perform all kinds of queer antics. It is said that if a man comes under its spell he never regains his senses, the insanity produced by it being incurable. It is said that the loss of mind of the ill fated Carlotta was no doubt due to the fact that some enemy drugged her with a preparation of loco, although history has it that she went insane by reason of her husband's execution.—Baltimore American.

A Gentle Husband.

Woman (to her husband, busily engaged writing)—My dear, correctly speaking, what is a dentist? Husband (crossly)—Derived from dent, French for teeth, a man who pulls teeth. (Husband settles down to writing again.) Wife—My dear, you said this morning that linguist was derived from the Latin lingua, a tongue. Husband (crossly)—Yes. Wife—Well, dear, is a linguist a man who pulls out tongues? Husband—No, madam, but I wish he did.—London Answers.

The Best Man.

"Why is it," asked the dear girl, "that the bridegroom's attendant is called the 'best man?'"

"I suppose it's because he is the best off," growled the fussy old bachelor.

Considerate Censorship.

"Does your father know I love you?"

"No. Papa isn't very well, and we've kept it from him."

Arthur Mear, of Hamilton, while driving on the mountain brow, was injured by a wheel coming off his wagon.

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

GENUINE CASTORIA ALWAYS

Bears the Signature of

Chas. H. Fletcher.

The Kind You Have Always Bought

In Use For Over 30 Years.

THE CENTAUR COMPANY, 77 MURRAY STREET, NEW YORK CITY.

In Sore Straits.

"I tell you I must have some money!" roared the king of Maritana, who was in sore financial straits. "Somebody will have to cough up."

"Alas," sighed the guardian of the treasury, who was formerly court jester, "all our coffers are empty!"—Judge.

Turn About.

"Some people," grumbled Groucher, "make me sick."

"I should think nearly everybody would make you sick," replied Diggs.

"Indeed! Why?"

"Reciprocity, you know."—Catholic Standard and Times.

More Genteel.

Tourist (in western state)—I suppose cattle rustling is now a thing of the past?

Lariat Larry—Sure thing! About all our prominent bad men are in the land rustling business.—Puck.

A Redeeming Trait.

"There was one good thing about Adam and Eve."

"What was that?"

"When they were in Eden they didn't send out any souvenir postals."—Denver News-Times.

His Favorite Composer.

Miss Critique (at the opera)—Are you fond of Meyerbeer, Mr. Porkam?

Mr. Porkam—To be perfectly candid, Miss Critique, I prefer a mug of good cream ale.—Houston Post.

Heroes of the Sea.

The committee of Lloyd's have decided to bestow the silver medal of the Society of Lloyd's on Mr. John F. Welch, second officer of the steamship Bermudian, a young Canadian, only 31, and the bronze medal on each of the five men who accompanied him, as an honorary acknowledgment of their extraordinary exertions in contributing to the saving of life in the case of the American schooner Mary L. Newhall. On Feb. 2, about 400 miles from Sandy Hook, the Bermudian fell in with the Mary L. Newhall, which had lost her rudder and was in a sinking condition. A terrific sea was running, and Captain Fraser, of the Bermudian, decided that it was impossible to lower a boat. The same night Mr. Welch volunteered to try and reach the schooner, if five of the crew would also volunteer. Five black West Indian British subjects came forward. A boat was lowered with great difficulty, and an attempted rescue was made, which, however, failed, and the rescuing crew only reached their ship again after an exciting experience. The Bermudian stood by the sinking schooner all night, and at daybreak Mr. Welch repeated his attempt, succeeded in reaching the schooner, and taking off six of her crew. He and his boat's crew made a second trip, and rescued five more men, thus saving eleven lives, the entire crew of the schooner, which subsequently sank.

Arthur Carmen, who shot at a special constable, was released on suspended sentence at Port Arthur.

STACEY MAKING GREAT TIME IN LINDSAY WALK

Special to the Review.

Lindsay, July 2.—The following was the standing of the walkers at the end of the first night of the walking match here:—

Stacey, Toronto, 20 miles 3 laps.
Stevens, Peterborough, 18 miles 8 laps.
W. Spenceley, Peterborough, 18 miles 1 lap.
Curtis, Lindsay, 15 miles 12 laps.
Riley, Lindsay, 15 miles 15 laps.
Green, Lindsay, 15 miles 13 laps.
Dave Hartley, Peterborough, 14 miles 11 laps.

There was a big crowd in attendance and much enthusiasm prevails over the walk. The track is 17 laps to the mile. The men go three hours to-night. Dave Hartley has a sore foot which is considerable of a handicap to him.

STRATHS WON ANOTHER ONE

Wellingtons Lost to Them in City League Game on Monday—Score 5-1.

In a City League game at Nicholls Oval on Tuesday night, the Strathconas defeated the Wellingtons, 8—4. The batteries were Belleghem and Dickey, Hawkins and Billington.

SPORTING COMMENT

The numerous supporters of Jim Harrison, the local pedestrian, will be much pleased to hear that he is walking so well in Port Hope. He looks good for second place at the finish but the money will probably not be as heavy as it was for fourth place here. The patronage at the walk there yesterday was only fair as compared to what it should have been. About 600 were in attendance all day, representing gate receipts of $150.

WEST ENDS WENT DOWN TO DEFEAT

Exciting Contest at Nicholls Oval Yesterday Morning.

In a closely contested game at the Nicholls Oval on the holiday morning the Y.M.C.A. team defeated the West Ends 4 runs to 3. It was a city league fixture and one of the most exciting played this season. Mr. N. McWilliams was umpire and gave every satisfaction. The game was called at the end of the seventh; The summary will be found below.

WEST ENDS.

T.A.S. BEAT THE WELLINGTONS

Interesting Game at T.A.S. Picnic Yesterday.

The T.A.S. nine defeated the Wellingtons in an exhibition game at the T.A.S. picnic yesterday by 8 runs to 6. The winners had on several young players, but they played good ball. The teams were:

T.A.S.—Hayes, p; McFadden, c; H. Giroux, 1b; Derocher, 2b; G. Rose, ss; C. Giroux, 3b; Hickey, lf; H. Callighan, cf; Henry, rf.

Wellingtons—Hawkins, p; Billington, c; Henderson, 1b; Johnston, 2b; Dickey, ss; Clitheroe, 3b; Fallon, rf; O'Toole, cf; Russell, lf.

WON 100 YARDS AT HASTINGS

Bill Shaw, the Strathcona's left fielder, won the 100 yards dash at the celebration at Hastings yesterday. The prize was a valuable fountain pen. The Strathcona man showed a great burst of speed.

DRINK JOHNS' TEA

THE STRATHS BEAT HASTINGS TEAM

City League Leaders Played Great Ball on the Holiday—Had an Enjoyable Time.

The Strathconas, leaders of the City league, went to Hastings yesterday and defeated the home team by 12 runs to 2. The game was one of the features of the big holiday celebration and was witnessed by fully 1,500 people. The Straths were in great form and were always in the lead. The home team sent in a local man to pitch and four runs were made off his delivery in the first innings. He was taken out and Downs, of Cobourg, finished the game. He pitched good ball, but the Straths hit at the right times. Belleghem twirled for the visiting team and had fine speed and control. He struck out fourteen men and kept his hits well scattered. The Strathconas lined up as follows;

Belleghem, 1b; Wwatherstone, 2b; Kendry, ss; Ray, 3b; Shaw, lf; Parnell, cf.; Allison, rf.

Score by innings as follows;

Straths ....400302021—12
Hastings ....100000001—2

The Strathconas returned home last night and were well pleased with the treatment accorded them at Hastings.

BASEBALL

There will be a meeting of the executive of the city league at the Y.M.C.A. to-night at eight o'clock. A full attendance is requested as several important matters will be considered.

A practice of the T.A.S. team will be held at the field tonight at 6.30 o'clock. All the players are requested to be out, as it is necessary to have a strong team for Saturday's game with the Lakeviews.

FOOTBALL MATCH RESULTED IN TIE

The Peterborough Quakers and the All Saints' team of Toronto, played a close game of football at Riverside Park yesterday afternoon. Neither team was able to score in the allotted time. The game was exceedingly fast, and the spectators were pleased with the exhibition.

LITTLE BOYS HAVE A RACE

Two little boys, aged about ten years, attracted considerable attention by a road race on George street on Tuesday evening. They had their stocking rolled down and hit up a lively gait. They were paced by another small boy who rode on a velocipede on the pavement. The little fellows were in dead earnest and were going at a fast clip when they disappeared from view at Smith street.

CRICKET

The cricketers had a splendid scratch game yesterday at Nicholls Oval, when two elevens captained by Messrs. C. Pousette and "Scotty" Elliott, the former's team winning. Marshall bowled in splendid form for the losers.

GAVE CONCERT IN WARKWORTH

Local Talent Delighted Large Audience There Last Evening.

There was a big celebration in Warkworth yesterday, the little village being crowded with numerous visitors. The attractions consisted of horse races, baseball and football matches and a grand concert in the evening. Brighton and Burnley played baseball, the game resulting in Brighton winning by the score of 8—7.

The concert in the evening was given by Peterborough people, it being under the direction of Mr. F. R. McCarte. The large audience manifested their appreciation by loud applause and repeated encores. Those who took part were Miss Lavina Hallihan and Messrs. George Lynch, Ed. Crowe and Bannister.

30 DAYS FOR JOHN DICKSON

Failed to Pay Costs of Case and $3 a Week to His Wife.

Yesterday County Constable Cochrane brought John Dickson, of Harvey, to the county gaol, where he will have to serve a sentence of 30 days.

The prisoner appeared before County Magistrate Edmison some time ago on the charge of non-support of his wife and was allowed to go on th understanding that he would pay the costs of the case and $3 a week to his wife. Dickson in court expressed himself as quite agreeable to this arrangement, but failed to pay either the costs or the three dollars a week and was therefore placed under arrest to serve 30 days the alternative in case of non-payment.

GOOD FISHING ON THE HOLIDAY

Sixteen-pound 'Lunge Caught in the Otonabee River.

Fishing was one of the attractions of the holiday. Some good catches are reported. Wesley Erskine pulled in a sixteen pound 'lunge about a mile below T.A.S. point last evening. This was probably the biggest fish caught during thee day.

OBITUARY

MRS. HENRY BACON.

The death occurred last evening of Mrs. Henry Bacon, at her late residence, 197 Westcott street. The deceased was 58 years of age. She had been ill for some time. She was widely known and highly respected. She was a faithful member of the Salvation Army Corps.

Besides her husband she leaves to mourn her loss her husband, two sons and four daughters. The sons are Thomas and Roy and the daughters are Mrs. W. Butcher, Mrs. C. S. Greene, Mrs. J. M. Greene and Miss Minnie Bacon.

The funeral will take place tomorrow at two o'clock to the Little Lake cemetery. The Salvation Army Corps and band will attend.

PETERBOROUGH CANOE CO. MADE WINNING BOATS

The first and second boats in the T.A.S. gasoline launch race were manufactured by the Peterborough Canoe Company. The speed boat that came first is the property of the Peterborough Canoe Company, while the one obtaining second place is the property of Mr. Charlie Ackerman.

FELL OFF TOP DECK OF BARGE

Young Man Broke His Right Wrist Yesterday at T.A.S. Picnic.

John Lynch, the young son of Mr. Patrick Lynch, Perry street, sustained painful injuries at the T.A.S. picnic yesterday. He was playing on the top deck of the barge when he fell off striking the main deck with his right hand. In falling he struck with such force that he broke his wrist. He was brought to the city when Dr. McNulty set the injured arm.

PERSONAL

Mr. M. Cox, of Madoc, is the guest of Mr. Chas. Noyes for the holiday.

Mr. F. M. Bannister, local agent for Heintzman Co., left today on a three months' trip to the old country.

Mr. and Mrs. W. Ivory, of Toronto, are spending a few days in the city on their way to Stony Lake where they will holiday for a short time. Mr. Ivory is a former Peterborough boy who is getting along well. He is now chief train despatcher for the C.P.R. at Toronto.

Bert Talor, aged 19, was drowned from a canoe at Lachine.

Mrs. Thomas Gray, of Chatham, township, stepped on a rusty nail and died of lock-jaw.

Winnipeg police claim they have discovered an organized ring to promote social vice.

William McDougall, aged 22, of Moncton, was drowned while bathing at Shediac Cape.

MANY MINERS MEET DEATH

Terrible Explosion of Gas in Russian Mine---Many Injured.

Yusovo, European Russia, July 3.—A terrible explosion of gas occurred in the Bokovsky mine Wednesday evening in which a large number of miners were at work. One hundred and fifty-seven bodies have been recovered, all of which are badly [illegible]ed, but it is believed that [illegible] death roll will reach at le[illegible] two hundred. Seventy-three [illegible] the men were rescued alive [illegible] yesterday. There is great excite[illegible] here, and troops have been [illegible] out to prevent disorder.

Toronto Woman Slain.

Chicago, July 3.—The police have practically abandoned the theory that robbery was the motive for the murder of Mrs. Frances Gilmore Thompson, the woman found bound and dead at 1,242 Michigan avenue on Wednesday. Detectives are searching for a man and woman who left at the time of the murder and also for the dead woman's husband, but have no actual evidence incriminating anyone.

Mrs. Thompson was a native of Toronto where her father, named Gilmore, is said to be prominent. She married Thompson in New York, but left him recently after living in various western cities.

She has a brother living in Chicago. Of late she has worked as a servant in various homes.

Brantford Boy Hurt.

Brantford, July 3.—Harry McMurchy, the 14-year-old son of John McMurchy, proprietor of the woollen mills here was driving the mill delivery wagon yesterday when the horse ran away, throwing the boy to the ground.

A heavy box fell on him, injuring him about the back and thighs. No bones were broken.

Bubonic in Caracas.

Willemstad, Curacao, July 3.—It is officially admitted in Caracas that the bubonic plague is epidemic there.

Rumors are current here of the presence of a pernicious fever at Porto Cabello. This illness is supposed to be yellow fever.

REGICIDE PLOT IS EXPOSED

Monarchists Tell of How King Carlos Was Assassinated.

Lisbon, July 3.—Dr. José Maria De Alpiom, chief of the progressive dissidents, smarting under the insinuations that he was implicated in the assassinations in Lisbon last February of King Carlos and Crown Prince Louise, created a sensation in the House of Lords yesterday by revealing what he declared to be the true story of this regicide plot.

He said that the assassinations had been decided upon at a meeting of the leaders of the Progressive and Regenerator party, a few days before they were carried out. A number of Republicans also were present at this meeting. Dr. Alpiom charged further that the Republicans proposed to obliterate the entire royal family, with the exception of Maria Pia, the mother of King Carlos, but that the Monarchists insisted that such a general slaughter would be useless.

Finally Manuel Silva Buissa and Alfredo Costa were given $20,000 and $10,000 respectively to kill King Carlos and Premier Franco. Arrangements were made by other men to cover the flight of the assassins, but when Buissa and Costa fired their friends lost their heads and opened fire also.

These shots resulted in the death of Prince Louise.

Woman In Glass Case.

Salisbury, N.C., July 3.—Inclosed in a nearly air-tight wooden case with a glass front, Mrs. William Tryon arrived here in a baggage car yesterday from her home in Fitchburg, Mass. Mrs. Tyron has suffered from nervous troubles and bronchitis, and, believing exposure to cool air aggravates her ills, has come south to a warmer climate.

She arrived wrapped in blankets and comforters, with perspiration pouring from her, but she stood the trip well and seemed quite cheerful.

Her traveling case, which was built after her own designs, somewhat resembles a roomy burial casket. It is comfortably upholstered, and contains a clock and books to beguile the time.

The case containing Mrs. Tryon was carried from the baggage car by several husky porters and placed in the waiting room. She will rent a cottage here.

A Black Hand Outrage.

Pittsburg, July 3.—Four persons were seriously injured and two dwelling houses partially wrecked early yesterday when a charge of dynamite was exploded at the home of George Deavotoria, a wealthy Italian, living at McKeesport, adjoining this city.

Several threatening letters signed by an alleged Black Hand organization have been received by Deavotoria recently in which $2,000 were demanded.

Starving by Roadside.

Owen Sound, July 3.—After lying for days in a starving condition near the roadside at Rockford, James Brennan, was discovered and taken to the General and Marine Hospital here. He is from Dornoch and his mind is unbalanced.

Lightning Hit Bricklayers.

Laplato, Mo., July 3.—Three bricklayers at work on a building were killed by lightning and a fourth seriously injured.

COLLAPSE OF BRICK WALL

Three Men Seriously Injured at Chatham---One May Die.

Chatham, July 3.—The walls of the boiler room of the Wm. Brader box foctary on Grand avenue collapsed yesterday afternoon at two o'clock, mortally wounding one man and seriously injuring two others.

Wm. Walters of Selkirk street, aged 65 years, had his left leg broken in two places, skull crushed and face badly mangled, and is not expected to live.

Geo. Nothercliffe of Harvey street, aged 67 years, had his side badly injured and his spine hurt. He was rendered speechless and unable to move.

Julius Primeau of Wood street, aged 70 years, had his left arm mangled from the tops of his fingers to the shoulder, face badly cut and side injured.

The three men were at work when the walls came down upon them without any warning. The loud crash soon attracted other workmen to the spot, who hurriedly extracted their comrades from beneath the ruin. Four local doctors were called, and after they had received medical attention, the injured men were removed to the hospital.

The collapse of the building is said to have been caused by defective masonry in the walls.

THE ST. JOHN'S BANK FAILURE

More Sensational Revelations Brought to Light---Notes Issued.

Montreal, July 3.—More sensational revelations have come to light in connection with the ill-fated Bank of St. Johns.

It will be remembered that in the famous "black list" which was published as being reported to the Finance Department as good values, there was a large amount, representing notes of C. S. Roy, the president's brother.

It now transpires that the discovery has just been made that a great many of these notes were the president's, and that others bearing the name of C. S. Roy had been substituted.

This makes Hon. Mr. Roy's position even worse than was at first supposed. There does not appear to be any hope that the project to revive the bank will succeed. These gentlemen in St. Johns, Gabriel Marchand being of the number, have made an offer to the depositors of 15 cents on the dollar, but there is a tip from the inside that the prospects of liquidation if continued may give them 40 cents, so it is highly probable that an official warning will soon be forthcoming, asking the depositors not to sacrifice their holdings.

Woman's Suffrage.

London, July 3.—Mrs. Humphrey Ward, the novelist, in a letter to The Times recently, described the position of the women's suffrage movement in the United States, where, she said, despite the keen agitation, woman's position was less advanced than in England.

Mrs. Millicent Carrett Fawcett replies in a letter to The Times, admitting this fact, but contending that this was not due to the anti-suffragette movement, but to the corruption of American municipal and state politics and difficulties with the negro and alien problems which impel Americans to do their utmost to keep their women out of polities.

Chinese Smugglers Freed.

Windsor, July 3.—Chas. Deneen and William Carley of Windsor pleaded guilty of Chinese smuggling and were let go on suspended sentence. Both made affidavits that they had arrangements with Immigration Inspector Hoffman to notify him when they brought Chinamen over, and it is supposed that this resulted in their discharge.

NEIGHBORS HAD STORMY INTERVIEW

Were in Police Court This Morning---Case Was Dismissed

Mr. and Mrs. Thos. Price were charged with screaming and creating a disturbance on Dominion Day, at the Police Court this morning. Mr. G. N. Gordon appeared for the accused and pleaded not guilty. The case was dismissed.

Mr. Angus McPherson, sr., was the first witness called. He said that he lived on Patterson street, near Rutherford avenue. There was considerable disturbance going on in Price's home. They could be heard all around.

Mrs. Howell went into the witness box. She said that she lived next door to Mrs. Price. She heard the screaming and Mr. Price was making charges against witness' character.

Mr. Price denied that there was any row. He said that he had been out looking for a house all morning and when he returned at noon there was trouble going on. P. C. Newball was sent for and everybody talking at once tried to explain matters.

Other witnesses gave evidence including Mrs. Price and Mr. Howell, but after hearing it all, his Worship dismissed the case.

Fredericton, N.B., citizens complain that there is too much lovemaking in the parks.

ELECTION BILL WAS HIS OWN MEASURE

Sifton Had Nothing to Do With the Election Bill—Aylesworth Claims Responsibility for its Provisions—Clause One is Amended so That the Opposition's Wishes Are Acceded To.

Ottawa, July 3.—Mr. Aylesworth made it plain yesterday that he would accept the arrangement made by Sir Wilfrid Laurier in regard to the Manitoba voters' lists as a truly loyal follower of his chieftain, but that if he had been the boss of the show he would not have given way. At the same time the Minister of Justice laid on his own shoulders the full responsibility for the bill that has kept Parliament sitting for months beyond the reasonable length of time.

He said Mr. Sifton neither drafted nor inspired the Manitoba feature, and entered into a long argument to prove that the bill is really a remarkable example of just legislation, and that the need of provision for the making of new lists in Manitoba had been abundantly proven.

The amended clause one is a retreat on the part of the Government so far as Manitoba is concerned. Jackson and Turriff are thrown to the lions, and the only duty imposed on the judges is that of distributing the names on the provincial lists among the seven polling sub-divisions of the Federal ridings, a proposal assented to by Mr. Borden and Dr. Roche six weeks ago.

The provisions regarding British Columbia and the unorganized districts of Quebec are dropped altogether, but New Ontario is to have new lists prepared.

Mr. Aylesworth said he was prepared when the bill reached the committee stage, to move the adoption of the substitute clause for clause one. With regard to Manitoba he proposed to provide that in certain months of the year there shall be constituted a committee of one or three of the county court judges of the province for the purpose of allocating voters. There were seven judges who would meet and assign to each Dominion electoral division a committee of their own number.

That committee would establish local polling sub-divisions for the next Federal election, and would assign to each the voters who ought to vote there.

In the allocating of voters every one would have a right to be heard. The judges would take the existing provincial lists and simply distribute the names among the polling sub-divisions.

"In proposing that substitute for the Province of Manitoba," said Mr. Aylesworth, "I am not losing sight of the fact that the work of preparing lists shall be done by men appointed by this Government by men who would be the friends of this Government.

"That feature is entirely eliminated simply because I adhere to the proposition made by my honored leader, who said he was prepared to put the preparation of voters' lists out of the hands of his party friends and place it in the hands of judges above the reach of political influence, and if he is prepared to take that course, and if I am following him in that course. I think we are setting an example that each province will do well to follow.

"I am influenced largely in yielding to the views of my honored leader, by the steps taken by the Manitoba Government to remove to a degree the objections to the manner in which the clause has been administered.

"I am influenced very much by the fact that steps have been taken to make the list less objectionable, and even if these steps do not entirely remove the objections, we can afford to wait and see."

Mr. Aylesworth went on to say that this Parliament retained the right to dictate its own franchise and if experience showed no betterment of conditions in Manitoba the Parliament had the power to redress the grievance.

"I am content," he said, "to abide by what the leader of the House said and the limit in the Province of Manitoba amendment to the establishment of voting places and the allocation of voters, adopting for the present at least, the provincial lists."

Speaking of the acceptance of Mr. Borden's proposal to ask the judges to allocate the names; Mr. Aylesworth said:

"The leader of the House closed with that proposition he did so, as he said, after consideration, after consultation, and he did so, so far as I am concerned, with my full consent, whether that consent proceeded upon conviction or upon the persuasion of my honored leader does not signify."

When the bill was called H. H. Miller was put up and when he concluded a long speech, which was a defence of the feature which has been attacked so vigorously by the Opposition, and it was expected that Mr. Aylesworth himself would announce the terms of the settlement.

He, however, nodded to Mr. Conmee, who continued the discussion.

Mr. Conmee summarized the objections to the Ontario lists.

Mr. Aylesworth said he had been subjected to a great deal of abuse since this bill was introduced. Much of the criticism of the bill had been due to misapprehension. The last section had been criticized on the ground that it encouraged the incorporation of companies for corrupt political purposes. The intention was to forbid any campaign contributions by any company or association other than one incorporated for political purposes alone. He had in mind the Ontario Liberal Association, and it never occurred to him that any objection would be made to that.

The Minister of Justice denied that he had attempted to delude the public when he glossed over the first clause on the introduction of the bill. The leader of the Opposition was entirely wrong in saying that the bill of this year was identical with the one prepared in 1904, and vetoed by the then Minister of Justice. As a matter of fact the 1904 bill provided for the preparation of lists de novo, while this bill was based on provincial land.

Mr. Aylesworth took full responsibility for the bill, which he drew with his own hand and which he was prepared to defend, and he had never even seen the bill said to have been rejected by Sir Charles Fitzpatrick. Mr. Sifton had no part or lot either in preparation of the bill or the inspiration of it.

The Minister next turned his attention to clause 17. He went back to 1878, when a close relative of his own was counted out of a seat in Parliament, because the deputy returning officer unintentionally put numbers on ballots. The intention of the clause was that ballots which might be intentionally numbered by a dishonest deputy for purposes of disenfranchising electors, might be counted as legal. The Election Act provided severe penalties on a man who tampers with a ballot.

Mr. Lancaster pointed out that the new clause did not cover the Wentworth case, but Mr. Aylesworth replied that he was proposing to prevent honest votes being disallowed because of the mistake of a deputy.

The second reading was passed and the House went into committee.

FOUND DEAD IN BEDROOM SITTING IN HER CHAIR

Mrs. James Northcutt, 189 Charlotte street, was found dead this morning, sitting in her chair in her bedroom. The deceased woman retired last evening, apparently in excellent health, but it is thought that she expired while undressing herself as when found this morning it was quite evident that she had been in the act of removing her garments when she passed away.

The deceased was 68 years of age and was born in Reading, Berkshire, England. She had only been in this country two years. During her residence here she had made a number of friends, who will regret to learn of her sudden demise. She was a member of the local Salvation Army corps.

Four sons residing here and one daughter in England are left to mourn her loss. The sons are Messrs. Walter C. Northcutt, late deputy bandmaster of the Army band; Chas. Robert and Arthur. Ford Northcutt of this city, is a grandson of the deceased.

The funeral will take place to-morrow afternoon at 4 o'clock from the family residence to the Little Lake cemetery.

FELL OFF LOAD OF HAY AND HAD HIS HEAD BADLY CUT

This morning on King street, Mr. Richard Elgin, accompanied by his son Edward, were driving into the city with a load of hay, when the load slipped and fell over, throwing them both onto the ground. Mr. Elgin received a rather cut on the side of his head by reason of the fall and had to be carried into the residence of Mr. Walter Edmunds and medical aid was summoned.

The physician in attendance found it necessary to put three stitches in the wound to close it.

SPECIAL TRAIN

The C.P.R. will run a special train to Peterborough on Monday, July 31st, for the convenience of the Orangemen and those desiring to attend the celebration of the Battle of the Boyne at Peterborough that day. Single fare for the round trip. Special train leaves Norwood at 8.35 a.m.—Norwood Register.

THE AXLE BROKE

While the old dynamo of the Electric Light and Power Company was being conveyed to a car on Friday, for shipment to Peterborough, the front axle of the truck broke which caused a delay in operations. — Port Hope Times.

C. C. Arthur, M.A., is now principal of Cobourg Collegiate Institute.

DAYLIGHT BILL MAY BE PASSED

British House of Commons is Considering the Measure---Begin Work an Hour Sooner.

London, July 3.—The Daylight Bill, a measure by which the United Kingdom is to be lured into starting the day's work one hour ahead of the time indicated by the sun, has received the unqualified blessing of the select committee of the House of Commons and all indications point to its being effective next April. The bill proposed to advance the clock one hour in April in order to promote the greater use of daylight and to give the masses one hour more playtime by light of day.

The greatest objection to the measure came from the Stock Exchange, which presented the argument that its business with America would be dislocated. For this work only two hours are available under the present conditions and under the proposed bill this time would be cut in half.

The committee of the House think this difficulty can be obviated by the adherence by those concerned to their present hours.

For scientific purposes and navigation Greenwich time is to be maintained.

THE COSSACKS WITHDRAWN

Britain's Protests to Persia Ends Cordon Incident

London, July 3.—The protest uttered by the British Government has resulted in the withdrawal of the Persian Cossacks, who have been guarding the approaches to the British legation at Teheran because of the presence in the legation of Persian refugees. The refugees are still in the legation building, and the Shah's Government has been informed that written guarantees for their lives, persons and property will be required before they are given up.

Advices received at the Foreign Office here show that the lives of Englishmen and English interests in Persia are not in danger.

King's Son Loses Suit.

Madrid, July 3.—The Supreme Court gave judgment against the son of Elena Sanz, a Bohemian opera singer, in a suit brought to recover a share of the estate of King Alfonso XII., from the Dowager Queen and other legatees, which he claimed as the natural son of the King.

King Alfonso XII. was enamored of Elena Sanz, who bore him two sons. The singer was banished from Spain after the death of the King, and died homeless and friendless in Paris in 1899. The provisions of the King's will, by which he provided an ample annuity for her, appears not to have been carried out, and the elder son sought to have his claim against the late King's estates legally established.

The case was taken first before the civil courts in Madrid and eventually referred to the Supreme Court.

Pickpockets In Plenty.

Guelph, July 3.—Detective Murray of the C.P.R. was in the city yesterday. He stated that he had seen the report that Jefferson, the pickpocket, who was arrested here recently, had been let go with a fine and had come straight to Guelph to get a photo of the man. He stated that pickpockets were becoming plentiful in this part of the Dominion and that the C.P.R. had been troubled by them a great deal, particularly during June. The line between North Bay and Winnipeg had been worked systematically. Speaking of Jefferson, he said, he knew of him as one of the best in his line of business and knew he was wanted on the other side of the line on several charges.

BAND'S PROGRAM FOR TO-NIGHT

An entertaining programme will be given by the 57th Band to-night. Below are given the different numbers;—

March, "Semper Fidelis."
Overture, "Nabuco."
Euphonium solo, "Rocked in the Cradle of the Deep," with variations by Bandsman Cronk.
Medley, Popular Song, No. 1.
Sextette, From Lucia.
Reminiscences of Scotland.
Hymn, selected.
Grand Nautical Fantasy, Voyage of a Troopship.
March, "The Boys of the Old Brigade."
God Save the King.

HARD MATTER TO CHOOSE BRIGADE

Chief Howard Says Men Applied Who Had Recommendations From the King

In selecting those who applied for positions on the fire brigade, Chief Howard says it was a very hard matter for him to make the choice of men. The applications were very numerous and many of the applicants were apparently well qualified.

"Why there were men who sought for places on the brigade," said the chief, "who had recommendations from King Edward. Some who had been sailors in the British navy would have made excellent ladder climbers, but I preferred men who knew the city and who would know the location of a fire when an alarm was rung in."

DEVOURED BY SHARKS

Six Hundred Lives Lost in Harbor at Batavia---Boats Capsized.

Victoria, July 3.—News of a boat disaster involving the loss of over 600 lives, at Batavia, was brought by the Empress of China. Many large overloaded boats were overturned in the harbor during a storm, and the shrieking passengers struggling in the water with no chance of rescue, as more fortunate boats in the neighborhood were already too crowded to permit of any others aboard. Others were snapped at by sharks. About 30 were rescued by fishermen, but over 600 were drowned. During the week following 359 corpses were found mutilated by sharks.

Twenty fishermen, marooned for months on Victor Island, rescued by two Brazilian training ships, Benj. Constant, were landed at Yokohama.

CANADA'S TRADE WITH AUSTRALIA

Commissioner Ross Sees Hope of Reciprocal Arrangement.

Vancouver, July 3.—There is a very good prospect of reciprocal trade arrangement being negotiated between the Dominion and the Australian commonwealth, according to D. H. Ross, Canadian Trade Commisioner to the states of New South Wales, West Australia, Victoria and Tasmania. Mr. Ross arrived yesterday after seven years in the antipodes.

It is understood that on his approaching visit to Ottawa he will be in a position to advise the Dominion Government respecting the extent to which the Commonwealth Government will be able to go in regard to preferential trade arrangements. For various reasons the Australian Cabinet was not in a position to accept the offer made last August by Mr. Ross on behalf of the Ottawa Government. Although the Commonwealth recently adopted a high protective tariff, preferential treatment is accorded to the British manufacturer.

Mr. Ross said: "There has been a wonderful development in trade between Canada and Australia during recent years and the possibilities for the future is even greater."

Lumber In Big Blaze.

Waubaushene, July 3.—Fire in the lumber yard of A. C. Chew, Tannersville, about a mile and a half from this village, destroyed approximately 7,000,000 feet of lumber, 2,000,000 lath, 3,000 railway ties, 50,000 broom handles, 13 Grand Trunk cars, 11 tram cars, 2,100 feet tramway.

The flames leaped up in the air hundreds of feet and made a most spectacular, yet awe-inspiring sight. The roaring of the fire could be distinctly heard two miles distant, and sounded like a freight train rushing over a long bridge.

It was fortunate that the wind was southwest, as had it been in any other direction the mill would also have been destroyed in the conflagration.

Five Die In Wreck.

Knobnoster, Mo., July 3.—Five persons were killed and at least 36 injured two miles east of here yesterday when the fast California special from St. Louis on the Missouri Pacific collided with the St. Louis special from Kansas City.

The dead: Fred Story, son of Mrs. Jennie Story, Franklin, Ky.; John Hood, Hurley, Mo., son of A. L. Hood; W. H. Harding, St. Louis, mail clerk; Train Porter J. W. Fishback. One unidentified man.

Admires Canadian Church.

London, July 3.—A copy has been issued in Parliament of the convention signed between Britain and the United States respecting food fishes in waters contiguous to the United States and Canada; also a treaty respecting the demarkation of the Canadian boundary.

At the Lord Mayor's dinner to colonial bishops, the Bishop of London said he had the utmost admiration for the church in Canada.

Lightning Killed Cattle.

Peterboro, July 3.—Eleven cattle, the property of Robert Moore, East Dummer, struck by lightning ten days ago, were found dead Wednesday under a tree in a distant part of the farm.

Fire at Killarney.

Killarney, Man., July 3.—The Lawrence Bros'. hardware store and adjoining buildings were burned out Monday night at a loss of $25,000. W. Liddle of Grimsby, Ont., owned the building.

Says Boniface Slugged Him.

Windsor, July 3.—W. A. Coots, attorney at Sault Ste. Marie, Mich., charges T. H. Bastla, proprietor Iroquois Hotel here, with assault and intent to do grievous bodily harm. Coots was thrown downstairs while stopping at the hotel. The proprietor says he made improper remarks to Mrs. Bastla.

Sues For $250,000.

Windsor, July 3.—Dr. Chalmers Prentice of Windsor has started suit in New York against the North German Lloyd Steamship Co. for a quarter of a million dollars damages for burying his wife at sea, instead of embalming the body and bringing it to New York.

Fair Mountaineer Hurt.

Vancouver, July 3.—While coasting down a snow bank on Crown Mountain Wednesday, Miss Stark struck a tree trunk and was badly injured.

FRIDAY, JULY 3, 1908

AN INTERESTING COMPARISON

We publish herewith a table showing the imports in 1896 and 1906 of the articles named. The same argument applies in favor of their manufacture at home, now as applied when the fallacies of free trade were being so strenuously fought against by the Conservatives. How can we prosper when we pay others for doing what we should be paid for by ourselves for doing ourselves!

Imports	1896	1906.
Breadstuffs	$ 6,417,767	$10,515,499
Brick, clay and tiles	261,000	1,220,913
Carriages	1,410,473	2,525,177
Cement	252,882	1,003,022
Cocoa, chocolate, etc	1,049,433	4,162,095
Twine of all kinds	261,032	2,013,091
Cottons	5,229,059	10,745,206
Earthenware ...	568,393	1,674,517
Fish and their products	947,088	1,996,527
Flax, hemp, etc	2,745,582	5,212,331
Glover and mitts	636,618	1,167,094
Hats, caps, etc	4,485,742	3,690,839
Leather, etc... ...	1,243,113	3,031,589
Brass, etc...	542,874	1,938,169
Copper	295,064	3,162,736
Agricultural implements	489,875	1,615,123
Iron and steel, etc	10,203,052	44,975,607
Minerals and manufacturers of......	14,550,251	59,839,930
Paper, etc	1,092,434	3,176,955
Provisions	1,228,041	3,189,704
Vegetables	298,861	936,154
Wood and manufacture of ...	2,904,196	8,656,370
Manufacture of wool...	8,773,857	17,892,396

In round numbers this means that we have paid out $130,000,000 of dollars to foreigners in 1906, more than we paid to them on these articles in 1896, instead of providing by means of a proper tariff for the payment of all this money to our own Canadian wage-earners. How can we prosper under such conditions? What man could afford to pay out so much more than he takes in without going headlong to bankruptcy! It is the old N.P. fight over again. Whenever the balance of trade goes against us we must take instant alarm or hard times will occur and must occur. How else can it be? Protect the producer or he will be the victim of those who are prepared to take advantage of his guilelessness. Modern trade is not dependent upon supply and demand. It is dependent upon distribution. The world produces much more as a matter of fact, than it needs. It is the strategy of the general at the head of the great army of producers, who gains a victory or loses a defeat. Defeat deposes him in military life and should depose him in industrial life. Sir Wilfrid and Mr. Fielding are the strategists of defeat. We need new and better men.

SIR WILFRID AND CONFEDERATION

Canada at 41 is a standing rebuke to those who opposed Confederation. Every evil predicted as a consequence of union has been averted; every calamity threatened has forgotten to come. One of the most doleful of the prophets of the pre-Confederation period was a politician bearing the now familiar name of Sir Wilfrid Laurier. This gentleman wrote and spoke bitterly against the bringing together of the scattered provinces. His chief objection to the constitutional change was based upon the theory that the proposition was "an English scheme." "It is for the welfare of the English "colonies that it is devised," he cried. "We do not care a fig for the Eng-"lish colonies. Let us think only "of Lower Canada and the French "race."—Mail and Empire.

Sir Wilfrid is probably the most overrated man in Canada to-day. The fruition of his labours as a statesman is like the prophecy which we quote from the Mail and Empire, more reprehensible than profitable. Twelve years under Sir Wilfrid as premier have developed unexampled and useless extravagance, a corrupt administration, a dangerous and alarming shifting of the balance of trade and cruel and heartless disregard of the rights of labour in the attempt to flood Canada with cheap Oriental wage-earners. When capital comes into competition at forms trusts. Labor must depend upon Government to maintain the equipoise. But for Mr. Borden and the Opposition this country would now be at the mercy of the coolie, as it is at the beck and call of the foreign financier. How long does anyone suppose we can go on paying out cash to creditors abroad to balance our account, at the present tremendous rate! Good crops under such conditions only add to our embarrassment. They merely choke up the fountain of cash-supply the tighter. The building of the G.T.P. has deprived us of our centre of financial gravity. Is it any wonder that people are standing and looking at each other in amazement, that there should be hard times when there ought to be just the reverse! It is all because the author of the immigration fiasco, the western lands deal, the G.T.P. blunder, the patronage list and a host of familiar absurdities has bungled also the condition of our cash resources—and we are getting worse every day.

EDITORIAL NOTES

We would suggest that the Central Exhibition get a consignment of suffragettes for its chief feature next autumn. The wild-eyed women wonders of old London would draw crowds. They are called "suffs" for short.

The best thing that can be said about the tercentenary poetry that we have received up to the present time is that as Champlain, Montcalm and Wolfe are all dead, it is not likely to hurt their feelings. — Montreal Herald.

It is said that so far, at the various festivals held this year, there has been a total consumption of 1,033,614 strawberries. Accuracy is a good thing at all times but when we think of the green appearance of many of the berries, we should say that this was being "painfully accurate."

LETTERS TO THE EDITOR

The Review Does Not Hold Itself Responsible for Opinions Expressed by Correspondents

GAY DECEIVERS

Sir,—Your advice to "Millie" is good as far as it goes, but it does not go far enough. Millie should not go with a stranger at all. If she gets her pocket picked it will be her own fault and if she finds that her beau is deceiving her, what is the difference? Girls take too much for granted. I agree with you that girls have to shoulder some of their own responsibilities. They get weak, sentimental and wishy-washy. It is better to remain single than to be played double on. Men are not too good to women and girls, that is most men, and they must learn to protect themselves. I would no more allow my Emily to go out keeping company with all the blackguards with stand-up collars and dinky little neckties who come prowling round for a place to rest in, than I'd fly. They're just tramps most of them. Any man who sees with two girls at once is a Mormon at heart.

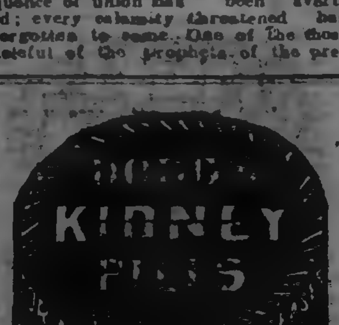
MOTHER.

CROSSING WANTED

To the Editor of the Review,

Sir,—A new sidewalk is being built on the west side of George street, running south from Rink street. Possibly while that work is being constructed the crossing so long promised at 56 George street, will be built. There is one cement pipe lacking to complete the bridge leading to the driveway at the above address. That pipe has also been promised for some time. There is no time like the present to do these things.

RATEPAYER.



POPULAR TEACHER IS REMBERED

Miss M. McConnell Presented With Address and Gold Bracelet

On Friday afternoon, June 26th, a goodly number of the friends of S. S. No. 1, Smith, assembled at the school to bid farewell to Miss M. L. McConnell, who has served them as teacher for the past three and one-half years, and who will be greatly missed among the host of friends whom she has won for herself during that time.

A very pleasant afternoon was enjoyed by all, and before concluding, the chairman, Mr. F. Cann, requested Miss McConnell to come forward, when she was presented with a gold bracelet set with cut rhine stones, by Miss Mildred Mahood, accompanied by the following address read by Miss Vera Cann—

Smith, June 26, 1908.

Miss M. S. McConnell—

Dear Teacher,—We the pupils of S. S. No. 1, Smith, take this opportunity on the eve of your departure from us to tender you our thanks and appreciation for the services rendered our school during the past three and a half years. You must have been discouraged many times at the lack of interest taken by us, yet we desire to assure you that the seed sown in our hearts from time to time will, by the grace of God, we trust, bring forth an abundant harvest.

And now, in conclusion, we ask you to accept this bracelet from us as a very slight token of our esteem and good will for you, not only for your success in this life, but also for your spiritual and eternal welfare. Hoping that it may serve as a pleasant reminder to you of the many kind friends you have made for yourself in Smith.

Signed on behalf of the school,
VERA CANN,
MILDRED MAHOOD.

Miss McConnell was taken completely by surprise, and was deeply affected by the kindness of the pupils, yet she found suitable words to thank them for the kind words expressed in the address and for the beautiful present, assuring them of her deep interest in their welfare and trusting that they ever would be found pressing onward and upward.

OUR NATIONAL DANGER

Time to Cry a Halt Before Complete Wreck Results

There are thousands, both men and women, who do not take time to eat properly. They rush through life and as a result we have an age of indigestion, nervousness, irritability, sleepless nights, and morose disposition. Our national danger is stomach weakness, due to the strenuous life.

Mi-o-na tablets, strengthen the walls of the stomach and stimulate secretion of the digestive juices. They make the stomach comfortable and cure indigestion.

Sick headaches, palpitation, yellow skin, and coated tongue are a few of the many distressing results of indigestion that Mi-o-na never fails to cure.

W. Mcdill, druggist, corner of Hunter and George streets, Peterborough sells Mi-o-na in 50 cent boxes, and guarantees to refund the money if it does not give complete satisfaction.

REVIEW WANT ADVTS.

The Review want advertisements are read by thousands, for people want what they want when they want it.

If you need help,—Servants, hands, or workmen, try the Review want ad columns.

If you have anything to sell, from a pickaxe to an Auto, use the Review want ad columns.

If you have lost anything try a want ad in the Review and almost certainly you will recover the lost article. If you want an owner for anything found a Review want ad will bring the owner to light.

RATES FOR REVIEW WANT ADVTS.

One insertion —	25 cts.
Three insertions —	50 cts.
Six insertions —	80 cts.
Ten insertions —	$1 00

Never mind counting the words. Say what you have to say, describe what you want to describe fully, so that the advertisement will be of service. We don't count words, we want you to get the benefit of the advertisement.

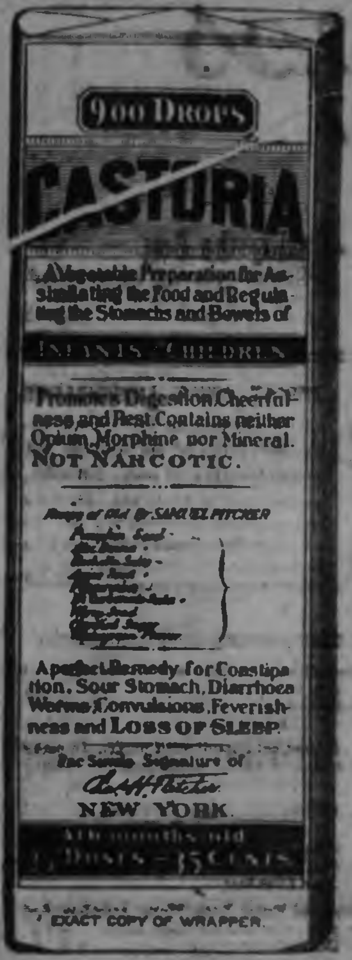
A Thoughtless Druggist.

ONLY a thoughtless druggist would offer a preparation without the signature of Chas. H. Fletcher when Castoria is called for; the "delicate, faint and flickering light" that joins baby's life to its devoted parents being too sacred, to the self-respecting druggist, to be trifled with.

For over thirty years Mr. Fletcher has given, and still gives, his personal attention to the preparation of Castoria. It has won the confidence of mothers and physicians everywhere—never harmed the tiniest babe. This cannot be said of Imitations, Counterfeits and the "Just-as-good" rot.

The thoughtless druggist only offers the counterfeit becau of a few pennies more profit. Any new preparation can be but an experiment, and hey are experiments—mere guess work—irrespective of what their sponsors m y say for them. It is experience of over thirty years against wild and injudicio experiment.



900 DROPS
CASTORIA

NEW YORK.
35 DOSES - 35 CENTS
EXACT COPY OF WRAPPER.

Letters from Prominent Druggists addressed to Chas. H. etcher.

S. J. Briggs & Co., of Providence, R. I., say: " have sold Fletcher's Castoria in our three stores for the past twenty rs and consider it one of the best preparations on the market."

E. W. Stucky, of Indianapolis, Ind., says: "To hat we have recommended and sold your Castoria for years is the b ndorsement we can possibly give any preparation. It is surely full erit and worthy of recommendation."

Henry R. Gray, of Montreal, Que., says: "I w ay that your Castoria for children is in large demand and that it gi general satisfaction. Not being a secret nostrum many medical men er it when circumstances indicate the use of such a preparation."

W. G. Marshall, of Cleveland, Ohio, says: "We h found your Castoria to be not only one of the best sellers in the icine market, but a preparation that gives almost universal satisfact in fact we cannot recall having had a single complaint from any our customers who have used it."

Owens & Minor Drug Co., of Richmond, Va., sa "It is with pleasure that we lend our endorsement to Castoria, a aration of proven merit. During our long experience in the drug iness we have had abundant occasion to note the popularity of the uine Fletcher's Castoria, which we unhesitatingly recommend."

Brannen & Anthony of Atlanta, Ga., say: "No t if we were called upon to state positively what medicine we had sol the greatest length of time, the greatest number of bottles sold, an e most satisfactory preparation to us and also to the customer, we f at we could safely and conscientiously say Fletcher's Castoria."

NORWOOD

Special to the Review.

Norwood, June 30th.—Miss Josie Gormley is visiting her cousin, Miss May Loughbridge, of town.

Mrs. C. J. Searight has returned after visiting her daughter, Mrs. Jetty Thompson, at Campbellford.

Miss Katie Sykes, of Warkworth, is visiting Mrs. John Forsythe, of town.

Mrs. Elliott is visiting her daughter, Mrs. T. Goughbridge.

Miss Nellie Thompson is visiting friends in Peterborough.

Mrs. T. Robinson is visiting friends in Peterborough.

Miss Marion Chisholm, of Toronto Junction, is visiting her auntie, Mrs. T. Howson, Queen street.

Miss Mary Johnston, of Havelock, is visiting her parents, Mr and Mrs. J. Johnston, town.

Miss Jessie Young, of Toronto, is visiting her parents, Belmont street.

As there is not going to be a big day in Nowood on July 1st, a large number of our citizens are preparing to go fishing on that day.

Mr. John Clydesdale, of Dummer, had a horse badly disabled by lightning in the storm on Monday night of last week. His brother, Mr. Wm. Clydesdale, had a valuable horse killed during the same storm. The farms are some distance apart. Both animals were pasturing in a field at the time.

The fuse was burned out in several of the telephones in Norwood during Monday night's storm and were out of business for a while.

Elgin Sunday school held their annual picnic and excursion to Healey Falls on Monday, June 29th, per steamer Rainbow and scow. The boat left Hastings at eight o'clock a.m., calling at Curtis' and McConnell's Landing, also at Trent Bridge. The picnic was in every was a decided success.

Dr. A. W. McPherson, formerly a member of the teaching staff of the Norwood High School is practicing at the Manhattan Maternity and Dispensary, New York.

BOARD OF EDUCATION.

A special meeting of The Board of Education was held on Monday evening to consider applications for assistant teachers on the High School staff. Some thirty or forty applications were received, and after careful consideration three choices were made for each vacancy.

Mrs. Moore, of Michigan, is visiting Mrs. J. McLaughlin, Peterborough street.

Mr. Robertson, of Montreal, is in charge of Buck & Buck's store for a few months.

There passed away in Asphodel on Friday evening last after a very lingering illness Sarah Porter, beloved wife of Duncan Fife. The funeral was held on Sunday afternoon, Rev. Mr. Thompson, of Hastings, speaking from the text, "Ye, though I walk through the valley of the shadow of death, I will fear no evil for Thou art with me.' The remains were interred in the Trent Valley Cemetery, Hastings. The pall bearers were brothers and brothers-in-law of the deceased. Eight children, all who are at home, and a husband, are left to mourn the loss of a loving wife and mother. The community extend to them their very sincere sympathy in this their sad bereavement.

Contractor Clements, under the direction of Mayor Brault, has just completed a fine cement walk into the town hall. The main walk leading from the street to the steps in front of the hall is about twelve feet wide, where it branches off to left and right in graceful curves, one going to the side entrance on the north, and the other going to the south to the door of the lock-up and to the Council Chamber. The grounds are also being levelled, and when all is completed will make a creditable appearance. Some of our citizens are, however, criticising the Council for the outlay of about $200 to complete the walk and an additional amount for the levelling of the grounds. These people claim the approach to the hall was in good condition already and that the amount required for the improvement could and should have been expended where more urgently needed.

Mr. Fred Fry left on Tuesday evening for Belmont Lake, where he is going to spend a week in quest of the game 'lunge and bass, with which the lake abounds.

The factories of Messrs. John Finlay & Son is shut down this week, and the employees are enjoying their vacation according to their different inclinations.

Word comes from the back country that if the weather continues favorable the huckleberries will be an exceptionally good crop.

Growers of small fruit in this vicinity report a heavy yield of currants and raspberries, if favored with occasional showers.

The Methodist Sunday school excursion, which was to have been to Bobcaygeon, has been changed, and will in all probability go to Stony Lake the day of the East End regatta about August 20th. This will if carried out be a splendid trip, and should attract a large crowd.

W. M. Logan will not oppose R. L. Gunn for the A. F. & A. M. grand secretaryship.

The steamer Arundel, which ran on the rocks in the Thousand Islands has been floated.

Wood's Phosphodine,
The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

Miss Kathleen Powell, who has been attending college in Toronto, has returned fo the holidays.

Miss Lilla Buck, Norwood, is visiting with Miss Susie Moore.

CHARGE WAS NOT PROVEN

D. Florence in Police Court for Buying Wire From Boys Under Eighteen

D. Florence, junk dealer, was charged with purchasing copper from Percy Holland and F. Heron, boys under the age of 18 years. He pleaded not guilty. The case was dismissed.

Percy Holland was called. He was 16 years of age. He did not sell any wire to Florence last Monday. He was with Dick Graham who did sell him some. They got the wire near the Cereal dam. It was brass and copper.

P.C. Newhall said that he received a telephone message that some boys had been trying to sell wire at Florence's shop. He went down there with P. C. McGinty. Florence at first denied that he bought any, but after some questioning, admitted it, producing a small bag. The officer said that he did not think that was the bag. He persisted in saying that it was, but his little son came in and said, "No, dad, here is the bag." Florence had not entered the purchase in his book.

Finally the little Jew boy told P.C. Newhall that Percy Holland was the one who had sold it.

Harry Florence said that he made the entry in the book, "Bought from Percy Holland."

The two Florence boys went into the box. The wire was bought from Dick Graham. He appeared to be 18 years of age.

His Worship thought that Graham could be taken for 18 years, and gave Florence the benefit of the doubt, dismissing the case.

CONSTABLE HAD COAL WEIGHED

But it Was Found to be the Exact Weight Represented---Waggon Was Ontario Coal Co.

The police of the city have the right to stop any coal dealer on the street and have him drive to the public scales and have the load weighed. This is to guard the citizens against short weight coal. One of the constables exercised this authority yesterday and had one of the drivers of the Ontario Coal company drive to the scales and have the load of coal weighed. It was found to be the exact weight represented and of course nothing further was done. The Ontario Coal Co. apparently give their customers a square deal.

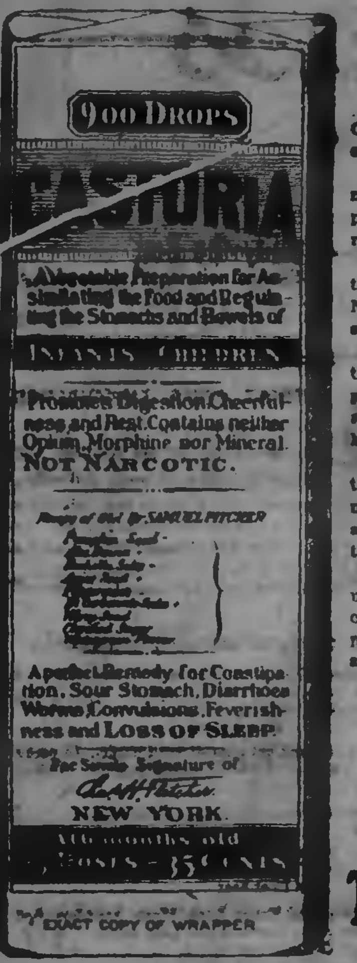
A Thoughtless Druggist.

ONLY a thoughtless druggist would offer a preparation without the signature of Chas. H. Fletcher when Castoria is called for; the "delicate, faint and flickering light" that joins baby's life to its devoted parents being too sacred, to the self-respecting druggist, to be trified with.

For over thirty years Mr. Fletcher has given, and still gives, his personal attention to the preparation of Castoria. It has won the confidence of mothers and physicians everywhere—never harmed the tiniest babe. This cannot be said of Imitations, Counterfeits and the "Just-as-good" rot.

The thoughtless druggist only offers the counterfeit because of a few pennies more profit. Any new preparation can be but an experiment, and they are experiments—mere guess work—irrespective of what their sponsors may say for them. It is experience of over thirty years against wild and injudicious experiment.



900 DROPS
CASTORIA
A Vegetable Preparation for Assimilating the Food and Regulating the Stomachs and Bowels of
INFANTS CHILDREN
Promotes Digestion, Cheerfulness and Rest. Contains neither Opium, Morphine nor Mineral. NOT NARCOTIC.
Recipe of Old Dr. SAMUEL PITCHER
A perfect Remedy for Constipation, Sour Stomach, Diarrhoea, Worms, Convulsions, Feverishness and LOSS OF SLEEP.
Fac Simile Signature of
NEW YORK.
35 CENTS
EXACT COPY OF WRAPPER

Letters from Prominent Druggists addressed to Chas. H. Fletcher.

S. J. Briggs & Co., of Providence, R. I., say: "We have sold Fletcher's Castoria in our three stores for the past twenty years and consider it one of the best preparations on the market."

E. W. Stucky, of Indianapolis, Ind., says: "To say that we have recommended and sold your Castoria for years is the best endorsement we can possibly give any preparation. It is surely full of merit and worthy of recommendation."

Henry R. Gray, of Montreal, Que., says: "I would say that your Castoria for children is in large demand and that it gives general satisfaction. Not being a secret nostrum many medical men order it when circumstances indicate the use of such a preparation."

W. G. Marshall, of Cleveland, Ohio, says: "We have found your Castoria to be not only one of the best sellers in the medicine market, but a preparation that gives almost universal satisfaction; in fact we cannot recall having had a single complaint from any of our customers who have used it."

Owens & Minor Drug Co., of Richmond, Va., says: "It is with pleasure that we lend our endorsement to Castoria, a preparation of proven merit. During our long experience in the drug business we have had abundant occasion to note the popularity of the genuine Fletcher's Castoria, which we unhesitatingly recommend."

Brannen & Anthony of Atlanta, Ga., say: "No doubt if we were called upon to state positively what medicine we had sold for the greatest length of time, the greatest number of bottles sold, and the most satisfactory preparation to us and also to the customer, we feel that we could safely and conscientiously say Fletcher's Castoria."

NORWOOD

Special to the Review.

Norwood, June 30th.—Miss Josie Gormley is visiting her cousin, Miss May Loughbridge, of town.

Mrs. C. J. Saright has returned after visiting her daughter, Mrs. Jetty Thompson, of Campbellford.

Miss Katie Sykes, of Warkworth, is visiting Mrs. John Forsythe, of town.

Mrs. Elliott is visiting her daughter, Mrs. T. Goughbridge.

Miss Nellie Thompson is visiting friends in Peterborough.

Mrs. T. Robinson is visiting friends in Peterborough.

Miss Marion Chisholm, of Toronto Junction, is visiting her auntie, Mrs. T. Hewson, Queen street.

Miss Mary Johnston, of Havelock, is visiting her parents, Mr and Mrs. J. Johnston, town.

Miss Jessie Young, of Toronto, is visiting her parents, Belmont street.

As there is not going to be a big day in Norwood on July 1st, a large number of our citizens are preparing to go fishing on that day.

Mr. John Clydesdale, of Dummer, had a horse badly disabled by lightning in the storm on Monday night of last week. His brother, Mr. Wm. Clydesdale, had a valuable horse killed during the same storm. The farms are some distance apart. Both animals were pasturing in a field at the time.

The fuse was burned out in several of the telephones in Norwood during Monday night's storm and were out of business for a while.

Elgin Sunday school held their annual picnic and excursion to Healey Falls on Monday, June 29th, per steamer Rainbow and scow. The boat left Hastings at eight o'clock a.m., calling at Curtis' and McConnell's Landing, also at Trent Bridge. The picnic was in every way a decided success.

Dr. A. W. McPherson, formerly a member of the teaching staff of the Norwood High School is practicing at the Manhattan Maternity and Dispensary, New York.

BOARD OF EDUCATION.

A special meeting of the Board of Education was held on Monday evening to consider applications for assistant teachers on the High School staff. Some thirty or forty applications were received, and after careful consideration three choices were made for each vacancy.

Mrs. Moore, of Michigan, is visiting Mrs. J. McLaughlin, Peterborough street.

Mr. Robertson, of Montreal, is in charge of Buck & Buck's store for a few months.

There passed away in Asphodel on Friday evening last after a very lingering illness Sarah Porter, beloved wife of Duncan Fife. The funeral was held on Sunday afternoon, Rev. Mr. Thompson, of Hastings, speaking from the text, "Ye, though I walk through the valley of the shadow of death, I will fear no evil for Thou art with me." The remains were interred in the Trent Valley Cemetery, Hastings. The pall bearers were brothers and brothers-in-law of the deceased. Eight children, all who are at home, and a husband, are left to mourn the loss of a loving wife and mother. The community extend to them their very sincere sympathy in this their sad bereavement.

Contractor Clements, under the direction of Mayor Brault, has just completed a fine cement walk into the town hall. The main walk leading from the street to the steps in front of the hall is about twelve feet wide, where it branches off to left and right in graceful curves; one going to the side entrance on the north, and the other going to the south to the door of the lock-up and to the Council Chamber. The grounds are also being levelled, and when all is completed will make a creditable appearance. Some of our citizens are, however, criticising the Council for the outlay of about $300 to complete the walk and an additional amount for the levelling of the grounds. These people claim the approach to the hall was in good condition already and that the amount required for the improvement could and should have been expended where more urgently needed.

Mr. Fred Fry left on Tuesday evening for Belmont Lake, where he is going to spend a week in quest of the game 'lunge and bass, with which the lake abounds.

The factories of Messrs. John Finlay & Son is shut down this week, and the employees are enjoying their vacation according to their different inclinations.

Word comes from the back country that if the weather continues favorable the huckleberries will be an exceptionally good crop.

Growers of small fruit in this vicinity report a heavy yield of currants and raspberries if favored with occasional showers.

The Methodist Sunday school excursion, which was to have been to Bobcaygeon, has been changed, and will in all probability go to Stony Lake the day of the East End regatta about August 20th. This will if carried out, be a splendid trip, and should attract a large crowd.

W. M. Logan will not oppose R. L. Gunn for the A. F. & A. M. grand secretaryship.

The steamer Arundel, which ran on the rocks in the Thousand Islands has been floated.

Wood's Phosphodine, The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

FROM KEENE.

Special to the Review.

Keene, June 30.—Mr. and Mrs. Rent, Midland, were the guests of Mrs. Thomas Wedlock last week.

James Wedlock's yacht brought down a tow of logs from Hiawatha last week to Keene. The cut off Mr. W. Wedlock's limits near the Indian reserve.

Mr. Langdon, Winnipeg, visited friends in Keene last week.

Mr. Edward Porter is the guest of his sister, Mrs. Gilbert Howson.

Miss Denne, Peterborough, spent Thursday in Keene.

Miss Lizzie Nelson, Toronto, is the guest of her parents, Mr. and Mrs. Wm. Nelson.

Mr. and Mrs. A. D. Anderson and Mrs. W. Howson left on Dominion Day for a months' outing on Stony Lake. They have secured a cottage on Syndicate Island for July.

Miss Elizabeth Nelson, Villiers, and the Misses Ferguson, Peterborough, spent Saturday in Keene, the guest of Mrs. Wm. Moore.

Master Harold Smith, Peterborough, is a guest at the Victoria House.

Mr. and Mrs. Robert Humphries visited friends in Monaghan on Sunday.

Mr. Walter Read, Bobcaygeon, is the guest of Miss Bessie Read.

Mr. J. J. Dickson left on a frog-catching trip to the north on Monday.

Miss Maud Harrison is visiting friends at Orillia.

Mrs. W. Montgomery, Roseneath, is the guest of her mother, Mrs. Wm. Wedlock.

Miss Margaret Brough visited relatives in Hastings on Wednesday.

Miss Reesor, Markham, is the guest of Mrs. Allan Eason.

Thirty-three candidates wrote in the Entrance Examinations at Keene last week. This is about double the number that wrote last year and the largest number for any year since the entrance was held here. Mr. Priddle, Havelock, acted as presiding examiner. Seven of the candidates were from Keene school.

The steamer Monarch called Thursday morning, but only took a very small crowd from Keene to the Farmers' Picnic at Idyl Wyld.

A very successful strawberry social was held by the Methodist church in the skating rink Monday evening. In spite of the heavy rainstorm there was a good attendance and a pleasant evening was spent. The Salvation Army band attended and supplied the programme.

Mrs. Wm Plunkett and Miss Ellen Plunkett spent the week end with friends in South Monaghan.

Miss Agnes Campbell has returned from her school in Kingston.

Miss Susie Moore, who has been attending the High School in Norwood, returned home last week.

Miss Adda Garry, Asphodel, is visiting her aunt, Mrs. James Elmhirst.

Mr. Sidney Smithson returned Saturday from Buckhorn, where he has been presiding over the entrance examinations held there.

The union picnic of the Presbyterian and Methodist Sunday schools will be held Friday, July 3rd.

Rev. Mr. Pogue, pastor of St. Paul's Presbyterian church, Peterborough, will preach morning and evening, Sunday, July 5th, it being the anniversary of the church.

Miss Annice Hore returned home returned home Friday after spending a very pleasant few days with her college friends in Whitby.

Mr. Gordon Stark who has been attending school in Colorado Springs, returned home to spend his holidays.

Miss Sarah Taylor arrived home Tuesday, after attending the Normal School, Toronto.

Mr. John Hore, after spending a few months in the West, returned home Tuesday. He reports the crops as looking well, and that it looks like a banner year for the Western farmer.

Miss Kathleen Powell, who has been attending college in Toronto, has returned for the holidays.

Miss Lilla Buck, Norwood, is visiting with Miss Susie Moore.

CHARGE WAS NOT PROVEN

D. Florence in Police Court for Buying Wire From Boys Under Eighteen

D. Florence, junk dealer, was charged with purchasing copper from Percy Holland and F. Heron, boys under the age of 18 years. He pleaded not guilty. The case was dismissed.

Percy Holland was called. He was 16 years of age. He did not sell any wire to Florence last Monday. He was with Dick Graham who did sell him some. They got the wire near the Cereal dam. It was brass and copper.

P.C. Newhall said that he received a telephone message that some boys had been trying to sell wire at Florence's shop. He went down there with P. C. McGinty. Florence at first denied that he bought any, but after some questioning, admitted it, producing a small bag. The officer said that he did not think that was the bag. He persisted in saying that it was, but his little son came in and said, "No, dad, here is the bag." Florence had not entered the purchase in his book.

Finally the little Jew boy told P.C. Newhall that Percy Holland was the one who had sold it.

Harry Florence said that he made the entry in the book, "Bought from Percy Holland."

The two Florence boys went into the box. The wire was bought from Dick Graham. He appeared to be 18 years of age.

His Worship thought that Graham could be taken for 18 years, and gave Florence the benefit of the doubt, dismissing the case.

CONSTABLE HAD COAL WEIGHED

But it Was Found to be the Exact Weight Represented---Waggon Was Ontario Coal Co.

The police of the city have the right to stop any coal dealer on the street and have him drive to the public scales and have the load weighed. This is to guard the citizens against short weight coal. One of the constables exercised this authority yesterday and had one of the drivers of the Ontario Coal company drive to the scales and have the load of coal weighed. It was found to be the exact weight represented and of course nothing further was done. The Ontario Coal Co. apparently give their customers a square deal.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

WEDDING BELLS

McNAMARA—GIBSON

On Monday in St. Mary's church, the marriage of Miss Minnie Gibson, daughter of Mr. and Mrs. Jas. Gibson, to Mr. Martin McNamara, of Peterborough, was solemnized the knot having been tied by the Rev. Father Whibbs.

The bride wore a pretty semi empire dress of cream colienne de soie, over cream taffeta. The bridesmaid, Miss Mary Bibby, wore a dress of white silk.

Mr. Jas. Gibson of Hastings, acted as groomsman.

After the ceremony a wedding dejeuner was partaken of at the bride's home. Mr. and Mrs. McNamara left for Rochester and Buffalo, the bride's traveling suit being of blue cloth with ecru lace waist. A great many pretty and useful presents, including a beautiful clock from the boarders were received. The groom's gift to the bride was a gold locket and chain, to the bridesmaid a pearl ring and to the groomsman gold cuff links.

The bride is one of the most popular young ladies of Camp-bellford and her long list of friends will join with us in extending the best wishes to Mr. and Mrs. McNamara for a long, happy and prosperous voyage through life. — Campbellford Herald.

MATHIESON—FISHER

The marriage took place at Fraserville on Tuesday, June 30th, of Miss Ada A. Fisher, daughter of Mr. and Mrs. W. J. Fisher, to Rev. F. M. Mathieson, B.A., pastor of the Presbyterian church at Chattsworth, Ont. The happy event took place at the home of the bride and the ceremony was performed by Rev. D. McKenzie, of Centreville Presbyterian church. The bridal pair were unattended and about forty friends were in attendance. The bride's wedding dress was white silk colienne over silk and she carried a bouquet of American beauty roses and was given away by her father. Her travelling suit was of Rajah silk, with hat to match.

Mr. and Mrs. Mathieson boarded the C.P.R. evening train at Cavanville on a wedding trip to Denver, Col., Kansas, Iowa, and other points, and will be away until October 15th. They will reside at Cattsworth.

Among the guests at the wedding were Prof. Mathieson, of Queen's University, Kingston, and wife, Rev Hugh Mathieson, of Caledonia, and Dr and Mrs. Fisher, of Toronto.

LANGSTAFF—DIXON

A wedding which will be of interest to many friends of the bride in this city, took place at Maple Creek on Saturday, June 27th, when Miss Margaret May Dixon, daughter of the late Joseph Dixon, Esq., became the wife of Mr. Frederick Ogden Langstaff, of Yorkton, Sask. The ceremony was performed in the Methodist church at Maple Creek, in the presence of a large number of guests, and a reception was afterwards tendered at the residence of Mr. and Mrs. John Dixon, aunt and uncle of the bride. Mr. and Mrs. Langstaff are spending a few weeks at Banff and Calgary and the Kootenay Lakes, and will later take up their residence in Yorkton, Sask.

: One Pair of Eyes for a Lifetime :

This is the reason we look upon the proper examination of the eye as a serious thing. The constant increase in eye defects is partly due to improperly fitted glasses. The first indication of discomfort of blurred vision or constant headaches, should cause you to ascertain the source of the trouble, whether it is through the eye itself or from some physical ailments. If you come to us you can come with the full assurance that you will be told whether glasses are required or not.

We are not in the business to **"Sell Glasses"** The retention of your patronage and your commendations are far more valuable to us.

BRIGHT---DENNISON NUPTIALS

The marriage took place at Portsmouth, near Kingston, on Tuesday, of this week, of Miss Mary Etta Dennison to Rev. Alfred Bright, M.A. of Ingersoll, formerly assistant pastor of St. Paul's Church, Peterborough. The Kingston Standard has the following account of the happy event;

One of the prettiest of house weddings took place this morning at the residence of Mr and Mrs. James Dennison, Portsmouth, when their only daughter Miss Mary Etta was married to Rev. Alfred Bright, B.A., of Ingersoll. The ceremony was performed by Rev. Dr. Mackie, pastor of St. Andrew's church, and was witnessed by only the immediate relatives. The drawing room where the event took place was decorated profusely with greenery, growing plants and flowers. The floral design was most unique. An arch under which the bridal couple stood was composed of ferns, smilax and orange blossoms, being also banked with greenery and colonnade of large palms. The background was aranged as an immense fan made up of interwoven vines with dashes of orange blossoms, pink and white carnations, making in all a most effective scene.

Mendelssohn's wedding march was played by Miss Jennie Irwin, cousin of the bride who was dressed in blue mousseline de soie trimmed with baby Irish lace. She also wore the groom's gift. A crescent brooch set in pearls. The bride who was not otherwise attended, entered on the arm of her father. She wore a gown of white silk mulle with trimmings of valenciennes lace and insertion, also a handsome lace handkercief made by her great grandmother seventy-five years ago. Her veil of Brussels net was caught up with orange blossoms, and she carried a shower bouquet of white roses and lilies of the valley. The only ornament she wore was an amethyst brooch set with pearls, the gift of the groom. The little flower girl, Lorraine Irwin, cousin of the bride, looked sweet in a French gown of Persian lawn trimmed with valenciennes lace and insertion with touches of blue and wore a wreath of marguerites on her pretty, fair hair. The only ornament she wore was a fleur-de-lis pin with pearl settings, the gift of the groom. The groom also gave the bride a gift of a cabinet grand piano.

The bride was the recipient of many handsome and useful gifts, many from outside cities, all testifying to her popularity and the esteem in which she was held by her host of acquaintances.

Following the ceremony and the expression of good wishes for the happy couple, breakfast was served and after the usual toasts and speeches, the bride donned her travelling suit of navy blue voile over taffeta, the Eton coat being trimmed with tuscan soutache braid and white silk blouse, with baby Irish lace; a tuscan hat with Copenhagen blue trimming and handsome feather mount completed the costume.

Amid a shower of confetti and rice the happy pair drove away at the noon hour to catch the fast train for Montreal, where they will remain a week or more among friends of the groom; then a sojourn in the Maritime Provinces for a short time, after which they will make a brief visit at Gananoque, returning to Kingston to spend at least a fortnight with the bride's parents at Portsmouth, finally settling in mid-August in the town of Ingersoll, where the groom is pastor of St. Paul's Presbyterian Church.

RICHIE—WEBSTER

The marriage of Miss Blanche Alethea Webster, daughter of Mrs. T. J. Webster, of Oakwood; and Dr. T. W. Richie, of Horning's Mills, Ont., was celebrated Thursday afternoon. A large number from town attended the wedding including Drs. Wood, White, Jeffers and Vrooman. The wedding was one of the prettiest of June functions, and was attended by friends and relatives of the contracting parties. An immense tent was erected on the lawn at the side of the house for the wedding supper and festivities.—Lindsay Post.

Miss Webster has been a guest in the city on several occasions, and has many friends here. who will extend congratulations.

By joining the merry crowd of Durham Old Boys Wednesday, July 8th, you get one day at Niagara Falls and one day in Toronto, or two days in either place. See large advt. in this issue.

HAND PAINTED CHINA

A Two Days' Exhibit at Alex. Gibson's Jewelry Store.

The citizens of Peterborough who can find time to drop into Alex Gibson's jewellery store to-day or to-morrow will see effects in hand painted china different from anything ever before shown in Canada. These pieces are painted by artists who have made a life study of painting china by hand. There are over one hundred artists in the Pickard studios, located in Ravenswood, one of Chicago's most beautiful residential suburbs, working under the intelligent direction of Mr. Pickard (who is conceded to be one of the best art critics on the continent). The entire Pickard studio line will be on exhibit to-day and to-morrow only. This will be an excellent opportunity to secure something out of the ordinary for that October wedding or Christmas gift. Through Mr. Gibson you can place an order for any piece you wish to have painted to order and delivered at any time in the future. Every piece shown in this exhibit will be packed up and taken to Montreal on Saturday night, July 4.

HASTINGS LIKED THE 57TH BAND

And Will Try to Have it Again Next Dominion Day

The Hastings Star, reporting the Dominion Day celebration, says: During all the sports and games the booths were doing a grand business in charge of the boys, and the 57th band gave a programme such as we have never had here. Too much cannot be said of the 57th band. They came to play and play and play they did, early and often. From Mr. Gliddon down to the man who carried the music, they couldn't do too much in both quantity and quality, from the time they alighted from the train until they went in the evening. We will have them next Dominion Day if we can get them. And they appeared willing to come. The crowd were always waiting to hear them and whenever they were playing you could hardly get near the band. Their soloists are the best ever heard here. Messrs. Crook and Hughes particularly took the fancy of the crowd with their baritone and cornet solos.

Keep Cool—Keep things cool This is easily accomplished by using one of Best's best refrigerators. All prices. Better buy Best's now. Next to Post Office.

NEW PASTOR HAS ARRIVED HERE

Rev. G. W. Henderson and Family Have Taken up Residence at Charlotte St. Parsonage

Rev. G. W. Henderson and family, formerly of Port Hope, arrived in the city yesterday and have taken up their residence at the Charlotte St. Methodist parsonage. Mr. Henderson is the new pastor of Charlotte street church, succeeding Rev. H. M. Manning. Rev. Mr. Henderson will preach at both services on Sunday. He is an earnest and eloquent preacher and it is likely that a large congregation will be present on Sunday next to hear him.

OBITUARY

MRS. GEORGE LITTLE

The death occurred on Saturday, June 20th, of Elizabeth Matthews, wife of Mr. Geo. Little of Dummer. Deceased was 78 years of age and came from Ireland 52 years ago, moving to Dummer where she resided until her demise. Her husband predeceased her three years ago. She was widely known and highly respected by all who knew her.

She leaves to mourn her loss six sons and two daughters. The sons are; William, George, James, John and Robert of Dummer, and Hugh, of Swift Current, Sask. The daughters are Mrs. John Wright of Douro, and Mrs. Jacob Sidders, of Otonabee. The funeral took place on Monday, June 22nd, to the Warsaw cemetery for interment.

HAS THE CONTRACT FOR ROOFING THE ARMOURIES

Mr. James A. McGill, of Hamilton, arrived in the city last night and is registered at the Snowden House. Mr. McGill has the contract for placing the roof on the new armouries. He is here looking over the building and making arrangements for starting. He will not be in a position to commence building for some time yet, as several storeys have yet to be constructed. Mr. McGill will have several men engaged with him and will rush things when he starts.

SPORTING NEWS

ANOTHER WALK LIKELY TO BE HELD HERE IN FALL

In Case it is Will Likely be Held Under Same Auspices as the One Last Spring—Walkers Anxious for it—A Great Entry List Could be Secured

When the last walk here was over there was talk of making the event as annual one. There is good reason to believe now that this will be carried out and Peterborough is likely to see another walk here in the fall, probably in October. The personnel of the committee in charge will likely be much the same as that of last year.

The walkers who were here in the spring are very anxious to come back again in the fall. Mr. W. A. Demont, manager and trainer of Hoagland, informed the sporting editor of the Review on Dominion Day in Port Hope, that the peds would be on deck again for a walk in Peterborborough after the success of the other one held here.

"But I would suggest a three hour a night walk," he said, "not a long grind like the last one. With the men feeling fresh the people would certainly get their money's worth. There would be interesting racing all the time and some fast time would be recorded."

A pedestrian tournament of great merit could be pulled off here at the Brock street rink. A large and fast field of walkers would be willing to start among them Stacey, who is exceptionally speedy and could be looked upon to give the redoubtable Hoagland the run of his life. Tom Slater says he'll come. He's not in good shape for Jimmy Reynolds' grind at Port Hope, being twenty pounds over weight. When Tom raced here he weighed 150 and he says he now weighs 170. The fact that he is not in better trim is owing to the reason that he only knew the walk would be held a few days before it took place and consequently had not time to get into shape.

"I expect Harrison will trim me here," he said in Port Hope on the first, "but if I go to Peterborough in the fall I will be in tip-top shape, and ready to put up a big battle."

Others who would probably start if the proposed walk is held are Geo. Kubertans, the Rochester crack heel and toe man; Hoagland's boy protegees, of Auburn, and other fast Americans of note, and Charlie Stevens, Jos. Guerin the two Spencely's, Graham, of Buffalo; uCrtis, of Lindsay, and others. While the last walk held in Peterborough was a success in every way, there is no reason why another could not be put on in this city in the fall that would be much better, both in the matter of racing and finances.

HOAGLAND CHALLENGES STACEY FOR $1,000 A SIDE

W. A. Hoagland, champion heel and toe walker of the world, has issued a challenge to walk Stacey of Toronto, the leader in the walk being held in Lindsay, in a 6 day 3 hour a night walk for $1,000 a side, the race to take place in Peterborough or Toronto.

Hoagland, who holds the world's record for the 6 day 3 hour a night walk, does not believe that Stacey could have walked 20 miles in three hours in Lindsay as he was credited with doing on the first night of the walk there and thinks the track must be short.

Hoagland's record for the walk is 19 1-2 miles and he made it in three nights at three hours a night in Trenton, N.J., never varying a lap for the entire distance.

STEVENS AND W. SPENCELEY ARE HAVING A GREAT RACE

Special to The Review.

Lindsay, July 3rd. — The standing of the walkers at the end of the second three hours was as follows:

Stacey—39 miles 1 lap
Stevens, 35 miles 11 laps.
W. Spenceley, 35 miles 6 laps.
J. Spencely, 32 miles 11 laps.
Curtis 32 miles
Green, 31 miles 13 laps.
Hartley 30 miles 3 laps.
Riley 25 miles 7 laps.

Stacey maintains a big lead and the real race is between, Charlie Stevens and W. Spenceley. Both are walking strong and are furnishing much excitement. Riley has a sore foot and dropped out before the finish last night. He will likely start again to-night.

The attendance was very good last night and the walk is causing considerable excitement. Dave Hartley is putting up a game fight.

The track is 15 laps to the mile.

HOAGLAND AND SLATER MAKE GAINS IN PORT HOPE WALK

Hoagland, 45 miles
Harrison 44 miles 10 laps
Slater, 44 miles 6 laps.
Guerin, 43 miles 4 laps.
Erk'ens, 34 miles 9 laps.

The above table of the standing of the walkers at the conclusion of the second day at Port Hope shows that Hoagland has gained two laps on Harrison since the first day, when he finished one lap in the lead of the local walker. Slater made up three laps on Harrison and there is now a difference of 5 laps between the two. The Peterborough man is feeling in splendid trim and says he will go right out after position from the first "ding" of the gong to-night. Last night's walk was three hours, from 8 to 11. The crowd is turning out well and the band helps to make things bright.

"The prospects are that Jimmy Reynolds' walk will be quite successful. The crowd are all taken up with Hoagland's remarkable walking and they think Harrison is a splendid heel and toe traveller. Slater has picked up since the first day when he didn't go as well as he usually does, and the race is becoming more interesting. On account of the short notice, he had of the walk Tom is not in as good trim as he would have been had he known sooner and commenced training for the contest. If he stays on the way he did last night he may give Harrison a strong bid for second money.

Hoagland is looked upon as a certain winner.

STEVENS SENDS A CHALLENGE

Wants to Have Winners of the Two Walks Come Together

Special to the Review.

Lindsay, July 3.—George Stevens, manager of the big walk here has sent a challenge to the management of the "ped" tournament at Port Hope, to have the winners of the contests meet. Stacey and Hoagland will, of course, be the men brought together. No word has yet been received from Port Hope regarding the defi.

ONE WAY TO KILL WALKING GAME

Is by Not Having the Tracks Properly Measured—An Important Consideration

There is no doubt about it, walking is a great sport, but there is a possibility of that as well as any other game being killed. The time in some walks is very fast, so fast indeed that it looks as though the tracks in some instances may have been measured short.

There is no quicker way to sidetrack the sport than to have the pedestrians race on courses which are under measured. Suppose for instance, that Stacey, who is a star performer, went at his top speed on a short track and made record time and then walked under that time on a properly measured course some people would say he wasn't doing his best. Only reliable men should be allowed to have anything to do with the measuring of tracks and their measurements should be checked by a qualified surveyor.

TWO PROTESTS CONSIDERED

At Meeting of City Baseball League—T.A.S. Protest Was Thrown Out

At a meeting of the executive of the City Baseball League last night it was decided to take no action on the protest of the T.A.S. team in connection with the game played against the West Ends. The T.A.S. management maintained that the West Ends had cancelled the certificate of a man who was still in the city in order to have Kane play in the game against the T.A.S. The majority of the executive were against the protest and no action was taken.

The Y.M.C.A. team was ordered to replay part of a game against the Wellingtons, in which the association team played a man who had not been granted a certificate.

Several other matters were dealt with.

THE CHIEFTAINS AND PORT HOPE

Below is the batting order of the Y.M.C.A. Chieftains for the 8th of July, when they play against Port Hope at Riverside Park.—

Minorgan, 3b.
Crane, 2b.
Kinn, p.
Long, ss.
Munroe, 1b.
Turner, c.
Browne, lf.
Burritt, cf.
Lees, rf.
Howden, Hall, Walks, spares.

LACROSSE

The Lindsay Lacrosse Club won their first game yesterday by default as Millbrook did not show up. The grand stand on the agricultural grounds was well well filled with people who had come out to see the local boys play their first game. The team had a practice before the crowd and made a splendid showing. They were all confident of beating Millbrook, and it was a shame to disappoint the crowd. About 3 o'clock the manager received a telegram from Millbrook, saying that they could not come. Manager Gartlan grew very wrathy, and he went before the throng and announced that the game would not be played. The crowd were sadly disappointed, but they received their money back as they went out.

The defaulting of the game by Millbrook means that they will have to fork out $25 to the president of the league.—Lindsay Free Press.

BOWLING ALLEYS FOR THE Y.M.C.A.

Work Will be Commenced on Them at Once—To be Ready in August

At a meeting of the Board of Directors of the Y. M. C. A. last night the Property Committee were given power to go ahead with the installing of the bowling alleys. Work will be commenced on the basement for the installation in a few days. It is expected they will be completed and ready for use by Aug. 15th.

LAWN BOWLING

Some interesting games were played, among them being a game between:—

A. R. Kidd, skip 8 D Belleghem sk. 18

Schedule for this evening:—
W. S. O'Brien vs. Ed. Runnolls.
George Giroux vs. Dr. Holloway.
R. Cottrell vs. W. H. Isaac.
J. E. McIntyre vs. T. B. Pratt.

WORLD'S RECORD MADE AT LINDSAY

Stacey Makes Great Time if the Course is the Right Distance

The Lindsay Post says: — The big feature of the whole walk so far is the amazing speed and form of James Stacey of the Irish Canadian Athletic Association of Toronto, who had covered exactly the twenty miles as the gong rang, making a world's record. He was cheered to the echo. Hoagland, the present world's champion walker, did 19 1-2 in Peterborough in three hours and until last night that had stood as unbeatable. Stacey's new figure is expected to stand for a while too.

HARD AND FAST.

Lindsay people certainly didn't know what to expect when they first heard of the walking match and many were the opinions expressed that it would be an awful frost or something like that. Anyone who saw last night's grind and didn't get their money's worth have most unusual tastes. In the opinion of the majority there, walking, when played fair, is just about the greatest game going.

2 Moldock.
3 Helen Orpey.

ARTIE EDMUND'S PLANS

Artie Edmunds is back in town from New York where he succeeded in getting only one match, that at 128 pounds, with young Guerini, who has been walking all around the little fellows down Gotham way. Artie gave Guerini a fierce beating but he broke his own left hand in doing it. Guerini refused to get into the ring unless Edmunds removed the tape from his hands, but the Italian insisted on using it on his own. Edmunds consented and then made Mr. Guerini squeal. This, of course, added a great deal to Edmunds' popularity in New York, where he has always won his battles in the ring and on the mat after making all sorts of concessions to his adversaries. The "pocket Hercules" will be in town for about a week before doing the summer parks with his well-known physical culture act. In the fall he will go to England and endeavor to get matches with some of the horde of light and featherweights for which that country is noted.—Globe.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

BASEBALL

T. A. S. VS. LAKEVIEWS.

The following members of the T. A. S. ball team are requested to be at the Oval to-morrow at 3 o'clock for their game with the Lakeviews:

L. Doherty, L. Derocher, C. Giroux, W. Cahill, L. Giroux, G. McFadden, J. Doris, J. Devlin, C. Hayes, Fred Derocher, V. Corkery, H. Quinlan.

The T.A.S. must win this game to keep in the running and every man is urgently requested to be on hand.

The Petes play Whitby on Tuesday, July 7th, and Port Hope on Wednesday, July 8th.

ATHLETICS

London, July 2.—Lord Desborough, in behalf of the British Olympic Council, recently has been appealing to the British public to subscribe $50,000 for the purpose of entertaining the judges and officials and the 2,500 foreign athletes who are coming here for the Olympic games. Yesterday, however, Lord Desborough stated that the response had been so small that the council had been compelled to abandon the proposed official reception, excursions and entertainments, as the British Government provides no fund for such purposes, in contrast he pointed out, to the Greek Government, which spent $12,500 at Athens on a similar occasion in 1906. Lord Desborough said it was incredible that a great and wealthy nation should refuse to return the hospitality which British athletes have received in every quarter of the globe.

The Daily Mail this morning editorially takes up the failure of the British people to subscribe a sufficient fund for the entertainment of the visiting athletes to the public to respond to this great emergency to save the national reputation for hospitality and good-fellowship. The Mail heads the list with a donation of $500.

BY STEAMER TO IDYL WYLD

Bricklayer's and Mason's Union No. 17 will run their 1st annual Excursion to Idyl Wyld on Saturday afternoon, July 4th, via str. Otonabee. Boat leaves Wolfe St. wharf at 1.30 sharp, Street Railway wharf at 2.00 sharp. Adults 50c, Children 25c.

LAWN SOCIAL AT HOUSE OF REFUGE

Will be Held on Thursday Evening, July 9th

A lawn social will be held on the House of Refuge grounds at Lakefield on Thursday evening, July 9th. It is being arranged by the committee of management and promises to be a most successful event. The Lakefield band will be in attendance and will assist in the programme. Refreshments will be served and it is expected that the attendance will be large.

HAYING WILL BE IN ORDER SOON

Smith Township Farmers Will Start Hay Harvest Next Week

"Drawing in the hay," will be in full swing in Peterborough County next week. A good crop will be harvested. Reeve Scott, of Smith, who was in the city to-day, stated that everything was being put in shape to start haying next week. The hay has made splendid growth during June and the crop will be well up to the average and much better than last year. The grain crops are coming along well and the farmers are well satisfied with the prospects.

ENGINE WOULDN'T PUMP WATER

Test Made by Fire Brigade Yesterday--Will be Repaired at Once.

The steam engine of the Peterborough Fire Department won't work, but it will be put into order as soon as possible. Yesterday afternoon it was tested at Aylmer and Brock street, a suction pipe being put into the creek and the engine refused to pump water.

Chief Howard stated to The Review to-day that the engine had not been receiving the attention it required, and in consequence would not pump satisfactorily.

The boiler is in excellent condition but some of the valves are out and want setting. As soon as repairs are made to it another test will be made.

ST. ANDREW'S CHURCH

Service preparatory to communion will be held at St. Andrew's church to-night at eight o'clock.

REV. DR. TUFFTS TO CROSS LINE

Will Become Pastor of Church at Sommerville, Mass.

Rev. Dr. Tuffts, of Stellarton, Nova Scotia, who supplied at St. Paul's church before Rev. R. M. Pogue became pastor, has accepted a call to a Presbyterian church at Sommerville, Mass., and will be inducted there in the near future. It is understood that Dr. Tufft's new charge is an important one.

LECTURES TO THE FIREMEN

First of Series Given by Chief Howard at Fire Hall This Afternoon

This afternoon at two o'clock Chief Howard gave the first of a series of lectures on "Modern Fire Fighting," to the firemen at the dormitory of the fire hall.

There are eight lectures in the series and the one this afternoon was a sort of preliminary to the others. They will be delivered on convenient occasions that present themselves.

RIGHT HAND WAS BADLY BURNED

Young Lady Had Painful Accident This Afternoon

While ironing shortly after dinner to-day, Miss Phelan had the misfortune to be severely burned. The fingers of her right hand and arm were burned. She suffered terrible pain. Dr. Leach dressed the injuries of the young lady and while they are extremely painful they are not thought to be serious.

APPEAL AGAINST THE JUDGMENT

The appeal of P. C. Newhall against the judgment of County Police Magistrate Edmison who fined him ten dollars and costs on the charge of assaulting Fishing Inspector Dave Johnson is being heard this afternoon before Judge Weller.

HAD FINGER LACERATED

Mr. George Brown had a finger lacerated while working on a clay press at the C.G.E. this morning. Medical assistance was summoned and the wounded finger dressed.

The injury will necessitate his absence from work for a week or two.

PERSONAL

Miss Allan, of Allan and Filion, left yesterday for Vancouver, B.C., where she will spend the next two months.

Liverpool Grain and Produce.

LIVERPOOL, July 2.—Closing—Wheat, spot easy; No. 2 red western, winter, 7s 3d; No. 1 California, 7s 6d; Futures, firm; July, 7s 2⅝d; Sept., 7s 1d; Dec., 7s ½d. Corn, spot, firm, new American, kiln-dried, 5s 2½d; old American, mixed, 5s 2½d; futures, steady; July, 5s 2½d, Sept., 5s 2¼d. Bacon, short clear backs, strong, 44s 6d. Shoulders, square, strong, 23s 6d. Turpentine spirits, quiet, 39s 9d.

New York Dairy Market.

NEW YORK, July 2.—Butter, steady, unchanged; receipts, 5873.

Cheese—Weak; receipts, 4363, new state, full cream, specials, 11¼c to 11¾c; do., small colored and white, fancy, 11¼c; do., large, 10¾c; do., good to prime, 10c to 10½c; do., common, 8¼c to 9¾c, skims, 1c to 8½c.

Eggs—Irregular; receipts, 16,947; state, Pennsylvania and nearby fancy white, 23c to 24c; do., prime to choice, 20c to 22c; brown and mixed, fancy, 21c; do. prime to choice, 20c to 22c; western, average prime, 17½c to 18c; western, firsts, 17c to 17½c.

CATTLE MARKETS.

Cables Steady—Hogs Are Lower at Buffalo and Chicago.

LONDON, July 2.—London cables for cattle are steady, at 12c to 14½c per lb., dressed weight; refrigerator beef is quoted at 10¼c to 10¾c per lb.

Toronto Live Stock.

TORONTO, July 2.—Receipts of live stock at the City Market, as reported by the railways, were 67 carloads, composed of 866 cattle, 1279 hogs, 1083 sheep, 181 calves and 25 horses.

Exporters.

No straight loads of export cattle were on sale. A few steers picked out of loads of butchers, sold at $6 to $6.25; export bulls, $4.75 to $5.25 per cwt.

Butchers.

The best loads of butchers' sold from $5.25 to $5.50; medium, $4.75 to $5.10; common, $4.25 to $4.50; cows, $1.50 to $4.60 per cwt.

Feeders and Stockers.

There is little demand for poor quality feeders and stockers, and there is little else being offered. Trade was dull. Stockers, 500 to 700 lbs., sold at $2.75 to $3.25; feeders, 800 to 1000 lbs., sold at $3.25 up to $4, and 1 load of short-keep feeders, 1000 lbs., were sold by A. W. Maybee at $4.25 per cwt.

Milkers and Springers.

A fair supply of milkers and springers sold at $30 to $50, with four or five at a little more money.

Veal Calves.

Trade about steady; about 200 calves selling at $3 to $5 per cwt.

Sheep and Lambs.

Export ewes sold at $3.75 to $4; rams, $2 to $2.50 per cwt., lambs, 6½c to 7½c per pound.

Hogs.

Prices unchanged at $6.40 for selects, and $6.15 for lights.

Montreal Live Stock.

MONTREAL, July 2.—(Special)—The exports of live stock from the port of Montreal for the month of June were 9462 cattle and 1478 sheep, as against 15,249 cattle and 1464 sheep for the corresponding month last year. The shipments for June 1908, show an increase of 150 head of cattle and an increase of 1173 sheep as compared with May, but there is a decrease in cattle of 5787, and an increase in sheep of 14 head compared with June, 1907. The exports for the season to date were 18,774 cattle and 1788 sheep, which show a decrease as compared with the same period last year of 8910 cattle and 204 sheep.

Included in the above grand total there were 3042 American cattle, which makes the total shipments of Canadians for this season to date 15,732 head, as against 17,243 in 1907, showing a net decrease of 1511 head. The decrease in the shipment of American cattle from this port, as compared with the same period last year, was 7399 head.

East Buffalo Cattle Market.

EAST BUFFALO, July 2.—Cattle—Receipts, 200 head; quiet, prime steers, $7.25 to $7.85.

Veals—Receipts, 400 head; slow and steady, $5 to $6.50.

Hogs—Receipts, 1700 head; slow and 10c to 15c lower; heavy and mixed, $6.80 to $6.90; yorkers, $6.25 to $6.80, pigs, $4.75 to $6.15; roughs, $5.25 to $5.50; stags, $3.50 to $4; dairies, $6.25 to $6.75.

Sheep and Lambs—Receipts, 2000 head; slow; lambs, steady; others, 10c to 25c lower. Lambs, $5.50 to $7; yearlings, $5.25 to $5.50; wethers, $4.25 to $4.40; ewes, $3.75 to $3.90; sheep, mixed, $2 to $4.

New York Live Stock.

NEW YORK, July 2.—Beeves—Receipts, 1122; no trading; weak. Exports to-day, 2500 quarters of beef.

Calves—Receipts, 88 head; market quiet and steady. Veals, $4.75 to $6.50.

Sheep and Lambs—Receipts, 8806 head. Sheep, steady; lambs, steady to 10 cents higher; sheep, $2.75 to $4.30; lambs, $6 to $8.65.

Hogs—Receipts, 1191 head; none on sale; Feeling nominally steady.

Chicago Live Stock.

CHICAGO, July 2. — Cattle—Receipts, 4000; market steady; steers, $5.00 to $8.25; cows, $3.00 to $5.75; heifers, $3.50 to $6.50; bulls, $3 to $5.20; calves, $5.00 to $6.25; stockers and feeders, $3 to $5.15.

Hogs—Receipts, 25,000; market, 5c to 10c lower; choice heavy shipping, $6.50 to $6.55; butchers', $6.45 to $6.55; light mixed, $6.25 to $6.35; choice light, $6.35 to $6.45; packing, $5.75 to $6.40; pigs, $4.50 to $6.

Sheep—Receipts about 17,000; market easy; sheep, $2.75 to $4.25; lambs, $4.50 to $6.50; yearlings, $4 to $4.75.

Cheese Markets.

BROCKVILLE, July 2.—(Special.)—At the regular meeting of the cheese board here to-day offered 2042 colored, 282 white; total 2324. Best offer 11 5-8c.

BELLEVILLE, July 2.—(Special.)—At to-day's cheese board held here today 2256 white and 235 colored were offered. Sales were 1921 white at 11¾.

PROMPT PAYMENT

Peterborough, Ont., June 12th, 1908

W. H. HILL, Esq., City Representative
Liverpool and London, and Globe
Fire Insurance Co'y.

DEAR SIR,—

We beg to acknowledge the receipt of cheque for $2,500 in settlement of fire loss, policy No. 8,645,872 Liverpool and London and Globe Insurance Company.

We note in connection with this settlement a most unusual feature. They are legally entitled to 1 per cent. of stated sum for payment prior to due date. No business man would for one moment question their right to this amount. But they do not take it. Instead they have purposely waived their privileges and presented us with this additional amount.

We are gratified to note this remarkable action. To adjust and settle a loss within twelve days is noteworthy, but to add to this magnanimity in refusing to take advantage of their discount privileges, places this company in a most favorable position.

We congratulate you upon representing a company of such superior standing.

Yours very truly,

Canada Flakes Co.,
LIMITED.

Signed, H. B. COLLIER, Manager.

ANOTHER RESOLUTION AS TO TEARING UP OF STREETS

If Gas Company Tears Up Thoroughfares Without Permission Legal Action Will be Taken to Stop Them—Board of Works Met.

A meeting of the Board of Works was held last night at which Ald. Phelan presided. Considerable business was transacted.

It was moved by Ald. Tovey and seconded by Ald. Buller, that the Mayor, Chairman and Ald. Morgan be a committee to interview J. Z. Rogers in regard to the water-front matter.—Carried.

A letter was read from Miss J. Chamberlain, saying the Chamberlain estate did not wish to give land to widen Louis street and did not want a sidewalk on the east side of Louis street.

City Solicitor Hall read an order from the Board of Railway Commissioners for the extension of George street south over the Grand Trunk Railway.

On motion of Ald. Tovey and Ald. Buller, the City Engineer was instructed to notify the Grand Trunk Railway, when the street will be opened in accordance with this order.

A letter was read from Mr. W. H. Robertson, regarding the sewer on Hunter street, between George and Water streets, and a report on the same matter was also received from the city engineer.

A petition was received from W. J. Green and others opposing the construction of a sewer as a local improvement on Donegal street between Brock and Hunter streets.

It was moved by Ald. Tovey, seconded by Ald. McIntyre, that in case the Peterborough Light and Power Co. opens any street for the purpose of laying or repairing gas mains without the consent of the Council, the City Solicitor take action to stop the work.

A letter was read from John Moher asking $18 for digging out a creek in the East Ward.

A letter was read from W. G. Morrow, secretary of the Board of Education, asking that a bridge be built across the railway cut from the Normal school to Conger street.

A petition was received from Jas. Goselin and others opposing the construction of a granolithic sidewalk on the south side of Crescent street and asking that one be built on the north side.

A petition was read from A. Blodgett and others, asking for a board sidewalk on Romaine street.

It was moved by Ald. Buller, and seconded by Ald. McIntyre, that the petition for a sewer as a local improvement on George street from Argyle street to Hilliard street, be granted, as it is sufficiently signed.—Carried.

A report was read from the City Engineer on the application of the Otonabee Power Co. to place poles on certain streets.

It was moved by Ald. Buller, seconded by Ald. Tovey, that the chairman, Ald. Morgan and Ald. McIntyre interview the managers of the Otonabee Power Co. and the Peterborough Light and Power Co. with a view to having the two companies use the set of poles.—Carried.

FIVE STEAMERS AT LOCAL WHARF

This Morning—Busy Time at the Wharf

There was quite a fleet along the Peterborough wharf this morning. The "Otonabee" was ready to start out on her daily trip to Rice Lake, and the "Water Lily" went up the lakes, carrying a number of passengers and considerable freight. The "Monarch" came up last night with a scow load of hogs for the Matthews Co. and left again this morning for Rice Lake. The Government boat, the "Bessie Butler," went to Hastings yesterday and returned again last evening. It was tied at the dock over night. The "Ajax" too was there, having come down from the lakes with a load of wood.

Come with the 57th Regiment Band and Firemen (the old brigade) to Idyl Wyld, Monday, July 6, Two steamers, full Military Band and good music for dancing.

IN BUSINESS IN TORONTO

Mr. Jas. A. Patterson Has Established Real Estate and Business Bureau

Mr. James A. Patterson formerly of Peterborough, who has been residing in Toronto for the past few months, has successfully established a real estate and business bureau at 79 Adelaide street east. Mr. Patterson has a room renting agency in connection with his business. He will be pleased to see all his old friends during the summer who may have occasion to spend a few days in the city or any visitors who may, later on, be attending the Exhibition. He can secure them comfortable quarters and gladly places his service at their disposal, free of any charge whatever.

Rear Admiral Kingsmill will attend the Guelph Old Boys' Celebration.

VISITORS WILL BE WELCOMED

To the Fire Hall—Will Show Attention by Firemen

Chief Howard, of the fire brigade, says that the public will be welcomed to the fire hall and they are invited to come and inspect it.

The members of the brigade have been instructed to show them through and to explain the workings of the fire fighting apparatus to those desirous of knowing it.

Special excursion via G.T.R. steamers and famous Gorge Route to Niagara Falls Wednesday, July 8th. Tickets to Toronto or through to the Falls. See large advertisement.

GARDEN PARTY AT BAILLIEBORO

Enjoyable Event on the Evening of Dominion Day

A garden party was held on Wednesday evening on the lawn at the Methodist church at Baillieboro. A large number were in attendance and the event was most successful. The programme was supplied by the choir and other talent. Mrs. Archer, of Port Perry, delighted the audience with a solo. Addresses were given by Rev. Mr. Weatherill, pastor of Baillieboro Methodist church, and Rev. Mr. Beattie, pastor of the Baptist church. Refreshments were served during the evening and all present had a most enjoyable time.

BOYS' SECRETARY FOR THE Y.M.C.A.

Call Has Been Extended to Mr. Geo. T. Evans, of Hamilton

At a meeting of the Board of Directors of the Y.M.C.A. held last evening a call was extended to Mr. Geo. T. Evans, of Hamilton, to become Boys' Secretary of the local Association, duties to start September 1st.

Mr. Evans is an experienced worker with boys in Hamilton, and the "Y" are hoping he will accept the offer of the local Association and come to Peterborough.

FESTIVAL WAS ENJOYABLE ONE

Large Number Had Good Time at Strawberry Social at Gilmour Church

A most successful strawberry festival was held on the lawn at Gilmour Memorial church, Smith, last night under the auspices of the young men of the congregation. A large number was in attendance and everything passed off most harmoniously. The bulk of the programme was furnished by the Salvation Army band of Peterborough, whose selections were greatly enjoyed. Other Peterborough talent also contributed. The programme was as follows:

Opening address by the chairman.

"All Hail the Power of Jesus' Name," band.

Solo, "Just a little bit of String," Miss Maud Titterson.

Vocal solo and chorus band.

Instrumental solo, Miss Jeanette Titterson.

Drum solo, Bandsman Meadows.

Selection, Band.

Solo, "Will there be any stars in my crown," Miss Titterson.

Solo, "Tell Mother I'll be There" Bandsman F. Gray.

Maple Leaf Forever, and God Save the King.

Bandsman Hensley replied to the vote of thanks tendered the band.

A Clock as a Wedding Gift

Is one that will long be a remembrance of the generosity of the giver: day in and day out, year in and year out, ticking away the flight of time, at every tick reminding the receiver of your welcome remembrance. See our Special Parlor Mantel Clocks at $6. This clock runs for eight days, strikes the hours on a cathedral gong and announces the half hours in a cup bell.

Our stock of clocks embraces every style—we have a clock to fit any corner in any room from the Bedroom Alarm at $1.00 to the stately Hall Grandfather at $40.00.

VOL. LVII., No. 3. PETERBOROUGH, ONT., CANADA, SATURDAY, JULY 4, 1908 TEN CENTS PER WEEK

FIRE BREAKS OUT AFTER EXPLOSION IN THE MINE

Scores of Men Still Below—Cries For Help Heard on all Sides—But Flames Drive Back the Rescuers—Women Die From Shock.

Yusovo, Russia, July 4.—The bodies of 214 persons recovered from the Rikovsky mine, which was the scene of an explosion of gas on Thursday, were buried yesterday.

The horror of the situation was added to the fire, which, penetrated the inner galleries where there are 150 men imprisoned, made the efforts of the rescue parties almost useless.

Behind heaps of fallen debris could be heard all day cries for help. Fifty-three bodies were taken out yesterday, all terribly mutilated, some of the men having been burned to death, while the heads and limbs of others had been torn off by the force of the explosion. Seventy-five wounded also were taken out and removed to hospitals. Of these ten succumbed during the day, and many others are in a precarious condition.

Three women who stood at the mouth of the pit and recognized the bodies of their husbands are reported dead from shock. A number of others have gone mad.

The explosion occurred just after the night shift entered the mine. The last twenty men of the shift were still in the cage at the bottom of the shaft, and they were drawn to the surface uninjured. Rescue parties were at once organized and commenced to go down. Six of the rescuers were suffocated. The others bravely continued at work.

In the meanwhile the five thousand miners who had gathered at the hold of the shaft became so excited that troops had to be summoned. They cleared the ground, and to-day allowed only member of the families of the victims to come within their cordon.

TELEGRAPHIC BRIEFS FROM MANY POINTS OF THE WORLD

Frank Snook was drowned at Belly river, Alberta.

W. Poole was fatally injured by an explosion of dynamite at Westbourne, Man.

W. Robbins, an Englishman, committed suicide at Fort William by taking laudanum.

St. John, N.B., militiamen, who have been selected for the trip to the tercentenary at Quebec, and have been drilling for several days, now refuse to go unless pay is granted.

Two burglars at Foxboro, near Belleville, were chased by villagers and a shot was fired. They got away. Denyest & Son's general store and A. E. Gardner's jewelry store were entered.

A total of eleven deaths is the heat record in Greater New Pork for 24 hours. The hospitals are overcrowded with sufferers. The mortality among infants is very high. Showers to-day are expected to bring relief.

MODEL SCHOOLS TO BE RETAINED

Government Has Decided on its Policy for the Year.

Toronto, July 4.—The Department of Education has decided upon its model school policy for the coming autumn.

It has been decided to propose to the boards of trustees of the following model schools to have them retained for this year: Kingston, Cornwall, Lindsay, Renfrew, Durham, Minden, Sault Ste. Marie, Port Arthur, Kenora, Bracebridge and Parry Sound. These schools are intended for the preparation of candidates for the new third-class certificates (the former district certificates).

In order that there may be no fees charged to pupils in these schools, the Department will pay the board a sum of money in lieu of the legislative and county grants.

The diminution in the number of model schools required for this year is due to the fact that three of the new normal schools, making six in all, will be opened for work in September next.

Caught In Whirlpool.

Niagara Falls, July 4.—Fred Preston, proprietor of the Fancy Goods Bazaar, had a narrow escape from death in the whirlpool yesterday, while endeavoring to recover a body believed to be that of Henry McBain, who was drowned in the boat accident last week at Chippewa. Having located the body, Preston attached a rope to the bank and tied the other end around his waist. While swimming out to secure the body the rope broke and Preston was left in the turbulent waters. Only a sudden swirl of the eddy and the fact that he is a powerful swimmer saved him.

Preston, owing to his position near the whirlpool, sees nearly all the bodies as they float in the pool, and has recovered nearly all the drowned for the past few years.

Fire In Niagara Hotel.

Niagara Falls, July 4.—At 4 o'clock yesterday afternoon, fire broke out in the basement of the lower hotel—the large four-storey building—the Riverway, at Niagara Falls, N.Y. From the position of the building it was feared a general conflagration would result.

The entire fire department was called out, and near by cities asked to be in readiness to aid. The fire was, however, confined to the basement.

Hurt at Barn Raising.

Teeswater, July 4.—At a barn-raising at John Ireland's on the concession 2 of Culross, one of the timbers slipped, throwing three young men to the ground, injuring all three. John Inglis fell across a timber, breaking an arm and leg, also injuring him internally. He will probably die. The other two men, named Kelley and McDonald, were not seriously hurt.

Oxford Endowment Grows.

London, July 4.—The Oxford University endowment fund which was inaugurated by Lord Curzon on his election to the chancellorship, has reached $500,000, and W. W. Astor has given his second donation of $50,000, which he promised on March 12 last. Mr. Astor's total donation amounts to $100,000.

Death for Bomb-Throwing.

New York, July 4.—A despatch to The Tribune from New Orleans says: A bill making bomb-throwing punishable by death passed the House yesterday. It will have little opposition in the Senate. The building, vehicle or vessel at which the explosive is directed must hold a human being to constitute a violation. It is expected that Black Hand outrages in New Orleans will largely cease. [illegible]

FRUIT STORE WAS ROBBED LAST NIGHT

Watermelons Stolen From Shop of Mr. N. Minicola

Some boys entered the fruit store of Minnicola Bros. last evening between seven and eight o'clock and stole two or three watermelons. They gained entrance through the back door which was standing open at the time. Shortly after the boys made their escape Mr. N. Minnicola noticed that some things had been stolen. The boys made up Chambers street. Mr. Minnicola followed them but but was unable to find them.

GLORIOUS FOURTH BEING CELEBRATED

This is the Birthday of the United States, and Our Neighbors are Having a Jubilation

This is July 4th, the anniversary of the national day of the United States. An American flag flying from the American consulate on Water street, is the only proclamation of the day in Peterborough. At Chemong Park, however, a goodly number of "Old Glories" are floating in the breeze.

Saturday appears to be a good day for our neighbors to celebrate the birthday of their country. Sunday will provide an opportunity to bury the dead, bind up the injuries and in a general way get partially over the other minor events that characterize the "Glorious Forth" Incidentally to-day's casualties will furnish good matter for the American Sunday dailies.

AN EXCURSION TO COBOURG

Will be Conducted Next Saturday by Employees of Quaker Oats Company---Special Train

An excursion of the employees of the Quaker Oats Company will be held to Cobourg next Saturday, the 11th, by special train, leaving at 8.45 in the morning and leaving Cobourg for the return trip to Peterborough at six o'clock in the evening.

On arrival at Cobourg there will be a baseball match and an interesting programme of sports will be run off. As the trip to the pretty lakeside town is a delightful one, it is expected a large number will go on this excursion. The return fare is, adults 85c. and children 45c.

EIGHT CATTLE WERE KILLED

John Murphy, of Smith, Has Sustained a Serious Loss---Strayed on Track

Jno. Murphy, who lives in Smith, near Lakefield, owns some land in Dummer, and has some cattle pasturing on it. Last week some of the cattle broke out and strayed into Asphodel and onto the C.P.R. tracks. On Tuesday night, June 29th, eight head were killed on the track and were found by the section men the next morning.

THE CASHIER WAS ARRESTED

Runaway and Had a Good Time for Four Days and Got Nervous.

Detroit, Mich., July 4.—Heilman, the defaulting cashier for Neilson & Co., Toronto, arrested here, denies having played the races.

While on his way to the bank with the $1,000 he was seized with a sudden impulse to run away and have a good time.

"In Buffalo I met a woman, and we 'killed it,'" he says. "When we started for Detroit four days ago, nothing was too good for us. We had the most expensive parlor on the boat, and bought all the champagne in sight. I never took any change from the bellhops, so they must have had a profitable trip.

"After being in Detroit a couple of days my conscience began troubling me. I expected every minute that an officer would say 'I want you.' Finally I decided to give myself up and arranged the arrest with my Buffalo woman friend, who had acquaintances on the Detroit force."

Heilman is a native of Philadelphia, where his 64-year-old mother lives. He wept when he referred to the effect of his disgrace upon her.

Fearing that interested parties might attempt Heilman's release, Capt. of Detectives McDonnell yesterday afternoon removed Heilman to Windsor to await the arrival of the Toronto officer.

No Breach of Promise.

Montreal, July 4.—About nine days ago Charles H. Shaw of Zanesville, O., was arrested on a capais at the instance of Miss Charlotte B. Webster of this city, who alleges breach of promise. The case was dismissed.

Newspapers Are Cursed.

Boston, July 4.—The Sun Worshippers, in convention here, have laid a sweeping curse upon the newspapers of the land. They have also begun a unique Fourth of July celebration in all sorts of freak costumes.

Robbers Get $18,000.

Samare, Russia, July 4.—A train running between Ufa and Zlatoust was robbed yesterday. The robbers got $18,000, escaping amid a salvo of revolver shots.

HAD AT LEAST TWO TOO MANY

Eli Hood Had Three Girls so He Died for Them All.

Chicago, June 4.—A despatch to The Record-Herald from Hazelhurst, Miss., says:

Unable to decide which of three women he really wanted to marry, Eli Hood, 17 years old, a boarder at the farmhouse of Eli Graves, eight miles from Hazelhurst, decided that the best way out of the difficulty was to commit suicide in such a way that each of the women would know that he had killed himself for her.

For Miss Carrie Nelson, 18 years old, he swallowed 60 grains of morphine; for Miss Eva Spillman, aged 25, he drank four ounces of laudanum, and for Miss Henrietta McDonald, aged 16, he put the muzzle of a shotgun in his mouth and pulled the trigger with his toe.

Beside his body was found on a table a paper wrapper that contained the morphine. On it was scrawled "For Carrie." The empty laudanum bottle stood on a slip of paper on which was written "For Eva." An empty envelope on which a picture of a shotgun had been drawn was inscribed "Henrietta."

Except that he had been acting queerly and that he had become despondent, Graves said he saw nothing in Hood's behavior that indicated that he contemplated self-destruction.

Won't Allow Leach to Jump.

Niagara Falls, July 4.—Robert Leach purposed making another parachute jump from the upper steel arch bridge this afternoon, but the International Railway Co. have refused to grant him permission. No reason is assigned for the refusal, but the interruption to traffic may have caused them to deny a second permit.

Work on Cornwall Canal.

Cornwall, July 4.—Remarkable progress has been made on the work of repairing the break in the Cornwall Canal, and it is now expected that navigation may be resumed in about a week.

Mounted Police For Body Guard.

Ottawa, July 4.—At the personal request of H.R.H. the Prince of Wales, 25 or 30 of the R.N.W.M.P. will be sent to Quebec to constitute a body guard to his person while in Canada.

AMENDMENT TO STOP FEDERAL OFFICIALS WAS VOTED DOWN

Mr. Aylesworth's Election Bill in Committee—Clause Regarding Fraudulent Ballot Boxes Amended—Manitoba Bill May Wait.

Ottawa, July 4.—The House spent practically all day with the Aylesworth election bill, the more contentious clauses being laid over.

A. H. Clarke moved an amendment providing that an elector shall not lose his vote by moving from one part of a village to another, though the moving may have transferred him to another riding. This was carried.

The committee voted down the proposal of Mr. Alcorn to require candidates to publish minute details of election expenses.

Mr. Lake brought up the question of participation of civil servants in election campaigns.

Mr. Boyce called the attention of the Postmaster-General to the record of election courts in which the postmaster of Copper Cliff was reported for corrupt practices. Mr. Lemieux said the report of the inspector was on file in his Department, and there was nothing in the report which would warrant the dismissal of the postmaster.

R. L. Borden said the Postmaster-General had enunciated a queer doctrine, that so long as a man is a good officer he should be retained, notwithstanding the record of the election courts.

Mr. Lemieux pleaded that this was a provincial election, and Mr. Borden insisted that the resolution of Parliament forbidding active partisanship covered provincial elections.

An amendment forbidding Federal officials taking part in elections was voted down.

Sir Wilfrid Laurier's statement which was a repetition of what he said on Thursday, has convinced many that the Government has no intention of bringing down the bill for extension of the boundaries of Manitoba during this session.

He promised to say definitely on Monday what new measures might be expected, but that in respect to the boundaries question a new feature had been introduced by the Manitoba Government.

It asks that the financial conditions be changed and Manitoba dealt with in terms similar to those given to Alberta and Saskatchewan. To this the Government was giving serious attention.

There is an impression that the Government will seize upon this new difficulty as a reason for postponing the enlargement of the prairie province till another session.

The House rose at midnight, three clauses of the election bill being allowed to stand till Monday. It is expected two hours will suffice to pass the bill.

Saturday the land bill and public works supply will be taken up.

Royalty Rides With Zeppelin.

Friedrichshafen, July 4.—For the first time in history a reigning king and queen yesterday made an ascension in a steerable balloon. The royal personages were King Wilhelm of Wurtemberg and Queen Charlotte, who are staying in their castle on the shores of Lake Constance and who accepted Count Zeppelin's offer to make a trip in his airship.

Injuries Prove Fatal.

Belleville, Ont., July 4.—Herbert Sills of this city is dead as the result of a fall from a scaffold at the Gas Works some time ago, when he was injured internally. He was 51 years old, and leaves a wife and family.

Bank Man Held Up.

Vancouver, July 4.—C. A. Crosbie, superintendent of the Royal Bank of Canada, was held up Thursday evening by masked men. When Mr. Crosbie struck up the hand that held the revolver the man ran and got away.

Praise For Mr. Wilkie.

London, July 4.—(C.A.P.)—The Financial News regards D. R. Wilkie's address at the meeting of the Imperial Bank as "an excellent reply to the critics of Canadian finance on both sides of the Atlantic."

Potter Slightly Stronger.

Cooperstown, N.Y., July 4.—Bishop Potter seems to have held his own fairly well during the day and at six o'clock last night he appeared somewhat stronger than at the same hour Thursday.

Beck Still Has a Majority.

London, July 4.—The recount was finished yesterday afternoon in the Beck-McEvoy election, and leaves Mr. Beck's majority 1,403. Three rejected ballots were allowed, two for Beck and one for McEvoy. One ballot wrongfully counted for Beck was added to the McEvoy column.

Prohibition of Opium.

Ottawa, July 4.—The Government, acting on the report of Mackenzie King in respect to the growing evils of the opium trade in Canada will introduce a bill this session to prohibit the manufacture and importation of opium in Canada, except as required solely for medicinal purposes.

Stormont Stays Liberal.

Stormont, July 4.—Mr. Justice Osler has dismissed the appeal of J. C. Milligan, the Conservative candidate of Stormont, from the judgment of Judge O'Reilly in the recount of the votes cast at the election of June 8 last, in which Judge O'Reilly refused to throw out votes to which the counterfoil was accidentally left attached.

Don't Like the Poll Tax.

London, July 4.—(C.A.P.)—Several tourist correspondents to The Daily Telegraph call attention to their experiences while crossing from Canada to the United States, especially regarding the demand of poll-tax and inquisition by officials.

They demand the removal of the indignities.

PRELIMINARY CELEBRATIONS RESULT IN SOME FATALITIES

Five Girls and a Boy Die in a Fire in Cleveland Ten Cent Store—Brockport and Bridgeport Have Disastrous Explosions—New York all Ready.

Cleveland, Ohio, July 4.—Five girls and a five-year-old boy are dead, while possibly a score of others were more or less seriously injured as the result of an explosion of fireworks in the S. Kresge five and ten cent store on Ontario street yesterday.

A panic among the hundreds of clerks and customers followed the explosion. It was not known until nearly two hours after the fire was out, when the firemen began searching the building, that any lives were lost.

The fire was started when one of the clerks was demonstrating one of the pieces of fireworks, a spark from which ignited the others.

Henry Miller, an employe of the store, as soon as he discovered the fire, ran hastily to the top floor and then went down the fire escape in the rear. At each floor Miller stopped and opened the windows, calling on the girl clerks to come out. He pulled many of them through the windows to the fire escapes.

At least seventy-five, he says, got out.

The young boy who lost his life in the fire was identified as James Parker. He was in the store with his mother when the explosion occurred. The mother escaped uninjured. None of the bodies of the dead girls have thus far been identified. They were evidently smothered, as the bodies were not badly burned.

Cleveland, July 4.—Late last night it was declared that seven lives had been lost, and that two other persons would die as the result of yesterday's explosion.

New York, July 4.—Walter White, aged 14; Eugene Heym, 14, and Harry Gill, 16, all of Port Richmond, S.I., were carrying a bag containing twenty-five pounds of gunpowder when a spark from a cigarette which one of the lads was smoking burned a hole in the bag and ignited the powder. There were explosions in quick succession, and the boys were enveloped in flames. It is believed the Heym and Gill boys will die. White may recover.

Rochester, N.Y., July 4.—A special from Brockport, N.Y., says: With an explosion that could be heard for blocks, the large assortment of fireworks which Frank G. Curvin had on hand in his news store on Main street went up in smoke shortly before 1 o'clock yesterday afternoon. In a minute the interior of the store was in flames, and before the fire was extinguished damage estimated at $4,000 had been done.

Bridgeport, Conn., July 4.—A building on Steeplechase Island, used as a factory for making fireworks, was blown to pieces last night by the explosion of the materials used in their manufacture. There was no one in the building at the time of the explosion.

New York, July 4.—Ample provision is being made by the Health Department to care for those who are injured to-day in the name of patriotism. The department has distributed 1,500 phials of tetanus anti-toxin to its borough offices and to the hospitals for use in caring for the victims.

Not counting in the holiday murders and suicides, the number of deaths from the abuse of fireworks and the toy pistol in the last few years shows that this provision is most necessary. It was estimated three days after the Fourth of July celebration last year that thirty-seven deaths had resulted from the celebration and 2,158 persons had been maimed. This number was considerably increased the following week. The extention of the use of the tetanus anti-toxin undoubtedly kept these figures from being even more appalling, for in 1906 the number of maimed throughout the country amounted to 2,789. In this city alone last year 205 persons were wounded by the deadly toy pistol, 99 less than on the preceding Independence Day.

Stole His Gold Teeth.

New York, July 4.—A despatch to The Tribune from Omaha says: Tramps with forceps and a knack for dentistry captured T. C. Roberts, a brakeman of a freight train entering the Omaha yards last night, despite his struggle, extracted eight of his teeth.

Roberts, who had a striking display of gold fillings in his mouth, had attempted to put the tramps, who were several in number, from his train. After their dental work they carefully place the teeth in their pockets and leaped from the train, disappearing in the darkness.

The case was reported to the Omaha police yesterday by Roberts, and all the tramps in the city are being rounded up in an effort to capture the guilty men.

The police coincide in the view of Roberts that depredations by "hoboes" are going altogether too far.

Life Saved by Dog.

Tillsonburg, July 4.—Fire broke out about 1 o'clock yeserday morning in the home of Jack Smith, and as the building was frame and in a part of the town not protected by the waterworks system, it was completely destroyed. Part of the furniture was carried out and the surrounding dwellings saved from fire by hard work on the part of a bucket brigade.

Mrs. Smith had a rather narrow escape, getting out of the burning building with only such clothes as she could grab hurriedly. She was alone in the house, and sound asleep until she was awakened by her dog which, alarmed by the flames, jumped on her bed.

Regulations Are Trying.

London, July 4.—(C.A.P.)—At a meeting of the central unemployed body yesterday Prebendary Russell Wakefield said the new Canadian immigration regulations were extremely trying, but appeared to be justified.

The chairman of the emigration committee stated that the fact that a million acres in New Zealand were awaiting development was receiving the attention of the committee.

Civic Workmen Strike.

Prince Albert, July 4.—The city employes and employes of Contractor McVean putting in the waterworks extensions are striking for $2 instead of $1.75 per day. Mayor Cook at a meeting of the strikers pointed out that only $1.50 was being paid for this work at Regina and other western cities, and said that Prince Albert had sold debentures at a six thousand dollar loss in order to give work to the unemployed.

C. R. Moulton, spokesman for the strikers, retorted that the work was dangerous, and it was impossible to live on $1.75 per day, and that none of the civic officials had had their salaries reduced by reason of the hard times.

A resolution was passed asking the council to have a fair wage clause inserted in all civic contracts. The contractors claim that they can get all the men required at $1.50.

Child's Evidence Convicts.

Dutton, July 4.—On the evidence of the five-year-old daughter of Landlord Hood of the Queen's Hotel yesterday, George Cook, an Englishman, was sentenced to eight months in Central prison for the theft of a watch. There was scarcely a shred of evidence against Cook until the little girl swore that he had shown her the timepiece and had allowed her to listen to the tick.

"UNCLE REMUS" PASSES AWAY

Joel Chandler Harris Died at His Home Last Night.

Atlanta, Ga., July 4.—Joel Chandler Harris, the author, better known by his pseudonym "Uncle Remus," died at his home here last night. He had been in poor health for the last month, but had not been regarded as seriously ill for more than ten days. Mr. Harris was a Georgian by birth and a printer by trade. He served as an editorial writer on a number of southern papers and was for twenty-five years editor of The Atlanta Constitution. It was in this paper that he first published the negro dialect stories which made him famous, the humorous, whimsical tales of Brer Fox and Brer Rabbit and Brer Terrapin and the rest of the animal folk, so well known in every nursery. There are several series of Uncle Remus' tales in the list of his books, and in addition sketches of Georgia, a history of Georgia, "On the Wings of the Occasion," "Wally Wanderdom" and numerous other works.

Mysterious Drowning.

Hamilton, July 4.—Coroner Watson opened an inquest at Burlington yesterday on the body of James L. Henderson, which was found on the lake shore, near the Brant House Thursday. No water was found in the lungs, and the doctors were inclined to think that life was extinct before the body reached the water. This is also strengthened by the fact that there are several scalp wounds, but these are not considered sufficient to cause death. The jury decided to order a post-mortem examination. As far as known now, there is no motive for murder. The enquiry was adjourned until July 8.

Against Cattle Embargo.

London, July 4.—(C.A.P.)—The demand for the removal of the embargo on Canadian cattle continues. Thursday's meeting of the meat traders was the starting point of what promises to be a vigorous campaign. The members of Parliament of all schools are uniting — Conservatives such as Lord Robert Cecil, Liberals like Strauss, Laborites of the calibre of Bowerman. The trust danger is emphasized and also the ruin of the side industries depending on by-products of cattle. It is stated that more important trades have been hard hit.

French Sailors Mutiny.

Brest, July 4.—(C.A.P.)—By order of Admiral Jaureginberry, 70 sailors were put ashore from the cruiser Leon Gambetta yesterday for insubordination. The division sails for Quebec to-day.

Sneeze Dislodges Eyeball.

Guelph, July 4.—While sneezing, Corpl. Hart of London, who is in camp here, dislodged his eyeball, which came out on his cheek. The eye was replaced by a physician.

Wife Beater Arrested.

Kingston, July 4.—On a charge of cruelly assaulting his wife, Harvey Campbell, a shipbuilder, was arrested here yesterday. He pleaded guilty and was remanded for a week.

Administrator of Ontario.

Ottawa, July 4.—Chief Justice [illegible] is gazetted administrator [illegible] in the absence of [illegible] Clark.

The Daily Review

SATURDAY, JULY 4, 1908.

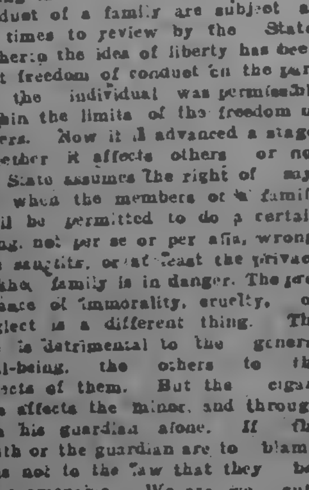
UNITE AGAINST GRAFT

With the growth of the country there has also sprung up a class of men whose only aim is to make the most out of the country, and to do so, all forms and descriptions of graft are resorted to. This result can not fail to become, eventually, a danger spot on the political horizon, unless lovers of their country unite in an honest effort to crush it out. Such a union will bring to the front men who will shudder at the thought of robbing their country, and, as a consequence, such men themselves will become the nation builders that the country now stands in need of. We trust that the reign of speculation and graft which has made such rapid advances and threatens to sap the foundations of this promising portion of the British Empire will be speedily crushed out of existence. Now is the time to prepare for such action if the councils of the country are to be purged from the fungi which have grown upon the parent tree. We want nation builders and these should be brought to the front without delay.

The Dominion of Canada at the present moment is in the hands of the spoilers.

THE CIGARETTE EVIL

The Aylesworth Bill has passed the House, but it is the cigarette bill, not the franchise bill. It raises the age of minors from 16 to 18. Up to 18 they must not, and presumably, will not, smoke cigarettes. But the gist of the bill is not in the age limit set, nor in the bill, nor in the cigarette, but in the action itself of the House of Commons. We would have thought that the use of cigarettes, since it did not affect other than the smoker, was unlike sources of more general disturbance, a thing for the individual or the individual's guardian and not for the State. It is tantamount to saying that the customs habits and conduct of a family are subject at all times to review by the State. Hitherto the idea of liberty has been that freedom of conduct on the part of the individual was permissable within the limits of the freedom of others. Now it is advanced a stage. Whether it affects others or not the State assumes the right of saying when the members of a family shall be permitted to do a certain thing, not per se or per alia, wrong. The sanctity, or at least the privacy of the family is in danger. The prevalence of immorality, cruelty, or neglect is a different thing. The one is detrimental to the general well-being, the others to the objects of them. But the cigarette affects the minor, and through him his guardian alone. If the youth or the guardian are to blame, it is not to the law that they become amenable. We are, we submit, running on the rock here. It is but a step and a short one, to interdiction of marriage without the State's permission or to the removal of the incurably diseased by the lethal chamber. The underlying principle of one is precisely that of the other. Liberty of conscience is not possible with the continual interference of anything. The state is only a collective representation of the people. Interference by the State is interference by the people. The conscience, like the person, becomes the prey or the plaything of a majority. We are progressing altogether too rapidly. We are losing sight of "the moral obligation."



TRUE PATRIOTISM

In all the one hundred and six constituencies of Ontario is there not a single Grit machine to step into the limelight with a protest against Tory corruption in the recent election, when nearly ninety Tories were elected?—Ottawa Journal.

We hope that the electors will recognize the fact that Whitney's victory both in Peterborough and elsewhere was won without the use of improper means. Such a fact to an alert and interested elector must surely count in his estimation of those who stood in the respective interests of their party chiefs. With the Conservatives at least, no bad taste remains in the mouth, and all those independent voters who honored Mr. Bradburn with their votes will feel rejoiced that a high level of citizenship in elections has at last been attained. It seems extraordinary that civilized and Christian people should be the victims at any time of the hocus-pocus of a crooked contest. It remains with the right-thinking portion of the electorate to have all elections clean. It is accomplished by coming out to vote. So much at least every patriot owes to the country that nurtures and protects him. It must never be said that we put Sport above Self-Government. Those who vote only on the occasion of some favourite measure's being submitted to the electorate, fall short of the first duties of patriotism.

THE MINISTRY OF AGRICULTURE

This part of Ontario more particularly described as Central Ontario has no representative in the Ontario Ministry. Western Ontario unduly preponderates in numbers there. We have no thought of questioning the spirit of the Government's action hitherto, but we wish to call attention to a matter of fact. W. Hilliard Carnegie is at least, as good a man as Hon. Nelson Monteith. He is as honest, as thoroughly in touch with agricultural matters, younger in years and more than his equal in intellectual force. The general opinion of this district is that it should be represented by Hon. Hilliard Carnegie. Mr. Whitney is never either a willing or an unwilling victim of expediency. But this is not a question of expediency. It is a question of fairness to Central Ontario. We do not grudge the other districts, what they have but we are entitled to consideration then in Central Ontario. We submit that this is an excellent opportunity to place a thoroughly qualified man in the Ministry to represent this district.

EDITORIAL NOTES

It is said that the words "Cough up !" come from coffer.

If the story is true that Mr. Fielding prepared such amendments to the Civil Service Act as would have abolished or very greatly minimized the curse of political patronage all through the service, but that he was thwarted by other ministers, and finally washed his hands of the whole affair, refusing to be responsible for any half-hearted measure his reputation among all the forces that make for clean, good, efficient, honest, decent government in the country will be immensely enhanced. At any rate, the measure now before Parliament under the guiding hand of Mr. Fisher, can in no sense be called a final, or even a half-way measure, since it would leave patronage to work its will in four-fifths of the service if passed in its present form. Not only that, but one section of Mr. Fisher's bill provides that any officer now employed in the outside service may be placed in the inside service by the Governor-in-Council, merely on the recommendation of the head of his department, based on the report of the deputy head, thereby interfering with chances of promotion by merit in the comparatively small competitive branch of the service. Mr. Fielding has said that a man should not be put into the "inside service unless it is impossible by promotion to fill the vacancy," and that is a proposition that all honest men will subscribe to. The present government may feel so shackled with the chains of patronage as to deem it hopeless to free itself, except in small part, as this measure indicates. But in making such an estimate it is making an essential moral mistake, based, it is to be feared, on the lack in some quarters, of real desire. If it only wished to free itself it would find itself stronger and not weaker by so doing.—Montreal Witness.

THE SOVEREIGN

The steamer "Sovereign" which has been for the past couple of years rented by the government for work on the Trent Canal is now being fitted up at Lakefield by Mr. W. G. Ferguson, of Peterborough, the owner. Mr. T. Owley, engineer, is looking after the work and she will probably be in commission on Stony Lake in a short time. The government is not using her this year.—Lakefield News.

Nothing Did Good

Until She Tried "Fruit-a-tives"

Madame Rioux is the wife of M. Jos. Rioux, a wealthy manufacturer of lumber in St. Moise. Madame Rioux is greatly esteemed in her home town and her testimonial in favor of "Fruit-a-tives" carries conviction with it, as it is entirely unsolicited.

St. Moise, Quebec.

I have much pleasure in testifying to the marvelous good which I have received from the use of the famous tablets "Fruit-a-tives". I was a great sufferer for many years with serious liver disease and severe constipation. I had constant pain in the right side and in the back and these pains were severe and distressing. My digestion was very bad, with frequent headaches, and I became greatly run down in health. I took many kinds of liver pills and liver medicine without any benefit, and I was treated by several doctors but nothing did me any good, bloating continued. As soon as I began to take "Fruit-a-tives" I began to feel better, the dreadful pains in the right side and back were easier and when I had taken three boxes I was practically well. 150

(Sgd) MADAME JOSEPH RIOUX.

"Fruit-a-tives" — or "Fruit Liver Tablets" are sold by dealers at 50c a box —6 for $2.50—or will be sent on receipt of price. Fruit-a-tives Limited, Ottawa.

THOUSAND CUBIC YARDS

Of Earth Being Removed Daily on Trenton Section of Trent Canal

Trenton, July 3.—Work on the Trent Canal in this locality is being carried on energetically. The contractors are Messrs. Larkin & Sangster. In the cut below dam No. 1 a 65-ton steam shovel is working constantly with two dump car trains to carry the earth away which is systematically dumped to make high level ground, the old canal being already filled up. More than a thousand cubic yards of earth are being removed daily.

PARROT CALLED, GAVE EVIDENCE

Strange Scene in an American Court

Cincinnati, July 2.—Judge Maus yesterday solved the question of the ownership of a parrot by placing the bird on the stand to give its own testimony.

Miss Bertha Saunders and Miss Emma Harris were the rival-claimants for the bird. Miss Harris held it, but Miss Saunders had brought action to replevin. To prove her ownership Miss Saunders wrote a string of pet phrases she had taught the bird, gave them to the judge and started the parrot on his recitation. The bird reeled off saying after saying, and the judge decided in favor of Miss Saunders.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin.
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c. per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

WILL HOLD OPEN AIR MEETING

Christians Will Gather at Central Park on Sunday Evening

At eight o'clock to-night the Christians of Gospel Hall will hold an open air meeting at the corner of George and Brock streets, singing several popular hymns and at the same hour on Sunday night at Central Park a special evangelistic meeting will be conducted. There will be four short addresses of about seven minutes each. All are invited to come there after the regular church services and assist in the singing. The meetings will be held every Sunday till further notice.

Cook's Cotton Root Compound.

The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co., Toronto, Ont. (formerly Windsor)

REVIEW WANT ADVTS.

The Review want advertisements are read by thousands, for people want what they want when they want it.

If you need help,—Servants, hands, or workmen, try the Review want ad columns.

If you have anything to sell, from a pickaxe to an Auto, use the Review want ad column.

If you lost anything try a want ad in the Review and almost certainly you will recover the lost article. If you want a owner for anything found a Review want ad will bring the owner to light.

RATES FOR REVIEW WANT ADVTS.

One insertion	—	25 cts.
Three insertions	—	50 cts.
Six insertions	—	80 cts.
Ten insertions	—	$1.00

Never mind counting the words. Say what you have to say, describe what you want to describe fully, so that the advertisement will be of service. We don't count words, we want you to get the benefit of the advertisement.

LOST

ABOUT SIX O'CLOCK FRIDAY ON HUNTER Street, near Post Office or on George Street car going north, a five dollar bill. Reward for return to "The Review" office.

THE TONIC OF HEALTH

Must be more than a stimulant—must be a food as well.

The "Best" Tonic is FERROZONE, which is both a food and a tonic; it aids digestion, promotes assimilation and converts food into blood, muscle, bone and nerves. No wonder it builds up the weak, makes them strong and vigorous!

FERROZONE

THE GREAT FOOD TONIC

FERROZONE contains exactly what your run-down system lacks. It supplies oxygen to purify the blood, phosphorus to develop the brain, iron to harden the muscles.

No combination of strength-giving, life-sustaining elements can surpass FERROZONE. Instant in effect, lasting in results, no medicine can benefit as much. You'll eat, sleep, think and feel better by using FERROZONE, which is a true tonic. Try it—now.

Ferrozone is sold everywhere in 50c boxes or six for $2.50. By mail to any address from N. C. Polson & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

VEN. ARCHDEACON BATTY TELLS OF NEGRO PROBLEM IN SOUTH

Nashville, Tenn., Divine, Now Locum Tenens at St. John's Says Those Affected by Negro Outrages Have Great Provocation to Deal Summarily With Offenders — Prohibition Would do Much Good.

Ven. Archdeacon Batty, of Nashville, Tenn., locum tenens, for two months for Canon Davidson, was seen by the Review this morning regarding the most momentous question of the Southern States—the negro question. Archdeacon Batty has had his residence in Nashville for 18 years and, while he really does not live in what is known as the "negro belt," is quite familiar with conditions in the South.

"I've never seen a lynching,' said Archdeacon Batty, "and there only has been one that I know of taken place in Nashville. That was 18 years ago when I first came there. The mob stormed the gaol where the prisoner was confined and took him out and lynched him.'

The problem of dealing with the negroes, he stated, was a difficult one. It is practically impossible for the people of the North to appreciate the terrible state of affairs in the southern places, where the negroes are so numerous and such a menace. The outrages committed are of a most violent character, and the white resident is always in a state of alarm for fear his wife or daughter may fall a victim to their brutal designs. The matter of dealing with these depraved criminals is one that affords plenty of ground for consideration. There are ordinary forms of punishment, but it seems necessary to strike terror into the hearts of the malefactors in order to restrain them, and even when they know the vengeance in store for them when caught, they still persist in their nefarious work.

It was deplorable to see lynch law having the supreme hand, but the average white man of the south didn't place a very high value on the life of a negro law breaker.

There was quite an expression of disapproval on the part of the negroes when the Bishop of Tennesee remarked that it could hardly be wondered at that the men directly affected by the outrages were anxious to inflict punishment on the negroes.

There is no doubt that when a viciously inclined negro is inflamed by drink he is in his most dangerous mood, and if prohibition is carried in the negro belt, there seems reason to believe that it will have a good effect. At any rate the negro problem is one of the most complicated and serious ones of the South.

PETERBOROUGH COUNTY HORSES DO NOT FEAR AUTOMOBILES

A local man, who has considerable to do with automobiling around Peterborough, says that the chug-chug of the gasoline waggon no longer strikes much terror into the hearts of the horses that travel on local roads. The equines are apparently learning that the autos are not very dangerous—to a horse at any rate. The Review's informant recalled the time when the big auto 'bus started to travel between Peterborough and Chemong Park. That was two years ago this summer. When the big car commenced to travel the Chemong road the horses took to the fence whenever it approached. Farmers turned aside into lanes to escape the auto, and although the chauffeurs exercised the greatest care, runaways and accidents, as a result of frightened horses were of frequent occurrence. Now, however, it is different. With an occasional exception, the horses pay no attention to the 'bus as it passes and no accidents of any kind have been reported. The horse and the auto are getting on much better terms.

LAKEFRONT ORANGEMEN ARE ALL COMING TO PETERBOROUGH

A commercial traveller who was in the city yesterday, coming here from Cobourg and Brighton, informed a Review representative that several thousand people from that section are coming to the Orange celebration at Peterborough on July 13th. Arrangements have been made for a special train from the lakefront to Peterborough and the Orangemen of the district and their friends are coming to the Lift Lock City en masse. Tickets are already being sold and the fife and drum bands are at practice for the big celebration. Judging from the reports that are coming in there will be one of the greatest crowds in the history of the city a week from Monday. The local committee are hard at work, and state that everything is shaping nicely. The coming week will be a busy one in Orange circles throughout the country.

WILL PREACH AT BETHANY CHURCH

Rev. Wm. Pocock, Well Known Y.M.C.A. Worker, Will be There To-morrow

The Rev. Wm. Pocock will conduct morning and evening services in Bethany church to-morrow and will teach the Bible Class in the Sunday school, which during the month of July, meets at 10 a.m. Mr. Pocock is highly spoken of, having been a teacher in the C. & M. A. summer Bible schools in many parts of the States.

LETTERS TO THE EDITOR

The Review Does Not Hold Itself Responsible for Opinions Expressed by Correspondents

DOUBTFUL

To the Editor of the Review.

Sir—An account appears in last night's Toronto Star of the interview of our deputation with the Ontario Ministers. The following sentence appears:—"They hinted that Peterborough could supply the requirements and that that there were other ways besides tender.'

Can this be possible!

CITIZEN.

FROM BRIDGENORTH

To the Editor of the Review,

Dear Sir,—Will you kindly allow me a small space in your valuable paper for a short letter this time. We have heard a great deal about the Bridgenorth working men during the past winter from correspondents about them taking a few holidays.

Now, sir, I think that the writers of those letters had very little to do to start to run the men down in our village. Where is there a village or town that has not a few men idle at times? Has not the city of Peterborough a few of them doing nothing last winter? If they had gone to the back woods as our men did how long would they have stopped there, wading up to their waists in snow to their work. I have been there myself and I know just how it goes. I think, sir that our correspondent had not much respect for the character of our men or he would not have spoken of them as he did. Now sir I do not think most of our men will stand the test just as well as those who were running them down to the lowest notch. I know personally that it pricked their poor hearts. The One who is above us is watching the one who is trying to do our men harm and he holds the writer responsible for the rash way in which he spoke about the stone pile. Now, sir the same gentleman may have to come down to the stone pile or to shovel gravel for a living as well as those working men he spoke about. I, for one, am in sympathy with them. If we cannot do them good let us try to control our feelings and not drive them from our churches. They have precious souls as well as we have, and our Heavenly Father will hold us responsible for not trying to bring them into our churches to hear the word that is read from God's holy Book. Our loving Savior loves those precious souls that have been trodden down the past winter and I would say writer just here, can he not submit to the Heavenly Father and say that he will try to lift his fellowmen up instead of running them down. I know not who he is or where he lives but he should try and lift up the fellow if he thinks he is down. A kind word goes a long way sometimes and I can say truthfully that the men who came out to do their road work did not wait to have me tell them to go to work. When seven o'clock came they were in the pit filling the wagon. There were eight men the first day, five noble teams and a snatch team. I timed the men and they put a yard of gravel into the wagon in two minutes several times during the four days. The second day I had nine men. I will say just here that I thank Mr. Kelly and Brothers for their kindness in shutting down their lumber mill for two days to give their men a chance to do their work. Then they shut down the shingle mill for the next day, as most of them had only one day each.

The fourth day I still had plenty of men to do the work and thus the large amount of the road work was done. I also thank the two young men from Port Hope that could trust me with their money for one day's statute labor, each paying me one dollar without a murmur, and I thank the men who came out to do their work so nobly and honored me with the highest honor they could bestow upon me. They all know that I am a staunch temperance man and have not tasted it to my knowledge for over forty years. This is the first year for twenty-five years that there was no liquor in the pit, no quarreling and nothing but kindness. When the men got the five loads on they got out of the pit to get a breath of pure air, and a drink of pure cold water with a little oatmeal in it. This was the beverage they drank.

I again thank them one and all for the way they used me on the road and in the pit on this occasion.

Buff McManus was called on for a song and he gave us a right good love song that went echoing down through the pine woods towards the village of Bridgenorth and surrounding country. Had the young ladies been around at the time it would have done their tender hearts good to have heard it.

Now, sir, there is one aged veteran by the name of George Gray who 84 years old. He had done 124 days road work and I do not think that the township council should let him go free the rest of his life. He came on and did his work faithfully like the rest of them.

These are the men who worked in the pit for me;

Sandfield McManus, Jas. Young, T. Cullen, jr. Wm. Norton, Wm McDougall, Jas. Conway, Harry Taylor, Robt. Nurse, Thos. Mann, Jno. McManus, W. McConky, Wm. Robinson, Bat. McManus, Martin Quinn, Frank Young, Chas White, Alb White, Sey Forsyth, Blake Cullen, Wm Conway, Al Mann with team, Ernest McManus, P. Udy, Geo Bell Harold Coon, Herb Belleghem, G. Gray, Wm. Ball, Jno. Telford, Peter Nichols, Thos Edminson with team, Jas Cullen sent a man to take his place. Gordin Mann with team, Joplin & Sons with team, Kelly & Brothers sent two teams for two days.

Those who paid for their work are as follows;

Thos. Smith, Jno. Turner, Robt Wilson, Gar Nichols, Bert Jones of Port Hope, Gordon Robinson, Thos McCall, John Forsyth, Peter Gravell, Wm Garrity, J.H. Barkwell, John Belleghem, T. Black, Jno. Coon, Phil Gravell, Harry Palmer, Port Hope, and David Kennedy.

Now sir, I will put up my men against any division in the township of Smith and if the council wants to commute any part they will have to commute the whole township to try and make them better. In my division 56, Bridgenorth, in the four days they filled 367 yards of gravel and the five noble teams drew it out on the road.

I must not forget Thos. Edminson who owned the gritty little snatch team. He was kept as busy as a bee helping to haul out of the pit.

Now I must bring my letter to a close as I am afraid I will be taking up too much space. This is my first letter to you and it may not be my last.

I am path master No. 56.

NATHAN TAYLOR

SUMMER COMPLAINTS KILL LITTLE ONES

At the first signs of illness during the hot weather months give the little ones Baby's Own Tablets, or in a few hours the child may be beyond cure. These tablets will prevent summer complaints if given occasionally to well children; and will promptly cure these troubles if they come unexpectedly. Baby's Own Tablets should always be kept in every home where there are young children. There is no other medicine so effective and the mother has the guarantee of a government analyst that the Tablets are absolutely safe. Mrs. E. LeBrun, Carillon, Que., says:—"Baby's Own Tablets are the best medicine I know of for regulating the stomach and bowels. I think no mother should be without this medicine." Sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

WERE INJURED IN A RUNAWAY

On Tuesday night Mr. W. H. Lytle and his son William, of Charlotte street; while driving near Pontypool, were injured in a runaway. The drivers lost control of the horses and all three were thrown out. Mr. W. L. Lytle injured his leg, and his son his ankle but the injuries are not serious.—Lindsay Post.

MAN IS ALLEGED TO HAVE USED HYPNOTIC INFLUENCE

Young Girl Who Was Bathing in Creek Near Jackson Park Was the Victim

HER CONDITION IS NOW CRITICAL

The Strange Experience of Etta Kennedy, Fourteen-year-old Daughter of Mr. Samuel Kennedy—Is Now in Nicholl's Hospital

An incident shrouded in mystery and one of the strangest and most sensational affairs that have occurred in Peterborough for some time, took place on Dominion Day near Jackson Park. By the exercising of some hypnotic power by an unknown man, Etta Kennedy, the 14 year old daughter of Mr. Samuel Kennedy, Dublin st., was suddenly put in a trance from which she has not yet recovered. She is at present confined in Nicholls Hospital in a most critical condition. She has taken violent convulsions and her nervous system has suffered such a severe shock that her recovery is doubtful. She has been unable to speak and has to be carefully watched day and night.

WAS IN BATHING.

The little girl, in company with a number of other children had planned a picnic to take place at Jackson Park on the holiday. Before proceeding to the grounds, they went in bathing in the creek between Bonacord street and Motherwell streets. There is a spot where the water is not very deep and where these little girls have been accustomed to go for a bath. It is shaded with pine trees and some bushes. They had put on their bathing suits and had been playing in the water only a few minutes when a dark thin faced man, who had evidently been concealed in the bushes came out and the mysterious event took place. Suddenly the little girl stiffened out in the water as though a magic spell held her and she was perfectly helpless.

WAS HYPNOTIZED.

The man came forward and the child was taken from the water. All the time he steadily gazed at her. She struggled hard to get back to the water, but they held her. A couple of her companions ran to the home of Mr. Thos. Dawson, Bonacord st. The man told the girl's chums to go away and leave their friend with him, saying, that he understood her case better than they did. He told them to get some "sovereign balm." One little girl spoke out boldly and said, "No I won't leave her with you. I am going to stay with her."

It was only a few minutes till Mrs. Dawson returned to the creek with the children.

A Review representative called on her this morning and learned some interesting facts regarding the strange affair.

Mrs. Dawson found the child lying on the bank. She spoke to her telling her to come with her to her place. She would not move, but stared with widely opened eyes into her face.

CHILD UNCONTROLLABLE.

After some difficulty Mrs. Dawson got her to her feet coaxing her to come along with her. The man persisted in following them despite the fact that Mrs. Dawson told him several times to go. He walked beside the child staring her in the face with a somewhat downcast steady look. The girl in return vacantly gazed at him. Repeatedly he was told to go but he replied that he would go when he pleased. By this time the alarm had spread and several citizens in the vicinity had come out and noticed the strange actions of the child.

At the railway track and Bonacord street the muscles of the girls' arms became swollen. She stiffened out again and with a sudden jerk broke away from Mrs. Dawson, and with a leap jumped a fence and over a field towards the toboggan slide in Jackson Park. Miss B. Dawson went after her and it required all her strength to bring her along. She finally got to Mrs. Dawson's residence, where they placed her in the hammock on the verandah.

LOOKED LIKE A VILLAIN.

Meanwhile this man stood on the corner where he remained for about an hour.

From a description, people who saw the man say that he appeared to them to look like a criminal. He was dressed in a shabby black suit and wore a Christy stiff hat. He was dark and thin faced. He had not been shaved for some little while. His nose was very red. In fact, it is said, that he looked quite like a desperate character. From the few words that he spoke he was at once identified as being an Englishman. The police were not sent for at the time and it is the opinion that a villainous man is being allowed to run at large. It is thought that he certainly hypnotized the girl, as she was never known to act so strangely before and never suffered from a shock. It is quite evident that she suffered from a terrible fright.

SCREAMED VIOLENTLY.

At the house the child laid in the hammock with the same vacant stare in her eyes, her fists were clinched and she held them out as though fighting of some one. Her teeth were closed tightly. She was ghastly white. No man could go near her. If one went in her sight she would scream violently. Mrs. Dawson did everything she could for the girl. Dr. Scott was sent for, but apparently could not do anything for her. She was afterwards removed to Mrs. Cresswell's home on Victoria avenue, where the child has been staying. Shortly after being taken home she went into convulsions and has been unconscious ever since.

HAD TO BE STRAPPED TO BED.

At twelve o'clock on Wednesday night she was removed to Nicholls Hospital. At two o'clock she became so hysterical that she had to be strapped to the bed. She is in a very critical condition.

The whole affair is very mysterious and it has created a great sensation. Little Etta Kennedy was a very bright child and exceedingly pretty and much sympathy is expressed for her misfortune.

BETTER THAN SPANKING

Spanking does not cure children of bed wetting. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W., 62, Windsor, Ont., will send free to any mother, her home treatment, with full instructions. Send no money, but write her today if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

GOT OUT OF JAIL AND WENT AFTER SOMETHING WET

Two Prisoners Had the Laugh on the Town Constable at Port Perry—Cells Were Not Very Secure

A Peterborough man who was at Port Perry on Wednesday when two men were arrested there charged with assaulting a young man who is now in a serious condition as a result of the beating he received, tells an amusing story in connection with the affair. The town constable took the two men in charge and locked them up in the jail. He stayed and watched over them all afternoon, but early in the evening he decided to go home and get something to eat. Thinking that the suspects were good and secure behind the iron bars, he did not hurry himself but when he returned to the "coop" he was surprised to find the two birds had flown. Of course the constable was considerably put out and at once started out in pursuit. Someone told him that two men had been seen entering one of the village hotels and thither the constable wended his way. He found the two prisoners having a drink at the bar but they were not at all disturbed at the appearance of the cop.

"We got pretty dry up there," one of them said, "and thought we would come down and have something. We were going back when we had a drink."

The constable escorted the two men back to the cells and saw that they were locked up more securely.

MAY BUILD NEW FURNITURE FACTORY IN ASHBURNHAM

The Peterborough Furniture Factory on Hunter street, Ashburnham, is rushed with orders these days. The business has grown to such an extent that the present quarters are far too inadequate. It is the intention of Mr. Oke to put up a building three times the size of the present one. Mr. Oke informed a Review representative this morning that they were several orders of sideboards and dining tables behind. If the present factory is sold to the Peterborough Lubricator Co., Mr. Oke will build at once.

A SMALL FIRE GIVES NEW BRIGADE ITS FIRST RUN

The new fire brigade under Chief Howard, had its first run this morning when an alarm was rung in at 710 from box 54. The blaze was at 305 Mark street, Ashburnham, the house being the property of Mr. R. P. Glover, and Mr. T. T. Moore and family are the occupants. The brigade did splendid work and mastered the fire in good fashion. The fire had its source from a stove in the summer kitchen. A member of the family lighted it early in the morning and then retired again. It is not known whether the blaze was started from a spark or the overheating of the stove pipe. The damage was done to the roof and is insured at about $75.00.

SERGT.-MAJOR BRITTAIN WAS HONORED BY THE NON.-COMS.

At a gathering of the non-commissioned officers of the 57th regiment at their mess rooms last night Sergt.-Major Brittain was presented with a suit case and club bag. An appropriate address was read by Color-Sergt. Waterman of No. 4 Company and Color Sergeant Roberts of No. 3 Company made the presentation.

The address contained many expressions of regret at the departure of the Sergt.-Major, who is leaving on Tuesday to accept the position of Sergt.-Major with the Queen's Own, Toronto, and also congratulations on his promotion. He has proved a particularly efficient drill instructor for the local regiment and will be a difficult man to replace. Quartermaster Sergt. Edwards occupied the chair and Staff Sergt. Cottrell, of the stretcher bearer corps voiced the feelings of the regiment in neat speeches. Sergt.-Major Brittain acknowledged the address and presentation, as well as the many compliments tendered him in some appropriate remarks.

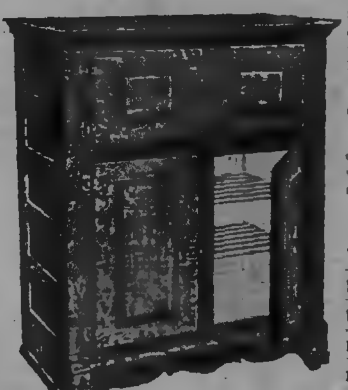
SANDERSON-HAROLD
OPALITE REFRIGERATORS



Opalite is a pure white glass, 7-16 thick, is fitted in the Provision Chambers in sheets—one covers the bottom, another the back, etc. and not in little square pieces like some Porcelain lines.

This material resembles china in appearance and is the most sanitary lining known.

An Opalite does not need to be scrubbed out every few days, as the surface is easily cleaned with a damp cloth. This will save ice and temper.

The Clean, Glassy, Milk-White Walls, the handsomely finished Oak Cases, and attractive Nickeless Brass Trimmings, appeal to particular men and women instantaneously.

WEDDING BELLS

PADDON—NICKSON

The marriage of Mr. A. B. Paddon, of the local staff of the Bank of Montreal (formerly of Peterborough) and Edith, daughter of Mr. J. J. Nickson, 1270 Melville street, took place on Thursday morning in Christ Church. Rev. C. C. Owen officiated. The bride was given away by her father and was attended by her sister, Miss Lindsay Nickson, while the groom was supported by Mr. A. B. Fraser.

After the ceremony a wedding breakfast was served to a number of guests at the home of the bride. and the happy couple then left on a honeymoon trip up the coast, after which they will proceed to Winnipeg, where the groom, who was recently in the local branch of the Bank of Montreal, has been transferred.—Vancouver World.

Come with the 57th Regiment Band and Firemen (the old brigade) to Idyl Wyld, Monday July 6th. Two steamers, full Military Band and good music for dancing.

Two EXCURSIONS

WEDNESDAY, JULY 8th

TORONTO and NIAGARA FALLS

The Durham Old Boys announce another of their popular annual excursions to Toronto and Niagara Falls, going via G. T. R. to Toronto and from there to Niagara Falls by the magnificent Steamers of the Niagara Falls Line and famous gorge route.

You can spend two days at the Falls or spend second day at Toronto, as all tickets are good returning from Toronto on any regular train July 8th or 9th, also by special train on arrival of steamer at Toronto about 8:30 p.m. July 8th.

	Trains Leave	Fare to Toronto & return	Fare to N. Falls & return
Peterborough	5.05 a.m.	$2.05	$2.30
Millbrook	5.35 a.m.	2.05	2.30
Garden Hill	5.53 a.m.	2.00	2.30
Port Hope	6.15 a.m.	1.75	2.15
Port Hope Jct.	6.25 a.m.	1.75	2.15

Children over 5 and under 12, half price

Special train leaves foot of Yonge St., Toronto 8.30 p.m. July 8.

The committee are sparing no pains to make this the best excursion of the season. Durham Old Boys and their families join the excursion as usual at Toronto. A fine band has been engaged for the excursion under the leadership of Mr. Frank McDowell.

AUTOMATIC GREASE CUP WILL BE MANUFACTURED IN CITY IN A FEW WEEKS

Big Industry to be Started Here in a Short While—Will Likely Locate in Furniture Factory, Ashburnham New Company Formed—Capitalized by Local Men.

Peterborough is soon to have a new industry and one that promises to become and no doubt will, become one of the city's leading manufactories. Capitalized by local men of great business ability and shrewdness, its success is assured. Peterborough capitalists being at the head of the new concern great interest will be manifested in its welfare and good results are looked for.

The new industry will be known as the Peterborough Lubricator Manufacturing Company. What is known as the "grease cup" for purposes of lubrication will be manufactured.

HAVE PURCHASED PATENT.

Mr. John Frances Lewis, of Philadelphia, is the inventor of this new device, but the company have purchased the patent from him, for the Dominion of Canada. Since this new invention, time, attention, and labor has been saved for the engineer and machinist. It is fitted on the bearings and workings automatically. This grease cup insures that any grease fed from it, reaches the journal in its original condition, performs the best work its lubricating qualities permit, and with no waste whatever. This cup, with its large unrestricted outlet and its regularity of action feeds perfectly grease at such consistencies, that if put in a cup under mechanical pressure, will most, under the hardening process refuse to feed at all. It works effectively, economically and with entire satisfaction to all concerned.

DESCRIPTION OF CUP.

The cup is made out of compressed steel and it costs less to manufacture this one than any other on the market. Until such time as the company can instal a press, they intend to secure the pressed parts from the Philadelphia Lubricator and Manufacturing Co.

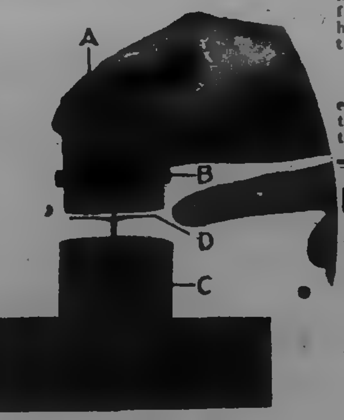

FIGURE I

Figure I, shows the cup before it is screwed into place and before it is filled. "C" part is filled evenly with grease, but there should be none at all in part "A." Part "A" is screwed to the position as illustrated in figure II.

Figure II. shows cup filled with grease. This will suffice for a run of from a week to a month depending the nature of the place and the condition of the machine.

OFFICERS OF THE COMPANY.

The company was organized last Monday night. They have been granted their charter. The officers are.—

President—Wm. Harstone.
Vice President—Mr. J. F. Lewis.
Secretary-Treasurer — Mr. R. A. Elliott.
Managing Director—Mr. M. W. Boerema.

Directors—Messrs. W. H. Denham, J. H. Larmouth and A. A. Hollingshead.

As has been noted above, and as can be seen from the above list, the officers are progressive and men of great business ability. The vice-president, Mr. J. F. Lewis, is the inventor. He has a personal interest in the concern and will be in Peterborough for five or six weeks, while the new factory is running.

The managing director, Mr. M. W. Boerema, is at present in the city and will reside here. His home is at Youngstown, Ohio, but before coming to Peterborough was identified with the Philadelphia Lubricator Co. He came here seven weeks ago at the instigation of the Schenectady Electric Co., having been told by them that no city could equal Peterborough as far as possibilities for manufacturies were concerned. Mr. Boerema had heard that it was admirably suitable for industries and decided to come here, with the result that this city is to have the industry.

FIGURE II.

WILL COMMENCE AT ONCE.

The company will commence to operate in a few weeks just as soon as their plant can be fitted up. Negotiations are under way to secure the furniture factory of Mr. T. Oke, on Hunter street, Ashburnham. It is a fine building and well suited for the company's purposes. It is understood that Mr. Oke intends to build a larger factory on the property adjoining his present one.

At the start the company will employ a number of hands and from time to time will increase that number as the business grows. Already they have received large orders, four thousand alone from firms in this city. Big orders have also been received from such concerns as the Fairbanks, Scale Co., of Toronto.

There is a great demand for these cups and the business of the company is bound to expand and multiply.

A Clock as a Wedding Gift .·.

Is one that will long be a remembrance of the generosity of the givers day in and day out year in and year out, ticking away the flight of time, at every tick reminding the receiver of your welcome remembrance. **See our Special Parlor Mantel Clocks at $6** This clock runs for eight days, strikes the hours on a cathedral gong and announces the half hours in a cup bell.

DR. REAUME WILL COME TO CITY REGARDING BENSON-ST.

Deputation From Peterborough Waits on Minister of Public Works in Connection With the New Normal School.

A deputation from Peterborough, headed by Messrs. T. E. Bradburn, M.P.P., Jas. Thomson, M.P.P., East Peterborough, and Mayor Rush, waited on the Minister of Public Works at Toronto yesterday. The Toronto Star of last evening refers to the deputation as follows;—

"Peterborough has a new Normal School. Peterborough wants the Government to widen the street to it. Peterborough wants the Government to build a sidewalk on the highway. Peterborough wants the tenders for supplies. There are some of these things which Peterborough will not get.

"A deputation tried to impress on Dr. Reaume this morning the desirability of buying a long strip of land on Benson avenue to widen the street ten feet. Dr. Reaume said he would go to Peterborough and let them show him. He will also view the landscape o'er with reference to the walk.

"They asked him about the fixtures at the new school. He said they would be bought by tender.

"They asked him about the coal. He said that would be a matter for tender, too.

"They hinted that Peterborough could supply the requirements and that there were other ways besides tender. Dr. Rheaume intimated with all courtesy that these other ways afforded a splendid opportunity for the Government to get soaked.

The deputation was introduced by Messrs. T. E. Bradburn, M.P.P., and James Thompson, M.P.P. Mayor Rush and other Peterborough representatives added their plea.

"The street widening they may get, as the earth could be used to terrace the school grounds. The sidewalk they will probably have to build themselves,' said Dr. Rheaume.

PETERBOROUGH MEN ARE INTERESTED IN SCHEME

To Establish Automobile Line Between Cobourg and Rice Lake—Information Being Secured.

It is understood that a scheme is under way to establish an automobile line between Cobourg and Rice Lake, or, to be more precise, between Cobourg and Gore's Landing. Since Cobourg and Peterborough gentlemen are interested in the matter and are securing information as to the feasibility of the proposition. It is generally recognised that lack of proper transportation facilities has had a great deal to do with retarding the progress of Rice Lake as a summer resort and a good bus service between Cobourg and the Landing would be a big boost toward better transportation, and the scheme looks like a paying investment. It is about fourteen miles between the two points mentioned above and the road is a good one although somewhat hilly. The proposition is to have two large automobile cars in commission and to make two or three trips a day.

As stated above, information is now being secured and something further regarding the matter can be expected at an early date.

57th band 0

SPORTING NEWS

HOAGLAND IS LEADING JIM HARRISON BY ONE MILE

Special to the Review.

Port Hope, July 4.—The standing of the walkers at the end of the third day of the four days here was as follows:—

Hoagland, 62 miles 10 laps.
Harrison, 61 miles 10 laps.
Slater, 60 miles 8 laps.
Guerin, 59 miles 12 laps.

Hoagland is a mile ahead of Harrison, and the Peterborough man is a mile and two laps ahead of Tom Slater. Guerin is walking well and there is a possibility that he may beat out Slater. The walk is being fairly well patronized. The walk comes to a close to-night.

SLATER RAN AND WAS SET BACK A LAP FOR OFFENCE

Jim Harrison has written from Port Hope to the sporting editor of The Review and says he is confident of staying in second place in the walk there. On Thursday night he says Slater gave him quite a time of it. Both Slater and Hoagland started off at great speed and kept up the pace until the end of the night's walk. Harrison says he made a great spring in the last three minutes, making a lap on Slater, and the latter broke into a run, going as hard as he could go. For this he was set back a lap. The local walker says he is feeling the very best and there is apparently no danger of him going out unless something unforseen happens.

THE ATHLETES HAD MOCK TRIAL

Fred Simpson Took Part in Amusements on Board Ship

In a despatch from London to a Toronto paper describing the trip of the Canadian olympic team across the pond, the following interesting article appears:—

Fred Simpson, Bobby Kerr, Ed. Archibald and others took part in the concerts held on board. One evening the boys put on a mock trial. Fitzgerald was the prisoner, and Mr. Crocker the judge. Advocates, court attendants and policemen were numerous, and the affair was one of the hits of the voyage. Fitzgerald was sentenced to shovel the fog off the bowsprit until the decks were dry.

On Saturday, about 11 o'clock, land was sighted in the form of the rocky outline of Ireland. This brought joy to the hearts of Con. Walsh, Bobby Kerr and the other Irishmen on the team. For the last two days of the ocean voyage the weather was fine and clear.

The steamer reached Liverpool yesterday, after a nine days' trip. The team came from Liverpool to London in a special car attached to the boat train, and Euston Station was reached at three o'clock in the afternoon. The boys have not yet had any time for sight-seeing, but they will not go in much for that until after the games.

"WRINGING WET, KICKED LIKE MULES"

Picturesque Description of a Football Match in North Harvey

The following account of a football match appears in the North Harvey correspondence of the Independent;

"A football match was played at Ross Kimbles the other day Nogey's Creek vs. Galway road eleven. After a fierce struggle to score in the first half, nothing was doing, although every man was wringing wet, and the whole bunch kicking like mules. In the second half Galway road did the trick just once, and when time was up the score stood 1—0 in favor of the road boys. It was a very exciting game and the Creek boys put up a great game. The return match at Nogey's Creek on Tuesday evening was just close and exciting, our Galway road boys pulling off the victory with the same score 1—0. Both games were played very agreeably, and in the most sportsmanlike manner.'

TWICE ON SAME HOLD

Seattle, Wash., July 2. — Frank Gotch, of Humboldt, Ia., maintained his right to the world's championship last night when he outclassed Dr. B. T. Roller, of Seattle, winning two consecutive falls in 15 minutes and 25 seconds, and 25 minutes and 54 seconds respectively. The men entered the ring weighing close to 200 pounds each.

Gotch worked his toe hold 6 times in succession in the first bout. Roller broke away each time, but it wore on him, and finally Gotch downed him with a crotch and a half Nelson.

Roller did the better work in the second bout, but Gotch went from hold to hold with startling rapidity. Roller's best work in this bout was to break a half Nelson and crotch after he was seemingly lost. He was finally picked up and dumped to his shoulders from the same hold.

LAWN BOWLING

The local bowlers had a great day yesterday, a good number being out to enjoy the games, among which the following were most exciting and full of interest;

J. Galoni	Dr. Wightman.
K. Crane	R. Wescot
J. E. McIntyre	T. E. Dratt
Geo. Giroux, sk 8	Dr. Holloway sk 11
Dr. Walmsley	Roy Scott
J. Cunningham	J. Rose
D. Belleghem	Sam Sharp
A.E. Runnels sk 9	W.E. O'Brien sk 19

Following is the schedule for today:

Dr. Greer vs. W. McIlroy.
Chas. Seymour vs. W. Thompson.
J. E.A. Fitzgerald vs. W.M. Lang.

FITS CURED
Sufferers from Fits, Epilepsy, St. Vitus' Dance, Nervous Troubles or Falling Sickness should write the LIEBIG CO., 179 King street, Toronto, for a trial bottle of their Fit Cure and Treatise. Enclose 10c for postage and packing.

ATHLETICS

T. H. Hutchinson, formerly of the local Y.M.C.A. staff and now boys' secretary of the Vancouver, B.C., branch, was an official in the big "Y" athletic meet there on Dominion Day.

Grease on Carpet.

To remove grease spots on carpet or matting cover with French chalk and sprinkle with benzine. Allow the benzine to evaporate, then brush off the chalk. If the stain has not disappeared repeat the process.

Breezy Wellington.

Wellington, the political capital of New Zealand, is one of the windiest cities in the world. Everybody in Wellington clutches his hat on rounding a street corner to prevent its being blown into space. A Wellington man is always known in Sydney, Melbourne and other cities by the determined manner in which he holds on to his hat through force of long habit.

Rusty Keys.

Rusty keys should be laid to soak for some time in a vessel containing paraffin oil. After soaking for a day or two the oil will have acted upon the rust and loosened it to such an extent that it will be quite easy to remove with a little rubbing.

Belgium.

Belgium is the most confused little nationality on earth. In the great cities the population is made up of inextricable mixtures of Flemish races and the Walloons, pure French and Germans. Add to this broad splashes of the Spanish blood that came in with the princes of the last century, and you have a curious conglomerate man—the brave little Belgian.

Hairbrushes.

Always in the selection of a hairbrush remember that the quality of the bristles is a superior consideration to the mountings.

BEAUTIFUL WOMEN

Paris is Full of Them and Nearly All Use Parisian Sage.

In the beauty show at the metropolis two years ago Gold Medals were awarded to five different women.

To the most beautiful woman between 20 and 25; between 25 and 30; between 30 and 35; between 35 and 40, and between 40 and 45.

A society reporter who interviewd all five women in the interest of his papers reported that all of them had beautiful hair, and that each of the five enthusiastically attributed her luxuriant hair to Parisian Sage.

........&........ sells Parisian Sage for 50 cents a bottle. He guarantees it to cure dandruff in two weeks; to stop falling hair and itching of the scalp. It makes any woman's hair beautiful, soft and luxuriant.

THE UNITED AGENCY COMPANY, Limited
(Insurance Department)

Have you seen the GREAT WEST LIFE'S NEW POLICY? The best policy issued. The GREAT WEST LIFE is paying bigger interest on the money invested than any other Company, therefore it is the best.

WE EMPHASIZE THE FIVE POINTS THAT COUNT:

1.—THE LARGE BUSINESS WRITTEN—Indicates the public view of the GREAT WEST LIFE POLICIES. 2.—THE DIMINISHED COST OF SECURING THIS LARGE BUSINESS. 3.—THE LOW DEATH RATE, endorsing the careful practice of the Company in accepting risks. 4.—THE LARGE INCREASE OF OUR ASSETS. 5.—THE HIGH RATE OF INTEREST EARNINGS ON INVESTMENTS.

All this is to the advantage of the policyholders. It is for you to make application. Why not get the best?

We are representatives for several first class FIRE COMPANIES, in addition to LLOYD'S PLATE GLASS, THE UNITED STATES FIDELITY AND GUARANTY COMPANY and the old, reliable RAILWAY PASSENGERS ACCIDENT CO'Y OF LONDON, ENG.

The Services In The Churches On Sunday

St. Peter's Cathedral

At St. Peter's Cathedral there will be three masses celebrated — at 8 a.m., low mass; children's mass at 9.15 a.m., high mass at 10.30; Vespers at 7 p.m. with sermon.

St. John's (Anglican)

Rev. Canon Davidson, M.A., rector. 3rd Sunday after Trinity. 8.30 a.m. Holy Communion; 11 am. Morning Prayer, Holy Communion and Sermon; 3 p. m., Sunday school; 7 p.m., Evensong and sermon. The Ven. Archdeacon Batty, of Nashville, Tenn., will be priest in charge of the parish of St. John's during July.

All Saints' Church

(Anglican) Cor. Rubidge and Sherbrooke streets. Rev. W. Major. rector. 3rd Sunday after Trinity. 8.30 a.m., Holy Communion; 11 a.m., Morning Prayer and Sermon; 3 p.m. Sunday school and Bible class; 7 p.m., Evensong and sermon. Sidesmen for the day, Messrs. Wilson and Manley.

The rector will preach at both services.

St. Luke's Church

(Anglican) East side.—Rev. Dr. Langfeldt. 3rd Sunday after Trinity. 10 a.m., Sunday school and Bible class; 11 a.m. Holy Communion and Sermon 7 p.m., Evensong and sermon.

The rector will preach in the morning and in the evening will exchange pulpits with Ven. Archdeacon Batty, locum tenens of St. John's.

St. Paul's Presbyterian

Rev. Dr. McDonald, of Keene, will preach at the morning service at St. Paul's church to-morrow and Rev. H. J. Keith in the evening.

St. Andrew's Presbyterian

The usual services will be conducted at St. Andrew's church on Sunday.

Knox Presbyterian

The usual services will be held at Nox Presbyterian church to-morrow.

George Street Methodist

The pastor, Rev. E. A. Pearson, will conduct the services at George street church on Sunday.

Charlotte Street Methodist

The new pastor, Rev. G. W. Henderson, will preach at both services at Charlotte street church to-morrow.

Mark Street Methodist

The pastor, Rev. C. H. Coon, will preach at both services at Mark street church to-morrow.

Park Street Baptist

The regular services will be conducted at Park street Baptist church tomorrow.

Murray Street Baptist

Commencing with to-morrow Sunday school will be held at 10 a. m. till further notice. Morning service at 11 a.m., followed by communion and reception of new members. Evening service at 7. Choir will be assisted by Mr. Love, bass soloist of College street Baptist church, Toronto.

Bethany Tabernacle

Rev. Wm. Pocock will conduct the morning and evening services at Bethany Tabernacle to-morrow.

Gospel Hall

Sunday school and Bible class at 10 a.m.; Lord's Supper at 11 a.m.; gospel meeting at 8 p.m.

Salvation Army Barracks

Simcoe street.—Staff Captain Goodwin in charge. Capt. Maisey, assistant. Sunday meetings: 7 a.m., prayer meeting; 3 p.m., free and easy; 7 p.m., salvation meeting. All are welcome.

THE 57TH BAND DELIGHTED ITS AUDIENCE LAST NIGHT

An unusually bright and appealing concert was given by the 57th band at Victoria Park last night and it was the general verdict of those who attended that the programme rendered was the best of the year. The large audience was more than ordinarily generous in its applause, several numbers being quite enthusiastically encored.

The opening march, "Philharmonic" is a rousing one and was well received. The most popular number of the evening were "Rocked in the Cradle of the deep," with euphonium solo by Bandsman Cronk, and the medley of popular songs, both getting hearty recalls. In the rendition of sacred music Conductor Giddon's bandsmen are at their best and they played the hymn, "Days and Moments Quickly Flying," in a way that showed they had a fine appreciation of the sacred character of its theme.

There were apparently a large a large number present who are fond of the famous melodies from "the land o' cakes," for "Reminiscences of Scotland had to be repeated in response to the prolonged applause. "Voyage on a Troopship," with its realistic trap effects, was another number that greatly pleased the crowd.

The selection from "The Merry Widow," including the famous waltz, "I love you so," was given by the band for the first time, many of the crowd whistling the refrain of the waltz as it was being played.

Taken in its entirety, the program was a thoroughly enjoyable and well arranged one.

Following is the programme as played:

March, "Philharmonic."
Overture, "Nabuca."
Euphonium solo, "Rocked in the Cradle of the Deep" with variations by Bandsman Cronk.
Medley, Popular Song, No. 1.
Reminiscences of Scotland.
"Merry Widow" selection
Hymn, "Days and Moments Quickly Flying."
Grand Nautical Fantasy, Voyage of a Troopship.
God Save the King.

SMILES

"Smile awhile;
While you smile
Another smiles;
And soon there's smiles
And miles
Of smiles;
And life's worth while,
If you but smile."

McDERMID & JURY, Druggists, Peterborough, Ont

HAVELOCK

Special to the Review.

Havelock, July 3. — The celebration held in Havelock on July 1st, was one of the best that has ever been held in this progressive railroad town. People came from all points of the compass for the day, about 1,000 being in attendance. The Havelock Park was the centre of attraction during the day, the sports being held there. The weather was ideal.

In the League football match Havelock defeated Norwood by a score of 2 to 0. Thus Havelock has won the championship of this district of the Midland League, composed of Havelock Norwood and the Peterborough Quakers.

The named horse race was quite exciting, Mr. Godfrey's "Country Boy" taking the lead, with Dr. Wilson's "Jessie W." a close second. Country Boy took three out of five half-mile heats. The best time made was 1.15. Havelock was also the winner in the baseball match with Campbellford, a quite interesting game, ending in a score of 16 to 7.

Mr. Geo. Service, of the Y.M.C.A., Belleville, formerly of Belmont, was the winner of the mile foot race.

Several other interesting sports were run off, and the day ended with a concert in the town hall in the evening to a fair sized audience.

The receipts of the day were a surprise to the committee.

The restaurant lately managed by Mrs. Crawford, has been re-opened by Mr. Jno. Overend.

The firm of Lonergan & Ryan, liverymen, has been dissolved and the livery business will in future be carried on by Mr. Lonergan alone.

At the Methodist church on Monday, June 29th, Mr. Jas. Parcels, of town was united in the bonds of marriage to Miss Anna Bailiff, also of Havelock.

Mr. Noah King, proprietor of "Lakeview" summer resort, Belmont Lake, is out after the Toronto Star prize rod again and last week succeeded in landing a six-pound small mouth black bass.

Mr. A. Sinclair has enlarged his butcher shop in the Williams block by a new wing and has also constructed an entrance on the east side of the shop.

The cement sidewalks in town have been completed and indeed are a credit to the town and the council through whom they were built. The town has now cement walks on Orange street, Ottawa street, George street and Quebec street and it is likely that a great deal more will be added next year.

A large number from Campbellford, Norwood and Marmora, attended the local Masonic annual services in St. John's church last Sunday when Rev. H.H. Caplan delivered a most eloquent sermon.

Mrs. Chas. Stewart and Mr. Semard Stewart have returned from Trenton where they have been visiting with friends.

Mr. Banes of the local teachers has left for his home in Crediton.

Mr. A. Primrose has secured a most lucrative position with the Doherty Piano and Organ Co. and left for that place this week.

Mr. Geo. Sherry of Norwood, was in town on Friday.

Miss B. Rose is visiting friends at Niagara Falls and Buffalo.

Miss Stella McWilliams, of Marmora, is visiting friends in town.

Mrs. M. Lonergan is visiting friends in Norwood.

Mr. C. Brown, P.S.I., was in town on Monday.

Mr. C. Simms, spent Saturday and Sunday, the guest of Mr. Robt. Walton.

Cheese Markets.

KEMPTVILLE, July 3.—There were 130 white and 735 colored cheese registered at to-night's meeting of the Kemptville Cheese Board. The bidding stood at 11 9-16c for either, but no sales were made.

PERTH, Ont., July 3.—There were 1550 boxes of cheese boarded here to-day—1300 white and 250 colored. All sold at 11¾c; about the usual number of buyers present.

MADOC, July 3.—At the cheese board here to-day, 800 boxes were offered. All sold at 11 7-16c.

PICTON, July 3.—At the cheese board to-day, 20 factories boarded 2195 boxes colored. Highest, 11⅝c.

Artilleryman Is Hurt.

Guelph, July 4.—Driver Percy Kitching of the Field Battery, encamped here, who hails from near Corwhin, was crossing the sidewalk on horseback when his horse slipped. The unfortunate rider was unable to extricate his foot from the stirrup in time and the heavy horse fell on top of it, breaking it in two places, at the ankle and in the foot.

Drinking Healths.

The common custom of drinking healths had a curious origin. In the days when the Danes lorded it in England they had a way of stabbing Englishmen in the throat when drinking. To avoid this villainy a man when drinking would request some of the sittersby to be his pledge or surety while taking his draft.

Babylon.

Babylon was probably the first city to attain a population of a million. The area of the city was 225 square miles.

William Forsyth, of Hamilton is dead, aged 85.

A Highland regiment is to be organised in Winnipeg.

Unclaimed bank balances in Canada total $586,246.

Winnipeg civic estimates total $2,093,604.69 and the tax rate is 15 1-2 mills.

PROMPT PAYMENT

Peterborough, Ont., June 12th, 1908

W. H. HILL, Esq., City Representative Liverpool and London, and Globe Fire Insurance Co'y.

DEAR SIR,—

We beg to acknowledge the receipt of cheque for $2,500 in settlement of fire loss, policy No. 8,645,879 Liverpool and London and Globe Insurance Company.

We note in connection with this settlement a most unusual feature. They are legally entitled to 1 per cent. of stated sum for payment prior to due date. No business man would for one moment question their right to this amount. But they do not take it. Instead they have purposely waived their privileges and presented us with this additional amount.

We are gratified to note this remarkable action. To adjust and settle a loss within twelve days is noteworthy, but to add to this magnanimity in refusing to take advantage of their discount privileges, places this company in a most favorable position.

We congratulate you upon representing a company of such superior standing.

Yours very truly,
Canada Flakes Co.,
LIMITED.
Signed, H. B. COLLIER, Manager.

MILLINERY - DRESSMAKING

COMMEMORATIVE STAMPS WILL BE READY SOON

Beautiful Designs of Postage Stamps Which Will Likely be Placed on Sale Next Week—For Quebec Tercentenary.

Some time ago the issue of a set of postage stamps was proposed in connection with the Quebec Tercentenary, and these are expected to be on sale next week, the first announcement having been that they would be distributed on July 6th. It is getting so near the time of the celebration that many enquiries are being made.

The stamps are said to be beautifully designed and executed, the portraits and historic scenes being alike true and perfect. The values, colors, and descriptions of the various stamps of the issue are given out to be—

Half cent, grey, picture of the Prince and Princess of Wales.

One cent, green, portraits of Champlain and Cartier.

Two cent, red, King Edward and Queen Alexandra.

Five cent, blue, representation of l'habitation de Quebec.

Seven cent, yellow, pictures of Montcalm and Wolfe.

Ten cent, mauve, picture of Quebec in 1700.

Fifteen cent, picture of the Parliament of the west of the old regime.

Twenty cent, green, picture of a courier du bois with Indians.

The stamps are all larger than the ordinary postage sticker to allow room for the double heads and for the fine historic pictures given on the stamps of larger denomination. They are being printed by the American Bank Note Company, Ottawa.

ROWLAND BOSWELL HAS NOT YET SAILED FROM MONTREAL

Montreal, July 3.—If, as was stated in a Peterborough despatch, Rowland Boswell, the Elora man, who disappeared on the eve of his wedding to Miss Cummings, of West Toronto, has come to Montreal, he is still in the city. He was to have taken either the Empress of Britain or the Virginian for Liverpool with his bride. The passengers on board of the two steamers, which sailed this morning, did not include Boswell, though the Cuthbert party, with whom the young couple were to have sailed, are on the passenger list of the Virginian, second cabin.

DRINK JOHNS' TEA

A PRETTY MILKMAID

Thinks Pe-ru-na Is a Wonderful Medicine.

MISS ANNIE HENDREN.

MISS ANNIE HENDREN, Rocklyn, Wash., writes:

"I feel better than I have for over four years. I have taken several bottles of Peruna and one bottle of Manalin.

"I can now do all my work in the house, milk the cows, take care of the milk, and so forth. *I think Peruna is a most wonderful medicine.*

"I believe I would be in bed to-day if I had not written to you for advice. I had taken all kinds of medicine, but none did me any good.

"Peruna has made me *a well and happy girl.* I can never say too much for Peruna."

Not only women of rank and leisure praise Peruna, but the industrious, useful women engaged in honest toil would not be without Dr. Hartman's world renowned remedy.

The Doctor has prescribed it for many thousand women every year and he never fails to receive a multitude of letters like the above, thanking him for his advice, and especially for the wonderful benefits received from Peruna.

AND THIS IS LEAP YEAR TOO

Only Two Weddings in Lindsay During the Month of June

The death roll for the month of June is not quite as large as that for May. During the latter month thirteen residents of the town passed away. The vital statistics for the month of June, according to the town clerks' book, shows that there were 11 deaths, 2 marriages and 3 births. This is a very small number of marriages for the month of June.—Lindsay Free Press.

OBITUARY

J. W. FITZGERALD.

Mr. J. W. Fitzgerald, collector of Customs and formerly Mayor of Owen Sound, died suddenly on Saturday evening, June 20, at Parry Sound as he was chatting with his friends. He is survived by a widow, six sons and two daughters. The deceased was married to the eldest daughter of the late Dalton Ullyott, and a sister of Mrs. D. J. Lundy, Mrs. George Rubidge and Mrs. G. G. Gladman. For many years Mr. Fitzgerald resided at Fenelon Falls, removing to Parry Sound a number of years ago where he first engaged in the lumbering business. In politics Mr. Fitzgerald was a pronounced Liberal. Miss Irene Fitzgerald, daughter of the deceased, was visiting friends in Peterborough when she heard of her father's death.

ENTERS CLAIM AGAINST CITY

For Damages for Injuries Sustained as Result of a Fall

Lilian Seil, who had her mouth injured as a result of a fall on Lafayette Ave., has entered an action for damages against the city. Mr. R. F. McWilliams is acting as her solicitor. She claims that the injury was the result of a defective sidewalk. The claim was considered at a meeting of the legal committee of the city council last night and the matter was referred to the city solicitor for his opinion.

REFERRED TO WHOLE COUNCIL

Public Abattoir Question Likely to Come up on Monday Night

At a meeting of the Property Committee yesterday afternoon it was decided to refer the public abattoir question to the committee of the whole Council. Ald. Bradburn, chairman, and Ald. Gillespie were present. It is probable that the matter will come up at the Council meeting on Monday night.

INJURED AT THE AUBURN MILLS

Mr. Wm McKnight, employed at the Auburn Woollen Mills, and residing on Concession street, Ashburnham, was injured while at his work this morning. Dr. Neal attended him and he was removed to St. Joseph's hospital in the Dan Spence Ambulance.

BIG TENT HAS NOT ARRIVED

And New Methodist Congregation Will Not Have Service To-morrow

Owing to the non-arrival of the big tent which was to be used as a temporary place of worship the new Methodist congregation in the south end of the city will not hold services to-morrow. The tent was to have been here to-day, but word has been recieved that it will not reach Peterborough until the first of the week. The first service will be held next Sunday.

It is expected that work on the new Methodist church will be commenced at once. The architect is in the city to-day.

Prayer service was held last night at the home of Rev. Mr. Manning.

CITY NEWS NOTES

HAYING ALREADY

Some farmers along the Chemong road have already started cutting the hay.

PHOTOS OF ECLIPSE.

Some excellent photographs of the recent solar eclipse are on exhibition at Roy's studio. They were taken by Rev. Dr. Marsh, of Springville.

AN ACKNOWLEDGMENT.

The officers of the Childrens' Aid Society acknowledge with thanks a donation of six dollars from Messrs. Percy Might, Percy McFadden and other members of the Sandy Point camp of 1907.

COMPOSITE CORPS DRILL

The composite company of the 57th Regiment that has been selectd to go to Quebec for the demonstration there will drill every Monday and Friday evening at 8 p.m., in drill order, with leggings.

By order,
J. MILLS,
Captain.

TAME MUSKRATS.

Mr. Baker, the druggist, has playing behind his shop four little muskrats. They are becoming quite tame and can be seen almost any time from his back door. The parents went through two barrels of apples last winter in Mr. Baker's cellar, and also walked off with a trap. It is to be hoped that the younger generation will be more honest and not so destructive. — Bobcaygeon Independent.

MANY TOOK IN THE EXCURSION

Annual Outing of St. Paul's Sunday School Yesterday to Stony Lake

The best excursion out of the city this season was that of St. Paul's Sunday school which was held yesterday. Nearly six hundred people were in attendance. The steamer Stony Lake carried the excursionists. A stop was made at Sandy Point where dinner was served and a list of sports run off. A sail to the lake was then made, stopping at Burleigh Falls, where tea was served.

The list of sports are unavoidably omitted to-day, but will be published in Monday's issue.

VOL. LVII., No. 4. | PETERBOROUGH, ONT., CANADA, MONDAY, JULY 6, 1908 | TEN CENTS PER WEEK

VICTIMS OF THE "FOURTH" SEVERAL FATAL ACCIDENTS

New York Has Many Serious and Fatal Accidents—Boy Kills His Sister With a Shot Gun—Two Italians Arrested—Other Accidents.

New York, July 6.—Despite police precautions the Fourth of 1908 brought numerous accidents from fireworks, explosions and gunshot wounds and a number of small fires were reported. One hospital before noon reported seven accidents, three of which were from gunshots, and the others from firecrackers' explosions. In the Harlem Police Court ten men and boys were before the magistrate charged with firing off revolvers in the streets, most of the prisoners being fined.

In Brooklyn, Mrs. Louisa Fischefer was probably fatally hurt by a premature explosion of gunpowder, manufactured by her son for Saturday's celebration.

Rain at noon relieved the excessive heat somewhat.

While throwing firecrackers from the roof of the tenement where he lived in West Houston street, Tony Enigo, six years old, was shot and killed. Two Italians, alleged to have been on the roof at the time firing at a target, were arrested by the police. Giovanni Rosso, in the Bronx, accidentally shot and killed himself while cleaning an old revolver for use.

Firing at a paper target while celebrating the Fourth, Milton Cunning, 18 years old, shot and killed his sister Jennie. The girl had gone to gathed some fresh eggs in the shed on which the target was pinned, and her head appeared at an opening directly above the target the moment her brother pulled the trigger.

BRAZIL NOW WANTS NAVY

Will Not Sell Any Battleships to the Japanese.

Paris, July 6.—G. B. Brodigan, technical representative of the Hotchkiss Co., says he is sure the statement that the Brazilian Government has no idea of selling a single one of her new warships to Japan, a statement by the Brazilian embassy at Washington, is no mere diplomatic announcement.

Mr. Brodigan, who has just returned from Brazil, says the ambition of that country is to have a perfect navy. Nothing but a severe slump in coffee prices or a failure of the coffee crop can interfere with its realization. Rear Admiral Alencar, the Brazilian Minister of Marine, told Mr. Brodigan that his only fear was that the country would not have a supply of properly trained men when the new ships were ready to be taken over. For this reason he was now keeping as many ships as possible doing active work at sea.

Mr. Brodigan supposes that Brazil's desire for such a powerful fleet is natural for a state believing itself as important as any on the continent. At the same time he found a theory strongly prevailed that the country had a right to a natural boundary to the south.

WAS MURDERED WITH CANNON

Edward McLaughlin Summoned to Door and Instantly Shot.

Leominster, Mass., July 6.—Edward J. McLaughlin, a business man, was summoned to the door of his home at 3 Floral place, this town, at 3 o'clock yesterday morning. Before he could open the door there was a loud report. McLaughlin dropped in his tracks and died within a minute.

The police have arrested as suspects Joe Coleman, 22 years old; Louis Nutting, 20, and Amos Lambert Simmons, 18. All refuse to discuss the case.

The police first found a revolver and announced that a bullet had caused McLaughlin's death. But A. H. Pierce, medical examiner, after an autopsy, said that death was caused by the liver and heart being pierced by a 3-8 inch steel ball gearing. The police went to work again and found a 15-inch cannon, which is said to have been loaded with a steel ball bearing.

McLaughlin, as far as can be learned, had no enemies. The police theory is that the assassin or assassins aimed the cannon on the porch steps so that the ball when discharged would enter the door a little to the right of the doorknob, waited to hear McLaughlin's hand on the knob and then pulled the trigger.

Girl Killed in a Runaway.

St. Catharines, July 6.—Alvina, the 20-year-old daughter of W. W. Roland of Louth Township, was killed in a runaway Saturday. She had been into the city market, and was returning home along the Great Western Hill when she attempted to raise her parasol. This action frightened the horse, which ran away and both the girl and her father were thrown from the wagon. Mr. Roland was not seriously injured, but the girl was rendered unconscious, and Dr. MacDonald was summoned at once. He saw that she was in a precarious condition and had her removed to the General and Marine Hospital, where death resulted early in the evening.

Cabman Was to Blame.

Ottawa, July 6.—The inquest was opened on Saturday into the death of Thomas Clairmont, whose body was found on the street car tracks with both legs cut off. He had been run over by cars but witnesses testified that the man was knocked down by a cab, and lay across the tracks before the cars came along. The cabman hustled off without taking any notice of what he had done. The inquiry will be resumed.

U. S. Battleships Start Again.

San Francisco, July 6.—Fresh from dry docks and looking as spick and span as the day they left Hampton Roads, the 16 battleships of the United States Atlantic fleet were riding at anchor yesterday in the harbor ready to sail next Tuesday for Honolulu on the second half of the long cruise around the world.

MR. BAKER, M.P., IS IN CANADA

British Member Gives His Views on the Licensing Bill.

Toronto, July 6.—J. Allen Baker, member for East Finsbury in the British House of Commons, arrived in Montreal Friday and is visiting his old homestead near Brighton, Northumberland County.

According to Mr. Baker, the measures that are demanding the most serious attention of Parliament and creating the deepest interest among the people are the license bill and the old age pension bill. Both measures, he says, are popular with the masses. The license bill, he adds, is being hotly opposed by the liquor interests, but the better classes throughout the country, headed by the Archbishop of Canterbury, are uniting, whether churchman or nonconformist, in favor of reform. The leaders of religious life and public opinion are as one body in favor of the restriction of the traffic.

Drowned While Canoeing.

Smith's Falls, July 6.—Harry York, aged 22 years, was drowned here yesterday by the capsizing of a canoe. With two companions named Leaver and Rabb he started out for a paddle on the river about noon. A gasoline yacht was coming behind them when one of the three turned quickly to call to some one on the launch and in doing so the frail craft was upset.

Leaver was the only one of the boys who could swim and with difficulty he got Rabb and York on the upturned canoe and started to tow it to shore. York slipped off and sank before anyone could reach him. His body was recovered almost immediately, but life was extinct.

Rabb became greatly exhausted and it was some time before he could be revived. York was a fine manly young fellow and was the chief support of a widowed mother.

Germany Retains Sword.

Berlin, July 6.—It is stated that the Ministry of War has decided that hereafter when officers are on active service they shall wear swords. These ornamental weapons were discarded after the South African war and rifles were substituted. The Japanese war led to a reconsideration of the decision. The Japanese experience showed that the moral value of the sword in distinguishing an officer from the private overweighed the advantage of its lack, which prevented an officer from being singled out by sharpshooters.

GASOLINE LAUNCH WAS ALL ABLAZE

Young Men Had Thrilling Experience on Lake at Haliburton

Lindsay, July 4.—A party consisting of Percy Bolander, J. Potts and Messrs. Agnew and Malloy had a thrilling experience on the lake at Haliburton on Friday morning, which will likely hold them for a while.

It seems they were out trying a new launch in which is a gasoline engine located near the stern. In some way the feed pipe broke and the gasoline caught fire, imperilling the party and causing them considerable fear as to the result. Fortunately the burning launch and the dangerous position of the party was observed from the shore, and their rescue was speedily effected.

OBITUARY

JAMES C. TREMAIN.

The death occurred last night at 8 o'clock of Mr. James C. Tremain at his late residence 614 Downie street, after an illness extending over three years' duration, suffering from dropsy. The deceased was born in Port Hope. He was 65 years of age. He was widely known and highly respected by all who knew him. He was predeceased by his wife twenty years ago. Three sons and three daughters are left to mourn his loss. The sons are Messrs. Wm., George and Herbert, of this city. The daughters are Mrs. Smith, of Sackett's Harbor, N.Y.; Mrs. James Davidson, Auburn, and Miss Daisy, who is at present in the Nicholls Hospital.

The funeral will take place tomorrow afternoon at 3 o'clock, from the family residence to the Little Lake cemetery.

A LITTLE TRICK OF MR. FOSTER'S

Fight's Against Adjournment and Leaves Rest to Swelter.

Ottawa, July 6.—In a sweltering atmosphere the House sat till nearly midnight on Saturday.

At 6 oclock it was suggested that, as a good day's work had been done, it would be cruelty to human beings to compel the members to do more, but Mr. Foster protested against the adjournment as "wilful waste of time and money," and the Government consented to go on.

In the evening Mr. Foster was not there. Others perspired, while he sought cooler places than the heated chamber.

Mr. Pugsley's estimates were on and a large number of items for public works in New Brunswick were passed.

The newspaper men found time to indulge in a little celebration in "The Ark," the occasion being the joint birthday of Fred Cook, E. W. Grange and the United States. Among the distinguished guests of these popular hosts were Mr. Speaker Sutherland, Sir Frederick Borden, R. L. Borden, Col. Sam Hughes and half a dozen other M.P.'s.

To Lift Coasting Ban.

Ottawa, July 6.—Yielding to the protests of the Dominion Coal Co. and the Mackenzie & Mann interests, Mr. Fielding will move to amend the Canada Shipping Act by giving the Governor-in-Council power to rescind the order-in-council abrogating the coasting privileges of foreign vessels. The order was to go into effect in January next.

Under Mr. Fielding's proposed amendment the Governor-in-Council may rescind the order-in-council altogether or in so far as it applies to foreign countries, which give the same privileges to Canadian vessels.

BLUE SKIES IN OLD LONDON

The Metropolis Alarmed by Curious Phenomena.

London, July 6.—On several nights last week strange atmospheric effects were noted in the city. Dr. Norman Lockyer of the South Kensington Physics Laboratory believes they were a display of the aurora borealis.

Following sunsets of exceptional beauty and twilight effects remarkable even in England, the northern sky at midnight became light blue, as if the dawn were breaking, and the clouds were touched with pink, in so marked a fashion that police headquarters was rung up by several people, who believed a big fire was raging in the north of London.

Servant Tries Suicide.

Chatham, July 6.—Despondent at the loss of her reputation by her appearance in the Police Court, Mrs. John Elliott, a servant at the home of Mrs. Cornhill of Grand avenue, tried to die by drinking laudanum.

She was discovered by her sister just in time to save her life, although her condition is still serious. Mrs. Elliott is 25 years old, and has two children.

Her sister had her arrested a short time ago on a charge of stealing clothes.

Lightning Works Havoc.

Hespeler, July 6.—During a heavy electric storm, which passed over this section yesterday afternoon, the barn of George Wehner, five miles southwest of here, was struck by lightning and completely burned to the ground. Five head of cattle, two horses, five pigs and 40 hens were killed and a new binder and some other farm implements were destroyed. The insurance on the barn was $800 and on the contents $500.

WAS ATTACKED BY A TRAMP GIRL BRUTALLY ASSAULTED

Middlemarch Girl Assaulted on the Railway—She Was Able to Fight the Ruffian Off—Her Clothes Were Stripped Off and She Was Roughly Handled.

Middlemarch, July 6.—After a desperate struggle with a tramp, who attempted to assault her yesterday, little Mabel Webb, an 11-year-old girl, managed to escape her assailant. Her clothes were almost torn off her and her foot was crushed by a stone the man hurled after her when she escaped his clutches.

The child was walking along the Pere Marquette track in the direction of Fingal and as she was crossing a culvert she thought she saw something move. Suddenly a man rose and seized her.

She struggled desperately to get away from him, screaming all the time. There was, however, no house within earshot. The tramp tore off most of her clothing, when the cloth to which she clung gave way and she tumbled down the embankment. Scrambling to her feet she started to run. The man drew a knife from his belt and threw it, but missed the child. Then he threw a big stone, which hit and crushed her foot. She kept desperately on, however, and at last got away.

The countryside is aroused over the affair and a volunteer posse is searching the entire district.

The man is about 40 years old, has iron grey hair and wears a beard. The citizens of Middlemarch threaten to lynch him if they lay hands on him.

Smuggled Chinks at Windsor.

Windsor, July 6.—As he was about to board a pleasure steamer in Detroit in company with two ladies Geo. Richards of Windsor was recognized by a detective and arrested on a charge of Chinese smuggling. Richards was on his way to Bois Blanc and when the officer stepped up to him he merely excused himself for being obliged to leave his lady friends and offered no remonstrance.

Some time ago four Chinamen were found in a box car across the river and it is alleged Richards assisted in their unlawful entry into the United States.

Found Dead on Track.

Chatham, July 6.—The conductor on a northbound afternoon freight train, while passing through the city at noon yesterday, discovered the body of an unknown man lying on the track at the Maple Leaf cemetery. Coroner Bray was notified and the body was removed to Jahnkes morgue to await the inquest. It is supposed the man was a farm laborer and was struck by a train while on his way home.

Briber Arrested.

Victoria, B.C., July 6.—Traced by a cablegram sent from Honolulu to a young lady of Columbus, O., that he was on his way from Mexico to Vancouver, A. A. Beck, formerly city engineer of Columbus, was arrested on the arrival of the steamship Taurama yesterday. Beck was arrested by officers from his home town and waived extradition. He is wanted for bribery.

Kills Sweetheart and Self.

Troy, N.Y., July 6.—Because she would not consent to marry him, John Morrison of New York shot and killed pretty Mary Quigley at her home in this place last night.

He then went to a woods within twenty rods of the scene of the murder and shot himself through the heart. He died instantly. The girl was 24 years of age and Morrison was 26.

Farmer Drops Dead.

Guelph, July 6.—While at work in his fields, hoeing roots with several of his hands, John Standish, a farmer, living near Ospringe, dropped dead Saturday. Heart failure was the cause of his death. Standish was 50 years old.

Dynamiting For Fish.

Ingersoll, July 6.—Illegal fishing in the Thames near here has aroused indignation. Dynamite is said to have been frequently used and large quantities of fish obtained.

Hotelman Goes Free.

Windsor, July 6.—T. H. Bastla, proprietor of the Iroquois Hotel here, who was charged with assault with intent to do bodily harm was discharged Saturday in the Police Court. The complainant was W. A. Coots, an attorney at Sault Ste. Marie, who was ejected from the hotel.

The most objectionable thing he said, according to Coots, was that he would show Bastla how to run a hotel, but Bastla claimed that the Soo lawyer created a disturbance and was therefore ejected.

Pope Cheeses Tomb.

Rome, July 6.—The Pope gave an audience yesterday to the Chapter of St. Peter's, who offered their congratulations on his jubilee and presented to him Peter's Pence to the amount of $2,000.

The Pope, in thanking the chapter for the gift, said he intended to be buried in the crypt of St. Peter's. Since the Pope has publicly alluded to his burial within the Vatican the question of the removal of the remains of Pope Leo to St. John Lateran has been practically abandoned.

Oil City Is Burning.

Vienna, July 6.—The oil city of Tustanowica, near Boryslav, Galicia, is on fire. Lightning struck and set fire to an oil well.

The flames spread to six others, involving the Boryslav reservoir and 700 oil wagons.

Nearly a square mile of the district is covered with flames. Streams of burning petroleum flowed to neighboring villages.

No casualties have been reported.

June Bug's Flight.

Hammondsport, N.Y., July 6.—Going thirty-eight miles an hour, and traveling in a semi-circle, the Aerial Experiment Association's aerodrome No. 3, known as the June Bug, made a flight of three-quarters of a mile here Saturday evening. G. H. Curtiss was the navigator.

Drowned While Bathing.

Ottawa, July 6.—John B. Leary, aged 27, was drowned while bathing yesterday morning. He was in the Rideau river and got beyond his depth. The body was recovered. He was a C.P.R. telegraph operator, and had not been long out from Ireland.

Have Thibetans Slain Sve Hedin?

Stockholm, July 6.—The Ministry of Foreign Affairs is concerned regarding the fate of Sve Hedin, the well-known traveler, who is now in Thibet.

It has requested the Indian Government to make enquiries regarding him.

STREAM OF TALK FROM THE HILL WILL SOON BE AT END

Week From Saturday Fixed for Prorogation of Session—Agreement Reached Between the Two Parties—Opposition to Election Bill Withdrawn.

Ottawa, July 6.—Both Opposition and Government members have, by mutual agreement, fixed on Saturday, the 18th instant, as the day on which the business of Parliament for this session shall be finished, and, with this end in view, it has been agreed that the remainder of the sessional agenda shall be put through with as little delay as possible. The House, by working long hours each day, has a total of about 100 hours for the discussion of the remaining legislation of the session and putting through the balance of the estimates. This time has been allotted as fairly as possible to each item still to be considered, and it is expected that with the limitation of debate agreed upon, the last item on the order paper can be reached on Saturday week, with prorogation probably on the following Monday.

The election bill will probably take up but little more time of the House, and it is understood the Opposition have agreed to let it go through in its present form, with a few comparatively unimportant changes in the wording of some of the clauses.

The supplementary estimates will be brought down this week, and, in view of the fact that most of the summer is now gone and but little time remains this year for the beginning of the construction of public works, considerable pruning has been done on the original list of supplementaries drafted in the spring before the Opposition obstruction on the election bill began.

THE BLEACHERS FELL, MANY HURT

Over a Score Hurt at a Ball Game at New Bedford.

New Bedford, Mass., July 6.—Nearly a score of persons were injured, one probably fatally, when the bleachers at the local ball grounds of the New England League collapsed Saturday carrying down 1,500 spectators. Five were taken to an hospital and 14 others were removed to their homes in carriages, while many more sustained slight injuries.

Canal Ready Friday.

Cornwall, July 6.—The water was let into the Cornwall Canal Saturday morning and in the afternoon two big dredges were busy eating into the north bank for the new channel which will be used until the broken bank is repaired.

One dredge owned by M. A. Cleveland of Cardinal is working from the west, and the material dug out is being deposited in a bay of the canal. The eastern dredge is owned by the Randolph Macdonald Co., Limited. Its dredgings are being towed out into the river. The big wooden dyke stood the strain splendidly, and there are only one or two trifling leaks which will probably cease as soon as the planking tightens by swelling. A staff of men and teams with plows and scrapers are working on the bank between the dredges. The canal will certainly be ready for navigation on Thursday or Friday at the latest.

Revolution Successful.

Buenos Ayres, July 6.—Advices received here last night state that the revolutionists have been victorious in Paraguay and a new Government has been established. These advices have been confirmed by a despatch received by the Minister of Foreign Affairs from the Argentine legation at Asuncion, officially notifying the Minister that the revolutionary party had succeeded in overthrowing the Paraguayan Government party and that several of the Paraguayan Ministers of state had taken refuge in the legation.

The revolutionists have appointed Dr. Emiliano Gonzales Naveiro president. He held the office of vice-president in the Government which has just been ousted.

Fourteen Year Sentence.

Galt, Ont., July 6.—Fourteen years in Kingston was the sentence passed on John Bunyan, who stood trial Saturday afternoon, charged with a most heinous offence, and was convicted.

It is sufficient to say that two valuable horses were killed by Bunyan in a diabolical way, a broom handle being the instrument used.

Russian Boy Heads His Class.

Windsor, July 6.—Myer Charniak, who passed highest at the entrance examination here is the son of a widowed Russian refugee, and when he came to Windsor three years ago he could not speak any English. His showing was considered remarkable by examiners and teachers.

WEDDING BELLS

MATHESON—FISHER.

A very pretty wedding took place on Tuesday afternoon, June 30th, at the home of Mr. W. J. Fisher, of Fraserville, when his daughter, Miss Ada Fisher, was united in marriage to the Rev. Finlay Matheson, B.A., of Chatsworth. The bride was given away by her father and the wedding march was played by her sister, Miss Mamie Fisher. The bride wore a very pretty dress of cream crepe de chene, trimmed with Irish lace and bodice of point d'esprit. She carried a sheaf of bride roses and lily of the valley. Miss Grace Hunter, cousin of the bride, was flower girl and carried a bouquet of Killarney roses. The groom's gift to the bride was a diamond ring. The goingaway suit was tan rajah silk with hat to match.

The ceremony was performed by Rev. D. A. McKenzie, B.D., of Centreville, assisted by the groom's brother, Rev. Hugh Matheson, B.A., of Caledon.

After congratulations the guests went to the dining room where a dainty dejeuner was served. The bride was the recipient of many beautiful and valuable gifts.

Rev. and Mrs. Matheson took the train for Denver, Col., and other places. They will return to their home in Chatsworth in two months.

IMMORALITY IS ALLEGED

Case of Revolting Nature is Reported From Galt.

Galt, July 6.—One of the most zealous and devoted agents of the Society for the care of Neglected Children is Rev. J. R. Miller, Berlin.

His good work along child-saving lines has won for him the heartiest admiration of the whole Christian and philanthropic community.

Rev. Mr. Miller was here Saturday en route for Branchton, which is within his jurisdiction, to investigate a case reported to him in which, it is alleged, a girl of tender years is domiciled with a family of colored people and is suspected of being the victim of an Indian of the neighborhood.

The circumstances as detailed are of a most deplorable character and, if found true, will be a severe indictment of the moral apathy of Branchton community, to whom the infamy cannot but be pretty well known.

Mr. Miller will enter criminal proceedings against the parties implicated in the case.

WINNIPEG TERROR HAS BEEN CAUGHT

Police Believe They Have Made an Important Arrest.

Winnipeg, July 6.—The police have made what will probably prove to be a very important arrest in a man supposed to be that perpetrator of a series of attempted outrages, at least, one of which was accomplished, on women in the neighborhood of Wellington crescent, one of the best residential districts in this city.

It is also supposed that he is the man who terrorized several small girls and children some weeks ago and is positively identified as the man who made an indecent exposure in that neighborhood last week.

The police refuse to divulge his name, but he is said to be the brother of a civic official and the case will probably be heard in camera to-day, when the women he has assaulted will be asked to identify him. If he proves to be the man it is supposed it will relieve the district he has infested from the grave anxiety of the past few weeks, and will solve one of the most difficult problems confronting the Winnipeg police force during recent years.

Russian Executions Increase.

St. Petersburg, July 6.—Statistics published Saturday show that the annual average executions in Russia from 1842 to 1904 were 15.

In the six months from August, 1906, to February, 1907, they numbered 950. The total number in 1906 was 1,642.

In 1907, 1,693 death sentences were passed and 748 persons were executed.

Drowned in Canal.

Port Dalhousie, July 6.—Saturday afternoon eight-year-old Calata Allan, daughter of Capt. Allan, was drowned in the old Welland Canal in front of their residence.

The father went in bathing and the little girl waded out in shallow water, when she went beyond her depth and was drowned in about five feet of water.

Bishop is Improving.

Cooperstown, N.Y., July 6.—Yesterday's morning bulletin on the condition of Bishop Potter was as follows: The improvement in Bishop Potter's condition continues. Respiration 28, pulse 108, temperature 99. Has had a pretty comfortable night, and is resting quietly at the present time and the indications point to still more improvement."

Arrest in Philadelphia Case.

Philadelphia, July 6.—Frederick Geis was taken to the City Hall last night as a suspect in connection with the murder of Dr. William H. Wilson, who died on June 26, after drinking a bottle of poisoned ale, which had been sent to him from a local express office.

Czar to Visit England?

London, July 6.—The Chronicle understands that a visit of the Emperor and Empress of Russia to England has been arranged and that they will be the King's guests off the Isle of Wight during Cowes yachting week.

The Daily Review

MONDAY, JULY 6. 1908.

THE RATE OF TAXATION

The Liberal press following the absurdity of their theories of trade and commerce insist that the rate of taxation per head of the Canadian people was higher under Conservative than under Liberal rule. But in matters of trade the Liberals are always wrong. In 1896 the tax per head under Conservative rule was $5.16. In 1906 it was $11.70 per head, counting all the riff-raff imported, apparently to lower the average of the rate. This was an increase of 163 per cent! In Opposition the Liberals led by that modern Don Quixote, Sir Richard Cartwright denounced bounties as pampering favorites, and iniquity of protection etc. What is the truth? The Liberals have paid out $11,083,829 in bounties whereas the Conservatives paid not one dollar! Now without bounties the straight protective duty of the Conservatives averaged $28.62 never going over $29.96. Under the Liberal regime including the bounty it has gone as high as $30.11. But the preference helped them a little, on paper. It reduced the apparent showing much below what it really is. Great Britain, however, got the benefit, and the conclusion is that an ineffective bungling tariff that is destroying the country's industries, has cost at least as much as an effective well-balanced and thoroughly protective tariff. This old battle must be fought over again. The fiscal policy of Sir Wilfrid Laurier is bringing Canada to ruin. The proof is at hand. Let us ask any reasonable man this question. Should men be without work in Canada and children without food? Manifestly not. It must be the fault of management and our managers are Sir Wigfrid and Co.

PETERBOROUGH PATRONAGE

Under the above heading the local Liberal organ furnishes a rare treat to the citizens of Peterborough. It strenuously objects to an outsider's getting the janitorship of the Normal school. This is a mighty cheap way of trying to make capital. It presumes after the smashing it and its proprietor got at the late election for the Ontario Legislature in both ridings, to advise Mr. Bradburn what to do and what not to do. One thing, however, the Examiner may rest assured, Mr. Bradburn will not do. He will not do as Hon. J. R. Stratton did at Cobourg when he put a Peterborough man in charge of the Asylum's administrative management there the late Mr. J. W. Smith. Nor will old Conservative party workers be ignored for the sole reason that Liberals may be won over by Government pap or appointments. The Examiner does not understand the new era and is not qualified to advise other people to be decent. Let it and those connected with it understand that no one is blind to the absurdity of their position in this or any similar case. A little reflection upon the Gamey case or upon the report of the Royal Commission on Insurance, would, we hope, have the effect of directing the Examiner's attention to a subject fitter for its examination.

DODD'S
KIDNEY
PILLS

THE MANITOBA LISTS

There will be no interference with Manitoba voters' lists after all. This is the result of the Opposition's prolonged stand. Why couldn't Sir Wilfrid have done this before? It was obvious even to the most partizan that the Aylesworth Election Bill, involving as it did a distrust of the judges was an impossibility. If the judges were good enough in one thing they were manifestly good enough in another. The real reason however was not that. It was a desire on the part of the Laurier government to have the supervision of the lists along the G.T.P. The Opposition knew that this meant as good as 30,000 votes for the government, of all sorts and conditions, naturalized and unnaturalized. Hence the struggle.

THE EASTERN QUESTION

This labor question which has cost so much loss as well as political disturbance, and threatens to cost as much more in the future, especially if the East should come into competition with us appears peculiar to the case of a body of workingmen employed under a master and paid by wages. If any practicable plan could be found of forming a partnership between the employer and employed, the difficulty might be surmounted. I, among others, have often meditated on this question but always without success; nor have I ever heard of anything like a practical solution of it. A master cannot be expected either to show his books or to advance wages and venture before he knows what his balance at the end of the year will be. The workman cannot afford to wait for his wages till the balance is known. The workman thinks that all he can extort from the capitalist in the way of increased wages is gain. To him personally it may be, but by enforcing unreasonable demands he is discouraging investment and thereby injuring perhaps, if he compels capital to withdraw, ruining his own trade. The danger of competition with the vast labor population of the East having by the increased facilities for communication and transport suddenly increased, and Japanese power and ambition having been suddenly developed, will be aggravated labor dissensions here. It seems unfortunate that Unions find it necessary in this matter of wages, instead of negotiating each in its own interest and according to its special case, to put themselves under a general dictatorship the gleanings of which are pretty sure to be war. Still more unfortunate is it that the labour cause as it is called, though the term "labour" as I have said, is too wide, should have mingled with the social and political agitation.

Goldwin Smith.

The above signed article clipped from the Monetary Times gives a good idea of the opinion of the Sage of the Grange of Sir Wilfrid's great Eastern policy. Trying to lower our standard of living by lowering the tariff (Preferential) to the level of the Old Country life on the one hand and trying to lower it by the opening up of the Oriental labour market on the other, Sir Wilfrid presents the unhappy spectacle of a man chosen to represent the people but choosing to represent Money instead.

THE PREFERENCE

The Preference reminds one of the oft-quoted remark that "it is all very well to dissemble your love but why did you kick me downstairs?" In 1906 the last year really open to inspection the average rate of duty against goods imported into Canada from the United States was 13 per cent, from Great Britain 19 per cent. Then again the value of goods imported from Great Britain in 1906 into Canada was $69,100,000, from U.S. $168,700,000. In 1896 the last year of Conservative rule the respective amounts were $32,800,000 and $53,500,000. In 1896, as we see, the difference was $20,000,000 in a total trade of $85,000,000, or 25 per cent. In 1906 it was $100,000,000, in a total trade of $237,000,000, or 40 per cent. This is how the celebrated Preference really prefers. But there is something more. Great Britain bought from us in 1906, $133,800,000 worth. The U. S. bought from us in that year, $88,000,000 worth. In 1906 we bought from Great Britain $69,100,000, but from the United States we bought $168,700,000 worth. Moreover in ten years we bought from the United States $1,137,370,453 worth and sold to them $581,528,464 worth or in other words we paid them $500,000,000 in cold cash which they kept. By just so much did they acquire the whiphand of us.

Cash capital is the ultimate base of credit and trade. If we paid away all our cash we would be standing on a collapsible volcano. Paying away $500,000,000 of it is pretty nearly doing the same thing. Is it any wonder the banks suddenly shut down on us? If we had that $500,000,000 cash back, here now we should be dizzy with the movement of trade and the development of commerce. Has the U. S. made any tariff concessions to Canada? No one. Germany is at loggerheads with us and our exports there have decreased. The Franco-Canadian Treaty has met the fate it richly deserved but it should have met it sooner. The Canadian tariff as it stands is 'a thing of "shreds and patches." But no Liberal government yet ever understood the trade situation. We would have been beggars today but for Sir John and we will be beggars tomorrow by virtue of Sir Wilfrid.

EDITORIAL NOTES

That the farmers of Ontario should find Toronto a more profitable market than cheese-consuming Lancashire and therefore are closing their cheese factories is a tribute to the N.P. The Home-market for ever.

The affected rejoicing of the Liberal Press, that the population of Canada is increasing reminds us of the man who rejoiced in the birth of his 22nd child but deplored the fact that there was nothing for it to eat

'You can't fool all of the people all of the time,' began the man who quotes. 'And you don't need ter,' broke in the philosopher with whiskers. 'Most of the people will fool themselves.' — Louisville 'Courier-Journal.'

CHAP. I

"Come out to Canada immediately if not sooner. We have room for each and all. The Examiner says so."

CHAP. II

"What makes you look so mournful Weeds."

Canadian cricket seems on the mend. The Zingari team, composed of Western Ontario men has had all the best of their games with the Americans on the grounds of the latter. The Americans have shown themselves fit to play county matches in England. This speaks well for us.

The Vancouver City Council are to be commended for the straightforward way in which they dealt with this bond issue. We would suggest that in future that they require each firm tendering to make a deposit with the Council. This will eliminate any speculative tendency which may bob up in some unsuspected quarter.—Monetary Times.

This is a point worth remembering.

The outlook is brighter than can now be realized. If all goes serenely the results will be far more helpful than we know at present. A crop failure this year would have meant a pilgrimage through the valley of depression for heaven knows how long. A crop that will fill railroad cars as fast as locomotive and operating superintendents can move them, will place the country on a substantial basis.—Monetary Times.

Middletown, NY., June 30—Declaring that there is no excuse for a man to assume the role of hobo in the farming districts when there is plenty of work, the wives of farmers along the section of Kortright Brook, Delaware County, have determined to drive the tramps out. A number of women have procured shotguns, to be produced when the tramps call. When a call is made for something to eat the house wife closes the door for a moment and when it reopens a gun is thrust in the face of the visitor with the remark: 'This is what we feed tramps on, and you had better hustle on.' Thus far every tramp thus surprised, has departed.

If tramps were treated more strenuously there would be fewer of them. There are one million tramps on this continent who directly and indirectly consume or dispose of $300,000,000 worth of property per annum.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.
Walding, Kinnan & Marvin.
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c. per bottle. Sold by all Druggists.
Take Hall's Family Pills for constipation.

A Satisfactory Compact.

At a golden wedding celebration the groom of fifty years agone referred to the perfect unanimity and concord there had existed between him and his wife during the long years of wedded life.

Said he: "When we were first married we agreed that she should settle all the small differences that occurred and I all the large ones. This rule we have adhered to. She has always settled the small disputes, and, my friends, there have never been any large ones."—Lippincott's Magazine.

German "Thrift."

The latest story of German "thrift" is told at the expense of the proprietor of a circulating library, which charged for the wear and tear suffered by his books at the hands of his patrons. One volume came back to his scrutiny. "See here," he exclaimed, "there is a hole on page 19 of my beautiful book. And see here," he went on, turning over the leaf, "there is another on page 20."

Cook's Cotton Root Compound.
The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co., Toronto, Ont. (formerly Windsor)

REVIEW WANT ADVTS.

The Review want advertisements are read by thousands, for people want what they want when they want it.

If you need help,—Servants, hands, or workmen, try the Review want ad columns.
If you have anything to sell, from a pickaxe to an Auto, use the Review want ad columns.

If you have lost anything try a want ad in the Review and almost certainly you will recover the lost article. If you want a owner for anything found a Review want ad will bring the owner to light.

RATES FOR REVIEW WANT ADVTS.

One insertion	—	25 cts.
Three insertions	—	50 cts.
Six insertions	—	80 cts.
Ten insertions	—	$1 00

Never mind counting the words. Say what you have to say, describe what you want to describe fully, so that the advertisement will be of service. We don't count words, we want you to get the benefit of the advertisement

LOST

ABOUT SIX O'CLOCK FRIDAY ON HUNTER Street, near Post Office or on George Street car going north, a five dollar bill. Reward for return to "The Review" office.

LOST

CHECK for $25.00 on Bank of Toronto and $10.00 bill. The young man who picked them up will be rewarded by leaving them at REVIEW OFFICE

The Daily Review
MONDAY, JULY 6, 1908.

AN ALLITERATIVE ALLEGORY.

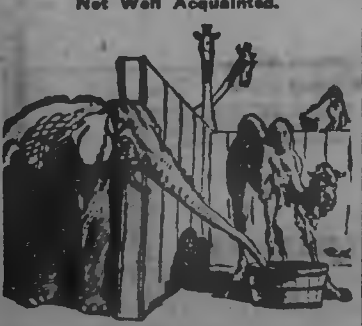
Serene Susanna sits beside the stream,
Where timid trout are trying to attain
The gourmet glory of the golden gleam
Of flies for which the foolish fish are fain.

She baits her bended barb and bends her back
To trail the tempting tidbit in the tide.
Of lively leaps there is a lasting lack,
But biteless beauties boldly there abide.

At last the lass, alas, allured by love
Of angling, avid in the ancient art,
Outbends the brooklet's beetling bluff above
And strains her strength the struggling stunt to start.

Susanna slips, so slick the slimy sod.
She smites the surface with a smothered shriek.
She weighs three hundred pounds, and, by the rod,
She splashes all the fishes from the creek!
—Robertus Love in New York Sun.

Not Well Acquainted.



The Camel—Here! Keep your tail out of my fodder!

The Elephant—Well, you needn't get your back up!

Labor Saving Device.

"Yes, siree," said the freckled lad proudly, "my dad's a genius, he is."

"That so?" responded the weary coffee mill agent.

"Waal, I should say so! Dad noticed that every time the old hound came around Sunday mornings he began wagging his stumpy tail."

"Anything unusual in that, sonny?"

"No, not for the hound, mister, but dad got up the idea of attaching a shoe brush and a whisk broom to Bowser's tail. Now when dad is ready to go to meeting his shoes are shined and the legs of his trousers are dusted without his moving a finger. By gosh, dad's got as much brains as a furrin diplomat!"—Detroit Tribune.

One man makes a fortune to eight that become bankrupt in England.

Mr. Bonar Law, M.P., was among the speakers at the Oxford Union recently, when a resolution in favor of tariff reform was carried by 202 votes to 123.

Over $280,000 has now been subscribed to the fund for repairing Winchester Cathedral, but $150,000 is still required before the work can be completed.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

WHERE AIR IS PURE, THE BREEZES COOL AND WATERS SPARKLE

Gaiety of Summer Season Becoming Much in Evidence at Stony Lake—Many Week-End Visitors

Severe Electric Storm Caused Some Damage Saturday Night—Boom Holding Drive of Logs Broke—The Guests at Many Public and Private Places.

Special Correspondence

Stony Lake, July 6th—The season at Stony Lake is fast becoming a busy one and each boat up carries its large quota of visitors. The cottages are being opened and the boarding houses and hotels are filled with tourists. The steamer Empress took the evening trip on Saturday night and had the largest number of passengers this summer, many going up to spend the week end at the lakes.

The regular Saturday evening hops have been commenced, although the attendance so far has been rather small. During the week a number gathered and enjoyed a dance. On Saturday evening, music was provided by Mr. Leonard Anton, of Toronto and Misses Molly Meldrum and Alma Knapman.

SUNDAY SERVICE

The Cottagers' Association have arranged for Sunday services at the pavilion each week. The attendance yesterday morning was not as large as it might have been, owing to the heavy gale that was blowing on the lake. Mr T. Cole, of Toronto, formerly provincial secretary of the Y.M.C.A. delivered the address and Mr. A. L. Davis sang a solo.

Strawberries, raspberries, and huckleberries are very plentiful at the lakes at present and berry pickers are exceedingly numerous.

AT VIAMEDE

Viamede is looking prettier than ever this year. There are about thirty guests there at the present time. Viamede seems to have a peculiar fascination for newly married couples, there having been five there already this season.

Fishing in the vicinity of Viamede has been excellent and several fine catches have been made. Mr. C. C. Vincent of Rochester, N.Y., landed a fourteen pound 'lunge one day last week. He returned home on Friday, taking with him his full share of bass and three fine 'lunge in addition to an eel which he intended to have mounted.

Mr. B Cornell got a dandy six-pounder the other day.

The guests at Viamede are: Beaconsfield Cornell, Rochester, N.Y.; H. J. Emmerson and wife, Lockport, N.Y.; W. Lloyd Blackadar, Ottawa; G. W. Vincent and wife, Rochester, N.Y.; E. R. Hayden and wife, Rochester, N.Y.; R. C. Milow and W. C. Goodger, Rochester, N.Y.; J. A. Swedale and A. J. Williamson and wife, Toronto; L. C. Douglas and wife, Altoona, Pa.; Wm. Clark and wife, Toronto; G. O. Van Hornsen, F. W. Rainsurbeck, and wife, R. R. Showell, Rochester, N.Y.; J. W. and Miss Whitworth, Mrs. and Miss Rogers, Mr. George E. Sweet, W. Whitworth and L. H. Reesor, Toronto; Mr. and Mrs. J. H. Chant, Lakefield.

A SEVERE STORM

The elements cut loose at Stony Lake on Saturday night, or rather on Sunday morning. An unusually severe electric storm came up about 12.30 o'clock and the thunder and lightning continued almost without cessation for over an hour. A gale of almost cyclonic proportions accompanied the storm and added to its severity. There were only one or two peals of thunder that sounded dangerous and as far as could be learned no damage was done by the electric fluid. The wind, however, caused some damage. Two trees were blown down on Mr. J. S. Knapman's island and trees were also uprooted in several other places. The storm had a somewhat terrifying effect on some "novices" at the lakes. The seasoned cottagers did not mind it so much.

The "Majestic" nearly got away from Woodside post office, this morning without the mail bag. It was brought out in a canoe to the boat.

FINE SAILING

There was a fine breeze on Sunday for sailing and several yachts were out to take advantage of the favorable conditions.

A drive of logs belonging to the A. McDonald estate is passing through Stony Lake. It is expected that it will reach Peterborough in about a month. The drive was made up at the mouth of the Squaw creek early in April. About twenty-five men are in charge. There were many visitors at the "cookery" on Sunday, and there was a big demand for pork and beans and raisin pie.

ANNUAL REGATTTA.

The annual regatta of the Stony Lake Cottagers Association will be held on Civic Holiday, August 7th, off Juniper Island. Arrangements are already being made and it is expected that this year's regatta will surpass all previous ones. A regatta will also be held at Crowe's Landing by the Cottagers' Association of that part of the lake.

During the storm on Saturday night the boom holding the logs of the A. McDonald estate drive broke and allowed the logs to drift. The accident took place about one o'clock and was not noticed until the morning. The result was that the drive was broken up to a considerable extent. The rivermen had to work nearly all day Sunday repairing the damage that had been done.

Miss Alma Knapman had the good fortune to pull in a nine pound lunge one day last week.

A proposition has been made to have a series of yachting races one day if possible. Handicaps would be arranged and suitable prizes given. The yacht owners consider the move a good one and hope to see it carried to a successful issue. The races would furnish good sport and stimulate the interest among the owners of sailing craft.

Mr. J. S. Knapman's boat, the "Cygnet," is travelling faster than ever this summer and will be somewhere near the front at the finish of the yacht race on Regatta Day.

It is the unlooked for happenings that add zest to camp life. Without them the monotony might become oppressive. There was an unexpected event at a cottage on Clear Lake, where some young men are staying that was not received with a great deal of enthusiasm. While the holidayers were breakfasting on the verandah one morning the table upset and did likewise with the plans of the breakfasters. A considerable quantity of edibles were lost as a result of the spill.

WEEK-END VISITORS.

Mr. B. T. Huston, city editor of the Examiner, spent Sunday at the lakes.

Messrs. Stuart Lang and E. Carr were the guests of Mr. T. Brightman for the week end.

Miss May Lang is the guest of Miss Brightman for a few days.

Dr. Roland Renoff and Mr. Schmidt, of Baltimore, are guests at Viamede.

Miss Ruby Adamson and the Misses Gladys and Mabel McKay are the guests of Miss Mamie Montgomery, Rosehunk.

Ald. Neill spent Sunday at his cottage, Clare Lake.

Miss Laura Edwards is the guest of Miss Ruth Carlisle, Kawartha Park Clear Lake.

Messrs. Alex. Gibson and J. D. Craig spent Sunday at the lakes.

Mr. J. S. Knapman and family are in their cottage, "Forest Home."

Mr. Richard Hall and son Hammond went up to "Liberty Hall" on Saturday evening.

Col. Stevenson spent Sunday at the lakes.

Mr. T. E. Bradburn, M.P.P., was at his cottage over Sunday.

Mr. W. S. Stroud spent Sunday at the lakes.

Mr. McLaughlin and daughter Jennie, of Toronto, are summering at South Beach.

Miss Marion Elliott is the guest of her aunt, Mrs. Thos. Barrie, for a few days.

Mr. R. E. Layfield and Miss Layfield spent the week end at the lakes.

Mr. J. B. McWilliams came down from the lakes this morning.

Mr. W. H. Meldrum was at Cardenham over Sunday.

Mr. Harry Thompson was at Bona Vista over Sunday.

Miss Helen Hall spent the week end at "Weronah."

Mrs. Wm. Irwin came down from "Headlands" this morning.

Mr. Ross Cameron was at Syndicate Island over Sunday.

Among those who have been at Stony Lake during the past week are the following:—Edith White, Florence Wood, Toronto; Samuel Gyles, Lakefield; Grace Snowball, Toronto; J. J. McBain and wife, Peterborough; C. M. Rogers, Kingston; Wm. Perks, Peterborough; H. W. Wallis, Peterborough; Lauretta Moore, Parry Sound; Lillian M. Graham, Lakefield; Albert L. Reeves, London, Eng.; J. E. Richardson, Lakefield; Beatrice Geddes, Sarnia; G. Bernard Schuler, Rochester, N.Y.; E. Goodfellow, Peterborough; C. Warne, Peterborough; H. Dunlerly, Toronto; F. M. Dela Fosse, Peterborough; N. M. Graham Joy, Toronto; Elsie Graham, Perte Rique; M. F. Rice, Toronto; Gladys Cameron, Peterborough; F. H. Lingrow and Mrs. Lingrow, Sarnia.

Their Knowledge.

"I's been a sinnah!" vouchsafed a recently converted brother during an experience meeting in Ebenezer chapel. "A heen-yus, lowdown, contaminated sinnah for, lo, dese many yeahs and never knowed it!"

"Don' let dat molest yo', Brudder Newcome," spoke up a sympathetically inclined deacon. "De rest of us knowed it all de time."—Puck.

The Prize Puppy.

Miss Gaddie — Yes, May Roxley is just as mad at her father as she can be. There was a little puppy with a great pedigree that she wanted him to buy for her, and he wouldn't do it.

Miss Ascum—What was it, a French count or a German baron?—Catholic Standard and Times.

The Candidate's Course.

"When a candidate thinks he's right he must stick to his belief."

"But supposing all his constituents think differently?"

"In that case he must show his true greatness by casting aside all personal bias and emphatically assuming that a majority cannot be wrong."

Everybody Pleased.

Deacon—Are you willing to go? Unpopular Citizen (dying)—Oh, yes; I am. Deacon—Well, I'm glad you are, for that makes it unanimous.

Love your neighbor, but don't pull down the fence.—German Proverb.

THE EXCURSION GREAT SUCCESS

First Annual Outing on Str. Otonabee of Bricklayers and Mason's Union No. 17

The first annual excursion of the Bricklayers and Masons' Union, No. 17, was held on Saturday afternoon to Idyl Wyld and proved to be a grand success. There was a good crowd on board the Otonabee, the boat that took the excursionists to their destination, and everybody seemed to enjoy themselves. The committee in charge deserve credit for the manner in which everything was carried out. The committee was composed of the following—A. H. Webb, chairman; H. H. Hillier, secretary; treasurer, Wm. Stevens; H. Phillips and B. M. Frederick.

The baseball game resulted in a tie the score being eight all. The lineup of the teams was—

Bricklayers and Masons.	Stonecutters
Webb,	Rattray,
O'Tolle,	Sweeney,
Phillips,	Kelly,
Elmer,	Robertson,

WANDERED FROM HOME AND WAS DROWNED IN OTONABEE

Sad Death on Saturday Night of Little Fred Webb Adopted Son of Mr. Jas. McWilliams 202 Edinburgh Street —Body Found Early Yesterday Morning—Was Seven Years of Age—Funeral This Afternoon.

Saturday evening the Otonabee river claimed its second victim this season when Fred Webb, the adopted son of James McWilliams, 202 Edinburgh street, was drowned while in bathing. The little fellow was only seven years of age, and has lived with Mr. McWilliams for the past four years.

He left his home after having his tea at [illegible] o'clock, saying that he was going to play with the boys. His guardian told him not to go as he was to retire early as a trip to the country was anticipated for Sunday. After being away till nearly eight o'clock his foster parents became anxious and began to make inquiries but no information could be got as to his whereabouts, as his playmates had not seen him.

Mr. McWilliams then left for Jackson park and there searched for him thinking he might have wandered up there and have fallen asleep while watching the pictures but he could not be found. He then went to Ashburnham, but still no trace. Mr. McWilliams then went to the river and searched along the shore thinking that perhaps he had gone in for a swim and got beyond his depth. After a diligent search his clothing was found behind a tree at the bend in the river near the corner of Harvey and Antrim streets.

A boat was then secured and the river dragged all night until about five o'clock Sunday morning when his body was found about four feet from his clothing in about five feet of water. The little fellow had got beyond his depth and had gone down.

Mr. McWilliams warned the little lad never to go near the river and only knew of him to go there but once before when he warned him of the danger.

Freddie was adopted by Mr. McWilliams from Mrs Webb who lived then in Elora but who now lives at 970 Water street. He was a clever little fellow and started to school at Christmas, being in Miss Morrow's room at Queen Alexandra school. He leaves to mourn his loss, his mother, three sisters and a brother, Willie, aged 13, besides his foster parents, who are much grieved over their sad loss.

After the body was found about five o'clock, Coroner Gray was summoned and decided that an inquest should be held. A jury was summoned and met at the residence of Mr. McWilliams at two o'clock when the warrant for an inquest was withdrawn.

The funeral took place this afternoon at 2.30 o'clock from the family residence to the Little Lake cemetery.

FOR A GOOD OUTING

Come with St. Luke's Congregation and Sunday School Excursion to Jubilee Point, on Tuesday, July 14th, per Str. Otonabee. Leaves Peterborough Wharf 8:15, Ashburnham Wharf 8:30. Adults 50c. Children 25c. 3d

Timber stores in King's-yard-court, Shoreditch, were destroyed by fire.

A man named Fred. Ballington cut his wife's throat in a railway carriage at London road station, Manchester.

It is acknowledged that, roughly 90 per cent. of the British shipping comes under the heading, "Tramp Tonnage."

Leeds is suffering from a slump in the building trade, and there are more than 6000 empty houses and hundreds of empty shops.

Mr. Thomas Coleby, of Didsbury, who has just died at the age of 88, was a member of the Manchester Exchange for 56 years.

FIRE ENGINE WAS TESTED

Worked Well Since it Has Been Repaired---Public Test Will Likely be Held

At four o'clock this morning a test was made of the steam fire engine at the stream at Aylmer and Brock Streets. Since the last test it has been overhauled and repaired and was able to maintain a pressure of 220 pounds. Three streams were running throwing water a distance of 168 feet. Another test will be made on Wednesday morning at 4 o'clock.

Chief Howard told the Review this morning that as soon as the engine was in a thoroughly satisfactory working order he will notify Mayor Rush, and Ald. Johnston, chairman of the fire, water and light committee and it is likely that a day will be set for a public test.

PERSONAL

Send or Telephone Your Personals to The Review.

Mr. Bruce Wilson, of Lindsay, was in the city to-day.

Mrs. Cottle, of Madoc, is the guest of Mrs. Langfeldt.

Rev. Dr. Langfeldt is in Buckhorn on Rural Deanery business.

Miss N. Pearl Emmerson has returned from two weeks holidays at Sparrow Lake, Muskoka.

Miss Ethel Pakonham, who has been teaching school at Rockwood, is home for the holidays.

Misses Francis and Muriel Ward of Toronto, are the guests of their aunt, Mrs. H. P. Kennedy.

Rev. G. J. B. Johnson, and Mrs. Johnson, of Scarboro, are visiting Mrs. Currie, Gilmour street.

Mr. J. J. Turner, sr., has been confined to his home for several days on account of a severe cold.

Rev. Dr. Langfeldt will conduct divine service next Sunday morning at Stony Lake at 11 o'clock.

Mr. George Jackson returned to Toronto this morning after spending a very pleasant week at Stony Lake.

Mr. W. E. Talbot, wife and family, and some friends, are spending a months' vacation at the Idyl Wyld hotel.

Mr. and Mrs. T. H. G. Denne and family have left the city to spend the summer at their cottage, Chemong.

Mrs. (Dr.) Jeffs and daughter, Miss Jeanette, of Toronto, were the guests of Mrs. H. P. Kennedy, last week.

Miss B. Jones, of Peterborough, after spending a few days with Miss M. Adams, returned to her home yesterday.—Lindsay Post.

Mrs. Pringle and Mrs. Creighton of Chatham, who were spending a holiday at Lakefield, the guests of Rev. W. J. Creighton, were in the city on Saturday.

Mrs. J. Comstock, will hold her post-nuptial reception on Tuesday afternoon and evening, July 7th, at her home, 342 Charlotte street. Mrs. Comstock will not receive again until the autumn.

Mr. Ernest Pearse, C.E., has again been elected city engineer of Newport-News, Virginia, U.S. Mr. Pearse has retained the confidence of the citizens of Newport-News for a long time and is considered one of the best municipal engineers in the Southern States.

Mrs J. C. Carruthers has returned after spending a pleasant week at Clifton Springs and Rochester, N.Y. graduation exercises of the Clifton Springs Sanitarium, her sister, Miss Maude Kindred, being one of the graduating nurses. Miss Kindred was the recipient of many presents from a large number of patients and from personal friends who congratulate her on completing her course which included terms in Syracuse and New York hospitals. She has been very successful in her course of training and has proven herself so efficient that she has been appointed head nurse in one of the departments of the institution, which position she has accepted for a short term. She is a daughter of Mr. W. A. Kindred of this city.

FIREMEN AND THE 57TH BAND

Held Their Excursion to Idyl Wyld To-day---Big Crowd Attended

The firemen and 57th regimental band are holding their excursion to Idyl Wyld to-day. The steamer "Otonabee" carried over four hundred excursionists this morning and the trip was made more enjoyable by the presence of the band, who rendered delightful music throughout. The paid fire brigade was in attendance.

Peppermint plant growing by local authorities having control of sewage farms is advocated by Dr. Stott, medical health officer for East Essex.

ORANGEMEN AT SPRINGVILLE; CHURCH WOULDN'T HOLD CROWD

So large was the attendance yesterday morning at the Presbyterian church, Springville, when Orange Lodges No. 41 and 46, and a number of Orangemen from Peterborough attended divine service there that the church was unable to accommodate many who came for the services. The Orangemen of course were seated in the section reserved for them, but the general attendance was more than ordinarily large.

The special sermon was preached by the pastor, Rev. Dr. Marsh, who took as his text, Exodus 14 chap. and "Thus the Lord saved Israel that day out of the hand of the Egyptians."

The choir was heard much to advantage and Mr. Staples, of Toronto University, sang a couple of solos most acceptably.

The ladies of this congregation had the church adorned with beautiful floral decorations.

HAS ACCEPTED CALL TO BECOME PASTOR OF PARK ST. CHURCH

Rev. William Reddiford, of Mount Forest, Ont., will be the new pastor of Park street Baptist church, Peterborough, succeeding Rev. A. H. Brace. Mr. Reddiford has accepted the call extended him by the congregation and will arrive here about the first of August. He is reputed to be a preacher of more than average ability.

Mr. Reddiford at first declined the call but re-considered his decision and and decided to come to Peterborough. He has been very successful in his pastorate at Mount Forest.

SUMMER SCHOOL NOW BEING CONDUCTED AT CHEMONG

Sessions will Occupy all This Week, Concluding Sunday Night—Prominent Preachers in Attendance—Bus Service from Peterboro to Chemong.

A contingent of 35 or 40 arrived this morning from Belleville and Port Hope to attend the Kawartha Lakes summer school at Chemong Park. The school is being held there during this week until next Sunday evening. The first session opens to-night at Chemong Park. It is expected that a large number will arrive by the later trains today. Those attending are from the Epworth Leagues and Sunday Schools of the Methodist church in the Bay of Quinte Conference. 'Busses are being run from Peterborough to the park twice daily at 9.30 am. and 6.30 pm. by R. C. Heard, of Bridgenorth. The YWCA at Aylmer and Simcoe Sts. is the calling place for the 'bus.

The first session of the school opens this evening and on the succeeding days on which it will be held there will be morning, afternoon and evening sessions with alternate afternoons devoted to recreation. The purpose of the school is three fold, the study of the bible, of missions and of methods of work.

STAFF IN CHARGE

Rev. Dr. Crews, Toronto, is in charge of the department of methods of work. Rev. E. N. Baker, D.D. of Toronto, is in charge of the bible study. The mission study classes will be in charge of Prof. E. N. Doxsee of Albert College, Belleville and he will have as his assistants Miss Edna Drury of the teaching staff of the Whitby Ladies' College, Miss May Dobson, also of Whitby and Miss Margaret Hamlin, B.A., Peterborough.

BOARD OF MANAGEMENT

The personnell of the maangement of the school is Rev. A. H. Foster, Castleton, President; Prof. C. Craig, BD Foxboro; vice-president; Miss Edna Drury, Whitby, registrar; Rev. W. G Clarke, Port Hope, secretary-treasurer and Rev. W. D. Rogers, Millbrook, assistant secretary.

The evening sessions will be mass meetings and timely and popular addresses will be given by the leading ministers and laymen of the Bay of Quinte Conference, Mr C. R. Kinleyside, B.A., B.D, of London; Dr. W. F. Adams of Toronto and Rev. W. F. Embarson, missionary to Japan.

Besides those already mentioned, the following will assist in the work of the school:

Mr. C. R. Kinleyside, B.A., of London; Dr. W. F. Adams, Toronto and Rev W. F. Emberson, missionary to Japan.

The latter will be the speaker at the closing meeting on Sunday night.

There are 900 miles of overhead wires in London.

A woman named Emma Barlow was burned to death in a fire which occurred at Pym street, where she lived with her grandson, a boy of 16.

MR. C. M. HALL HAS THE CONTRACT

For Construction of the New Railroad for the Grand Trunk Pacific

Mr. and Mrs. C. M. Hall, of Cleveland, Ohio, were the guests on Saturday and Sunday of Mr. M. W. Doerems who is connected with the new company that was formed last week for the manufacturing of the Automatic Grease Cup in this city known as the Peterborough Lubricator Manufacturing Co. Mr. Hall is connected with the Toronto Construction Co. Ltd. He has the contract for the building of the new railroad for the Grand Trunk Pacific which is a part of the Intercolonial. When completed it will run across the continent. Mr. Hall's company has the contract for the New Brunswick end of the work. Mr. and Mrs. Hall left last night for New Brunswick but before departing expressed their delight with the city of Peterborough, and in the way the gentleman who has charge of the lift lock, showed and explained the workings of that grand piece of work.

INSPECTOR STEWART VISITS THE LAKEFIELD HOTELS

Inspector Stewart paid a surprise visit to Lakefield on Saturday about 10.20 o'clock. He went to the hotels and unknown, inspected the cellars He found no traces of liquor in any of the places and states that the local option by-law is being carried out strictly and satisfactorily. Any reports to the effect that intoxicating drink is being sold is absolutely without foundation.

SPORTING NEWS

SLATER SAYS NEXT WALK HERE WILL BE THE GREATEST HEEL AND TOE CONTEST EVER HELD

The following letter has been received from Tom Slater, the well-known pedestrian;

Mr. A. C. Yokome,
Sporting Editor Review,
Peterborough, Ont.

Dear Sir,—I received a copy of your paper today, and was very much interested in your bright sporting page especially the notes about the pedestrians One article said walking was a great sport. I of course, agree with you, but poor management and short tracks is a sure way to kill the game.

I suppose Peterborough will have another race in the near future and if it is managed as well as the race last April you will see the greatest field of starters ever entered in a six-day heel and toe contest.

Jim Harrison has improved wonderfully since the last contest. He is fast and has more confidence. He will beat me out for second place, but I am not surprised at that, I did not have one day to train, Only heard about the race a few days before it took place and started. weighing 170. My weight in racing form is 150.

I leave Sunday for home. Thanking you for past favors. Best regards to Peterborough friends. I hope to meet you all again

Very truly yours,
TOM SLATER,
Port Hope, July 4th, 1908.

JIM HARRISON FEELING WELL AFTER WALK IN PORT HOPE

Jim Harrison returned from Port Hope this morning looking brisk and strong after his walk at Port Hope and despite the hot weather for such a strenuous sport does not feel any ill effects as the result of the big physical strain he was under. When he went to Port Hope he was in tip top condition and that accounts for the fact that he stood the race so well.

At the conclusion of the walk on Saturday night the men were in the same positions as they have been all week and at the finish tehy stood as follows;

	Miles	Laps
Hoagland	79	5
Harrison	77	
Slater	76	6
Guerin	75	6
Erklens	—	—

The above table was given the Review this morning by Harrison, who could not remember the exact standing of Erklens the fifth man. The walk was not patronized as well as it should have been, owing to counter attractions in the way of sport during the Old Boys' Re-union at the lakeside town and the weather was so fine and warm that many preferred to be in the open.

The walk was not run according to the original schedule. and the long grinds were cut out, the entire contest only occupying 13 1-2 hours. The prize money was rather small on account of the limited patronage and the walkers received the following amounts: Hoagland $46; Harrison $27; Slater, $15; Guerin $11 and a collection among the spectators brought Erklens, the local man $12.60.

As the walk progressed Hoagland got into condition and Slater also improved, both walking strong and fast.

Harrison speaks in the highest terms of the way he and the other walkers were entertained by Mr. W. A. Howard, proprietor of the Ontario House at which the peds were his guests during the walk.

LAKEVIEWS WON FROM T.A.S.

Defeated Them in Close Game on Saturday---Score Was 7-6

On Saturday in the City League game T.A.S. lost to Lakeview by 7—6. Both Hayes and Mahoney pitched nice ball.

The teams were:

T.A.S.—Derocher, 2b; L. Giroux, c; McFadden, s.s.; Doris, 1b; Devlin, 3b; Hayes, p; Quinlan, lf; Corkrey, rf; F. Derocher, cf.

Lakeviews—Davidson, ss; Simmons, rf; Pentland, 3b; Menzies, c; Campbell, lf; Crowe, cf; Adamson, 2b; King, 1b; Mahoney, p; Umpire, Flaherty.

TEAM RACE IS SUGGESTED

Between Hoagland and Slater and Harrison and Stacey

A team walking race proposed by Slater and Hoagland and in which if pulled off, the two walkers mentioned will be opposed by Harrison and Stacey, may take place in the fall.

From 25 to 100 miles is the distance that has been decided upon should the race take place.

By joining the merry crowd of Durham Old Boys, Wednesday, July 8th, you get one day at Niagara Falls, and one day in Toronto or two days in either place. See large advt. in this issue.

THE PETES. WON FROM COBOURG

Game Went Eleven Innings---Murphy Cleared up the Bases With Two Bagger

In a game that went eleven innings the Petes defeated Cobourg at Cobourg on Saturday by 6 runs to 3. At the end of the ninth the score was 3—3. There was nothing doing in the tenth, but in the eleventh, Hawkins Clements and Burns all singled and a two bagger by Murphy broke up the game. Three runs came in. Turner pitched for Cobourg and was touched up for 12 safeties. Clements pitched good ball for Peterboroughs. Fred Craig played centre field for Peterborough and had two hits.

BASEBALL

MIDLAND LEAGUE STANDING

The following is the standing of the teams in the Midland League;—

	Played	Won	Lost
Peterboroughs	7	5	2
Athletics	6	3	3
Port Hope	6	3	3
Cobourg	7	2	5

Half of the world's ships are British.

Beaten back by smoke Emma Barlow was unable to escape from a fire which broke out in her rooms at Nottingham, and was burned to death.

CANADIAN ATHLETES SCORE.

Kerr Wins Amateur Championship For 100 Yards—Also 220 Yards.

London, July 6.—(C.A.P.)—Canadians scored handsomely at the Amateur Athletic Association championship meeting here on Saturday, that had many of the Olympic candidates as participants.

The final in he 100 yards was won by Robert Kerr by one yard. R. E. Walker of South Africa was second, and J. W. Morton, the holder of the championship for the past four years, was third. Time 10 seconds flat.

Dennis Horgan of the Irish-American Athletic Association, put the weight 44 feet 7 inches, winning easily.

The pole vault was won by E. B. Archibald of Canada with 12 feet, beating the previous British record by three inches.

Kerr won the 220 yards dead easy in the time of .22 2-5. He won easily in the second heat of the 220 yards. Time, 22 3-5 seconds.

Galbraith and Lawson were beaten by 600 yards in the four-mile race. The winner was Voigt. Time, 19:47 3-5.

Barber of Toronto and McDonald of Halifax failed in the high jump, but McDonald got the Standard medal in the long jump.

Goulding in the two-mile walking race was eighth. The winner's time was 15.58 2-5.

Sebert lost his heat in the quarter-mile race.

CITY COUNCIL MEETS TO-NIGHT

A regular meeting of the City Council will be held tonight at eight o'clock. Several important matters will be considered. It is likely that the public abattoir question will be discussed in committee of the whole.

LETTERS TO THE EDITOR

The Review Does Not Hold Itself Responsible for Opinions Expressed by Correspondents

ELECTRIC ADJUSTMENT

To the Editor of the Review,

Dear Sir,—In Saturday's issue of your paper I see that some of the city capitalists have formed a company and bought a patent for a grease cup from some outsider and they would not look at the invention of one of their own citizens, which is as much needed as the grease cup and there would be as much profit in manufacturing it, but it will cost a little to get the tools, but it is an absolute necessity as a time-saver to all manufacturers where electric lights are used, they will pay for themselves every week in the winter when some of the working are dark, in time alone.

Yours truly,
CITIZEN.

P.S.—This adjustment enables the cord to be extended at will.

LINDSAY BAND NOT ENGAGED

To Play at Toronto Exhibition and Lindsay Wonders Why

The bands of leading cities in the Dominion will play at the National Exhibition held in September. The executive of the exhibition have decided to engage about thirty bands from such cities as Winnipeg, Halifax, Quebec, St. John, Montreal and Charlottetown, and provide a great musical feast.—Star.

From the above it appears that more than one band from each of these cities will be engaged for the Exhibition. In former years some town bands were given a chance to do a turn in front of the grand stand out in the park, and in every case the music rendered by the town bands was highly commended in the Toronto papers.

It seems ill treatment that the bands from the town districts should be overlooked on this occasion, and the city bands be given the preference. The Lindsay band is equal to anything the large cities can produce and was given the preference in going to Quebec over that of Peterborough and several other city bands.—Lindsay Free Press.

ARM POISONED BY SOME WEEDS

Montreal Traveller the Victim of a Peculiar Accident

While out picking strawberries yesterday Mr. Percy Adams, travelling representative of a Montreal firm, it is reported, came in contact with a poisonous weed of some kind. His left arm became very much irritated and swollen and he hurried back to the Kawartha hotel at Fenelon Falls where medical aid was called. The young traveller's arm is still in a very painful and dangerous condition but the doctor says there is no cause for alarm. Mr. Adams' arms and fingers are badly swollen but the doctor stated that he had checked the infection from gaining any further headway.

PASSED AWAY SUDDENLY

Death of Mr. John Scott of Galt on Saturday

Mrs. W. J. Scott, McDonnell street, and Mrs. Harry Neil, Burnham st., Ashburnham, received the sad intelligence yesterday that their father, Mr. John Scott, had passed away in Galt on Saturday evening. Mr. and Mrs. Scott left last evening for Galt, while Mr. and Mrs. Neil left this evening.

The Mail and Empire to-day had the following to say regarding the late Mr. Scott:

Mr. John Scott, one of Galt's oldest inhabitants, died this morning at his residence. He was stricken with heart disease in a down town store last night.

Deceased was probably the best known stockman in Western Ontario. To the farming community of this district the name was a household word. Mr. Scott, who was in his 77th year, was an exceptionally active, vigorous and well preserved man. He was out and about daily, attending to business, in apparently the best of health, up to the very hour of his death. A native of Harwick, Scotland, the late John Scott, came to Galt when nine years of age, and had lived here for sixty-eight years. He is survived by a family of eight sons and daughters. He was averse to public office nomination, which was frequently offered him, but he took an active part in politics, and was a tower of strength to the Conservative party of South Waterloo, being honorary president of the riding association for several years. He was a Presbyterian.

GAVE ADDRESSES AT S. A. BARRACKS

Adit. and Mrs. White of Toronto Here---Memorial Service in Evening

Special services were held at the Salvation Army barracks Saturday evening and Sunday. Adjt. and Mrs. Mrs. White, of Toronto; were there. Mrs. White delivered the address on Saturday night and yesterday Adjt. White spoke evening and afternoon. In the evening a memorial service in memory of the late Mrs. Bacon and Mrs. Northcott was held. Staff Captain Goodwin was in charge and a very impressive meeting was held.

CAPTS. HURD AND MAUNION

Will Give Addresses at S. A. Barracks on Thursday and Friday

On Thursday and Friday evenings Capts. Mannion and Hurd of Toronto will be here and will give addresses at the Salvation Army barracks. Capt. Hurd is well-known here, having been travelling financial secretary for this district for a number of years. Capt. Mannion is his successor. They will speak at both special services.

ST. LUKE'S

The Rev. Provost Macklem, D.D., of Trinity College, will officiate at St. Luke's next Sunday.

The Sunday school excursion of St. Luke's will take place on July 14th, to Jubilee Point.

ENTERTAINED HER S. S. CLASS

Mrs. S. D. Carver Gave Members of Infant Class a Most Enjoyable Time

Mrs. S. D. Carver entertained the members of the infant class of Charlotte street Sunday School at her home about a mile out on the Grand house about a mile out on the Gravel Road on Friday evening of last week. About sixty children were present and greatly enjoyed the hospitality of their teacher. A number of the Sunday School teachers were present and also the new pastor, Rev. Mr. Henderson. The children were treated to a bountiful supper and each one was presented by Mrs. Carvou with a bag of candy and fruit. After supper a programme of races was run off, the results being as follows;

Boys, 7 and 8—Fred Rutherford, Max Kennedy, Ernest Bushnell.

Boys, under 7—Stanley Whitcroft, W. Bradshaw, Bruce Cotter.

Girls, 7 and 8—May Bell, Thelma Darke, Maud Stanley.

Girls, 8 years—Alberta Howden, May Bell, Maud Stanley.

Girls under 7—M. McKee, L. Fairburn, Hattie Brown.

CLOTHING CAUGHT IN A MACHINE

What might have proved to be a fatal accident occurred Saturday morning at the Cordage Works when a young lady, an employee of that concern in some manner had her clothing caught in a spinning machine Had it not been for the prompt action of some of the employes, in stopping the machinery, she would have been mangled to death. Her clothing was completely torn off her and she is suffering somewhat from the shock, otherwise she was not seriously injured.

CACTI FOR FLOWER LOVERS

J. H. Callander, Peterborough, Ontario

The general idea of a cactus goes no farther than the common prickly pear, the crab or Christmas cactus, or possibly a night blooming cereus. There is no special beauty in the plant itself of any of those mentioned. If it were not for their fine blooming qualities they would not long be given a place in any conservatory or window garden. Flower growers who have seen only such specimens will be surprised to know that there are over 2,000 different varieties, more greatly varied in form than any other class of plants in the world.

The genus includes delicate-stemmed branching tree forms with stems about the size of a goose quill and making densely branched shrubs, as well as the immense giant cactus, which towers in the form of a branchless tree to a height of forty to sixty feet, with a massive trunk two feet in diameter. These are characteristic landmarks in southern Arizona and Mexico where they are not molested, being many tons in weight and covered with very long, pearl-colored spines.

Cereus Colubrinus

Still other forms are globular, with as great contrasts as in the tall growing sorts. The smallest is the dainty button cactus, from one-half to an inch in diameter, covered with spines so fine and silky as to appear like lace spun by an industrious spider, while in the same category are found enormous globes three feet in diameter, and bearing stout spines which are really the most attractive part of the plant; some, as on the fish hook cactus, having perfectly formed hooks three to six inches long, and capable of lifting a great weight. Others wave and twist over the plant and display brilliant colors of yellow, all shades of red, brown, purple, black and white, some plants having several colors intermixed in regular form, make the effect most pleasing.

Enamored of the grotesque as nature has produced it in this family, the fancier has conceived the idea of still further adding to their odd features by grafting one upon the other, and in this way many highly valued additions to a collection are made. Their fleshy structure makes the cactus the best of subjects for experiment in this line, and the operation is very simple. Slender growers are cut to a wedge shape, and inserted in the split top of the stock to be used, held in place by running a couple of spines through, and tied up firmly. In a few days the union is formed and growth starts at once, and is much more rapid than when the scion is grown on its own roots. Globular sorts are cut off short near the bottom, set on the top of a columnar stem of a cereus and bound by a string tied over the top.

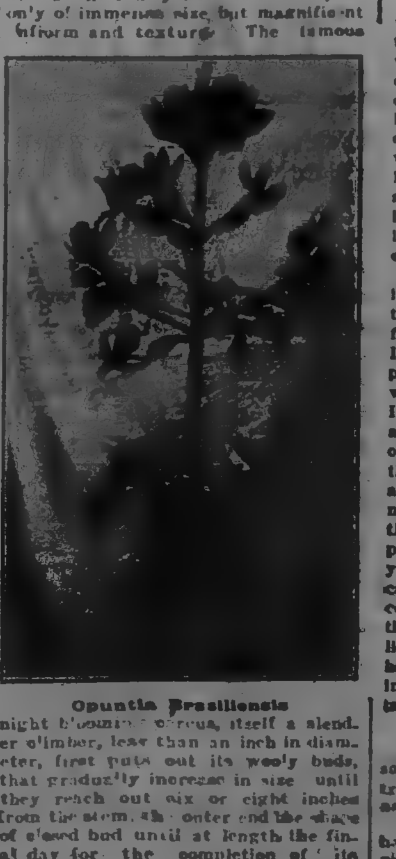
By these means curious and handsome specimens are made; drooping sorts are set on tall stems and present a graceful appearance, also blooming more freely while the effect of a round heavy spined Echinocactus, supported on one or more straight stems of stout cerei, is very curious. It is to this process that the success attained in growing fine plants of the crab or Christmas cactus is due, the stock used being an exceedingly rapid grower, the Pereskia.

Hybridizing has also been practiced to a large extent in some branches, particularly the Phyllocactus, many European fanciers possessing several hundred distinct varieties, all tracing back to the two or three original sorts found in their natural state. Their home is in the almost perpetual dampness of the Amazon valley, Brazil, where they grow on trunks and branches of trees, their roots clinging to the moss. Thus this family of cacti live in entirely different conditions from others, and require somewhat different treatment.

Echinocactus Cornigerous

While the fancier who makes a collection of cacti tries to secure the oddest in form, regardless of bloom, yet this is a feature that will well repay the little care necessary to produce them. The most gorgeous day bloomers are the Epiphyllums, or crab cactus in many shades of crimson and red with white shadings; the Phyllocacti which bear handsome flowers from two to ten inches across, ranging in color from pure white, pink, violet, scarlet, to purple, a truly grand showing in early spring; some of the cerei, such as the "Rat-tail," "Rainbow" and others; and the Echinocereus, low growing clusters, which are resplendent in spring with exceedingly beautiful flowers of very large size, bright pinks, yellows, reds, purples and so forth, often six inches across.

But it is the night bloomers that give us the really notable flowers, not only of immense size, but magnificent in form and texture. The famous night blooming cereus, itself a slender climber, less than an inch in diameter, first puts out its wooly buds, that gradually increase in size until they reach out six or eight inches from the stem, the outer end the shape of closed bud until at length the final day for the completion of its wonderful development arrives, when a magical change is seen — the bud grows and swells so quickly that it can almost be seen to expand, and in a few hours there is the promise of a mighty effort when darkness comes. This is the time to watch the mammoth bud awaken to its short but gorgeous life. The tip bursts open. The outer sepals of yellow and brown slowly uncurl, disclosing to view an immense cup-shaped form of purest white petals, within which nestle the hundreds of down-tipped stamens with the prominent pistil standing well out. As it grows later the finishing touches are put on by the great flower. Petals are shaken looser, the sepals curl further back, and there before us is the triumph of the floral world — a night blooming cereus in full bloom, the flowers measuring twelve to fourteen inches across, and giving out a delicious fragrance that fills the conservatory or house. Is it to be wondered at that when a cactus collector begins to discover the possibilities of his collection he becomes an enthusiast on the subject, and by the unappreciative public is designated a "Cactus Crank."—Canadian Horticulturist.



Opuntia Brasiliensis

ANIMAL LEGENDS.

The Buzz of the Mosquito and the Swallow's Forked Tail.

In Palestine, where several religions exist side by side, legends have crossed and intermingled in such a way as to make a distinct folklore. A collection of stories from "Folklore In the Holy Land," by the Rev. J. E. Hanauer, contains many Bible legends in new forms and with humorous additions. One explains how the mosquito came to buzz and why the swallow's tail is forked.

After the fall of man the serpent missed the reward which the evil one had promised him—namely, the sweetest food in the world. An angel was appointed to assign to every creature his food and dwelling place. The serpent asked for human flesh. But Adam protested and pointed out shrewdly that as nobody had ever tasted human flesh it was impossible to maintain that it was the most luscious of food. Thus he gained a year's respite for the race.

Meanwhile the mosquito was sent round the world with instructions to taste and report upon the blood of every living creature. At the end of twelve months it was to report in open court the result of its researches.

Now, Adam had a friend in that sacred bird the swallow, which annually makes a pilgrimage to Mecca and all holy places. This bird shadowed the mosquito all the twelve months until the day of the decision. Then as the insect was on its way to the court the swallow met it openly and asked what flesh and blood it had found sweetest.

"Man's," replied the mosquito.

"What?" asked the swallow. "Please say it again, for I am rather deaf."

On this the mosquito opened its mouth wide to shout, and the swallow darted in its bill and plucked out the insect's tongue.

They then proceeded to the court, where all living creatures were assembled to hear the decision. On being asked the outcome of its investigation the mosquito, which could now only buzz, was unable to make itself understood, and the swallow, pretending to be its spokesman, declared that the insect had said that it had found the blood of the frog the most delicious. Sentence was therefore given that frogs, not men, should be the serpent's food.

In its rage and disappointment the serpent darted forward to destroy the swallow. But the bird was too quick; the serpent succeeded only in biting some feathers out of the middle of the swallow's tail.

This is why swallows have forked tails.

EASY PHYSICAL CULTURE.

How One May Promote Good Health Without Expense.

First of all, there is the sensible use of the odd moments of the day. For example, I must go out to my work in the city; I must get up from my chair after or at intervals during my work; I must go upstairs. Here are the opportunities:

During the wash I can rub myself well all over my skin. Having used the warm water and soap and warm water again, I can dip my hands in cold water and then give my skin a capital friction with the palms of my hands. This will afford excellent exercise for the arms and shoulders and, when I stoop, for the trunk muscles. It will clean me, will help to harden and invigorate me and will make my hands and my whole body glow delightfully. It will need scarcely any extra time.

When I go out into the street, and indeed whenever I go out, I can take two extra deep and full breaths of fresh air in through the nostrils. And I can repeat this wonderfully healthy practice whenever I wait at a crossing, whenever I wait at all, and just before I go into any building from the street, and also before any important work or interview, and, of course, the first thing in the morning and the last thing at night. Here there is not one moment of extra time demanded, but there is so much effective but easy physical culture that at the end of a year the improvement in the breathing capacity, the endurance, the vigor, the complexion and even in the control of the temper may be almost beyond belief. And, best of all, the automatic habit of fuller and more rhythmical inhalations may be firmly fixed.—Eustace Miles in Metropolitan Magazine.

It is reported that Prince Arthur, son of the Duke of Connaught, is betrothed to the daughter of an unnamed English duke.

The London omnibus companies have returned in most cases to the old rates, as the increased fees did not prove successful.

A CLOCK OF STARS.

Scot's Remarkable Invention to Help In Studying Astronomy.

One of the most remarkable exhibits at the Edinburgh Exhibition is that of astronomical clocks made by a Selkirk stonemason, Mr. James Scott, who constructed the wonderful mechanism to help him in his studies in astronomy. Scott is a self-taught astronomer and a mathematical genius, for though his clocks are marvels of accuracy, he knows nothing of the mathematics of the schools. The first, and also the biggest, of his three astronomical clocks occupied him for five winters ere it was completed. It was made wholly by himself, and it goes with splendid regularity, and works to a fraction of a second in a year. One of the sections, which shows the rising and setting of the moon, goes slow to the extent of only a second in five years. One wheel which regulates the movement showing the sun's eclipse takes 19 years to complete its revolution.

This clock stands eight feet high and is five feet broad at the lower part. The under part shows the revolutions of Mercury, Venus, the earth and moon round the sun, and the moon's revolutions round the earth, with the exact position of all these bodies at any moment, and also all the stars of the Zodiac visible to the naked eye. There is likewise an indicator which marks out the date from day to day. Above is the clock which regulates all the movements. In a tower above the clock are shown the rising and setting of the moon in all its phases, also its daily altitude above the earth's horizon. The tower is crowned with a globe which shows the earth's daily revolution, and explains the cause of the unequal length of day and night and the changes of the seasons. It also shows Greenwich mean time all over the globe. On the right side of the clock is shown when and where eclipses are possible, and on the left side another "dial" shows the sidereal time.

Another clock made by Mr. Scott records the movements of Jupiter and his satellities as seen through a telescope, and a third, a solar clock, shows the difference between solar and Greenwich mean time for every day of the year, and also the sun's apparent deviations in right ascension. The construction of all three clocks is a tribute to the mason-astronomer-inventor's genius, coupled with a rare patience and persistence in research and experiment. Mr. Scott was born in Midlem, near Selkirk, 59 years ago, and only after he was 37 did he discover his bent for astronomy. The extraordinary meteoric display that occurred in 1866 set him thinking about the mysteries of the heavens, and he pursued his studies practically unaided. His astronomical clocks are no less remarkable for their mechanical ingenuity than for their scientific value.

Swindlers In London.

Many American and continental detectives have arrived in London to watch the gangs of cosmopolitan thieves and swindlers who will exercise their skill and daring upon the great crowds of visitors from all over the world who are coming to the Franco-British Exhibition. These gangs are for the most part composed of the aristocrats of the criminal world, men and women dressed in the height of fashion, able to speak English, French, and German fluently, of charming manners, and well supplied with money. They will stop at the best hotels, and endeavor to prey upon their fellow guests or become acquainted with wealthy strangers in the grounds of the exhibition, and will reap a rich harvest by theft or some elaborate variation of the confidence trick. "Many of the members of these gangs are well known to us," said a French detective who will remain at Shepherd's Bush until the end of the exhibition to a newspaper representative. "They have been known to us for years, and we have been certain that they have been guilty of extensive robberies, but we have not been able to convict the majority of them. The reason is that, with their great cleverness, they choose people of position as their victims, and the deluded ones are generally unwilling to expose their credulity and too often fatuity for the amusement of the public."

The authorities of Scotland Yard have made all their arrangements, and a large number of officers will be on duty at the exhibition. Each detective will play a part, one being a guileless old country gentleman, another an assistant at a stall, and so on. When a noted crook is seen ingratiating himself with a stranger a detective in the vicinity will be keeping his eyes and ears open. An interesting innovation is the engagement of a large number of lady thief-catchers, whose special duty it will be to keep a sharp watch on members of their own sex. It is well known that many of the most expert pocket-pickers are women, and they are also adepts at recognizing the male detective, in spite of any disguise which may be assumed; but it is hoped that the female Sherlock Holmes will merge her identity more successfully.

The Lass For Him.

A Scotchman, wishing to know his fate at once, telegraphed a proposal of marriage to the lady of his choice. After spending the entire day at the telegraph office he was finally rewarded late in the evening by an affirmative answer.

"If I were you," suggested the operator when he delivered the message, "I'd think twice before I'd marry a girl that kept me waiting all day for my answer."

"Na, na," retorted the Scot. "The lass who waits for the night rates is the lass for me."

Man-of-War's Decks.

Some readers will have noticed how beautifully clean the decks of a man-of-war always seem. Early in the morning men turn out and scrub them hard, and the decks are then dried with what is called a "swab." This "swab" is made from disused rope, stranded out. The method of using it is to flog the deck vigorously, which, indeed, is no easy task.

Everybody in England gives on an average $2.76 away in charity yearly.

PROMPT PAYMENT

Peterborough, Ont., June 12th, 1908

W. H. HILL, Esq., City Representative Liverpool and London, and Globe Fire Insurance Co'y.

DEAR SIR,—

We beg to acknowledge the receipt of cheque for $2,500 in settlement of fire loss, policy No. 8,645,879 Liverpool and London and Globe Insurance Company.

We note in connection with this settlement a most unusual feature. They are legally entitled to 1 per cent. of stated sum for payment prior to due date. No business man would for one moment question their right to this amount. But they do not take it. Instead they have purposely waived their privileges and presented us with this additional amount.

We are gratified to note this remarkable action. To adjust and settle a loss within twelve days is noteworthy, but to add to this magnanimity in refusing to take advantage of their discount privileges, places this company in a most favorable position.

We congratulate you upon representing a company of such superior standing.

Yours very truly,

Canada Flakes Co., LIMITED.

Signed, H. B. COLLIER, Manager.

The Life Saving Service.

The first stations of a life saving service in this country were established by the Massachusetts Humane society at Lovell island and Cohasset. All efforts for saving life and property in cases of shipwreck were made by this society till 1837, when the president of the United States was authorized to employ ships to cruise along the shores and render assistance to distressed navigators. In 1848 congress passed a law creating a few life saving stations between Sandy Hook and Little Egg harbor, New Jersey. From this has grown the splendid system which now takes in all the coasts of the country.

A Watch Tip.

"So you lost your watch in the crowd, eh?" Lecoq, the detective, sneered. "Well, I'm ashamed of you.

"You ought to know after your long friendship with me that there's only one safe way for a man to carry a costly watch—in the right hand vest pocket, with the chain running into the right and left pockets.

"The thief always snatches at the left pocket, and of course by my system he gets only a key or a cheap compass."

Quite Unexpected.

The Mistress—What, Susanne, going to leave me? Going to get married? This is most unexpected. The French Maid—Oui, madame, but eet ees not my fault. Eet was only last night zat your son proposed to me.

PASTOR ASKS HIS PEOPLE FOR SYMPATHETIC CO-OPERATION

Rev. G. W. Henderson Delivers His Message to His New Congregation at Charlotte-st. Methodist Church Yesterday Morning—Defines His Position in a Clear and Appealing Address —Necessity of Pastoral Visits.

It was a practical and directly expressed address that Rev. W. G. Henderson late of Port Hope, who has assumed the pastorate of the Charlotte street Methodist church, delivered yesterday morning. The new pastor adopted the course of having a good talk with his people in order that his plans and suggestions might be made known to them at the earliest moment, rather than giving a sermon. He impresses one as being a lucid speaker and delivers his message in an earnest manner.

Large congregations heard him at both morning and evening services, and he made a good impression with his listeners.

In commencing his address in the morning he stated that his remarks would be of a very introductory character.

"There are some things," said the preacher, "that might better be spoken of now than later on."

He would need the help of the congregation during his pastorate here, and thought he was entitled to it in carrying on his work.

The first suggestion he made was that no members of the congregation should act as talebearers. In some places he had been in he had found that there were a certain class of people who seemed to think that a new pastor should be posted on the history of every member of his church. And some times the tales told were not of the most complimentary character. To those in this sort of work, his advice was the same as a physician would give a patient going out into the cold air, and whose lungs were not very strong.

He did not believe that deeds of darkness should not be exposed, but if a man were accused of doing wrong we should do the same as the Lord Jesus Christ would do in similar instances—give that man a chance to defend himself.

PASTORAL VISITING.

"Do not expect too much pastoral visiting," said Mr. Henderson.

Pastoral visiting is an aid to the minister in his pulpit ministration. No man can preach helpful, soul-converting, character-enriching sermons who does not know his people and who is not in constant loving contact with them. Scores, yea, and hundreds had left a congregation and said, "The pastor has forgotten us is he doesn't care anything about us." A minister had much difficulty in finding out without assistance who all his people are, and it was unreasonable to expect him to know of everyone in his flock who was sick.

In the matter of visiting, Mr. Henderson stated the sick, aged and infirm should have his first consideration. While he was thoroughly in sympathy with pastoral visiting, he told his congregation not to expect too much from him in this respect.

The pastor very often does not get an opportunity of knowing the members of the family. The father is often at work when he calls and the children at school. It was necessary that he should know every member of the family and the only way he knew to solve the problem was to ask the minister to visit in the evening, to have a cup of tea when all the family was at home.

"We do not especially want to drink your tea," remarked the speaker. "We have lots of tea in the Parsonage, but we do want to know the family."

NEEDS CONGREGATION'S HELP.

The speaker referred to leaving a charge once and had innumerable compliments and expressions of appreciation bestowed upon him. But it all came at once, and he would have appreciated much more had those kindly feelings been spread over the years of his pastorate. He said there are times when a minister's heart is fairly crying out for the sympathy and support of the people under his care. He asked them to be Christlike and kind in their criticisms. If they had any fault to find they should come to him and tell him in the privacy of his library, and not spread it broadcast and prejudice people against him that he might otherwise help. The preacher dwelt on the great encouragement that the word "Welcome" had for a new pastor. Sympathy should be given him by his congregation, and he wanted sympathetic co-operation. He asked the people to stand by him in the mid-week prayer services.

"There is nothing," he exclaimed, "that takes the heart out of a minister so much as to see a church half filled or quarter filled."

He admonished his people to pray for him and said what a minister needed above everything else was divine power.

TEACHER WAS REMEMBERED

Miss L. Taylor Honored by Pupils of Section No. 14

A very enjoyable time was spent on Tuesday evening, June 30th, when the pupils of school section No. 14, Otonabee, with their teacher, Miss Lida Taylor, were entertained at the home of Mr. John Webster.

During the evening the pupils presented their teacher with a beautiful opal ring, accompanied with the following address—

Dear Teacher,—We your pupil of S. S. No. 14, desire to express our appreciation to you during the past year and thanking you for your kindness shown to us.

We now ask you to accept this ring as an appreciation to you during the past year, and thanking you for your kindness shown to us. We now ask you to accept this ring as a slight appreciation of our love and best wishes and hoping you will enjoy your summer holidays very much. Signed on behalf of the school.

Charles Webster,
Reat Brealey,
Annie Kelly,
Vincent Fitzgerald.

Supper was served on the lawn and and the remainder of the evening was spent in games and amusements.

Keep Cool—Keep things cool This is easily accomplished by using one of Best's best refrigerators. All prices. Better buy Best's now. Next to Post Office.

PRINTERS PICNIC ON CIVIC HOLIDAY

Steamer Otonabee Has Been Chartered to Take Crowd to Idyl Wyld.

As usual, the Printers' will be held on Civic Holiday, Monday, August 10th. Idyl Wyld will be the destination of the excursion for which the steamer Otonabee has been chartered. A committee is now at work and an attractive programme is being prepared. The picnic promises to be a huge success.

VOL. LVII., No. 5. PETERBOROUGH, ONT., CANADA, TUESDAY, JULY 7, 1908 TEN CENTS PER WEEK

IS DESTROYED BY FLAMES A DISASTROUS HOLACAUST

Over Four Hundred Buildings Burned—Fire Broke Out Three Times—Terrific Explosion When Flames City in State of Panic.

Port-au-Prince, July 7.—The disastrous fire which started in the vicinity of the palace and Senate buildings here on Sunday, and was believed to have been controled after 400 buildings were burned, broke out again during the night and caused further by an explosion in the arsenal which shook the whole town, damaged many buildings and scattered blazing embers over a wide area. The roof of the National Bank was thrown down by the violence of the concussion when the explosion occurred. The second fire was believed to have been checked at midnight, but the flames got a third start yesterday morning, and before they were subdued forty more buildings had been destroyed.

The city was almost in a state of panic. The flames surged along with what appeared to be an irresistible sweep and terrific explosions, which occurred at intervals, added to the frenzy of the populace. It was not until the intensity of the fire had diminished that anything like quiet was restored.

The Chamber of Deputies and the large establishment of the congregation of St. Louis' were menaced for a time by the flames, but they were saved without damage.

Port-au-Prince, July 7.—A serious fire broke out here about 2 o'clock Sunday in the vicinity of the palace and Senate building. The flames spread quickly, there being a high wind, and soon reached alarming proportions. Four hundred buildings were burned, including the court house and the prison. All of the prisoners were taken to other quarters before the building took fire.

Sparks were carried to the arsenal, which also was destroyed, with stores of powder and ammunition. The burning of the arsenal was accompanied by many explosions. The firemen were aided by a large section of the populace in fighting the flames, and a force from French cruiser Chasseloup-Loubat.

THE REPORT OF SINKING OF VESSEL WITHOUT FOUNDATION

Yesterday Mr. George Thomas, the local restaurateur, inquired of the *Review* if any word had been received of the sinking in mid-ocean of the steamer "Empress of China." Inquiry from this office to the proper authorative sources failed to elicit any information concerning any disaster to the vessel, and the rumors of her going down are apparently without any foundation.

Mr. Thomas was naturally very much interested to find out the truth or the falsity of the report, as two of his cousins are returning from Hong Kong to Ottawa on the "Empress of China." They are employed in the capital city and have been home on a holiday.

Local Chinese laundrymen also have some fellow countrymen who will be employed as their helpers in the laundries when they arrive in Peterborough.

IMPROVEMENTS AT THE NATIONAL

Several Changes Made in the Staff by the New Proprietor

The public are doubtless aware that the old established house, Hotel National, changed hands in the middle of May, being taken over by Mr. D. B. Dennison, who had recently carried on the hotel business at Coldwater for several years. The travelling public of his house say it is one of the best in the country, and if one may judge from the short experience of Mr. Dennison in Peterborough, his reputation will be fully maintained. The house has been thoroughly cleaned throughout and put in the best of order. The office is now managed by Mr. Victor McCarthy an experienced hotel clerk, and Mr. Dennison has brought from Coldwater, other valued employees, thus making his staff a most genial and energetic gentlemen, and his wife is a charming lady who gives her unceasing attention to the comforts of the hotel guests.

Recently Mr and Mrs. Dennison had the pleasure of entertaining old friends, in the persons of Mr. and Mrs. Hall, Mr. Hall being one of the construction superintendents of the Toronto Construction Company, having stopped over here with his wife on their way to New Brunswick where he takes charge of a large section on the Grand Trunk Pacific.

Mr. Dennison is bringing his launch here from Coldwater by way of the canal. It will accommodate nine and it is the intention of Mr. Dennison to entertain his guests.

BEEN GRANTED CERTIFICATES

In recent militia orders it is noted that certificates of military instruction have been granted Lieut. F. A. Clarke and Lieut. A. G. Carruthers of the 57th Regiment. Peterborough Rangers.

Cowardly Stabbing.

Fredericton, N.B., July 7.—A young man named Oscar Case, belonging to Burton, Sunburn County, is lying at the point of death at his home as a result of a knife wound inflicted by another young man named Garnet Ward, in Alexander Burnett's store at Oronocto Sunday night.

Ward has not been apprehended, but Sheriff Holden and a posse are pursuing him. Ward walked up to Case and stabbed him in the back without a moment's warning.

It is quite evident that Ward struck to kill, and the only motive that can be assigned for the deed is that he had quarreled with the elder brother of Case about a week ago, and had received a severe trouncing at his hands. He is said to have threatened at the time that he would even matters up at the first opportunity.

Raided "Blind Pigs."

Cobalt, July 7.—Fifty "blind pigs" were raided by Government officials on Saturday night.

Nearly a dozen men were arrested and taken to the police station, some being afterwards liberated on bail.

Eudo Saunders, chief license officer, is here to prosecute before the magistrate.

Those arrested were brought before Magistrate H. Hartman and remanded. In case of a second offence the culprit will be "sent down" for four months without the option of a fine.

THE NORTHWEST MOUNTED POLICE

Will Act as Body Guard to Prince of Wales at Quebec.

Messrs. J. J. Turner & Sons, shipped a large British coat of arms to Quebec on Saturday night. It will be used in decorating the front of the large grandstand at the Tercentenary celebration to be held there. Messrs. Turner received an order by telegraph for three big tents for the accommodation of the Northwest Mounted Police, who are to act as a body guard for their Royal Highnesses the Prince and Princess of Wales. The Prince sent word last week to the Governor-General that he would like to have the Mounted Police act as a body guard.

Favor Contract With Hydro.

Hamilton, July 7.—A resolution was unanimously passed at the indignation meeting in the Savoy Theatre last night in favor of closing a contract with the Hydro-Electric Power Commission, in view of the fact that the ratepayers had twice endorsed that course, and if the aldermen had any doubt about it to submit it to the ratepayers again.

Ald. McLaren, A. J. Wright, Allan Studholme, M.P.P., Geo. Smith, Thos. Mitchell and many others spoke in favor of competition in power. Ald. Farrar tried to deliver a Cataract speech and his sentiments were hooted.

About twenty members of the Board of Trade, including William J. Southam, met yesterday afternoon and passed a resolution asking the aldermen to sign a contract with the Cataract Power Co. The resolution cited the benefits bestowed upon the city by the company. Ald. H. G. Wright and Ald Farrar spoke in favor of that course

Was Nearly a Disaster.

Rainy River, July 7.—A very serious accident to C.N.R. passenger train No. 2 was narrowly averted on Sunday at the village of Emo, about 40 miles east of Rainy River. When passing over the pile bridge emptying into the Rainy River the bridge sank to such an extent that the engine was uncoupled from the train. The engineer saved his engine by going ahead at full speed, leaving his train on the other side of the bridge. Had the heavy sleepers reached the bridge it is thought that it would surely have given way and the cars would have dropped seventy feet to the bed of the stream. The train was delayed five hours while the bridge crew made the necessary repairs.

Thief Rifles Poor Box.

Detroit, July 7.—Rev. F. R. Downey caught a thief in the act of rifling a poor box in the Immaculate Conception Church, and while waiting for the arrival of the police the thief broke away and jumped through a window and escaped, but not before all the money he had secured was recovered.

Record in Windsor Marriages.

Detroit, Mich., July 7.—Windsor's Gretna Green is more affected by leap-year than trade depressions, according to official returns of City Clerk Lusted, that there were 672 marriages in Windsor in the past six months. This is a new high water mark.

Fire at Cardinal.

Cardinal, Ont., July 7.—Early yesterday morning fire broke out in the rear of a butcher-shop occupied by R. W. Knight. The building was destroyed, together with the furniture store occupied by R. C. Rankin, and the stables of Dillon's Hotel.

WORKMEN'S AWFUL PLIGHT

Had to Choose Between Burning and Death by Explosion.

Dundas, July 7.—Given a choice of putting out the flames that were devouring their clothes, or of running to avoid a terrific dynamite explosion, two men engaged in blasting at the quarries here yesterday fled from the explosion, and, fanning the flames into a blaze, had their garments literally burned off their backs. The men are Bert Green of Greensville and James Sturrock, Jr., of West Flamboro Township. They are now in Hamilton Hospital in a serious condition.

Green and Sturrock were drilling holes for dynamite charges in the Doolittle & Wilcox quarries on the mountain. Some gas at the bottom of the hole became ignited.

Suddenly a spurt of flame burst from the hole, setting fire to their clothes. Although almost blinded, they had presence of mind to turn and run from the explosion.

It was well they did, for in a few minutes there was a terrific explosion that would have blown them to atoms. But in running the flames had steadily devoured their clothing. They staggered up to a party of workmen, who rolled them in the dust until the fire was extinguished.

Both men are in bad shape and have deep burns all over their bodies. It is feared that their lungs are affected.

They are experienced blasters, Sturrock having had charge of this work at the quarries for a long time, Green has been in the same work in Mexico, and is owner of the rights for the high explosive known as "Greenite."

FOURTH OF JULY'S TERRIBLE TOLL

Over Seventy Dead and Thousands Injured in Celebrations.

Chicago, July 7.—Seventy-one dead and 2,694 injured are the figures in The Chicago Tribune's Fourth of July casualty list up to 11 p.m. Sunday night. An analysis of the figures show the following details:

Of the deaths, there were by fireworks and resulting fires, thirty-seven; by cannon, three; by firearms, sixteen; by gunpowder, six; by pistols, two; by runaways, five; by heart failure, due to explosion of cannon-crackers, two.

Those injured were: By fireworks, 1,109; by cannon, 212; by firearms, 196; by gunpowder, 551; by torpedoes, 60; by toy pistols, 211; by bomb canes, 5; by runaways, 35.

The fire loss was $525,935.

This breaks all records for deaths since 1889.

First Warship Starts.

London, July 7.—(C. A. P.)—The Berehaven, one of the vessels in the fleet that is to take part in the Quebec tercentenary, sailed on Sunday. The Indomitable and Minotaur follow on July 15. They hope to make an Atlantic record for warships.

Fanatics on Warpath.

Antler, Sask., July 7.—A party of fanatics have passed twenty miles to the southeast of Antler, apparently heading for Sinclair, Man. They were keeping out of Saskatchewan. The mounted police are in touch.

Coal Strike In Alabama.

Birmingham, Ala., July 7.—A strike has been called by the union miners of Alabama.

MANY DEATHS RESULT FROM TERRIFIC HEAT PREVAILING

Dreadful Mortality Among Children—Fourteen Fatal Cases of Sunstroke Last Week—Seven Deaths and Thirteen Prostrations in Half Day Yesterday—Two Men Crazed—Attempt to Kill Wives.

New York, July 7.—Thousands last night slept on fire escapes or in the parks, and the effect of the excessive heat became apparent early in the day, when reports of deaths, prostrations and sudden insanity began to pour in at police headquarters.

Seven deaths and thirteen prostrations from the intense heat were reported in Brooklyn and Manhattan up to 1 p.m.

Two Brooklyn men who are believed to have been crazed by the excessive heat were taken in the King's County Hospital early yesterday, after they had attempted to kill their wives with carving-knives.

Hot weather maladies caused 414 deaths among children in the last week, according to the Board of Health's statement issued yesterday. Fourteen deaths from sunstroke were also recorded, as compared with but three last year at the same period.

Bank Manager Is Acquitted.

Brantford, July 7.—Hugh Hood, the manager of the Crown Bank at Scotland, was discharged yesterday afternoon on the charge of making a false oath, a charge arising out of the last provincial election, where he swore to his right to vote in Scotland, Ont., when, as a matter of fact, he lived with his wife at Townsend. He held, however, that Scotland was his headquarters and that he was going to move his wife. Wilful intent was not shown.

Two Smooth Strangers.

Brockville, July 7.—Several Brockville merchants and others are looking for a couple of strangers who opened up an office here known as the "Kleancoat Co." The pair gave the names of Frank Elliott and Chas. Bourke. They took an apparent interest in theatricals and joined the Oddfellows and A.O.U.W. They left yesterday for the States via Morristown with several hundred dollars' worth of goods.

Not Now a Mission Land.

Rome, July 7.—An important pontifical document referring to the organization and working of the Roman congregations was made public yesterday.

It removes Great Britain, Holland, Canada and the United States from the jurisdiction of the propaganda, these countries thus ceasing to be considered missionary lands.

Drowned In Cistern.

Woodstock, July 7.—Lucy Florence, the 4-year-old daughter of Mr. and Mrs. Alfred Edwards of this city, was drowned yesterday at the residence of J. D. McKenzie, where her mother was washing.

The child fell into the open cistern and was dead when the body was found a short time after she was missed.

To Lead Doukhobors.

Winnipeg, July 7.—At Pierson, Man., an attempt was made to hold up the invading fanatics from Missouri. Constables King and Turner, R.N.W.M.P., rode out yesterday and were threatened with rifles and defied to come nearer, the men saying they would not be taken alive. After a while the officers convinced the strangers they meant no harm and entered into conversation. The leader repeated that he was Christ and was going to care for the leaderless Doukhobors. They held a short service wherein all participated. However, they kept the constables covered and seeing it was impossible to disarm fanatics without bloodshed and danger to women, the constables returned and wired Regina for reinforcements, who will be on the ground today, when they will doubtless be overpowered and disarmed. A farmer who objected to the taking of his fence posts for fuel was told: "The earth was the Lord's and the fulness thereof," and that he was the [illegible]

Section Man Takes Morphine.

Ottawa, July 7.—C.P.R. section men yesterday morning found a man in an apparently dying condition lying beside the track in Gloucester Township. He expired before he could be brought to Ottawa. His name is J. Malley, and was a member of the C.P.R. section gang. He is about 60 years of age. A bottle of morphine in his pocket, half emptied, disclosed the probable cause of his death. An inquest will be held.

May Have Been Girl's Assailant.

Strathroy, July 7.—When a man who answered in every detail to the description of the man who attacked little Mabel Webb, near Middlemarch on Sunday entered a barber-shop for a shave yesterday the barber refused to shave him and 'phoned for the police. When arrested he gave his name as Ernest Brigman. He will be held for identification.

Balloonists Adventure.

Montreal, July 7.—Capt. Honeywell and Dr. Fielding of San Antonio, Texas, who ballooned unharmed nearly 1,000 miles from Chicago, came to grief in his airship, the Fearless, near Shefford, yesterday afternoon during a thunderstorm.

The crew were dragged across fields and over fences, and finally landed in a pond.

Cashier Is Missing.

Ottawa, July 7.—Louis W. English, cashier for the Williams' Piano House, 140 Bank street, has disappeared, and a warrant is said to have been issued for his arrest. It is alleged that he is short in the funds of the firm in which he was employed.

Five People Killed.

Los Angeles, Calif., July 7.—Four children and the father of two of them are dead and six persons are injured as the result of a collision between a farm wagon and an electric car.

Printers' Union Withdraws.

Montreal, July 7.—The Printers' Union have a fight with the Trades and Labor Council, and have dropped out of that body. The trouble was over per capita dues.

Dead Man Identified.

Chatham, July 7.—The man found beside the Pere Marquette Sunday at noon has been identified as Daniel Adams. A sister lives in Brantford.

Matricide Must Die.

New York, July 7.—Bernard Carlin was convicted of murder in the first degree yesterday before Judge Dyke of the County Court in Brooklyn, and was sentenced to die in the week beginning Aug. 3.

Carlin, who is 22 years of age, on April 8, within two hours after his release from prison, went to the home of his mother, in Brooklyn, and shot her to death.

Carlin pleaded lack of motherly care as his excuse for the crime.

TO SAVE CANADA'S PARK G.T.R. PROPOSAL CONDEMNED

Dr. Pugsley Also Centre of Criticism—Supplies for Public Works—Laurier Once Again Has to Request Time—Annuities' Bill Passed.

Ottawa, July 7.—The promised statement of Sir Wilfrid Laurier as to new matters of legislation to be passed at this session is not yet delivered.

The Prime Minister has put Mr. Borden off from day to day. The latter has been particularly anxious about the Manitoba boundaries bill, and on Friday last the Prime Ministerter stated definitely that he would be able on Monday to say just what new bills would be brought down.

Yesterday morning Sir Wilfrid begged off till the afternoon.

In the afternoon, after a lenghty council meeting, which kept all the Ministers except Mr. Pugsley out of the House till nearly 4 o'clock, he asked for a further respite.

It is understood he has intimated that the boundaries bill will probably be brought down. At any rate there will be the supplementary estimates and the railway subsidies.

Of the bills to be dropped, two are mentioned, the Admiralty Courts bill, and one respecting booms in international streams. Long ago the insurance bill was laid away.

Two Government bills were disposed of at the morning sitting and the rest of the day was devoted to public works supply.

The Opposition again denounced the proposal to alienate that portion of Major's Hill Park for the purposes of the Grand Trunk hotel. R. L. Borden regarded it as an "outrageous piece of vandalism" to intrude the hotel into the grounds of Parliament. A Government that would do that would lease the new departmental block for a dance hall.

Sir Wilfrid Laurier said he could not find fault with the "fastidious aestheticism" of the leader of the Opposition. The Grand Trunk had selected this cite, and the people of Ottawa had come to the conclusion that this was the place for it. When the improvements were completed the Prime Minister did not think much fault would be found with it.

Mr. Borden replied that he was considering the question from the standpoint of the people of Canada.

Mr. Lennox insisted that the Government should have ascertained something as to the character of the building. So little did the Minister know about the plans that he did not tell how many outlets to the park there would be. The park was to be the backyard of the hotel.

Hon. Mr. Pugsley replied that the proceeds of the sale were to be devoted to the extension of Major's Hill Park to Nepean Point. This was not expressed in the bill, but the money was to be spent by the Improvement Commission under the direction of the governor-in-council.

On the third reading of the lead bounties bill, Mr. Foster stated that of 147 receiving bounties last year, 112 received amounts so small that the payment could not been been of assistance to them. A number of mines on which bounties were paid in 1903-4 and ceased production thereafter. About six of the large producers absorbed nearly all of the bounties paid. The proper way to develop the lead industry, said Mr. Foster, was by protection in the way of duties. The woollen industry had been ruined and the Government had not raised a finger to save it.

In supply, Mr. Monk urged the building of the Georgian Bay Canal at once. The Government, he said, had practically abandoned the recommendations of the transportation commission.

Hon. Mr. Pugsley declared the Government was carrying out the views of the commission as rapidly as was consistent with their sources of the country. He instanced works at Montread, Quebec, Halifax, St. John, Victoria Harbor and Tiffin, Fort William, Port Arthur and others with the sole aim of improving transportation facilities. It was expected the work at Victoria Harbor and Tiffin, which would enable the largest lake vessels to enter and would be completed by Oct. 1. This would divert, millions of bushels of grain from United States ports.

Mr. Blain spoke of the needs of Port Credit harbor. Sand was continually drifting in there. There was a large amount of traffic between Toronto and Hamilton and the harbor deserved attention. Mr. Pugsley said the difficulty was that the harbor was owned by a private company. If Mr Blain could get the Ontario Government to buy out the company and contribute one-half the cost he would recommend that this Government contribute the other half. However, Mr. Pugsley promised attention.

According to a statement made by Hon. G. P. Graham last night, he expects the transcontinental railway to be fully completed Dec. 1, 1911.

The cost he now estimates at $63,437 per mile, not including allowance for interest for the 1,804 miles between Moncton and Winnipeg.

The cost of terminals at Moncton is placed at $97,000. The cost of Quebec terminals is placed at $2,600,000.

In regard to building the Quebec bridge the Minister furnished no information.

The old-age annnities bill came back to the House yesterday morning and was passed. Ralph Smith of Nanaimo got amendments accepted to allow people having postoffice savings bank accounts to change them into annuities, to permit friendly societies to go into annuities, and to permit companies to provide annuities for their employes. The House passed the bounties' bill.

Col. Sam Hughes sounded a note of warning in the matter of alien residents in the west in the House yesterday. He alluded to the attempt to locate a colony of Japs in the foothills of the Rockies near Calgary, and reminded the House that a few sticks of dynamite exploded in certain tunnels and cuttings would so wreck the railway line that troops could be delayed a month in reaching the Pacific coast.

Mr. Pugsley got through his estimates last night. He got a money vote of $4,200,000 during the day out of a total of $9,500,000.

POLICE MAY HAVE THE WRONG MAN

Evidence Against Gies at Philadelphia is Weak.

Philadelphia, Pa., July 7.—While the police continue to express the belief that Frederick Gies, Jr., who was arrested Sunday night on suspicion of knowing something about the death of Dr. Wm. H. Wilson, who was killed by drinking poisoned ale on June 26, is the man they want, developments yesterday do not add strength to their belief. Wm. Olmstead, an employe of a type foundry, who sold a letter "S" used in letters printed by the man believed to be the murderer, confronted Gies at the City Hall yesterday and failed to identify him. The letter "S" was used in a printed letter sent to the coroner by the supposed murderer, and also used on a stamp on the bottle containing the ale.

According to the police, the man who caused the death of Dr. Wilson committed the crime because the physician performed an illegal operation on his wife, which resulted in her death. Gies' wife died recently and the police say she had been under treatment by Wilson. Gies claims that his wife died June 15 from Bright's disease, while the police claim she died about June 6. The date of the death of the woman is important, because the letter "S" which was used to stamp the bottle of poisoned ale was purchased on June 15.

Lincoln Is Cut Off.

Lincoln, Neb., July 7.—Train service has practically been annuled and floods have stopped all traffic in Lincoln.

More than three inches of rain fell Sunday night.

Shot by His Friend.

Buffalo, July 7.—Without the least apparent provocation Djuro Kordic was shot and instantly killed by his supposed friend, Paul Relic, in a saloon in West Seneca last night. Relic escaped.

"Bobs" Sails July 10.

London, July 7.—(C. A. P.)—Lord Roberts has secured the approval of the King to represent the British army at the Quebec tercentenary. He will sail on July 10 on board the Empress of Ireland.

HE TRIED TO PALM OFF GEMS

Cashier of Firm Covers Crooked Customer With a Revolver.

New York, July 7.—What is declared to have been a bold attempt to rob the firm of Cooper & Forman, diamond brokers in Maiden Lane, was frustrated by the watchfulness of the firm's cashier yesterday.

While the two men were examining a tray of gems in the showroom, Mr. Stevenson, the cashier, walked up behind them and covered them with a revolver, directing them to throw up their hands.

Stevenson claimed that he had seen the men skilfully palm several stones and that when they made a break for liberty one of the men dropped several diamonds. Stevenson brought them to a halt and turned them over to the police. The men said they were James D. Shank and Ferderick Kenny, both of New York.

Laborer Smothered In Cave-In.

Brantford, July 7.—In the cave-in of a sewer on Greenwich street last evening, Angus McKinnon, a laborer, was smothered before his body could be recovered. He was working in laying pipe fifteen feet below the surface, when the framework gave way and earth piled in on him. Two other laborers, nearer the surface, got out by a narrow margin, one having his foot caught. The victim was 40 years old, married, and leaves a wife and five children.

Peary Starts North Again.

New York, July 7.—The Roosevelt, Commander Peary's Arctic exploring ship, left the pier at the East 24th street yesterday afternoon on a voyage as far into the ice of the north as one can safely be taken hence, whence Peary will make possible despatch for the pole. The ship will go to Oyster Bay, where President Roosevelt will inspect the ship before she starts on her long trip to the frozen north.

Mother and Babe Burned.

Cupar, Sask., July 7.—Mrs. C. L. Preston of Brandon was badly burned, and her baby was badly injured, in a fire which destroyed the dwelling of her father, [illegible] whom she was visiting.

SAVE THE CHILDREN

Insure Them Good Health.

Ninety per cent. of children, under twelve years of age, are being poisoned and parents don't realize it.

Irregular bowels are the chief cause. You parents know that your bowels should move every day. You know you must be as regular as clock-work, or the blood will become tainted.

Don't you realize that the children must be as orderly in getting rid of the waste matter of their system?

Then, if you find that any of the little ones go two or three days without action of the bowels, don't run to castor oil, senna tea, calomel, cascara or harsh "liver pills." Those simply purge the child—strain the bowels.

"Fruit-a-tives" are the ideal medicine for children. They are fruit juices and tonics in the form of a pleasant tasting tablet. "Fruit-a-tives" stimulate the liver, causing more bile to flow. It is the bile, given up by the liver, which moves the bowels. "Fruit-a-tives" regulate the liver and bowels, and thus completely cure constipation. They sweeten the stomach, and are the finest tonic in the world to build up the system and make children plump and rosy. 50c a box—six for $2.50. Sent on receipt of price if your dealer does not handle them. "Fruit-a-tives" Limited, Ottawa, Ont.

The Daily Review

TUESDAY, JULY 7, 1908.

A CONSRVEATIVE TRIUMPH

The long struggle over the Election Bill has ended with the following net result;—

The Government gives up the proposition of preparing electoral lists in unorganized Quebec along the Transcontinental Railway.

The Government gives up all interference with British Columbia lists.

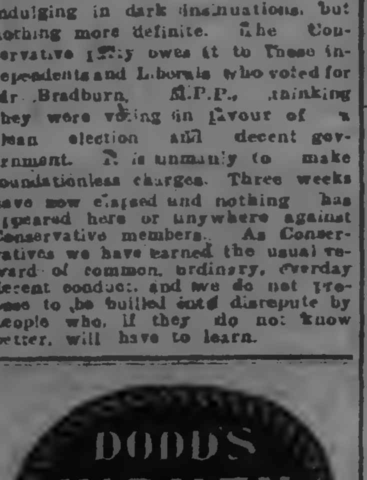
The Government wholly abandons interference with the preparation of the voters' lists in Manitoba leaving provincial authorities to determine absolutely who shall vote in that province. Judges will define polling sub-divisions as they do now.

In six constituencies of New Ontario district judges are authorized to make a final revision of lists. These judges are to act according to seniority, and have absolute authority to appoint enumerators and control the whole machinery.

This interference with provincial authority in Ontario is the only remaining feature of the programme to which the Opposition objected. As now modified it can do no great harm, but Mr. Borden condemns it as a "paltry, meddlesome and pernicious interference," with powers and rights which Government and Parliament have assigned to the Provinces. It is a black mark against Ontario, implying that this great province is incapable of dealing with matters which every other province controls. Yet the Liberal Press has had the boldness to call for closure.

COWARDLY KICKING

One or two of those high in the councils of the local Liberal party, smarting, no doubt, under the completeness of their recent defeat, for which no other excuse can be made than bribery by Conservatives have not hesitated to save their face by blacking that of the opposite party. Time and again since June 8th we have demanded particulars of these charges and prosecution of the guilty parties, but we can get no response. Surely, if such a state of things existed to warrant the accusation made some details might be furnished. Prosecution is now as cheap and easy as it was formerly dear and difficult under Mr. Ross. There is nothing in the way. In the name of the Conservative party we demand some action by those who are indulging in dark insinuations, but nothing more definite. The Conservative party owes it to these independents and Liberals who voted for Mr. Bradburn, M.P.P., thinking they were voting in favour of a clean election and decent government. It is unmanly to make foundationless charges. Three weeks have now elapsed and nothing has appeared here or anywhere against Conservative members. As Conservatives we have earned the usual reward of common, ordinary, everday decent conduct, and we do not propose to be bullied into disrepute by people who, if they do not know better, will have to learn.



POLITICS AND THE PRIZE RING

The following advice given by Bob Fitzsimmons is well worth reading and shows the value of athletics in that they conduce to the perfect health of the body. His remarks upon the desirability of a good home and proper surroundings, while no doubt applicable to the athlete, do not unfortunately, always apply to the spectators. However, it is satisfactory to know that while the votaries of the prize ring may not be any better than the average professional politician being largely without moral sense of pride, the athletes themselves are a good deal better being neither drunken with wine nor bloated with excess even if, as we say, they are no better otherwise, which is a rather poor compliment we are quite prepared to confess.

"Do not drink. Do not smoke. Do not chew. Get all the sleep you can. Get all the pure, fresh air you can. Eat plain, wholesome food, and plenty of it.

"Adhere to these rules, and gradually, but surely, you will find yourself becoming stronger and stronger. Finally the day will come when you will never know a sick moment. Then is the time to commence your exercising. At this stage another duty presents itself.

"You must find your weakest physical points. These must be built up so that they will correspond with the rest of your body. If your back is weak it must be strengthened; if your arms, your legs or your chest are weak, you must pay particular attention to these parts until you feel that they are as strong as the rest of your body. After this has been accomplished, you are fairly upon the road to the making of a perfect physical man. Now comes the daily routine of regular training; do not forget that this routine must never be overdone. It is just as harmful to overtrain, in fact more harmful, than it is not to train at all.

"You may easily ascertain just how much exercise your system can stand. Then regulate your work accordingly. Gradually, not all at once, must you work your system up to the point where it is capable of standing the strain which you desire to place upon it.

"If you are training to be a runner, you must strengthen your legs and thighs. You must also see that your wind is good. If you want to wrestle you must have good, strong back, chest and neck muscles, as well as strong arms and legs. This is also the case with a boxer. Every one of his muscles must be well developed. In addition to all this, he must learn to be quick—quick on his feet and quick with his hands and arms. Different forms of athletics require entirely different styles of training. Some do not require as much headwork as others. Perhaps the boxer has more need for clever, cool headwork than any other kind of an athlete.

"One thing I want to impress upon the young athletes is the priceless value of a good home and pleasant surroundings. Some boys and young men have an idea that an athlete must be tough. This is all wrong, and it has been proved time and again that the athlete, whether a runner, wrestler, boxer or anything else, can best fit himself for manly sports if he leads a clean, wholesome, good life. And this can best be found amid pleasant home surroundings."

EDITORIAL NOTES.

The citizens of Peterborough would turn out in large quantities to get a glimpse of Lord Bobs if he should come this way.

The effects of climate are being complained of by Canucks in England. They experience extreme lassitude. It augurs ill for the olympiad.

In England where anarchists have been treated with care, if not respect, the women folk who talk of such a simple thing as a vote, get short shrift.

Over one million men in the employ of American companies have recently joined the dry list. Companies will not give work to men who drink. It is considered a handicap.

Justice.—A lawyer once asked a man who had at various times sat on several juries, "Who influenced you most—the lawyers, the witnesses, or the judge?" He expected to get some useful and interesting information from so inexperienced a juryman. This was the man's reply:—"I'll tell yer, sir, 'ow I makes up my mind. I'm a plain man, and a reasonin' man, and I ain't influenced by anything the lawyers say, nor by what the witnesses say, no, nor by what the judge says. I just looks at the man in the docks and I says, 'If he ain't done nothing, why's he there?' And I brings 'em all in guilty."—Christian Register.

TO BE PUBLISHED ON SATURDAY

Results of Entrance Examinations Will be Given in the Review

The results of the Entrance Examinations for Peterborough will be published in The Review on Saturday. The examiners are now hard at work and will have everything in shape for Saturday's issue.

"LA PATRIE" TURNS LIBERAL GETTING READY FOR CAMPAIGN

Montreal, July 6., Saturday's leading editorial in LaPatrie was devoted to a eulogy of Sir Wilfrid Laurier declaring that there will be but one voice to proclaim his patriotism and his qualities as a statesman, and that will be the voice of the whole people.

La Patrie says that although the Prime Minister is a very well man, it is more than probable that the next Parliament will see his retirement.

"The crowning of his career of Prime Minister depends of course, upon the verdict of the electorate at the coming elections," says La Patrie, "but we are convinced that Sir Wilfrid Laurier can await that verdict with confidence, because the people, conscious of the generous support which they have given him in the past twelve years, will still remain faithful in this the most solemn occasion of his life."

It is stated here that the article of La Patrie was written by no other than the Postmaster-General who is one of the two members of the Cabinet able to write a newspaper article.—Toronto Star (Liberal)

The Postmaster-General is the Hon. Mr. Lemieux who is always spoken of in Quebec as Sir Wilfrid Laurier's successor as leader of the Liberals and next premier of the Dominion. "La Patrie," Mr. Tarte's paper, was always independent, at least since Mr. Tarte was dismissed from the Laurier administration by reason of the kicking of his colleagues, Sifton & Co., who were jealous of him, but it has evidently become reconciled to its first love and is paving the way for the success of Hon. R. Lemieux. It was he who was sent to Japan and on various important embassies, on the Laurier Government's behalf. He is regarded as the ablest man in the ranks of the Liberal party, excepting the premier himself who regards him as Roosevelt regards Taft, his natural successor. He is also about the only prominent Liberal in the House who has not a "record." At any rate the action of "La Patrie," is significant and provides the Laurier Government with a new and abler advocate. "La Patrie," or should we say, Hon. Mr. Lemieux, also in this same editorial foreshadows the general elections for next autumn. It says they will for sure be held before February, 1909, and that the present autumn is "a likely time" The Jubilee in London was a fine advertisement for Sir Wilfrid and the "show" at Quebec will, no doubt provide him with another excellent opportunity to dazzle the public with glowing periods. Whoever outlines and manages the various spectacles designed to give Sir Wilfrid credit in the public eye and to enable him to fill the middle of the stage with success, does so most admirably. The government of Canada however, has ceased to be merely a "show." It is necessary to have something more substantial than "talk" behind it. So at least the people are beginning to think. The character of the Canadian people has, however, of late years plainly changed. It is becoming more French in its liking for fine things. Canada is more French in every way than ever before. Gradually the tide of life in the Dominion is receiving its impetus from the preponderance of French thought and ideas. They are undoubtedly a great as well as polished people.

A WONDERFUL CURE OF

RHEUMATISM

THE CAUSE An excess of uric acid and ureates are deposited in the tissues of the body and joints, causing aches and pains which are called rheumatic.

All the various causes of rheumatism, such as the acute, articular, muscular and gout, have the same common cause—**Uric Acid.**

To effect a satisfactory cure the uric acid must be removed. This can only be done by introducing into the circulation a remedy which will dissolve the uric acid and stimulate the action of the excretory organs.

No Case That Ferrozone Can't Cure

The remarkable success of Ferrozone is due to the *fact* that it attacks the disease in the blood. It goes right to the root and cause of the trouble.

Ferrozone is a perfect solvent for uric acid and quickly destroys its evil effect. It stimulates and quickens the sluggish circulation and drives every trace of rheumatic poison out of the system.

Rheumatism Can't Last If FERROZONE is Used.

We have conclusive proof of this. The strongest possible endorsements from people who have been cured after all else failed. If you suffer from rheumatism yourself, or in case you have a friend or relative subject to this disease, read the following—they tell their own tale.

LIFE-LONG CRIPPLE CURED

Mr. Louis Noll, 15 Fulton street, New York, N. Y., writes: "Ever since boyhood I have been a sufferer from rheumatism. My joints were twisted and swollen, and the pain at times was really intense. I used gallons of liniments, vapor baths, and other treatments, but was first noticeably relieved by Ferrozone. It cured me perfectly after taking twelve boxes."

Mr. Henry Heer, Pharmacist, 23 Eldridge Ave., New York, vouches for Mr. Noll's absolute cure. He says: "Mr. Noll has been freed from chronic rheumatism by Ferrozone. For years he has not been so well, and today shows no signs of rheumatic trouble. It is a pleasure to recommend Ferrozone."

The BEST remedy for rheumatism that science has produced is Ferrozone—it is unquestionably the only sure and lasting cure. Sold everywhere by druggists. Price 50c per box or six boxes for $2.50—by mail to any address if price is forwarded to N. C. POLSON & CO., Kingston, Ont., and Hartford, Conn., U.S.A.

FERROZONE, THE ONE SURE CURE.

THE PAN-ANGLICAN CONGRESS A SUMMARY OF ITS RESULTS

The First of Its Kind Ever Held—As Distinguished From the Lambeth Conference—Social Regeneration and Moral Reform its Chief Topics—Socialism and Divorce—A Sensational Gathering.

Socialism found only one dissenting voice among the speakers at the session of the Pan-Anglican Congress, London, devoted to that subject. The discussion at Albert Hall attracted the largest crowd yet gathered at any of these meetings, says a London dispatch to the New York Sun, the writer of which regarded the demonstration as "highly significant of present day sociological thought". One hundred and fifty archbishops and bishops, a multitude of minor clergy, and a large assemblage of laymen and laywomen were present. The Bishop of Birmingham was scheduled to preside but was prevented by illness. He sent a paper, however, that was read by Bishop Lawrence, of Massachusetts, "the key note of which was the injustice of the existing division of the profits of industry." From the Sun's dispatch we quote further:

"After contrasting the grinding poverty of the workers with the extravagant luxury of the idle rich, he demanded from the church a tremendous act of penitence for having failed so long and so greatly to champion the opprest and weak, penitence to be followed by reparation ere the well-merited judgment of God take all weapons of social influence out of our hands."

"There followed a series of eloquent addresses, the first of which was from Mr. McHee of New York. All the speakers except one displayed a socialistic tendency, basing their arguments on the character and teachings of the founder of christianity and the brotherhood of humanity. The abolition of wage-earning and the public maintenance of child-bearing mothers were among the things advocated.

"Rev. J. G. Simpson, principal of the Clergy School at Leeds, assured the vast audience that all over the north of England they were face to face with a rising tide of Socialism, which they were powerless to stem if they wished to do so. Countless workers in the forges, furnaces, and mills of the North, had adopted the socialistic idea and held to it like a religion and loved it like a bride. He demanded that the church give a free field to Socialism. He appealed to it to try to understand it and not to hasten to discount it.

"More significant than the speeches themselves was the keen interest shown in the socialistic pleas and the earnest enthusiasm with which such points as those above given were greeted from all parts of the hall."

On Tuesday, June 15th, the subject of marriage and divorce was before the Congress. According to accounts in the London papers, the American representatives had the most sensational reports to offer. Bishop Doane, of Albany, was the principal speaker, on the subject, but Dr. D. Charles Gardiner, a minister of California, "said that he must confess with some shame that in the city of San Francisco near which he lived there was one divorce in every six marriages, which he regarded as a scandalous state of things." The London Standard quotes from Bishop Doane's paper the following paragraph.

"Here in America we are compelled to strain every nerve in our insistence upon the sanctity of marriage, because, I grieve to say, the country has gained a shameful and sorrowful preeminence in what one might almost call 'the divorce habit,' the statistics of which are alarming and shocking to the last degree. Slowly and steadily the public conscience is being stirred. Not only in ecclesiastical bodies, but in the legislatures and in conferences called by the civil authorities there is a wide-spread and strong movement toward reducing the causes for divorce a vinculo, and towards arresting the possibility of marriage, if not to the one only possible scriptural exception, at least to only [illegible] Meanwhile the safeguards against hasty and ill-considered marriages are coming to be more carefully defined, and, in many States, increased. With the door of entrance into the holy estate guarded and consecrated, it is hoped that the door of exit, 'the shameful divorce-court,' may some day be closed."

The Pan-Anglican Congress is the first of its kind ever held. Its object was to discuss "a vast number of subjects dealing not only with the problems of the Church, but with the hundred and one aspects of social regeneration at home and abroad." Five and a half years have been spent in its organization, and representatives from one hundred and ninety-five dioceses in communion with the Anglican Church were present. Of the possible results of this great gathering the London Sphere speaks in these words:

"Following on the Congress the bishops will meet under the presidency of the Archbishop of Canterbury at Lambeth for what will be known as the Lambeth Conference. This will consist entirely of bishops, whereas the Congress members include men and women, lay and clerical. The bishops will pass resolutions and issue a pastoral letter to the Church. This has no legal force, but morally it must be of great weight. Whether we be Anglicans or not we must be interested in such a gathering as this Pan-Anglican Congress. If it can do anything to preserve the spirituality of our race or shed any light on the problems which vex mankind, it will not be in vain. It is a courageous act of honesty to face the real difficulties which beset the modern man. It is also a great act of faith in the inherent power of the Christian Church that she should call her people from near and afar for this purpose. Let us hope that the resultant gain may be commensurate with the greatness of the conception.'

NEW TEACHERS FOR LINDSAY

Two go From Port Hope to the Scugog Town

Port Hope, July 6.—Mr. J.A. Freeman, classical master here, and formerly of the staff of the Fergus High School, has been appointed to the position of classical master of the Lindsay Collegiate Institute. Mr. T. A. Kirkconnell, also of Port Hope, goes to Lindsay to take the position of Principal in September.

SPECIAL AGENT AT PETERBORO'

Mr. G. W. Roberts Appointed to That Position With Canada Life

Mr. George W. Roberts for several years with the T. Eaton Co. Toronto has been appointed special agent for the Canada Life with headquarters in Peterborough. Mr. Roberts will give much of his time to city business, with occasional visits to various portions of the district.

CAUSE FOR ALARM

Epidemic Influenza, Grippe, Catarrhal Troubles, Pneumonia Increasing

A marked increase in troubles of the breathing organs is noted in many localities. If you will only have Hyomei at hand to use with the first attack of cold in the head, pneumonia, colds, bronchitis, hoarseness, sore throat, croup, in fact any respiratory affection, the trouble will be quickly overcome.

If the attack is neglected and becomes severe, speedy relief will come in most cases and a persistent use of Hyomei will cure.

The directions for using it vary, but the principal is always the same that of destroying all the germs in the air passages with dry medication from the Pine and Eucalyptus forests.

Remember that liquids or moisture is barred from the bronchial tubes and lungs. It's the dry air of Hyomei that reaches the spot. W. Madill, corner of Hunter and George streets, Peterborough, guarantees it complete outfit $1.

LUNGE CAUGHT IN STRANGE WAY

Two Sets of Hooks Attached to Fish When Captured

Lindsay, June 6.—Mr. Robert Spratt reports a peculiar incident while fishing last week. He was trolling in Sturgeon Lake, when his line indicated that there was a good-sized lunge attached to the hooks, but not in the ordinary way. His hooks had become fastened to the shank of another set of hooks, which were firmly embedded in the gills of the fish. When the finny monster was being introduced to the boat he made stiff objection and succeeded in wriggling himself free.

The shank, which Bob's hook had caught on, opened up and allowed the fish his freedom, although he still carries the hooks. Upon close examination of the shank, which was pulled into the boat, it was recognized as the property of Mr. Benjamin Bryans, who, it will be remembered was drowned one year ago while engaged in his favorite pastime.

This means that the fish has been carrying the hooks ever since, and is still free with them.

ENJOYABLE OUTING TO RICE LAKE

Most Successful Picnic of Old Fire Brigade and 57th Band to Idyl Wyld Yesterday

The most successful excursion held this summer was that of yesterday, under the auspices of the 57th band and the old fire brigade. The steamer "Otonabee" carried over four hundred excursionists and everyone seemed to have enjoyed the outing. The sail down the river and across Rice Lake to Idyl Wyld was made in good time, and owing to the oppressive heat of yesterday was thoroughly delightful, the cool breeze refreshing and invigorating one. Dancing was indulged in going down and excellent music was provided by the band, adding much to the pleasure of the trip.

Idyl Wyld was reached about noon and after dinner was partaken of a baseball match between the 57th band and the firemen was played resulting at the end of four innings, in a tie, the score being 4—4. George Wesley and F. Miller were the battery for the band, and Archie Moore and Wallie Parnell were the battery for the firemen.

Mr. I. Eastwood made a satisfactory umpire. Dancing was held in the pavillion.

The return trip was commenced about six o'clock, and Peterborough was reached at ten o'clock.

THE MISSIONARY CAMP AT WHITBY

Leaders of Ontario Young People Gather---Peterborough is Represented

Whitby, July 6.—A more suitable location could scarcely have been selected for the third Canadian Summer School of the International Young People's Missionary Movement than at the Ladies' College on the outskirts of this town. The students, teachers and missionaries present, numbering in all 175, are accommodated at the college, where everything can be conveniently arranged for carrying on the work of the school.

The students are very much in earnest, and each days' work is measured by the hour with military precision, the college bell giving the signal to summon the students for each item of the day's programme, the rising bell sounding at 6.30 o'clock in the morning and the retiring bell at 10 p.m. Devotional exercises are held in chapel under the direction of Rev. Mr. Wilkinson, of St. Peter's church, Toronto, before going to breakfast. The morning is then devoted to study and the evenings to Bible lectures by Prof. J. L. Gilmour, of McMaster University, and platform meetings, in which addresses are given on missionary subjects.

ALL DENOMINATIONS.

This summer school is just one more evidence of the intense interest taken in missionary work nowadays. It is also, incidentally, an indication of how the different denominations, united in sympathy, are uniting their forces for the more effective accomplishment of their common object. At this conference the register shows that there are 60 Presbyterian students, 58 Methodists, 21 Baptists, 20 from the Church of England, 6 Congregationalists and 1 from the German Evangelical Church. They come from all parts of Ontario, and eight members are from Montreal. They are all leaders in the missionary movement in their own localities, and the object of this conference is to send them back with fresh stores of missionary information and greater enthusiasm than before.

THE EDUCATIONAL SIDE.

Great emphasis is laid on the educational side of missionary work, for it is held that one of the most intelligent plans for awakening interest in the movement is to show clearly what has been accomplished, what is being done now and the nature of the work, and what remains to be done. Eight different classes are organized for mission study in its various departments. Three books that are used this year are "The Uplift of China," "The Moslem World" and "The Way and How of Foreign Missions." Rev. Dr. Brown, Toronto, Baptist Secretary for Foreign Missions, has charge of the work. There is also plenty of other literature, besides the mission maps and a museum containing an interesting collection of curios and articles illustrating the customs of foreign lands.

CITY ASKED TO MAKE GRANT TOWARDS BATTLEFIELD'S FUND

Deputation From Canadian Club Waited upon Aldermen Last Night and Urged the Advisability of Such an action.

At the meeting of the city council last night Mr H R. H. Kenner and Mr. Dan O'Connell, delegates from the local Canadian Club urged upon the council the appropriateness of contributing toward the $500,000 needed to purchase the old historic battlefield at Quebec, and to erect a suitable monument in memory of the important battle fought on the Plains of Abraham.

Mr. F. D. Kerr also urged that the City of Peterborough also manifest its intelligent patriotism by contributing towards the above fund, the object of which is to commemorate the peace that has been engendered between the two great races of Canada. In conclusion Mr. Kerr considered that the city of Peterborough in contributing generously to the above project, would simply be showing an active interest in the destinies of Canada.

So many members were absent that no definite action was taken in this matter and the council adjourned to meet on Wednesday evening at five o'clock. It is not unlikely that a grant will be made.

BELL WILL BE RUNG TWICE AFTER FIRES ARE PUT OUT

The method Chief Howard has adopted of ringing the fire bell twice from the nearest alarm box when a fire is put out has been employed by him at different places at which he has been stationed and he is using the same system here. The double stroke of the bell announces that a fire is out and the citizens will appreciate the fact that a means has been provided for their knowing when a blaze has been extinguished. The sounding of the alarm also lets the chief know what condition the alarm box from which it is sent is in.

PARK MAY BE ESTABLISHED ON BANKS OF OTONABEE

The popularity of the lower Otonabee as a summer resort is steadily increasing. There are many campers along the river now, and every afternoon and evening the water is dotted with canoes, skiffs and launches.

It is understood that a public bathing house will be opened down the river next summer. A large bathing house will be erected and bathing suits will be rented at reasonable prices. A favorable spot in the river will be selected for the bathing grounds and the beach will be improved to make it everything that could be desired. It is likely that a small park will also be fitted up with seats and other accommodations. A refreshment booth will also be opened in connection with the park. The Review has been informed that these plans are almost certain to be carried out. Such a move will add greatly to the popularity of the lower Otonabee.

TREE BROKE WIRE AND SHUT OFF POWER IN BUSINESS SECTION

For a considerable length of time this afternoon the central portion of the city was without electric power owing to a tree on the court house hill, Murray street, falling on a wire of the main line of the Otonabee Light and Power Company's system and breaking the wire.

Employees of the company were immediately despatched to repair the damage. The delay, which was, of course, inadvertent, caused some inconvenience to those requiring light, and also to those who had machinery in their places of business that was operated by electric power.

GIRL IS GETTING ALONG ALL RIGHT

Etta Kennedy is Now Considered Out of Danger

Etta Kennedy is getting along well at Nicholls Hospital and is now considered out of danger. The doctors state that she was badly frightened and that her illness is not the result of any hypnotic influence.

WAS DISCHARGED

Mrs. Wallbridge, of Norwood, charged with insanity, was allowed to go yesterday afternoon by County Police Magistrate Edmison on certificates to the effect that she was sane from Drs. Greer and Eastwood.

PARTIES FOR STONEY LAKE

Large Number of Americans Passed Through City Yesterday

Two American parties passed through the city last evening on their way to Stony Lake and, during their stay in the city were registered at the Snowden House. One party was composed of Messrs. Lawrence Tuff, E. Pearson, J. N. Mawan, Wm. Veoni and T. J. Brick, of Beaver Falls, N.Y.

The other consisted of Misses L. Bohachek, Helen Crandall, Helen Williamson and Mary Gillespie, of Rochester, N.Y.

OBITUARY

INFANT EXPIRES.

The many friends of Mr. and Mrs. Geo. Curtis, Norwood Road, will sympathize with them in the loss they have sustained by the death of their infant child.

The funeral took place this afternoon to Little Lake cemetery.

FRANCIS E. M. VENNOM

The death occurred to-day of Frances Emily Margaret Vennom, the 6 months old child of Mr. and Mrs. Fred Vennom, 486 Albert street.

The funeral will take place to-morrow afternoon to Little Lake Cemetery.

NEW RECTORY TO BE BUILT

On Property Adjoining St. John's Church---Tenders Being Asked for

Tenders are being advertised for the erection of a new rectory for the parish of St. John's church. It is to be built on the property on corner of Sheridan and Brock sts., facing on the church grounds. It will be a handsome residence when finished and will be a credit to this beautiful church edifice of St. John's.

GARDEN PARTY AT DRUMMONDS'

To-morrow evening a garden party will be held at Drummond Station on the spacious lawn of Mr. and Mrs. John Dixon, under the auspices of the ladies of St. Mark's church, Otonabee. Several parties of young people from Peterborough are going to attend.

Some people look upon tea as a mere drink. It all depends upon the tea. "Salada" Tea is a delicious and refreshing beverage. Sold only in sealed lead packets. 55

BAND TO-NIGHT

Two EXCURSIONS
WEDNESDAY, JULY 8th
TORONTO and NIAGARA FALLS

The Durham Old Boys announce another of their popular annual excursions to Toronto and Niagara Falls, going via G. T. R. to Toronto and from there to Niagara Falls by the magnificent Steamers of the Niagara Falls Line and famous gorge route.

You can spend two days at the Falls or spend second day at Toronto, as all tickets are good returning from Toronto on any regular train July 8th or 9th, also by special train on arrival of steamer at Toronto about 8:30 p.m. July 8th.

	Trains Leave	Fare to Toronto & return	Fare to N. Falls & return
Peterborough	5.05 a.m.	$2.05	$2.50
Millbrook	5.35 a.m.	2.05	2.50
Garden Hill	5.55 a.m.	2.00	2.50
Port Hope	6.15 a.m.	1.75	2.15
Port Hope Jct.	6.25 a.m.	1.75	2.15

Children over 5 and under 12, half price

Special train leaves foot of Yonge St., Toronto 8.30 p.m. July 8.

The committee are sparing no pains to make this the best excursion of the season. Durham Old Boys and their families join the excursion as usual at Toronto. A fine band has been engaged for the excursion under the leadership of Mr. Frank McDowell.

A CONVENIENCE FOR TWO

members of a family, particularly if they live out of town, is a JOINT ACCOUNT in the

CITY NEWS NOTES

B.A.C. TO MEET

A meeting of the B.A.C. will be held on Thursday evening of this week.

NOTHING DOING

There was nothing doing in police court this morning.

GETTING ROASTED

Everybody is getting roasted these days, whether they deserve it or not.

BOARD OF EDUCATION

meeting of the Board of Education will be held to-night.

LAWN SOCIAL

A lawn social will be held at the House of Refuge at Lakefield on Thursday night. The Lakefield band will be in attendance and a good programme has been prepared.

COMPANY DRILLING

The company from the 57th regiment which will go to Quebec is drilling every Monday and Friday evenings. It is shaping up well and will worthily represent the regiment. The bugle band is practicing steadily and is becoming highly efficient.

PERSONAL

Send or Telephone Your Personals to The Review.

Mr. E. A. Peck went up the lakes to-day.

Miss Stella Milburn has gone on a trip to Western Canada.

Miss Eva Noyes left yesterday to visit friends in Rochester, N.Y.

Miss Aikens, of Norwood is the guest of Miss Laura Gray, Harvey street.

Mr. G. A. Gillespie of Peterborough was in town today on a business trip —Lindsay Post.

Mr. Jos. Mercier and Miss L. Mercier, left yesterday to visit friends in Rochester, N.Y.

Miss Grace Gordon, of Toronto, is visiting her brother, Mr. G. N. Gordon and Mrs. Gordon.

Mr. Harry Rush, of the Bank of Montreal at Montreal, is spending his holidays in the city.

Hon. J.R. and Mrs. Stratton and Miss Alberta Gooding went up to Strathormond, Stony Lake to-day.

Dr. and Mrs. Fred Preston, of Toronto, are guests at the home of Mr. Wm. Gray, Harvey street.

Miss Sybil White left this morning on a visit to her sister, Mrs. T. H. Jackson, of Hartney, Man.

Mrs. Thomas McGillicuddy of Toronto, who visited her sister, Mrs. Browett, has returned home.

Mrs. Wm. Gray, Harvey street, is in Belleville for a few weeks, the guest of her son, Mr. H. Gray.

Master Jack McGillicuddy, son of Mr. Thomas McGillicuddy of Toronto is visiting his aunt, Mrs. Browett, 457 Downie avenue.

Mrs. W. Montgomery, of Greensboro, North Carolina, is the guest of her parents, Mr. and Mrs. Wm. Beattie, Concession street, Ashburnham.

Miss Wilhelmine Gumpricht left this morning on a trip to Winnipeg and other western points. She will be away about two months.

Mrs. A. W. Brodie, Toronto, and daughter Miss Marjory, and Miss M. G. Edmison, Peterborough, left Toronto yesterday by steamer for Quebec. On their return they will visit in Montreal and Ottawa for a few days.

Mr. John S. Cole and two children, of Rochester, N.Y., were the guests of Mr. Chas. Noyes over Sunday. Mr. Cole's young son remained with Mr. Noyes, while the other two returned to the Flower City.

NARROW ESCAPE CANOES UPSET

Messrs. James Maston, Harry Oliver of Toronto, and Bobby Spratt, put out from Sturgeon Point in a canoe Saturday to fish. The waves were rolling high, and it soon became evident that it would be safer to get to dry land again. The craft was turned around, but just at that moment was caught in the trough of a wave and upset. The three occupants received a cool and unexpected ducking, but bobbed again to the surface and commenced to swim to shore. The land was some distance off and all three were pretty well exhausted before it was reached.—Lindsay Warder.

HALF HOLIDAY THIS THURSDAY

Merchants and Clerks Will Have First One This Week

The merchants and clerks of the city will enjoy the first Thursday half holiday this week. Many business places will close at one o'clock, and if the afternoon is fine the various outing places will be largely patronized.

BIG EXCURSION IS HERE TO-DAY

Hundreds Arrived on Special Train From Whitby---A Good Band

The largest excursion of the season is in the city to-day, about 900 people coming in on the Grand Trunk from Whitby. The excursion is under the auspices of the Sons of England Lodge, the Woodmen of the World and the 34th regimental band of Whitby, and arrived here about a quarter to twelve. The train consisted of nine coaches. The visitors were met at the station by deputations from the local Woodmen of the World and Sons of England and by His Worship Mayor Rush and Ald. Elliott, representing the city. The excursionists were heartily welcomed to Peterborough.

The 34th band played a couple of selections at the station and then formed in line and marched to the Peterborough House by way of Aylmer and Hunter streets. The band is a very creditable one and its music was greatly enjoyed. The Whitby ball team accompanied the excursionists and are playing the Petes at Riverside Park this afternoon.

BAND CONCERT VICTORIA PARK

Salvation Army Band Will Play This Evening

The following programme will be rendered by the Slavation Army Band tonight in their musical festival at Victoria park:

March—Band, 'Great Review.

This is a grand festival arrangement in which is introduced various solo instruments, with a full finale.

Hymn—Band, Nearer My God to Thee

Monster Bass Solo —Bandsman Richardson.

In this solo is introduced with full band, The Maple Leaf, and finishes with the National Anthem.

Doxology.

DISTINCT LOSS TO TOWN OF GALT

Sudden Death of Mr. John Scot on Saturday Night Deeply Regretted

Referring to the death of the late John Scott, of Galt, father of Mrs. Harry Neil and Mrs. W. J. Scott, of this city, the Galt Daily Reporter of yesterday, has the following to say.—

A terribly sudden death and one which shocked the whole community occurred on Saturday evening, when Mr. John Scott, one of Galt's oldest citizens, was called suddenly away. The deceased did not complain of illness during the day, and as was his custom, walked down town in the evening. While making a purchase in the tailoring establishment of Mr. George Taylor, he was taken ill and was removed to his home on Wellington street in a carriage. Dr. Acheson was hastily summoned, but his efforts were unavailing and death ensued about ten o'clock.

The late John Scott was born in Hawick, Roxburghshire, Scotland, 71 years ago, and when eight years of age came to Canada with his parents. His father settled in Galt and was for a number of years employed by the late Absalom Shade, the founder of Galt. When still a very young man the deceased and a brother G—, opened a meat and butcher business in Galt. Shortly afterwards the brother dropped out of the firm which was then conducted by the deceased. After a short time he went into the livery business on the site now occupied by the Cowan & Desprond Livery. He next entered into partnership with Mr. Geo. Stevens and a livery business was conducted on the site now occupied by the Iroquois Block. About this time the deceased entered into the exporting of horses, and a big barn, which stood on the site on Ainslie street now occupied by the Dando Block, was used for this purpose. He entered into the cattle business and for the past number of years was one of the largest exporters in Canada, using the immense Seagram stables at Waterloo as headquarters.

He married when comparatively young and raised a family of six daughters and four sons. His wife predeceased him a number of years ago. The members of the family are Messrs. James Scott, Waterloo; John Scott, Hamilton, Mo.; Campbell Scott, near Branchton; Mrs. Harry Neil, Peterborough; Mrs. M. Percy, Galt; Mrs. James Ward, Brampton; Mrs. Wm. Scott, Peterborough; and Mrs. N. M. Anderson, at home. One daughter, Mrs. Robertson, and a son David, died some years ago.

The descendants of the deceased include twenty grandchildren and two great grandchildren.

The funeral will take place on Tuesday afternoon at 2.30 o'clock to Mount View cemetery. There will be a service at the late residence of the deceased on Wellington street.

See MacPherson's North Window for Bargains. Roast Pans 15c, Long Handled Dustpans 25c. We sell the New-Perfection Blue Flame Oil Stove.

The Cornwall Canal will be reopened on Thursday or Friday.

WOULD WIND UP ONTARIO BANK

Bank of Montreal Has Filed a Petition

Toronto, July 6—The Bank of Montreal filed yesterday a petition for a winding up order against the Ontario Bank. The Bank of Montreal makes the application as a creditor for a sum largely in excess of one thousand dollars. On October 6, 1906 a petition was filed by Mr. F. H. Polson, as a shareholder but was not disposed of. Since then Mr. Polson has died, and Mr. H. C Hammond, has been substituted for him as a petitioning shareholder. Both petitions are to be dealt with on Thursday next, at Osgoode Hall.

Mr James Bicknell, K.C., counsel for the petitioners states that the application for a winding-up up order is a necessary step in the liquidation and is taken now solely for the purpose of advertising meeting of creditors as required by the Bank Act, and preparing all the preliminaries to enable the case to be taken in hand by the courts when the long vacation ends in September.

SPORTING NEWS

TWO LOCAL MIDLAND LEAGUE TEAMS MEET ON SATURDAY

The local fans will see one of the best ball games of the season on Saturday, when the Peterboroughs and Athletics meet at Riverside Park in a Midland League game. This will be their third meeting in league fixtures, and each has a win and loss to their credit. The Athletics have won their last two games and are playing fast ball. They hope to down the Johnston bunch, but will have their work cut out for them, as the league leaders cannot afford to drop another game, and will do their utmost to beat the other city team. Quinlan and Rattray will be the battery for the Athletics, while the Petes will work out either Clements or Hawkins, with Edmunds at the receiving end. Both line-ups will be strong and there will be something doing all the time. A big crowd will see the game.

CLAIMED HE WAS SQUIRES CHAMPION OF AUSTRALIA

Young Man Photographed in Fighting Pose by Mr. R. A Elliott, the Local Photographer—Said he was Returning Home After His Fight With Burns in Paris —Not Who He Said He Was.

A few days ago a young man sallied into the studio of Mr. R. A. Elliott the Hunter street photographer, and wanted a couple of photos taken of himself in fighting attitude.

Mr. Elliott noticed that he was tattooed rather freely on the chest and asked him a couple of questions concerning himself.

"I'll tell if you don't mention it to anybody' the stranger stated, "My name is Squires. I am the champion of Australia, and am just returning from Paris after my fight with Burns I am going to the Pacific coast to sail for home from there.'

He didn't state whether or not it was the trip that was enticing him to take the somewhat out of the way course he had decided upon.

Mr. Elliott brought a couple of proofs of the photographs in to the Review office and inquired of the sporting editor if he could recognise them as pictures of the big fighter of the Antipodes. It was apparent that the original was not Squires but some man who wished to enjoy a little notoriety. The position of guard he assumed was not that of a finished ring man and his stature and physical development did not show up to the mark of a good heavyweight performer.

DRAWS FOR THE SECOND ROUND

Of Handicap Golf Match for the Stratton Trophy—To be Played off by July 11th.

The draws for the second round of the handicap golf match for the Stratton trophy are to be played off by Saturday, June 11th. They are as follows:

S. Ray, 0, vs. R. Neill, 0.
T. D. Mulholland, 3, vs. C. Hill, 0.
R. G. Finnie, 8, vs. W. H. Denham, 6.
S. T. Medd, 6, vs. W. H. Blanchett, 8.
E. H. D. Hall, vs. E. Goodwill, 5.
Geo. Lundy 15, vs. L. Ardiel, 20.

GAME WILL BE INTERESTING

Y. M. C. A. Chieftains and Port Hope Church Team at Oval To-morrow at 3

An excursion will run to Peterborough from Port Hope to-morrow under the auspices of the Port Hope Methodist church. The visiting church team will play the Y. Chieftains a game of ball on Nicholls' Oval to-morrow afternoon at 3 o'clock It is stated that the Port Hope youngsters are clever and an interesting game is anticipated. A bat, ball, and catcher's mit is put up, to be given to the winning team.

Manitoba farmers are besieging immigration officials for farm help.

DRAW FOR THE MIXED DOUBLES

Tournament Being Held by St. John's Tennis Club

The following is the draw for the mixed doubles of St. John's Tennis club;

Florence Drury and Cyril Devey, jr., vs. Birdie Dawson and M. Sheen.

Mrs. Barber and W. Coleman vs. Mrs. Hawkins and Mr. Horton. drew a blank

Mrs. Frederick and H. Cluxton vs. Mrs. Whitcroft and G. Chandler.

T. Smith and C. Downs vs. R. Dawson and M. Drysdale.

Hazel Whitcroft and Dr. Frederick vs. Agnes Horsfield and J. Bell.

Mrs. Devey and Mr. Price, vs. Mrs. Morse and Mrs. Corsey.

Mrs. Layfield and Mr. C. Coleman vs. Mrs. Fraser and Mr. Devey.

Ties to be played off by July 31st or forfeited.

Ties in the singles must finish by July 15th or forfeited.

WERE BLANKED TO LAST INNINGS

Y. M. C. A. Defeated West Ends Last Night by 14-5

The Y.M.C.A. piled up a great score against the West Ends in a city league game at Nicholls Oval last night. Up to the ninth innings the West Ends could not score and the tally at that period was 14-0. Patterson who pitched clever ball for the winners took things a little easier in the last innings and the batters of the opposing team managed to cross the pan for five, making the final result 14-5.

The teams were:

WALKING RACES ON THE 13TH

Two Will be Run by Mr. George Stevens at the Brock St. Rink

Mr. George Stevens has had the posters issued announcing two walks to be held under his management at the Brock street rink on July 13th. The first will be a one hour walk for the championship of the country and will commence at 4 o'clock in the afternoon. At 7 o'clock in the evening a relay race will be held when five men will be pitted against the speedy Stacey, the winner of the walk at Lindsay.

ATHLETICS

A picture of the Canadian Olympic team, taken on board ship appeared in last night's Toronto Star, Fred Simpson looming up prominently.

WALKING

A four-day, ten-hour walk, is being planned to take place in Oshawa this fall. Jim Harrison says he will in all probability take part in it is it is held.

BASEBALL

Presentation and Address to W. M. Brown Former Inspector of Metres Assembly

Mr. W. W. Brown, who has resigned the position of inspector of the metre assembly of the C.G.E., was honored by the foremen of the metre, metre test and S&R departments on Saturday, when he was presented with an address and handsome suit case. The suit case, with the address inside was left at Mr. Brown's residence, 617 Water street. The address, which follows, was signed by Messrs. E.E. Lord, E. A. Roe and W. Robinson, foremen respectively of the metre assembly, metre test and S & R departments and the employees of the above departments;

Peterborough, July 7, 08

Dear Mr. Brown,—

On this, the occasion of your departure from our department we, your fellow mates, cannot but express in some slight manner our deep feeling of regret.

We shall not forget you and your many deeds of kindness and we hope that success will always be with you.

As a slight token of remembrance we ask you to accept this little gift from us.

SUCCEEDING IN THE WEST

Dr. Milburn, Former Local Boy Home on a Visit

Dr. W. Milburn and Mrs. Milburn, and son of MacLeod, Alberta, have arrived in the city and will spend some time with friends here. Dr. Milburn is one of the Peterborough boys who is making good in that city — something that his many friends will be pleased to hear. He is a member of the MacLeod city council and had a splendid professional practice.

ORANGEMEN ARE HARD AT WORK

Making Arrangements for the Big Celebration Here on Monday

The local Orangemen are hard at work making arrangements for the big celebration here on Monday. There will be a record crowd in the city if the weather is fine and the demonstration will be one of the largest ever held in this part of the province. Addresses will be given by prominent members of the order and at two o'clock there will be a procession.

SAILOR STRAWS TO BE POPULAR

In Northern Part of the City—A Waggon Load Swooped Down on Last Night

There was a find in merry widows for some person at the Goose Pond last night. A cart load of ladies' sailor straws, which long since had been relegated to the no sale counter, were transported up to the pond to be dumped there. A family living nearby went out after the cargo had been deposited and secured the choicest of the pickings. A little later a couple men came along and one kept guard while another went and returned, accompanied by a couple of others carrying bags. These were filled with the hats and the entire lot was carried away.

ARE SLEEPING IN THE LOCAL PARKS

During this warm weather persons without fixed places of abode are using the local parks as sleeping resorts. There were no less than eight slumberers who occupied the benches at Victoria Park last night.

Fred Davy, proprietor of a bazaar in Niagara Falls, ended his life by taking strychnine.

MILLINERY - DRESSMAKING

LOCAL BOY TELLS OF A GREAT CANADIAN INDUSTRY BEING ESTABLISHED AT TROUT MILLS

Refining Plant of Montreal Reduction and Smelting Company Boon to Canadian Mine Owners....One of the Greatest of its Kind in the World....Cobalt will Receive Direct Benefit.

Mr W. J. O'Brien, principal of the Mattawa Separate School, who is in the city for his vacation was the guest last Thursday at Trout Mills of Mr. J. H. Brown, vice-president and general manager of the Montreal Reduction and Smelting Company. Through the courtesy of Mr Brown he was shown through the entire plant of the company.

Mr. O'Brien when asked by the Review said that the plant which when constructed will be one of the most complete of its kind in the world. It is situated at Trout Mills about three miles north of North Bay and is reached by the C.P.R., G.T.R. and T. & N.O. railways. The location is particularly favorable to mine owners of the Cobalt regions as hitherto the ores were shipped mostly to the United States

The Montreal Reduction and Smelting Company was organized nearly two years ago by Canadian capitalists headed by Mr. J. H. Brown, Vice-President and General Manager who is probably one of the greatest authorities on smelting in the world. Mr. Brown was at one time associated with Cecil Rhodes and managed the Transvaal Gold Mining Company for six years. In the plant at Trout Mills when in full operation, five hundred tons of ore per day will be treated.

The construction of the works and appliances is such as to enable it to most effectively handle and treat all the finer ores of our country. Complete equipment for all processes from the cyaniding to the refining of the ores has been installed and the low freight and economical handling of the ores will be a great boon to the Copper Cliff, Cobalt, Temagami and Larder Lake mines. The buildings and machinery will cost nearly two million dollars and the material for the construction of the same has been supplied largely by Canadian industry. The foundations of the buildings which cover an area of nearly sixty acres are built of concrete, the walls being eight feet thick. The entire structures are covered with corrugated galvanized steel making the plant almost absolutely fireproof. A feature of the plant is the dust chamber or tunnel which is six hundred feet long of reinforced concrete construction; arsenic and other by products will in this tunnel be condensed from the smelter fumes. At its apex is a steel smoke stack 80 feet high and five feet in diameter.

The industry which will give employment when in full blast to about five hundred people will be one to which the Province of Ontario can look with pride, conserving as it will with the Dominion of Canada, the products of her mines. It will supply the most urgent requisite to the proper mining development of Canadian mineral provinces and the development of the industry will no doubt be watched with considerable interest by the practical minded Canadian.

DRINK JOHNS' TEA

HAS ACCEPTED THE POSITION

Mr. Geo. T. Evans to Become Boys' Secretary of the Local Y.M.C.A.

Mr. George T. Evans, of Hamilton, has accepted the position of Boys' Secretary of the local Y.M.C.A. and will be in Peterborough September 1st, to commence his duties. The boys' work got a good start last season through the efforts of Mr. J. M. Laing, while he was Boys' Secretary, and the association have every reason to expect a large work among the boys of our city this season under the able and efficient leadership of Mr. Evans.

A reunion of the Intermediate Bible Club will be held on Thursday evening for a social time. All the fellows get together at the Y.M.C.A. at 7.30 p.m. Delicious cool refreshments will be served and a good time spent.

TORTURED WITH SKIN RASH

Zam-Buk Brought Relief.

At this time of the year children are liable to all kinds of torturing rashes and erruptions, and the advice of Mrs. R. F. Rowe of 1 Oxford street, London (Ont.) is timely. She says;—"A horrid rash broke out on my little boy's body. The child suffered acutely with the burning and itching grew quite restless. A friend advised me to try Zam-Buk. I did so, and was surprised to see how quickly it cleared away the rash. The very first application seemed to cool and ease the burning and itching, making the child rest easier. In several days he was completely cured, not a mark remaining on the skin to show where the trouble had been. Zam-Buk is the best healing balm yet used.'

All druggists and stores. 50 cents box or Zam-Buk Co., Toronto, for price.

Keep Cool—Keep things cool This is easily accomplished by using one of Best's best refrigerators. All prices. Better buy Best's now. Next to Post Office.

CARPET WEAVERS HELD A SMOKER

The president, Mr. E. Coley, occupied the chair.

The annual excursion of All Saints' Church will be held on Thursday next, 9th inst. to Stony Lake, Leaving G. T. R. Station at 8.30 a.m. Tickets 65c, Children 35c. d2

BOYS CAMP WILL OPEN NEXT WEEK

Many Young Fellows are Going to Sandy Point

The Y.M.C.A. camp at Sandy Point, Clear Lake, opens on Wednesday of next week. The boys' camp will run from July 15th to July 29th and the senior camp will be held from July 31st to August 14th. The arrangements have been practically completed and it is expected that both camps will be largely attended.

QUEBEC TERCENTENARY

The Grand Trunk Railway System has issued a neat and attractive booklet in connection with the Ter-Centenary celebration to be held at Quebec this month. The booklet gives concise information regarding the object of the celebration, and gives the complete official programme that will be carried out, order of the historical procession, particular of the scenes of the historic pageants, information regarding accommodation and particulars of how to reach Quebec. The publication is profusely illustrated with scenes of the modern city, together with historic landmarks. A copy can be had free from principal agents of the Grand Trunk.

PETERBORO' CITIZENS BELIEVE

That their Eyes are worthy of the best Lenses, supplied by Optical Specialists of the most extensive study and widest experience. J. W. BROWETT, Ref. D., M.O., Dr. of Optics, of Philadelphia, has had over twenty years experience in examination of eyes for Glasses, and the fitting of Artifical Eyes. Is graduate of two Optical Colleges in Canada and five Optical Colleges in the United States. Wherever this Specialist has taught opticians during the past fifteen years, hundreds of persons have taken the opportunity to know if they needed Glasses, or if those they had were suitable.

New Office 332 George St. The Peterboro' Optical Institute

SUMER SCHOOL HAS OPENED

Many Are in Attendance---Interesting Addresses are Given

The Kawartha Lakes Summer school opened its sessions last evening at Chemong Park. There was a large attendance of delegates and visitors. It is expected that many more will arrive by train and boat to-day. The school is drawn from the workers in Epworth Leagues and Sunday Schools within the Bay of Quinte Conference. Any interested worker is eligible for attendance and is cordially invited. The registration fee is $1.00. The school continues every day this week and until Sunday evening next. Last evening was given over to addresses outlining the work of the school. Prof. E. R. Doxsee, B.A., B.D., Albert College, who takes charge of the department of Mission Study gave a most interesting outline of the work to be covered in the two text books of study. One text is entitled "The Why and How of Foreign Missions." The other is entitled "The Moslem World."

Rev. A.C. Crews, D.D., Gen. Sec'y of the Methodist Young People's Work gave one of his bright and illuminative addresses on "Various Types of Leagues,"—as personally observed. Dr. Crewes takes charge of the department of "Methods of Work." The closing address was given by the pastor of Euclid Avenue Methodist Church, Toronto. Rev. E. N. Baker, M.A., D.D. Dr. Baker, in a brief, but impressive address, gave an outline of the Bible studies which he will conduct morning by morning in the book of Hebrews. The evening programme was enlivened with singing. Two solos were rendered, one by Mr. Kemp, Toronto, and one by Miss May Dobson, Whitby Ladies' College.

Collections are taken at the mass meetings.

The following is to-day's programme;

MORNING

8.15 to 9.00—Prayer service
9.00 to 9.45—Bible Study
Rev. E. N. Baker, M.A., D.D.
9.50 to 10.20—Address
T. B. Keenleyside, London.
10.25 to 11.00—The Junior League.
11.10 to 12.00—Mission Study Classes. Teachers—Rev. Prof. E. R. Doxsee, B.A. B.D.; Miss Edna Drewry, teacher, and Miss May C. Dobson, Whitby Ladies' College; Miss M. Hamilton, B.A., Stirling.

AFTERNOON

Recreation, rest and personal work.

EVENING

Chairman, Rev. C. E. Cragg, B.D.
8.00—Prayer and Praise Service
Addresses by
Rev. Jno. Garbutt, Bowmanville
Rev. S. J. Shorey, Cobourg.

CLOSE ON JULY 12th

According to the statutes all the stores, places of business and public buildings in Peterborough and throughout the province, will be closed on July 12th.

William Berry, a Hamilton labor man, has been appointed a turnkey at the gaol.

Y.M.C.A. BRANCHES TO BE FOUNDED

By the C. P. R. at its Divisional Points---Two Already Opened

A Montreal despatch says;—The C.P.R. has decided to found Y.M.C.A. branches in connection with the divisional points Mr. H. H. Vaughan, assistant to the Vice-President, left for the opening of two branches of the Y.M.C.A. in connection with that company this afternoon, one at Chapleau and the others at Schreiber—divisional points on the main line north of Lake Superior. The new branches, which are the first that have been organised on the C.P.R. eastern lines, will be conducted on principles similar to those of the G.T.R. The work in view will not only be religious and social, but largely educational and of a character that will be appreciated by the mechanics and others in the construction and operative departments.

NOTICE TO BUILDERS

Tenders will be received up to noon on the 16th inst. for the erection of a rectory for the parish of St. John's Peterborough the plans and specifications for which may be seen at the office of Mr. J. E. Belcher, architect, city, between the hours of 10 a. m. and 5 p.m. Tenders to be endorsed "Tenders," and addressed to the undersigned. The lowest or any tender not necessarily accepted.

P. CAMPBELL,

VOL. LVII., No. 6. PETERBOROUGH, ONT., CANADA, WEDNESDAY, JULY 8, 1908 TEN CENTS PER WEEK

THRILLING EXPERIENCES OF THE RACING AERONAUTS

The King Edward Dropped Twice Into the Water—Occupants of Car Had Finaily to Abandon the Contest and Take to Land—Had Thrown Out all Their Ballast.

Chicago, July 8.—More thrilling adventures with the wind and water were added Monday to the stories of the international balloonists in their race flight from Chicago to establish a new long-distance record. The Canadian balloon King Edward, with John Bennett as pilot, and Gerald Gergory, 15 years old, as the other member of the crew, dropped into Lake Michigan twice.

Like the Ville de Dieppe, the French balloon, which nearly cost the lives of Capt. A. E. Mueller and Geo. Schoenech when ten miles out from the Illinois shore, the King Edward sank into the water and submerged the two occupants to their shoulders. They were nearly in mid-lake when the balloon took its first dip.

"We had just lost sight of the sky rockets and Fourth of July display in Chicago, when we suddenly felt ourselves sinking into the lake with a fearful drop," said Gregory, who returned yesterday.

"We immediately tossed over nearly all our ballast, but we could not stop the car from striking the water. This caused a great splash, and we were in the lake up to our waists.

"We managed to go up again after being in the water about five or ten minutes. Then we ascended to a height of about 1,000 feet, and went along at a fast pace, but suddenly we felt ourselves dropping again. This time the descent was more rapid, and as we had thrown all except two bags of the ballast overboard we were at a loss what to do. We shot down into the lake as if we were diving into it. The water came into the basket and we were force to climb into the netting above. We tossed out everything we had, including provisions, and rose again. When we finally did go up we went fast. We went up 6,000 feet in six minutes.

"We had no sand, and when we came in sight of Lake Huron, early in the morning, we decided not to risk the chance of crossing it, as the distance was 150 miles. So we landed near Port Huron, Mich."

THE TENT HAS ARRIVED AND THE CONGREGATION MEETS FRIDAY

To a Review repeasentative today Rev. H. M. Manning said that he expected to have the tent for the services of his congregation in the south end of the city erected by this evening. The big canvas, which will be used as a place of worship until the new church is completed arrived in the city to-day.

A meeting will be held in the tent on Friday for the purpose of congregational organisation, when names of members will be received and officers appointed.

On Sunday morning and evening services will be held in the tent and Sunday school will be held in the afternoon.

REV. A. H. BRACE TO GIVE ADDRESS

At the Orange Celebration on Monday—Cobourg Orangemen Coming

In response to a pressing invitation from the programme committee, the Rev. A. H. Brace, of Cobourg, has promised to give an address at the great Orange Demonstration in Peterborough on July 13th, when he will bring the Cobourg Orangemen, reinforced by the Baltimore and Coldsprings lodges with a brass band with twenty instruments and a new banner costing $110.00. The special train will pick up the Port Hope men and the brethren at the intermediate stations.

DIED

MERRILL—On Tuesday, July 7th, Willie youngest son of Mr. W. B. Merrill, aged 7 years and 6 months. Funeral on Thursday at 3 p.m., from 561 Homewood Ave.

Staff-Sergeant Disappears.

Ottawa, July 8.—Staff Sergeant Jules Berend, transferred about a year ago from the Royal Canadian Dragoons, Toronto headquarters' staff, has skipped out, and a large number of debts of dubious nature are left behind him. He was in the D.A.A.G. department of the militia. He borrowed of his fellow-employes, too.

New Zealand Disappointed.

London, July 8.—A special despatch to The Times, from Wellington, N.Z., notes the disappointment that is felt there because only three vessels of the Australian squadron will participate in the welcome to the American fleet.

Legation Badly Damaged.

Buenos Ayres, July 8.—Despatches received here from Formosa, near the Paraguayan border, states that the United States and Italian legations at Asuncion were badly damaged by the bombardment.

The Quebec Bridge.

Ottawa, July 8.—Hon. Mr. Fielding, Minister of Finance, was yesterday a witness before the special committee of the Commons, which is conducting the enquiry as to the affairs of the Quebec Bridge Co.

Under examination by Mr. Monk, he said it was quite plain that under existing circumstances some new financial arrangement for the construction of the bridge would be absolutely necessary.

Mr. Fielding said, quite emphatically, that the Government would have to pay the entire amount of the guaranteed bond issue.

Mr. Fielding said that the reconstruction of the bridge was a necessity.

Five Persons Drowned.

Unadilla, July 8.—Five persons, all members of one family, were drowned in the Namaha River near here. A flood following a cloudburst lifted their house from its foundation and carried it to the swollen river.

A Drowning Averted.

St. Catharines, July 8.—Ed. Bradley, aged 16, rescued Herbert McLean, aged 14, from drowning Monday night. McLean was unconscious when taken out.

A four-foot ledge, that assays $38 in gold to the ton, has been uncovered at the Evening Star, Rossland.

Indians Up In Arms.

Weletka, Okla., July 8.—Three wagon loads of rifles were taken into the camp of the Snake Indians Monday and several hundred of the 2,000 Indians congregated there are heavily armed.

The Indians are making a new demand, according to reports, one distinctly different from anything heretofore broached. The demand is that the Snakes be given their allotment of certificates, which they have heretofore steadfastly refused.

It is said that Crazy Snake issued an ultimatum Monday in which he said that unless the certificates were delivered the Indians would make a charge upon the whites in their initial step, driving all the while people from the former Indian Nation.

Barge Sunk at Sarnia.

Sarnia, July 8.—About four o'clock yesterday morning the steam barge McIntosh of the Gilchrist line, bound down, ran aground on the middle ground just opposite the Pere Marquete docks here.

As her stern swung down stream the large steel barge Hanna, bound up, struck her just forward of the engine room, letting the water in the main hold. There was just time to get her to shoal water opposite the chain works, where she sank.

The Hanna is not much damaged, and is now lying at Port Huron, just opposite to where the collision took place.

Foresaw Bridge Disaster.

Kingston, July 8.—H. A. Calvin of the Calvin Shipbuilding and Transportation Co., states that eighteen months ago Capt. Thomas Donnelly of the Donnelly Wrecking Co. of this city, in a letter to an official of the first mentioned company, made the statement that there was a weakness in the canal bank near the place where the present break occurred, and that if something was not done an accident would sooner or later occur.

Friends Ask Pardon.

Kingston, July 8.—An effort will be made to secure the release of Samuel Williams, the Russian Jew sentenced in North Middlesex to three years in the penitentiary for the theft of two bags of coal. Relatives of the prisoner in Toronto intend petitioning the Minister of Justice. The prisoner has only been in the country a short time, and cannot speak a word of English. His sentence is looked upon as most severe.

One Thousand Koreans Murdered.

Seoul, July 8.—One thousand Koreans have been murdered by the Korean insurgents and so-called patriots within the last few months.

These Koreans were all members of the Il Ching Hoi, a pro-Japanese Society. Most of the Koreans murdered by their fellow-countrymen were peaceful hard-working men, whose only crime seems to have been opposition to the disturbing element in the country and friendliness to the Japanese protectorate. In addition to those murdered there have been a number of cases of cruelty and hardship.

She Slugged Ruffian.

Windsor, July 8.—Mrs. Cam Davidson is the heroine of Amherstburg as the result of a vigorous rebuke she administered to a Detroit ruffian, who was dancing at Bois Blanc. The fellow she chastised undertook to strike a rival, but in mistake hit Mrs. Davidson. The latter retaliated by scratching her assailant's face and making his nose bleed.

In the second round she blackened his eyes and before further damage was done he broke away and never stopped to look for the rival he first attempted to smash.

WAS KILLED IN CHINATOWN

Murderer Has Escaped---Chinaman Held as Witness.

Montreal, July 8.—Shortly after noon yesterday a white man was murdered in the heart of Chinatown. The murderer escaped, and a companion, who may be able to give some information, has also disappeared.

None of the three men complicated in the shooting are known to the police or to the Chinaman, Tong Kee, in whose premises, at 111 West Laghauchetier street, the tragedy occurred. Tong Kee is held at No. 5 police station as a witness, and Detectives Leclaire and Pigeon are working on the case.

Tong Kee—at least that is the name on the police blotter—keeps a barber shop on the first floor of 111 West Laghauchetier street, between Channeville and St. Urbain streets.

They're Married; Now Forget It.

London, July 8.—Madame Anna Gould and Prince Helie de Sagon were married at a registry office in Henriette street, of Covent Garden, yesterday. A subsequent ceremony was conducted at the French Protestant Church on Soho square.

Boiler Explodes In Pittsburg.

Pittsburg, Pa., July 8.—One man was killed, a woman fatally injured and damage amounting to $50,000 resulted yesterday at Monongahela, near here, when a boiler in the waterworks plant exploded.

WAS BOUND TO COMPLETE JOB

Woman Drowns Herself at Guelph After Several Attempts.

Guelph, July 8.—After cunningly planning her death and escaping the nurses, Margaret Beattie of Wiarton, an inmate of the Homewood Sanitarium here, committed suicide by throwing herself into the river Monday.

She had made several attempts at self-destruction, but each time she was caught and stopped. Monday she secretly cut away a part of the balcony rail with a knife and replaced the loose section.

At night she managed to slip out and go to the river, where she drowned herself in four feet of water.

She was 30 years old and unmarried.

Did Not Obey Signal.

London, July 8.—The Times yesterday morning publishes a statement to the effect that during the recent manoeuvers of the channel fleet, Admiral Lord Beresford gave the signal for an evolution, which, if obeyed would have brought the cruisers Argyll and Good Hope into collision. Sir Percy Scott, however, on board the Good Hope, the statement says, doubted the accuracy of the signal and refrained from obeying it.

The story is alluded to in other London newspapers, but it is not verified and appears to be a part of the campaign against Lord Beresford, arising out of his feud with Sir Percy Scott.

PREMIER SUBMITS LIST OF LEGISLATION YET TO COME

Manitoba Boundary Question Joined to Those of Other Provinces—No Mention of Hudson Bay Railway —Estimates for Railways and Canals

Ottawa, July 8.—Yesterday morning the Premier made his promised statement as to business yet to be introduced at this session of Parliament. It includes:

1. Supplementary estimates.
2. Railway subsidies.
3. A bill regarding Quebec bridge.
4. Legislation necessitated by the creation of new courts in Northern Ontario.
5. Legislation for the extension of the boundaries of Manitoba, Quebec, and Ontario.

Sir Wilfrid Laurier said that these were all ready for presentation to the House, with the exception of the railway subsidies bill. It was intimated that the Government would proceed to-day with the resolution which pledges the financial support of the Dominion toward the All-Red line project.

After disposing of Hon. Sydney Fisher's civil service reform bill at the afternoon session, an amendment being inserted forbidding civil servants taking part in political campaigns, the House went into supply on the railways and canals estimates.

Mr. Lancaster moved that his bill regulating the speed of trains at level crossings in thickly settled portions of cities, towns, and villages, be taken up. This was the first bill passed by the Commons this session, but the Senate amended it so as to destroy its usefulness, and it came back to the Commons, and is placed among the items which will not be reached this year. Mr. Graham stated it was too late to do anything.

Mr. German argued that if the scheme of deepening the Welland Canal and further improving Port Colborne were carried out, the route would be capable of transporting all grain grown in the Northwest. The elevator, he claimed, was the best on the continent.

Mr. Bennett observed that with a public deft of $300,000,000 and an expenditure approaching $150,000,000 a year, and all kinds of expensive schemes promised, it was no wonder serious men were asking "Whither are we drifting?" This Port Colborne scheme had cost already three and a half millions and there were promised expenditures of a hundred millions for the Georgian Bay Canal and some sixty millions to deepen the Welland.

At the same time private interests were doing far more effective work in perfecting the transportation system of the country. The C.P.R. was spending probably ten millions to make a terminal at Victoria Harbor and build an elevator, compared to which Port Colborne wouldn't be a flea-bite.

Dr. Reid favored a deepening of the Welland Canal to 25 feet, so that large lake vessels could transport their cargoes through to Prescott.

Mr. Kemp also supported the scheme of deepening the Welland, but he agreed with Mr. Bennett that the present routes should be allowed to develop.

The St. Lawrence system was a great regulator of freight rates, and with the Welland Canal deepened to 25 feet they would be able to carry all wheat from the west to the seaport. There were too many transportation schemes before the country and before going ahead with any of them, experts should report on the most feasible and cheapest routes.

Mr. Graham was asked what he had said about the Hudson Bay Railway. It would be built "without delay," he said.

That Anti-Tobacco Bill.

Ottawa, July 8.—In the Senate Hon. R. W. Scott moved the second reading of the bill to restrain the use of tobacco by young persons. Senator G. W. Ross approved of the principle, but to make it effective there should be provision similar to that in the Prince Edward Island Liquor Act, that interdicted persons, should be compelled to tell where they purchased tobacco. Hon. Mr. Scott approved.

Senator Ellis said there was an element of humor in many of the laws of Parliament made to stop persons from doing things which lawmakers permitted themselves, and referred with regret to the increasing use of tobacco in the precincts of Parliament.

The bill was given a second reading.

Engine Derailed; Thousands Walked.

Montreal, July 8.—Far out the tracks from Bonaventure Station yesterday morning was a line of perspiring pedestrians making their way towards the city alongside a line of passenger trains stretching as far as one could see up the line.

The cause of the trouble was the derailing of a switching engine at a point where it practically deranged the whole work of the station.

Matter of Money Now.

London, July 8.—(C.A.P.)—A Melbourne cable says that Premier Deakin, commenting on Laurier's request for Australia's co-operation for the all-red route, says the Commonwealth Cabinet must have a definite financial proposal before he can advise action. The whole question is now narrowed down to cost, as sentimental benefits were admitted long ago.

German Wins Grand Prix.

Dieppe, July 8.—The grand prix, the blue ribbon of the automobile world, was won yesterday by a German, Lautenschlager, driving a Mercedes car. His time was 6 hours 53 minutes 43 4-5 seconds, and his average rate of speed 111.2 kilometres, or 69.96 miles an hour.

Two men were killed and one seriously injured.

Orders Policies Reinsured.

Kansas City, July 8.—Judge Pollock, in the Federal Court here, has ordered that the property of the Great Western Life Insurance Co. be disposed of and that the policies, amounting to $2,000,000, be reinsured in some reliable company.

Provincial or Federal.

Ottawa, July 8.—The Senate banking and commerce committee decided yesterday morning to refer the Co-operative Societies bill to the Minister of Justice for his opinion as to whether it is a provincial or federal matter.

Dies In Pen.

Montreal, July 8.—Jaconi, the Italian who killed Duval two years ago, is dead. The scaffold was ready for its victim and a reprieve came at the last moment, and the Italian was sent to St. Vincent de Paul for life.

Horses Bolt; Farmer Is Hurt.

Stratford, July 8.—Samuel Luckhardt, a farmer of North Easthope Township, was thrown from the hay mower, when his team ran away, having his jaw bone broken, ribs fractured and ankle cut.

Six Years For Burglary.

Ottawa, July 8.—J. B. Giroux of Masson was sentenced to six years and ten months in St. Vincent de Paul penitentiary for five different counts.

To Settle Fisheries Dispute.

The Hague, July 8.—It has been practically settled that the fisheries question between the United States and Canada will be submitted to the court of arbitration towards the end of this year.

Hon. P. H. Roy Committed.

Montreal, July 8.—Hon. P. H. Roy, president of the Banque St. Jean, was yesterday committed for trial to the Court of King's Bench.

FIREBUGS ARE AT CARDINAL BIG LOSS HAS BEEN INCURRED

Miscreants Were Very Thorough in Their Work—Alarm Box Broken and Key Missing—Enemy of Mr. McKnight Shoots His Cattle and Sets Store in Flames—Hotel Destroyed.

Cardinal, July 8.—A violent outbreak of vandalism and incendiarism, on Monday, in this village, has resulted in the destruction of property worth $30,000 and the death of several head of cattle. Intense excitement reigns, the entire village narrowly escaped annihilation by the flames. The authors of the crime have not been found.

Upon his arrival at his slaughter house, B. McKnight, a butcher, found several head of cattle dead. The animals had been shot with a rifle.

He at once drove back into town to his meat market and found it in flames. The fire spread rapidly and in a very short time the building was a mass of ruins.

McKnight ran to ring in an alarm, only to find the alarm box broken open and the key missing.

In the meantime the fire had spread to Dillon's Hotel, three storeys, and several barns and outbuildings. The firemen were brought out and every effort was made to check the flames. After a stiff fight they were subdued, but not before they had done immense damage, for a large area in the village. The buildings were for the most part wooden structures and burned like tinder.

No motive for the outrage can be guessed and the police are utterly at a loss to place the blame.

BUILDING PERMITS FOR HALF YEAR TOTAL OVER $80,000

A hundred and nine building permits have been issued at the city hall since the first of January, 1908. These total $82,583. Many of the permits are for small sums, the largest figure in the list being $4,500.

Thirty six permits for dwelling houses have been issued and they are under construction at the present time. The other permits were for repairs, improvements, etc. A large number of permits were taken out during May and June.

Excursion Train Derailed.

Chatham, July 8.—The Catholic Foresters' special excursion train, bound for Port Stanley, on the Pere Marquette, left the tracks at a point near the "Y" at the city limits at 8.30 yesterday morning. A spreading rail was the cause.

Three hundred people were aboard, including the Chatham bowling and cricket teams, which were going to St. Thomas. No one was hurt.

Revolutionists Capture Town.

Washington, July 8.—A revolutionary movement has broken out against the Government of Honduras, Senor Ugarte, the Minister here, receiving word yesterday that the town of Gracias, about 20 miles from the Salvadoran border, has been taken by a force coming presumably from Salvador. It has a garrison of 40 or 50 men and its population is about 3,000.

Passed Eight Hour Bill.

London, July 8.—The House of Commons passed the second reading of the bill, under which five years hence all miners in the United Kingdom will work only eight hours daily.

The House also concluded the committee stage of the old age pensions bill, which has been modified by the adoption of a sliding scale, the pensions varying with the amount of the recipient's personal income.

Five Fall From Scaffold.

Montreal, July 8.—A scaffold on which five men were at work repairing a house at Laprairie and Centre streets gave way yesterday and the men were precipitated to the street 22 feet below. They were badly hurt, but none of the injuries will prove fatal. The men are John Berthiaume, J. Gauthier, A. Josuette, Napoleon Heoret, and another whose name is unknown.

Barns Destroyed by Storm.

Walsingham Centre, Ont., July 8.—During a severe electrical storm yesterday at 12 o'clock the barn belonging to Lustil Bouk of the second concession of South Walsingham, containing hay, wagon and implements, and the barn owned by John Clemens, first concession of South Walsingham, containing 35 tons of hay and a new binder, was burned; partly insured.

Victim a Wingham Woman.

Wingham, July 8.—Mrs. Frances Gilmore Thompson, who was murdered in Chicago a few days ago, was born and brought up in Wingham. She lived for a time in Detroit, Winnipeg, Toronto, Montreal, and finally in Chicago, where she was married. One of her brothers formerly was an operator for the C.P.R. in Toronto, Lucknow and Wingham.

Vancouver Handles Alaska Gold.

Vancouver, July 8.—The assay office is having the busiest time in its history. Another quarter of a million in Klondyke gold was received yesterday. The staff is working on day and night shifts. They even worked on Dominion Day to handle the gold. The thefts from the Seattle office last year gave that institution a black eye.

Illness Prevents Trial.

New York, July 8.—The trial of Thomas A. McIntyre, a member of the bankrupt firm of T. A. McIntyre & Co., charged with larceny, was yesterday postponed until the first Monday in October. A physician appointed by Judge Foster examined Mr. McIntyre at his home Monday, and said owing to a weak heart it would be dangerous to place him on trial now.

Raided, She Seeks Death.

Kingston, July 8.—A house of ill-repute conducted by Mrs. Nuttall, on Cherry street, was raided last night by the police and six persons were arrested, four young men and two women. Mrs. Nuttall attempted suicide by drinking carbolic acid, but did not take enough of the poison to end her life. She was soon restored and will be tried on a double charge. One young woman escaped, but is known.

DID NOT SURVIVE THE OPERATION

Little Willie Merrill Passed Away at St. Joseph's Hospital Last Evening

With shocking suddenness came the death of little Willie Merrill, the seven year old son of Mr. Wm. Merrill, Homewood Ave, which occurred at St. Joseph's Hospital last evening. The little fellow was taken sick at the firemen's picnic to Idyl Wyld on Monday with appendicitis. On bringing him to the city he was taken to his home and about 11 o'clock the same evening he was removed to the hospital in the Dan Spence Ambulance. At 2 o'clock on Tuesday morning he underwent an operation. It was thought at first that it was going to prove successful, but late yesterday afternoon he grew worse, and gradually sank until the end came.

The little fellow was an exceedingly bright boy and his death will be deeply regretted. Besides his parents four sisters and one brother are left to mourn his loss.

The funeral will take place to-morrow afternoon at 3 o'clock from the family residence, Homewood Ave., to St. Peter's cathedral and thence to the Roman Catholic cemetery.

Band Refuse Quebec Trip.

Kingston, July 8.—There is trouble with the 14th Regiment band over the Quebec trip. When Col. Kent called for volunteers from the band not one man consented to go.

When asked why they would not go they said they wanted more than the usual pay. This the colonel said could not be given, and as no one volunteered on his second request he dismissed the whole band, and the probability is that the regiment will go to the celebration minus a band.

Pickpockets Busy at Detroit.

Windsor, July 8.—Several cases of pocket-picking have occurred in Detroit recently, and the police of that city blame the gang of "dips" who follow the race meets. One man was robbed of a purse containing $275, while riding a street car. The purse was found by "Paddy" Bryan of Windsor and turned over to the police. All it contained were some checks and three Canadian "shinplasters."

Toronto Man Arrested.

Welland, July 8.—While the men of the family were absent Frank Lowry of Toronto Monday entered the house of Sheriff Smith and demanded money of a party of terrified ladies. He was afterwards arrested and resisted violently. Lowry said that if his father and mother in Toronto were notified he would commit suicide.

Arrested For Murder.

Windsor, July 8.—John, alias "Doc," McPheeters, wanted at Cleveland on a charge of murder, was arrested here yesterday. McPheeters was sitting in the City Hotel when caught. He admitted shooting the man in a mix-up, but did not know his victim was dead.

Hottest In Seven Years.

Montreal, July 8.—Not since July 16, 1901, has the thermometer at McGill University, Montreal, stood so high as it did yesterday when it registered 92 degrees. Eight years ago it registered 93 degrees.

Gaming House Raided.

Hamilton, July 8.—Chief Smith and a large posse of police raided a house near the Steel Plant last evening and arrested John Yusar on the charge of keeping a gaming house.

Heat Kills Twenty-One.

New York, July 8.—Twenty-one persons succumbed to the heat yesterday, a total of 31 deaths from that cause within the last 36 hours. Scores were prostrated.

The Daily Review

WEDNESDAY, JULY 8, 1908.

A WISE MOVE

The action of the Board of Education on the motion of Mr. Crane, by which first year pupils in the Collegiate Institute may attend without paying fees is worthy of praise. Education should be within the reach of all. It is like bodily food, a necessity of life. We cannot emphasize the fact too often in our daily life that with all our natural resources, we should have ever-increasing privileges such as this one.

THE MIDDLEMAN

The curse of modern commercial life is undoubtedly the middleman. Every unscrupulous politician who supports his party for what he can get out of it becomes a middleman as soon as possible. Contracts and sales are made to or by the Government through him. He adds or subtracts his gains from the price asked as the occasion requires and soon becomes rich at the public expense. And yet it is not altogether at the public expense that he becomes rich. He enriches himself at the expense of the individual or company with which the Government happens to be dealing as well. The Government knows all about it, but of course pretends to be shocked when the Opposition forces revelations. It will be noticed, however, that no amount of revealing produces a change. The same old system, the same old thieving goes on as before. Let us look at a few of the vast number of instances of this wholesale and retail robbery. Increased accommodation was required at Halifax, N.S., for shops for the Intercolonial railway. The Hon. F. B. Pearson "found out" where the shops were to be located and bought the land. The Government "valuator" valued the land 6 days after Hon. Mr. Pearson obtained his options, at a price representing a profit of 144 per cent to Mr. Pearson.

The Parliamentary Blue Book, Public Accounts Committee reports, shows the details of the purchase and profit.

	Pearson paid.	Gov't paid,	Profit.
Lot 1	$ 500	$2,500	$2,000
Lot 2	2,500	3,200	800
Lot 2	2,500	3,200	800
Lot 3	4,000	7,300	3,300
Lot 4	3,098	3,50	51
Lot 5	7,289	27,100	19,811
Lot 6	1,200	2,050	850
	$18,588	$45,400	$26,812

In other words the Hon. F. B. Pearson and partner made in six days by the investment of $4,000 in options, for they did not pay down the whole $18,588, the huge sum of $26,812 or as we pointed out 144 per cent. Now if they made 144 per cent in six days, the per annum percentage would be sixty times that amount or 8,640 per cent. Who would not be a middleman under Laurier? There are hundreds of such cases. We will publish a large number of them in course of time. Why not support Laurier? Does he condemn this nefarious work? Not he. He defended it in the House. The Laurier administration is crooked and corrupt from beginning to end. It has been the age of corruption in Dominion affairs. But Mr. Whitney has no excuse to make on that score. He simply knows how to carry on a clean administration, and moreover, is in earnest about it.

DODD'S KIDNEY PILLS

NEW NOVEL

"The Soul of Dominic Wildthorne" is the name of Joseph Hocking's new novel which is creating an immense sensation in ecclesiastical circles says the British Weekly. Monsignor Fraser has taken up the cudgels on behalf of the Roman Catholic Church. "Presbyterian" answers Mr. Hocking very sharply by insisting on the truth of the Word of God. The novel represents largely the modernistic spirit about which so much is being said. Following is an extract from the argument that will give some idea of the book;

"The whole business of the Church is a man-made thing; a poor little bogey which lost its meaning and terrors in the light of eternal truth."

"It is a tremendous institution."

"A huge, cruel machine. A ghastly thing which crushes out the best life of man."

"I can quite understand you, my friend. I have felt what you feel now. Everything is chaos to you."

"Everything."

"And everything in which you have believed seems like lies."

"Everything."

"Nevertheless, the world has not lived on negations. There is some positive truth in the world."

Dominic shrugged his shoulders

"Look you, Wildthorne. What has lived through the centuries has lived because of the truth there is in it. The Roman Catholic church has truth in it, or it could not have existed for nineteen hundred years. It must have met the eternal needs of man, or it must have died."

"You talk like this."

"Oh, yes. I can quite understand your scorn. And I feel that the Church as an institution is pretty much what you think. But there are elements of truth in it; in a very real sense it was built on eternal truth ay, and lies have taken the place of truth. But there is eternal truth buried beneath the heaps of lies. There is something eternally divine in Christianity even although what we call the church, has hidden it. It has hidden it in its creeds and dogmas. All this talk about the Immaculate Conception, Virgin Birth, priestcraft, masses, transubstantiation, absolution hell-fire, and all the rest of the paraphernalia of the Church, has just hidden the eternal truth which lies embedded."

"Eternal truth Bah"

"Yes, my friend, eternal truth. When you eyes were opened the other day, when the great shock came, everything became chaos. All was lies. I know the feeling. But it is for all truth-lovers to sift the grain from the chaff, to remove the rubbish and find the thing that is eternally true."

"I am sick of the whole business, my friend. Never again will I trouble about this inflated bogey called Christianity. I am free of it, and I am going to remain free."

"And yet, the heart cries out for the living God," said Tyrone.

"My heart is dead," said Dominic

"It has only been numbed by what you have gone through. Presently it will awaken again. The living Spirit in you will cry out for the great eternal Spirit from whom you came There is the eternal truth of religion. Back in the early days of Christianity it was fluid, it was a living spirit. Then it was a power. It swept over the nations like wildfire. But when Christianity became a system, a theology, a set of dogmas, an institution with laws and orders and regulations, then the lies began to heap up like mountains. Priestcraft, traffic in the forgiveness of sins, limitations to research, weights upon the mind, bogies to frighten the ignorant sensational performances to appeal to man's childishness, to his love for tawdry displays, all this came to be. Just as paganism deified the passions, until it had a god, to whom every part of man's nature could appeal, so the Roman church sought mechanical contrivances to meet human needs This has led to abuse, to lies, to slavery, to all that has made the Roman church what it is. Still, there is eternal truth at the heart of things, and it is for honest men to sift, and sift, and accept only what is eternally true."

But Dominic only laughed bitterly. Nothing was true to him, the dust which rose when his dungeon walls were broken down still blinded his eyes; and although Tyrone talked wisely and well he made no impression.

"What are you going to do," replied the Italian, at length.

"Live my life," said Dominic. "I have already written for more money. I am going to travel. I shall return to England by way of Berlin and Paris. I am going to give my nature liberty. I have lived in chains too long."

"Remember, there is a difference between liberty and license," said the Italian "In your new-found liberty you will be tempted to forget this There is no such thing as absolute liberty. There are eternal laws of right and wrong; there are the higher and lower parts of a man's being fighting against each other. And if we allow the lower to gain the victory, we curse ourselves, and we pay the penalty. Shall I give you a piece of advice"

"If you wish," said Dominic, and his voice was hard and uninviting.

"Go home to England. Go to that quiet old country house of which you have told me. Read those old books which that far-off relation of yours had gathered together. Let your soul rest. Let nature do her own work, and remember that there is an Eternal God who lives."

EDITORIAL NOTES

A man has been sentenced to six years in prison for cruelty. As it was his horse, the length of the term will appear justifiable to many.

Alcohol is no longer an excuse for rash acts. A Montrealer, who, when under the influence of liquor (as he says) got married, has put in this plea as an excuse for desertion. It is no justification.

Browning worship has been succeeded by Meredith worship. It is now unfashionable to talk of Browning.

Judge—Was there any particular mark by which you would be able to identify the dog which you say this man stole?

The Plaintiff—Yes, yer honor; he had a red nose just like yer Honor's.

Boarder at Summer resort—Didn't your booklet say there were no mosquitoes here?

Proprietor—It did, sir, and it told the exact truth. We had the booklet printed in February, and I am prepared to prove that there wasn't a blamed (slap) mosquito within 500 miles of here at the time.

The Examiner advertises its premises as an employment agency for farmers on Saturdays. Why this slap at the Laurier Government agency, which is not 200 yards away? Is Mr. Howson not qualified for his position? The Examiner evidently thinks not.

Thirty members of the North-west Mounted Police will protect the Prince of Wales at Quebec. A picked escort of the younger sons of noble English houses can be had from this wonderful body of men—Toronto Star (Liberal).

That is all very well, but if there is going to be any necessity for "protection" we should say, that a dozen river-men would suit the purpose better.

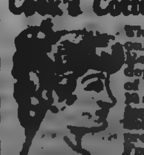
Mr. Naokichi Hamaguchi and Mr. Toichido Matsunaga, of Steveston, B. C., are the registered owners of two Canadian steamers. The names are evidently those of Asiatics. The ownership of a steamer will generally be taken as evidence of enterprise on the part of the individual concerned Out on the Pacific Coast, however, where they do not like Asiatic industry, and say so, this venture into the transport trade may be viewed in another light.—Montreal Gazette.

"A judicial recount of the ballots cast in London in the recent Ontario election has reduced the majority of Mr. Beck, the Conservative candidate, from 1,404 to 1,403. Mr. McEvoy, the Liberal candidate, gained one vote by his trouble. He may think it compensation, or he may not."

This could not have happened under the Liberal Administration, a majority of 200 or over shutting out a recount. But then nothing chokes off fair play or investigation under Mr. Whitney. "Who runs may read" now. Its just like looking through a pane of glass.

One reason for the president's hurrying off to Africa as soon as his hunt of undesirable citizens is ended, is found in the published record of the kaiser's hunts. It appears that that the past thirty years the Kaiser has bagged a trifle of 47 443 pieces of game, each of which represented a life snuffed out by the Kaiser with great eclat. Of these units of the animal kingdom disposed of by the mighty hunter, 1,596 were bucks, 7 elk, 3 bears, 1 whale and 1,301 common or garden deer. The bulk of the game bagged by the kaiser has appeared for some time, probably in the future come under the catalogue of "other animals," probably rabbits.

The remarkable thing is that the kaiser is credited with having killed a hare. The president cannot do that, for that would be crass imitation, but in Africa he will probably bring down a whangdoodle or a jabberwock, either of which is harder to hit than whale when it stands sidewise.



Cook's Cotton Root Compound.

The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co., Toronto, Ont. (formerly Windsor)

Central Canada

EXHIBITION

AT OTTAWA

Sept. 18th to 26th, '08

Displays will far excel those of any previous year. A Grand Pure Food Exhibit is to be made by Canadian manufacturers.

High class vaudeville programmes will be given daily in front of the Grand Stand in addition to the horse races.

The night entertainment will consist of the latest comic opera "What Happened Then?" by the famous De Wolff Hopper and all star company. Popular prices will prevail.

A grand display of paintings and Ladies' Work will be made to signalize the opening of the handsome new fire-proof building, now being erected at a cost of $12,000.

The special attraction in front of the Grand Stand in the afternoon will include the latest European novelty "Del Oro's Performing Cows." This attraction is billed to appear in Ottawa for the first time in America. There will also be a most sensational automobile race on a specially constructed incline, the contesting chauffeurs being two daring young women.

There will be balloon races daily with a double parachute descent from each balloon by the famous Prof. Hutchison and companion.

Get the official programme when issued next month.

T. C. BATE, President E. McMAHON, Secretary

CASTORIA
For Infants and Children.
The Kind You Have Always Bought
Bears the Signature of Chas. H. Fletcher

The staff of men engaged by the county during the past few weeks levelling the approach of the Ops swing bridge completed their labors on Saturday.

The roadway leading to the southern approach has been cut down and levelled as has also the sidewalk leading to the bridge and a railing placed in position.

COMMITTEE ON APPOINTMENTS

The report of the Committee on Appointments was read by the chairman, Mr. Hill, recommending Mr. J. H. Adam, B. A., of Toronto, for the position of Junior English Master in the Collegiate Institute; Mr. A. Baird, of Brockville, was appointed, but later declined.

COLLEGIATE INSTITUTE BUILDING COMMITTEE

To the Chairman and Members of the Board of Education;—

Gentlemen,

Your Collegiate Institute Building Committee beg leav to report and recommend as follows;

Your Committee have notified Mr. Kincaid, clerk of the works, that he would be paid for full time, dating from May 1st last.

Your committee advertised for tenders for the blinds required for the building and have awarded the contract to Messrs. A. H. Stratton & Co., at $97.96, blinds to be of the best quality and mounted on guaranteed rollers.

Your committee have awarded the contract for installing the stand pipes for fire protection in the Collegiate building to Mr. C. A. J. Duranceau for the sum of $139.80. This amount is to include 300 feet of best quality cotton hose, brass valves, hose [illegible] sets of brass nozzles, all complete, with pipe decorated, size and quality of pipe to be approved by the chairman of the committee and the architect.

Your committee advertised for tenders for the tables, cupboards, etc., for the chemistry and physical laboratories, but the tenders were indefinite and unsatisfactory and we have therefore requested the architect to furnish written detailed specifications and will again advertise for tenders, and would ask that your committee to award the contract.

You committee empowered Mr. Dumble, who is a member of the committee, to take charge of the levelling of the grounds and the construction of the walks, etc.

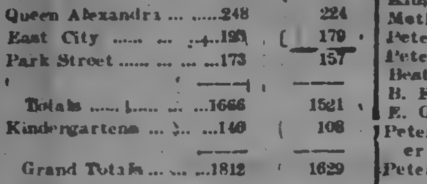
All of which is respectfully submitted,

M. A. MORRISON,
Chairman.

Upon motion, the report was adopted.

Moved by Mr. Hill, seconded by Mr. Crane, that sub-section "d" of section 1 of the salary schedule of janitors, adopted on June 2nd last, be amended by substituting the words "eight or more" for the works "over four" when same appear in said sub-section.

The meeting then adjourned.



CARTER'S LITTLE LIVER PILLS.
CURE
Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing
SICK
Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured
HEAD
Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head
ACHE
Is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.
Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.
CARTER MEDICINE CO., NEW YORK.
Small Pill. Small Dose. Small Price.

DOMINION DAY PICNIC WAS A BIG SUCCESS

Large Attendance at Very Enjoyable Affair Held by Members of Chemong Reserve

The picnic held on Dominion Day at the public park, Chemong village, under the auspices of the members of the Chemong Reserve was a most successful one. There was a splendid attendance a large number being present from the surrounding neighborhood.

It is the intention of the Chemong Indians to have a similar celebration every year and the one next Dominion Day should attract a great many from different points.

A good programme of sports was run off including a baseball match between two teams from the reserve the one captained by J. D. Tobico getting the victory.

The results of the races were as follows;

Half mile foot race—Jas W. Taylor, Blewitt Smith.

Ladies foot race—Mrs. Alf. Coppway. Mrs. Geo. Johnson.

Girls foot race—Clara Coppway, Irene Tobico.

Girls walking race— Clara Coppway, way, Irene Tobico.

Skipping the rope competition — Clara Coppway, Irene Tobico.

STEELWORK IS GOING UP NOW

Good Progress Being Made at the New Armouries

Good progress is being made on the new armories. The erection of the steelwork has been commenced, and several large spans are already in position. The steelwork will be rushed, and as it goes up much faster than the brickwork, the building will soon begin to look like a building.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.
Walding, Kinnan & Marvin.
Wholesale Druggists, Toledo, O.

Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c. per bottle. Sold by all Druggists.

Take Hall's Family Pills for constipation.

COMMITTEE APPOINTED

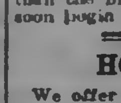
To Make Arrangements for Ceremony in Connection With Opening of New Collegiate

The matter of what nature the ceremony will be at the opening of the new Collegiate Institute building in September was brought up at the school board meeting last evening.

Upon motion of Mr. D. W. Dumble, seconded by Mr. W. F. Nelson, the matter was left in the hands of the chairman, Mr. Fair, Dr. Morrison, Messrs W. H. Hill and D. W. Dumble. They will make all arrangements.

MR. DAN WHETUNG'S FINE NEW BARN

Mr. Dan Whiting of Chemong, has a new barn on his property which is a credit to the Chemong reserve. It is 53 feet by 34 feet, with a stone foundation built by Mr. Jas. Garvey of Ennismore. The frame work was constructed by Mr. S. Young of Smith. A hay fork has been placed in the barn by Mr. John Johnston and Mr. Leonard of Lakefield has put in a galvanized ventilator.



Wood's Phosphodine,
The Great English Remedy.
Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhoea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

EXCURSIONISTS HAD ENJOYABLE TIME IN CITY

Visited Many Places of Interest in Peterboro—Outing Was a Great Success

The Whitby excursionists returned home last evening between seven and eight o'clock, after having spent a most enjoyable time. The day was spent in many different ways. The lift-lock must have been visited by every Whitby person in the city as the street to the great lift-lock was lined with a continuous stream of people. Jackson Park was also the centre of attraction for a great many people and the street cars were crowded all day with excursionists. The baseball match in the afternoon drew a large crowd.

The outing was run under the auspices of the Whitby Sons of England, and "Daddy" Taylor, one of the veterans of the Order here, had the flag flying from the S.O.E. Hall, as also did Mr. Head have his Union Jack hung from the Peterborough House.

The Whitby band rendered excellent music throughout the day.

EAT WHAT YOU WANT

But Find the Way to Digest What You Do Eat.

The first thing to do in the case of indigestion or stomach weakness is to strengthen the muscular walls of the stomach and intestines, so that they will care for the food that is eaten. In no other way can this be done as well as by taking a Mi-o-na tablet before each meal. This restores strength to the stomach muscles and stimulates the pouring out of gastric juices, then the food digests readily and you begin to get the full benefit from what you eat.

Use Mi-o-na whenever you have sick headache, heartburn, bad taste in the mouth, coated tongue, spots before the eyes, sleeplessness and the many other symptoms that are the direct result of indigestion.

W. Madill, druggist, corner of Hunter and George streets, Peterborough gives with every 50 cent box of Mi-o-na a guarantee to refund the money unless the remedy cures.

The steamer Canada, of Owen Sound, has been sold to Messrs. Doty, of Goderich, and Chew, of Midland. Th eo[illegible] livery

WEATHER MAN IS WHIMSICAL

A Drop of About Twenty-five Degrees in the Temperature Since Last Evening

The weather changed about as suddenly last night as some women change their mind. Yesterday the mercury stood around ninety, and this morning it had tumbled down to pretty nearly the fifty mark. People shivered going to work this morning and said things about the weather because it was so cold. Incidentally they had also been saying things yesterday, because it was so hot. This shows what a complete thing the human mind is and what a fickle old fellow the weather man is. Since yesterday there has been a change in the temperature of twenty-five degrees. This is an unusual drop.

FOR A GOOD OUTING

Come with St. Luke's Congregation and Sunday School Excursion to Jubilee Point, on Tuesday, July 14th, per Str. Otonabee. Leaves Peterborough Wharf 8:15, Ashburnham Wharf 8:30. Adults 50c. Children 25c. 3d

HOLIDAYS

The holiday season is now on. There is scarcely a place of business in the city where one or more employees are not absent having their annual two weeks' vacation. This condition of affairs started about July 1st and will continue until the middle of September. And there are many at work who would like to be holidaying but their turn will come next.

Felix Shreves of Raleigh township, is accused of stabbing a neighbor with a pitchfork.

LINDSAY BAND MAY DISBAND

Council Refuses to Make Grant and There is Trouble in the Air

Lindsay is likely to lose the Sylvester band unless some action is taken at once. The Town Council has refused to grant $200 asked for, and as a result the band is likely to disband. The following editorial appears in the Warder in connection with the matter;—

The question confronts the citizens of Lindsay at the present time. Owing to the action of the council at the monthly meeting last night in refusing to consider the request of Mr. Sylvester, "that the advisability of giving an extra grant of $200 to the Sylvester band be reconsidered," that gentleman has practically decided to call in the uniforms and instruments of the said band. The band is indebted to Mr. Sylvester to the extent of a few hundred dollars and Mr. Sylvester asked the Council to help the band out in paying the debt. The council having already once shelved the matter re the extra grant refused by vote to again open the discussion on the matter.

As the matter now stands, Lindsay is about to lose the services of a very capable and thoroughly efficient bandmaster, and Mr. Sylvester in calling in the instruments, the band will become practically defunct.

The question is a serious one, and it is time that some action was taken.

PICNICKERS HAD FINE TIME AT IDYL WYLD

Annual Outing of George St. and Grace Church Sunday Schools Was Very Successful

The annual excursion of the Sunday Schools of George street and Grace churches was held yesterday to Idyl Wyld. The steamer Otonabee carried the picnickers and a most enjoyable time was spent. A large number were in attendance and it was a great day for the children. In the afternoon a programme of sports was carried out, one of the features being a baseball match between two teams of boys. The results of the races were as follows;

Junior boys primary department—Harry Dugan, Norman McCall.

Junior girls, primary department—Annie Bubner.

Senior boys, primary department—Harold Henry, Harold Howland.

Senior girls, primary department—Maggie Cunningham, Margaret Smith.

Boys, 10 years and under—Charlie Elliott, Clifford Lowes.

Girls, 10 years and under—Olive Regan, Florence Johnston.

Girls, 14 years and under—Stella Sherwin, Eva Outram.

Boys, 14 years and under—Vernon Miller, Lester Pearson.

Girls, 17 years and under—Verna Merrell, Eva Outram.

Boys, 17 years and under—Verbon Miller, Howard Outram.

Young ladies race—Grace Gray.

Three legged race—Vernon Miller and Lester Pearson.

Boot race—Gordon Bennett.

Hop, step and jump—Vernon Miller.

Consolation race, primary department—Charlie Armstrong, Douglas Shrigley.

Men's race—R. J. Eoden.

The ball game was between teams captained by Willie Thornton, and M. Pearson and was won by the latter nine, by 10 runs to 8. It was an exciting game. The teams were as follows;

THORNTON—
Moran c.
Lowes 1b.
Parnell p.
Thornton 2b.
C. Lowes 3b.
L. Pearson ss.
Johnston lf.
Armstrong rf.
Oke cf.

PEARSON—
Regan c.
M. Pearson 1b.
Mulhern p.
Hill 2b.
Outram 3b.
V. Pearson ss.
C. Miller lf.
V. Miller rf.
Morrow cf.

By Innings.

Thornton's— ....—14021—8
Pearson's— ....—01405—10

The game went five innings and was close all the time. Rev. E. A. Pearson was umpire.

Great credit is due the committee in charge of the excursion.

The annual excursion of All Saints' Church will be held on Thursday next, 9th inst. to Stony Lake, Leaving G. T. R Station at 8.30 a.m. Tickets 65c, Children 35c. d2

OBITUARY

INFANT EXPIRES.

The many friends of Mr and Mrs. Michael Conway of Ennismore, will sympathize with them in the loss they have sustained by the death of their infant son, Daniel Joseph which occurred yesterday. The child was six months old.

The funeral took place this afternoon at 3 o'clock to St. Martin's cemetery.

MRS. HARRY PHELAN

The death occurred rather suddenly last evening at twenty minutes to six, of Margaret Nagle, wife of Ald. Harry Phelan, 335 Rubidge street. Although the deceased had been in poor health for some time, her demise was unexpected, and came as a great shock to her host of acquaintances.

The late Mrs. Phelan was 37 years of age and was the second daughter of the late Richard Nagle, who was a well-known lumberman of Ottawa. She was married to her now surviving husband twenty years ago. He with one son, Nagle, is left to mourn her loss. Two sisters, Mrs. M. J. Brophy and Mrs. H. J. Friel of Ottawa, survive her.

The funeral will take place tomorrow morning at nine o'clock to St. Peter's Cathedral and thence to the Roman Catholic cemetery.

CRESSMAN'S--THE STORE THAT NEVER DISAPPOINTS

WINDSOR AS A GRETNA GREEN

Six Hundred and Seventy-two Marriages There in Six Months

Windsor, Ont. July 7—Returns for the half year ended June 30, and made public today by the city clerk, show a new high-water mark for weddings in this city whose fame as Gretna Green, continues to spread apparently. From January 1st to July 1st, six hundred and seventy-two marriages were solemnized here, a great majority of course, being those of non residents. There were 202 births reported in the same time, and 122 deaths.

WEDDING BELLS

HARPER—ALLEN

On Dominion Day, at the home of the bride's parents, Mr. and Mrs. Geo. Allen, Smith township, Peterborough county, the marriage of their daughter, Miss Clara, to Mr. Ernest Cephas Harper, eldest son of Mr. and Mrs. James Harper, of Camborne, near Cobourg was celebrated. About one hundred guests were present. Rev J. Bedford, of Lakefield conducted the ceremony. The bride was given away by her father, and was attended by her sisters as bridesmaid, while a little niece, Miss Willa M. Pethick, was flower girl, and the bridegroom's little brother, Eric Harper, was ring-bearer. Mr. Dansen B. Sherwin was the best man. On the return from the honeymoon Mr. and Mrs. Harper will reside near Camborne.

The Athabasca and Alberta, of the C.P.R. lake line, are to be temporarily withdrawn.

Henry Parent, of Gloucester township, found the body of an unknown man in his well.

The management of the Savoy and Bennett theatres have ended their vaudeville war.

MAY BE HEIR TO NINE MILLIONS

Man Who is in House of Refuge May Own Site of Town of Delaware

Chatham, July 8.—A story comes from Kent county House of Refuge that Richard Depew, who was committed to the refuge from Bothwell in 1904, is heir to $9,000,000. Depew according to the story, backed by lawyers is the rightful owner of the town site of the city of Delaware Ohio. Delaware townsite was granted to Depew's grandfather but his rights were usurped by others. Richard always knew of the ownership often speaking of it to his friends, who laughed that a man claiming so much should be poor and in the county house of refuge. However, a short time ago, word came from a firm of lawyers in Delaware making the inquiry as to the heirs of the first Depew, when Richard learned that he was the sole heir. Since then the legal firm has been looking after his rights, and expects to see them satisfactorily settled ere long.

C. G. Bend has been re-elected president of the Hamilton Trades and Labor Council.

The engagement is announced of Miss Henrietta J. Byers, second daughter of Mr. and Mrs. Joseph Byers, of Harmony Hall, Rice Lake, Bailieboro, Ont. to Mr. James Greer, Oxbow, Sask. The marriage will take place quietly in Winnipeg on July 15.

AGAIN---Our Immensely Popular
THURSDAY FOUR HOUR SALE

We are perfectly justified in describing our Thursday Morning Four Hour Sales as "immensely popular." They never fail to win an enthusiastic response—never fail to bring crowds of shoppers hurrying to our counters. And the fact that those same shoppers come hurrying back each succeeding Thursday is proof abundant that they always leave the Hour Sales happy in the sense of having made worth-while goods. Yes, they are "immensely popular," and there's nothing that makes them so except the fact that only goods of quality—fresh, seasonable and dependable—figure in them.

Here's the list for to-morrow. Run over the items. Check the ones that interest you. Come for them promptly during the hours designated for their selling. See hand bill for complete list.

Store Closes as usual—12 o'clock noon

BIG BLACK BEAR SHOT BY FARMER NEAR GULL LAKE

A large black bear was shot by Nelson Windover near Gull lake last Friday. Bruin was an unusually big fellow and if he had been fat would have weighed at least 400 pounds. Mr. Windover was somewhat surprised to see two black bears on the rocks near his home and securing his rifle he gave pursuit. The bears made off when they saw the man approaching, and one of them escaped into the woods. Mr Windover, however, overtook the other one and brought it down with his rifle.

It is not often, even in the north country, that bears approach so near to the habitation of man.

FIRST YEAR PUPILS TO RECEIVE FREE TUITION AT THE NEW COLLEGIATE

Revision of Fee Schedule Adopted by Board of Education Last Evening—Many Changes—Dr. Burnham Donates Scholarships to Replace Those Removed by New Schedule

At the Board of Education meeting last night the Supervision Committee presented its report and in which will be noted a number of changes which, no doubt, will be read by citizens with interest and satisfaction. Henceforth first year pupils will be admitted to the Collegiate Institute free of charge. Mr. Crane, in moving the adoption of the report, stated that pupils not intending to take a full high school course might receive a year's free tuition at the Collegiate and therefore would be better fitted for their life's work. Poor citizens' children would have a chance to receive a good education.

THE REPORT

The report is as follows;

Chairman and Members of the Peterborough Board of Education;—

Gentlemen,

Your Supervision Committee beg to report and recommend as follows;

That the schedule of fees paid by pupils of the Collegiate Institute now in operation be rescinded and that the following schedule be adopted on September 1st next.

Pupils of first form, free.

Pupils of second form, $5, payable $3. Sept. 1st, $1.00 Jan 1st and $1 April 1st.

Pupils of third form, $8.00 payable $3.00, $2.50 and $2.50.

Pupils of the fourth form, $10.00, payable $4.00, $3.00 and $3.00.

All fees must be paid within due dates.

2.—That no change be made at present in connection with the admission of county pupils.

JNO. CRANE,
Chairman.

The reading of the report was followed by some discussion.

Dr. Morrison thought that the matter of the admitting of county pupils should be settled at once.

Mr. Hill did not think so. He thought that it would be a fine thing for them to come in but he was afraid they were going to have too many city pupils since the revision of the fee schedule. Forty or fifty pupils in the first form were too many.

Mr. Dumble thought that the matter should be left over till January. They would know better what to do then.

The matter was left stand as the report read.

Upon motion of Mr. Crane and Dr. Morrison, the report was adopted.

DONATES SCHOLARSHIPS

By admitting pupils for the first free of charge, the scholarships given to the boy and girl passing highest at the entrance examinations, consisting of a year's free tuition at the College will be defunct.

At the meeting last night Dr. Burnham very kindly offered to give scholarships of five dollars each to the boy and girl passing highest.

This offer was greeted with applause by the members of the Board and Dr. Morrison moved, seconded by Mr. J. Crane, that a vote of thanks be tendered Dr. Burnham for the kindly interest manifested in the interests of the pupils.

See Mac Pherson's North Window for Bargains. Roast Pans 15c, Long Handled Dustpans 25c. We sell the New-Perfection Blue Flame Oil Stove.

CHARGE WAS NOT PROVEN

Bell Boy Allowed to go on Charge of Stealing Five Dollars From Local Hotel

A bell boy of one of the local hotels was charged at the police court this morning with stealing a sum of money amounting to about five dollars from a room in the house. Mr. G. N. Gordon appeared for the youth and pleaded not guilty. The lad was allowed to go with a warning as there was no direct evidence against him. He was seen coming out of the room but as several others had also been in the room it could not be proven that he had taken the money.

NOTICE TO BUILDERS

Tenders will be received up to noon on the 16th inst. for the erection of a rectory for the parish of St. John's Peterborough the plans and specifications for which may be seen at the office of Mr. J. E. Belcher, architect, city, between the hours of 10 a. m. and 5 p.m. Tenders to be endorsed "Tenders," and addressed to the undersigned. The lowest or any tender not necessarily accepted.

P. CAMPBELL,
Chairman of Committee. 3 tod

SPORTING NEWS

THE PETES PUT IT OVER STRONG TEAM FROM WHITBY

Before a fair crowd, the majority of which were Whitby fans, the Peterborough nine defeated the Whitby aggregation by the score of 6—2, at the Riverside grounds yesterday afternoon. The game was rather listless in spots, although the infield work of the teams, particularly that of the locals, was of a stellar variety. Both Hawkins, of the locals, and H. Rosser, of the visitors, were touched up frequently but the fine support given to the former was responsible to a large degree for the victory of the local nine. The visiting team was reinforced by Toronto and Bowmanville, including Pitcher Rosser, of Toronto Park Nine, and Catcher Andrews, of Oshawa, while the locals presented a rather patched up formation. In the hitting line the Peterboroughs had rather the best of the argument, securing a total of ten safe bingles from Rosser, while the local artist held the visitors down to five hits. The infield of the Whitbyites contributed five errors in places where putouts might have saved the game, and of the three charged up to the locals one by Craig gave a run to the visitors. The feature of the game included a long drive for a home run by Johnston, of Whitby, a brisk double play, O'Brien to Craig to Lawson, and the fielding of Maddock, the local short stop.

The summary was as follows:

PETERBOROUGH.

	AB.	R.	H.	E.
Barns	4	2	3	0
Murphy	4	1	1	0
Maddock	3	1	2	0
O'Brien	4	0	0	0
Lawson	4	0	1	0
Edmunds	3	0	0	0
Hawkins	4	1	1	1
Craig	4	0	1	2
Clemmets	4	1	1	0
	34	6	10	3

WHITBY.

	AB.	R.	H.	E.
Smith, rf.	4	0	0	0
Hambly, cf.	4	0	0	0
Williams, 1b.	4	0	0	0
C. Rosser, ss.	4	1	1	2
James, lf.	2	0	2	0
H. Rosser, p.	4	0	0	0
Andrews, c.	4	0	1	0
Hooper, 2b.	3	1	1	1
Johnston, 3b.	3	0	0	2
	32	2	5	5

Home run, Johnston; bases on balls, off Rosser 1, off Hawkins, 0; struck out by Hawkins, 4, by Rosser 7; first base on errors, Peterborough 5, Whitby 3. Double play O'Brien to Craig to Lawson.

STACEY IN FINE TRIM FOR RELAY RACE ON THE 13TH

Stacey, the winner of the Lindsay walk, called on the Review this morning in company with Jim Harrison, and in conversation with the sporting editor, remarked that he felt sure the track at Lindsay had been measured properly and that he actually walked all the distance credited him. He states it was gone over three or four times and each time found to be the same as the first measurement showed.

He is feeling well for his race against five men at the Brock street rink on the evening of the 13th. His competitors will be picked from the fastest walkers who take part in the one hour race for the championship of the county in the afternoon.

Stacey, who has earned such a reputation as a brilliant walker in so short a time, should be a big attraction when he walks here. It will be quite a treat to see him perform and compare his work to that of the celebrated Hoagland.

He is 6 ft. 3 1-2 in. in height and a good looking fellow.

REYNOLDS WILL BE ACCOMPANIED

By Hoagland on His Trip to Toronto on September 10th

Jimmy Reynolds is arranging a bet of $500 against $1000 that he can make the trip to Toronto and return in 33 hours on September 10. Hoagland has promised to accompany Reynolds on the trip and the walking barber is confident of success. The company of Hoagland will be a big help to Reynolds as the world's champion will know how to look after the plucky Port Hope ped.

Harry York, of Smiths' Falls, was drowned from his canoe.

LOOK HERE!

Something new for Peterborough—Hats Cleaned by Electricity. If you have an old hat, bring it to the Peterborough Shoe Shining Parlors, 330 George Street, and we will make it as good as new. A trial order solicited. Telephone 512.

LOUIS YEOTES, Proprietor

WALKING

THOSE WALKS.

To the Sporting Editor of the Review.

Sir,—Too many cooks spoil the broth, and too many walking matches will kill the game deader than a door-nail, and that's reported to be dead enough. There seems to be some people around this diggings who have gone crazy on walking and are arranging tournaments and all kinds of walking races by the score. They should slow down and get their balance again. Can't they see that they are hurting the game. The people want good matches and everyone pulled off that is not a success is a black eye to the sport. Neither the Lindsay or the Port Hope walk was a success and the game has been injured. These walk promoters should take a long walk themselves and then perhaps they would have better judgment.

Yours,
R. U. A. WALKER.

James Delaney's barn, near Erin, was burned by lightning.

THE UNITED AGENCY COMPANY, Limited
(Insurance Department)

Have you seen the GREAT WEST LIFE'S NEW POLICY? The best policy issued. The GREAT WEST LIFE is paying bigger interest on the money invested than any other Company, therefore it is the best.

WE EMPHASIZE THE FIVE POINTS THAT COUNT:

1.—THE LARGE BUSINESS WRITTEN—Indicates the public view of the GREAT WEST LIFE POLICIES. 2.—THE DIMINISHED COST OF SECURING THIS LARGE BUSINESS. 3.—THE LOW DEATH RATE, endorsing the careful practice of the Company in accepting risks. 4.—THE LARGE INCREASE OF OUR ASSETS. 5.—THE HIGH RATE OF INTEREST EARNINGS ON INVESTMENTS.

All this is to the advantage of the policyholders. It is for you to make application. Why not get the best?

We are representatives for several first class FIRE COMPANIES, in addition to LLOYD'S PLATE GLASS, THE UNITED STATES FIDELITY AND GUARANTY COMPANY and the old, reliable RAILWAY PASSENGERS ACCIDENT CO'Y OF LONDON, ENG.

427 GEORGE STREET

THE PRESS TELLS ALL ABOUT IT

Under the heading of unfairness of sport the Lindsay Free Press has the following rather amusing review of the walking situation in which it is stated for reasons unknown that Jim Harrison, Chas. Stevens, Stacey and others will in a short time beat Hoagland, the "invincible" ped;

The bitter defeat of Davie Hartley in the local rink by a bunch of boys has aroused much sympathy around town for this old pedestrian, who coupled with Jimmy Reynolds, is the founder of walking in Canada. Jimmy Reynolds used to walk considerable, but nothing was ever thought of the game until Davie Hartley made his famous walk—Peterborough to Toronto and return—beating Reynolds' time. Then walking commenced in real earnest and we see Jim Harrison, Chas. Stevens, Stacey and many others coming out on the horizon, and will in a short time beat Hoagland, the invincible ped. The people have not been any too kind to Hartley and Reynolds and have heaped upon them many sneers. Slater has gone down and Hoagland is bound to follow, and it is hoped that these men who have done so much for walking or any other sport, will be looked upon with respect in their old days, when they have to make room at the top for the younger blood.

CONNIE MURPHY AS A COACHER

"Connie" Murphy is the champion coacher of the Midland League. When he gets back of first or third base and lets loose he provides all kinds of amusement for the fans and is likely to get the opposing pitcher up in the air. "Get Murphy on the coaching line" has become a slogan with the fans, and when he has taken his place the fun commences. "Murph" has a great line of talk and puts life into the game. When the excitement gets worked up he turns handsprings and cartwheels and performs other circus stunts.

MUCH PRAISE FOR HARRY BURRIDGE

Youngstown Fans Have Never Seen a Player Develop so Rapidly—Has a Great Future

Under the heading "Burridge Big Find," the Youngstown Telegram contains a cut of Harry Burridge the former Peterborough back stop, along with the following reading matter;

"Harry Burridge is one of the big finds of the season. Local fandom has never seen a player develop faster than he has. The little catcher has made good because he is a willing worker and listener. There isn't a lazy bone in him and he has never failed to pay heed to the advice of an older and more experienced mate. Burridge has the build and the nerve of a future great. He bids to become one of the league's stars in a couple of seasons.

"Burridge was warming up with Jack Compton when the Telegram staff photographer caught him."

ANOTHER BIG WALK PLANNED

To Take Place in Mutual St. Rink Toronto Under Management of Reynolds and Howard

Arrangements are being made to hold a four day walk in Toronto at the end of August or beginning of September. The walk will be under the management of Messrs. J. Reynolds and W. A. Howard, of Port Hope the promoters of the recent walk that took place in Port Hope, and will be held in the Mutual street rink. It will be open to the world.

GOLF

The Peterborough golf club will play the return game with the Lindsay golf club on Thursday afternoon next at the golf links. It is anticipated that this game will be a good close contest and will be something worth seeing by golf enthusiasts. —Lindsay Free Press.

The following is the Peterborough golf team to play at Lindsay tomorrow; C Hill, S Ray, R Neill, H D Burnett, A H Stratton, W H Derham, A Mowatt, T M edd, W H Blanchet, captain; P Campbell, R G Fairie, W. H Bradburn, T F Matthews, W. G. Morrow, Dr. Gowan, R Waddell, J Crane, George Lundy.

BASEBALL MATCH ON JULY 13TH

Fast Toronto Team Will Meet the Petes at Riverside Park in the Afternoon

A baseball match will be payed at Riverside Park on Monday, July 13th, between the Peterboroughs and a fast Toronto nine. As that is the day of the big Orange demonstration a monster crowd will likely see the game. Just who the Petes' opponents will be has not yet been decided but a fast nine will be secured, probably the Park Nine, with Fred Hickey pitching.

The Lindsay Widewakes will be here for a game with the Petes next week.

BOTH TEAMS WILL BE VERY STRONG

Athletics and Petes Will Furnish a Great Contest Saturday Afternoon

The Athletics will have the strongest team of the season when they meet the Petes at Riverside Park on Saturday. Just where they will strengthen is not known but it is whispered around that they will have a bunch that will be able to take a second fall out of the league leaders.

The Petes will also have a strong line up and a battle royal can be expected. Jack Rosevear of Port Hope will likely hold the indicator.

TWO GAMES IN CITY LEAGUE

Lakeviews vs. Straths. and T.A.S. vs. Y.M.C.A. on Saturday

The city league games scheduled for the coming Saturday are; Lakeviews versus Strathconas, and Y.M.C.A. vs. T.A.S. Both games should be of the sizzling nature. The Lakeviews are right in the running for the championship, and a win for them will be a big boost for their stock. They will make a big attempt to win, and the Straths can be depended upon to furnish their share of the excitement.

The Y.M.C.A. has had a winning streak lately and intend taking a fall out of Manager Derocher's nine. It will be some fun to see what will happen.

SHE SEEKS TO FIND HER FATHER WITH THE AID OF HER VIOLIN

she seeks her father

A pathetic little figure is Mollie Heppenson, six years of age, who earns a living for herself and her mother by playing her violin on the East Side of the great city of New York. It is no sham. Her father and her sister Flora went away — disappeared mysteriously — were carried off, Mollie and her mother think. Like King Richard's Minstrel, Mollie seeks to find them again with the aid of her music. She plays marvellously. Her tone is ravishing. She is a veritable wonder-child, but she plays on always hoping that in addition to the coppers her father or her sister will some day hear he[r] and come to her again. "They know well the voice of my violin. One day they will hear it and then they will come back again, she says simply. But others think that "they in the churchyard lie." It is one of the tragedies of which life is so full.

NIGHT PERFORMANCES WILL BE FEATURE OF LOCAL FAIR

There will be night performances in connection with the Peterborough fair on September 17th, 18th and 19th. First-class attractions are being booked, and it is expected that the entertainment before the grand stand in the evening will prove very popular. The main building, poultry show and other buildings and exhibits will be brilliantly lighted at night so that those who are unable to attend the fair during the day will be able to do so at night. The talent being secured to appear before the grand stand is said to be of the highest order of merit.

The directors of the fair are hard at work and state that arrangements are coming on nicely. Everything points towards the success of the fair.

MR. JOHN RIDDELL HAS RESIGNED PRESIDENCY OF CHEESE BOARD

The Vice President, Mr. John Coughlan, Elected as His Successor—Buckhorn and Missing Link Erased From Board for Selling Outside—11 9-16 Highest Price at This Morning's Meeting

There was lots transpired at the meeting of the Peterborough Cheese Board this morning. President Riddell resigned his office to become a buyer, and Mr. John Coughlan, 1st vice-president, who has so ably officiated at the blackboard, was elected president in his stead. On account of their selling off the board, the names of two factories, Benfort and Missing Link, were erased.

Mr. Riddell said before the sale opened, that he had placed his resignation in the hands of the Board. It had been known, he said, in the last week that he would become a buyer and it would not be consistent for him to be both buyer and president. He would still, as at present, represent Bensfort factory. He thanked those who had assisted him during his term of office.

Moved by Mr. Andrews that Mr. Riddell's resignation be accepted.

There were three nominations then made for president, Messrs. Coughlan, Hawthorne and Switzer. Mr. Harrison was of the opinion that the vice-president should be entitled to take the chair.

Quite a discussion as to whether there should be an election or not took place, and it was decided that there should be. There were 7 votes cast for Mr. Switzer, 1 for Mr. Hawthorne and 12 for Mr. Coughlan. Mr. Coughlan then took the chair. He thanked his supporters for assisting him. Mr. Anderson was elected to preside at the blackboard on account of that position being rendered vacant by the appointment of Mr. Coughlan as president.

Warminster's representative stated that in the future the cheese from that factory would be shipped from Lakefield, and asked the buyers to remember the fact.

Mr. Fitzgerald opened the bidding at 11 1-4; Mr. Gillespie went the highest of any of the buyers offering 11 9-16. Central Smith, Westwood and Villiers accepted, and bid 11 1-2 for further selections. Mr. Fitzgerald bid 11 9-16. There was no advance on this and he took Warminster, Benafort, East Emily, Maple Leaf. He offered 11 1-2 for further selections. Mr. Weir bid 11 9-16. He took Keene and Lang. Shearer refused. He made a bid of 11 1-2 for further selections. He selected South Burleigh, Cedardale, Oakdale, Selwyn, Pine Grove and Trewern refused.

This completed Mr. Weir's selections. Mr. Gillespie bid 11 1-2 for further selections, and took Ormonde first. He offered 11 1-2 for Selwyn, but that factory refused. Warsaw went to him at 11 1-2 as did also Trewern. Mr. Weir at the same figure bid for Selwyn and Daisy D., but these factories wanted 11 9-16. He took Oakleaf, Belleville inspection; Otonabee Union, Lakefield, Young's Point, Pine Grove.

Mr. Fitzgerald bid 11 1-2 and named Myrtle, and King Edward. He wanted Shearer, but 11 9-16 was again demanded. Later the original offer from Mr. Fitzgerald was accepted. Selwyn also went to Mr. Fitzgerald at 11 1-2. Mr. Kerr bid 11 1-2. When Mr. Fitzgerald had completed his bidding and took Shamrock, Brickley, Norwood, Killarney and Daisy D., the latter three being given shipment at Norwood. Fleetwood, Cavanville, Crown. Mr. Gillespie bid 11 7-16 for the balance of the board. Fraserville accepted 11 1-2 from Mr. Kerr.

President Coughlan said he believed some factories were selling off the board at board prices. One of these factories was Buckhorn. Should these factories, he asked, be kept on the board? Mr. Kennedy, representing the Buckhorn factory, said the factory paid all legitimate fees and calls of the board. The president said the matter was opened to be voted upon. He stated it was against the rules of the board to sell off the board. Mr. John Duff, of Indian River, said Mr. Kennedy had explained his position, and he regarded it as a perfectly legitimate one.

The president said, however, it was detrimental to the interests of the Board not to have the cheese boarded.

It was decided on vote that Buckhorn and Missing Link factories be taken off the list as they were selling outside the board.

The meeting adjourned until two weeks from to-day to be held again at 11 o'clock.

CHEESE BOARDED

The following cheese were boarded at this morning's meeting:

PILES CURED at HOME by New Absorption Method

If you suffer from bleeding, itching, blind or protruding Piles, send me your address, and I will tell you how to cure yourself at home by the absorption treatment; and will also send some of this home treatment free for trial, with references from your own locality if requested. Immediate relief and permanent cure assured. Send no money but tell others of this offer. Write to-day to Mrs. M. Summers, Box P 62, Windsor, Ont.

SECOND DAY OF SUMMER SCHOOL

Interesting Addresses are Given ---An Afternoon Devoted to Rest and Recreation

Summer School, Chemong Park, July 8—After the usual prayer and praise service yesterday led by the president, Rev. E. N. Baker, M.A., D.D., conducted the bible study, selecting the Book of Hebrews for scriptural references taking for his subject the High Priesthood of Christ laying special emphasis upon the sinfulness of sin and the atonement of Christ.

Evidently Dr. Baker is not a friend to the new theology as outlined by Dr. Campbell of City Temple, London.

This lecture was followed by an address by Rev. Dr. Crews, general secretary of Epworth Leagues and Sunday Schools, dealing with methods of Junior League work being a better understanding and closer sympathy with the life of the boy. The address was practical, interesting and inspiring.

From eleven to twelve a.m. mission study classes were conducted by Prof. E. B. Doxsee, B.A., B.D., of Albert College; Miss Edna Drewry, teacher; and Miss May C. Dobson, Whitby Ladies' College; Miss M. Hamilton, B. A., of Peterborough High School.

The classes were very instructive.

The afternoon session was given to recreation, rest and personal work.

At the evening session, Rev. J. Garbutt, of Bowmanville, addressed the school on "The personal experience of religion as the basis of Missionary work." He laid emphasis on direct faith in God, and real prayer, and the abiding of the Holy Spirit, in the life citing from the lives of Master Missionaries to prove that the coming of God into the consciousness of the human soul has been and is today the sufficient and ever necessary inspiration for missionary work.

The evening session was favored by solos by Mrs. Curtis, of Havelock, and Miss Carrie Renaor, soloist of George street Methodist church, Peterborough, which were well rendered and in keeping with the spirit of the session.

On Thursday evening a delightful excursion will be run from the Park to Bobcaygeon leaving the Park at 5 o'clock sharp, return fare 25c. The public are cordially invited.

Wednesday's programme is as follows:

Morning Session.

8.40 to 9—Prayer service.

9 to 9.45—Bible study.—Rev. E. N. Baker, M.A., D.D.

District Treasurer—James Garside.

District Director of Ceremonies — U. Hawley.

District Lecturer—C H Luffman.

District Deputy Lecturer—William Moffatt.

LETTERS TO THE EDITOR

The Review Does Not Hold Itself Responsible for Opinions Expressed by Correspondents

ON THE SUBLINE

Editor of the Review.

Dear Sir,—Mr. Stratton seems to take a very great interest in the janitorship of the Normal School. Let me ask what business it is of his who is appointed or when the appointment is made? Is he running the Conservative party? I think Mr. Bradburn is quite capable of attending to these things and it would be better if Jim Stratton would mind his own business, for he is very much a back number and ought to know it after the 8th of June. Go away back and cogitate for a while Jim, for no one cares a brass farthing for you. Learn to mind your own business for the Conservative party can attend to its own affairs.

YOUNG CONSERVATIVE.

COMPLIMENTS

To the Editor of the Review.

Sir,—Really it is very amusing to read the editorial in last night's Examiner about the editor of the Review. It does not call him a fool in good plain English, but it does in a roundabout way. Now, if the editor of the Review is a fool, the editor of the Examiner must be a bigger one, as he would not show his ugly temper in this way he has in that article. Do the people of this city remember when the Examiner used to be called the "Smut Machine?" It could, in those days, sling more mud and dirt than any other paper in the province and it hasn't gone back on that record now. If the editor of the Examiner would attend to his legitimate business he would not get trapped over the knuckles so often by the editor of the Review and wouldn't sweat under the collar like he does either. Since the late provincial elections the Examiner has been doing the baby act and I would suggest that not only its editor, but also its proprietor, go away for a good long holiday to some secluded dell where other editors cease from troubling and they would be at rest. Then everybody would have a rest.

CONSERVATIVE.

HARRY REID KNOWS

Wm. Madill, the druggist, does not guarantee Parisian Sage to grow hair on every bald head, but if there is any life left in the roots of your hair, Parisian Sage will stimulate the hair bulbs and cause your hair to grow again. Here is one case. "I am now using the second bottle of your Parisian Sage, and can notice a new crop of hair appearing. I am glad to say it is a darker color than my hair was before I became bald." Harry Reid, 10 Manhattan strete, Rochester, N. Y.

Don't wait till your bald before using Parisian Sage, use it now. Kill the dandruff germ and prevent baldness. W. Madill, druggist, sells Parisian Sage, at 50 cents a large bottle, and he guarantees it to cure dandruff, stop falling hair, and cure all diseases of the scalp, or money back. Parisian Sage is a delightfully invigorating hair dressing; it makes the hair soft, fluffy and beautiful.

METHODISTS OF PORT HOPE

Have Excursion to This City To-day---A Big Crowd Here

The Methodists of Port Hope and their friends are in the city today an excursion having arrived here about half past nine this morning from that town. It is being run under the auspices of the Methodist church. A special train was run consisting of four coaches and each one was crowded. Most of the excursionists remained on the train when it stopped at the station and went on to Inverlea park where games were played and races run off.

LAY HELPLESS IN MUDDY WATER

Wm. Sullivan Fined Two Dollars for Being Drunk Yesterday

William Sullivan, was fined two dollars for being drunk in a public place at the police court this morning. He was found yesterday by P. C. McGinty at the foot of Charlotte street lying in muddy water helplessly drunk. He had a narrow escape from being drowned and had it not been for the timely action of the police officer in rescuing him, he would have been. He belongs to Lakefield.

INVITATION TO BUSINESS MEN

And to Profesional Men to Join in the Excursion to Idyl Wyld on Friday

Lest there be any business or professional man who has not been personally invited to attend the "business men's excursion," to Idyl Wyld on Friday afternoon the Review has been asked to state that all business and professional men will be welcomed and are heartily invited to join in the good time. The steamer Otonabee will leave the wharf at 1.30 o'clock. A fish dinner will be provided at Idyl Wyld.

WEDDING BELLS

THOMPSON-TUCKER

A quiet wedding was solemnized at St. Andrew's manse yesterday afternoon at 5 o'clock, Rev. J. G. Potter officiating. The contracting parties were Mr. Peter Thompson, son of Mr. James Thompson, Inverness, Scotland, and Miss Bertha Tucker, daughter of Mr. T. Tucker, 87 Munter street. The couple was unattended. Mr. and Mrs. Thompson will reside in Peterborough.

THE SYSTEM OF FIRE DRILLING

That Chief Howard Puts His Men Through

The following is the system of fire drill that Chief Howard has inaugurated at the local fire hall;—

1st—Handling the ladders on the ground.

2nd—Raising ladders and mounting the same.

3rd—How to stand on a ladder to work therefrom with ease.

4th—Straddling sill of window to raise short ladder.

5th—To swing the ladder with one window to another.

6th—The use of roof ladders.

7th—How to handle a life-line.

8th—How to couple and uncouple fire hose quickly.

9th—How to replace a bursted length of hose without shutting off the water.

10th—How to lay a line of hose leading into a fire.

11th—The use of siamese couplings.

12th—How to make connections to engine or hydrant.

13th—The art of knowing how and when to turn on the water.

14th—How to fight two fires at the same time in different districts.

15—How to enter a burning building.

16th—How to prevent suffocation by gases and smoke.

17th—How to hold a jumping net, or life net.

18th—How to carry persons out of a burning building, and down a ladder.

19th—How to care for injured persons.

20th—The economical use of Chemical Fire Extinguishers.

21st—The use of signals by day and night.

22nd—How to prepare for the next fire.

PERSONAL

Mr. W. H. Cook, Stirling, is at the National.

Mr. Jos. Goodman, Toronto, was in the city yesterday.

Mr. A. H. Rose, Montreal, is registered at the Snowden House.

Mrs. T. B. Mangece and son Earl, are visiting relatives in Lindsay.

Mrs. Amys and little son are guests of relatives in Lindsay.

Mr. Frank H. Beach and wife, Medina, N.Y., were in the city last night.

Messrs. H. T. Reave and W. G. Jewell, Port Hope, registered at the White House this morning on their way to the lakes.

Mr. R. A. Page and wife, Geneseo, N.Y., were in the city yesterday. They are on an automobile tour through this part of the country.

Mr. J. W. Moore and son, Buffalo, have gone to Rice Lake where they will prepare their cottage at Harwood for the summer vacation. They will be joined later by Mrs. Moore and the rest of the family.

TOWNSPEOPLE FIGHT WITH CIFCUS MEN

Cole Bros. Circus in Trouble at Woodstock N.B.—Militia Called Out

Woodstock, N.B., July 7.—In a fight between townspeople and constables on one hand and employees of Cole Bros.' circus on the other this afternoon on the grounds where the circus was showing, Constable Harvey Johnston received a blow on the head with a heavy weapon and is in the hospital. One circus employee is under arrest. Several people were injured. The trouble followed complaints of short change at a ticket wagon. For a time things looked so bad that 21 special constables were sworn in and Mayor Balmain called on Col. Dibblee in command of the local militia, to order the troops out. Col. Dibblee declined as the trouble had then subsided. Some fifty citizens, however, armed themselves and went to the grounds but left on the order of the sheriff, and his notification that the trouble was over. The night performance was not given by the circus and the show left for Fredericton.

PRINCE RUPERT A PECULIAR TOWN

Has No Town Lots, no Saloons, no Lawyers and no Disturbances

The Review has received a copy of "The Empire," published at Prince Rupert, in which the following interesting item appears:—

For the information of the hundreds on the outside who will read this issue of The Empire it is stated—1. Prince Rupert has a population of 500, and about 500 more are working on the railroad within 25 miles. 2. There are but two buildings in Prince Rupert that front on streets; all other buildings will have to be torn down or moved when the townsite is surveyed into lots. 3. It is likely the surveying will be commenced in July. 4. There is no one here who knows anything as to when the lots as surveyed will be placed on the market, how they will be sold, or what price they will be sold at. 5. There are no organizations in Prince Rupert except a Citizens' Committee [illegible] Knoxville. Prince Rupert is the largest town in America that is simply a railway construction camp built on an unsurveyed townsite. It has stores, hotels, restaurants, churches, a bank, a school, a custom house, a postoffice, electric light, water, sewer, doctors, a newspaper; but no town lots, saloons, no lawyers, and no disturbances.

THE GOLDEN LION STORE

Fair's Great Annual July Stock Reduction Sale All This Month

Summer Goods of every description are under the ban--Linens, Cottons, Towels, Sheetings, Quilts, Comforters, Gloves, Underwear, Hosiery, Ribbons, Prints, Cotton Dness Goods, Silks, Dress Trimmings, Millinery, Whitewear, Blouses, Summer Dresses, Tailored Suits, Carpets, Rugs, Mattings, Curtains, Linoleums, Oilcloths, etc. Prices on many lines are placed at LESS THAN THE COST TO MANUFACTURE. MANY REPORTS ADOPTED AT MEETING OF SCHOOL BOARD

Regular Monthly Session Last Evening—Much Business Transacted—Accounts Presented and Ordered to be Paid—Communications.

During the summer months any repairs and changes will be effected in the different public schools of the city. At the school board meeting last night, Mr. B. F. Ackerman, chairman of the property committee, presented the following report, which, upon motion of Mr. Ackerman and Dr. Morrison, was adopted:

The Board of Education:—

Gentlemen,

Your Property Committee beg to recommend the following repairs for the different schools:

EAST CITY SCHOOLS.

1—The walks need repairing.

2.—Water connection should be made with the main building and a basin put in for the benefit of the students.

3—The windows of Miss Coveney's room should be fixed so that they may be lowered from the top.

4.—Mr. Kelly's room needs reseating. Good desks may be secured from the old Collegiate building.

QUEEN ALEXANDRA SCHOOL

1.—Two or three loads of fine gravel would greatly improve the cinder path near the rear door of the building.

2.—Shelves will have to be put up for the kindergarten supplies.

3.—Some of the fire bricks in the boiler are misplaced.

4.—There is no simple means of heating water in the summer for the purpose of scrubbing.

5.—The hole in the concrete floor of the boys' basement needs repairing.

6.—The desks belonging to the King Edward school will have to be taken away and be replaced by those belonging to the school.

SOUTH CENTRAL SCHOOL

1.—There is no walk of platform in front of the building for the children to line up upon during fire drill.

2.—The whole yard needs a covering of fine gravel, as it is very muddy in spring and autumn, and the children track in so much mud that the caretaker finds it almost impossible to keep the floors clean.

3.—A solid partition between the kindergarten room and the primary room would deaden the noise and greatly improve matters.

4.—The caretaker reported that one of the furnaces was badly in need of repairs.

5—Some small patches of loose plaster need fixing.

KING EDWARD SCHOOL

1.—The north-west room on the second floor is not properly heated. Something should be done to make this room comfortable in winter.

2.—The sewer drain from the school to the street is not yet repaired.

3.—The seats used by the collegiate students at the Queen Alexandra school will have to be brought back and put down

4.—There is no simple means of heating water in this school.

WEST WARD SCHOOL

1.—This school needs a basement and closets.

CENTRAL SCHOOL

1.—The stairway leading to the inspector's office needs repairing.

2—There are some bits of plastering to be done.

3.—The principal's room needs a new set of blinds.

4.—A few loads of earth will be required to fill up a depression near the boys' entrance of the old collegiate building.

5.—If the kindergarten class and Miss Carey's class be transferred to the old collegiate building, some painting should be done to brighten up the rooms to be occupied by these classes.

6.—If manual training be introduced, the board should definitely decide upon the rooms to be used.

7.—The caretaker might improve the desks by giving them a coat of oil

8.—The caretaker wishes the rooms to be lighted with electric light so that he may be able to keep them properly cleaned.

With the exception of the suggested improvements to the West Ward School, the others should not involve much of an expenditure.

All of which is respectfully submitted.

B. F. ACKERMAN,
Chairman.

Mr. W. H. Hill moved, seconded by Mr. J. Crane, that a new system of heating and ventilation be installed in the West Ward School, and that a new concrete walk be constructed at the South Ward School and all other repairs made in the schools as are deemed advisable by the property committee.

This motion was adopted.

Mr. Ackerman thought that there should be a good man employed to look after the schools during the holidays. The matter was left in the hands of Mr. Ackerman to deal with.

LITTLE BOY WAS NEARLY DROWNED

Lad Named King Had a Narrow Escape in the Lindsay Locks

Special to the Review

Lindsay, July 7—A little lad named King, was almost drowned while in swimming at the locks yesterday. The tug Beaver was in the locks at the time. The young fellow, who is by no means an expert swimmer, undertook to do a diving stunt that would be sure to excite general admiration. He dove into the water behind the tow boat. The waves proved to be a little stronger than King had bargained for He could not battle with them, and began to sink. One of the men of the tug ran to his assistance and caught him when he came up the first time. He was unable to hold him however, and the little fellow sank again. When he came up the second time the man secured a firmer grip and pulled the well-nigh exhausted boy out of the water

---

Tuesday evening at five o'clock the Bridge Commissioners will give the gravelling of the thoroughfare at this point, the material to be secured at Wood's pit.

Lightning struck the Grand Union hotel stables at Lindsay and they were completely burned.

A mail service will be established between Hamilton and Welland on the T., H. & B. Railway.

George Cook, who stole $35 from a room in the Queen's Hotel, Dutton, was sentenced to eight months.

DRINK JOHNS' TEA

PETERBOROUGH, ONT., CANADA, THURSDAY, JULY 9, 1908
TEN CENTS PER WEEK

LAND FOR THE PROVINCES BOUNDARIES ARE EXTENDED

Sir Wilfrid Laurier Submits Important Measure to the House—Ontario to Get Part of Keewatin Territory—Manitoba Extended North While Quebec Gets all of Ungava.

Ottawa, July 9.—Sir Wilfrid Laurier gave notice last night of the resolutions to extend the boundaries of Manitoba, Ontario and Quebec.

Briefly the Manitoba boundary is to be extended north of the 60th parallel, the northern boundary of Alberta and Saskatchewan. Ontario is to get that portion of Keewatin east of a line about 80 miles east of Cape Tatnam on Hudson Bay to the northeasterly corner of the Province of Manitoba. Quebec gets the whole of Ungava.

The resolutions say nothing of the school question. The increased allowance to Manitoba is to be the subject of negotiations.

The new boundaries are described as follows:

Manitoba.

The northern boundary to be the 60th parallel of latitude, the western boundary to be the present eastern boundary line of the Province of Saskatchewan to the said sixtieth parallel, the eastern boundary to be the present eastern boundary as far north as the northeast corner of the province, thence on a straight line to the most eastern point of Island Lake, and thence on a straight line to the point where the 89th meridian of west longitude intersects the shore line of Hudson Bay.

Notwithstanding the extension of territory above described the ungranted lands of the crown in the territory to be so added to the said province will still continue to be administrated by the Government of Canada for the purposes of the Dominion and the said province will not have the public land as a source of revenue. It is just and equitable to recognize the increased cost of civil government which such extension of territory will occasion to the province and in view of the premises to make to the said province an increased allowance by money payment, the amount of which should be the subject of negotiation between the Government of Canada and the Government of Manitoba.

Ontario.

Upon the Legislature of the Province of Ontario consenting thereto, it is expedient to extend the boundaries of the said province, upon such terms and conditions as may be agreed to by the said Legislature and by Parliament, so as to include all the territory to the north of the said province, lying between the extended boundaries of, as above described and the waters of James Bay and Hudson Bay.

Quebec.

Upon the Legislature of the Province of Quebec consenting thereto, it is expedient to extend the boundaries upon such terms and conditions as may be agreed to, so as to include all territory north of said province, known as Ungava and extending to the waters of James Bay and Hudson Bay, and the entrance thereto from the sea.

Land Bill Passes.

The land bill of Oliver's was given its third reading last night. It was held over last week on a technicality. The Speaker ruled that the bill was in order and Mr. Lake's amendment to set aside lands for higher education was voted down.

Mr. Herron moved an amendment that the head of a family need not personally reside six months in a year for three years before taking out his patent, as required by the act, but might leave his family in possession. This was voted down. The bill then passed.

The House divided at 11 o'clock last night, on motion to adopt the report of a special committee on the Hodgins' enquiry.

Mr. Lennox moved that the matter be referred back to committee to continue the enquiry, and a long debate ensued, all members of the committee, Messrs. Geoffrion, Macdonald, Carvall, Baker, and Lennox and Mr. Northrup speaking on the question.

THE MONEY THE CITY WILL REQUIRE FOR THIS YEAR

Estimated Expenditure is $163,975.95—Actual Expenditure to June 30th is $86,918.89.

The following statement of actual and estimated expenditures and receipts has been prepared by the city treasurer;

THE SOCIALIST TALKS FROM CELL

Socialists Nominate Convict Serving Time for Murder.

Carson, Nev., July 9.—M. R. Preston, who is serving 25 years in the state prison for murder, and who was nominated by the Socialist-Labor party at New York for President of the United States, gave out an interview from his cell yesterday.

"I am not greatly surprised at the action taken in the matter by my party," he said. "In fact, I was aware they would recognize me in some way or other. I am a Socialist from the ground up.

"While I am not at liberty to make a statement covering my nomination owing to instructions from my counsel, Judge O. N. Hilton, I am willing that my name shall remain at the top of the ticket.

"If Mr. Hilton desires that I withdraw from the nomination, I will."

Cleaning Out Blind Pigs.

Cobalt, July 9.—Chief Caldbeck and License Inspectors Morrison and Blackwell were successful in rounding up about forty blind pigs and twenty-seven convictions will be the result. The fines totaled $1,750.

The names of the defendants found guilty of selling liquor without a license are as follows: Stafford Green, two cases, $100; John Morwin, two cases, $100; Wm. Brown, three cases, $150; John Doyle, one case, $75; Jas. Stewart, two cases, $120; John Allen, one case, $50; George McKay, one case, $50; Geo. Donaldson, one case, $50; J. B. Carron, one case, $75; A. D. Hogben, one case, $50; Hugh M. Milles, one case, $50; Jas. McRae, one case, $150; Bert Leland, one case, $75; Nelson Shanks, one case, $50; Jas. Herman, one case, $50; J. H. Peevers, one case, $50; John Logan, one case, $100; Robert Dockstader, one case, $50; H. C. Wilkie of Englehart, two cases, $100; A. L. Galt, North Cobalt, two cases, $150.

The court was kept busy Tuesday and yesterday disposing of the cases. Nearly all of the above were offenders for the first time, hence no jail sentences were passed.

INVOKES AID OF THE FLAMES

Public Prayer for Destruction of Offending Resorts Answered.

Chicago, July 9.—Twelve hours after Rev. George Edward Lewis, in a public prayer, asked that the amusement resorts of Irving Park, where liquor is served, might "be burned to the ground," Excelsior Park was consumed by fire; loss $50,000.

The prayer was offered at a revival meeting of the Emmanuel Congregational Church, held in a tent within three blocks of Excelsior Park.

Proprietors of other parks in the neighborhood admitted last night that they were both puzzled and frightened. They also declared that they have taken precautions to protect their properties. The effect of the preacher's words and the actual burning of one of their rivals in business have hastened a general expurgation of the faults touched on by "the queer one," as they call the minister.

Rebels Take Town.

Tegucigalpa, Honduras, July 9.—Armed revolutionists from Salvador, after they had captured the town of Gracias, attacked Choluteca, the capital of the department of the same name, which lies about 70 miles southwest of the Tegucigalpa. The residents of Choluteca made a strong resistance, holding back the revolutionists for three days. Volunteer forces in large numbers are now on their way to both Gracias and Choluteca, to assist in driving back the insurgents, who, it is stated, have proclaimed Manuel Bonilla president.

London Boy Drowned.

London, July 9.—Willie Davis, the 14-year-old son of Harry Green, C.P.R. engineer, was drowned while bathing in the north branch of the Thames river at two o'clock yesterday afternoon. The boy ventured over his depth, and being unable to swim sank almost immediately. Two younger companions, one his own brother, were unable to render any assistance. The body was recovered four hours later.

THE CLAMOR AT CONVENTION LASTED FOR OVER AN HOUR

All Demonstration Records Broken by the Democrats—The Most Dramatic Convention Picture Ever Presented — Convention Adjourned After Overmastering Ovation.

Denver, Col., July 9.—Bryan enthusiasm was vented yesterday and it was a record breaker in the way of a demonstration.

For one hour and nineteen minutes, with seven minutes more of exploding echoes of the clamor, did the convention applaud and applaud and applaud and applaud and applaud and applaud and then again applaud and applaud the name and fame of the Peerless Leader.

The outburst followed a fervid eulogy of the Nebraskan by Senator Gore.

The Chicago record hullaboo for Roosevelt was beaten out by 39 minutes.

It was a decisive exhibition of overmastering strength of the Bryan column, and one of the most dramatic convention pictures ever presented, as the standards of the states were torn from their moorings and borne through the hall until they stood together on the platform, like an army of banners, proclaiming their united allegiance to Bryan.

Amid this storm of Bryan demonstration the six standards of New York, New Jersey, Delaware, Georgia, Minnesota and Connecticut stood rooted in their places and rallying points of little groups unmoved by the frenzied scenes about them.

Throughout the hour and nineteen minutes the deafening uproar continued, ebbing and flowing in enthusiasm. A woman joined with the men bearing the Bryan standards aloft, while the whole assemblage of 12,000 people joined in the tumultuous demonstration.

The early session lasted three hours and then worn out with exertion and lacking the material to proceed with the business the convention adjourned until to-night.

The credentials committee unseated eight of Col. Guffey's anti-Bryan Pennsylvania delegates, thus reversing the complexion of the Pennsylvania delegation from anti-Bryan to Bryan.

LICENSE LAW BEING KEPT IN THE BACK COUNTRY

At this season and in fall when so many transients are at the lakes there is considerable drinking carried on there as is generally known But the fact that this is the case does not in any way indicate that there are any infractions of the liquor license act in the locality referred to.

Private persons are quite at liberty to take liquor back to the lakes with them and consume it in as generous quantities as the local option districts.

There is every reason to believe that in the communities where local option is in force the law is being carried out. It was rumored that there was drinking in Lakefield and that liquor was being sold by the hotels in that village but Inspector Stewart paid a surprise visit to that place the other night and found that no liquor was being sold by the hotels and that there was in fact no signs of liquor around the premises. A great deal of talking about liquor being sold by unlicensed houses is without foundation.

PARDON FOR GEO. HEPBURN

Man Who Was Married at Peterborough is Released From Jail at Kingston

Kingston, July 9.—George Hepburn, sentenced last April to six months in the common jail for bigamy, has been granted full pardon by the Governor-General, as the result of a largely-signed petition. It is understood Hepburn will live with wife No. 2, wife No. 1, so it is stated, has taken another husband and is living near Peterboro. Wife No. 2 has been employed as domestic here ever since Hepburn was sent to jail and is willing to live with him again.

Will Command Artillery Brigade.

Guelph, July 9.—Lieut.-Col. Davidson, commander of the first brigade of field artillery, will command the sixth and seventh brigades (Montreal district) at Quebec.

It is a matter of disappointment that the first brigade does not go to Quebec, though the only howitzer battery in the service.

May Be Suicide's Body.

Kenora, July 9.—The body of a man was found floating near the shore on the Winnipeg river by some small boys who were fishing near that point Tuesday. The remains have been identified as that of A. Foster, an Englishman, who is supposed to have committed suicide by drowning last June.

Acquitted of Murder.

Glace Bay, N.S., July 9.—The trial of Maurice Gouthro and Donald J. McKinnon at Sydney on the charge of murdering Clifford Murphy concluded Tuesday night. The judge's charge strongly favored the accused and the jury returned a verdict of not guilty after ten minutes' deliberation.

Bonus For Hudson Bay Railway.

Ottawa, July 9.—Dan Mann has been here two days. It is said he wants to build the Hudson Bay Railway, but on his own terms and for a bonus of $15,000 a mile. The Government is offering $6,700.

New Jail Governor For Oxford.

Woodstock, July 9.—Charles Wilson has been appointed governor of Oxford jail, succeeding John Cameron, who resigned recently after forty years' service.

WERE IN ALL NIGHT RACE FIRE BELCHED FROM FUNNELS

British and Canadian Built Boats Speed Across Lake Superior in Thrilling Contest for Supremacy—National Significance Said to Characterize the Battle—Fast Time Made.

Sault Ste. Marie, Ont., July 9.—The most thrilling marine race in the memory of upper lake mariners was concluded early yesterday morning with the arrival of the steamers Assiniboia (C.P.R.) and Huronic (Northern Navigation Co.), the former a winner by a few minutes only.

Leaving Fort William at 1 o'clock Tuesday afternoon, the Assiniboia, with four minutes' start, the big steamers tore through the waters of Lake Superior for 16 hours, for a distance of 27 miles between ports.

With smoke belching from their funnels in heavy streams and engines pounding like the feet of hundreds of running horses, with spray dashing from their bows and crowds of excited passengers leaning over the sides and cheering lustily, the rivals kept at it all through the night, passengers remaining on deck throughout in the excitement of the contest.

The Huronic was built at the yards of the Collingwood Shipbuilding Co. and is the product of Canadian industry.

The Assiniboia is a Clyde-built steamer and crossed the ocean last fall under her own steam, being cut in two to pass up the canals, and was rejoined at Buffalo. Both are new vessels and the most modern specimens on the great lakes. Each steamer is about 350 feet in length and is designed for freight and passenger traffic. Their capacity is about 4,500 tons.

The race has something of a national significance. Canadian shipbuilding interests were disappointed when the C.P.R. decided to have the Assiniboia and her sister ship Keewatin built in British shipyards. In fact the Collingwod Shipbuilding Co. guaranteed to build the vessels up to specifications and deliver them on time at a small profit over the cost of production.

The C.P.R. people, however, decided to send the orders across the Atlantic as the most economical policy.

There can be no question of the superior quality of both the Huronic and Assiniboia. Their speed is almost the same, to within the small fraction of a knot and they cost nearly half a million dollars each.

Since the advent of the Assiniboia the Huronic has been literally "laying for" her big rival, and it was more than a coincidence that the steamers left port one right on the other's trail.

At 1 o'clock Tuesday afternoon both vessels steamed out of Port Arthur, the Assiniboia four minutes in the lead.

At Thunder Cape there was no change, the Assiniboia still leading.

A steamer which arrived at Port Arthur Wednesday morning reported that the Huronic was neck and neck with her rival, smoke and flames were pouring out of the funnel of the Assiniboia and both boats were being forced ahead at record speed.

Yesterday morning the Soo was all excitement and many citizens rose earlier than usual to see the boats pull in, and were rewarded by a sight that could scarcely be surpassed in a horse race.

The Assiniboia arived at the canal some minutes before the Huronic and then decided to go through the American locks. The passage was delayed owing to the fact that three boats were waiting to go through. The Huronic passed through the Canadian locks and was at the New Ontario dock when the Assiniboia steamed down the river to the Government dock. This shows that the race was hotly contested, although the officers on the Assiniboia claim that they arrived at the locks about eight minutes before the Huronic, getting in at 5.30. The Assiniboia did not arrive at the Government dock until 7.20.

Passengers on the Huronic say the Assiniboia beat the Huronic by about the same distance that was between the vessels when they pulled out of Port Arthur Tuesday afternoon.

HOW THE COMPOSITE CORPS FOR QUEBEC WILL BE MADE UP

A Lindsay despatch says;

Colonel R. H. Sylvester received the following orders today from Colonel Fleming, Lieu.-Col. of the Eastern division.

Command Order No. 50—1908
Quebec Tercentenary

Organization of Composite Battalion, Eastern Ontario Command.

The composite Battalion from the Eastern Ontario command for the Quebec Tercentenary is organized as follows;

Lieut.-Colonel commanding, Lieut.-Col. R. H. Sylvester, 45th Regiment,

Major, 2nd in command Major P. S. Ferguson, 47th Regiment.

Adjutant, Lieut. A B Gillies, 42nd Regiment.

Quarter Master, Hon Major H. J. Snelgrove, 40th Regiment.

Medical officer, Major H A Turner, 46 h Regiment

The subordinate staff will consist of one Sergeant major; one quarter master sergeant; one orderly room sergeant; one bandmaster; or band-sergeant; one sergeant drummer; one stretcher bearer sergeant; four stretcher bearers; twenty-four bandmen; six batmen.

The battalion will consist of the companies from the undermentioned Regiments;

A company, 15th Regiment.
B company, 16th Regiment.
C company, 40th Regiment.
D company, 42nd Regiment.
E company, 45th Regiment.
F company, 46th Regiment.
G company, 47th Regiment.
H company, 57th Regiment.
I company, 59th Regiment.

Stretcher bearer, sergeant and stretcher bearers from the 15th Regiment.

Band from 45 th Regiment.

CITY GRANTS $100 TO THE QUEBEC BATTLEFIELDS FUND

At yesterday's meeting of the city council a grant of $100 was made to the Quebec Battlefields Fund, a deputation from the Peterborough Canadian Club having waited on the council and urged such action on Monday night. The motion to grant the above sum was moved by Ald. Neill and seconded by Ald. Phelan.

A grant of $400 was also made to the Peterborough Industrial Exhibition.

NO LOWERING OF THE PRICE OF BEEF TO THE CONSUMER

Despite the Reductions of on the Wholesale Lists—Local Men Explain Why This is so—Have Been Coining Money.

The price of beef by the carcass has dropped about one dollar per hundred weight during the last couple of days, but the decline is not likely to be felt by the consumer for some little time at least, as the retail butchers claim that they have for some months past been losing money and that this drop will only afford them an opportunity of realising their regular profit, which they should have had right along. A still further lowering in the market will have to occur, they claim, before they will be in a position to reduce their scale of prices to customers, on that account.

The reasons assigned for this drop are the weakening of the export prices, the old country market having considerably fallen off during the last week and also the supplanting of grass fed cattle for stall fed ones As is usually the case, the prices invariably come down about this season of the year, although somewhat earlier than they have this season, generally during June The extreme stiffness of the market for the last few months is accounted for by high price of feed during the winter. On the other hand the prices of pork are on the upward trend, having advanced 50 cents per cwt. in the last few days, due to the bigger demand and a better export trade.

A large butcher stated to the Review this morning that he had known prices to be higher only on one occasion, during his thirteen years' experience than they had been of late. They have been 20 cents for choice cuts right along and the topnotch before was 22 cents. "We are today furnishing a better quality than we ever have before for the same money and are sellin from two to four cents lower than they are in Montreal," he said, "and for shanks are only getting three cents per pound and briskets seven cents"

Another dealer who has an extensive trade said that he could safely say that for some time back they had been losing from $100 to $200 a month, owing to the high prices prevailing, and they were compelled to do this in order to hold their trade and meet competition. He did not anticipate that the market would continue to go any lower, as they were at present buying from Toronto and both the market there and the local one were having more thrown on them than they would have later on, after the farmers get through their harvest."

Picton Conservatives are to select either C. E. Tanner, M.P.P., or A. C. Bell ex-M.P., as their federal candidate.

BLUE WOMEN

Women should understand that melancholia, commonly called "the blues," is in nine times out of ten a sure symptom of some serious female organic derangement and should have immediate attention.

Women whose spirits are depressed, and who are ailing and miserable, should rely upon

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

as is evidenced by following letters.

Mrs. R. Gentleman, 1093 St. James Street, Montreal, Quebec, writes to Mrs. Pinkham:

"I suffered from a severe female weakness, and extreme nervousness, and was blue and utterly discouraged.

"Lydia E. Pinkham's Vegetable Compound was recommended, and after taking several bottles, I am not only cured, but am an entirely different woman, and on the whole a healthier woman than before taking Lydia E. Pinkham's Vegetable Compound."

Mrs. Mary J. Williams, of Bridgeport, Ill., writes to Mrs. Pinkham:

"I have been suffering from a female trouble, backache and headaches, and was so blue that I was simply in despair. I feel it my duty to tell you that Lydia E. Pinkham's Vegetable Compound cured me. The change in my appearance is wonderful, and I wish every suffering woman would try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, irregularities, periodic pains, backache. Why don't you try it?

The Daily Review

THURSDAY, JULY 9, 1908.

TEN YEARS MISRULE

"It is true that in many cases there has been a material reduction in the price of many materials as well as in many classes of labor. This will entail a readjustment of values which may take some weeks to affect and it may seem to curtail the consuming power of those classes whose wages are reduced. Yet this result was inevitable. The price of raw materials and of labor had for years mounted higher and higher until the danger point was reached, when it seemed as if only an industrial crisis could restore values to a normal level."—The Canadian Manufacturer.

In industrial affairs, cause and effect rarely come together with such precision and clearness as to enable the difficulties that arise in connection with them to be easily solved. A corner in wheat produces high prices for bread. Such a case is easily understood. But where indirect but not less certain causes produce indirect, but not less certain results the outcome often appears to be a matter of reasonable dispute when as a matter of fact, it is disputable at all.

The effect which we propose to discuss is the present stringency and consequent distress in Canada. The Canadian Manufacturer supplies the text, its words are, "Yet this result was inevitable. The price of raw materials and of labor had for years mounted higher and higher until the danger point was reached when it seemed as if only an industrial crisis could restore values to a normal level." The effect then we are to understand from this leading article of the leading industrial paper of Canada is first the lowering of the price of raw materials.

Raw materials are the product of the earth. This effect includes, therefore the working farmer, the working miner, the working woodman, the owner of cattle—all these producers must expect a lowering of prices for their produce according to the journal we quote from. As a matter of fact, the lowering of prices has already come. We have been hoping that it was not to be permanent. The Manufacturer says it will be permanent.

The why and the wherefore we will speak of as soon as we have considered the other great instrument of production, the workingman. His wages have begun to sink and have not yet touched bottom.

The cattleman, the farmer, etc., can curtail their output and partly save themselves from disaster. Not so with the workingman. There is no way out of bad times for him. Already the labor market is glutted. The future is gloomy, at least for him. The man with the money fattens on distress. Then is his bargain time—if he cares to take advantage of it. So we see that distress comes at both ends of the bad times and is therefore doubly burdensome.

But why has it all come about? Why in the name of common sense has Canada been above all other countries the victim of what the Canadian Manufacturer has described above, as "The inevitable result?" There are a variety of causes.

First, we put a deluge of immigrants too great to be absorbed not the natural, outflow and intake but the result of a bonus of $10 a head from the Laurier Government and the steamship companies. The labor market was thrown wide open and left unprotected. While everything else was protected more or less, the labor market was made a slaughter house of.

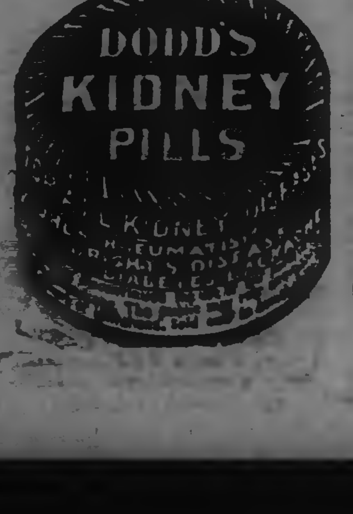
Then again with regard to the farmer the principle of protection which could be made so valuable to him has been neglected. The Cattle Embargo which is the British way of catching up with our system of protection has hurt him seriously.

This could have been avoided easily if it were not for the absurdity of what remains of what are called Liberal principles of free trade.

But the most serious part of this affair is the permanency of the lowering of prices. The level of our everyday mode of life "must come down," it is said. This the Conservative party strenuously denies. A judicious and skilful handling of our trade relations would produce a different result.

Perhaps the most serious of the blunders of the Laurier Government however, has been the mismanagement of the cash basis of our whole system of production and trade. When a government gets entangled and hard up the machinery of trade, which it has so much to do with, will follow suit in short order. The forced loan of $18,000,000 to pay the capitalists our share of the G.T.P., then due, was just so much blood taken out of the body of the people. The banks having to lend it to the government could not lend it to the people. That is all. It's quite simple. Then $7,000,000 more were tied up when the Quebec bridge fell. But worse of all the accumulated balance of trade is hundreds of millions against us. The cash we need for our basis of credit has gone out of the country. This is where the mistaken trade policy of the Laurier Government comes in. Canada might do five times the trade she does but if she pays out more than she takes in she will be as the general managers of the banks say very soon the victim of her indiscretion. A farmer or workingman who bought all he could lay his hands on or put up his credit for would be in precisely the same box. He might cut a wide swath for a time, but in the end he would be the victim of the "inevitable result."

It is a shame that the young and aspiring life of a young and resourceful country should be left to the gloomy reflection that it is not for the farmer or the workingman to maintain a high level of life. They must always be and expect to be at the mercy of the man with the cash. Such a proceeding is monstrous and cannot continue. Protection means always a high standard of life for all who work. The insidious introduction of a one-sided Preference and a glut of labor (under the disguise of immigration) will assuredly meet its reward. Let common sense and common consideration for our own men and women reign once more. We have been betrayed by loud cries. The Quebec "show" the Hudson Bay Railway and the Georgian Bay Canal are to do duty for the next election as the G.T.P. did for the last. But the people are no longer to be lured by such things. Explanations are in order now. New projects and new madnesses. It is in vain to cite the U. S. as a corresponding example. Because it has made the mistake of the over-prosperous and the gambler it is no excuse for Laurier. The money man is the same everywhere. He takes his natural toll in all countries though it may seem sometimes a heavy one. Sir Wilfrid Laurier is making rich men richer, and the poor, poorer. The middleman flourishes. "Watchman! What of the night?"



DODD'S KIDNEY PILLS

EDITORIAL NOTES

Hooray for Fielding!

From all the "talk" our Yankee cousins are indulging in at 'ome, U.S. must spell US and nothing else.

When fish are not plentiful the astute fisherman ties a cowbell to his fish pole which he can then leave with impunity.

"I did say," the Minister answered, "that the Hudson Bay Railway would be constructed, and it will be constructed without delay."

"When?" queried Mr. Bennett.

"Without delay," the Minister reiterated.—The Globe.

Building permits this year so far total the huge sum of $80,000! It demonstrates the death-like stillness of the building trade. But then, as the Examiner said to the immigrants, "Ice' nless yer, ye can go to weedin.' Look at the dirty streets and the vacant lots cryin' out for yer."

Now that so many unemployed immigrants are here it would be an act not only of humanity, but of justice for the Government to give them a living chance.—Kingston Standard.

The Peterborough Examiner suggests that they be put to weeding the streets and vacant lots.

The shippers or dealers are not the only ones who will benefit by the Georgian Bay Canal. The cost of shipment, like everything else, falls back on the farmer. Often the farmer does not see this; just as frequently, perhaps, he sees it, but cannot help himself. The western farmer is the one who will benefit by this route.—Montreal Witness (Liberal).

Yes. "The western farmer is one who will benefit by this route," but the eastern farmer has the privilege of paying for it. It is like all these great schemes.

There is a certain western congressman whose boundless affability and habitual absent-mindedness, have occasionally led him into absurd mistakes. One day, during his last campaign as he stepped from the train, at the station of his home town after an arduous two weeks of stumping and "glad-handing" his little daughter rushed up to him and kissed him. The congressman beamed upon her with a proud and tender parental eye. "Well, well," he exclaimed, "If it isn't my little Alberta!" Then he added mechanically "And how is your dear old father?"—Success.

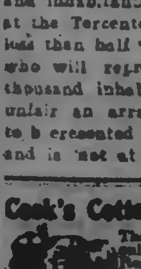
Ottawa, July 7—The Hon. W. S. Fielding, Minister of Finance was a witness before the special committee of the Commons which is conducting the inquiry as to the affairs of the Quebec Bridge Company. Under examination by Mr. Monk, he said that it was quite plain that under existing circumstances some new financial arrangement for the construction of the bridge would be absolutely necessary. He had no definite knowledge as to the actual standing of the company, but heard no complaint from any quarter as to its failure to meet its obligations. Mr. Fielding said quite emphatically that the government would have to pay the entire amount of the guaranteed bond issue.

Mr. Fielding had no personal knowledge that any inquiry had been made by the government to ascertain the responsibility of the Phoenix Bridge Company.

Mr. Fielding said that the reconstruction of the bridge was a necessity. The government had not come to any official decision, he said, but it had a pretty good idea of the course it intended to pursue.—Montreal Witness, Liberal.

If this is "business" what isn't business? The man who went up in a balloon without providing for coming down was a genius alongside of Mr. Fielding. Is there any peanut man, old clothes men, bottle and bone vendor or the like who would have done as the Laurier Government did in their bridge business? Now why did they do it? Ask Parent & Co.

A few weeks ago the Fifth Regiment of Victoria, had reached such a condition of disorganisation, that it would not have been surprising had it gone to pieces altogether. A mere handful of 210 men did General Lake the honor of parading for inspection on his recent visit. The Sixth Regiment, of Vancouver, on the other hand, is a strong and efficient corps, nearly three times as many members of all ranks being reviewed by the eastern officer. Victoria, however, although it is a disgruntled regiment, the men of which do not turn out on such an important occasion as the annual inspection, has the advantage of being represented by a cabinet minister. We couple the two because the coupling affords the only explanation of the anomaly that the big regiment here is assigned eight places only in the Quebec contingent, while the little regiment over there is assigned nineteen, that a city of ninety thousand inhabitants is to be represented at the Tercentenary Celebration by less than half the officers and men who will represent a city of thirty thousand inhabitants. So greatly unfair an arrangement cannot fail to be resented among the militia here and is not at all unlikely to make the task of the officers of the Sixth, the maintenance of the strength of the corps considerably harder. There are few plums for the men who perform the duty of preparing themselves to defend their country, and what there are should at least be distributed fairly.—Vancouver World.



Cook's Cotton Root Compound.

The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: The Cook Medicine Co., Toronto, Ont. (formerly Windsor)

ONCE MORE WELL

"FRUIT-A-TIVES" ALONE CURED HIM

Clarence J. Placey is a farmer of Ulverton, Que., known as a man of integrity and good judgment. He writes in no uncertain terms of the great benefit he derived from taking "Fruit-a-tives" for a long standing kidney trouble.

Ulverton, Que.

I suffered for many years with kidney trouble, with bad pain in the back and all symptoms of disease of the kidneys. I took every known kidney remedy and kidney pill but nothing gave me relief and I was getting discouraged. I was advised to try "Fruit-a-tives" and I did so—and this medicine cured me when every other remedy failed. I used altogether fifteen boxes of "Fruit-a-tives" and from the outset they give me relief and I am now practically well again, no pain in the back, no distress, and all the symptoms of severe kidney disease have entirely left me. I am very thankful to be once more well and I freely make this statement for the sake of others who may suffer as I suffered and to them I say "Try "Fruit-a-tives." 151

(Sgd) CLARENCE J. PLACEY.

"Fruit-a-tives"—or "Fruit Liver Tablets" are sold by dealers at 50c a box—6 for $2.50—or will be sent on receipt of price. Fruit-a-tives Limited, Ottawa.

A glass of iced "Salada" Tea will be found most refreshing this warm weather. As cooling as a summer breeze.

RADIANT WOMANHOOD!

The glory and satisfaction of beautiful womanhood can only be known to those possessing the unlimited advantage of health.

The weak woman can't be happy or enjoy half the pleasures of life. Pallid cheeks, sunken eyes, exhausted nerves all tell of a terrible struggle to keep up.

Nothing overworked women can take will benefit like FERROZONE, which renews, restores and vitalizes instantly; it's a WOMAN'S REMEDY, that's why

FERROZONE

MAKES WOMEN STRONG, PLUMP AND BEAUTIFUL.

FERROZONE contains abundance of nutriment, the kind that forms muscle, sinew, bone and nerve. It sends a vitalizing stream of new life through the weary body, making its strengthening influence felt at once.

Every FERROZONE Tablet means more strength, better appetite, delightful color, bright happy spirits—in short FERROZONE brings true womanly health, and that's worth striving for. Avoid substitutes.

Price 50c per box or six for $2.50. At all dealers or by mail from N. C. Polson & Co., Hartford, Conn., U. S. A., and Kingston, Ont.

CITY COUNCIL IN SESSION SEVERAL REPORTS ADOPTED

Tax Collector Submits Statement of Tax Roll—An Application for Position of Assistant Fire Chief—By-laws Were Passed.

A meeting of the City Council was held last evening from five to six o'clock. Considerable business was transacted.

Those present were;—Mayor Rush, Ald. Johnston, Elliott, Morgan, Bulger, Bradburn, Gillespie, Neill, McIntyre and Morrow.

The reading and disposing of communications was first taken up.

Mr. W. J. Green submitted a statement of the tax rolls and also requested that the Council consider the matter of increasing his salary. The statement submitted was as follows;—

TAX ROLL 1907.

	$137 836.92

A letter was received from Filip Nitra asking for a rebate on a license fee of $40 which he had paid for the privilege of peddling with a push-cart in the city. He contended that the police would not allow him to peddle on George street, which he considered would be the main source of revenue when he took out the license.

On motion of Ald. Morgan and Johnston it was decided to refund the license fee, less the proportion for the time he had been peddling.

A request was received from Mr. W. A. McElmoyle that he be given a rebate on the amount for market privileges for 1907.

No action was taken as the matter had already been dealt with.

The secretary of the Central Charity Board asked the Council to advance to the board, on account of their grant, $500.00, to pay for wood purchased for use next winter.

On motion it was decided to advance the sum asked for.

J. A. Harper, secretary of the 57th regiment band, wrote asking for the usual grant.

The request was referred to the Finance Committee.

CITY'S FINANCES.

A statement was received from the Bank of Toronto stating that the city's debit at the bank at the end of June was $61912.50.

The following letter was received from Mr. W. Pakenham;—

Peterborough, June 25, '08

Gentlemen,—Knowing that your your honorable body has undertaken to re-organize the fire brigade, and that you have appointed a chief, I respectfully submit to you my application for the position of assistant chief.

I think I am not presumptious in saying that so far I have discharged the duties assigned to me to the best of my ability, and I am desirous to continue to render faithful and loyal service to my city, in which I have spent over thirty years. I will do all I can to assist the promotion of the efficiency of the fire brigade, and am prepared to render every support to the proper authorities. Hoping to receive your favorable consideration,

I am,

Your obedient servant,

W. PAKENHAM.

Referred to the Fire, Water and Light Committee.

FINANCE COMMITTEE.

Ald. Morrow reported as follows from the Finance Committee of which he is chairman.—

2. That hereafter all supplies for the city be purchased in the city as far as possible and that the heads of the departments be notified of this.

3. That the Mayor and City Clerk attend the annual convention of the Union of Canadian Municipalities, and that their expenses be paid.

4. That the assessment of part of Park lots Nos. 1, 2, 3 and 4, lot 14, concession 12, for 1908, be reduced in accordance with an arrangement made in 1906, when land was given for the extension of George street, through these lots as follows — H. Rush, part of Park lot 1, east of George street and one assessment west of George street at $700 to $1,000; Wm. Overend, part of Park lot No. 2, to $2,200, and Henry Best, Park lot No. 3, to $3,200; provided deeds of the land taken for the street are given to the city, and that the matter be referred to the Mayor and City Solicitor to procure the deeds.

5. That upon a bond of indemnity approved by the City Solicitor, being given by the Bank of Montreal a cheque for $9 be issued to that bank in place of cheque No. 2,055 for $9, issued in favor of J. Minicola, dated June 13th, 1906, which has been lost.

6. That the chairman of this committee be authorized to direct the auditor as to the amount of detailed information to be included in his report.

5 That a cheque for $5 be issued to Mrs. A. M. Harmer in lieu of cheque No. 1,468 for 1907, which has been lost, provided Mrs. Harmer furnishes a bond of indemnity approved of by the City Solicitor.

8 That a grant of $400 be made to the Peterborough Industrial Exhibition.

9 That the Chief Constable be authorized to invite the Chief Constable's Association for Canada to meet in Peterborough in 1909, and that the recommendation of the Police Commissioners that the Council pay the Chief Constable's expenses to the annual meeting of the association this year and the membership fee of the association be adopted.

10. That the accounts for the registration of the manhood franchise voters be referred to the City Solicitor and that they be paid in accordance with his advice given in writing.

11. That the account against Conrad Swertz for the maintenance of his son in an Industrial school be referred to the City Solicitor to collect.

12. That the City Solicitor write to the reeve of the township of Douro in reference to an account for work done on the boundary between that township and the city east of the "Finger Post," in 1907, and ask for settlement of the account.

All of which is respectively submitted.

ALD. MORROW,
Chairman.

PROPERTY COMMITTEE.

Ald. Bradburn reported as follows from the Property Committee;—

Your Property Committee beg leave to report and recommend that the question of the establishment of a public abattoir be referred to a committee of the whole Council.

Ald. Elliott read the report of the Legal Committee and Ald. Bradburn read the Board of Works report in the absence of Ald. Phelan.

BY-LAWS PASSED.

The following by-laws were passed:

By-law No. 1,399 to authorize a grant of $400 to the Peterborough Industrial Exhibition.

By-law No. 1,400 to authorize an amendment as to the refuse grounds.

By-law No. 1,401 to authorize the construction of granolithic sidewalks on certain streets and part streets in the city of Peterborough and to provide for the cost of same.

By-law No. 1,402 to authorize the construction of sewers on certain streets and part streets in the city and to provide for cost of same.

On motion of Ald. Neil and Elliott, the Property Committee was instructed to look into the question of a refuge grounds for the future and to report at the first meeting of the Council in September.

Ald. Johnston asked what was being done regarding the proposed new trunk sewer on Park street and was informed that the City Engineer is now working on the matter.

IN A BREATH THERE'S REST

Breathe Hyomei and be Cured of Catarrh, Bronchitis, Asthma

Nature has a remedy for catarrh, epidemic colds and bronchitis that is far better than dosing the stomach with medicine and drugs.

It is the healing oils and balsams of Hyomei which medicate the air you breathe, reaching the most remote air cells in the nose, throat and lungs, killing all catarrhal germs and restoring health to the mucous membrane.

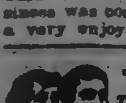
Hyomei acts like a curative internal air bath and has the same healing and antiseptic effect as the air where pine and Eucalyptis forests give off their fragrant and healing balsams.

Breathe healing Hyomei and see how quickly you will get relief from catarrh and head colds. If it does not help you there will not be a penny's expense, as W. Madill, druggist, corner Hunter and George Sts., agrees to refund the money. The complete Hyomei outfit costs only $1.00.

WERE IN NORWOOD AND MARMORA

Installing the Officers of Oddfellow Lodges.

Messrs. R. J. Matchett, D.D.G.M., of the Independent Order of Oddfellows and Thomas Hill of Pontypool, were in Norwood on Tuesday and Wednesday. On Tuesday evening they installed the officers of Norwood lodge. Col J. W. Miller assisted at Norwood. Yesterday morning they drove to Marmora and last night installed the officers there. Business was combined with pleasure and a very enjoyable time was spent.



Wood's Phosphodine, The Great English Remedy. Tones and invigorates the whole nervous system, makes new Blood in old Veins. Cures Nervous Debility, Mental and Brain Worry, Despondency, Sexual Weakness, Emissions, Spermatorrhea, and Effects of Abuse or Excesses. Price $1 per box, six for $5. One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

THE REGATTA AT STURGEON POINT

Will Likely be Held on Lindsay Civic Holiday.

A meeting of the Sturgeon Point Cottagers' Association will likely be held in town some afternoon this week for the purpose of discussing the matter of the annual regatta. Several of the residents, when interviewed, thought the question should be discussed without further delay. The general opinion exists that civic Holiday is an ideal day for the sports and a large crowd would gather there from different parts of the province.

The regatta has alway been a big success and if the Sturgeon Point residents want to have a repition fo the success of former years they should get busy at once. — Lindsay Free Press.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.

Walding, Kinnan & Marvin.

CHARGE AGAINST HOTEL KEEPER

Will Appear in Police Court To-morrow for Selling During Prohibited Hours.

To-morrow morning at ten o'clock at the Police Court a local hotel man will be arraigned on the charge of selling liquor during hours prohibited by law. On Saturday night shortly after eight o'clock Inspector Stewart, it is said, saw the bartender of the hotel putting a bottle of liquor into the inside coat pocket of a man who was standing at a rear door of the bar. He seized the liquor and took it to his office and later laid the charge.

A RESOLUTION OF SYMPATHY

To Ald. Phelan Passed by the City Council.

At the meeting of the city council yesterday the following resolution expressing sympathy to Ald. Phelan, was carried by a standing vote:

Moved by Ald. Bradburn, seconded by Ald. Morrow,—That this council express to Alderman Harry Phelan the deep sympathy of the members with him in the sad bereavement he has been called upon to suffer by the death of his wife which occurred last night, and also their sympathy with his young son and assure them that they have the sincere sympathy of the whole community in the loss they have sustained of a loving wife and mother, and that this council attend the funeral in a body as a mark of respect for the deceased lady and to show their sympathy with the bereaved family.—Carried.

CAVANVILLE TEAM DID NOT APPEAR

And Springville Boys Claim They Are the Champions.

The question of superiority between the Springville and Cavanville football teams is still undecided. They were to have met for the decisive game at the garden party at Fraserville last night, but the Cavanville kickers failed to show up. Springville boys were on hand and ready to play. As a result of the failure of the Cavanville team to show up for the game, the Springville team claim the right to style themselves champions.

CASE ADJOURNED TILL FRIDAY

Breach of the License Act Being Tried at Lindsay.

Lindsay, July 7.—There was only one case in the Police Court this morning.

License Inspector Lithgow, of Bobcaygeon, was prosecuting James Lawless, owner of the Rockland House, in that village, on a charge of a breach of the liquor act.

The case was transferred from Bobcaygeon last week by County Magistrate Moore. Mr. I. E. Weldon appeared for Mr. Lithgow, and Mr. Thos. Stewart for the defendant.

The prosecution was not ready to proceed, being unable to locate their witnesses, and Mr. Thos. Stewart asked that Mr. Lawless be allowed to go as the prosecution had had six weeks already to get the men.

After a good deal of discussion the magistrate adjourned the case until Friday morning at ten o'clock, the prosecution to pay the costs of bringing the defendant's witnesses to court to-day.

MANY PAID LAST TOKEN OF RESPECT

Funeral of Mrs. Harry Phelan Took Place This Morning

The funeral of the late Mrs. Harry Phelan, wife of Ald. Phelan, took place this morning from the family residence, Rubidge street, to St. Peter's Cathedral and thence to the Roman Catholic cemetery. It was very largely attended, many prominent citizens turning out to pay their last token of respect to the memory of the deceased. The late Mrs. Phelan was highly esteemed by everyone, her many estimable qualities winning for her a host of friends.

At the cathedral this morning mass was said by Rev. Father Phelan of Young's Point, brother-in-law of the deceased. Rev. Father Kelly acted as deacon and Mr. Victor McFadden of this city, who is studying for the priesthood acted as sub-deacon. Rev Dr. O'Brien was master of ceremonies. Rev. Fathers Bretherton and Galvin were also present. His Lordship Bishop O'Connor also officiated.

The pall-bearers were His Worship Mayor Rush, and Messrs. T. Fortye, R. H. Fortye, H. LeBrun, B. Morrow, and R. Sheehy. The floral tributes were very numerous and exceedingly beautiful. They included designs from the Mayor and Aldermen, the city engineering department, the city officials, the Conservative Association, the Young Conservative Club, Messrs. T. E. E. Bradburn, J. H. Burnham and James Kendry, the deceased's little son's playmates, Mr. and Mrs H. LeBrun, Messrs. T. and R. H. Fortye, a pillow from son Nagle, and an anchor from Mr. Walter Phelan of Pittsburg, Pa.

At the cemetery the last sad rites were performed by Rev. Father Phelan and Rev. Dr. O'Brien.

Mr. Walter Phelan of Pittsburg, Pa. was unable to be present. One of the deceased's sisters, Mrs. H. J. Friel, of Ottawa was here for the funeral but Mrs. Brophy was too ill to come. Others from out of town were Mr. and Mrs. P. J. McCauley, Trenton, and Mrs. J. Corkery of Harwood.

GARDEN PARTY AT FRASERVILLE

The garden party held at Fraserville last night under the auspices of the Methodist church at that place was most successful. A large number were in attendance and a most enjoyable time was spent. The major portion of the programme was supplied by the Salvation Army Band of Peterborough. Addresses were also given by several prominent gentlemen and solos and recitations were given by local talent. Refreshments were also served. The receipts were highly satisfactory and Rev. Mr. Weatherill is to be congratulated on the success of the event.

ST. JOHNS' S. S. HAD GOOD TRIP

Had Excursion to Clear Lake Yesterday---Everybody Had Good Time

Yesterday's trip over the lift lock to Clear Lake taken by St. John's Sunday School scholars and their parents was a pronounced success and one of the most enjoyable in the school's history. Cold in the morning, towards noon lovely weather appeared and the picnic scene in the beautiful grounds of South Beach was very pretty a number of cameras having a busy time recording it. About twenty races were run off under the direction of Messrs. Mills, Conway, Davey, Walker and Armstrong, many pleasing novelties in the racing programme giving the children a happy time until 4 p.m. the time for starting home. A large number of promising musicians kept the piano going and a happy time was spent by all on board.

FORMER RECTOR OF ASPHODEL

Passed Away at Belleville Yesterday---Death of Monsignor Farrelly

Belleville, Ont., July 8.—At an early hour this morning Right Rev. Monsignor Farrelly passed away in this city, after some months' illness. The reverend gentleman was 81 years of age, and was born in County Cavan, Ireland. He was ordained in 1851, and for a time was rector at Asphodel and Lindsay. For 34 years he presided over St. Michael's church, this city. Owing to ill-health he resigned two years and a half ago, living here in retirement. In the year 1901 the rev. father celebrated his golden jubilee. At various times the deceased administrated the affairs of the Kingston diocese during the absence of the bishops.

THOMAS STREET IN BAD SHAPE

Is the Complaint of a Resident--Says Repairs Should be Made at Once

A resident of Thomas street complained to the Review this morning concerning the condition of the street. He says there are a great many loose stones lying on the street and that a manhole there is eighteen inches above the ground. A night or two ago a horse that was being driven along the street fell over the manhole and the shafts of the buggy were broken. This complainant says that the necessary repairs to the street should be made without further delay.

EMPLOYEES HAVE PICNIC TO-DAY

Staff of A.W. Cressman's went to Idyl Wyld

The employees of Mr. A. W. Cressman's dry goods store are enjoying an outing down the river this afternoon it being the first Thursday half holiday of the summer. About fifty took in the trip which included the regular afternoon trip of the steamer Otonabee. All the points of interest on Rice Lake would be stopped at and the party intended having tea at Idyl Wyld.

Business Men's trip to Idyl Wyld to-morrow, (Friday) July 10th. Steamer Otonabee leaves at 1.30 o'clock. All business and professional men are invited.

Notice to Creditors

In the matter of J. A. Lawless, of the town of New Liskeard, in the District of Nipissing, Hotel keeper, Insolvent.

Notice is hereby given that the above named insolvent has made an assignment of his estate to me for the benefit of his creditors under the R.S.O., 1897, Chapter 147.

The creditors are notified to meet at my office, McKinnon Building, Toronto, on

Saturday, the 18th day of July, 1908

at 10 o'clock a.m., for the purpose of receiving a statement of his affairs, for the appointing of inspectors, for the setting of fees, and for the ordering of the affairs of the estate generally.

All persons claiming to rank upon the estate of the said insolvent must file their claims, proved by affidavit, with me on or before the said day of meeting, after which date I will proceed to distribute the assets of the said estate, having regard to those claims only of which I shall then have received notice.

CITY NEWS NOTES

COMMITTEE TO MEET.

There will be a meeting of the Fire, Water and Light Committee to-morrow night at eight o'clock.

ST. JOHN'S CHOIR.

The usual practice of St. John's choir will be held this evening in the church when all the members are requested to be present at eight o'clock.

PLUMBING BEING DONE.

Work has been commenced on the plumbing of the new armouries here. The firm of F. R. J. MacPherson & Co. has the contract. The job is a big one.

A LAWN SOCIAL.

A lawn social is being held at the House of Refuge at Lakefield this evening. A number from the city will attend.

WITH THE BOATS.

The steamer Monarch went down the river on her regular trip this morning. The Otonabee went down on the half holiday trip.

HALF HOLIDAY TO-DAY.

The majority of the business places in the city are closed this afternoon, the half holiday agreement being in force. Many took in the trip down the river.

ST. JOHN'S TENNIS CLUB.

Following is the draw for the men's doubles (tournament)—Horton and Sheen vs. Read and Davey. Coleman and Down vs. Drysdale and Price. Chandler and Correy vs. Kirkpatrick and Coleman. Frederick and Cluxton, a bye.

AT S.A. BARRACKS.

Captain Manion will give an address at a lantern service entitled "In His Steps" at the Salvation Army barracks tonight. The band will be in attendance. A public meeting will be held tomorrow night.

FISHERMEN STILL BUSY

While there are not so many fish being hooked by the trollers in the Little Lake and the Otonabee as there was a short time ago, there are still a great many fishermen on the local waters and some big catches are being made.

OLD MINISTER.

Rev. Mr. Foster of Warsaw is in the city today. Mr. Foster is a very old Methodist minister and is today celebrating his seventy-eighth birthday. He is still hale and hearty and enjoying the best of health. Occasionally he takes a service at Warsaw.

BETTER TODAY.

Little Etta Kennedy the fourteen year old daughter of Mr. Samuel Kennedy, who it is alleged was hypnotized by some unknown man on Dominion Day is considerably improved today. She is rapidly becoming more like herself, and the greatest hopes are held out for her complete recovery.

Keep Cool—Keep things cool This is easily accomplished by using one of Beet's best refrigerators. All prices. Better buy Beet's now. Next to Post Office.

PERSONAL

Send or Telephone Your Personals to The Review.

Mr. J. Bell, Keene, is in the city to-day.

Mr. John Garbutt and wife are in the city to-day.

Mr. A. G. Buck, Brantford, is at the White House.

Mr. R. G. Wright, Toronto, is at the Snowden House.

Mr. N. Barber and wife are registered at the National.

Mr. J. Irwin, trainmaster, Lindsay, is in the city to-day.

Mr Robt. Fair and Miss Irene Fair went up the lakes to-day.

Mr. and Mrs. Ambrose, Gore's Landing, are in the city to-day.

Mr. Pat Young, of the steamer "Majestic" is the city to-day.

Mr. Lou Patton of the Globe Casket Company, London, is in the city to-day.

Mr. W. McIlroy, up-town C. P. R. ticket agent, went to Toronto on a business trip.

Miss Huldah Dobbin went up the lakes to-day to be the guest of Mrs. Benj. Shortly, Boschink.

Miss Louise Potvin, of Peterborough, is visiting her aunt, Mrs. W. B. Huyck.—Tweed News.

Mr. H. Skitch and daughter, are visiting in Peterborough and Lindsay for a few days.—Port Hope Guide.

Mr. Norman Brown of the Bank of Montreal, Peterborough, made a flying visit to Lindsay last night.—Lindsay Post.

Miss Bessie Mowry left on Monday for Lakefield where she has accepted a position as bookkeeper with Charlton Bros.

Mr. Washington Caldwell, Peterborough, recently visited his brother, Mr. Willard Caldwell.—Bowmanville Statesman.

Miss C. McCoy, of Peterborough, has returned home after spending the past week with Miss Bella Batton, Division street. —Kingston Whig.

Messrs. Best, Carr, Bell, and E. A. Taylor, Cobourg, passed through the city to-day on an auto trip to the Kawartha Lakes where they will spend a few days.

Mr. T. Morrison, of Chicago, and his daughter, Miss Grace and niece, Miss Mamie Drake, formerly of Peterborough, are visiting friends in Wisconsin and Stephenson, Mich.

Mr. T. Flannigan and Mr. J.J. Guiry, of the Grand Seminary, Montreal, were the guests of Mr. and Mrs. J.F. Crowley, 786 Water St., for a few days last week.

Mr. and Mrs. Harry Neill and Mr. and Mrs. W. J. Scott returned last evening from Galt where they had been attending the funeral of Mrs. Neill's and Mrs. Scott's father, the late John Scott.

Mr. Charles Geer left this morning to visit his parents at Tunbridge Wells, England, sailing from Quebec on the Empress of Britain. He has spent the past four months in Canada, and is not sure whether or not he will return from the Old Country again.

Port Hope, July 8.—One of the most enjoyable events held here was the military assembly given by Lieut.-Col. Ward and the officers of the 46 Regiment, in honor of the officers and men of the 8th Separate Company of Rochester, and 3rd Regiment National Guard, of New York, which took place in the town hall here, in connection with the old boys' reunion. Col. and Mrs. Ward, assisted by the officers of the regiment, received the guests. The floor just comfortably accommodated the throng of dancers, and the affair passed off very pleasantly.

See Mac Pherson's North Window for Bargains. Roast Pans 15c, Long Handled Dust-pans 20c. We sell the New-Perfection Blue Flame Oil Stove.

WEDDING BELLS

PORTER—BRADLEY.

The marriage took place at the home of the bride's father in Manvers, yesterday afternoon of Miss Lena Margaret Bradley, daughter of Mr. Douglas Bradley, to Mr. Chas. Herbert Porter, son of Mr. Wm. Porter, merchant of Manvers. The ceremony took place under an arch of evergreens and was performed by Rev. Dr. Marsh, of Springville. The bride was given away by her father and was attired in a costume of fine mull trimmed with lace insertion and carried a bouquet of cream roses. She was attended by her sister, Miss Mabel Bradley, who was becomingly costumed, and carried a bouquet of pink roses. The groom was supported by his brother, Mr. Wm. Norman Porte. The wedding ceremony was witnessed by about 40 guests and after the nuptial knot had been tied refreshments were partaken of.

The happy couple left on a trip to the lakes, before going to Toronto, where they will reside at 194 Grace street. The bride's going-away dress was of Venetion gray, with an Alice blue hat.

The presents were many and beautiful. The groom, who is a trusted employee of the Gordon MacKay Co., of Toronto, was presented by his fellow employees in the mail order department with a solid mahogany settee upholstered in silk.

Mr. and Mrs. Porter will have the best wishes of a host of friends.

SUMMER SCHOOL AT CHEMONG PARK

Those in Attendance are Improving Mind and Body by the Lakeshore

Chemong Park, July 8.—The mission study classes were noted to be larger and of deeper interest than of the previous morning.

Rev. A. McCullough, of Omemee, President of the Bay of Quinte Conference, gave a helpful address, taking for his subject, "Conscience, its education and quickening in the Word of Truth."

"Universal Kingdom, the dream of the human mind from the beginning of history, its realization and the vision of its coming was the subject of an excellent address by Rev. H. V. Mounteer, Chairman of the Cannington district.

After the opening prayer and praise service in charge of the president, Rev. E. N. Baker continued the Bible study from the previous forenoon on "The Atonement of Christ." The hour proved one of great spiritual blessing to all present.

Dr. Crew's lecture on "Missionary Work" in the Sunday schools was a strong argument in favor of persistent effort along the lines of missionary education among the rising generation of church workers.

In the evening the school gathered at seven o'clock for the "Round Top Talk," conducted by Rev. H. W. Foley, of Bobcaygeon.

The evening session was opened by the usual devotional services, after which Mr. Hubbs, of Peterborough, gave us a limelight trip through mission fields in China, the detailed explanation of the views being given by Mr. G. C. R. McQuade, of Omemee.

The crowded pavilion were delighted with the evening's entertainment and the school feel very grateful. The following was the programme:

MORNING SESSION.

8.45 to 9.00—Prayer service.

9.00 to 9.45—Bible study. Continued.
Rev. E. N. Baker, M.A., D.D.

9.50 to 10.20—Address.
C. B. Keenleyside, London, Ont.

10.25 to 11.00—Round Table Conference on League Work.
Rev. A. C. Crews, D.D.

11.10 to 12.00—Mission study classes.
Teachers, Prof. Doxsee, Misses Drewery, Dobson and Hamilton.

AFTERNOON.

Chairman—Judge G. E. Deroche, Belleville.

2.30—Addresses.
C. B. Keenleyside, London, Ont.
Rev. G. W. Henderson.

IS CONNECTED WITH COMPANY

Mr. P. J. Creedon is Provisional Director of Tool Co. at Niagara Falls

A former Peterborough man, Mr. P. J. Creedon, is one of the provisional directors of a company that has been formed at Niagara Falls, Ont., to manufacture tools. A despatch says.—

SPORTING NEWS

PETERBOROUGHS NOSED OUT PORT HOPE BY ONE RUN

In an exhibition game at Riverside Park yesterday afternoon the Peterboroughs defeated the Port Hope team 9 runs to 8. It was a fairly interesting game and the hundred spectators were well pleased with the exhibition. The lakesiders were shy a man when they reached Peterborough and "Dubby" Shea was secured and played second base. "Connie" Murphy is out of the game for a day or two with a twisted ankle and Chris Graham filled up in the outfield. Corney Burns going to left, Craig in the centre and Graham in right field. Clements and Edmunds were the Peterborough battery for the first six innings but as Clements has to pitch Saturday's game against the Athletics he was taken out of the box at the end of the sixth and Hawkins finished the game. Surphlis did the twirling for Port Hope for six innings and was then replaced by Jack Wilson, Surphlis first going to first base and then to right field. Andrus did the receiving for the visitors.

The Petes started off by getting four runs the first time up. They took two in the fifth and three in the seventh. The visitors were blanked to the third when three runs came in as a result of a combination of hits and errors. They were shut out till the seventh when they took another counter and got four more in the eighth, two bases on balls and two wild pitches by Hawkins being responsible. With only one run necessary to even up the visitors were shut out in the ninth.

Rattray of the Athletics was umpire and gave satisfaction.

The summary was as follows:

PETERBOROUGH.

	AB	R	H	PO	A	E
Burns	5	1	0	2	1	0
Graham	3	1	0	1	0	0
Maddock	5	0	2	0	3	1
Edmunds	3	2	1	9	0	1
O'Brien	4	3	2	0	2	2
Lawson	4	2	1	12	0	0
Hawkins	2	0	2	2	2	2
Craig	4	0	2	1	0	0
Clements	4	0	2	0	3	0
	34	9	13	27	11	6

Peterborough ...... 40002030x—9
Port Hope ...... 003000140—8

Bases on balls, off Clements 3, in six innings; off Hawkins, 3 in three innings, off Surphlis, 3 in six innings, off Wilson, 1 in three innings; struck out, by Clements 6, by Hawkins 2, by Surphlis 5, by Wilson 1; hit by pitcher, by Clements, 1, Hudson; by Surphlis, 1, O'Brien; hits off Clements 4, off Hawkins 3, off Surphlis 7, off Wilson 5; stolen bases, Burns 2, Maddock, Edmunds 3, Lawson 2, O'Brien, Craig and Shea; left on bases, Peterborough 8, Port Hope 9 double play, Maddock to Clements to Lawson; wild pitches, Hawkins 2, sacrifice hits, Graham and Hawkins.

ALL READY FOR WALKING RACES

On July 13th—Big Crowd Expected to be on Hand to See Stacey Walk

The track at the rink for the walking match on the 13th has been measured and will be put into shape at once. It will be in good condition and Stacey, the big pedestrian, is expected to boot it off in record time during his relay race with five men.

Considerable interest is being taken in the race and a big crowd will likely be there to see the Irish Canadian crack give an exhibition of the heel and toe game.

MURPHY IS A PUCK CHASER

Left Fielder of the Petes Will Likely Remain in Peterborough Next Winter.

It is the intention of "Connie" Murphy the brilliant left fielder of the Peterborough nine to stay in the city and play hockey here this winter. He has had much experience in the game and last year was on the line-up of the St. Mary's, a Toronto city league seven.

Murphy is reported to be a very fast performer on skates and a good stick handler. He should be a valuable addition to Peterborough hockey circles.

Jim Delehanty of Washington still leads the league in batting with a percentage of .356.

ATHLETICS

AMERICANS DO WELL

London, July 8.—The American Olympic team started their practise in the Stadium yesterday, and all the athletes did good work. Some of the trials made yesterday and today were as follows:—

Sheppard made a half mile in 1.56 in the team trial. Riley did it 1.58. Sullivan in 1.56 2-5, and Halstead, of Cornell did the mile and 45 yards in 4.29.

Bonhag ran four miles in 19.56

Flanagan threw the hammer 161 feet. McGrath hurled it 175 feet. Talbot 168 feet, and Rose put the shot 51.7 feet. Coe and Garrels put it 46 feet.

Garrels, Dearborn, Griffith and Sheridan threw the discus 130 feet.

Bacon did the 400 metre hurdles in 56 seconds. Hillman running easily, did the distance in 58 seconds.

Four American high jumpers did 6 feet easily.

Three pole-vaulters did 12 feet, but the Englishmen will not allow them to dig holes for their poles at the take-off, which will be a great disadvantage to the Americans.

SPORTING COMMENT

With Murphy out of business and O'Brien with a stretched shoulder, if anything further happens the Petes they will be entitled to be known as Corney's Cripples.

Billy Demont, Hoagland's trainer, on his recent visit to Port Hope, remarked; "If any town in Canada is better than Peterborough, show me."

Wild Bill Donovan, of Detroit, is again pitching grand ball, and he bids fair to become the leading twirler again.

PETES CRIPPLED FOR SATURDAY

Almost in as Bad Shape as the Toronto Eastern Leaguers.

For their game with the Athletics on Saturday the Peterborough team will be badly crippled, three of their regular players being out of the game with injuries. Murphy the energetic outfielder will probably be out of the game for weeks with a bad knee, he using a cane to help him along in his travels; O'Brien got hit on the shoulder by Surphlis yesterday and cannot move that member at all, and Maddock is still suffering with his sprained ankle and if it is not improved by Saturday will be out of the game with the rest of the cripples. But with the remainder of the team in pretty fair shape they will make the Athletics go some to beat them. It seems as though the Petes were going to get some of the hard luck that generally goes with a leading team after they had strived hard to get to the top, but that rung of the ladder is hard to reach without some accidents to the players.

A GREAT GAME ON THE 13TH

All Star Team From Toronto Will Go up Against the Petes at Riverside.

On Monday, the 13th of July, one of the best baseball games of the year will be played at Riverside park, when the Peterborough ball team will play an all star team from Toronto in connection with the Orangemen's excursion from that city. The team will be picked from the best teams in the senior league there and will be in the senior league there and will have on such well known players as Fred Hickey, the star twirler of the Park Nines of Toronto, Benson, who receives him will be the backstop for them and other players too well-known mention. As there will be big excursions run from all over the province here for the day one of the largest crowds that ever witnessed a ball game in Peterborough will be on hand to cheer on their respective teams. Arrangements are being made with the owners of the grounds to have some extra bleachers put up for the accommodation of the people. The teams will parade in hacks, with the Toronto band that accompanies the contingent from that place, in accompaniment.

The full line-up of both teams will be in tomorrow night's edition of this paper.

KIRN PITCHED NO HIT GAME

The Chieftains defeated the Port Hope Methodist church team yesterday at Nicholl's Oval by a score of 30 to 3. Krin, the clever pitcher for the Chieftains twirled a magnificent game, not a solitary hit being secured off his delivery. The winners had it on their opponents all the time.

THE TRACK AT BROCK STREET

Has Been Measured and Certified to by W. C. P. Heathcote C. E. —15 Laps to the Mile

The following letter has been handed the sporting editor of the Review,

July 7, 1908.

George Stevens, Esq.
City.—

Dear Sir,—As desired by you, I have this morning laid out a track of 15 laps to the mile in the Brock street rink here. I have laid it out on the following basis;

The ends are one-half circles 42 ft. in diameter, the two together equalling 42x3.1416 which is 131.9472 ft. This multiplied by 15 equals 1979.2 feet. Each side is 110.00 feet long, which multiplied by 30—2 sides and 15 laps—equals 3300.8 feet, the total being 5280 feet or 1 mile. I have placed the posts 12 inches inside of this line.

Yours truly,
W. C. P. HEATHCOTE, CE.

BASEBALL

The Athletics are holding a meeting to-night.

The Y.M.C.A. and the Wellingtons will play the protested four innings at the Nicholls Oval to-morrow night at seven o'clock. The following will compose the Y.M.C.A. team;—Pickard, C. McDonald, Graham, Squires, Dormer, Creeaman, Waram, Robertson, Porter.

SPRAINED HIS ANKLE

Corney Burns of the Petes sprained his finger again yesterday afternoon in the game against Port Hope, but he says he will play Saturday unless he breaks his leg. Corney is a hard man to keep out of the game.

T.A.S. PRACTISE

A full practise of the T.A.S. ball team is requested for tonight at 6.30 at the field. The team is decidedly in the running but to keep so must practise hard. The following are especially requested to be out; C. Giroux, W Cahill, G McFadden, L. Doris, F Derocher, L Giroux, V Corkery, H Quinlan, L Derocher, L Devlin, C Lacombe, W O'Brien, F Whaley and L Doherty.

BOWLING

BOWMANVILLE COMING

The Bowmanville bowlers are arranging an excursion to Peterborough on our Civic holiday Monday August 3rd.—Bowmanville Statesman.

ONE FIREMAN HAS RESIGNED

John Mulhall, No. 10 Quit To-day Didn't Like the Work

One of the firemen, John Mulhall No. 10, resigned from his position on the fire brigade to-day. The reason he gives is that he didn't like the work.

Nobody has been taken on to fill the position rendered vacant by Mulhall's resignation, but the chief states he will have no difficulty in securing another man as there are several applications on file.

EXCURSION TO NIAGARA FALLS

Many Took in the Forester's Excursion this Morning

About 350 excursionists took in the annual outing of Court Little John, Canadian Order of Foresters, to Toronto and Niagara Falls today. They left this morning with eight coaches. It was expected that many more would get on between here and Toronto.

FIVE LOCK HOUSES ON TRENT CANAL

The "Bob Hall" is here to-day with a scow load of material for lock houses, two of which are being built at Kirkfield, and the others at Rosedale, Bobcaygeon and Fenelon Falls. The houses are well under construction and will be finished in a short time.

SHIP AHOY! SHIP AHOY!

For rates and all information to Great Britain and the continent, via the C.P.R. Atlantic Line, Allan, Dominion, Cunard, White Star Lines, consult W. McIlroy, C.P.R. city passenger agent. 303 George street.

Richelieu and Ontario Navigation Company tickets for sale from Toronto, Port Hope, or Kingston. Berths reserved. Excursion to Toronto and Niagara Falls, N.Y., by the famous Gorge route. Thursday, July 9th. Secure tickets early. Bd

THE CHANGE WILL TAKE PLACE SOON

Mail to be Sent to Springville by Way of Kendry Station.

Information has been received at Springville that as soon as arrangements can be made the mail will be delivered to that point from Kendry station instead of from Fraserville. Just when the change will take place is not known but it will be within the next few days.

HAVE SECURED LARGE CONTRACT

Local Firm Gets Heating, Plumbing and Wiring of New School at Belleville

The well known firm of F. R. J. MacPherson & Co. has been given the contract for the plumbing, wiring and heating and installing the Buffalo forge system of ventilation in a new $60,000 school being built at Belleville. A gang of men will start work upon this contract in a few days. The same firm has also been awarded the contract of the plumbing, and heating of a large private residence at Stirling.

WHY?

Editor of the Review

Sir.—Is it true that our 57th regiment is classed with the rural corps and only a few companies to go and no officers. Is the band going. Why is it we can't get fairplay.

Yours.

THE "BESSIE BUTLER"

To the Editor of the Review.

Sir,—What was the gist of Col. Sam Hughes' inquiry in the House of Commons about the "Bessie Butler" and the T.A.S. picnic and oblige.

INQUIRER.

(Col. Sam. Hughes, M.P., Victoria, seemed to be desirous of finding if the "Bessie Butler" was also at the disposal of other societies.)

BIRTH

ADAMSON.—In Peterborough, on Saturday, July 4th, 1908, the wife of Mr. Price Adamson, 202 King street, of a daughter.

THE EXAMINER DECLINES THE CHALLENGE OF THE REVIEW

Unable to Make Good its Charges of Corruption—It "Has Nothing to do With Protesting Elections"—Would Leave the Conservatives to Follow up Its Own Charges—An Amusing Breakdown.

"The Review seems to want the election of Mr. Bradburn and others protested. It either "puts up a big bluff," or is very ignorant of the facts in connection with the management of local elections. It asserts that the election in West Peterborough especially, was conducted with absolute purity and states that we have demanded particulars of charges (of corrupt acts) and prosecution of the guilty parties, but we can get no response.' The Review might answer these few questions.

Is hiring conveyances to carry voters to the registration booths illegal? If so, then this was done.

Is hiring teams to convey voters to the polls illegal? If so, then this was done.

Is paying drivers of conveyances for registration purposes and other election purposes illegal? If so, then this was done.

Is promising voters by the dozen payment for their votes, but payable only after the expiration of the thirty days in which an election protest can be filed, illegal? If so, then this was done.

In the presence of the Conservative candidate in different places, when Government officials are arranging for the expenditure of colonization road moneys, thereby using Provincial funds for election purposes, illegal? If so, then this was done.

Is the fact of an agent of Mr. Bradburn having whisky in a polling booth illegal? If so, then this was done.

Is having whisky in a committee room illegal? If so, then this was done.

Is giving ballots to voters whose names are not on the voters' list, and permitting such ballots to be marked and deposited, illegal? If so, then this was done.

If the Review wants a protest to prove purity, they know the procedure. The Examiner is satisfied with its information but has nothing to do with protesting elections for the Liberal party or any other party. If, however, The Review wished to enter a protest against the return of Mr. Bradburn or Mr. Thompson the Examiner will undertake to supply it with the information that will be certain to unseat both of them. The Review says it has demanded particulars, and also "demanded prosecution." Prosecution is properly in the hands of the party in power. It is the duty of the Attorney-General to prosecute. Has The Review demanded prosecution at his hands? It is rank twaddle for The Review to talk as it talks about the absolute purity of elections on the part of the Conservative party, and no one knows this better than itself and those of the inner circle.

If the Review is not satisfied with this, if it will call at the Examiner office we can inform it where it can obtain sufficient information as to the previous election to satisfy it as to the shallow hypocrisy of its maudlin croakings."—The Examiner.

Now don't let the Examiner or anybody else think for one moment that the Conservative party is to be put off with this cloud of untruths. The last election was a clean one. The Examiner has tried to rob the Conservatives of a well-earned reputation for their good work. It has tried to reduce us to the level of itself and its own immediate political friends. The Conservative party firmly and flatly declines even to be named in such company. We say again to those "high in the councils of the local Liberal party" who have stooped to make charges they decline to back up that the way of prosecution is easy. The new Whitney law a child can set in motion. It is as cheap as easy. Yet the Examiner declines the job as if the Conservative party were therefore called upon to prosecute itself. "This is "twaddle" if you like. We know of no Conservative on the inner side of the "inner circle" or on the outside of any such circle if such a circle ever did exist anywhere except in the place where the Examiner's brain ought to be, who is not indignant at the Examiner's cowardly unfairness and not anxious to show that the Examiner's statement that "the world has come to set up less exacting standards of morality in politics, etc." (Examiner April 28, 1908) is untrue. The Examiner says "The Review seems to want the election of Mr. Bradburn and others protested." Of course we do if they were not on the level. The Examiner seems to think an honest desire for fair play such as this is so absurd as to prove that we are insane. We invite the journal that pretends to know so much to make good its brag. If it honestly wants what it pretends it wants, here is, according to it, its opportunity. But it will never avail itself of the opportunity. It knows better.

WEDDING BELLS

HARPER—ALLEN

On July 1st, at 2.30 o'clock, a wedding of interest to many was solemnized at the home of Mr. and Mrs. George Allen, Smith, when their daughter, Clara, was united in marriage to Mr. Ernest E. Harper, eldest son of Mr. James Harper, of Camborne. The ceremony was performed by the Rev. J. Bedford, of Lakefield, in the presence of about one hundred guests. The bride, wearing a very pretty cream dress of mulle, trimmed with lace and insertion, entered the drawing room on the arm of her father to the strains of the wedding march, played by Miss Flossie Harper, sister of of the groom. The bride wore the usual bridal veil caught up with white roses and carried a handsome bouquet of white carnations. The bridesmaid, Miss Ethel Allen, sister of the bride, was prettily attired in cream venican, and carried pink carnations. The groom was supported by his cousin, Mr. Dawson Sherwin, of Harwood. Little Miss Willa Pethick, niece of the bride, acted as flower girl, while Master Eric, brother of the groom, carried the ring.

The usual wedding supper followed the tying of the nuptial knot.

The happy couple were the recipients of many beautiful gifts, showing the high esteem in which the young people are held. The groom's gift to the bride was a handsome cheque; to the bridesmaid, a gold bracelet set with amethysts and pearls; to the groomsman, a stick-pin; to the flower girl, a pearl brooch; to the page, a pin set with pearls.

Early in the evening the bridal couple, amid showers of oats and good wishes, left for their future home at Camborne, the bride wearing a travelling suit of brown with leather trimmings, and a large picture hat.

ORANGE SERVICE.

The Orangemen, Prentice Boys and True Blues, of the district and the new city district will attend divine service at St. Paul's church on Sunday evening, July 12th. They will assemble at the Orange hall on Simcoe street at six o'clock and march to the church headed by the Peterborough band. The sermon will be preached by Rev. Robert A Pogue. Visiting brethren will be made welcome.

W. G. BARTLEY,
Dist. Rec.-Sec.

Your eyes are worthy of the Best Lenses, supplied by Optical Specialists of most extensive study and experience. Our lenses are ground by experts in lens making, and are of superior quality and workmanship. We find such beautiful lenses appreciated, and this is one reason for our ever increasing patronage. There are other reasons also. We make appointments for both day and evening examinations of the eyes for glasses, but our office is CLOSED EVERY THURSDAY AFTERNOON UNTIL SEPTEMBER.

New Office, Peterborough Optical Institute

HIS SERVICES NOT REQUIRED

Lindsay Bandmaster Asked to Resign Owing to Lack of Funds.

Unless the Council grant the band an increase of $200 this afternoon, the instruments, uniforms, and music will be sold to cover the debt now existing.

It is learned that Mr. Sylvester has thrown over all connection with the organization, and wrote Mr. Roenigk this morning to the effect that his services as bandmaster were no longer required owing to the insufficiency of funds in the band, and asking him to resign.

In his letter Mr. Sylvester expressed his sorrow at having to take this action, as he (Mr. Roenigk) had handled the band so well and brought it up to the present high state of efficiency.

If the Council does grant the money Mr. Roenigk will be taken on again as bandmaster.—Lindsay Free Press.

THE COUNTRY HAS BEEN SAVED

Lindsay Band Gets Grant and Everything is Safe Again.

The Lindsay Post says:— At the meeting of the Town Council held this afternoon all the members present voted for the increased grant to the band of $300. This will be good news to the citizens, and will ensure the continuance of that organization.

MANY ATTEND GARDEN PARTY

Enjoyable Time Spent at Drummond Station on Wedday Evening

On Wednesday evening the annual garden party under the auspices of St. Mark's congregation was held on the spacious grounds of Mr. and Mrs. John Dixon, Drummond Station. About 400 people were in attendance. The weather was all that could be desired so that the evening could be thoroughly enjoyed. Tea was served on the grounds. A refreshment booth was also on hand, which was well patronized. After the tea a short programme of vocal and instrumental music was given from the verandah. Mr. Joshua Smithson made an excellent chairman. Rev. Dr. Langfeldt and Mr. Johnson gave short speeches. Quite a number of Peterborough people were present.

EXCURSION TO SOUTH BEACH

Being Held To-day Under Auspices of Mark-st. Sunday School.

The steamer "Water Lily" carried a large number of excursionists to South Beach, Clear Lake, this morning, it being the annual outing of Mark st. Methodist church Sunday school. The trip was made over the Lift Lock up the canal. At South Beach dinner will be served and a number of races will be run off.

2 ENTRANCES—GEORGE AND HUNTER STS.

DEPT. OF RAILWAYS AND CANALS WILL TAKE NO ACTION

The Department of Railways and Canals will take no action regarding the request of the city to have the entrance to the canal lock at Youngs Point straightened and widened and the entrance to the canal at Lakefield widened and the pier removed. The following letter was read at yesterday's meeting of the city council:

Ottawa, June 24, 1908.

Sir,—Referring to the certified copy of a resolution passed by the council of the city of Peterborough on the 1st inst. asking to have the entrance to the lock at Young's Point straightened and widened, the entrance to the canal at Lakefield widened and the pier removed, I am directed to inform you that on enquiry it does not appear that the conditions at Young's Point are otherwise than satisfactory provided that the route is known to those navigating the canal.

The department at present cannot incur any expenditure in connection with the widening of the entrance to the lock at Lakefield, nor is it considered necessary.

Your obedient servant,
L. K. JONES,
Secretary of Department of Railways and Canals.

BIRTH

STAPLES— On Tuesday, June 30th 1908, to Mr. and Mrs. Thos. Staples, North Monaghan, a daughter.

MARRIED.

HARVEY—ROSS — On Wednesday, July 8th, 1908, at St. Paul's church, Newmarket, by the Rev. Canon Spragge, uncle of the bride, Leila Euphemia, eldest daughter of Mr. and Mrs C. G. Ross, Newmarket, to John Franklyn Harvey, B.A., of Peterborough, Ont.

NOTICE TO BUILDERS

Tenders will be received up to noon on the 16th inst. for the erection of a rectory for the parish of St. John's Peterborough the plans and specifications for which may be seen at the office of Mr. J. E. Belcher, architect, city, between the hours of 10 a. m. and 5 p.m. Tenders to be endorsed "Tenders," and addressed to the undersigned. The lowest or any tender not necessarily accepted.

VOL. LVII., No. 8. PETERBOROUGH, ONT., CANADA, FRIDAY, JULY 10, 1908 TEN CENTS PER WEEK

NEBRASKAN WILL SECURE DEMOCRATIC CONVENTION

Delegates Complete Formalities of Organization and Draft Their Platform—Wage-Earners to Have Full Right to Organize.

Denver, July 10.—Two sessions of the Democratic National Convention, the first at 11 o'clock yesterday, and the second beginning at 7 o'clock at night, advanced the work of the convention well nigh to completion. The opening session lasted three hours and brought about the completion of the permanent organization of the convention. When the session opened last night every formality of organization had been accomplished and the decks were clear for the work of adopting the platform and naming the candidates.

The scenes within the convention amphitheatre yesterday repeated those of previous days in the magnitude of the gathering and the eager enthusiasm of the throngs. The address of the permanent chairman, Clayton of Alabama, proved to be a caustic arraignment of the failure of Roosevelt politics, and an enunciation of Democratic doctrine. The orator stirred the listening thousands to frequent demonstrations of enthusiastic approval. At 2.30 the platform committee was not yet prepared to report, and the convention took a recess until last evening, so that all remaining differences of detail on the platform could be reconciled and the document be ready for adoption, and the Presidential nomination be reached before the adjournment of the night session.

Following is the injunction plank adopted by the sub-committee of the committee on resolutions, and as it is expected to be incorporated in the platform:

"Experience has proven the necessity of a modification of the present law relating to injunctions, and we reiterate the pledge of our national platforms of 1896 and 1904, in favor of the measure which passed the United States Senate in 1896, but which a Republican Congress has ever since refused to enact; relating to contempts in federal courts and providing for trial by jury in cases of indirect contempt, questions of judicial practice have arisen especially in connection with industrial disputes. We deem that the parties to all judicial proceedings should be treated with rigid impartiality and that injunctions should not be issued in any cases in which injunctions would not issue if no industrial dispute were involved.

"We demand such enlargements of the powers of the interstate commerce commission, as may be necessary to enable it to protect persons and places from discrimination and extortion, and to compel the railroads to perform their duties as common carriers. We favor the efficient supervision of and rate regulation of railroads engaged in interstate commerce. To this end we recommend the physical valuation of the railroads by the interstate commerce commission, such valuation to take into consideration the original cost of construction and all elements of value that will render the valuation made fair and just. We favor such legislation as will prohibit the railroads from engaging in business which brings them into competition with their shippers, also legislation which will assure such reduction in the transportation rates as circumstances will permit, care being taken to avoid a reduction that would compel a reduction of wages, prevent adequate service or do injustice to legitimate investments.

The last plank to be acted upon by the sub-committee was the demanding of a system for the guarantee of deposits in national banks; an alternative provision was inserted recommending the establishment of postal savings banks, in the event that the guarantee provision is not carried into effect.

MEN SWAM FOR THE SHORE STEAMER SANK NEAR COAST

Arcola Wrecked in Fog off Nova Scotian Coast and Went to the Bottom in a Few Moments—A Treacherous Reef Was Her Undoing.

Sydney, N.S., July 10.—While the Battle line steamship Arcola was steaming up the coast Wednesday night in a dense fog, which shut out the shore line, she ran ashore on a treacherous reef north of Paul's Island, and became a total wreck.

The steamer was bound from Manchester to Mirimichi in water ballast and was to load a return cargo of deal for the United States.

The impact against the rocks tore the whole bottom out of the ship, the sudden jar sending both masts through the deck.

She immediately began to sink and in less than five minutes was completely submerged.

The crew of 29 had a narrow escape with their lives, as she settled so rapidly that they only had time to lower one boat, and several of the men were compelled to swim ashore, which, fortunately, was only a short distance away.

Captain Shaw says that the fog was so thick he could not make out the light on St. Paul's. He had an idea that he was near the island, and trusted to the sound of the breakers on shore to give him his bearings. Without warning the steamer ran high and dry.

The Arcola was owned by Wm. Thomson & Co., St. John. She is insured at Lloyds.

Turns Thief to Win Girl.

New York, July 10.—A youth of 20, who described himself as Nathan Levine, a student of languages and the son of a retired manufacturer, and who told the police he had robbed nearly every first-class hotel in this city during the past few weeks, was captured in a room on the fourteenth floor of the Hotel Belmont yesterday, after he had bound a woman in bed and was about to loot the apartment. When the prisoner was searched the police found one of the most complete outfits for use in sneak thievry that ever came into their possession. The police say the young man made no attempt to conceal his guilt and intimated that it was to raise funds to enable him to make up appearance to a certain young woman that caused him to turn to a career of crime.

Whitney Not Surprised.

Toronto, July 10.—Hon. Mr. Whitney sees no great act of charity in the Dominion Government's legislation to extend the boundaries of Quebec, Ontario and Manitoba.

"With reference to the so-called extension of boundaries," he said yesterday, "it should be understood that this means a parceling out among certain provinces certain territory now held by the Dominion. It does not mean that any province receives anything as a matter of right.

"I observed the divisions as proposed by the Government at Ottawa. I would rather not say anything at present except that I am not surprised at the attitude of the Dominion Government towards the Province of Ontario."

Want Indians Deported.

Helena, Mont., July 10.—Governor Norris has addressed a letter to the commissioner of Indian Affairs at Ottawa, relative to the deportation of a large band of Cree Indians, who, while Canadian charges, have for years been roaming throughout this state.

The Indians participated in the Riel rebellion, and with its suppression came to Montana. The State Department arranged with Canada for their return, but soon afterward, dissatisfied with conditions in the north, they returned to this state and are now at the point of starvation. Hence the letter to learn if the original allotments are still available. A number of Indians have agreed to return.

Another Bridge Collapse.

Cologne, July 10.—The new bridge under construction over the Rhine fell in yesterday, and a number of the workmen engaged on the structure lost their lives. Up to noon fourteen bodies have been recovered and nine men have been taken from the water seriously injured. It is impossible to tell now exactly how many were killed. The scaffolding supporting the powerful crane used in the erection of the central span of the bridge collapsed and carried with it several other spans.

Driver Falls and Breaks Back.

Stratford, July 10.—Falling backwards from a wagon while unloading coal, West, driver for Duggan and Gray, had his back broken and neck dislocated. He is paralyzed from his shoulders to his heels.

Despite these serious injuries, he is conscious. He is 30 years of age and unmarried.

Ten Workmen Killed.

St. Petersburg, July 10.—The roof of a house being constructed near the Douma buildings collapsed yesterday and crashed down through the partly finished floors. Ten workmen busy on the structure were killed outright and forty others were injured.

Driver Narrowly Escapes Death.

Windsor, July 10.—Frank Burton, a livery driver, is in a critical condition at Hotel Dieu Hospital as the result of a runaway accident. His horse bolted into a deep ditch. Burton was thrown over the dashboard and was unable to extricate himself before he was nearly trampled to death. Several ribs were broken.

Three New Townships.

Toronto, July 10.—Three townships in Northern Ontario — Bowman, Hislop and Benoit—have been opened up for settlement by the Crown Lands Department. The land is suitable for agriculture, and will be sold to homesteaders at 50c. an acre.

Old Couple Incinerated.

Rochester, N.Y., July 10.—Mr. and Mrs. Edmund Smith, who resided on a farm two miles east of North Rose, were burned to death yesterday morning in a fire which destroyed their residence. Both were 80 years of age.

THE ESTIMATES SUPPLEMENTARY

Further Amount of $200,000 is Asked for Annual Drill, Including Quebec Review.

Ottawa, July 10.—The supplementary estimates were laid on the table by Finance Minister Fielding last night. They call for an expenditure of $10,665,657, of which a million is chargeable to capital.

The total of estimates for the year is $138,078,381, made up as follows:

Main estimates	$119,237,091
Supplementaries	5,325,633
Seed grain loan	2,850,000
Supplementaries	10,665,657
Total	$138,078,381

The first supplementaries are chargeable against last year, but will be offset no doubt by a similar overcharge to be dealt with next session.

A further amount of $200,000 is asked for annual drill, including the Quebec review. The total for military and defence is $246,675. One hundred dollars is required for the Hudson Bay Railway to provide for survey and location of line from the Saskatchewan river and Hudson Bay.

For the Intercolonial Railway the amount asked is $174,990. Canals call for $710,868 on income account, of which $59,000 is for the Welland. Ontario gets a generous sum for public buildings.

Warning to Lord Charles.

London, July 10.—The morning newspapers regard Premier Asquith's statement in Parliament regarding the dissensions among naval officers, as a warning to Admiral Lord Chas. Beresford and other naval malcontents.

The Daily News prints a guarded statement that Admiral Beresford has addressed to the Admiralty a strongly worded memorandum, declaring that with an inadequate fleet under his command he is unable to guarantee the security of the Kingdom from foreign attack.

The Daily News suggests that this ultimatum means that the admiral intends to resign and seek a seat in Parliament with a view to attacking the Government's naval policy.

Convict Won't Be President.

Carson, Nev., July 10.—Convict Preston, who is in the state prison for murder, and who was nominated for the Presidency by the Socialist-Labor party, has declined the nomination.

Russian Torpedo Boat Wrecked.

St. Petersburg, July 10.—A Russian torpedo boat was wrecked in the Gulf of Finland yesterday by running on the rocks off Reval.

SEVEN KILLED IN IN BAD WRECK

Five Trainmen and Two Passengers Perish Near Medicine Hat.

Medicine Hat, July 10.—A locomotive, running light, from here to Coleridge, had a head-on collision with the morning passenger train from the Crow's Nest Pass, at 8.20 yesterday morning. The light locomotive was driven off trucks, and the baggage car, mail car and tourist coach of the passenger train were partly telescoped, and with the engine rolled into the ditch.

Engineer James Nicholson, Fireman Howard Cray, Baggageman Archambault and passengers James Shaw and Duncan McEachren were instantly killed. Engineer Thomas Twobey and Conductor Malette died a short time afterwards.

Brakeman Leonard Black and Expressman Vicars were seriously injured. Seven other passengers are in the hospital.

James Nicholson had orders to pick up the Spokane flyer, and pulled out of here with the light engine. The Crow's Nest passenger train, was two hours late.

Although badly scalded Harry Thompson, fireman of the light engine, ran up the yard with news, and was immediately sent to the hospital.

During the afternoon Engineer Twobey and Conductor Malette succumbed, bringing the deaths up to seven.

A passenger named Samuel Abbua had his leg broken, and Phillip Menge, a rancher from Taber, was badly bruised. Both are in the hospital.

Operator Ritchie, from whom Nicholson received clearance papers, disappeared.

President Roy Released.

St. Johns, Que., July 10.—The latest proposition of the shareholders of the Bank St. Jean is to pay up forty per cent. due on shares and obtain a discharge from the depositors for this amount, as a majority of the shareholders cannot meet the double call. President Roy was released at 11 o'clock yesterday morning on a $70,000 bond.

Stock Broker Is Killed.

New York, July 10.—Henry J. Faulkner, a member of the New York Stock Exchange since 1888, fell from a New York Central train near Woodlawn yesterday, sustaining injuries from which he died later.

New Magistrate.

St. Catharines, July 10.—James H. Campbell, barrister, has received the papers appointing him police magistrate of this city. Dr. J. H. Comfort has been dismissed.

MR. SIFTON PLEADS CAUSE OF ALL-RED PROJECT IN HOUSE

Sir Wilfrid's Resolution Pledging Financial Support Was Debated all Day—Mr. Borden Submitted an Important Amendment.

Ottawa, July 10.—Sir Wilfrid Laurier's "all red" line resolution, pledging financial support to the project, was debated all yesterday.

R. L. Borden, leader of the Opposition, moved an amendment expressing strong sympathy with the object of the resolution, but expressing the view that more favorable freight rates and a thoroughly efficient system of cold storage were essential features of such a transportation project, and that having regard to the very heavy expenditures and obligations in which the present administration has involved the country, the Government should not commit Canada to any such plan or to any contract or expenditure for such purpose till it shall have been approved by Parliament.

Mr. Sifton said the Opposition, in pursuance of their policy in part, should give more enthusiastic support to the project. He took it from the speeches of Messrs. Borden and Foster that it was their intention to negative the resolution.

The definite question to settle was, Will we endorse the proposition or will we not? It was impossible to go into the question in more detail. This was a proposition having to do with various parts of the Empire. The first thing to do was to endorse the general idea. That would have to be done before they could get any further ahead with the project.

Mr. Borden said his amendment did not effect that part of the resolution, and Mr. Sifton declared the provision for freight service and cold storage would be a matter of detail to be worked out later.

Mr. Sifton said he did not have, nor did he expect to have, any interest in the project except what any member of Parliament would have. When he was in England he had made some enquiries into the project. Mr. Foster had questioned the definite nature of the proposal.

The Prime Minister had definite ideas on the subject, but these would necessarily be modified as the subject was discussed. The proposal generally was for a 20-knot service on the Pacific and on the Atlantic. This would be from England five days to any Atlanitc port in Canada, nine days to Vancouver and 25 days to New Zealand, as compared with 7, and 38 days at present. These ships would carry 1,000 tons of freight on the Atlantic and 3,000 tons on the Pacific. The very fast boats to New York did not carry anything like 100 tons of freight.

If these plans could be carried out, it would be for the colonies to get together and settle on the definite plan to be presented to the Imperial Government. It was essential that Canada become the chief promoter to achieve success.

The cost of the project was estimated at one million pounds sterling, of which it was expected that Great Britain would contribute £500,000, New Zealand £100,000, Australia £75,000 and Canada £325,000. At present we were giving in subsidies on the Atlantic and Pacific £625,000 a year.

Mr. Sifton was satisfied that the time was coming when the stigma would be removed from the St. Lawrence river. With a fast and safe route, business would come. Germany built the fastest boats in the world as an advertisement, to show what she could do, and an enormous business had come to Germany as a result.

If that result could come about between Germany and the United States, rivals in commerce, what would be the result of an establishment of a fast service between Great Britain and the friendly colonies?

It could not be expected that we could carry the scheme into effect inside of five years, but it was time now to start. It had to come. It was a necessary thing, and a good thing.

Mr. Sifton said he would not venture to criticize the financial position of the Government. But he thought that some of the expenditures proposed at the present time might well be cut out to provide means for a fast line service.

Dr. Daniel thought the House had well considered the outlay involved, Mr MacPherson of Vancouver urged the importance of improving the Canada-Australia service, and stated the moment was ripe for an up-to-date service to China and Japan.

W. B. Northrup felt bound to deny the insinuation made by Mr. Sifton that the amendment meant hostility to an imperial project. Both sides were a unit as to the wisdom of increasing our means of transportation.

ONE CENT DROP LETTER RATE SOON TO GO INTO FORCE IN CITIES OF CANADA

Change to be Effected on August 1st and Probably When House of Commons Prorogues—Vast Increase of Business for Post Office Department Likely to Result.

In all probability Peterborough people who now mail a letter to their friends in the city and stick a two cent stamp on it will in August, and quite possibly when the House of Commons prorogues be able to do so for one cent.

This change is important both to Peterborough and to nearly every city in Canada. When it becomes a law it will mean that the one cent drop system of mailing letters in towns and cities will be in force in every one in the Dominion. It is thought this will result in a vast increase in business for the Post Office Department.

The Act—which paves the way for this by amending another Act—has passed the House of Commons and Senate and is likely to go into effect practically at once.

The reduction in rates will be a great boon to all commercial enterprises—especially in the matter of sending out circulars, bills, notices, etc. The busy Peterborough merchant will be able to send out 100 for one dollar instead of paying two—but of course all must be mailed to city points.

An official of the Post Office Department at Ottawa explained it this way. "At present we believe there are many firms getting bills and so on delivered through agencies which through sending a boy round do this very cheap possibly nearly a cent each. Now, if these could be mailed at a cent each hundreds more letters would be mailed. Not only that, but there would probably be more privacy. The department would get more business. We calculate that what we would lose through a decrease in the two cent local rate to one cent would be more than made up by the additional volume of business.'

"What places would be affected,' was asked.

"Every city in Canada where there is free delivery,' was the answer. Take Hull for example. A letter posted there to any part of that city costs a cent. Here a letter mailed from one city point to another costs two cents, because through our free delivery mail system there is so much more expense to meet."

"Will it mean much additional expense."

'We hardly think it will mean anything very material. There are many letter carriers, and while it will result in many more letters for the department and so more revenue, it would only be a few more letters for each carrier to deliver daily.

Lightning Killed Child.

Charlottetown, P.E.I., July 10.—At Tyne Valley the home of Wm. H. Ellis was struck by lightning and destroyed Wednesday night, and Mr. Ellis' four-year-old daguhter, who was lying on the kitchen floor behind the stove, was instantly killed. Mr. Ellis and his wife were both stunned, and an infant in the latter's arms was torn from her embrace and fell upon the floor. The lightning also struck the residence of John Ellis of Northam, following the clothes-line into the house, ad causing considerable damage.

U. S. and Venezuela Break.

Washington, July 10.—Senor Velos Goitice, the Venezuelan charge d'affaires in this city, yesterday afternoon called at the State Department and presented to Acting Secretary Bacon his letters of recall.

This action was taken by direction of President Castro and as the result of the withdrawal from Caracas of Jacob Sleeper, the American charge. The effect of yesterday's action is the complete rupture of relations between the United States and Venezuela.

Prospector Drowned.

Cobalt, July 10.—Walter Ruth, a prospector, about 28 years of age, was drowned on the Montreal river. He was in a canoe with a companion, when in some manner it capsized, throwing both into the water.

Dreamers Break Camp.

Ebor, Man., July 10.—The Dreamers broke camp at 10.30 yesterday morning and are still headed north. They expected to camp on Pipestone Creek last night, making about 12 miles. Two of the party stood guard with loaded guns all Wednesday night. The ancient horse is in bad condition, but is still able to make about two and a half miles an hour.

LOCAL MAN INJURED IN A WRECK NEAR LONDON

Mr. W. J. Squires, Son of Mr. Walter Squires, 75 Albert-st., Had Knee Fractured in Head on Collision Between the Windsor Accommodation and a Switch Engine.

Mr. Walter J. Squires, son of Mr. Walter Squires, 75 Albert St., and a traveller for a Toronto dry goods firm, was injured on Wednesday evening in the head-on collision between the Windsor accommodation and a switch engine.

Referring to the acident, and to Mr. Squires' injuries, the Toronto Star last night had the following to say:

W. J. Squires, of Toronto, who was ijured to the extent of a fractured knee in the head-on collision between the Windsor accommodation and a switch engine yesterday evening will be confined to his bed for perhaps a couple of weeks.

Squires was sitting in the smoker and had risen to get his grip, when the shock came. He was thrown bodily on to the next seat and his knee struck the edge of the seat, fracturing it but not to the extent of permanent injury.

He was going to get off at London and is confined at present at Victoria hospital.

Mr. Squires of this city was in communication with his son and learned that his injuries were not of a serious nature.

SPLENDID CROP OF PEAS IS EXPECTED HERE THIS SEASON

Judging from reports there is going to be a great crop of peas in Peterborough county this year, in fact a record crop is expected if nothing happens. Today the Review was shown a sample of some garden peas grown on the farm of S. D. Carver in North Monaghan. They were of the "Telephone" variety and nearly every pod was over three inches and a half in length and contained from five to ten peas. Mr. Carver stated that the pea crop, both garden and field, was unusually good this year.

Mr. Houdry, of the firm of that name, is also optimistic regarding the outlook for the pea crop. He has been travelling through the country a good deal and states that the outlook is for one of the best pea crops in years. There are no indications yet that the destructive weevil is at work and farmers are hoping that the days of this pest are nearly over.

TO DISCIPLINE THE DOCTORS

Will Proceed Against Physicians Who Perform Illegal Operations.

Toronto, July 10.—The disciplining of physicians who perform illegal operations was discussed by the Medical Council yesterday. It was decided to invite closer co-operation between the detectives and the prosecution committee of the council.

After a rather prolonged discussion the following resolution was carried:

"The attention of this council having recently been called to the prevalence of crime against unborn life, resolved that when a detective becomes aware of such a case he be instructed to lay the matter before the prosecution committee, which will carefully enquire and pass the evidence, when deemed desirable, to the discipline committee for action."

The opinion of the meeting was by no means unanimous that the responsibility should rest upon the council or that it should assume responsibility in the matter.

Dr. Varden of Galt defended the medical profession in which, he said, there were no more criminals than in any other. The paper which had called upon the council to act was one which had helped to cover up the scandals in the Yukon.

"Let lectures be given to the children," he declared, "so that they will understand the gravity of the situation, and then medical men will not be tempted as they are. The public do not know the position of the doctor, and perhaps if the holy editor were placed in a similar position he would fall, too."

Charles Rose, prosecutor on the council, recommended that the names of Dr. E. M. Cook and Dr. Webster Shier be struck off the lists. Both were involved in recent prosecutions.

A Thrilling Trip.

Cornwall, July 10.—For a boat to go up the Longue Sault Rapids seems almost impossible. Yet it has been accomplished by the powerful 60-foot boat Priscilla, owned by Senator Richardson of Delaware.

The Priscilla was tied up at Cornwall by the canal break, and after waiting several days a desperate attempt to run up the south channel proved successful, and four hours after leaving Cornwall the Priscilla was at Ogdensburg, N.Y.

This feat was accomplished once before some four or five years ago in a small boat.

Lightning's Havoc.

St. John, N.B., July 10.—Very severe electrical storms occurred Wednesday night near Amherst and Woodstock, several residences being struck at Woodstock. Emmons Howard, aged 19, was terribly injured, and his leg will have to be amputated. At Amherst John Jollymore's house was shattered, great holes being torn in the walls and floor. Mrs. Jollymore and seven children were rendered insensible, but recovered. Other persons were also stunned.

FRIDAY, JULY 10, 1908.

NEW BOUNDARIES

Ontario's boundaries are to be extended by Sir Wilfrid Laurier's extension of boundaries bill. We are to get a piece of Keewatin or Keewaydin the territory extending to Hudson Bay. Manitoba gets a slice of the same and Quebec gets Ungava. Ungava embraces the enormous territory that comprises all north-eastern Canada, being bounded on the west by Hudson Bay, on the north by Davis strait, on the east by the Atlantic ocean and on the south by Quebec. If appearances go for anything the Province of Quebec will be much the largest province in the Dominion.

WHAT IT HAS COME TO

"Some commentators hold that recent experience means that Canada must again pay 4 per cent. for the money it borrows for public services. In eighteen years of Conservative rule standard interest rate on national loans was reduced from 4 to 3 per cent. Twelve years of Liberal recklessness as to everything but spending have put the country's credit back to where it was thirty years ago."—Montreal Gazette.

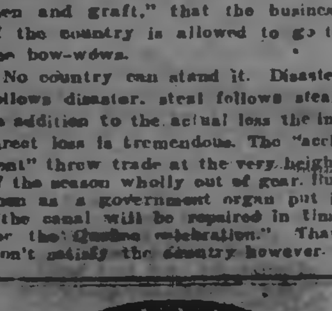
The last Canadian loan offered to the London financial world has proved a fizzle. The commercial world has become shy of Canadian recklessness. In thirty years instead of improving our security we have depreciated it. There is no getting over the facts as presented. The Montreal Gazette says the Laurier Government is a "freak Government," and few will deny the correctness of the name.

CRIMINAL CARELESSNESS

The statement is made by H. A. Calvin, of the Calvin company, that eighteen months ago, Capt. Thomas Donnelly, in a letter from Cornwall, to an official of his company, made the statement that there was a weak place in the Cornwall canal near the place where the recent catastrophe occurred, and that if something was not done to strengthen it, an accident would sooner or later occur. The captain prophesied aright, and the accident did occur, a year and a half after he noticed the weakness in the bank. There is no doubt but what he drew the attention of the officials of the marine department to the weakness, but nothing seems to have been done to remedy it, and there is also no doubt but what this was the beginning of the break that has resulted so disastrously.

This clipping is taken from the well known Liberal journal, the Kingston Whig. It is not possible that so rabid a party paper would publish so condemnatory a statement without full warrant for it. What we may well ask has got into the Laurier Government? They do not seem to be able to do anything properly. They are so busy looking after "wine, women and graft," that the business of the country is allowed to go to the bow-wows.

No country can stand it. Disaster follows disaster, steal follows steal. In addition to the actual loss the indirect loss is tremendous. The "accident" threw trade at the very height of the season wholly out of gear. But then as a government organ put it "the canal will be repaired in time for the Quebec celebration." That won't satisfy the country however.



TRULY APPALLING

The Montreal Witness heads its account of recent proceedings in the Dominion parliament with "APPALLING FINANCIAL OBLIGATION ASSUMED BY THE COUNTRY IN THE BUILDING OF THE NEW TRANSCONTINENTAL RAILWAY." Fortunately for Canada there are Liberal journals like the Witness of sufficient candour to admit the tragic extravagence into which Canadians have been plunged in order that certain men may keep in power and continue to dispense patronage to "friends" at will. The system of Government in Canada has not, however, broken down, although it may appear to have done so. It is merely the case of the administration's being carried away by the spirit of vanity and excess. No project seems too huge for their fancy and no number of projects too large. So far this year the accumulated deficit on national current account bids fair to more than realize Mr. Fielding's gruesome prophecy that there will be a deficit of thirty millions for next year. It will end of course. The foreign and domestic capitalists, financiers and money lenders will see to that. Not before, however, we have so mortgaged our future as to make us hewers of wood and drawers of water for a long time to come. Our resources are changing hands. We no longer own them. We are parting with our protection against want. The Witness' words are the words of an anxious friend.

EDITORIAL NOTES

Up-to-date doctors place the red cross on their motors.

The early estimates indicate good crops both in United States and Canada.

The Liberal press from one end of the country to the other is booming the Georgian Bay Canal to cost $100,000,000. Heaven help us. Have they no pity!

Briggs—"They say the French are deteriorating.' Griggs—'I know it. The last time I was ever in France I couldn't even make them understand their own language.'—Life.

We would suggest to the Laurier Government since it doesn't seem to mind what money it spends that it should establish an all-air route across the continent as the Krupps are doing.

The Democratic platform for the coming contest is "Tariff Reform, insurance of deposits, income tax, emergency currency, laws against overcapitalization; injunctions not to supersede laws, imperialism a blunder, laws against stock-gambling."

Lord Roberts is an uncle of Mr. Samuel Price, of Douro, whose mother was a sister of the famous field-marshal. Old timers will remember Messrs. John and Charles Roberts, who also were nephews.

The French papers are talking election and Laurier. There is no name that means so much to the large majority of the people of Canada.—Kingston Whig.

That's all right! Just you wait and see.

The price of beef cattle has gone down tremendously the last two or three days. The outlook for the farmer in this respect is not good, although pork is more than holding its own.

The row amongst the admirals of the British fleet reminds us of a similar rumpus amongst a number of shantymen at the old McGregor House some years ago. Both proceeded from jealousy. Davey Hartley says he has seen the same thing amongst walkers.

Taft was nominated amid cheers that lasted 49 minutes. Bryan was chosen amidst applause that lasted 1 hour and 17 minutes. When the Local Liberal convention can make up its mind to meet and select a man the cheers will have to be adjourned probably several times for food and drinks. It's a great world.

Winnipeg also is in a turmoil over the smallness of the number invited to go from there. In Vancouver a regiment is in an uproar because, although [illegible] only a few were asked while in Victoria where the regiment is a "dead 'un" a large number were asked because there's a friend of the Laurier Government at the head.

Kingston, July 7.—There is trouble with the 14th Regiment band over the Quebec trip. When Col. Kent called for volunteers from the band not one man consented to go.

When asked why they would not go they said they wanted more than the usual pay. This the Colonel said could not be given, and as no one volunteered on his second request, he dismissed the whole band, and the probability is that the regiment will go to the celebration minus a band.

Chatham, July [illegible].—The [illegible] which has existed for some time between the officers of the 24th Regiment and the regimental brass band ended this morning in the musical portion of the regiment being suddenly dismissed from the service. It had been known for some time that differences have existed, and frequent clashes have occurred.

On July 1 the band held up the city, and refused to play for the band concert in the evening, until the celebration committee came to their terms. The concert was advertised and the city had to pay the price asked. Complaint was made to the officers, and the result was a final ending of all differences with the above action. It is a peculiar thing that ever since the formation of the regiment there has been trouble with the brass band.

"The following from 'The Interior' the unusually sane and discerning Presbyterian paper of Chicago, is strong, but probably many will not judge it too strong. It possibly says what some of us have been thinking for some little time and perhaps had not the courage to put into words. Fortunately we do not have as much of this kind of thing in Canada as our cousins do across the line, *but* occasionally we are treated to something that smacks decidedly of what is here described: 'The Master taught that it wasn't Christian to have a trumpet sounded before one when giving alms or praying, but some modern evangelists don't think that the injunction has any application to the business of 'awakening the churches.' They consider apparently that the awakening business is just where the trumpet comes in handy. In the plans of certain workers the publication of a special local newspaper, right in the midst of each successive series of meetings, wherein the public is informed that the evangelist's 'real forgetfulness of self has never been seen equalled in any other public man'; that his assistant has a 'natural, all-round ability for Christian work,' such as few other persons have ever possessed; that the singing member of the party is 'one of America's leading choristers'; that even the professional press agent of the combination—who is doubtless responsible for all this adulation of his associates—is 'zealous almost to a fault in the work of the Master'—the outpouring of all this overwhelming gush and wishwash upon a patient community is supposed to be needful to insure a due popular understanding of what angels providence has sent for the town to entertain. But persons who still believe that the kingdom of God cometh at least with no observation how near to blame is no observation that is contracted for beforehand, and who have not forgotten how near to blame is hired praise, may be forgiven if stomach fails them when they are asked to drink by the column and the page of this fulsome flood. The wise woman of King Lemuel's admiration could afford to wait for her works to praise her in the gates; do not evangelists dare to risk the same advertising. Until the evangelistic press falls unlamented from his present estate of importance Christianity must still confess something lacking in the effectiveness and satisfactoriness of the great professional revival campaigns'—Christian Guardian.

There is a general consensus of opinion that what is known as "the business habit" is producing a condition of things barren of all but business and business methods. The pendulum swings and time will restore however the minds of man to their natural condition of belief in the immaterial. Men are frequently found who say they "believe" but do not pretend that they act up to it. A great divine has recently said that such men are not sceptics in name but in fact which is much worse.

THE STRENUOUS LIFE

Pulls so Hard on the Stomach it Must Have Help

The stress and strain of the strenuous life in both city and country makes stomach troubles. Five people suffer to-day where one did ten years ago, with sick headache, dizziness, flatulence, distress after eating, specks before the eyes, bloating, nervousness, sleeplessness, and the many other symptoms of indigestion.

All who are suffering with stomach troubles, and that means at least two out of every three in Peterborough and other towns, should use Mi-o-na stomach tablets. Nothing else is as safe, yet as effective; nothing else can be so thoroughly relied upon to relieve all troubles from indigestion as Mi-o-na.

So reliable is Mi-o-na that M. Madill, druggist, corner George and Hunter Sts., Peterborough, with every 50 cent box he sells, gives a guarantee to refund the money unless the remedy cures.

MUST HAVE A LICENSE

Citizens Intending to Have Refreshment Booths on 13th

A local man was in the act of locating a stand from which to sell lemonade and other refreshments on the 13th of July this afternoon when P. C. Adams came along and informed him that if he erected a stand he would have to take out a license. This would cost him five dollars. The gentleman thanked him for the information by giving the police officer a cigar. Several citizens intending to have stands on the holiday did not know that it was necessary to take out a license.

Cook's Cotton Root Compound.

"The great Uterine Tonic, and only safe effectual Monthly Regulator on which women can depend. Sold in three degrees of strength—No. 1, $1; No. 2, 10 degrees stronger, $3; No. 3, for special cases, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. What is Castoria.

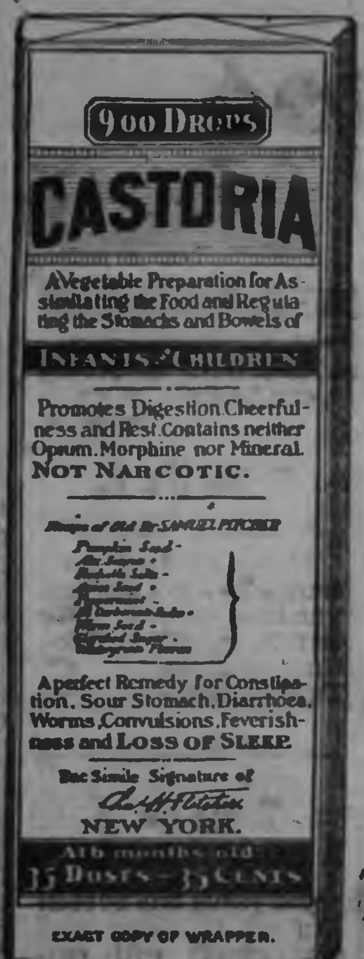
CASTORIA is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhœa and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The children's Panacea—The Mother's Friend.

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.



900 DROPS
CASTORIA
A Vegetable Preparation for Assimilating the Food and Regulating the Stomachs and Bowels of
INFANTS & CHILDREN
Promotes Digestion, Cheerfulness and Rest. Contains neither Opium, Morphine nor Mineral. NOT NARCOTIC.
A perfect Remedy for Constipation, Sour Stomach, Diarrhoea, Worms, Convulsions, Feverishness and LOSS OF SLEEP.
Fac Simile Signature of
NEW YORK.
35 DOSES—35 CENTS

EXACT COPY OF WRAPPER.

Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. F. Gerald Blattner, of Buffalo, N. Y., says: "Your Castoria is good for children and I frequently prescribe it, always obtaining the desired results."

Dr. Gustave A. Eisengraeber, of St. Paul, Minn., says: "I have used your Castoria repeatedly in my practice with good results, and can recommend it as an excellent, mild and harmless remedy for children."

Dr. E. J. Dennis, of St. Louis, Mo., says: "I have used and prescribed your Castoria in my sanitarium and outside practice for a number of years and find it to be an excellent remedy for children."

Dr. S. A. Buchanan, of Philadelphia, Pa., says: "I have used your Castoria in the case of my own baby and find it pleasant to take, and have obtained excellent results from its use."

Dr. J. E. Simpson, of Chicago, Ill., says: "I have used your Castoria in cases of colic in children and have found it the best medicine of its kind on the market."

Dr. R. E. Eskildson, of Omaha, Neb., says: "I find your Castoria to be a standard family remedy. It is the best thing for infants and children I have ever known and I recommend it."

Dr. L. R. Robinson, of Kansas City, Mo., says: "Your Castoria certainly has merit. Is not its age, its continued use by mothers through all these years, and the many attempts to imitate it, sufficient recommendation? What can a physician add? Leave it to the mothers."

Dr. Edwin F. Pardee, of New York City, says: "For several years I have recommended your Castoria and shall always continue to do so, as it has invariably produced beneficial results."

Dr. N. B. Sizer, of Brooklyn, N. Y., says: "I object to what are called patent medicines, where maker alone knows what ingredients are put in them, but I know the formula of your Castoria and advise its use."

CHEMONG HAS UNUSUALLY LARGE SUMMER POPULATION

Practically Every Cottage is Occupied and the Hotel Has a Large Number of Guests—Personals of Interest Many Improvements Have Been Made.

Special Correspondence

Chemong Park, July 10— The summer season is in full swing at Chemong Park. The hotel has a full quota of guests and practically every cottage is occupied. The beautiful weather has added greatly to the enjoyment of the resorters and the past few days have been attended with much pleasure. Several new cottages have been erected and improvements have been made to many of the old ways. A liberal use of paint has brightened things up considerably and it is a safe assertion that Chemong never looked prettier than at the present time. The dances at the splendid pavilion will be commenced soon and will add to the diversion of the cottagers, especially the young people. The summer school which is in session at present has added to the liveliness at the park. It is very successful this summer and will likely be an annual event.

Last evening an excursion was held up the lake on the steamer Manita, as far as Bobcaygeon and return. There was a large number in attendance and the outing was most enojyable. The boat could not accommodate all who wished to take in the excursion.

SOME PERSONALS

Mrs. Bain and family of Toronto are again residents of the park this year.

Prof. and Mrs. Houghton of University Heights, New York, are occupying Jubilee Cottage, for the season.

Mr and Mrs Heideman and little one are in Mr. Popham's cottage for the summer.

Dr. and Mrs Poole and children are settled at the park for the summer as are Mr. and Mrs. Morphet and family.

Mr. and Mrs Charles McClelland and Miss Clarke have opened their cottage.

Mr. and Mrs. Heaton and family of Toronto are at the park for the season.

Mr. and Mrs. J. D. Tully and Miss Ethel are in their cottage and Miss Ethel has as her guest Miss Ruth Landkin of Kingston.

Miss Lemon of Toronto is the guest of Mrs. James Long for a few weeks.

Mrs. Andrews and family are at the park for the season.

Mr. and Mrs. E G. Patterson and family are occupying Mr. Overend's cottage for the season.

Mrs. Kelley and family of Rochester are in Mr. Pope's cottage for the season.

Mrs. Thomas and two grandchildren of Toronto are the guests of her neice Mrs. W. J. Hopwood.

Mr and Mrs Sisson of Lindsay are the guests of Mr. and Mrs. W. J. Hopwood.

Mr. and Mrs. Simmons and family of New York, are occupying one of Mr. Wolfe's cottages for the summer.

Mr and Mrs. Desbecker and children of Buffalo, are spending the summer at Chemong.

Mrs. Archer, Miss Archer and Miss Hugel are again occupying one of Mr. Alex. Elliott's cottages.

Mr. and Mrs. D. H. Clarke are in their cottage for the summer.

Mr. Loomis and family of Toronto are in Mr. Hollingshead's Bungalow, for the season.

Mr. William Atchison has purchased Sergt. Major Brittain's cottage and with his family are spending the summer at Chemong.

Mr. and Mrs. R. H. Fortye and family are in Mr. Rutherford's cottage.

Miss McArthur, of Almonte, is the guest of Mrs. Vincent Eastwood.

An improvement in the appearance of some of the cottages is very noticeable. Several of them have been repainted and large additions have been made. The cottages of Alex. Elliott, Mrs. Andrews, and Dr. Poole and Mr. Morphet have all been painted and a dining room added in each case.

Several new fences have been put up and these add to the appearance of the cottages. Mr. Tully has one around his property, as has Mr. D. Hughes Charles.

While there are no new dingheys on the lake there are many new canoes and a greater interest is being taken in canoeing than ever before.

The Bobcaygeon party who are attending the summer school are occupying two large tents on the park while a number of campers are in other tents scattered through the woods.

ICE DID DAMAGE.

The wharf at Mr. Pope's boat house is in very bad shape. the result of the ice during the past winter. It was carried away and almost completely demolished. A temporary wharf has bene put up for this summer, but it is the intention of Mr. Pope to build a fine new one next year.

The water in the lake is about 18 inches higher this year than last and it is understood that next year the water level is to be raised another foot at least.

NEW LAUNCHES.

There are several new launches on the lake this year, Mr. Hollingshead's new racer being the latest addition. Mr Andrew Brown has a nice launch and with those that were there last year, make quite a fleet.

HOTEL REGISTRATIONS.

Among those who have registered at the hotel during the week are the following—

T. MacDonald, Peterbroough; Miss Brodeur, Ottawa; Mrs. and Miss Conlveaux, Ottawa; H. E. Stenson, Peterborough; Miss J. Brown, Toronto; J. H. Sullivan, Peterborough; Geo. W. Henderson, Peterborough; Miss Pearl Coulter, Chapman; Miss J. M. Theke, Chapman; H. J. Latimer, Bowmanville; Herbert W. Turney, Trenton; Frank J. Clarke, Cordova Mines; Lewis Parker, Harvey; Robt. N. Stewart and wife, Stony Lake; R. McCulloch, Omemee; Annie Mountjoy, Haydon; Neda Symons, Hampten; Jas. E. Norton, Warsaw; Mrs. John Hambridge, Peterborough; E. C. McCamus, Peterborough; J. A. McCamus, Odessa; Maye Edgar, Peterbroough; S. McKenzie, Omemee; G. Menzie and wife, Stratford; Harry E. Reid, New York; C. J. McCurran, Rochester, E F Roblin, Brighton, N.Y.; H J Loidge, Orono; E A Totten, Lindsay; Luella Kelly, Red Rock; M M McNeil, Red Rock; Rev A C rCews, Toronto; L M Brock, Toronto; Lillian Stoddard, Lindsay; Margaret A Hamilton, Peterborough; Mrs J Aaron Buffalo; Annie Schriver, Trenton; Bessie A. Lawson Brighton; Mrs. W. Seward, Lovett; Leonora E Jones Albany; earl Burnham, Millbrook; Luella Kennedy, Millbrook; Annie Fieldhouse, Wooler; Lizzie Way, Brighton; Beatrice Robertson Trenton; Rev Leigh A Doxsee, Cobourg; W P Rogers, Millbrook; Nella M Hanna, Smithfield; A H Foster, Castletown; Mrs G H Foster, Castletown; Louise Rush, Cannington; J G Olmstott, Redrowsville, Prince Edward; Myrtle A. Henderson, Cobourg; Bessie Smith, Cobourg; Jas A Bomber, Cobourg; Bessie Smith, Cobourg; Mrs E Lewis, Peterborough; H S Henderson, Cobourg; R E Kemp, Trenton; A H Moon, Trenton; H W Foley, Bobcaygeon; Mrs D Walker, Smithfield; W G Clarke, Port Hope; Jas Storey, Peterborough; J Howden, Peterborough; Alma J Leslie, Beaverton; Gertrude M Bruce, Beaverton; Edna A Drewry, Smithfield; May Dobson, Aurora; Lela M. Forsyth Markham; Edith Virtue, Ernie Killen Francis J Virtue, Tyrone; J W Cotten, Claremont; G G R McQuade, Millbrook; E R Doxsee, Belleville; R A Whittam, Woodville; Mrs H Curtis, Havelock; Rev A J G Carscallen, Sanford; E H Baker, H C Payne, Hall's Glen; Clara W ayne, Hall's Glen; Ethel Mosher, Springbrook; Ethel Thompson, Springbrook; J R Bick, Bobcaygeon; Myrtle Pettingill, Picton; Violet Hall, Napanee; A L Williams, Oshawa; John Garbutt and wife, Bowmanville; H V Mounteer, Cannington; Nora E Reynolds, Stirling; Gertrude Young, Bowmanville; M E Jones, Bowmanville; Amy Crafts, Peterborough; Edith L Kirby, Oshawa; E A Bond, Oshawa; A E Adams, Wooler.

Mr. Brown states that the hotel is having one of the busiest seasons in its history. Nearly every room is taken up, many of the guests being American visitors.

Mr. Fred English, of Peterborough, has been filling the clerk at the hotel during the past week.

The cottagers are well pleased with the auto 'bus service. Accidents to the big car are few and the service is very satisfactory.

CARTER'S LITTLE LIVER PILLS.

CURE

Sick Headache and relieve all the troubles incident to a bilious state of the system, such as Dizziness, Nausea, Drowsiness, Distress after eating, Pain in the Side, &c. While their most remarkable success has been shown in curing

SICK

Headache, yet Carter's Little Liver Pills are equally valuable in Constipation, curing and preventing this annoying complaint, while they also correct all disorders of the stomach, stimulate the liver and regulate the bowels. Even if they only cured

HEAD

Ache they would be almost priceless to those who suffer from this distressing complaint; but fortunately their goodness does not end here, and those who once try them will find these little pills valuable in so many ways that they will not be willing to do without them. But after all sick head

ACHE

is the bane of so many lives that here is where we make our great boast. Our pills cure it while others do not.

Carter's Little Liver Pills are very small and very easy to take. One or two pills make a dose. They are strictly vegetable and do not gripe or purge, but by their gentle action please all who use them.

CARTER MEDICINE CO., NEW YORK.

Small Pill. Small Dose. Small Price.

One will please, six will cure. Sold by all druggists or mailed in plain pkg. on receipt of price. New pamphlet mailed free. The Wood Medicine Co. (formerly Windsor) Toronto, Ont.

IS RELEASED FROM JAIL

John Dixon Given His Liberty at the Consent of the Attorney-General—Was Serving 30 Days

A despatch from Toronto says:—

Mr. Justice Clute this morning gave orders releasing two men now serving time.

John Dixon, of Harvey township, who was serving 30 days on a charge of having failed to provide for the support of his wife and two children, was released on consent of the attorney-General's Department, his conviction being shown to be bad in law.

Mr. J. B. Mackenzie had a library of law books on hand and a long series of illegalities to charge against the conviction of Thos. Reid of Roden township, Hastings, sentenced to four months in Belleville jail, for a second conviction for selling liquor without a license. But he got no further than the first being successful in quashing the conviction on the first point made, that the magistrates had knowledge of the prior conviction previous to the hearing of the case.

"It is a technical objection," observed Mr. Edward Bayley, who appeared for the attorney-general.

"It is not technical, it is very real" replied his Lordship. "A judge in spite of himself would be prejudiced. I find the magistrates erred and the prisoner was not tried in the manner contemplated by the Act. Such is sufficient to render this null.

HOW'S THIS?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & CO., Toledo, O.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.

FIRE BRIGADE'S RAPID TURNOUT

Made Fast Time in Response to a Call From Box 24---Was False Alarm

The fire brigade made a quick run last night at 12.30 o'clock in response to an alarm sent in from box 24 which is located at the plant of the Quaker Oats Company. The firemen made a rapid run but on arriving at the locality found that it was a false alarm. There was not a sign of fire anywhere and the brigade returned to the hall. The promptness with which the brigade was on the scene was favorably commented on, by citizens present.

A PARODY IN SEASON

CRESSMAN:S--THE HOME OF THE LADIES' HOME JOURNAL PATTERNS

ESCAPES FOR SIXTH TIME AND WALKS 16 MILES TO HER HOME IN EAST CITY

Minnie Longdo, Ward of the Children's Aid Society, Ran Away From Home of Mr. T. W. Martin at Ida, Yesterday afternoon—Arrived Here Last Evening at Nine O'clock.

Minnie Longdo, the thirteen-year-old ward of the Children's Aid Society, who ran away from the shelter on numerous occasions, had the walking wonders all beaten for tramping long distances. Her latest accomplishment in this line took place yesterday. She has been placed in several good homes, but always succeeds in getting away.

About two weeks ago she was given to Mrs. T. W. Martin, who resides near Ida, sixteen miles from Peterborough. Only a short while ago she escaped from the Shelter in the middle of the night and walked to Indian River. Yesterday she did a much better stunt and walked from Ida. Unnoticed she got away yesterday and after the long walk on hot and dusty roads she reached her home on Concession street last evening about nine o'clock.

She did not go directly to her home but to one of the neighbors. The lady of the house was out, but on returning was astonished to find Minnie lighting the lamps. The girl ran out of the house and across a field, saying she was going to stay out all night.

Several persons attempted to catch her, but she was too foxy, and it took over an hour before a young lady finally persuaded her to come to her.

When the *Review* spoke to Mr. Henry, caretaker at the Shelter, this morning, he said that he had received a message from Mr. Martin regarding the young girl's escape, but he had not learned that she was at her home in Ashburnham. He said that she would have to be arrested.

MURRAY MILLER CAPTURES THE BANKS' FISHING PRIZE

Mr. Murray Miller of this city is the young man who is the winner of the three dollars' worth of fishing tackle for the first person who caught a 'lunge that tipped the scales at 16 pounds or over, the fish to be weighed in Mr. Banks' store

Mr. Miller hooked the 'lunge this morning in the Otonabee at 4.30 making the catch about two hundred feet above the C.P.R. bridge. He took the fish to the store to be weighed. It is now on exhibition in the window in a bed of ice and brown paper. Mr Miller is going on a business trip to Toronto tonight and will take the fish with him and make a present of it to his brother residing in that city.

He says when he caught it and commenced to pull it in he had no idea that it was a particularly large one as it did not put up much of a struggle and he was not aware that he had captured a likely prize winner until he hauled the 'lunge into the boat.

MARRIED.

PADDON—NICKSON—At Christ Church, Vancouver, on June 25, by Rev C. C. Owen A. P. Paddon, of the local staff of the Bank of Montreal, to Edith, daughter of Mr. J. G. Nickson, 1270 Melville street.

RUNNALS—BARRY—At Lansdowne, B.C. on June 10th, by Rev A. N. Miller, Victor R. Runnals to Miss Mabel Barry of Port Hope.

George Stanton, hotel-keeper in Middlemarch, sold liquor in defiance of local option, and was fined $100 and costs.

THE UNITED AGENCY COMPANY, Limited
(Insurance Department)

Have you seen the GREAT WEST LIFE'S NEW POLICY? The best policy issued. The GREAT WEST LIFE is paying bigger interest on the money invested than any other Company, therefore it is the best.

WE EMPHASIZE THE FIVE POINTS THAT COUNT:

1.—THE LARGE BUSINESS WRITTEN—indicates the public view of the GREAT WEST LIFE POLICIES. 2.—THE DIMINISHED COST OF SECURING THIS LARGE BUSINESS. 3.—THE LOW DEATH RATE, endorsing the careful practice of the Company in accepting risks. 4.—THE LARGE INCREASE OF OUR ASSETS. 5.—THE HIGH RATE OF INTEREST EARNINGS OR INVESTMENTS.

All this is to the advantage of the policyholders. It is for you to make application. Why not get the best?

We are representatives for several first class FIRE COMPANIES, in addition to LLOYD'S PLATE GLASS, THE UNITED STATES FIDELITY AND GUARANTY COMPANY and the old, reliable RAILWAY PASSENGERS ACCIDENT CO'Y OF LONDON, ENG.

The Daily Review

A POST-NUPTIAL PRESENTATION

Mr. and Mr. Evans Tendered a Reception by Indian River Friends---Presented With Couch

Indian River, July 10—' A pleasant social event was the reception tendered to Mr. and Mrs. Evans on their return from their bridal trip.

On Monday evening June 22nd, friends gathered at their home where a good programme had been provided for the occasion consisting of music, both vocal and instrumental, recitations, and speeches from several gentlemen present.

But the chief feature of the evening was the presentation of a beautiful couch to the young couple as a mark of esteem from the members of Indian River Baptist church and ohter friends in the community.

The presentation was made and a beautiful address read by Mr. N. McNaughton, B.A., of Toronto

Mr. and Mrs. Evans made a suitable reply but words failed to express their appreciation of their beautiful present, coming as it does from loving hearts and with the good wishes of the community.

After the presentation, refreshments were served and altogether a most enjoyable evening was spent.

We wish to thank our many friends from Bethel who, by their presence and in other ways contributed so much to the success of the evening. Such gatherings in a neighborhood, tend to foster kindly Christian feeling and leave behind pleasant memories never to be forgotten.—Com.

Keep Cool—Keep things cool This is easily accomplised by using one of Best's best refrigerators. All prices. Better buy Best's now. Next to Post Office.

OVER 400 IN ATTENDANCE AT HOUSE OF REFUGE SOCIAL

Unique Event Held at Lakefield Last Evening—Splendid Institution Was Greatly Admired—Good Programme Was Given.

Over 400 people were in attendance at the lawn social held at the House of Refuge, Lakefield, last night. It was an ideal evening for an event of that nature and young and old came from far and near to enjoy the good programme and have a look over one of the best institutions of its kind in the province. The building was brightly illuminated and nearly every part of it was open for the inspection of the visitors. There were many favorable comments on the splendid arrangement of the building, the cleanliness and order in which it is kept and the general excellence of the conditions in which the old people are spending their declining years.

REEVE SCOTT, OF SMITH,
Who Deserves Great Credit in Connection With House of Refuge Social.

The Lakefield band was in attendance and assisted greatly in the programme Their selections were given in a very creditable manner and proved a source of much enjoyment. The remainder of the programme consisted of solos and recitations, all of which were received with much enthusiasm.

The chairman was Warden Thompson, M.P.P., who made a few remarks of a most appropriate nature.

The programme was as follows:

Selection by Band.
Chairman's address.
Recitation, Miss Emma Vincent.
Address, Mr. J. H. Burnham
Selection by Band.
Address, Rev. Mr. Burns
Recitation, Annie Christie.
Address, Rev. Mr. Bedford.
Selection by Band.
Solo, Miss Kathleen Vincent.
Address, Rev. Mr. Creighton,
Solo, Mr Kidd
Recitation, Annie Christie.
Address, Mr E. M. Elliott,
Reading, Miss Kenneally.
Selection by Band.
God Save the King.

Rev. Father Phelan was down for an address but was unable to be present.

Reeve Scott, of Smith, was also to have spoken but he was so busy looking after other matters that he was not able to give an address. Mr. Scott was largely responsible for the lawn social and deserves great credit for the complete arrangements made.

The speakers referred to the splendid work that was being done at the House of Refuge and congratulated the county on having such an institution.

Ice cream and cake were served in the spacious dining rooms in the basement and the ladies in charge of this department had a busy time. The proceeds were exceedingly gratifying.

Take in the Quaker excursion to Cobourg to-morrow and wear the smile that wont come off. d1

THE SHOE WENT TO THE BOTTOM

And Young Lady Was in a Quandry as to How She Would Get Home

Because her dainty little white bootie is reposing at the bottom of the Otonabee a young lady had to go home from the Otonabee boathouse last night with her feet encased in a pair of lacrosse shoes. She was down the river in a canoe and somehow or other one of her feet got in the drink and the white shoe was badly spoiled. She removed it and placed it on the edge of the deck of boat to dry. Everything went fine until the canoe gave a lurch and the shoe went to the bottom. The lady was in quandry how to get home without her shoe, but a kind-hearted gentleman loaned her a pair of lacrosse shoes at the Otonabee boat-house, and she went home in them.

New streets in Three Rivers are to be 66 feet wide.

STRUCK BY LIGHTNING

During Saturday night's thunderstorm the barn on the farm of Mr. John N. Clydesdale, of Dummer, was struck by lightning. The building did not ignite, but some of the timbers were badly shattered. A few weeks ago Mr. Clydesdale had a horse badly disabled by lightning while pasturing in a field near by.

SPORTING NEWS

LAWSON AND SIMPSON ARE CONSIDERED CANADA'S BEST

Billy Sherring Picks Them to Land the Marathon—Bobby Kerr Breaks Record in Practice.

London, July 9.—Canada's best chances in the Olympic games look to be as follows.—

Bobby Kerr in the sprints.

Ed. Archibald in the pole vault.

Cal, Bricker in the broad jump.

The Marathon is doubtful. Billy Sherring says that Harry Lawson and Fred Simpson are our best. He doesn't figure on Longboat at all.

Sherring fears three Englishmen—A. Duncan, J. G. Beale and P. Lord. Duncan is the 10 and 25 mile champion of England, and won the trial Marathon over this course.

The Canadians are worrying to-day over the non-arrival of Dr. Bricker, the Toronto jumper. He was due here on Monday ,but has not yet put in an appearance. The Canadians expect Bricker to do well in the broad jump.

W. Morton, the Toronto cyclist, arrived to-day. He is considered to have a chance in the sprints. The other Canadian cyclists are faster than ever, but cannot get the stretch sprint necessary to win. They may do better in the long races.

London, July 9.—Kerr, of Hamilton, ran a hundred in 10.3 seconds in a practice stunt this morning. This is a world's record.

Archibald, of Toronto, vaulted twelve feet three inches easily.

LONGBOAT O. K.

London, July 9.—Despite American blathering, the name of Tom Longboat is today published in the official list of Olympic entries.

CRICKET NEWS OF INTEREST

Next Thursday the local cricket club will play Millbrook here and a special practice is called for tonight. All the members of the team are requested to be in attendance so that the team will be in good form for the game.

On August 8th Toronto plays the Peterborough team on the local crease at Nicholls Oval and on the 10th the Peterborough cricketers will meet Warkworth here.

The game has had popularity in local circles that has been much greater than was expected at the opening of the season. Much enthusiasm has been shown by the cricketers and they have turned out well to the practices.

L Inglis, of the Warkworth Cricket Club which defeated the locals here on June 25th, is showing up well with the Zingaris in their games against Philadelphia. The other day he made 19 not out, and his bowling is a feature. His splendid bowling was evidenced when he played here.

The S.O.E. of Lindsay, will organize a cricket club next Tuesday.

QUEEN'S BARON HAS SOME ACCOMPLISHED RELATIVES

Under the heading of "Two Queen's,' a splendid cut of Spanish Queen, by Onward Silver and Queen's Honor, 2.17 1-4, by arole adorns the cover of the latest number of the Buffalo Horse World. Both horses are sisters of Queen's Baron the trotting stallion owned by Dr. Johnston. being from the same dam as Queen's Baron, Queen of the West.

Spanish Queen last week came second in Preoria. Ill, in 2.10 1-4, and Queen's Honor won a big race in the States the week before last, making her mark at 2.17 3-4; Both horses are owned by Mr. J. Estabrook of Denver, Colorado.

The last issue of the Horse World also tells of Baron Spanker. 2.22 1-4, a half brother of Queen's Baron, winning an important event at Canton, Ohio, on July 1st.

ATHLETICS WILL HAVE GOOD TEAM

Should Give the Petes. a Hard Tussle To-morrow Afternoon

The Athletics team for their game against the Petes tomorrow will be picked from the following players: Connors, Graham, Shea, Flahery, Rattray, Mackrell, Heaslip, Callaghan, Quinlan and Pilling. The team is in good shape and should give the league leaders a hard run. Quinlan and Rattray will be the battery. The game is called for three o'clock.

WRESTLING

A. C. Yokome, this morning received the medal which he won in his recent bout with Bob Long for the featherweight championship of the city. Immediately after the bout Mr. C. G. Graham donated a medal to the winner but owing to the delay at the wholesale house, it only arrived this morning. The medal is a handsome one and is being much admired.

LOCAL RINK ENTERED

One Peterborough rink has been entered for the Ontario Bowling Association championships which open at Niagara-on the-Lake on July 14th

HOAGLAND'S RETORT

On one occasion Hoagland, the champion walker, was billed to umpire a baseball match that was to take place in a small town about nine miles from his home, Auburn, N.Y., and missing the train, decided to walk the distance. On his way a farmer who was driving in the same direction, asked him if he would have a lift.

"No thank you," replied the walking man, "I'm in a hurry.

BASEBALL

GAME POSTPONED.

The City League game which was to have been played to-morrow, afternoon between the Y.M.C.A. and T.A.S. teams has been postponed.

RUNNING

London, July 9—Kerr of Hamilton ran a hundred metres in 10.3 seconds, in a practice stunt this morning. This is a world's record.

Archibald of Toronto vaulted 12 feet, 3 inches.

PROTESTED GAME

The protested four innings of the game between the Y.M.CA.. and the Wellingtons will be replayed tonight at Nicholls Oval. Present indications point to a fast game and there should be plenty of excitement

LOCAL GOLFERS LOST TO LINDSAY

Were Defeated in That Town Thursday by 9-6---Were Splendidly Entertained

Peterborough golfers were defeated at Lindsay yesterday by 9—6.

The teams and scores were as follows:

Lindsay.	Peterborough.
Geo. A. Little 1,	vs. C. Hill 0.
M. Hamilton 0,	vs. S. Ray 1.
L. V. O'Connor 0,	vs. R. Neill 0.
F. R. Wilfred 0,	vs. H. D. Burnett 1.
J. D. Flavelle 0,	vs. A. H. Stratton 1

MUCH INTEREST IN LEAGUE GAME

Will it be the Petes or Athletics in Saturday's Game at Riverside Park

The line-up of the Peterborough baseball team for Saturday will be changed in a few places on account of the injuries of some of the players received in the games with Whitby and Port Hope. With a couple of changes in the team they will do their best to down the Athletics. who are coming strong, having won their last two league games. A win for them will put them within a half a game of the Petes. The line-up of the Petes will be as follows;—

Edmunds—Catcher.
Clements—Pitcher.
Lawson—1st base.
Craig—2nd base.
Hawkins—3rd base.
Maddock—Short-stop
Laing—Left field.
Burns—Centre Field.
Johnston—Right field.

Murphy and O'Brien are still on the hospital list and will be out of the game for a couple of weeks.

Old James Sharpe and his band of fanatics from the States at Aulter, Sask., declare they will not be taken alive.

CARTON WARNER PERFORMS WELL

Should Make the Point Walkers go Some---Fast Time

Carlton Warner has made his mark as a walker. Last week he walked from Sturgeon Point to Fenelon Falls in one hour and 25 minutes. The distance is said to be eight miles and thus good time was made.

While he does not want people to believe that he is a professional or anything like that at the game, yet "Bill' is a speedy walker and thinks he can clean up a Town at the Point. —Lindsay Warder.

THE RING

San Francisco, July 9.—Battling Nelson and Joe Gans last night signed articles for a finish fight to take place at Ely, Nevada, on September 7, weights 133 pounds at the ring side. The men agree to split the $30 000 purse. Nelson, $20,000, Gans $10 000.

ARGOS MAKE GREAT TRIAL

The Argonaut Olympic eight made a sensational trial to-day over the island course.

The time for the distance—one mile 550 yards—from stake to stake, was 6.28, which is 4 seconds faster than any previous record.

The trial was made shortly after 8 o'clock with the start off Mugg's landing and the finish at Ward's. The distance was staked out and measured, and is absolutely correct, according to Coach Joe Wright.

The crew showed phenomenal speed from the starting gun, going away at 44 strokes to the first minute a heart-breaking pace, They never went below 40 and finished the last minute with a sturdy 42.

The best previous record was 6.32. made by the Argonaut crew two years ago stroked by Joe Wright.

Joe fancies that the Argonauts will have a good chance in England. Geoffrey Taylor he considers to be the greatest stroke oar that ever sat in a boat, and the crew the best conditioned that ever left Canada. Not a man drinks or smokes and has put in a most vigorous 5 months' training, retiring every night at 9.30 and rowing twice daily

The final trial this morning was very cheering to Mr. Wright, who has given his whole time and attention in his spare moments to their training and who deserves all the credit coming for their fine condition. The published story that the crew had been overtrained was malicious and untrue, as is attested by the physical condition of the men to-day.

That they are speedy and have the snap and vim of youth is apparent in their work. They will have a row on the bay at 3.30 o'clock this afternoon and that will conclude their training in Canada. They will leave to-night by C.P.R. for Montreal and will sail to-morrow from Quebec on the Empress of Britain.

THE CHOIR WILL HAVE OUTING

Knox church choir will have an outing down the river to-morrow afternoon ,leaving Wolfe street wharf at 1.30 o'clock and going as far as Hale's bridge ,where lunch will be served. A gasoline launch has been secured by the managers of the church to convey the party on the trip.

DECORATING HAS BEEN COMMENCED

Flags and Bunting Being Strung Along the Streets

Mr. Alf. Kingscote this morning started work on his contract of decorating the city for the 12th. Commencing at the post office the staff of workmen travelled northward along Water street.

At the post office he has eight or ten long lines of bunting stretched across the street. making a very pretty sight.

He estimates that before the conclusion of the job he will use about 5000 yards of streamers and bunting. of which about 3,000 yards will be put up on George street.

The city will present a gay appearance by the time it is fully decorated.

SPORTING COMMENT

Rube Marquard the New York pitcher is reported to have cost the management $11,000.

There is a division of opinion among English sporting writers as to whether Longboat can win the Marathon or not against English cracks.

HAD EXCURSION TO STONY LAKE

All Saints' Sunday School Had a Most Enjoyable Outing--- Races and Baseball Match

The annual excursion of All Saints' Sunday school took place yesterday to Stony Lake. They left here by the G.T.R. morning train and on reaching Lakefield boarded the steamer Stoney Lake. A large crowd of about three hundred took in the excursion. A very enjoyable time was spent. On Sandy Point being reached the crowd disembarked and before supper the Sports Committee pulled off the following races.—

Infant Class, girls—Marguerite May Haye, Lulu May, Hamilton, Lily Cook.

Infant class, boys—Chas. Cook, Gerald Barradough, Bob Allen.

Girls, 6 to 8—Sarah Wilson, Lulu May Hamilton.

Boys, 6 to 8—Cecil Lebar, R. Joyce, C. Cook.

Girls, 8 to 10—Gladys Russell, Ruth Evans, May Jenkins.

Boys, 8 to 10—L. Maughan, G. Weir, Leonard Adkum.

Girls, 10 to 14—Irene Hayes, Olga Johnston, Alice Lundy.

Boys, 10 to 14—Roland Jarvis, Fred Lebar, Gordon Brewer.

Girls, 14 to 16—Bennie Graude, May McGill, Violet Wheeler.

Walking, 14 and under—Cecil Armstrong, Eva Roadhouse.

Ladies, single—Clara Garnde, Eva Roadhouse.

Three Legged race, D. Layfield and E. Lebar.

Married ladies—Mrs. Wilson, Mrs. Banaclough, Mrs. Hayes.

Officers race—Alf. Gilbert, D. Layfield, W. Abbott.

Spoon race—Irene Hayes, Elne Wise.

Pick a back, boys—G. D. Layfield, A. Allin.

Shoe race, girls—Irene Hayes, Lillian Spicer.

At the conclusion of the above programme a baseball match was run off between the boys and girls. To make the game more exciting the boys were handicapped by being made to catch with one hand, but could throw with two. After a long struggle the girls won out by 9—5. Mr. W. Abbott was the referee for the occasion.

The teams were as follows:—

Girls—1b Clara Gairde, 2b Irene Dunsford, 3b Lily Metheral, lf, Eva Roadhouse, rf Annie Dixon, centre f Irene Spicer, ss May McGill, p Grace Russell, c May Wheeler.

Boys 1b B. Garnette, 2b J. Barradough, 3b W. Wood, lf W. Flower, rf F. Reid, cf M. Armstrong, ss R. Lebar, p D. Layfield, c J. Latimer.

SUMMER SEASON IN FULL SWING AT CROWE'S LANDING

Nearly all the Cottages are Open—Post Office Has Been Opened—Fishing is Reported Good.

Crowe's Landing, July 9—Mr. and Mrs. Davidson, Sudbury, have arrived at their handsome cottage on Salmon Island.

Mrs. Bliss, Buffalo, N.Y., and party have arrived at the Lundy Cottage.

Mr. and Mrs. P. Alexandrew, of New York City, have arrived and are the guests of Mrs. Bliss, Mrs. Alexandrew's mother.

Mr. Alex Gibson, Peterborough has opened his cottage and Mr. and Mrs. Gibson are as usual enjoying the Lake.

Rev. Mr. Gibson, accompanied by Mr. Oxeley, enjoyed a couple of days fishing and looked over his cottage before coming for the season.

Mr. J. D. Craig and Bud, Peterborough were up arranging the opening of his cottage for Mrs. Craig and guests.

Mr. and Mrs H. G. Buck were up looking over repairs needed at their cottage. Mr. Buck is going to give it a new coat of paint to add to its already beautiful appearance.

Mr. Hamilton, of Toronto, is looking over Mr. Young's cottage. He is more than pleased with the surroundings. The prettiest lake he ever saw I guess he will buy.

Mr. Jas. O. Rogers and family of Brooklyn N.Y., have arrived at his cottage "Grey Rock' for the season.

Mr. C. W. Waters and family are resting at their cottage and enjoying the beautiful spring water from the well he had dug close to his cottage.

Mr. C. W. Waters and Mr. John E. Roxburgh have been placed on the regatta committee in place of Rev. F. D. Roxburgh and Prof. H. E. Ford who are not expected to be at the lake this season.

East End Cottagers Association will hold their 2nd annual regatta on Wednesday, August 12th, this year. Look out for one of the most pleasant outings of the season as the committee intends improving largely on last year's, which was everything that could be desired.

Three boats leave the "Bellvider" every day at 6 am. 2 p.m. and 5.30 p.m., for Lakefield, and the Water Lily every Saturday at 5.30 a.m. for Peterborough over the lift lock and return.

Mr. J. R. McKelvie has been appointed postmaster at "Bellvidere", during the season of July and August and has a daily mail. All mail addressed to Crowe's Landing via Norwood will be handed out at the 'Bellvidere."

Misses Craig, of Toronto, have arrived at their cottage for the season.

Fishing never was as good in these waters as this season. Several excellent catches have been reported. This is no fish story.

The following guests registered at "Bellvidere" during the past week; Jas. Bailey, A B. Mitchell, A Klippert, G A Joyce, of Toronto; A. M. Weldon, LDS., Norwood; F R Oxley, Toronto; Jno Jones, Hastings; W H. Cook, Stirling; P E. Duncastor, Public Works Department, Toronto: A. M. Simmons, R. M. Burgess, C. M. Hamilton, Toronto; J. J. Tisdale, Buffalo; N.Y.; E. B. Tennick, Buffalo, N.Y.; J. G Millar, Cloyne, Ont.; S. G. Feltamen, Johnstown, Pa.; J. B. Waldron of Peterborough; W. B. Thomas, Columbus, Ohio.

Lawson and Simpson

CORPORATION OF PETERBORO' AGAINST PETERBORO LIGHT AND POWER COMPANY, LTD.

This is an action by the City of Peterborough against the Peterborough Light and Power Co. It involves the right of control of the city's streets, the Company claiming that under an old by-law, and by virtue of their own franchise, they have a right to dig up and otherwise make use of the city's streets for company purposes as they may deem fit.

The city disputes this claim and has issued a writ in the High Court accordingly. Messrs Hall & Hayes are solicitors for the city and Messrs Peck & Kerr for the Company. It is hoped that some reasonable understanding will be reached that will obviate a legal struggle to determine the rights in question.

HAVELOCK PEOPLE SAW A BALLOON PASSING OVER

Warden Thompson, M.P.P., Saw One Sailing in Eastwardly Direction on Wednesday Night

Balloons seem to be running, or sailing, loose over the country these days. Reports have been received from various points stating that balloons have been seen passing over, and the latest to come in is from Havelock. Warden James Thompson, M.P.P., for East Peterborough, informed the Review last evening that he saw a balloon passing over Havelock on Wednesday night about 1.30 o'clock. The night was bright and the big inflated canvas was high up and travelling rapidly. It was going in an easterly direction. Several other Havelock people also saw this balloon.

The incident has aroused much interest at Havelock, but the townspeople are unable to account for the strange occurrence. It seems improbable that the balloon was one of those taking part in the big race, which started at Chicago last week. Mr. Thompson is certain, however, that it was a balloon he saw.

PYRITES MINE HAS BEEN SOLD

The pyrites mine at Queensboro was sold on Monday at Toronto, under a winding-up order. The resumption of active operations will, it is said, depend somewhat upon the success of an English firm of manufacturing chemists, now looking over the field in finding a suitable location for the chemical works which it proposes to establish to compete for Canadian trade. Deseronto has been mentioned as a possible location but the questions of freight rates and shipping facilities will figure largely in the final determination. In the meantime the purchaser of the mine, who is not quite a stranger in town, is on the still hunt for information.—Deseronto Tribune.

BRYAN GETS NOMINATION

By Overwhelming Majority at Democratic National Convention—A Dramatic Tribute

Special to the Review

Denver, Colorado, July 10.—William Jennings Bryan was this morning nominated for President of the United States by the Democratic national convention at 3.40 o'clock and scenes of tumultuous enthusiasm the vast assembly breaking into frenzied demonstrations—an intensely dramatic tribute to the chosen leader.

The first and only ballot gave Bryan the commanding and decisive total of 892½ votes or 121 more than enough to nominate, with Grey 112 and Johnson 461.

The convention adjourned at 3.50 until 1 o'clock this afternoon when the candidates for Vice-President will be nominated. Judge Ganer and Herman Ridder of New York, lead the race at the moment.

Lincoln, Neb., July 10—Mr. Bryan announced this morning that if elected he will not be a candidate for re-election.

WILLIE MERRILL WAS LAID TO REST

Funeral took Place Yesterday Afternoon—Largely Attended

The funeral of little Willie Merrill took place yesterday afternoon at three o'clock from the family residence, 561 Homewood avenue to St. Peter's Cathedral, then to the Roman Catholic cemetery. It was largely attended. Many floral tributes were received, expressive of sympathy for the bereaved parents and family. The pallbearers were Masters Clare Stuart, Leo. McCabe, Jas and Jos Sharpe, M. Murty and S. Moreland.

The funeral service at the Cathedral and at the grave was conducted by Rev. Father Kelly.

MEN WERE LAID OFF FOR A WHILE

Machine Telephone Co. Cease Operations in Lindsay, Awaiting Supplies

Yesterday afternoon Mr. Lytle, foreman of the Machine Telephone Company, town, received word from headquarters that as supplies could not be forwarded at once the men in his employ were to be laid off.

Mr. Lytle and his men have rushed the work of the company through rapidly.

It is hoped that the large number of men will not be idle very long, and that the supplies will arrive soon.—Lindsay Free Press.

EXCURSION WAS GREAT SUCCESS

Annual Outing of Mark St. Sunday School—List of the Sports

The annual picnic of the Mark St. Sunday School yesterday was a most pleasant and successful one and the large number who attended were delighted with the outing. The excursion party which taxed the capacity of the boat left the Wolfe St. wharf on the steamer Water Lily at 7.30 in the morning and went to South Beach, Stony Lake, by way of the Trent Canal reaching Peterborough on the return trip at 7 o'clock in the evening.

A splendid list of races were run off at South Beach. Below is given the various events and winners:

Sack race, Lorne McIntrye, M J Sucee.

Potato race—Maude Stevens, Addie Dixon.

Primary boys—Stanley Record, Roger Hatchet.

Primary girls—Carrie Coon, Ethel Wilson.

Wheelbarrow race—Lorne McIntyre, Melville Succee.

Primary girls and boys—Ethel Wilson, Stanley Record.

Girls 8 to 13—Pearl Brisbon, Edith Wilson.

Boys 8 to 13—Lorne McIntyre, Melville Succee.

Girls 13 to 17—Myrtle Coon, Bertha Record.

Boys 13 to 17—Lorne McIntyre, Thomas Record.

Young ladies race—Miss Maud Stevens, Miss Lily Crowe.

Adult Bible class—Thomas Record, Wesley Crowe.

Teachers' race—Miss Bessie Crowe, Miss Marion Coon.

Peanut scramble—Won by Melville Succee.

Judges—Messrs. Spier and Record.

Starters—J Succee, M McIntyre.

The iron moulders' strike at Longueil has been settled.

CARRIERS ARE ON THEIR HOLIDAYS

One Week's Vacation This Year on Full Pay and two Weeks Next Year

The letter carriers have been having their vacations since the last week in June. Each man is allowed a week's holiday on full pay and during his absence the work on his route is shared among three of the other carriers. Next year, the second one, and the years succeeding, the carriers will be given two weeks' vacation on full pay.

DUMMER FARMER SHOT A PET FOX

Had Patent Leather Strap With Ring Attached on its Neck

Mr. Wm. Fitzpatrick, of Dummer, shot a fox last winter, on his farm, which had evidently been a pet in some household as it had a patent leather strap around its neck. There was a brass buckle and ring for a chain on the strap. Mr. Fitzpatrick would like to know how far the fox had travelled.

WAS PAID WITH FIFTY COPPERS

One of Cole Bros. Employees in Court at Port Hope

Port Hope, July 9th, 1908.—Thomas Deacon appeared in the police Court on Saturday morning and pleaded guilty to being a vagrant. He was sentenced to one month's imprisonment.

Deakin said that he was a diamond cutter, but on account of the hard times he was forced to abandon this following and took a job setting up pins in a bowling alley in Toronto.

Business became dead and he went with Cole Bros' circus.

He said that he was discharged at Napanee. In payment for his services he said he received an envelope containing fifty coppers.

$12.65 TO QUEBEC AND RETURN

via the Grand Trunk Railway, double track line, account of the Tercentenary celebration. The many special features in connection with this great event, including the visit of H. R. H. the Prince of Wales, and the British, American and French Fleets, together with the many thousand soldiers encamped in the quaint historic old city, will make this one of the greatest military and naval pageants seen in modern years. Tickets good going July 18th to 25th. (Return limit August 3rd, 1908. Proportionate rates from all points in Ontario. Tickets and full information from any Grand Trunk Agent.

CITY NEWS NOTES

COMMITTEE MEETING

A meeting of the Fire, Water and Light committee will be held this evening at eight o'clock.

GIVEN CERTIFICATES

Recent militia orders contain the notice that a certificate of military instruction has been granted to Lieut. A. W. Mudd of the 3rd Dragoons.

EXAMINATIONS OVER

Yesterday afternoon saw the conclusion of the local examinations for the Junior Matriculation and Leaving classes. The pupils will learn their fate sometime about the middle of august.

JUNIOR BROTHERHOOD

The junior chapter of the Brotherhood of St. Andrew of St. John's church, will until further notice meet at 10.30 every Sunday morning, instead of at 4 o'clock in the afternoon as heretofore.

OUTING TO COBOURG

The annual outing of the Quaker Oats Company takes place to-morrow to Cobourg and promises to be very largely attended. The special train leaves G.T.R. station at 8.45 and returning leaves Cobourg at 8 o'clock.

CHOSEN FRIENDS

A regular meeting of the Canadian Order of Chosen Friends will be held this evening at eight o'clock in the Sons of England Hall. The session will be short in order to allow the members to attend the band concert.

S.A. AT HAVELOCK

The Salvation Army has not yet located in Havelock, but it is expected that a load of the Campbellford Salvationists will drive over on Friday night and hold a couple of street meetings, one in the West, and one in the East End of the village.—Havelock Standard.

LOAD UPSET

This morning on Hunter street near Mark street, a load of hay was scattered over the road. One of the hind wheels came off and down went the hay. After some repairs by Mr. Eastman, the Ashburnham blacksmith the farmer was able to proceed on his way.

BIG TROUT CAUGHT

On Friday last while fishing in Balprean Creek, four miles north of Havelock, Mr. S. J. Cross, of town, landed a speckled beauty that measured 17 inches in length and weighed 2 pounds 7 ounces. Mr. Cross had an exciting experience in landing the big fellow, which breaks all the records in the vicinity for speckled trout.—Havelock Standard.

LIFE INSURANCE
THE BEST POSSESSION

that the head of the house can own is a good insurance policy on his own Life. It assures the protection of his wife and children in case of his sudden demise—and the healthiest of us never knows when the end may come. We can afford families this protection by offering attractive terms in Life Insurance at the lowest rates—such as are hardly felt by the thrifty.

Some one has said, "The true value of a life insurance policy must be gauged by the security of the protection given; if it proves to be a good investment, all the better; when both are shown, there is nothing on earth to equal it."

The security of the protection afforded by the Sun Life of Canada needs no comment, and the profits paid—let the figures within tell their own successful story.

PICNIC HELD AT T.A.S. POINT

A. W. Cressman's Employees Had an Enjoyable Afternoon Yesterday

The annual picnic of the employes of A. W. Cressman's store took place yestreday and passed off very enjoyably. The picnickers went down on the Otonabee as far as T.A.S. Park. A number of races were run off and a game of baseball was played between two teams representing the store. The teams were composed of ladies and gentlemen. Tea was served and the sail home on such a beautiful moonlight night was very pleasant.

MILLINERY - DRESSMAKING

FIRE ENGINE TESTED AGAIN CITIZENS WON'T BE ANNOYED

At 4 o'clock this morning the fire engine was put through another test at the stream at Aylmer and Brock streets. The chief reports that the engine is not yet working as satisfactorily as he would like to have it but it is in better working order that it was at the previous test. It is thought that the mechanism of the engine being somewhat stiff is owing to the engine lying idle for such a length of time. In proper condition it should throw four streams of water 225 feet in the air.

A couple of citizens near where the tests have been held have complained to the chief that they have been annoyed by the noise made in the early hours of the morning and the chief has given them the assurance that they wont' be troubled again as in future the tests will be in different localities or at a more seasonable hour.

VISITS PETERBOROUGH FOR FIRST TIME IN TWENTY YEARS

Mr. H. W. Clarke, of Catskill, N.Y., Notices Complete Transformation of Place—Learned Cigar Making Here Forty Years Ago—Is Guest of Father and Brother

After an absence of 20 years from Peterborough Mr. H. W. Clarke, who is employed in a large cigar manufactory in Catskill, N.Y., has returned to the city on a visit to his father, Mr. Edward W. Clarke, 43 Weller street, and his brother, Mr. F. R. Clarke, 201 Boswell Ave. He is accompanied by his wife and will be here about ten days.

The occasion of this present visit is the first time either of the above have seen him since he left Peterborough and the renewal of acquaintances is naturally of a most pleasant character.

At the time of Mr. Clarke's departure Peterborough was an entirely different place from what it is today and he was surprised beyond measure when he noticed the remarkable growth and quite metropolitan appearance it has attained during the time he has been away. He has travelled in 33 States of the union, and says that Peterboro is the finest place of its size he has seen on the continent.

Mr. Clarke, who is an expert judge of Havana leaf, learned the business of cigar making in Peterborough forty years ago with the firm of Winthrop & Company, which carried on its business in the premises over the present office of the Bank of Toronto, and later over where Loch's store, George street, now is.

DRINK JOHNS' TEA

LOCAL FIRM DOES SOME FAST WORK

J. J. Turner & Sons Executed Quick Order in Connection With Decorating a Town for Monday

To be successful in these days of strenuous competition, business houses have to be able to "deliver the goods" rapidly. J. J. Turner & Sons have a reputation in this respect. And they are living up to it. Last night at five o'clock they received a telephone message from Penetanguishene asking if they would undertake the contract of decorating that town for the Orange celebration on July 13th. It was a short order, but the firm accepted it. 5.30 o'clock Mr. Reg. Turner, with a supply of decorating material was on his way to Penetang, and this morning several more men left for the northern town to assist Mr. Turner in the work of decorating. It was fast work, but no doubt the Orangemen of Penetanguishene will be pleased with their decorations on Monday.

The Messrs. Turner have contracts for decorating five towns for Orange celebrations on Monday.

ACTING REFEREE IS APPOINTED

Mr. Joseph Burgess to Act as of Cheese and Butter at Montreal

Ottawa, July 9.—In order to meet occasional requests for the services of a referee for butter and cheese, Mr. Joseph Burgess, a member of the Dairy Commissioner's staff, has been assigned to duties at Montreal which will permit him to examine on request, shipments of butter and cheese over which there is a dispute as to quality. Examinations will be made and certificates given only when the request comes from both buyer and seller.

Mr. Burgess may be addressed at Department of Agriculture, Custom House, Montreal, or Telephone Main 4151.

It may be added that Mr. Burgess is well qualified to perform the duties of a referee. He is an experienced cheese and butter maker, and has been on the Dominion Dairy Commissioner's staff since 1902. He was superintendent of the Government Curing Room at Woodstock, Ont., until it was closed in 1906. Since then he has been inspector for the Dairy and Cold Storage Branch in Western Ontario.

HAD SKIN SCRAPED BY FALLING ON A MILK CAN

And Blood Poisoning Set in---Mr. Fred Fitzgerald of Indian River at St. Joseph's Hospital

Mr. Fred Fitzgerald of Indian River was brought to St. Joseph's hospital last night suffering from an attack of blood poisoning. His condition is due to having his shin scraped on a milk can by falling on it a couple of days ago.

The case is not considered as a serious one and it is expected that Mr. Fitzgerald will be able to return to his home in the course of a week or so. Dr. McNulty is the physician in attendance.

OBITUARY

GEORGE O. LINTON

The death occurred at his late residence in Campbellford on Wednesday of Mr. George O Linton, brother of Mr. Frank Linton, of this city. Deceased has been ill for some time and his demise was not unexpected. He was twenty-five years of age and the youngest son of Mr. and Mrs. Robert Linton. He was widely known and highly esteemed. Many friends in this city will learn with deep regret of his death.

Besides his parents three brothers and two sisters are left to mourn his loss. The brothers are Messrs. Frank of this city and Fred and John of Campbellford. The sisters are, Mrs. Gill and Miss Effie Linton residing at home.

The funeral took place in Campbellford this afternoon.

OLD MAN DIES AT HOUSE OF REFUGE

Henry Argue, Who Had no Friends in This Country, Passed Away This Morning

Early this morning the death occurred at the Lakefield House of Refuge of Henry Argue, an old man who had been an inmate almost since the institution was opened. He was 85 years of age and had been failing for some time. He had no relatives in this country.

The remains were interre today at Lakefield.

Your eyes are worthy of the Best Lenses, supplied by Optical Specialists of most extensive study and experience. Our lenses are ground by experts in lens making, and are of superior quality and workmanship. We find such beautiful lenses appreciated, and this is one reason for our ever increasing patronage. There are other reasons also. We make appointments for both day and evening examinations of the eyes for glasses, but our office is CLOSED EVERY THURSDAY AFTERNOON UNTIL SEPTEMBER.

New Office, Peterborough Optical Institute

J. W. BROWETT, Optical Specialist

THE CHARGE WAS NOT SUSTAINED

Hotelkeeper Was Not Proven Guilty of Selling Liquor After Hours

A local hotelkeeper was in police court this morning charged with selling liquor during prohibited hours, namely on Saturday evening last. Mr W. H. Moore, K.C., conducted the prosecution and Mr. J. A. Haverson of Toronto appeared for the defendant and pleaded not guilty. After hearing the evidence His Worship dismissed the case.

It appears that Inspector Stewart walked into the bar in question and saw a bartender walk out of the barroom with a bottle of whiskey, and gave it to a man. However, it was shown that the whiskey was bought before seven o'clock and that the bartender was just putting it in the man's pocket.

PREPARING FOR Y.M.C.A. CAMP

Junior and Senior Boys Will Turn Out in Large Numbers

The Y.M.C.A. junior boys leave on Wednesday morning for Sandy Point, Clear Lake, where they will go into camp. It is expected that the Port Hope and Lindsay Y's will be represented by a large contingent and it promises to be the biggest camp yet.

The boys will be under the leadership of Messrs. H. C. Wright and E. A. Frowde, of Peterborough and Messrs. W. R. Cook and J. P. Reed of Lindsay and Port Hope.

Besides the above a number of the older boys of each of the Associations will be presen to help look after the boys.

Later on, from July 31st to August 14th, a senior camp will be held, all those over 17 in the three Associations being eligible

Special features will be introduced and canoes and sail boats allowed. This is the first senior camp since the days of A. W. McLeod and H. E. Ayres, and the revival promises to be very popular.

BIG CROWD CONCEALED THE ESCAPE

Two Old Men walked Away from House of Refuge Last Night and Have not Been Located.

Some people apparently don't know when they are well off. There is no doubt but that an old man without money or friends, is better off at the House of Refuge at Lakefield than tramping around the country but some of the old fellows can't see it that way. When the excitement was over in connection with the lawn social at the big county institution last night it was found that two of the male inmates were missing. They had walked off during the evening, taking advantage of the big crowd, to get away without being noticed.

Reeve Scott and Supt. Beavis are out today trying to locate the old fellows. It is known that one of them was anxious to attend the Orange celebration on Monday and it is thought that is why he left the public home. It seems strange why any of the old men should want to leave a place where they are so well provided for and looked after but they are old and some of them are childish in theri habits.

ENTERS UPON Y.M.C.A. WORK

Mr. Garnet Galley to Become Physical Director of Pembroke Association

It is understood that Mr. Garnet Galley, of this city, has accepted the position of physical director of the Young Men's Christian Association at Pembroke and will leave for that town in a few days to commence his duties. Mr. Galley is well qualified for this position and no doubt will meet with success in the Y.M.C.A. field.

St. Thomas police are to be lectured for their lax discipline.

ED. M. ELLIOTT,
County Clerk

Peterborough, July 6th, 1908. 4d 1w

A Clock as a Wedding Gift .·.

Is one that will long be a remembrance of the generosity of the giver: day in and day out, year in and year out, ticking away the flight of time, at every tick reminding the receiver of your welcome remembrance. **See our Special Parlor Mantel Clocks at $6** This clock runs for eight days, strikes the hours on a cathedral gong and announces the half hours in a cup bell.

Our stock of clocks embraces evey style—we have a clock to fit any corner in any room from the Bedroom Alarm at $1.00 to the stately Hall Grandfather at $40.00.

For the latest and best in clocks call at—
